

proved October 9, was assigned Public Law No. 104-264.

Statement on Signing the Railroad Unemployment Insurance Amendments Act of 1996

October 9, 1996

Today, I have signed into law H.R. 2594, the Railroad Unemployment Insurance Amendments Act of 1996, proving once again that when management and labor work together they make their businesses, their communities, and our working families stronger.

This bill, which was supported by both labor and management, brings unemployment benefits for railroad workers in line with benefits for other workers. It also reduces the waiting periods for receiving unemployment and sickness benefits and increases the maximum daily rate for these same benefits.

In short, this bill is good for the American economy and the American worker. I applaud rail labor and management and those at the Railroad Retirement Board, the Department of Labor, the Department of Transportation, the National Mediation Board, and all others who had a hand in helping to create the climate that has led to good relations and progress in the industry.

NOTE: H.R. 2594, approved October 9, was assigned Public Law No. 104-251.

Statement on Signing Veterans Legislation

October 9, 1996

I have signed into law today three veterans-related bills that will ensure that veterans benefits keep pace with inflation, improve the veterans health care system, and expand other veterans programs and benefits.

The first bill—H.R. 3458, the Veterans' Compensation Cost-of-Living Adjustment Act of 1996—authorizes a cost-of-living adjustment (COLA) on December 1, 1996, for recipients of veterans' disability compensation, Dependency and Indemnity Compensation (DIC), and clothing allowances. The COLA, identical to the one that Social Secu-

rity recipients will receive on January 1, 1997, will go to about 2.3 million veterans with disabilities who receive disability compensation benefits, over 300,000 individuals who receive DIC as the surviving spouses and children of service members who died in service and veterans whose deaths were service-connected, and veterans who receive clothing allowances because they wear or use prosthetic or orthopedic appliances.

The second bill—H.R. 3118, the Veterans' Health Care Eligibility Reform Act of 1996—includes many elements of the proposal that the National Performance Review, led by Vice President Gore, recommended to establish a modern, integrated health care system that will improve access to, and care for, the Nation's veterans. The bill, for instance, authorizes the Department of Veterans Affairs to furnish comprehensive medical services to all veterans, expanding the array of services that it now provides. Eligibility reform has been a high priority of veterans for many years, and I am pleased that we finally could enact it.

Finally, the third bill—S. 1711, the Veterans' Benefits Improvements Act of 1996—expands and extends numerous veterans education, housing, life insurance, and employment and training benefits.

NOTE: H.R. 3458, approved October 9, was assigned Public Law No. 104-263; H.R. 3118, approved October 9, was assigned Public Law No. 104-262; S. 1711, approved October 9, was assigned Public Law No. 104-275.

Statement on Signing the Helium Privatization Act of 1996

October 9, 1996

I have signed into law today H.R. 4168, the Helium Privatization Act of 1996, which privatizes the Department of Interior's Federal Helium Refining Program—as the Vice President's National Performance Review had recommended.

Once, our defense and aviation industries had a strong need for helium and the Nation lacked a market to supply it. A Government program was appropriate. But today, over 90 percent of U.S. helium needs are met by private producers and suppliers. A Govern-

ment-operated program is no longer needed. The private sector can meet, and now will be able to compete to supply, the needs of all users.

The bill brings us closer to our goal of creating a Government that works better and costs less.

NOTE: H.R. 4168, approved October 9, was assigned Public Law No. 104-273.

Proclamation 6934—Leif Erikson Day, 1996

October 9, 1996

By the President of the United States of America

A Proclamation

Leif Erikson Day commemorates the life and the voyages of the great Nordic explorer who first set foot on the fertile soil of North America about one thousand years ago. On this day, we also celebrate the close bonds of friendship between the people of the United States and the Nordic peoples, as well as the outstanding contributions that Nordic Americans have made to our country.

We have good cause to mark this day. The pioneering spirit that Leif Erikson and his followers demonstrated embodies the virtues of independence, self-determination, and initiative that are firmly rooted in our national consciousness today. As a vital transatlantic bridge between the continents of America and Europe, the Nordic countries of Iceland, Norway, Sweden, Denmark, and Finland have repeatedly shown a bedrock commitment to the democratic values that contributed greatly to the formation of our own national ideals.

Just as our forebears persevered through what sometimes seemed insurmountable odds to transform adversity into prosperity, we have continued to champion the cause of liberty and to reach out without reservation or hesitation to our neighbors and those in need around the world. The same heritage that enabled our ancestors to brave wars and uncharted frontiers—because they were convinced that they were working to create a better world—also emboldens us today in our cooperative effort to integrate the Baltic

states of Estonia, Latvia, and Lithuania into the Western community of nations.

Our immigrant ancestors survived unthinkable hardships to achieve economic, religious, and political freedom. Their dreams were big, but so was their willingness to work for them. The link they forged across the oceans is sustained today by a common commitment to freedom and the rule of law—ideals that have strong roots in the civic and legal traditions of Nordic countries dating back at least to medieval times.

In honor of Leif Erikson—son of Iceland, grandson of Norway—the Congress, by joint resolution approved on September 2, 1964 (Public Law 88-566), has authorized and requested the President to designate October 9 of each year as “Leif Erikson Day.”

Now, Therefore, I, William J. Clinton, President of the United States of America, do hereby proclaim October 9, 1996, as Leif Erikson Day. I encourage the people of the United States to observe this occasion with appropriate ceremonies and activities commemorating our rich Nordic-American heritage.

In Witness Whereof, I have hereunto set my hand this ninth day of October, in the year of our Lord nineteen hundred and ninety-six, and of the Independence of the United States of America the two hundred and twenty-first.

William J. Clinton

[Filed with the Office of the Federal Register, 8:45 a.m., October 11, 1996]

NOTE: This proclamation will be published in the *Federal Register* on October 15.

Statement on Signing the Federal Aviation Reauthorization Act of 1996

October 9, 1996

I am pleased to sign into law today H.R. 3539, which will improve the security of air travel and carry forward our fight against terrorism.

After the TWA 800 disaster last summer, I asked Vice President Gore and a commission of experts to recommend improvements in our aviation security practices to protect against terrorist or criminal attacks. The Vice
