

117TH CONGRESS
2D SESSION

S. 5268

To direct the Secretary of Health and Human Services, acting through the Director of the National Institutes of Health, to take certain steps to increase clinical trial diversity, and for other purposes.

IN THE SENATE OF THE UNITED STATES

DECEMBER 15, 2022

Mr. MENENDEZ (for himself and Ms. COLLINS) introduced the following bill; which was read twice and referred to the Committee on Health, Education, Labor, and Pensions

A BILL

To direct the Secretary of Health and Human Services, acting through the Director of the National Institutes of Health, to take certain steps to increase clinical trial diversity, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “NIH Clinical Trial Di-
5 versity Act of 2022”.

1 **SEC. 2. DIVERSITY GOALS FOR NIH FUNDED CLINICAL**
2 **TRIALS.**

3 (a) APPLICATIONS.—Beginning on the date of the en-
4 actment of this Act, the Secretary of Health and Human
5 Services, acting through the Director of the National In-
6 stitutes of Health (in this section referred to as the “Sec-
7 retary”), shall require that a NIH-funded research organi-
8 zation or entity seeking to conduct a clinical trial inves-
9 tigating a drug or device (as those terms are defined in
10 section 201 of the Federal Food, Drug, and Cosmetic Act
11 (21 U.S.C. 321 et seq.)) or biological product (as defined
12 in section 351(i) of the Public Health Service Act (42
13 U.S.C. 262(i))) that is funded by the National Institutes
14 of Health, submit an application (or renewal thereof) for
15 such funding that includes—

16 (1) clear and measurable goals for the recruit-
17 ment and retention of participants that reflect—

18 (A) the race, ethnicity, age, and sex of pa-
19 tients with the disease or condition being inves-
20 tigated; or

21 (B) as scientifically or ethically justified
22 and appropriate, the race, ethnicity, age, and
23 sex of the general population of the United
24 States if the prevalence of the disease or condi-
25 tion is not known;

(2) a rationale for the goals specified under paragraph (1) that specifies—

(A) how investigators will determine the number of participants for each population category that reflect the population groups specified in paragraph (1); or

(B) strategies that will be used to enroll and retain participants across the different race, ethnicity, age, and sex categories;

(3) a detailed plan for how the clinical trial will achieve the goals specified under paragraph (1) that specifies—

(A) the requirements for researchers, in conducting the trial, to analyze the population groups specified in paragraph (1) separately; and

(B) how the trial will recruit a study population that is—

(i) scientifically and ethically appropriate in terms of the scientific objectives and proposed study design; and

(ii) in sufficient numbers to obtain clinically and statistically meaningful determinations of the safety and effectiveness of the drug or device being studied in the

1 respective race, ethnicity, age, and sex
2 groups; and

3 (4) the NIH-funded research organization or
4 entity's plan for implementing, or an explanation of
5 why the NIH-funded research organization or entity
6 cannot implement, alternative clinical trial follow-up
7 requirements that are less burdensome for trial par-
8 ticipants, such as—

9 (A) requiring fewer follow-up visits;

10 (B) allowing phone follow-up or home vis-
11 its by appropriately qualified staff (in lieu of in-
12 person visits by patients);

13 (C) allowing for online follow-up options;

14 (D) permitting the patient's primary care
15 provider to perform some of the follow-up visit
16 requirements;

17 (E) allowing for evening and weekend
18 hours for required follow-up visits;

19 (F) allowing virtual or telemedicine visits;

20 (G) use of wearable technology to record
21 key health parameters; and

22 (H) use of alternate labs or imaging cen-
23 ters, which may be closer to the residence of the
24 patients participating in the trial.

25 (b) TERMS.—

1 (1) IN GENERAL.—As a condition on the receipt
2 of funding through the National Institutes of
3 Health, as described in subsection (a), with respect
4 to a clinical trial, the NIH-funded research organiza-
5 tion or entity of the clinical trial shall agree to terms
6 requiring that—

7 (A) the aggregate demographic information
8 of trial participants be shared on an annual
9 basis with the Secretary while participant re-
10 cruitment and data collection in such trial is
11 ongoing, and that such information is provided
12 with respect to—

13 (i) underrepresented populations, in-
14 cluding populations grouped by race, eth-
15 nicity, age, and sex; and

16 (ii) such populations that reflect the
17 prevalence of the disease or condition that
18 is the subject of the clinical trial involved
19 (as available and as appropriate to the sci-
20 entific objective for the study, as deter-
21 mined by the Director of the National In-
22 stitutes of Health);

23 (B) the NIH-funded research organization
24 or entity submits to the program officer and
25 grants management specialist of the specific in-

stitute, center, or office of the National Institutes of Health, annually or as frequently as such officer or specialist determines necessary, the retention rate of participants in the clinical trial, disaggregated by race, ethnicity, age, and sex;

(C) the clinical trial researchers complete education and training programs on diversity in clinical trials; and

(D) at the conclusion of the trial, the sponsor submits to the Secretary the number of participants in the trial, disaggregated by race, ethnicity, age, and sex.

(2) PRIVACY PROTECTIONS.—Any data shared under paragraph (1) may not include any individually identifiable information or protected health information with respect to clinical trial participants and shall only be disclosed to the extent allowed under Federal privacy laws and by National Institutes of Health policy.

(c) EXCEPTION.—In lieu of submitting an application under subsection (a) and documentation of goals as required by paragraph (1) of such subsection, an applicant may provide reasoning for why the recruitment of each of the population groups specified in paragraph (1) of sub-

1 section (a) is not necessary and why such recruitment is
2 not scientifically justified or possible.

3 **SEC. 3. ELIMINATING COST BARRIERS.**

4 Not later than 2 years after the date of the enact-
5 ment of this Act, the Secretary of Health and Human
6 Services, acting through the Director of the National In-
7 stitutes of Health, shall conduct and complete a study
8 on—

9 (1) the need for review of human subject regu-
10 lations specified in part 46 of title 45, Code of Fed-
11 eral Regulations (or successor regulations), and re-
12 lated guidance;

13 (2) the modernization of such regulations and
14 guidance to establish updated guidelines for reim-
15 bursement of out-of-pocket expenses of human sub-
16 jects, compensation of human subjects for time
17 spent participating in the clinical trial, and incen-
18 tives for recruitment of human subjects; and

19 (3) the need for updated safe harbor rules
20 under section 1001.952 of title 42, Code of Federal
21 Regulations (or successor regulations), and section
22 1128B of the Social Security Act (commonly re-
23 ferred to as the “Federal Anti-Kickback Statute”
24 (42 U.S.C. 1320a–7b)) with respect to the assist-
25 ance provided under this section.

1 **SEC. 4. PUBLIC AWARENESS AND EDUCATION CAMPAIGN.**

2 (a) NATIONAL CAMPAIGN.—The Secretary of Health
3 and Human Services (referred to in this section as the
4 “Secretary”), in consultation with the stakeholders speci-
5 fied in subsection (e), shall carry out a national campaign
6 to increase the awareness and knowledge of individuals in
7 the United States, including health care professionals, pa-
8 tients, and others, with respect to the need for diverse clin-
9 ical trials among the demographic groups identified pursu-
10 ant to section 2(a)(1).

11 (b) REQUIREMENTS.—The national campaign con-
12 ducted under this section shall include—

13 (1)(A) the development and distribution of writ-
14 ten educational materials;

15 (B) the development and placing of public serv-
16 ice announcements that are intended to encourage
17 individuals who are members of the demographic
18 groups identified pursuant to section 2(b)(1)(A)(i)
19 to seek to participate in clinical trials; and

20 (C) the development of curricula for health care
21 professionals on—

22 (i) how to participate in clinical trials as
23 an investigator; and

24 (ii) how such professionals can enroll pa-
25 tients in trials;

1 (2) such efforts as are reasonable and necessary
2 to ensure meaningful access by consumers with lim-
3 ited English proficiency; and

4 (3) the development and distribution of best
5 practices and training for recruiting underrep-
6 resented study populations, including a method for
7 sharing such best practices among clinical trial spon-
8 sors, providers, community-based organizations who
9 assist with recruitment, and with the public.

10 (c) HEALTH DISPARITIES.—In developing the na-
11 tional campaign under subsection (a), the Secretary shall
12 recognize and address—

13 (1) health disparities among individuals who
14 are members of the population groups specified in
15 section 2(b)(1)(A) with respect to access to care and
16 participation in clinical trials; and

17 (2) any barriers in access to care and partici-
18 pation in clinical trials that are specific to individuals
19 who are members of such groups.

20 (d) GRANTS.—The Secretary shall establish a pro-
21 gram to award grants to nonprofit private entities (includ-
22 ing community-based organizations and faith commu-
23 nities, institutions of higher education eligible to receive
24 funds under section 371 of the Higher Education Act of
25 1965 (20 U.S.C. 1067q), national organizations that serve

1 underrepresented populations, and community phar-
2 macies) to enable such entities—

3 (1) to test alternative outreach and education
4 strategies to increase the awareness and knowledge
5 of individuals in the United States, with respect to
6 the need for diverse clinical trials that reflect the
7 race, ethnicity, age, and sex of patients with the dis-
8 ease or condition being investigated; and

9 (2) to cover administrative costs of such entities
10 in assisting in diversifying clinical trials subject to
11 section 2.

12 (e) STAKEHOLDERS SPECIFIED.—The stakeholders
13 specified in this subsection are the following:

14 (1) Representatives of the Food and Drug Ad-
15 ministration, the Health Resources and Services Ad-
16 ministration, the Office on Minority Health of the
17 Department of Health and Human Services, the
18 Centers for Disease Control and Prevention, and the
19 National Institutes of Health.

20 (2) Community-based resources and advocates.

21 (f) AUTHORIZATION OF APPROPRIATIONS.—There is
22 authorized to be appropriated to carry out this section
23 \$10,000,000 for each of fiscal years 2023 through 2026.

1 **SEC. 5. DEFINITION.**

2 In this Act, the term “clinical trial” means a research
3 study in which one or more human subjects are prospec-
4 tively assigned to one or more interventions (which may
5 include placebo or other control) to evaluate the effects
6 of those interventions on health-related biomedical or be-
7 havioral outcomes.
