

114TH CONGRESS
2D SESSION

S. RES. 636

Designating the week of December 4 through December 10, 2016, as
“National Nurse-Managed Health Clinic Week”.

IN THE SENATE OF THE UNITED STATES

DECEMBER 10 (legislative day, DECEMBER 9), 2016

Mr. ALEXANDER (for himself and Mr. MERKLEY) submitted the following
resolution; which was considered and agreed to

RESOLUTION

Designating the week of December 4 through December 10,
2016, as “National Nurse-Managed Health Clinic Week”.

Whereas nurse-managed health clinics are nonprofit, commu-
nity-based health care sites that offer primary care and
wellness services based on the nursing model;

Whereas the nursing model emphasizes the protection, pro-
motion, and optimization of health, the prevention of ill-
ness, the alleviation of suffering, and the diagnosis and
treatment of illness;

Whereas an advanced practice nurse leads each nurse-man-
aged health clinic, and an interdisciplinary team of highly
qualified health care professionals staffs each nurse-man-
aged health clinic;

Whereas nurse-managed health clinics offer a broad scope of services, including treatment for acute and chronic illnesses, routine physical exams, immunizations for adults and children, disease screenings, health education, prenatal care, dental care, and drug and alcohol treatment;

Whereas, as of September 2016, approximately 500 nurse-managed health clinics provided care across the United States and recorded more than 2,500,000 patient encounters annually;

Whereas nurse-managed health clinics strengthen the health care safety net by expanding access to primary care and chronic disease management services for vulnerable and medically underserved populations in diverse rural, urban, and suburban communities;

Whereas research has shown that nurse-managed health clinics experience high patient retention and patient satisfaction rates, and nurse-managed health clinic patients, compared to patients of other similar safety net providers, experience higher rates of generic medication fills and lower hospitalization rates;

Whereas the 2013 Health Affairs article “Nurse-Managed Health Centers and Patient-Homes Could Mitigate Expected Primary Care Physician Shortage” highlights the ability of nurse-managed health clinics to bring high quality care to individuals who may not otherwise receive needed services; and

Whereas nurse-managed health clinics offering both primary care and wellness services provide quality care in a cost-effective manner: Now, therefore, be it

1 *Resolved*, That the Senate—

1 (1) designates the week of December 4 through
2 December 10, 2016, as “National Nurse-Managed
3 Health Clinic Week”;

4 (2) supports the ideals and goals of National
5 Nurse-Managed Health Clinic Week; and

6 (3) encourages the expansion of nurse-managed
7 health clinics so that nurse-managed health clinics
8 may continue to serve as health care workforce de-
9 velopment sites for the next generation of primary
10 care providers.
