1ST SESSION

S. 1155

To amend the Child Care and Development Block Grant Act of 1990 to improve access to high quality early learning and child care for low-income children and working families, and for other purposes.

IN THE SENATE OF THE UNITED STATES

JUNE 8, 2011

Mr. CASEY (for himself and Ms. MIKULSKI) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To amend the Child Care and Development Block Grant Act of 1990 to improve access to high quality early learning and child care for low-income children and working families, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Starting Early Start-
5 ing Right Act”.

6 **SEC. 2. FINDINGS AND PURPOSES.**

7 (a) FINDINGS.—Congress makes the following find-
8 ings:

1 (1) Children in child care learn and develop
2 skills they need to succeed in school and in life.
3 Child care is also fundamental to helping families
4 get ahead by giving parents the support and peace
5 of mind they need to be productive at work.

6 (2) Child care teachers and providers carry the
7 responsibility of providing a safe, nurturing, and
8 stimulating setting for children entrusted to them
9 each day.

10 (3) In 2010, the average wage for a child care
11 worker was \$10.15 per hour or \$21,110 annually.
12 For full-time, full-year work this is only slightly
13 above the 2010 poverty guidelines of \$18,310 for a
14 mother with 2 children.

15 (4) As a result of low wages and limited bene-
16 fits, many child care providers do not work for long
17 periods in the child care field. Only 65 percent of
18 those employed in the child care field in 2005 were
19 still working in child care in 2006. Such high turn-
20 over rates deny children consistent and stable rela-
21 tionships with their teachers.

22 (5) Current reimbursement rates for child care
23 providers receiving Federal funds are insufficient to
24 recruit and retain qualified child care providers and

1 to ensure high quality early care and education serv-
2 ices for children.

3 (6) Research shows that high-quality child care
4 helps low-income children enter school ready to suc-
5 ceed. One study found that children who had en-
6 rolled in high-quality child care demonstrated great-
7 er mathematical ability and thinking and attention
8 skills, and experienced fewer behavior problems than
9 other children in second grade. Effects were particu-
10 larly strong for low-income children.

11 (7) In 2009, 11,700,000 children under age 6
12 (46 percent) lived in low-income families (families
13 with incomes below 200 percent of poverty).

14 (8) Only about 1 in 6 eligible children receives
15 Federal child care assistance.

16 (9) Many women work in low-wage jobs and
17 cannot cover the cost of child care. For example,
18 two-thirds of working poor families headed by single
19 mothers who paid for child care spent at least 40
20 percent of their cash income on child care.

21 (10) Problems with child care can make it dif-
22 ficult for parents, particularly low-income parents, to
23 work, causing them to lose wages, be denied a pro-
24 motion, or lose their jobs.

1 (11) Research shows that single mothers and
 2 former welfare recipients who received child care as-
 3 sistance were much more likely to remain employed
 4 after 2 years than those who did not receive child
 5 care assistance.

6 (b) PURPOSE.—The purpose of this Act is to im-
 7 prove—

8 (1) access to high quality early learning and
 9 child care for low-income children and working fami-
 10 lies; and

11 (2) the quality of child care and the number of
 12 high quality child care providers.
