

One Hundred Seventh Congress
of the
United States of America

AT THE SECOND SESSION

*Begun and held at the City of Washington on Wednesday,
the twenty-third day of January, two thousand and two*

Concurrent Resolution

Whereas on July 17, 1902, Dr. Willis H. Carrier submitted designs to a printing plant in Brooklyn, New York, for equipment to control temperature, humidity, ventilation, and air quality, marking the birth of modern air conditioning;

Whereas air-conditioning has become an integral technology enabling the advancement of society through improvements to the Nation's health and well-being, manufacturing processes, building capacities, research, medical capabilities, food preservation, art and historical conservation, and general productivity and indoor comfort;

Whereas Dr. Carrier debuted air-conditioning technology for legislative activity in the House of Representatives Chamber in 1928, and the Senate Chamber in 1929;

Whereas the air-conditioning industry now totals \$36 billion on a global basis and employs more than 700,000 people in the United States; and

Whereas the year 2002 marks the 100th anniversary of modern air-conditioning: Now, therefore, be it

H. Con. Res. 413—2

Resolved by the House of Representatives (the Senate concurring), That the Congress honors the invention of modern air-conditioning by Dr. Willis H. Carrier on the occasion of its 100th anniversary.

Attest:

Clerk of the House of Representatives.

Attest:

Secretary of the Senate.
