A BILL

To authorize the Secretary of Housing and Urban Development to establish and carry out an urban revitalization and livable communities program to provide Federal grants to urban areas for the rehabilitation of critically needed recreational areas and facilities and development of improved recreation programs, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Urban Revitalization
5 and Livable Communities Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) According to the 2000 United States Cen-
9 sus, 79 percent of the population of the United
10 States lives in urban areas.

11 (2) The quality of life in urban areas is closely
12 related to the availability of fully functional park
13 and recreation systems including land, facilities, and
14 programs.

15 (3) Residents of urban areas need close-to-home
16 recreation opportunities that are adequate to special-
17 ized urban needs, with parks and facilities properly
18 located, developed, and well-maintained.

19 (4) The greatest deficiencies in recreation with
20 respect to land, facilities, and programs are found in
21 many urban areas, especially at the neighborhood
22 level.

23 (5) Inadequate Federal financing of urban
24 recreation programs has led to the deterioration of
25 facilities, nonavailability of recreation services, and

1 an inability to adapt recreation programs to chang-
2 ing circumstances.

3 (6) According to the Centers for Disease Con-
4 trol and Prevention (CDC), over the last 25 years,
5 rates of obesity have more than tripled among ado-
6 lescents ages 12 to 19 and doubled among adults
7 ages 20 to 74 and children ages 6 to 11.

8 (7) Physical inactivity contributes to obesity. A
9 study by the CDC found that the creation of, or en-
10 hanced access to, places for physical activity led to
11 a 25.6 percent increase in the percentage of people
12 exercising on 3 or more days a week. Physical activ-
13 ity can improve physical and mental health. The an-
14 nual costs of medical spending and lost productivity
15 from individuals in the United States being obese
16 and overweight are estimated to be
17 \$139,000,000,000.

18 (8) Urban parks and recreation facilities play
19 key roles in improving the health of the population
20 of the United States by providing convenient access
21 to the places, spaces, and opportunities that lead to
22 increased physical activity.

23 (9) According to the Juvenile Justice Bulletin,
24 without structured, supervised activities in the after-
25 school hours, youth are at greater risk of being vic-

1 tims of crime or participating in anti-social behav-
2 iors. Juveniles are at the highest risk of being a vic-
3 tim of crime between 2:00 p.m. and 6:00 p.m., and
4 the peak hour for juvenile crime is between 3:00
5 p.m. and 4:00 p.m., the first hour after most stu-
6 dents are dismissed from school.

7 (10) The National Youth Violence Prevention
8 Resource Center reported that students who spend
9 no time in extracurricular activities, such as those
10 offered in after-school programs, are 49 percent
11 more likely to have used drugs and 37 percent more
12 likely to become teen parents than are those stu-
13 dents who spend 1 to 4 hours per week in extra-
14 curricular activities.

15 **SEC. 3. PURPOSES.**

16 The purposes of this Act are as follows:

17 (1) To authorize the Secretary of Housing and
18 Urban Development to establish and carry out an
19 urban revitalization and livable communities pro-
20 gram to provide Federal grants for the rehabilitation
21 and construction of critically needed recreational
22 areas and facilities and development of improved
23 recreation programs in urban areas.

24 (2) To improve urban areas through economic
25 development.

1 (3) To prevent and improve chronic disease out-
2 comes, including cardiovascular disease, diabetes, de-
3 pression, and obesity.

4 (4) To improve recreational areas and facilities
5 and expand recreation services in urban areas with
6 a high incidence of crime and to help expand recre-
7 ation opportunities for at-risk youth.

8 (5) To promote collaboration between local
9 agencies involved in parks and recreation, law en-
10 forcement, youth social services, and juvenile justice
11 system.

12 (6) To ensure accessibility to therapeutic recre-
13 ation services and to provide recreation opportunities
14 for injured or disabled members of the Armed
15 Forces.

16 (7) To encourage the rehabilitation of existing
17 and construction of new urban recreational areas
18 and facilities with environmentally beneficial compo-
19 nents, when possible, such as sustainable landscape
20 features and upcycled and recycled materials, and to
21 prioritize the selection of projects that provide envi-
22 ronmental benefits to urban areas, including by up-
23 dating lighting, planting trees, increasing the urban
24 forestry canopy, improving stormwater management,
25 increasing green infrastructure, employing water

1 conservation measures, and adding green spaces to
