

114TH CONGRESS
1ST SESSION

H. R. 2627

To amend the Richard B. Russell National School Lunch Act to expand the use of salad bars in schools.

IN THE HOUSE OF REPRESENTATIVES

JUNE 3, 2015

Mr. RYAN of Ohio (for himself, Ms. WILSON of Florida, Ms. DELAURO, and Mr. FARR) introduced the following bill; which was referred to the Committee on Education and the Workforce

A BILL

To amend the Richard B. Russell National School Lunch Act to expand the use of salad bars in schools.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Salad Bars in Schools
5 Expansion Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds the following:

8 (1) In the United States, one-third of all school-
9 aged children are overweight or obese and very few

1 eat the daily amount of fruits and vegetables rec-
2 ommended by national health authorities.

3 (2) On average, more than 30 million children
4 participate in the National School Lunch Program
5 daily, with more than 70 percent qualifying for free
6 or reduced-price meals based on family household in-
7 come.

8 (3) Improving the healthfulness of school meals,
9 including serving more fruits and vegetables, will im-
10 prove children’s eating habits and their health. The
11 Dietary Guidelines for Americans recommends that
12 children “make half their plate fruits and vegeta-
13 bles” at each meal.

14 (4) Research indicates that school salad bars
15 are an effective strategy to increase children’s con-
16 sumption of a wide variety of fruits and vegetables.

17 (5) Salad bars are one of the easiest ways for
18 school food authorities to meet the new school lunch
19 nutrition standards that require serving a fruit and
20 a vegetable every day, a colorful variety of vegetables
21 every week, and that students select at least one-half
22 cup of a fruit or a vegetable at lunch.

23 (6) Salad bars are effective in elementary, mid-
24 dle, and high school, they empower students to try
25 new fruits and vegetables and are a tangible example

1 of a school’s commitment to wellness and healthier
2 school meals.

3 **SEC. 3. EXPANSION OF SALAD BARS.**
