1 SEC. 2. FINDINGS.

2 The Congress finds the following:

- 3** (1) The use of tobacco products by the Nation’s
- 4** children is a pediatric disease of epic and worsening

1 proportions that results in new generations of to-
2 bacco-dependent children and adults.

3 (2) A consensus exists within the scientific and
4 medical communities that tobacco products are in-
5 herently dangerous and cause cancer, heart disease,
6 and other serious adverse health effects.

7 (3) Nicotine is an addictive drug.

8 (4) Virtually all new users of tobacco products
9 are under the minimum legal age to purchase such
10 products.

11 (5) Tobacco advertising and marketing con-
12 tribute significantly to the use of nicotine-containing
13 tobacco products by adolescents.

14 (6) Because past efforts to restrict advertising
15 and marketing of tobacco products have failed ade-
16 quately to curb tobacco use by adolescents, com-
17 prehensive restrictions on the sale, promotion, and
18 distribution of such products are needed.

19 (7) Federal and State governments have lacked
20 the legal and regulatory authority and resources
21 they need to address comprehensively the public
22 health and societal problems caused by the use of to-
23 bacco products.

24 (8) Federal and State public health officials,
25 the public health community, and the public at large

1 recognize that the tobacco industry should be subject
2 to ongoing oversight.

3 (9) Under Article I, Section 8 of the Constitu-
4 tion, the Congress is vested with the responsibility
5 for regulating interstate commerce and commerce
6 with Indian tribes.

7 (10) The sale, distribution, marketing, adver-
8 tising, and use of tobacco products are activities in
9 and substantially affecting interstate commerce be-
10 cause they are sold, marketed, advertised, and dis-
11 tributed in interstate commerce on a nationwide
12 basis, and have a substantial effect on the Nation's
13 economy.

14 (11) The sale, distribution, marketing, adver-
15 tising, and use of such products substantially affect
16 interstate commerce through the health care and
17 other costs attributable to the use of tobacco prod-
18 ucts.

19 (12) It is in the public interest for Congress to
20 enact legislation that provides the Food and Drug
21 Administration with the authority to regulate to-
22 bacco products. The benefits to the American people
23 from enacting such legislation would be significant
24 in human and economic terms.

1 (13) Tobacco use is the foremost preventable
2 cause of premature death in America. It causes over
3 400,000 deaths in the United States each year.

4 (14) Reducing the use of tobacco by minors by
5 50 percent would prevent well over 10,000,000 of to-
6 day's children from becoming regular, daily smokers,
7 saving over 3,000,000 of them from premature
8 death due to tobacco induced disease. Such a reduc-
9 tion in youth smoking would also result in approxi-
10 mately \$110,000,000,000 in savings attributable to
11 reduced health care costs.

12 (15) Advertising, marketing, and promotion of
13 tobacco products have been especially directed to at-
14 tract young persons to use tobacco products and
15 these efforts have resulted in increased use of such
16 products by youth. Past efforts to oversee these ac-
17 tivities have not been successful in adequately pre-
18 venting such increased use.

19 (16) In 1999, the tobacco industry spent close
20 to \$8,240,000,000 to attract new users, retain cur-
21 rent users, increase current consumption, and gen-
22 erate favorable long-term attitudes toward smoking
23 and tobacco use.

1 (17) Tobacco product advertising often
2 misleadingly portrays the use of tobacco as socially
3 acceptable and healthful to minors.

4 (18) Tobacco product advertising is regularly
5 seen by persons under the age of 18, and persons
6 under the age of 18 are regularly exposed to tobacco
7 product promotional efforts.

8 (19) Through advertisements during and spon-
9 sorship of sporting events, tobacco has become
10 strongly associated with sports and has become por-
11 trayed as an integral part of sports and the healthy
12 lifestyle associated with rigorous sporting activity.

13 (20) Children are exposed to substantial and
14 unavoidable tobacco advertising that leads to favor-
15 able beliefs about tobacco use, plays a role in leading
16 young people to overestimate the prevalence of to-
17 bacco use, and increases the number of young people
18 who begin to use tobacco.

19 (21) The use of tobacco products in motion pic-
20 tures and other mass media glamorizes its use for
21 young people and encourages them to use tobacco
22 products.

23 (22) Tobacco advertising expands the size of
24 the tobacco market by increasing consumption of to-

1 bacco products including tobacco use by young peo-
2 ple.

3 (23) Children are more influenced by tobacco
4 advertising than adults, they smoke the most adver-
5 tised brands, and children as young as 3 to 6 years
6 old can recognize a character associated with smok-
7 ing at the same rate as they recognize cartoons and
8 fast food characters.

9 (24) Tobacco company documents indicate that
10 young people are an important and often crucial seg-
11 ment of the tobacco market.

12 (25) Comprehensive advertising restrictions will
13 have a positive effect on the smoking rates of young
14 people.

15 (26) Restrictions on advertising are necessary
16 to prevent unrestricted tobacco advertising from un-
17 dermining legislation prohibiting access to young
18 people and providing for education about tobacco
19 use.

20 (27) International experience shows that adver-
21 tising regulations that are stringent and comprehen-
22 sive have a greater impact on overall tobacco use
23 and young people's use than weaker or less com-
24 prehensive ones.

1 (28) Text-only requirements, while not as strin-
2 gent as a ban, will help reduce underage use of to-
3 bacco products while preserving the informational
4 function of advertising.

5 (29) It is in the public interest for Congress to
6 adopt legislation to address the public health crisis
7 created by actions of the tobacco industry.

8 (30) The final regulations promulgated by the
9 Secretary of Health and Human Services in the Au-
10 gust 28, 1996, issue of the Federal Register (62
11 Fed. Reg. 44615-44618) for inclusion as part 897 of
12 title 21, Code of Federal Regulations, are consistent
13 with the standards set forth in the amendments
14 made by this Act for the regulation of tobacco prod-
15 ucts by the Food and Drug Administration and the
16 restriction on the sale and distribution, including ac-
17 cess to and the advertising and promotion of, to-
18 bacco products contained in such regulations are
19 substantially related to accomplishing the public
20 health goals of this Act.

21 (31) The regulations described in paragraph
22 (30) will directly and materially advance the Federal
23 Government's substantial interest in reducing the
24 number of children and adolescents who use ciga-
25 rettes and smokeless tobacco and in preventing the

1 life-threatening health consequences associated with
2 tobacco use. An overwhelming majority of Americans
3 who use tobacco products begin using such products
4 while they are minors and become addicted to the
5 nicotine in those product before reaching the age of
6 18. Tobacco advertising and promotion plays a cru-
7 cial role in the decision of these minors to begin
8 using tobacco products. Less restrictive and less
9 comprehensive approaches have not and will not be
10 effective in reducing the problems addressed by such
11 regulations. The reasonable restrictions on the ad-
12 vertising and promotion of tobacco products con-
13 tained in such regulations will lead to a significant
14 decrease in the number of minors using and becom-
15 ing addicted to those products.

16 (32) The regulations described in paragraph
17 (30) impose no more extensive restrictions on com-
18 munication by tobacco manufacturers and sellers
19 than are necessary to reduce the number of children
20 and adolescents who use cigarettes and smokeless to-
21 bacco and to prevent the life-threatening health con-
22 sequences associated with tobacco use. Such regula-
23 tions are narrowly tailored to restrict those adver-
24 tising and promotional practices which are most like-
25 ly to be seen or heard by youth and most likely to

1 entice them into tobacco use, while affording tobacco
2 manufacturers and sellers ample opportunity to con-
3 vey information about their products to adult con-
4 sumers.

5 **SEC. 3. PURPOSE.**

6 The purposes of this Act are—

7 (1) to provide authority to the Food and Drug
8 Administration to regulate tobacco products under
9 the Federal Food, Drug, and Cosmetic Act (21
10 U.S.C. 301 et seq.), by recognizing it as the primary
11 Federal regulatory authority with respect to the
12 manufacture, marketing, and distribution of tobacco
13 products;

14 (2) to ensure that the Food and Drug Adminis-
15 tration has the authority to address issues of par-
16 ticular concern to public health officials, especially
17 the use of tobacco by young people and dependence
18 on tobacco;

19 (3) to authorize the Food and Drug Adminis-
20 tration to set national standards controlling the
21 manufacture of tobacco products and the identity,
22 public disclosure, and amount of ingredients used in
23 such products;

24 (4) to provide new and flexible enforcement au-
25 thority to ensure that there is effective oversight of

1 the tobacco industry's efforts to develop and intro-
2 duce less harmful tobacco products;

3 (5) to vest the Food and Drug Administration
4 with the authority to regulate the levels of tar, nico-
5 tine, and other harmful components of tobacco prod-
6 ucts;

7 (6) in order to ensure that adults are better in-
8 formed, to require tobacco product manufacturers to
9 disclose research which has not previously been
10 made available, as well as research generated in the
11 future, relating to the health and dependency effects
12 or safety of tobacco products;

13 (7) to continue to permit the sale of tobacco
14 products to adults in conjunction with measures to
15 ensure that they are not sold or accessible to under-
16 age purchasers; and

17 (8) to impose appropriate regulatory controls on
18 the tobacco industry

19 **SEC. 4. SCOPE AND EFFECT.**

20 (a) INTENDED EFFECT.—Nothing in this Act (or an
21 amendment made by this Act) shall be construed to—

22 (1) establish a precedent with regard to any
23 other industry, situation, circumstance, or legal ac-
24 tion; or

1 (2) affect any action pending in State, Tribal,
2 or Federal court, or any agreement, consent decree,
3 or contract of any kind.

4 (b) AGRICULTURAL ACTIVITIES.—The provisions of
5 this Act (or an amendment made by this Act) which au-
6 thorize the Secretary to take certain actions with regard
7 to tobacco and tobacco products shall not be construed to
8 affect any authority of the Secretary of Agriculture under
9 existing law regarding the growing, cultivation, or curing
10 of raw tobacco.

11 **TITLE I—AUTHORITY OF THE**

8 be subject to the provisions of chapter V, unless—

9 “(1) such products are intended for use in the

12 201(g)(1)(B) or section 201(h)(2)); or

15 “(b) APPLICABILITY.—This chapter shall apply to all
16 tobacco products subject to the regulations referred to in
17 section 102 of the Youth Smoking Prevention and Public
18 Health Protection Act, and to any other tobacco products
19 that the Secretary by regulation deems to be subject to
20 this chapter.

21 “(c) SCOPE.—

22 “(1) IN GENERAL.—Nothing in this chapter, or
23 any policy issued or regulation promulgated there-
24 under, or the Youth Smoking Prevention and Public
25 Health Protection Act, shall be construed to affect

15 “(B) EXCEPTION.—Notwithstanding any

12 if—

13 “(1) it consists in whole or in part of any filthy,
14 putrid, or decomposed substance, or is otherwise
15 contaminated by any poisonous or deleterious sub-
16 stance that may render the product injurious to
17 health;

18 “(2) it has been prepared, packed, or held
19 under insanitary conditions whereby it may have
20 been contaminated with filth, or whereby it may
21 have been rendered injurious to health;

22 “(3) its container is composed, in whole or in
23 part, of any poisonous or deleterious substance
24 which may render the contents injurious to health;

1 “(4) it is, or purports to be or is represented
2 as, a tobacco product which is subject to a perform-
3 ance standard established under section 907 unless
4 such tobacco product is in all respects in conformity
5 with such standard;

6 “(5) it is required by section 910(a) to have
7 premarket approval, is not exempt under section
8 906(f), and does not have an approved application in
9 effect;

10 “(6) the methods used in, or the facilities or
11 controls used for, its manufacture, packing or stor-
12 age are not in conformity with applicable require-
13 ments under section 906(e)(1) or an applicable con-
14 dition prescribed by an order under section
15 906(e)(2); or

16 “(7) it is a tobacco product for which an ex-
17 emption has been granted under section 906(f) for
18 investigational use and the person who was granted
19 such exemption or any investigator who uses such
20 tobacco product under such exemption fails to com-
21 ply with a requirement prescribed by or under such
22 section.

23 **“SEC. 903. MISBRANDED TOBACCO PRODUCTS.**

24 “(a) IN GENERAL.—A tobacco product shall be
25 deemed to be misbranded—

1 “(1) if its labeling is false or misleading in any
2 particular;

3 “(2) if in package form unless it bears a label
4 containing—

5 “(A) the name and place of business of the
6 tobacco product manufacturer, packer, or dis-
7 tributor;

8 “(B) an accurate statement of the quantity
9 of the contents in terms of weight, measure, or
10 numerical count; and

11 “(C) an accurate statement of the percent-
12 age of the tobacco used in the product that is
13 domestically grown tobacco and the percentage
14 that is foreign grown tobacco,

15 except that under subparagraph (B) reasonable vari-
16 ations shall be permitted, and exemptions as to
17 small packages shall be established, by regulations
18 prescribed by the Secretary;

19 “(3) if any word, statement, or other informa-
20 tion required by or under authority of this chapter
21 to appear on the label or labeling is not prominently
22 placed thereon with such conspicuousness (as com-
23 pared with other words, statements or designs in the
24 labeling) and in such terms as to render it likely to

1 be read and understood by the ordinary individual
2 under customary conditions of purchase and use;

3 “(4) if it has an established name, unless its
4 label bears, to the exclusion of any other nonpropri-
5 etary name, its established name prominently print-
6 ed in type as required by the Secretary by regula-
7 tion;

8 “(5) if the Secretary has issued regulations re-
9 quiring that its labeling bear adequate directions for
10 use, or adequate warnings against use by children,
11 that are necessary for the protection of users unless
12 its labeling conforms in all respects to such regula-
13 tions;

14 “(6) if it was manufactured, prepared, propa-
15 gated, compounded, or processed in any State in an
16 establishment not duly registered under section
17 905(b), if it was not included in a list required by
18 section 905(i), if a notice or other information re-
19 specting it was not provided as required by such sec-
20 tion or section 905(j), or if it does not bear such
21 symbols from the uniform system for identification
22 of tobacco products prescribed under section 905(e)
23 as the Secretary by regulation requires;

24 “(7) if, in the case of any tobacco product dis-
25 tributed or offered for sale in any State—

1 “(A) its advertising is false or misleading
2 in any particular; or

3 “(B) it is sold or distributed in violation of
4 regulations prescribed under section 906(d);

5 “(8) unless, in the case of any tobacco product
6 distributed or offered for sale in any State, the man-
7 ufacturer, packer, or distributor thereof includes in
8 all advertisements and other descriptive printed mat-
9 ter issued or caused to be issued by the manufac-
10 turer, packer, or distributor with respect to that to-
11 bacco product—

12 “(A) a true statement of the tobacco prod-

20 variance from a requirement, set forth the
21 methods proposed to be used in, and the

20 “(C) APPROVAL.—The Secretary may
21 approve—

22 “(i) a petition for an exemption for a
23 tobacco product from a requirement if the
24 Secretary determines that compliance with
25 such requirement is not required to assure

1 that the tobacco product will be in compli-
2 ance with this chapter; and

3 “(ii) a petition for a variance for a to-
4 bacco product from a requirement if the
5 Secretary determines that the methods to
6 be used in, and the facilities and controls
7 to be used for, the manufacture, packing,
8 and storage of the tobacco product in lieu
9 of the methods, controls, and facilities pre-

11 assure that the tobacco product will be in
12 compliance with this chapter.

13 “(D) CONDITIONS.—An order of the Sec-

15 prescribe such conditions respecting the meth-

5 posed rulemaking for the establishment, amend-
6 ment, or revocation of any performance stand-
7 ard for a tobacco product.

8 “(B) REQUIREMENTS OF NOTICE.—A no-
9 tice of proposed rulemaking for the establish-
10 ment or amendment of a performance standard
11 for a tobacco product shall—

12 “(i) set forth a finding with sup-
13 porting justification that the performance
14 standard is appropriate for the protection
15 of the public health;

16 “(ii) set forth proposed findings with
17 respect to the risk of illness or injury that
18 the performance standard is intended to
19 reduce or eliminate; and

20 “(iii) invite interested persons to sub-
21 mit an existing performance standard for
22 the tobacco product, including a draft or
23 proposed performance standard, for consid-
24 eration by the Secretary.

1 “(C) FINDING.—A notice of proposed rule-
2 making for the revocation of a performance
3 standard shall set forth a finding with sup-
4 porting justification that the performance
5 standard is no longer necessary to be appro-
6 priate for the protection of the public health.

7 “(D) CONSIDERATION BY SECRETARY.—
8 The Secretary shall consider all information
9 submitted in connection with a proposed stand-
10 ard, including information concerning the coun-
11 tervailing effects of the performance standard
12 on the health of adolescent tobacco users, adult
13 tobacco users, or non-tobacco users, such as the
14 creation of a significant demand for contraband
15 or other tobacco products that do not meet the
16 requirements of this chapter and the signifi-
17 cance of such demand, and shall issue the
18 standard if the Secretary determines that the
19 standard would be appropriate for the protec-
20 tion of the public health.

21 “(E) COMMENT.—The Secretary shall pro-
22 vide for a comment period of not less than 60
23 days.

24 “(2) PROMULGATION.—

1 “(A) IN GENERAL.—After the expiration of
2 the period for comment on a notice of proposed
3 rulemaking published under paragraph (1) re-
4 specting a performance standard and after con-
5 sideration of such comments and any report
6 from an advisory committee, the Secretary
7 shall—

8 “(i) promulgate a regulation estab-
9 lishing a performance standard and pub-
10 lish in the Federal Register findings on the
11 matters referred to in paragraph (1); or

12 “(ii) publish a notice terminating the
13 proceeding for the development of the
14 standard together with the reasons for
15 such termination.

16 “(B) EFFECTIVE DATE.—A regulation es-
17 tablishing a performance standard shall set
18 forth the date or dates upon which the standard
19 shall take effect, but no such regulation may
20 take effect before one year after the date of its
21 publication unless the Secretary determines
22 that an earlier effective date is necessary for
23 the protection of the public health. Such date or
24 dates shall be established so as to minimize,
25 consistent with the public health, economic loss

1 to, and disruption or dislocation of, domestic
2 and international trade.

3 “(3) SPECIAL RULE FOR STANDARD BANNING
4 CLASS OF PRODUCT OR ELIMINATING NICOTINE CON-
5 TENT.—Because of the importance of a decision of
6 the Secretary to issue a regulation establishing a
7 performance standard—

8 “(A) eliminating all cigarettes, all smoke-
9 less tobacco products, or any similar class of to-
10 bacco products, or

11 “(B) requiring the reduction of nicotine
12 yields of a tobacco product to zero,

13 it is appropriate for the Congress to have the oppor-
14 tunity to review such a decision. Therefore, any such
15 standard may not take effect before a date that is
16 2 years after the President notifies the Congress
17 that a final regulation imposing the restriction has
18 been issued.

19 “(4) AMENDMENT; REVOCATION.—

20 “(A) AUTHORITY.—The Secretary, upon
21 the Secretary’s own initiative or upon petition
22 of an interested person may by a regulation,
23 promulgated in accordance with the require-
24 ments of paragraphs (1) and (2)(B), amend or
25 revoke a performance standard.

1 “(B) EFFECTIVE DATE.—The Secretary
2 may declare a proposed amendment of a per-
3 formance standard to be effective on and after
4 its publication in the Federal Register and until
5 the effective date of any final action taken on
6 such amendment if the Secretary determines
7 that making it so effective is in the public inter-
8 est.

9 “(5) REFERENCE TO ADVISORY COMMITTEE.—
10 The Secretary—

11 “(A) may, on the Secretary’s own initia-
12 tive, refer a proposed regulation for the estab-
13 lishment, amendment, or revocation of a per-
14 formance standard; or

15 “(B) shall, upon the request of an inter-
16 ested person which demonstrates good cause for
17 referral and which is made before the expiration
18 of the period for submission of comments on
19 such proposed regulation,

20 refer such proposed regulation to an advisory committee,
21 for a report and recommendation with respect to any mat-
22 ter involved in the proposed regulation which requires the
23 exercise of scientific judgment. If a proposed regulation
24 is referred under this paragraph to the advisory com-
25 mittee, the Secretary shall provide the advisory committee

1 with the data and information on which such proposed
2 regulation is based. The advisory committee shall, within
3 60 days after the referral of a proposed regulation and
4 after independent study of the data and information fur-
5 nished to it by the Secretary and other data and informa-
6 tion before it, submit to the Secretary a report and rec-
7 ommendation respecting such regulation, together with all
8 underlying data and information and a statement of the
9 reason or basis for the recommendation. A copy of such
10 report and recommendation shall be made public by the
11 Secretary.

12 **“SEC. 908. NOTIFICATION AND OTHER REMEDIES.**

13 “(a) NOTIFICATION.—If the Secretary determines
14 that—

15 “(1) a tobacco product which is introduced or
16 delivered for introduction into interstate commerce
17 for commercial distribution presents an unreasonable
18 risk of substantial harm to the public health; and

19 “(2) notification under this subsection is nec-
20 essary to eliminate the unreasonable risk of such
21 harm and no more practicable means is available
22 under the provisions of this chapter (other than this
23 section) to eliminate such risk,

24 the Secretary may issue such order as may be necessary
25 to assure that adequate notification is provided in an ap-

1 appropriate form, by the persons and means best suited
2 under the circumstances involved, to all persons who
3 should properly receive such notification in order to elimi-
4 nate such risk. The Secretary may order notification by
5 any appropriate means, including public service announce-
6 ments. Before issuing an order under this subsection, the
7 Secretary shall consult with the persons who are to give
8 notice under the order.

9 “(b) NO EXEMPTION FROM OTHER LIABILITY.—
10 Compliance with an order issued under this section shall
11 not relieve any person from liability under Federal or
12 State law. In awarding damages for economic loss in an
13 action brought for the enforcement of any such liability,
14 the value to the plaintiff in such action of any remedy
15 provided under such order shall be taken into account.

16 “(c) RECALL AUTHORITY.—

17 “(1) IN GENERAL.—If the Secretary finds that
18 there is a reasonable probability that a tobacco prod-
19 uct contains a manufacturing or other defect not or-
20 dinarily contained in tobacco products on the market
21 that would cause serious, adverse health con-
22 sequences or death, the Secretary shall issue an
23 order requiring the appropriate person (including
24 the manufacturers, importers, distributors, or retail-
25 ers of the tobacco product) to immediately cease dis-

1 tribution of such tobacco product. The order shall
2 provide the person subject to the order with an op-
3 portunity for an informal hearing, to be held not
4 later than 10 days after the date of the issuance of
5 the order, on the actions required by the order and
6 on whether the order should be amended to require
7 a recall of such tobacco product. If, after providing
8 an opportunity for such a hearing, the Secretary de-
9 termines that inadequate grounds exist to support
10 the actions required by the order, the Secretary shall
11 vacate the order.

12 “(2) AMENDMENT OF ORDER TO REQUIRE RE-
13 CALL.—

14 “(A) IN GENERAL.—If, after providing an
15 opportunity for an informal hearing under
16 paragraph (1), the Secretary determines that
17 the order should be amended to include a recall
18 of the tobacco product with respect to which the
19 order was issued, the Secretary shall, except as
20 provided in subparagraph (B), amend the order
21 to require a recall. The Secretary shall specify
22 a timetable in which the tobacco product recall
23 will occur and shall require periodic reports to
24 the Secretary describing the progress of the re-
25 call.

1 “(B) NOTICE.—An amended order under
2 subparagraph (A)—

3 “(i) shall not include recall of a to-
4 bacco product from individuals; and

5 “(ii) shall provide for notice to per-
6 sons subject to the risks associated with
7 the use of such tobacco product.

8 In providing the notice required by clause (ii),
9 the Secretary may use the assistance of retail-
10 ers and other persons who distributed such to-
11 bacco product. If a significant number of such
12 persons cannot be identified, the Secretary shall
13 notify such persons under section 705(b).

14 “(3) REMEDY NOT EXCLUSIVE.—The remedy
15 provided by this subsection shall be in addition to
16 remedies provided by subsection (a) of this section.

17 **“SEC. 909. RECORDS AND REPORTS ON TOBACCO PROD-**
18 **UCTS.**

19 “(a) IN GENERAL.—Every person who is a tobacco
20 product manufacturer or importer of a tobacco product
21 shall establish and maintain such records, make such re-
22 ports, and provide such information, as the Secretary may
23 by regulation reasonably require to assure that such to-
24 bacco product is not adulterated or misbranded and to

1 otherwise protect public health. Regulations prescribed
2 under the preceding sentence—

3 “(1) may require a tobacco product manufac-
4 turer or importer to report to the Secretary when-
5 ever the manufacturer or importer receives or other-
6 wise becomes aware of information that reasonably
7 suggests that one of its marketed tobacco products
8 may have caused or contributed to a serious unex-
9 pected adverse experience associated with the use of
10 the product or any significant increase in the fre-
11 quency of a serious, expected adverse product experi-
12 ence;

13 “(2) shall require reporting of other significant
14 adverse tobacco product experiences as determined
15 by the Secretary to be necessary to be reported;

16 “(3) shall not impose requirements unduly bur-
17 densome to a tobacco product manufacturer or im-
18 porter, taking into account the cost of complying
19 with such requirements and the need for the protec-
20 tion of the public health and the implementation of
21 this chapter;

22 “(4) when prescribing the procedure for making
23 requests for reports or information, shall require
24 that each request made under such regulations for
25 submission of a report or information to the Sec-

1 retary state the reason or purpose for such request
2 and identify to the fullest extent practicable such re-
3 port or information;

4 “(5) when requiring submission of a report or
5 information to the Secretary, shall state the reason
6 or purpose for the submission of such report or in-
7 formation and identify to the fullest extent prac-
8 ticable such report or information; and

9 “(6) may not require that the identity of any
10 patient or user be disclosed in records, reports, or
11 information required under this subsection unless re-
12 quired for the medical welfare of an individual, to
13 determine risks to public health of a tobacco prod-
14 uct, or to verify a record, report, or information sub-
15 mitted under this chapter.

16 In prescribing regulations under this subsection, the Sec-
17 retary shall have due regard for the professional ethics of
18 the medical profession and the interests of patients. The
19 prohibitions of paragraph (6) continue to apply to records,
20 reports, and information concerning any individual who
21 has been a patient, irrespective of whether or when he
22 ceases to be a patient.

23 “(b) REPORTS OF REMOVALS AND CORRECTIONS.—

24 “(1) IN GENERAL.—Except as provided in para-
25 graph (2), the Secretary shall by regulation require

1 a tobacco product manufacturer or importer of a to-
 2 bacco product to report promptly to the Secretary
 3 any corrective action taken or removal from the
 4 market of a tobacco product undertaken by such
 5 manufacturer or importer if the removal or correc-
 6 tion was undertaken—

7 “(A) to reduce a risk to health posed by
 8 the tobacco product; or

9 “(B) to remedy a violation of this chapter
 10 caused by the tobacco product which may
 11 present a risk to health.

12 A tobacco product manufacturer or importer of a to-
 13 bacco product who undertakes a corrective action or
 14 removal from the market of a tobacco product which
 15 is not required to be reported under this subsection
 16 shall keep a record of such correction or removal.

17 “(2) EXCEPTION.—No report of the corrective
 18 action or removal of a tobacco product may be re-
 19 quired under paragraph (1) if a report of the correc-
 20 tive action or removal is required and has been sub-
 21 mitted under subsection (a).

22 **“SEC. 910. PREMARKET REVIEW OF CERTAIN TOBACCO**
 23 **PRODUCTS.**

24 “(a) IN GENERAL.—

25 “(1) PREMARKET APPROVAL REQUIRED.—

1 “(A) NEW PRODUCTS.—Approval under
2 this section of an application for premarket ap-
3 proval for any tobacco product that is not com-
4 mercially marketed (other than for test mar-
5 keting) in the United States as of June 1,
6 2002, is required unless the manufacturer has
7 submitted a report under section 905(j), and
8 the Secretary has issued an order that the to-
9 bacco product is substantially equivalent to a
10 tobacco product commercially marketed (other
11 than for test marketing) in the United States
12 as of June 1, 2002, that is in compliance with
13 the requirements of this Act.

14 “(B) PRODUCTS INTRODUCED BETWEEN
15 JUNE 1, 2002, AND ENACTMENT OF THIS
16 CHAPTER.—Subparagraph (A) does not apply
17 to a tobacco product that—

18 “(i) was first introduced or delivered
19 for introduction into interstate commerce
20 for commercial distribution in the United
21 States after June 1, 2002, and before the
22 date of enactment of the Youth Smoking
23 Prevention and Public Health Protection
24 Act; and

1 “(ii) for which a report was submitted
2 under section 905(j) within 6 months after
3 such date,
4 until the Secretary issues an order that the to-
5 bacco product is substantially equivalent for
6 purposes of this section or requires premarket
7 approval.

8 “(2) SUBSTANTIALLY EQUIVALENT DEFINED.—

9 “(A) IN GENERAL.—For purposes of this
10 section and section 905(j), the terms ‘substan-
11 tially equivalent’ or ‘substantial equivalence’
12 mean, with respect to the tobacco product being
13 compared to the predicate tobacco product, that
14 the Secretary by order has found that the to-
15 bacco product—

16 “(i) has the same characteristics as
17 the predicate tobacco product; or

18 “(ii) has different characteristics and
19 the information submitted contains infor-
20 mation, including clinical data if deemed
21 necessary by the Secretary, that dem-
22 onstrates that it is not appropriate to reg-
23 ulate the product under this section be-
24 cause the product does not raise different
25 questions of public health.

1 “(B) CHARACTERISTICS.—For purposes of
2 subparagraph (A), the term ‘characteristics’
3 means the materials, ingredients, design, com-
4 position, heating source, or other features of a
5 tobacco product.

6 “(C) LIMITATION.—A tobacco product may
7 not be found to be substantially equivalent to a
8 predicate tobacco product that has been re-
9 moved from the market at the initiative of the
10 Secretary or that has been determined by a ju-
11 dicial order to be misbranded or adulterated.

12 “(3) HEALTH INFORMATION.—

13 “(A) SUMMARY.—As part of a submission
14 under section 905(j) respecting a tobacco prod-
15 uct, the person required to file a premarket no-
16 tification under such section shall provide an
17 adequate summary of any health information
18 related to the tobacco product or state that
19 such information will be made available upon
20 request by any person.

21 “(B) REQUIRED INFORMATION.—Any sum-
22 mary under subparagraph (A) respecting a to-
23 bacco product shall contain detailed information
24 regarding data concerning adverse health ef-
25 fects and shall be made available to the public

1 by the Secretary within 30 days of the issuance
2 of a determination that such tobacco product is
3 substantially equivalent to another tobacco
4 product.

5 “(b) APPLICATION.—

6 “(1) CONTENTS.—An application for premarket
7 approval shall contain—

8 “(A) full reports of all information, pub-
9 lished or known to, or which should reasonably
10 be known to, the applicant, concerning inves-
11 tigation which have been made to show the
12 health risks of such tobacco product and wheth-
13 er such tobacco product presents less risk than
14 other tobacco products;

15 “(B) a full statement of the components,
16 ingredients, and properties, and of the principle
17 or principles of operation, of such tobacco prod-
18 uct;

19 “(C) a full description of the methods used
20 in, and the facilities and controls used for, the
21 manufacture, processing, and, when relevant,
22 packing and installation of, such tobacco prod-
23 uct;

24 “(D) an identifying reference to any per-
25 formance standard under section 907 which

1 would be applicable to any aspect of such to-
2 bacco product, and either adequate information
3 to show that such aspect of such tobacco prod-
4 uct fully meets such performance standard or
5 adequate information to justify any deviation
6 from such standard;

7 “(E) such samples of such tobacco product
8 and of components thereof as the Secretary
9 may reasonably require;

10 “(F) specimens of the labeling proposed to
11 be used for such tobacco product; and

12 “(G) such other information relevant to
13 the subject matter of the application as the Sec-
14 retary may require.

15 “(2) REFERENCE TO ADVISORY COMMITTEE.—
16 Upon receipt of an application meeting the require-
17 ments set forth in paragraph (1), the Secretary—

18 “(A) may, on the Secretary’s own initia-
19 tive; or

20 “(B) shall, upon the request of an appli-
21 cant,

22 refer such application to an advisory committee and
23 for submission (within such period as the Secretary
24 may establish) of a report and recommendation re-
25 specting approval of the application, together with

1 all underlying data and the reasons or basis for the
2 recommendation.

3 “(c) ACTION ON APPLICATION.—

4 “(1) DEADLINE.—

5 “(A) IN GENERAL.—As promptly as pos-
6 sible, but in no event later than 180 days after
7 the receipt of an application under subsection
8 (b), the Secretary, after considering the report
9 and recommendation submitted under para-
10 graph (2) of such subsection, shall—

11 “(i) issue an order approving the ap-
12 plication if the Secretary finds that none of
13 the grounds for denying approval specified
14 in paragraph (2) of this subsection applies;
15 or

16 “(ii) deny approval of the application
17 if the Secretary finds (and sets forth the
18 basis for such finding as part of or accom-
19 panying such denial) that one or more
20 grounds for denial specified in paragraph
21 (2) of this subsection apply.

22 “(B) RESTRICTIONS ON SALE AND DIS-
23 TRIBUTION.—An order approving an application
24 for a tobacco product may require as a condi-
25 tion to such approval that the sale and distribu-

1 tion of the tobacco product be restricted but
2 only to the extent that the sale and distribution
3 of a tobacco product may be restricted under a
4 regulation under section 906(d).

5 “(2) DENIAL OF APPROVAL.—The Secretary
6 shall deny approval of an application for a tobacco
7 product if, upon the basis of the information sub-
8 mitted to the Secretary as part of the application
9 and any other information before the Secretary with
10 respect to such tobacco product, the Secretary finds
11 that—

12 “(A) there is a lack of a showing that per-
13 mitting such tobacco product to be marketed
14 would be appropriate for the protection of the
15 public health;

16 “(B) the methods used in, or the facilities
17 or controls used for, the manufacture, proc-
18 essing, or packing of such tobacco product do
19 not conform to the requirements of section
20 906(e);

21 “(C) based on a fair evaluation of all mate-
22 rial facts, the proposed labeling is false or mis-
23 leading in any particular; or

24 “(D) such tobacco product is not shown to
25 conform in all respects to a performance stand-

1 ard in effect under section 907, compliance with
2 which is a condition to approval of the applica-
3 tion, and there is a lack of adequate informa-
4 tion to justify the deviation from such standard.

5 “(3) DENIAL INFORMATION.—Any denial of an
6 application shall, insofar as the Secretary determines
7 to be practicable, be accompanied by a statement in-
8 forming the applicant of the measures required to
9 place such application in approvable form (which
10 measures may include further research by the appli-
11 cant in accordance with one or more protocols pre-
12 scribed by the Secretary).

13 “(4) BASIS FOR FINDING.—For purposes of
14 this section, the finding as to whether approval of a
15 tobacco product is appropriate for the protection of
16 the public health shall be determined with respect to
17 the risks and benefits to the population as a whole,
18 including users and non-users of the tobacco prod-
19 uct, and taking into account—

20 “(A) the increased or decreased likelihood
21 that existing users of tobacco products will stop
22 using such products; and

23 “(B) the increased or decreased likelihood
24 that those who do not use tobacco products will
25 start using such products.

1 “(5) BASIS FOR ACTION.—

2 “(A) INVESTIGATIONS.—For purposes of
3 paragraph (2)(A), whether permitting a tobacco
4 product to be marketed would be appropriate
5 for the protection of the public health shall,
6 when appropriate, be determined on the basis of
7 well-controlled investigations, which may in-
8 clude one or more clinical investigations by ex-
9 perts qualified by training and experience to
10 evaluate the tobacco product.

11 “(B) OTHER EVIDENCE.—If the Secretary
12 determines that there exists valid scientific evi-
13 dence (other than evidence derived from inves-
14 tigations described in subparagraph (A)) which
15 is sufficient to evaluate the tobacco product the
16 Secretary may authorize that the determination
17 for purposes of paragraph (2)(A) be made on
18 the basis of such evidence.

19 “(d) WITHDRAWAL AND TEMPORARY SUSPENSION.—

20 “(1) IN GENERAL.—The Secretary shall, upon
21 obtaining, where appropriate, advice on scientific
22 matters from an advisory committee, and after due
23 notice and opportunity for informal hearing to the
24 holder of an approved application for a tobacco

1 product, issue an order withdrawing approval of the
2 application if the Secretary finds—

3 “(A) that the continued marketing of such
4 tobacco product no longer is appropriate for the
5 protection of the public health;

6 “(B) that the application contained or was
7 accompanied by an untrue statement of a mate-
8 rial fact;

9 “(C) that the applicant—

10 “(i) has failed to establish a system
11 for maintaining records, or has repeatedly
12 or deliberately failed to maintain records
13 or to make reports, required by an applica-
14 ble regulation under section 909;

15 “(ii) has refused to permit access to,
16 or copying or verification of, such records
17 as required by section 704; or

18 “(iii) has not complied with the re-
19 quirements of section 905;

20 “(D) on the basis of new information be-
21 fore the Secretary with respect to such tobacco
22 product, evaluated together with the evidence
23 before the Secretary when the application was
24 approved, that the methods used in, or the fa-
25 cilities and controls used for, the manufacture,

1 processing, packing, or installation of such to-
2 bacco product do not conform with the require-
3 ments of section 906(e) and were not brought
4 into conformity with such requirements within
5 a reasonable time after receipt of written notice
6 from the Secretary of nonconformity;

7 “(E) on the basis of new information be-
8 fore the Secretary, evaluated together with the
9 evidence before the Secretary when the applica-
10 tion was approved, that the labeling of such to-
11 bacco product, based on a fair evaluation of all
12 material facts, is false or misleading in any par-
13 ticular and was not corrected within a reason-
14 able time after receipt of written notice from
15 the Secretary of such fact; or

16 “(F) on the basis of new information be-
17 fore the Secretary, evaluated together with the
18 evidence before the Secretary when the applica-
19 tion was approved, that such tobacco product is
20 not shown to conform in all respects to a per-
21 formance standard which is in effect under sec-
22 tion 907, compliance with which was a condi-
23 tion to approval of the application, and that
24 there is a lack of adequate information to jus-
25 tify the deviation from such standard.

1 “(2) APPEAL.—The holder of an application
2 subject to an order issued under paragraph (1) with-
3 drawing approval of the application may, by petition
4 filed on or before the 30th day after the date upon
5 which such holder receives notice of such with-
6 drawal, obtain review thereof in accordance with
7 subsection (e).

8 “(3) TEMPORARY SUSPENSION.—If, after pro-
9 viding an opportunity for an informal hearing, the
10 Secretary determines there is reasonable probability
11 that the continuation of distribution of a tobacco
12 product under an approved application would cause
13 serious, adverse health consequences or death, that
14 is greater than ordinarily caused by tobacco prod-
15 ucts on the market, the Secretary shall by order
16 temporarily suspend the approval of the application
17 approved under this section. If the Secretary issues
18 such an order, the Secretary shall proceed expedi-
19 tiously under paragraph (1) to withdraw such appli-
20 cation.

21 “(e) SERVICE OF ORDER.—An order issued by the
22 Secretary under this section shall be served—

23 “(1) in person by any officer or employee of the
24 department designated by the Secretary; or

1 “(2) by mailing the order by registered mail or
2 certified mail addressed to the applicant at the ap-
3 plicant’s last known address in the records of the
4 Secretary.

5 **“SEC. 911. JUDICIAL REVIEW.**

6 “(a) RIGHT TO REVIEW.—

7 “(1) IN GENERAL.—Not later than 30 days
8 after—

9 “(A) the promulgation of a regulation
10 under section 907 establishing, amending, or
11 revoking a performance standard for a tobacco
12 product; or

13 “(B) a denial of an application for ap-
14 proval under section 910(c),
15 any person adversely affected by such regulation or
16 order may file a petition with the United States
17 Court of Appeals for the District of Columbia or for
18 the circuit wherein such person resides or has his or
19 her principal place of business for judicial review of
20 such regulation or order.

21 “(2) REQUIREMENTS.—

22 “(A) COPY OF PETITION.—A copy of the

10 “(b) SURVEILLANCE APPROVAL.—Each tobacco

14 based on an application submitted by the manu-
15 facturer of the product (or other responsible
16 person) that—

17 “(i) demonstrates through testing on
18 animals and short-term human testing that
19 use of such product results in ingestion or

21 toxic substances than use of conventional
22 tobacco products; and

23 “(ii) if required by the Secretary, in-

19 determines, based on information not available at the time
20 of the designation, that—

21 “(1) the finding made under subsection (a)(2)
22 is no longer valid; or

23 “(2) the product is being marketed in violation
24 of subsection (a)(3).

1 “(c) LIMITATION.—A tobacco product that is des-

4 drug or device.

5 “(d) DEVELOPMENT OF REDUCED RISK TOBACCO
6 PRODUCT TECHNOLOGY.—A tobacco product manufac-
7 turer shall provide written notice to the Secretary upon
8 the development or acquisition by the manufacturer of any
9 technology that would reduce the risk of a tobacco product
10 to the health of the user for which the manufacturer is
11 not seeking designation as a ‘reduced risk tobacco product’
12 under subsection (a).

13 **“SEC. 914. EQUAL TREATMENT OF RETAIL OUTLETS.**

14 “The Secretary shall issue regulations to require that

21 public health. Such constituents shall include tar, nicotine,
22 carbon monoxide, and such other smoke constituents or

10 “(a) **ADDITIONAL REQUIREMENTS.**—

11 “(1) **IN GENERAL.**—Except as provided in para-

24 ble to the tobacco product if an exemption were not
25 in effect under this subsection; or

1 “(2) the requirement—

2 “(A) is required by compelling local condi-
