

107<sup>TH</sup> CONGRESS  
2<sup>D</sup> SESSION

# H. R. 4088

To authorize the appropriation of the \$10,000,000,000 reserve fund within the national defense budget function for activities to prosecute the war on terrorism.

---

## IN THE HOUSE OF REPRESENTATIVES

APRIL 9, 2002

Mr. SKELTON (for himself and Mrs. TAUSCHER) introduced the following bill;  
which was referred to the Committee on Armed Services

---

## A BILL

To authorize the appropriation of the \$10,000,000,000 reserve fund within the national defense budget function for activities to prosecute the war on terrorism.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Defense Budget Res-  
5 toration Act”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

1           (1) On September 11, 2001, the United States  
2 was the victim of ruthless and unprovoked terrorist  
3 attacks that killed thousands of innocent citizens.

4           (2) In the wake of those attacks the United  
5 States has undertaken a global war on terrorism.

6           (3) The war on terrorism has required the use  
7 of the military capabilities of the United States on  
8 a major scale in multiple theaters of operation si-  
9 multaneously.

10          (4) The war on terrorism will not be resolved  
11 quickly and is expected to continue for a period of  
12 years.

13          (5) The nature of the war has already required  
14 increased operational tempo for United States mili-  
15 tary forces, has increased expenditure of resources,  
16 and has strained the ability of United States forces  
17 to meet the demands placed on them.

18          (6) Several of the uniformed service chiefs and  
19 commanders-in-chief of the regional combatant com-  
20 mands have testified before Congress that additional  
21 manpower is needed in order to be able to perform  
22 all missions associated with the execution of the  
23 United States national military strategy.

24          (7) The war on terrorism requires the acquisi-  
25 tion and use of more weapon systems, support

1 equipment, facilities, and other resources to sustain  
2 ongoing operations and to successfully complete fu-  
3 ture operations.

4 (8) Prosecution of the war on terrorism has  
5 caused the President to request a \$48,000,000,000  
6 funding increase for the Department of Defense for  
7 fiscal year 2003.

8 (9) Included in this increase is a  
9 \$10,000,000,000 reserve fund that is unallocated to  
10 any specific programs.

11 (10) Testimony before Congress clearly estab-  
12 lishes that the Armed Forces are facing significant  
13 shortfalls in manpower, weapons systems, equip-  
14 ment, facilities, and other resources that must be  
15 remedied now.

16 (11) Section 201 of House Concurrent Resolu-  
17 tion 353 of the One Hundred Seventh Congress, the  
18 Concurrent Resolution on the Budget for Fiscal  
19 Year 2003, as passed by the House of Representa-  
20 tives, on March 20, 2002, specifically provides that  
21 the House Committees on Armed Services and Ap-  
22 propriations may report a bill or joint resolution pro-  
23 viding up to \$10,000,000,000 in additional funding  
24 for the Department of Defense to prosecute the war  
25 on terrorism.

1           (12) That section further provides that if such  
 2           a bill or joint resolution is reported, then the chair-  
 3           man of the Committee on the Budget of the House  
 4           of Representatives shall increase the funding for  
 5           those committees by up to \$10,000,000,000.

6 **SEC. 3. AUTHORIZATION OF APPROPRIATIONS.**

7           There is hereby authorized for the Department of De-  
 8           fense for fiscal year 2003, in order to prosecute the war  
 9           on terrorism during fiscal year 2003, \$10,000,000,000, al-  
 10          located as follows:

11           (1)     PROCUREMENT.—For     procurement,  
 12          \$4,999,000,000, of which—

13                   (A) \$700,000,000 is for the Army;

14                   (B) \$3,402,000,000 is for the Navy;

15                   (C) \$561,000,000 is for the Air Force; and

16                   (D) \$336,000,000 is for the Marine Corps.

17           (2)     RESEARCH, DEVELOPMENT, TEST, AND  
 18          EVALUATION.—For research, development, test, and  
 19          evaluation, \$1,900,000,000, of which—

20                   (A) \$200,000,000 is for chemical and bio-  
 21          logical warfare defense programs;

22                   (B) \$500,000,000 is for the Army;

23                   (C) \$500,000,000 is for the Navy;

24                   (D) \$300,000,000 is for the Air Force;

25          and

1 (E) \$400,000,000 is for Defense-Wide.

2 (3) MILITARY PERSONNEL.—For military per-  
3 sonnel, \$1,122,000,000, of which—

4 (A) \$257,000,000 is for an increase of  
5 5,000 in the active-duty end strength of the  
6 Army for fiscal year 2003;

7 (B) \$329,000,000 is for an increase of  
8 4,000 in the active-duty end strength of the  
9 Navy for fiscal year 2003;

10 (C) \$226,000,000 is for an increase of  
11 3,000 in the active-duty end strength of the Air  
12 Force for fiscal year 2003;

13 (D) \$228,000,000 is for an additional  
14 amount in order to provide a pay raise for the  
15 Armed Forces for fiscal year 2003 of 4.6 per-  
16 cent;

17 (E) \$2,000,000 is for a targeted pay raise  
18 for certain enlisted and junior officer pay  
19 grades; and

20 (F) \$79,000,000 is for full-time manning  
21 positions in order to achieve full-time manning  
22 strengths of 1,448 Active Guard and Reserve  
23 personnel and 974 military technicians.

24 (4) OPERATION AND MAINTENANCE.—For oper-  
25 ation and maintenance, \$280,000,000, of which—

1           (A) \$72,000,000 is for Depot and Aircraft  
2           Maintenance for the Air Force Special Oper-  
3           ations Command; and

4           (B) \$208,000,000 is for Depot Mainte-  
5           nance for the Army.

6           (5) MILITARY CONSTRUCTION.—For military  
7           construction, \$1,700,000,000.
