2D SESSION

# S. RES. 570

Recognizing the importance of substance use disorder treatment and recovery in the United States.

---

## IN THE SENATE OF THE UNITED STATES

SEPTEMBER 19, 2016

Mr. MURPHY (for himself, Mrs. CAPITO, Mrs. MURRAY, and Mr. ALEXANDER) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions

---

# RESOLUTION

Recognizing the importance of substance use disorder treatment and recovery in the United States.

Whereas National Alcohol and Drug Addiction Recovery Month is observed in September of 2016;

Whereas, in 2015, an estimated 17,000,000 individuals in the United States were dependent on, or abused, alcohol;

Whereas substance use disorders are a serious public health threat in the United States, and are associated with—

- (1) mental and physical health conditions;
- (2) lower educational attainment;
- (3) underemployment or unemployment;
- (4) involvement with the criminal justice system;
- (5) victimization and perpetration of violence; and
- (6) homelessness;

Whereas, in 2014, 9.4 percent of adolescents in the United States used illicit drugs during the month before being surveyed;

Whereas young adults between the ages of 18 and 25 have higher rates of alcohol dependence and abuse and illicit substance dependence and abuse as compared to other age groups;

Whereas the rates of alcohol dependence or abuse and illicit substance dependence or abuse are higher among individuals—

- (1) without health insurance;
- (2) living in households with incomes less than 100 percent of the Federal poverty level; and
- (3) living in metropolitan areas;

Whereas 90 percent of individuals with alcohol dependence or abuse do not receive, or perceive a need for, treatment for their alcohol use;

Whereas the most recent epidemic of substance use disorders relates to prescription opioids and heroin, and approximately 600 individuals begin using heroin each day;

Whereas overdose deaths from opioids have nearly quadrupled since 1999;

Whereas drug-related suicide attempts leading to emergency department visits have increased by 51 percent since 2005;

Whereas 23,500,000 individuals in the United States are in recovery from substance use disorders;

Whereas the stigma associated with substance use disorders is an additional barrier to people of the United States who strive toward recovery every day;

Whereas substance use treatment has been shown to be effective in reducing substance use, and can produce positive outcomes for individuals; and

Whereas there is a nationwide need for—

- (1) increased education regarding substance use;
  - (2) increased access to substance use treatment; and
  - (3) increased attention to reducing substance use stigma;
- Now, therefore, be it

1       *Resolved*, That the Senate—

- 2              (1) recognizes the importance of National Alcohol and Drug Addiction Recovery Month;
- 3              (2) affirms the continued need of the United States to provide resources for substance use education, treatment, and research; and
- 4              (3) honors the significant achievements of people of the United States who are in recovery from substance use disorders.
