

With a time lag between student choice of majors and later job quests, high schools and colleges cannot address short-term supply and demand shifts for particular professions. Such shortages can be erased only by raising wages to attract those with needed skills who are now working in other fields—or by importing low-paid workers.

For the longer term, rising wages can guide counselors to encourage well-prepared students to major in computer science and engineering, and colleges will adjust to rising demand. But more H-1B immigrants can have a perverse effect, as their lower pay signals young people to avoid this field in future, keeping the domestic supply artificially low.

IN HONOR OF THE CRUSIN' HALL  
OF FAME INDUCTEES AT THE  
ROUTE 66 RENDEZVOUS

**HON. JOE BACA**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 12, 2000*

Mr. BACA. Mr. Speaker, the City of San Bernardino will be hosting its 11th Annual Route 66 Rendezvous event downtown this month. The event is expected to draw over 500,000 classic car fans to the downtown, with 2,448 prime classic cars at the event (the number of miles of the Route 66 highway). I would like to salute the event's inductees into the Crusin' Hall of Fame, an impressive and truly remarkable collection of honorees this year:

- Mattel, in honor of the significant impact the company has made in the American Automotive culture with the development of the miniature vehicles "Hot Wheels."

Mattel is known as a leader in the world of toy design, manufacturing, and marketing. Mattel introduced "Hot Wheels" miniature vehicles in 1968. The three-inch long cars and trucks reached out and captured children's imaginations. Mattel celebrated the 30th anniversary of "Hot Wheels" in 1998, and reached a milestone when they produced the two billionth Hot Wheel car, making Mattel the producer of more vehicles than Detroit's big three auto makers combined.

- The Beach Boys, a popular sixties and seventies band that popularized surfing and cruising music, in honor of the significant part their music plays in the American automotive culture.

From Hawthorne, California, the three Beach Boy brothers—Brian, Dennis and Carl Wilson, plus cousin Mike Love and friend Al Jardine had some of the most intricate, beautiful harmonies heard from a pop band. Their music is still popular and can be heard on countless radio stations and car cruises around the nation.

- The J.C. Agajanian Family, a family with over fifty years in motorsports racing, in honor of their many significant contributions in the promotion, participation, and involvement in the American automotive culture.

J.C. Agajanian, one of the most influential men in American motorsports history, is known for his involvement and many achievements in the motorsports world. In 1998, the Agajanians marked their 50th Golden Anniversary of promoting, participating, and involvement with the famed Indianapolis 500.

- The Woody, the hand-built "sport utility vehicle" of its day, in honor of the significant

role this unique automobile played in the American Automotive culture.

Since the sixties, these wagons have been popular collector's items. They are in such demand that old cars with splinters instead of wood are being lovingly restored and shown off at car shows and cruises throughout the United States.

DOGS IN SERVICE TO MANKIND

**HON. NITA M. LOWEY**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 12, 2000*

Mrs. LOWEY. Mr. Speaker, I rise today to commend the American Kennel Club's celebration of "Dogs in Service to Mankind." The American Kennel Club, established in 1884, is the world's largest purebred dog registry and the nation's leading not-for-profit organization devoted to the support of purebred dogs, responsible pet ownership and canine health.

As well as providing invaluable and beneficial companionship to millions of Americans, purebred dogs have provided service to mankind for generations and in a myriad of ways. Only a few examples are the dogs who accompanied our servicemen in every war; who rescue Americans every year from fire, entrapment and drowning; and whose powers of scent enable them to locate lost children, dangerous chemicals and illegal materials.

Dogs give vital assistance to the handicapped, ill and elderly, and these amazing creatures can even warn a person that a heart attack or epileptic seizure is about to occur. Many Americans have benefitted from the companionship and unconditional love that service dogs provide.

So today, I join the American Kennel Club in its recognition of dogs' extraordinary capabilities. I am delighted to join in honoring these wonderful animals whose service to humankind deserves our utmost appreciation.

HONORING HO'OIPO DECAMBRA,  
2000 ROBERT WOOD JOHNSON  
COMMUNITY HEALTH LEADER

**HON. PATSY T. MINK**

OF HAWAII

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 12, 2000*

Mrs. MINK of Hawaii. Mr. Speaker, I rise today to acknowledge the tremendous contributions of Ho'oipo DeCambra, Executive Director of Ho'omau Ke Ola, for her work to improve the health and well-being of her rural community in Wai'anae, Hawaii. Ho'oipo's inspired leadership and innovative programs led to her being named a 2000 Robert Wood Johnson Community Health Leader.

Only ten people nationwide receive this prestigious award each year. The Robert Wood Johnson Community Health Leader award, the nation's highest honor for community health leadership, includes an \$100,000 cash award—\$95,000 goes to enhance the awardee's community health program and \$5,000 is a personal award.

Ho'oipo DeCambra has developed and implemented successful substance abuse treatment programs and a women's cancer project

utilizing traditional Hawaiian values and healing practices to reach out to the Native Hawaiian community, which suffers from a high incidence of substance abuse and cancer. A long-time social justice advocate, Ho'oipo became involved in local health care after seeing the effects that disease and drug addiction have had on the people of her own community.

Troubled by the number of Hawaiian women with breast cancer, DeCambra pioneered the Women's Cancer Research Project, now called the Women's Health Network. The program teaches women and their families about breast and cervical cancers through "kokua" or help groups. The original study employed Hawaiian women with breast cancer in data collection and analysis.

Ho'oipo DeCambra has since turned her talents and energy to helping people who suffer from drug addiction. She directs a substance abuse treatment program, Ho'omau Ke Ola, that uses traditional Native Hawaiian healing methods in concert with the very latest clinical practices to treat the largely Hawaiian population of the Wai'anae coast of the island of O'ahu. Ho'omau Ke Ola also provides transitional shelter and distributes food to residents in the community.

Ho'oipo DeCambra previously served as chair of the board of the Wai'anae Coast Comprehensive Health Center. She is a founding board member of Ke Ola O Hawai'i, an academic community partnership organization. She also sits on the board of the Hawai'i Health Foundation, which promotes a traditional Native Hawaiian diet, and serves on an ad hoc committee of the U.S. Department of Health and Human Services' Office of Women's Health, Minority Women's Health Panel of Experts. Ho'oipo is also a published poet.

I am pleased to have this opportunity to congratulate Ho'oipo and to thank her for devoting her considerable talents and boundless aloha to improving the lives of the people in her community and throughout the state.

ST. THOMAS SYNAGOGUE—A  
NATIONAL HISTORIC LANDMARK

**HON. DONNA MC CHRISTENSEN**

OF THE VIRGIN ISLANDS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 12, 2000*

Mrs. CHRISTENSEN. Mr. Speaker, I rise to pay tribute to the St. Thomas Synagogue, formally, the Synagogue of Beracha Veshalom Vegemiluth Hasidim, or in English, "the Synagogue of Blessing and Peace and Acts of Piety," located on Synagogue Hill overlooking Charlotte Amalie Harbor in the Federal Historic District of Charlotte Amalie, the capital of the United States Virgin Islands.

Today, September 12, 2000, marks the 167th Anniversary of the consecration of the St. Thomas Synagogue. This synagogue, a well-preserved structure, built 167 years ago today in 1833, is indeed rich in history, culture and architecture. It is the second oldest synagogue in the Western Hemisphere and the oldest in continuous use under the American flag.

For many Virgin Islanders, the St. Thomas Synagogue is a reminder of tolerance and equality, as well as of European expansion into the new world during the Spanish Inquisition of 1492. Practicing Jews were expelled

from Spain during that period. As a result of this exodus, many Jewish families established themselves in the then Danish West Indies which are now the U.S. Virgin Islands. Some of the surnames which date back to that time are still present in the Virgin Islands today such as: Maduro, Castro, Sasso, Levin, Bornn, and Monsanto.

The St. Thomas Synagogue is also revered as among one of the most architecturally interesting buildings on St. Thomas. This one story, three-bay front building measures forty feet by fifty feet, is rectangular in shape. Its foundations, made of masonry with lime mortar and plaster, and its walls, made of brick and cut stone load-bearing masonry walls with lime mortar and plaster, are still strong and sound. Its interior is immaculate with preserved artifacts and furniture centuries old. The most fascinating aspect is its flooring—13" marble tiles and covered with one inch of loose sand, a poignant reminder of the time when they had to worship in secret. The sand on the floor is a remnant of the days of the Marranos, Jews during the Spanish Inquisition who were forced to convert to Christianity but who secretly practiced their Judaism. Since practicing their faith was punishable by death, they met in cellars with sand covering the floor in order to muffle the sounds of their prayers.

On Friday, September 15, 2000, the United States Department of Interior will honor the U.S. Virgin Islands and the Hebrew Congregation of St. Thomas at a ceremony formally designating the St. Thomas Synagogue as a National Historic Landmark.

On behalf of the Congress of the United States of America, I congratulate the Hebrew Congregation of St. Thomas on attaining this honor and salute them for their dedicated service and contributions to the United States Virgin Islands.

TRIBUTE TO BRIAN M.  
O'LAUGHLIN

**HON. DENNIS MOORE**

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 12, 2000*

Mr. MOORE. Mr. Speaker, I rise today to pay tribute to a noteworthy resident of the Third Congressional District of Kansas, Brian M. O'Laughlin, who lives in Prairie Village, Kansas, with his wife, Mimi, and their four sons.

Mr. O'Laughlin recently was named "Man of the Year" by the Missouri Association of Insurance and Financial Advisors for his service and leadership to his industry, community and clientele. He has been in the insurance and financial services industry in the Kansas City area for the past 17 years, where his practice specializes in insurance.

Mr. O'Laughlin is a past president of the Kansas City Life Underwriters Association [KCLUA] and currently serves on its board. KCLUA awarded him its highest honor in January 1999, as the "Herbert Hedges Man of the Year." He also has served his community as president of the Rockhurst High School Alumni Association and as the assistant coach and general manager of the Junior Blues High School Rugby Club. He was awarded the American Red Cross "Certification of Recognition for Extraordinary Personal Action" in July

1977 for resuscitating a two year old boy in a 1976 swimming pool accident.

Mr. O'Laughlin is: a charter member of the Serra Club of Johnson County, Kansas; past school board member of St. Ann's School and former PTA co-president, with Mimi O'Laughlin. He currently serves on the finance council for St. Ann's Catholic Church in Prairie Village, Kansas. He has been involved with organizations such as: the Leukemia Society; the Chamber of Commerce of Greater Kansas City; the Salvation Army, the Heart Association; Friends of the Arts and Friends of the Zoo; and the "Leave a Legacy" Foundation.

Finally, Brian O'Laughlin has coached over twenty five seasons of soccer, basketball and rugby. He also is a certified "International Doping Control Officer" for various international sports organizations and tests world class athletes for steroid use to ensure fair competition and the safety of the athletes.

Mr. Speaker, Brian O'Laughlin is the kind of concerned citizen whose selfless dedication to others binds our communities together. I commend him on his recognition as "Man of the Year" by the Missouri Association of Insurance and Financial Advisors and I am pleased to have this opportunity to publicly commend his good works before the House of Representatives.

HONORING SISTER CATHERINE  
MORAN

**HON. BENJAMIN A. GILMAN**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 12, 2000*

Mr. GILMAN. Mr. Speaker, I was unavoidably detained in New York and missed the opening ceremonies of today's session. Accordingly, I deeply regret not being here in person to greet Sister Catherine Moran, who delivered the opening prayer earlier this afternoon.

In recent years, while there have been other clergy women who have had the honor of leading this body in its opening prayer, I understand, however, that Sister Catherine Moran is the first person who has never been ordained to be afforded this honor. Truly, this was an historic occasion.

However, Sister Catherine's entire life has been one of breaking precedent. Born in Brooklyn, she entered the convent on September 8, 1945, receiving a Masters Degree in Education from St. John's University, and advanced certificates in Administration from both Hofstra University and the State University of New York in Plattsburgh.

From 1975 until 1983, Sister Catherine Moran was the Principal at Albertus Magnus High School in Bardonia, New York. Albertus Magnus has long been one of the most prestigious and respected high schools in my Congressional District, and its luster is due in good part to the outstanding leadership which Sister afforded during her eight year tenure as its Principal.

Although she is still affiliated with the Dominican Convent in Sparkill, New York, for the past 14 years Sister has traveled over the border into New Jersey, where she serves the New Community Corporation in Newark as Human Resources director. Her outstanding service in this capacity earned the attention of

our colleague from New Jersey (Mr. PAYNE), who sponsored Sister's participation in our opening ceremonies today.

Mr. Speaker, I would like all of our colleagues to be aware that on October 20th of this year, Sister Catherine Moran will be the recipient of the 2000 Founders Award from St. Thomas Aquinas College in my Congressional District, in Sparkill, NY. This highly prestigious award is presented annually to the individual who has exemplified the motto of St. Thomas Aquinas College: "Enlighten the Mind through Truth."

I plan to be on hand at the Aquinas Medal banquet this year as this truly remarkable woman is recognized for her compassion and for her service to humanity.

Mr. Speaker, it is notable that our opening prayer today was delivered by a truly unique individual who made history by being here with us.

TRIBUTE TO RAJ SOIN

**HON. DAVID L. HOBSON**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 12, 2000*

Mr. HOBSON. Mr. Speaker, I rise today to pay tribute to an outstanding Ohioan and an individual who has helped to show that the American Dream can become a reality.

Raj Soin came to this country from India in 1969 to attend graduate school. The airline which brought him to this country lost his luggage and Mr. Soin began his American odyssey with \$3 and only the clothes he was wearing. Through hard work and determination, he received his degree and began a career with Williams International in Michigan.

By 1984, Mr. Soin had created Modern Technologies Corporation and established it in Dayton to be near Wright-Patterson Air Force Base and its extensive military research facilities. As his businesses grew, he never forgot the importance of family. His wife and sons have publicly praised his ability to balance his professional and family commitments.

Mr. Soin is currently president and CEO of MTC International, a parent company for a number of high-tech and manufacturing businesses involving engineering, consulting work for the military, computer applications and services, plastic materials and land development. Mr. Soin is living proof that America is still a land of opportunity.

Mr. Soin's belief that the best investment is an investment in good people has given him a vision of excellence and helped him provide crucial leadership to Wright State University. Mr. Soin is committed to Wright State's development as a premier institution of higher learning and he has consistently demonstrated his ability to help this dream take form.

While building his own successful business ventures, Raj Soin has served on Wright State University's Board of Trustees since 1993 as well as its Business College Board of Advisors. He also serves on the boards of the Victoria Theatre, the Dayton Foundation, and the Ohio Business Roundtable. Additionally, he founded the Asian Indian American Business Group in 1987 and the Ohio India Project which raises funds for charitable work.

As a result of his steadfast support, Wright State University publicly recognized Mr. Soin
