

117TH CONGRESS
2D SESSION

S. RES. 849

Designating November 2022 as “National Hospice and Palliative Care Month”.

IN THE SENATE OF THE UNITED STATES

NOVEMBER 28, 2022

Ms. ROSEN (for herself, Mr. BARRASSO, Ms. BALDWIN, and Mrs. FISCHER)
submitted the following resolution; which was considered and agreed to

RESOLUTION

Designating November 2022 as “National Hospice and Palliative Care Month”.

Whereas palliative care and hospice services—

(1) can empower individuals to live as fully as possible, surrounded and supported by family and loved ones, despite serious illnesses or injuries; and

(2) are critical parts of the continuum of supports and services that individuals with serious illness and their families need;

Whereas ensuring access to palliative care and hospice for all individuals in the United States who are in need, regardless of age, race, ethnicity, or socioeconomic status, is important;

Whereas palliative care and hospice aims to bring patients and family caregivers high-quality care delivered by an

interdisciplinary team of skilled health care professionals, including—

- (1) physicians;
- (2) nurses;
- (3) social workers;
- (4) therapists;
- (5) counselors;
- (6) health aides;
- (7) spiritual care providers; and
- (8) other health care professionals;

Whereas there is a need to increase training opportunities for health care professionals to receive interdisciplinary team-based training in palliative care and hospice;

Whereas hospice focuses on quality of life through pain management and symptom control, caregiver assistance, and emotional and spiritual support, with the goal of allowing patients to live fully until the end of life, surrounded and supported by loved ones, friends, and caregivers;

Whereas trained palliative care and hospice professionals, during a time of trauma and loss, can provide grief and bereavement support services to individuals with a serious illness or injury, the family members of those individuals, and others;

Whereas palliative care is a patient and family-centered approach to care that—

- (1) provides relief from symptoms and stress;
 - (2) can be complementary to curative treatments;
- and
- (3) improves the quality of life of patients and their families;

Whereas, in 2020, more than 1,714,000 individuals in the United States living with a serious illness or injury, and the families of those individuals, received care and support from hospice programs in communities across the United States;

Whereas volunteers continue to play a vital role in supporting hospice care and operations; and

Whereas palliative care and hospice providers encourage all patients to learn more about their options for care and to share their preferences with family, loved ones, and health care professionals: Now, therefore, be it

1 *Resolved*, That the Senate—

2 (1) designates November 2022 as “National
3 Hospice and Palliative Care Month”; and

4 (2) encourages the people of the United
5 States—

6 (A) to increase their understanding and
7 awareness of—

8 (i) care for hospice patients with a se-
9 rious illness or injury;

10 (ii) the benefits of integrating pallia-
11 tive care early into the treatment plans for
12 patients with a serious illness or injury;
13 and

14 (iii) the importance of grief support
15 for caregivers and loved ones during hos-
16 pice care and after death;

1 (B) to recognize the care and dedication
2 of—
3 (i) millions of family caregivers; and
4 (ii) tens of thousands of palliative
5 care and hospice staff and volunteers; and
6 (C) to observe “National Hospice and Pal-
7 liative Care Month” with appropriate activities
8 and programs.
