

NMVC company for non-compliance. Should a court find that a company violated or failed to comply with provisions of this legislation or other provisions of the Small Business Investment Act of 1958, this section grants SBA the authority to void the participation agreement between the company and the SBA.

Section 365. Unlawful acts and omissions; breach of fiduciary duty

Defines what is to be considered as a violation of this legislation, who is considered to have a fiduciary duty, and who is ineligible to serve as an officer, director, or employee of any NMVC company because of unlawful acts.

This section of the legislation closely tracks the unlawful acts provision (Section 314) of the Small Business Investment Act of 1958. It is the Committee's intent to grant SBA the same authority over NMVC companies that it has over Small Business Investment Companies with respect to unlawful acts and the breach of fiduciary responsibility.

Section 366. Removal or suspension of directors or officers

Grants SBA the authority to use the procedures set forth in Section 313 of the Small Business Investment Act of 1958 to remove or suspend any director or officer of an NMVC company.

Section 367. Regulations

Authorizes the Small Business Administration to issue such regulations as it deems necessary to carry out the provisions of the legislation.

Section 368. Authorization of appropriations

Authorizes appropriations for the Program for Fiscal Years 2001 through 2006. This section authorizes such subsidy budget authority as necessary to guarantee \$150,000,000 of debentures and \$30,000,000 to make operational assistance grants.

The Committee estimates that the Program will only require a one-time appropriation of \$45 million—\$15 million for loan guarantees and \$30 million for operational assistance grants. This \$15 million will allow SBA to back \$150 million in loans to small businesses in low- or moderate-income areas.

Section 368(c). Conforming amendment

Makes a conforming change to the Small Business Investment Act of 1958 to account for the changes made by this legislation.

Section 368(d). Calculation of maximum amount of SBIC leverage

Allows Small Business Investment Companies ("SBICs") to obtain additional access to leverage outside the statutory caps. The exemption of the SBICs, however, is limited only to investments they make in LMI areas.

This section provides that investments made in LI areas will not apply against the leverage cap of the individual SBIC as long as the total amount invested through the program does not exceed 50% of the SBIC's paid-in capital.

Section 368(e). Bankruptcy exemption for new markets venture capital companies

Adds NMVC companies to the list of entities that may not be considered a debtor under a Title 11 bankruptcy proceeding.

Section 368(f). Federal savings associations

Amends the "Home Owners Loan Act" to allow federal savings associations to invest in an NMVC company formed under this legislation so long as the investment would not exceed 5 percent of the capital and surplus of the savings association.

SEC. 903. BUSINESSLINC

H.R. 5545, also establishes the BusinessLINC program, designed to promote

business growth in inner cities and economically distressed rural areas by matching large and small firms into business-to-business partnering and mentoring relationships. BusinessLinc would accomplish this by providing seed funding to third party entities such as local Chambers of Commerce to promote such relationships. In addition to seed funding, such entities will also receive funds for technical assistance programs to small businesses to supplement the mentor-protége relationships established as a result of BusinessLINC.

BusinessLINC helps businesses by providing online information and a database of companies that are interested in mentor-protége programs.

Grants may be made to a coalition/combination of private and public entities only if the coalition/combination provides an amount, either in kind or in cash, equal to the grant amount for the purposes above.

Despite the unprecedented economic prosperity we are experiencing in this country, there are several areas of the country that have still not achieved parity. These areas are primarily inner cities, rural areas, and Native American communities. BusinessLINC will enable business opportunities for small businesses who would otherwise have no access to outside larger markets. While these small businesses have strong potential, they are located in communities where corporate America would not necessarily look. BusinessLINC will break that barrier. When the BusinessLINC model has been applied in the past, small businesses have seen growth as much as 45 percent. With this assistance, the local community will be charting its own path to recovery. The "LINC" in BusinessLINC stands for "Learning, Information, Networking, and Collaboration."

SECTION BY SECTION ANALYSIS

Section 1. Short title

Designates the bill as the "BusinessLINC Act of 2000."

Section 2. Authorization

This Section amends the Small Business Act by Adding a new paragraph (m), "BusinessLINC grants and cooperative agreements."

Paragraph (1) allows the Administrator to make grants or enter into cooperative agreements with any coalition/combination of private and/or public entities to (a) promote business-to-business relationships between large and small businesses and (b) to provide online information and a database of companies that are interested in mentor-protége programs.

It is the opinion of the Conference that private and/or public entities eligible for grants should be limited to chambers of commerce and other not-for-profit business organizations. The Conferees intend that grant money be provided to large businesses. Further, if a grant is made to a combination of entities, one entity must take a lead position.

It is further the opinion of the Conference that promotion of business-to-business relationships between large and small businesses referenced in paragraph (a) above should include the facilitation of such relationships as mentor-protége, prime/subcontractor, and teaming.

The Conference intends that an element to be considered by the Administrator when evaluating a grant proposal, shall be the training of small businesses or "protéges." An additional evaluation element intended by the Conference shall be measurable goals to be achieved through the business-to-business partnerships.

The Conference further intends that the online database referenced in paragraph (b)

above, should make use of the SBA's current PRO-Net database to the greatest extent practicable. The Conference is concerned that online privacy issues should also be addressed by the SBA in the implementation of the databases. Further, it is the Committee's opinion that the databases should be vigilantly maintained by the SBA to ensure that only firms eligible to be mentors should be included in the mentor database, and only those firms eligible to serve as intermediaries should be included in the intermediary database.

Paragraph (2) specifies that the Administrator may make grants as long as the coalition/combination of public and/or private entities provides an amount, either in kind or in cash, equal to the grant amount for the purposes delineated in paragraph (1) above.

The Conference is well aware that it may be difficult for some entities to raise their entire match during the application stage. Those entities that are unable to raise the required match, but have submitted to the Administrator a reasonable plan to meet the requirement, may be granted a conditional approval from the Administrator and be allowed to draw one dollar of federal matching funds for every dollar of private funds raised. This conditional approval shall be made with the expectation that the required funding commitments will be obtained within two years of the conditional approval.

The Conference believes that it is important to give entities the flexibility to obtain the required private operational assistance funds, however, from a safety and soundness standpoint, federal funds should not be placed at greater risk than private capital.

Paragraph (3) specifies the authorization for the program for fiscal years 2001 through 2003. This amount shall be \$6,600,000 for each of the three fiscal years.

DISTRICT OF COLUMBIA APPROPRIATIONS

Following is explanatory language on H.R. 5547, as introduced on October 25, 2000.

The conferees on H.R. 4942 agree with the matter included in H.R. 5547 and enacted in this conference report by reference and the following description of it. This bill was developed through negotiations by the conferees on the differences in H.R. 4942. References in the following description to the “conference agreement” mean the matter included in the introduced bill enacted by this conference report. References to the House bill mean the House passed version of H.R. 4942. References to the Senate bill or Senate Amendment mean the Senate passed version of H.R. 4942.

The conference agreement on the District of Columbia Appropriations Act, 2001, incorporates some of the provisions of both the House and Senate versions of the bill. The language and allocations set forth in House Report 106-786 and Senate Report 106-409 should be complied with unless specifically addressed in the accompanying bill and statement of the managers to the contrary. The agreement agreed to herein, while repeating some report language for emphasis, does not negate the language referenced above unless expressly provided.

A summary chart appears later in this statement just before the explanations of the general provisions showing the Federal appropriations by account and the allocation of District funds by agency or office under each appropriation title showing the fiscal year 2000 appropriation, the fiscal year 2001 request, the House and Senate recommendations and the conference allowance.

FEDERAL FUNDS

FEDERAL PAYMENT FOR RESIDENT TUITION
SUPPORT

Appropriates \$17,000,000 as proposed by the Senate instead of \$14,000,000 as proposed by the House. The conference agreement deletes language limiting administrative expenses to not more than five percent of the appropriation.

FEDERAL PAYMENT TO THE CHIEF FINANCIAL
OFFICER OF THE DISTRICT OF COLUMBIA

Appropriates \$1,250,000 instead of \$1,500,000 as proposed by the House. The appropriation includes \$250,000 for payment to a mentoring program and for hotline services; \$250,000 for payment to a character education initiative; \$250,000 for a program to provide basic values training in the local public schools; and \$500,000 for the design, construction, and maintenance of a trash rack system to mitigate environmental harm caused by trash carried in city runoff which flows through the National Arboretum via the Hickey Run Watershed into the Anacostia River.

The conferees direct the District's Chief Financial Officer to make the above payments within 30 days of the enactment of this Act as follows: \$250,000 to the International Youth Service and Development Corp., for the mentoring program and hotline services; \$250,000 to Values First, a 501(c)3 educational organization, to expand their current program that trains District public school teachers in how to instill basic values into the lives of their students; \$250,000 to the Best Friends Foundation for the character education initiative; and \$500,000 to the National Arboretum for the Hickey Run stormwater outfall project. The conferees do not expect the Chief Financial Officer to administer these programs or get involved in any way with the programs except to ensure that the funds are disbursed promptly and correctly to the proper organizations. The conferees direct that each of the organizations provide an annual report by November 30, 2001, to the Committees on Appropriations of the House and the Senate.

REVITALIZATION PROGRAM

Appropriates \$1,500,000 as proposed by the Senate to provide offsets against local taxes for a commercial revitalization program in enterprise zones and low and moderate income areas in the District of Columbia.

CORRECTIONS TRUSTEE OPERATIONS

Appropriates \$134,200,000 as proposed by the Senate instead of \$134,300,000 as proposed by the House.

FEDERAL PAYMENT TO THE DISTRICT OF
COLUMBIA COURTS

Appropriates \$105,000,000 instead of \$99,500,000 as proposed by the House and

\$109,080,000 as proposed by the Senate and allocates \$7,409,000 for the District of Columbia Court of Appeals instead of \$7,709,000 as proposed by the House and the Senate and \$71,121,000 for the District of Columbia Superior Court instead of \$72,399,000 as proposed by the House and the Senate and \$17,890,000 for the Court System instead of \$16,892,000 as proposed by the House and \$17,892,000 as proposed by the Senate. The appropriated amount includes (1) \$5,255,000 to finance a pay adjustment of 8.48 percent for non-judicial employees as proposed by the Senate, and (2) \$3,325,000 for capital improvements of which \$825,000 is for roofing repairs to the Old Courthouse instead of \$2,500,000 for capital improvements as proposed by the House and \$5,825,000 for capital improvements of which \$825,000 is for roofing repairs to the Old Courthouse as proposed by the Senate. The conference agreement retains the proviso concerning the purchase, installation and operation of an Integrated Justice Information System as proposed by the House.

DEFENDER SERVICES IN DISTRICT OF COLUMBIA
COURTS

Appropriates \$34,387,000 as proposed by the House instead of \$38,387,000 as proposed by the Senate and makes conforming technical changes.

FEDERAL PAYMENT TO THE COURT SERVICES
AND OFFENDER SUPERVISION

AGENCY FOR THE DISTRICT OF COLUMBIA

Appropriates \$112,527,000 as proposed by the Senate instead of \$115,752,000 as proposed by the House and allocates \$67,521,000 for Community Supervision and Sex Offender Registration as proposed by the Senate instead of \$69,871,000 as proposed by the House, and \$26,228,000 for the Pretrial Services Agency as proposed by the Senate instead of \$27,103,000 as proposed by the House. The conference agreement also requires that \$17,854,000 of this appropriation, of which \$836,000 is for the Public Defender Service, be used to improve pretrial defendant and post-conviction offender supervision, to enhance drug testing and sanctions-based treatment programs and other treatment services, to expand intermediate sanctions and offender reentry programs, to continue planning and design proposals for a residential sanctions center, and to make improvements in the administrative infrastructure including information technology instead of \$22,161,000 of which \$836,000 is for the Public Defender Service as proposed by the House. The conference agreement inserts language as proposed by the Senate to allow the agency to use funds for the transfer and hire of motor vehicles. The conferees direct that vehicles be provided directly by the General Services Administration and not by a third party leasing company.

FEDERAL PAYMENT FOR WASHINGTON
INTERFAITH NETWORK

Appropriates \$1,000,000 as proposed by the House to the Washington Interfaith Network to reimburse the Network for costs incurred in carrying out preconstruction activities at the former Fort Dupont Dwellings and Additions.

FEDERAL PAYMENT FOR PLAN TO SIMPLIFY
EMPLOYEE

COMPENSATION SYSTEMS

Appropriates \$250,000 to the Mayor as proposed by the House to contract for the study and development of a plan to simplify the pay and compensation systems and schedules and work rules that currently apply to employees of the District of Columbia. Simplifying the pay and compensation systems and schedules and work rules should result in significant savings to District taxpayers and

make the District government's operations more efficient.

The conferees agree that the solicitation for the contract is to provide that any contract awarded under the solicitation require that the contractor submit a plan to the Mayor and the House and Senate Committees on Appropriations that includes, at a minimum, certain specific elements. The first of these is a review of the current pay and compensation systems and schedules and work rules that apply to employees of the District of Columbia. Second, the plan the contractor develops must contain a review of the best practices of state and local governments and other appropriate organizations regarding pay and compensation systems. The conferees recognize that a substantial number of District employees are members of employee unions; therefore, a review of best practices should focus on state and local governments and other organizations that have similarly unionized workforces. Third, the plan must contain a proposal for simplifying pay and compensation systems and schedules that apply to employees of the District of Columbia. Finally, the contractor's plan must contain an estimated timeframe for completion and strategies for implementing the plan, including identification of any statutory, contractual, or other barriers to implementation. Included in the discussion of barriers should be discussion of mitigating strategies and a recognition of the potential barrier of collective bargaining agreements to the successful implementation of a simplified pay system. This section applies to all employees of the District of Columbia, including employees of all independent agencies, school board employees and employees of District agencies currently in receivership and other agencies, but does not apply to employees who work in the District court system.

The Mayor is to develop a proposed solicitation within 90 days of enactment of this Act and submit a copy to the Comptroller General for his review at least 90 days prior to issuance of the proposed solicitation. The Comptroller General shall, within 45 days after receipt of the copy of the proposed solicitation, review it to ensure that it adequately addresses all of the elements required by this section and report to the House and Senate Committees on Appropriations the results of his review. The conferees expect the District government to supplement this amount, if necessary, with local funds, and for the Mayor to allocate the contract cost as he deems appropriate.

METRO RAIL CONSTRUCTION

Appropriates \$25,000,000 in Federal funds for a contribution to the Washington Metropolitan Area Transit Authority as proposed by the Senate instead of \$25,000,000 of which \$17,900,000 would be by transfer as proposed by the House and inserts language concerning the release of the funds and the application of 49 U.S.C. 5309(a)(2) to this project as proposed by the Senate. The conferees agree that this contribution is contingent upon the District government setting aside \$25,000,000 in its capital budget for the project and establishing a special taxing district for the neighborhood of the proposed Metrorail site to contribute an additional \$25,000,000. The conferees note that the commitment of \$25,000,000 has not been secured by the establishment of a special taxing district. Until this funding has been secured, the Federal funds appropriated under this heading are to be held by the U.S. Treasury. The conferees agree that this appropriation is not to be considered a one-third contribution to this project and do not plan to revise the Federal contribution to reflect a percentage contribution. The conferees direct

the Washington Metropolitan Area Transit Authority to closely monitor the development of this project, especially the cost containment issues, and will hold the Authority responsible and accountable.

FEDERAL PAYMENT FOR NATIONAL MUSEUM OF AMERICAN MUSIC

Deletes the paragraph appropriating \$250,000 to the Federal City Council for planning costs for a National Museum of American Music proposed by the House and deleted by the Senate. The conferees have not recommended additional funding for the National Museum of American Music. The President's budget proposal includes \$3,000,000 to fund the staff, consultants, design, environmental assessments and preparation of Request for Proposals to complete the planning phase of the museum.

In the District of Columbia Appropriations Act for fiscal year 1999 (Public Law 105-277), the Federal City Council, a private, non-profit organization, received \$300,000 to conduct a needs and design study for a National Museum of American Music. Although the needs and design study has not been completed, the scope of the envisioned project has expanded to a multi-million dollar, mixed-use development that would include, in addition to the Museum, performance and entertainment venues, retail and dining facilities, hotels and housing, a performing arts theater, and an elementary school. The Federal City Council and other interested parties have targeted the current Washington Convention Center site as the preferred location for the development.

The conferees have determined that additional funding of the project is premature. First, local District officials have not had an opportunity to review and analyze the proposed project. Nor has the District government made a financial commitment to this project. Also at issue is whether the project envisioned by the Federal City Council constitutes the highest and best use of the real estate under consideration. Finally, the conferees have not been provided with a detailed analysis of the project scope and all potential funding sources.

The conferees direct the General Accounting Office to review the National Museum of American Music project proposal and report to the Committees on Appropriations of the Senate and the House by April 1, 2001, on: (1) total project cost estimates; (2) all potential project funding sources (including local District, Federal, and private funding sources); (3) an analysis of whether the proposed project is suited for the site of the current Convention Center; and (4) whether it constitutes the highest and best use of the property at issue. The conferees encourage the staff of the Library of Congress and the Smithsonian to collaborate with the staff of the Federal City Council in the preparation of this report. The requested data will enable the Committees to more carefully analyze the appropriateness of continued Federal funding.

FEDERAL PAYMENT FOR BROWNFIELD REMEDIATION

Appropriates \$3,450,000 for environmental and infrastructure costs at Poplar Point as proposed by the Senate. The conference agreement allocates \$2,150,000 for environmental assessment, site remediation and wetlands restoration of the 11 acres of real property under the jurisdiction of the District of Columbia and no more than \$1,300,000 for infrastructure costs for an entrance to Anacostia Park as proposed by the Senate. The conference action also prohibits the use of any of these funds to purchase private property in the Poplar Point area as proposed by the Senate. The conferees note that in addition to the \$3,450,000 provided under

this heading, \$4,615,000 in Federal funds appropriated for infrastructure needs in Public Law 105-277 (112 Stat. 2681-552,3) has also been allocated to the Poplar Point project.

PRESIDENTIAL INAUGURATION

Appropriates \$5,961,000 as proposed by the House instead of \$6,211,000 as proposed by the Senate to reimburse the District government for expenses incurred in connection with presidential inauguration activities.

CHILDREN'S NATIONAL MEDICAL CENTER

Appropriates \$500,000 for a Federal contribution to the Children's National Medical Center to be used for the network of satellite pediatric health clinics for children and families in underserved neighborhoods and communities in the District.

CHILD ADVOCACY CENTER

Appropriates \$500,000 for a Federal contribution to the Child Advocacy Center for its Safe Shores program. The conferees are concerned with the inadequate treatment received by young victims of abuse and neglect. Safe Shores is the District's only Child Advocacy Center and serves an ever-growing population of maltreated children in the District of Columbia. Safe Shores is equipped with clinicians trained to work specifically with children to help facilitate resolution and healing for the young victims of abuse and neglect. Safe Shores works with the Metropolitan Police Department and the Child and Family Services Agency as an integral part of the multidisciplinary child welfare team in the District and is vital to effective intervention and case management. The conferees are disturbed by the lack of financial support offered the Center by the District's current administration, particularly in light of recent discoveries by the General Accounting Office of the crisis situation of the District's child welfare system.

ST. COLETTA OF GREATER WASHINGTON EXPANSION PROJECT

Appropriates \$1,000,000 for a Federal contribution to St. Coletta of Greater Washington, Inc., for costs associated with the establishment of a day program and comprehensive case management services for mentally retarded and multiple-handicapped adolescents and adults in the District of Columbia, including property acquisition and construction. The facility will be located at 212 M Street, S.E., and will provide vocational and functional life skills training, speech/language therapy, occupational therapy, physical therapy and behavior management to 100 adolescents and 50 adults.

DISTRICT OF COLUMBIA SPECIAL OLYMPICS

Appropriates \$250,000 for a Federal contribution to the District of Columbia Special Olympics which provides a year-round 15-sport program serving 2,500 mentally and developmentally disabled children and adults in the District.

FEDERAL CONTRIBUTION FOR ENFORCEMENT OF LAW BANNING POSSESSION OF TOBACCO PRODUCTS BY MINORS

The conference agreement appropriates \$100,000 under section 151 of the general provisions to the Metropolitan Police Department on the condition that the District government enacts into law a ban on the possession of tobacco products by minors as specified in section 151. The funds are to be used by the Department to enforce the ban.

DISTRICT OF COLUMBIA FUNDS

OPERATING EXPENSES

DIVISION OF EXPENSES

Inserts an additional exception to the spending ceiling for operating expenses to reflect the reserve fund and provides that operating expenses for the District for fiscal year 2001 shall not exceed \$5,677,379,000 of which

\$172,607,000 is from intra-District funds and \$3,250,783,000 is from local funds instead \$5,689,176,000 of which \$192,804,000 is from intra-District funds and \$3,245,523,000 is from local funds as proposed by the House and \$5,546,536,000 of which \$192,804,000 is from intra-District funds and \$3,096,383,000 is from local funds as proposed by the Senate. The changes in the amounts reflect actions taken by the conferees in the funding levels under the various appropriation headings.

DISTRICT OF COLUMBIA FINANCIAL RESPONSIBILITY AND MANAGEMENT ASSISTANCE AUTHORITY

Appropriates \$3,140,000 from other funds instead of \$3,140,000 from local funds as proposed by the House and \$6,500,000 from other funds as proposed by the Senate. The conference agreement retains the proviso concerning the cap on the salary levels of the Executive Director and the General Counsel as proposed by the House and inserts a proviso that limits severance or bonus payments and payments under agreements in effect before the enactment of this Act to two weeks for each full year of employment with the Authority. The severance payments are only for employees who are employed by the Authority during the entire period which begins on the date of the enactment of this Act and ends on September 30, 2001. An employee who leaves prior to September 30, 2001 is not entitled to any payment other than their regular salary for services performed prior to separation and a payment for unused regular annual leave accrued by the individual. The conferees believe the severance allowance recommended is generous.

GOVERNMENTAL DIRECTION AND SUPPORT

Appropriates \$195,771,000 including \$162,172,000 from local funds instead of \$194,521,000 including \$160,922,000 from local funds as proposed by the House and \$194,271,000 including \$160,672,000 from local funds as proposed by the Senate. The conference agreement deletes (1) the proviso proposed by the Senate regarding the use of freed-up appropriations and (2) the proviso proposed by the House that would have restricted the availability of funds for the Maximus, Inc., revenue recovery services contract GF 98104. The conference agreement includes language that provides the Office of the Chief Technology Officer with small purchase procurement authority of \$500,000 as proposed by the House.

Office of the Mayor.—The conference agreement provides \$7,467,000 instead of \$5,967,000 provided by the House and \$7,217,000 provided by the Senate. The allowance recommended by the conferees includes \$1,500,000 in Federal funds to remain available until expended as proposed by the Senate for the commercial revitalization program and \$250,000 in Federal funds as proposed by the House for the study and development of a plan to simplify the pay and compensation systems and schedules and work rules that currently apply to employees of the District of Columbia. A discussion of the requirements and expectations regarding the plan to simplify the District's pay and compensation systems can be found earlier in this report under "Federal Payment for Plan to Simplify Employee Compensation Systems". The Mayor's request of \$10,717,000 was adjusted to exclude \$5,000,000 for the one-time appropriation in fiscal year 2000 for the commercial revitalization program. The conference agreement includes language as proposed by the Senate that makes the \$5,000,000 available until expended.

Office of the Chief Financial Officer.—The conference agreement includes an increase of \$1,250,000 in Federal funds appropriated earlier in this Act for the Office of the Chief Financial Officer instead of \$1,500,000 as proposed by the House. The allowance includes

\$250,000 for payment to a mentoring program and for hotline services; \$250,000 for payment to a character education initiative; \$250,000 for a program to provide basic values training in the local public schools; and \$500,000 for the design, construction, and maintenance of a trash rack system to mitigate environmental harm caused by trash carried in city runoff which flows through the National Arboretum via the Hickey Run Watershed into the Anacostia River. Instructions to the Chief Financial Officer on the payment of these amounts are included under Federal Funds earlier in this report.

St. Elizabeths Hospital.—The conference agreement inserts a proviso that requires the Chief Financial Officer to submit a study by March 1, 2001, to the Committees on Appropriations of the House and the Senate on the merits and potential of privatizing the operation and administration of St. Elizabeths Hospital.

ECONOMIC DEVELOPMENT AND REGULATION

The conference agreement deletes the proviso proposed by the Senate regarding the use of freed-up appropriations.

PUBLIC SAFETY AND JUSTICE

Appropriates \$762,546,000 including \$591,565,000 from local funds instead of \$762,346,000 including \$591,365,000 from local funds as proposed by the House and the Senate. The increase of \$200,000 reflects two Federal payments of \$100,000 each appropriated elsewhere in this Act and described below.

Youth safe haven.—The conference agreement provides \$100,000 in Federal funds for a youth safe haven police mini-station program to be established in coordination with the Milton S. Eisenhower Foundation. The program creates youth safe havens in which nonprofit groups work with young people after school in public housing, other low-income neighborhoods and middle schools in the District of Columbia.

Tobacco possession by minors.—The conference agreement provides \$100,000 in Federal funds included in section 151 of the general provisions to the Metropolitan Police Department on the condition that the District government enacts into law a ban on the possession of tobacco products by minors as specified in section 151. The funds are to be used by the Department to enforce the ban.

Other.—The conference agreement includes a proviso that caps the number of police officers assigned to the Mayor's security detail at 15 as proposed by the Senate and deletes the proviso proposed by the Senate regarding the use of freed-up appropriations. The conference agreement also deletes the proviso proposed by the Senate concerning Chapter 23 of title 11 of the District of Columbia Code relating to the Office of the Chief Medical Examiner. That proviso is replaced by section 148 under General Provisions.

PUBLIC EDUCATION SYSTEM

Appropriates \$998,918,000 including \$824,867,000 from local funds as proposed by the Senate instead of \$995,418,000 including \$821,367,000 from local funds as proposed by the House and deletes the proviso proposed by the Senate regarding the use of freed-up appropriations.

Public schools.—Allocates \$769,943,000 including \$629,309,000 from local funds for public schools as proposed by the Senate instead of \$769,443,000 including \$628,809,000 from local funds as proposed by the House. The increase above the House allowance includes \$250,000 for a program to reduce school violence and \$250,000 for a program to enhance the reading skills of public school students.

College tuition support.—Allocates \$17,000,000 from Federal funds appropriated earlier in this Act as proposed by the Senate

instead of \$14,000,000 from Federal funds appropriated earlier in this Act as proposed by the House.

Public charter schools.—Inserts language as proposed by the Senate requiring quarterly reimbursements to be based on quarterly enrollment reports. The conference agreement includes language as proposed by the House requiring that the quarterly payment of October 15, 2000 to the public charter schools be 50 percent of each public charter school's annual entitlement based on the unaudited October 5 enrollment count. The conference agreement includes language as proposed by the House requiring that the balance of unused allocations for public charter schools be available for public education in accordance with the School Reform Act of 1995. The conference agreement deletes language proposed by the House that would have required the Mayor to convene a task force concerning the School Reform Act of 1995 for the purpose of instituting a funding mechanism for the projected growth of charter schools.

Excel Institute Adult Education Program.—Inserts language as proposed by the House that allows funds allocated to the Institute to be used for construction and to acquire services from the General Services Administration on a reimbursable basis.

Learning support conference.—Deletes the date requirement for a conference on learning support for children ages 3 and 4.

Weighted student formula.—Provides that no less than \$436,452,000 is to be expended on local schools through the Weighted Student Formula as proposed by the Senate instead of \$389,219,000 as proposed by the House.

Federal funds.—Allocates \$250,000 in Federal funds appropriated earlier in this Act for a program to reduce school violence in the District's public schools as proposed by the Senate and \$250,000 in Federal funds appropriated earlier in this Act for a program to enhance the reading skills of District public school students as proposed by the Senate.

Evaluation process.—Inserts language concerning the evaluation process for public school employees as a proviso as proposed by the Senate instead of as a general provision (section 145 of House bill) as proposed by the House.

Fiscal year change.—Inserts language that provides advance appropriations on July 1, 2001 to public charter schools and to regular public schools based on the District's proposed budget for fiscal year 2002 as submitted to Congress and requires that the advances be charged against the final amount enacted into law in the fiscal year 2002 District of Columbia Appropriations Act instead of language proposed by the House that would have changed the fiscal year. The language recommended by the conferees will facilitate the operation of the public charter schools and the regular public schools by aligning funding with the programmatic school year that begins July 1, 2001 and ends June 30, 2002.

HUMAN SUPPORT SERVICES (INCLUDING TRANSFER OF FUNDS)

Appropriates \$1,535,654,000 including \$637,347,000 from local funds instead of \$1,532,204,000 including \$633,897,000 from local funds as proposed by the House and \$1,532,704,000 including \$634,397,000 from local funds as proposed by the Senate and changes the heading to reflect the inclusion of transfers in this paragraph. The conference agreement deletes the proviso proposed by the Senate regarding the use of freed-up appropriations.

Brownfield remediation at Poplar Point.—The conference agreement reflects an increase of \$3,450,000 from Federal funds previously appropriated in this Act for environmental and

infrastructure costs at Poplar Point as proposed by the Senate. The conference agreement allocates \$2,150,000 for environmental assessment, site remediation and wetlands restoration of the 11 acres of real property under the jurisdiction of the District of Columbia and no more than \$1,300,000 for infrastructure costs for an entrance to Anacostia Park as proposed by the Senate. The conference action also prohibits the use of any of these funds to purchase private property in the Poplar Point area as proposed by the Senate. The conferees note that in addition to the \$3,450,000 provided under this heading, \$4,615,000 in Federal funds appropriated for infrastructure needs in Public Law 105-277 (112 Stat. 2681-552,3) has also been allocated to the Poplar Point project.

Ready, Willing and Able Program.—The conference agreement retains the proviso that provides \$1,250,000 be paid to the Doe Fund for the operation of its Ready, Willing, and Able Program in the District of Columbia as proposed by the House.

Hamilton Field.—The conference agreement retains the proviso proposed by the Senate that authorizes the District of Columbia to enter into a long-term lease of Hamilton Field with Gonzaga College High School in exchange for Gonzaga introducing and implementing a youth baseball program focused on 13 to 18 year old residents, summer and fall baseball programs and baseball clinics.

Public benefit corporation.—The conference agreement includes a proviso that allows the District to transfer not more than \$90,000,000 from local funds provided under other accounts in this Act for the purpose of restructuring the delivery of health services in the District instead of 15 percent of local funds in the appropriation as proposed by the Senate. The language requires that the restructuring be pursuant to a restructuring plan approved by the Mayor, the Council, the Financial Authority, and the Board of Directors of the Public Benefit Corporation that reduces personnel levels consistent with the reduction-in-force set forth in the August 25, 2000 resolution of the Board of Directors of the Corporation which requires reducing personnel by at least 500 full-time equivalent employees without replacement by contract personnel. The language also requires that no funds be expended until 10 calendar days after the restructuring plan has received final approval and a copy has been submitted by the Mayor to the House and Senate Committees on Appropriations, the House Committee on Government Reform, and the Senate Committee on Governmental Affairs. The language agreed to by the conferees also requires that the plan include a certification that it does not rely upon any current or future request for additional appropriation of Federal Funds. Conforming language is included under the heading "District of Columbia Health and Hospitals Public Benefit Corporation".

PUBLIC WORKS

Deletes the proviso proposed by the Senate regarding the use of freed-up appropriations and makes editorial changes to language allocating funds to various programs.

RECEIVERSHIP PROGRAMS

Deletes the proviso proposed by the Senate regarding the use of freed-up appropriations.

RESERVE

Modifies language proposed by the Senate that provides for the replacement of funds expended during fiscal year 2000 from the \$150,000,000 Reserve instead of the establishment of a \$150,000,000 Reserve by the Chief Financial Officer as proposed by the Senate. The modified language also provides that no funds are to be obligated or expended until the emergency reserve fund has been fully

funded for fiscal year 2001 as proposed by the Senate. The House language provided for the replacement of funds expended and prohibited the obligation of the reserves until certain conditions were met.

EMERGENCY RESERVE FUND

Inserts language providing for an emergency reserve fund from local funds as proposed by the Senate.

REPAYMENT OF LOANS AND INTEREST

Deletes the proviso proposed by the Senate regarding the use of freed-up appropriations and inserts a proviso proposed by the Senate providing that unused reserve funds shall be used for Pay-As-You-Go Capital Funds.

PRESIDENTIAL INAUGURATION

Appropriates \$5,961,000 from Federal funds appropriated earlier in this Act as proposed by the House instead of \$6,211,000 from Federal funds appropriated earlier in this Act as proposed by the Senate.

TOBACCO SETTLEMENT TRUST FUND TRANSFER PAYMENT

Modifies language proposed by the House and the Senate making the transfer of not to exceed \$61,406,000 to the Tobacco Settlement Trust Fund subject to the issuance of bonds to pay the purchase price of the District's right, title and interest in and to the Master Settlement Agreement, and consistent with the Tobacco Settlement Financing and Trust Fund Amendment Act of 2000.

CAFETERIA PLAN SAVINGS

Deletes the proviso proposed by the Senate regarding the use of freed-up appropriations.

ENTERPRISE AND OTHER FUNDS

WATER AND SEWER AUTHORITY AND THE WASHINGTON AQUEDUCT

The conference agreement provides \$140,725,000 for fiscal year 2001 for the fol-

lowing capital projects: \$77,372,000 for the Blue Plains Wastewater Treatment Plant, zero for the stormwater program, \$21,450,000 for the water program, \$1,182,000 for the sanitary sewer program, zero for the combined sewer program, \$1,699,000 for the capital equipment program and \$39,022,000 for the Water and Sewer Authority's share of the Washington Aqueduct capital projects. The conferees agree that the Water and Sewer Authority is expressly authorized to expend funds between projects authorized in prior years' budgets within these seven projects provided the Committees on Appropriations of the House and the Senate are notified of the details in writing at least 30 days prior to the obligation of the funds.

The conferees agree that section 140(b) of the House bill and section 127(b) of the Senate bill (new section 129(b)) also applies to the Water and Sewer Authority and that the agency head of the Water and Sewer Authority may abolish positions and separate the employees encumbering those abolished positions in accordance with the modified reduction in force procedures and severance pay authorized in section 129(b). The conferees agree that while section 129(b) applies to the Water and Sewer Authority, it does not change the Authority's general exemption from coverage under the Comprehensive Merit Personnel Act of 1978 (D.C. Code, sec. 1-601.1 et seq.), or the Authority's independent legal status within the District government.

DISTRICT OF COLUMBIA HEALTH AND HOSPITALS PUBLIC BENEFIT CORPORATION

Inserts language that (1) requires a restructuring plan for D.C. General Hospital to be approved by District officials prior to increasing the appropriation through re-

programming, transfers, loans or other mechanisms, (2) requires the District's Chief Financial Officer to sign an affidavit certifying that payments made on behalf of the Corporation do not constitute a violation of any provision of subchapter III of chapter 13 of title 31, United States Code, or of this Act, (3) clarifies what may be covered by an affidavit, and (4) makes it unlawful to order a person to sign any affidavit or to provide a signature on an affidavit by proxy, machine, computer or facsimile device. The conference action does not prohibit reimbursement to the Corporation for services provided to other District government agencies and grants that in prior years were not included in the amounts appropriated from other funds.

DISTRICT OF COLUMBIA RETIREMENT BOARD

The conference agreement retains the proviso that requires the Retirement Board to provide quarterly reports of the allocations of charges by fund and expenditures of all funds.

SUMMARY TABLE OF CONFERENCE RECOMMENDATIONS BY AGENCY AND FY 2001 FINANCIAL PLAN

A summary table showing the Federal appropriations by account and the allocation of District funds by agency or office under each appropriation heading for fiscal year 2000, the fiscal year 2001 request, the House and Senate recommendations, and the conference allowance, and the fiscal year 2001 Financial Plan which is the starting point for the independent auditor's comparison with actual year-end results as required by section 132 of the Act follow:

GENERAL PROVISIONS

In addition to the explanations that follow, the conference agreement changes several section numbers for sequencing purposes and makes technical revisions in certain citations. Unless noted otherwise, the conference agreement refers to H.R. 4942 as passed the House.

The conference agreement deletes section 101 of the House bill as proposed by the Senate concerning the availability of consulting service contracts for public inspection.

The conference agreement deletes section 102 of the House bill as proposed by the Senate concerning vouchers covering expenditures of appropriations being audited before payments.

The conference agreement deletes section 104 of the House bill as proposed by the Senate concerning allowances for privately owned automobiles and motorcycles used for the performance of official duties.

The conference agreement retains section 107 of the House bill (new section 104) requiring the Mayor to maintain an index of all employment personal services and consulting contracts with specific information on any severance clause.

The conference agreement retains section 108 of the House bill (new section 105) prohibiting any appropriation from remaining available for obligation beyond the current fiscal year unless expressly so provided.

The conference agreement deletes section 114 of the House bill as proposed by the Senate that would have prohibited the Mayor from borrowing any funds for capital projects unless the Council had approved the borrowing by resolution.

The conference agreement deletes section 115 of the House bill as proposed by the Senate that would have prohibited the Mayor from using moneys borrowed for capital projects for operating expenses.

The conference agreement modifies section 116 of the House bill and section 109 of the Senate bill (new section 111) concerning reprogramming guidelines. The modification allows inter-appropriation transfers of not-to-exceed 2 percent provided the Committees on Appropriations of the Senate and the House are notified in writing 30 days in advance as proposed by the Senate.

The conference agreement deletes section 117 of the House bill as proposed by the Senate that would have prohibited the use of Federal funds to provide a personal cook, chauffeur, or other personal servants to any officer or employee of the District of Columbia government.

The conference agreement retains section 110 of the Senate bill (new section 112) stating that consistent with the provisions of 31 U.S.C. 1301(a), appropriations under this Act shall be applied only to the objects for which the appropriations were made except as otherwise provided by law.

The conference agreement deletes section 118 of the House bill as proposed by the Senate that would have prohibited the use of Federal funds to procure passenger automobiles as defined in the Automobile Fuel Efficiency Act of 1980 with an Environmental Protection Agency estimated miles per gallon average of less than 22 miles per gallon.

The conference agreement deletes section 119 of the Senate bill concerning the use of previously appropriated funds for accounting and financial management services as determined by the District of Columbia Financial Responsibility and Management Assistance Authority.

The conference agreement amends section 120 of the Senate bill (new section 122) increasing the amount that can be paid to attorneys representing special education students.

The conference agreement amends section 124 of the House bill and section 116 of the Senate bill (new section 118) to allow the District of Columbia Courts to accept gifts to carry out authorized functions or duties without prior approval by the Mayor.

The conference agreement deletes sections 126, 132, 133, and 134 of the House bill and incorporates those four sections into section 118 of the Senate bill (new section 121). These sections relate to reporting requirements for the District of Columbia Public Schools and the University of the District of Columbia.

The conference agreement retains section 127 of the House bill and section 141 of the Senate bill (new section 153) concerning the Federal Grant and Cooperative Agreements Act of 1977 as it relates to the District of Columbia.

The conference agreement retains section 118 of the Senate bill (new section 121) which incorporates sections 126, 132, 133, and 134 of the House bill concerning reporting requirements for the District of Columbia Public Schools and the University of the District of Columbia.

The conference agreement retains section 127(b) of the Senate bill instead of section 140(b) of the House bill (new section 129(b)) concerning the modification of reduction in force procedures. The Senate version makes the modifications permanent law.

The conference agreement deletes section 128 of the House bill as proposed by the Senate that would have established conditions for granting preference to public charter schools in the use of surplus school properties.

The conference agreement retains section 129 of the House bill (new section 120) concerning the modification of contracting requirements for public charter schools in the District.

The conference agreement deletes section 138 of the House bill as proposed by the Senate concerning the classification of employees of the District of Columbia public schools.

The conference agreement replaces section 140(b) of the House bill with section 127(b) of the Senate bill (new section 129(b)) relating to the modification of reduction in force procedures. The Senate version makes the modifications permanent law.

The conference agreement retains section 140(c) of the House bill (new subsection 129(c)) that requires a prior analysis with certain exceptions for the procurement of goods and services in excess of \$2,500.

The conference agreement deletes Section 144 of the House bill as proposed by the Senate concerning reorganization plans.

The conference agreement deletes section 145 of the House bill as proposed by the Senate relating to the evaluation process for District of Columbia Public School employees. This section has been included as a proviso under the Public Education System appropriation heading.

The conference agreement retains section 132 of the Senate bill (new section 136) which requires the Chief Financial Officer to submit a revised appropriated funds operating budget no later than November 1, 2000 or within 30 calendar days after the date of the enactment of this Act.

The conference agreement retains Section 147 of the House bill (new section 134) concerning the transfer or confinement of inmates classified above the medium security level to the Northeast Ohio Correctional Center located in Youngstown, Ohio.

The conference agreement deletes section 148 of the House bill as proposed by the Senate concerning the District's reserve fund.

The conference agreement retains section 149 of the House bill (new section 135) relating to the audit of the District of Columbia

Highway Trust Fund by the Inspector General of the District of Columbia.

The conference agreement retains section 133(b) of the Senate bill (new section 137(b)) that requires a separate accounting by individuals or entities who receive any funds in this Act and carry out a needle exchange program for the hypodermic injection of any illegal drug.

The conference agreement amends section 153 of the House bill and section 136 of the Senate bill (new section 140) concerning certifications by chief financial officers that they understand the duties, including reporting requirements, and restrictions applicable to them and their agency as a result of this Act. The language requires the certification within 60 days as proposed by the Senate instead of within 30 days as proposed by the House and deletes the civil money penalty for violations as proposed by the Senate.

The conference agreement replaces section 154 of the House bill with section 144 of the Senate bill (new section 156) relating to overtime compensation for District government employees for time worked in excess of 40 hours per week.

The conference agreement retains section 158 of the House bill (new section 144) which authorizes the Mayor to allocate the District's limitation amount of qualified zone academy bonds among qualified zone academies within the District.

The conference agreement retains section 159 of the House bill (new section 145) which amends Section 11232 of the Balanced Budget Act of 1997 concerning Federal benefits for employees of the Corrections Trustee, Adult Probation, Office of Parole, and Pretrial Services Agency.

The conference agreement deletes section 160 of the House bill as proposed by the Senate that expressed the sense of the Congress that patients of St. Elizabeths Hospital and taxpayers of the District of Columbia are being poorly served by the current facilities and management of the Hospital. Language under Governmental Direction and Support requires the Chief Financial Officer to submit a study to the House and Senate Committees on Appropriations on the merits and potential savings of privatizing the operation and administration of the Hospital.

The conference agreement retains section 161 of the House bill (new section 146) expressing the sense of the Congress that the District of Columbia Financial Responsibility and Management Assistance Authority should quickly complete the sale of the Franklin School property.

The conference agreement deletes section 162 of the House bill as proposed by the Senate that related to the fiduciary duty of District officials. The conferees are concerned that many District officials are treating incidences of mismanagement in their operations and finances as the norm. This attitude is unacceptable. Although the conferees are deleting section 162 from the bill, the conferees continue to be concerned and urge officials of the District of Columbia government (including officials of the District of Columbia Financial Responsibility and Management Assistance Authority, independent agencies, boards, commissions, and corporations of the government) to take all steps necessary to maintain a fiduciary duty to the taxpayers of the District in the administration of funds under their control.

The conference agreement modifies and transfers section 163 of the House bill to the appropriation "District of Columbia Health and Hospitals Public Benefit Corporation" as a proviso that requires a restructuring plan for D.C. General Hospital to be approved by District officials prior to increasing the appropriation through reprogrammings, transfers, loans or other mechanisms.

The conference agreement modifies and transfers the three subsections of section 164 of the House bill to the appropriation "District of Columbia Health and Hospitals Public Benefit Corporation" as provisos that (1) require a certification by the Chief Financial Officer, (2) clarify what may be covered by an affidavit, and (3) make certain actions unlawful regarding the signing of any affidavit.

The conference agreement deletes section 165 of the House bill as proposed by the Senate that would have prohibited the District of Columbia Health and Hospital Public Benefit Corporation from obligating or expending any amounts during fiscal year 2001 unless the Corporation certified that the obligation or expenditure was within the budget authority provided to the Corporation in this Act.

The conference agreement retains section 167 of the House bill (new section 147) that provides that nothing in this Act may be construed to prevent the Council or Mayor of the District of Columbia from addressing the issue of contraceptive coverage by health insurance plans, but expressing the intent of Congress that any legislation enacted should include a "conscience clause" which provides exceptions for religious beliefs and moral convictions.

The conference agreement retains section 168 of the House bill (new section 148) which repeals chapter 23 of title 11, of the D. C. Code and provides that this section shall take effect on the date on which legislation enacted by the Council of the District of Columbia to establish the Office of the Chief Medical Examiner in the executive branch of the government of the District of Columbia takes effect.

The conference agreement retains section 169 of the House bill (new section 149) concerning the prompt payment of appointed counsel.

The conference agreement revises section 170 of the House bill (new section 150) concerning the distribution of any needle or syringe for the hypodermic injection of any illegal drug in any area of the District of Columbia which is within 1000 feet of a public or private elementary or secondary school (including a public charter school) other than the locations cited in this Act and requires monthly reports on activity involving illegal drugs at or near any public housing site where a needle exchange program is conducted. The language also requires the Public Housing Police to submit monthly reports on illegal drug activity at or near any public housing site where a needle exchange program is conducted to the Executive Director of the D.C. Housing Authority and to the Committees on Appropriations of the House and the Senate. The monthly reports are to be submitted by the 15th calendar day of the following month. The conference agreement requires the Executive Director to ascertain any concerns of the residents of the public housing site about the needle exchange programs on or near their sites and requires the District government to take appropriate action to require relocation of the program if recommended by the housing police or by a significant number of residents of the site.

The conference agreement modifies section 171 of the House bill (new section 151) by appropriating \$100,000 to the Metropolitan Police Department on the condition that the District government enacts into law a ban on the possession of tobacco products by minors as specified in this section. The funds are to be used by the Department to enforce the ban.

The conference agreement retains section 166 of the House bill and section 140 of the Senate bill (new section 152) that allows the D.C. Corporation Counsel to review and com-

ment on briefs in private lawsuits and to consult with officials of the District government regarding such lawsuits.

The conference agreement retains section 142 of the Senate bill (new section 154) which amends section 450 of the Home Rule Act concerning a "Comprehensive Financial Management Policy" for the District of Columbia.

The conference agreement retains section 143 of the Senate bill (new section 155) which amends section 424(b) of the Home Rule Act concerning the appointment and duties of the Chief Financial Officer.

The conference agreement retains section 144 of the Senate bill and section 154 of the House bill (new section 156) concerning overtime work for employees of the District of Columbia government.

The conference agreement retains section 145 of the Senate bill (new section 157) which allows the Court Services and Offender Supervision Agency for the District of Columbia to continue to operate its ongoing drug-free workplace testing program during the period that its plan is being reviewed for approval by the Department of Health and Human Services.

The conference agreement retains section 146 of the Senate bill (new section 158) which requires the Mayor to continue to submit quarterly reports on crime; access to drug abuse treatment, management of parolees and pre-trial violent offenders; education, including access to special education services and student achievement; improvements in basic District services; the application for and management of Federal grants; and indicators of child well-being.

The conference agreement retains section 147 of the Senate bill (new section 159) establishing reserve funds (emergency reserve fund and contingency reserve fund). The conference agreement includes the Senate bill's provision establishing both an emergency and contingency reserve fund in the District's budget. The provision requires the emergency reserve to be established first, through a deposit each year of one percent of the District's local funds for four years. The conferees believe that a four percent emergency reserve fund, that can only be tapped in extraordinary circumstances and that is maintained in a separate account, will increase the fiscal stability of the city and indicate to the financial markets that the District has a healthy financial cushion that is walled off from the rest of the general budget. The conferees believe that holding these reserves can and will eventually reduce the borrowing costs of the District.

The conference agreement inserts a new section 160 that authorizes the District government to delegate its bonding authority to the District of Columbia Tobacco Settlement Financing Corporation. The Corporation will use the proceeds from the bond sale to repay outstanding debt, with expected savings to the District of \$61,400,000 in debt service for fiscal year 2001. These savings are included in the District's budget for fiscal year 2001. The conferees believe that the proceeds of the tobacco securitization will be used solely to reduce the District's debt or to fund the emergency reserve fund. The conferees also expect that an amount equal to 50 percent of the interest savings secured by the tobacco securitization proceeds will be transferred to the emergency reserve fund established in this Act.

The conference agreement inserts a new section 161 that revises section 603(e)(2)(B) of the Student Loan Marketing Association Reorganization Act of 1996 to require that half of the public charter school credit enhancement fund created by that legislation be granted expeditiously by the Mayor to one or more qualified non-profit corporations to

demonstrate innovative methods of providing credit enhancement assistance to public charter schools. The remaining half of the funds are to be administered by a five-person committee that may either provide those funds directly to charter schools or provide them to non-profit entities to promote innovative credit enhancement initiatives. Activities by recipient entities to enhance the availability of loans to charter schools may include, but are not limited to, guaranteeing, insuring or providing security (including by pledging collateral or taking title to real property) for loans; providing down payment assistance, subsidizing installment payments or otherwise directly facilitating loans; facilitating a secondary market for loans; and helping to identify potential lending sources, encouraging private lending and other similar activities to promote lending to charter schools. Activities by recipient entities to enhance the availability of bond financing for charter schools may include, but are not limited to, providing technical and other administrative assistance; and providing financial or other assistance necessary to improve the rating or proposed repayment terms of a bond issue, to induce the participation of underwriters, or to otherwise enhance the commercial feasibility of a proposed transaction (including by providing for all or a portion of installment payments on the bond in the event of borrower default or, in the case of a bond issue with a floating rate, a marked increase in the applicable rate, the pledging of reserves or other collateral, or by taking title to property or other interests). The conferees request that quarterly reports be submitted by the 15th calendar day of the month following the end of each quarter to the House and Senate Committees on Appropriations, the House Committee on Government Reform, and the Senate Committee on Governmental Affairs. Each report is to include, but not be limited to, the amount expended by payee for the quarter and cumulative, the services received for those funds, the amount of loans generated (gross and net) showing specific bond counsel and all other fees itemized with the names of those receiving the funds, the names of the lenders, the names of the charter schools receiving the proceeds, a description of the purpose for which each charter school will use the proceeds and a detailed status report with cost information on the progress each charter school is making to accomplish the purpose for which it received the proceeds. These reports are to continue until the purpose for which the proceeds were obtained has been accomplished.

The conference agreement inserts a new section 162 which gives the Mayor the exclusive authority to approve and execute leases of the Washington Marina and the Washington municipal fish wharf with the existing lessees for an initial term of 30 years, together with such other terms and conditions, including renewal options, as the Mayor deems appropriate.

The conference agreement inserts a new section 163 which transfers two sites, designated for educational use, to Fairfax County, Virginia immediately upon completion of the necessary remediation by the General Services Administration.

The conference agreement inserts a new section 164 that waives restrictions and allows the District's Inspector General to enter into a contract for the independent audit of the District's financial statements with an auditor who was a subcontractor to the independent auditor who audited the District's financial statements for the preceding fiscal year.

The conference agreement inserts a new section 165 that provides an alternative mechanism to exchange property as envisioned in the Lorton Technical Corrections

Act of 1998. Under the 1998 legislation, the Interior Department was authorized to hold a portion of the 3,000 acre surplus Federal property in Lorton, Virginia and exchange it for Meadowood Farm on Mason Neck, Virginia. The Interior Department, however, encountered difficulties dealing directly with the owners of the Meadowood property. Fairfax County has volunteered to serve as an intermediary acquiring Meadowood in exchange for the Lorton parcel held by the Interior Department. Fairfax County believes it can deal more effectively with the owners of Meadowood. In return, the county believes that if it acquires the Interior Department's holding at Lorton it can make the necessary site improvements to generate a higher sales price. The language provides assurances that Fairfax County will be reimbursed for all costs involved in the acquisition of both the Meadowood property and the Lorton property. Any excess profits from the sale of the Lorton property would be returned to the General Services Administration. Any losses incurred by Fairfax County would be borne by the county alone.

The conference agreement inserts a new section 166 amending section 158(b) of the District of Columbia Appropriations Act, 2000 (Public Law 106-113, approved November 29, 1999; 113 Stat. 1527) to direct the Federal Highway Administration to conduct and perform the 14th Street bridge work identified in section 158. This work relates to a project to complete design requirements for compliance with the National Environmental Policy Act for the construction of expanded lane capacity for the 14th Street Bridge.

SEC. 635. (a) This section may be cited as "Amy Boyer's Law".

(b) Congress makes the following findings:

(1) The inappropriate display, sale, or use of social security numbers is a significant factor in a growing range of illegal activities, including fraud, identity theft, and, in some cases, stalking and other violent crimes.

(2) Because social security numbers are used to track financial, health care, and other sensitive information about individuals, the inappropriate sale or display of those numbers to the general public can result in serious invasions of individual privacy and facilitate the commission of criminal activity.

(3) The Federal Government requires virtually every individual in the United States to obtain and maintain a social security number in order to pay taxes, to qualify for social security benefits, or to seek employment. An unintended consequence of these requirements is that social security numbers have become tools that can be used to facilitate crime, fraud, and invasions of the privacy of the individuals to whom the numbers are assigned. Because the Federal Government created and maintains the social security number system, and because the Federal Government does not permit persons to exempt themselves from the requirements of that system, it is appropriate for the Federal Government to take steps to stem abuse of the system.

(4) A social security number is simply a sequence of numbers. In no meaningful sense can the number itself impart knowledge or ideas. Persons do not sell or transfer such numbers in order to convey any particularized message, nor to express to the purchaser any ideas, knowledge, or thoughts.

(5) No one should seek to profit from the display or sale to the general public of social security numbers in circumstances that create a sub-

stantial risk of physical, emotional, or financial harm to the individuals to whom those numbers are assigned.

(6) Various entities may display, sell, or use social security numbers, including the private sector, the Federal Government and State governments, and Federal and State courts. Whatever the source, the inappropriate display or sale to the general public of social security numbers should be prevented.

(7) Congress should enact legislation that will offer an individual assigned a social security number necessary protection from the display, sale, or purchase of the number in circumstances that might facilitate unlawful conduct or that might otherwise likely result in unfair and deceptive practices.

(c)(1) Part A of title XI of the Social Security Act (42 U.S.C. 1301 et seq.) is amended by adding at the end the following new section:

"PROHIBITION OF CERTAIN MISUSES OF THE SOCIAL SECURITY NUMBER

"SEC. 1150A. (a) Except as otherwise provided in this section, no person may display or sell to the general public any individual's social security number, or any identifiable derivative of such number, without the affirmatively expressed consent, electronically or in writing, of the individual.

"(2) by a professional or commercial user who appropriately uses the information in the normal course and scope of their businesses for purposes of retrieval of other information, except that the professional or commercial user may not display or sell the number (or any identifiable derivative of the number) to the general public;

"(3) for purposes of law enforcement, including investigation of fraud or as required under subchapter II of chapter 53 of title 31, United States Code, and chapter 2 of title 1 of Public Law 91-508 (12 U.S.C. 1951-1959); or

"(4) that may appear in a public record including, but not limited to, proceedings or records of Federal or State courts.

"(e)(1) Any individual aggrieved by any act of any person in violation of this section may bring a civil action in a United States district court to recover—

"(3) No action may be commenced under this subsection more than 3 years after the date on which the violation was or should reasonably have been discovered by the aggrieved individual.

"(4) The remedy provided under this subsection shall be in addition to any other lawful remedy available to the individual.

"(2) Any willful violation committed contemporaneously with respect to the social security numbers of 2 or more individuals by means of mail, telecommunication, or otherwise shall be treated as a separate violation with respect to each such individual.

"(3) The provisions of section 1128A (other than subsections (a), (b), (f), (h), (i), (j), and (m), and the first sentence of subsection (c)) and the provisions of subsections (d) and (e) of section 205 shall apply to civil money penalties under this subsection in the same manner as such provisions apply to a penalty or proceeding under section 1128A(a), except that, for purposes of this paragraph, any reference in section 1128A to the Secretary shall be deemed a reference to the Commissioner of Social Security.

"(g) In this section, the term 'display or sell to the general public' means the intentional placing of an individual's social security number, or identifying portion thereof, in a viewable manner on a web site that makes such information available to the general public, or otherwise intentionally communicating an individual's social security number, or an identifying portion thereof, to the general public.

"(h) Nothing in this section shall be construed to limit the use of social security numbers by the Federal Government for governmental purposes, including any of the following purposes:

"(1) National security.

"(2) Law enforcement.

"(3) Public health.

"(4) Federal or federally-funded research conducted for the purposes of advancing knowledge.

"(5) When such numbers are required to be submitted as part of the process for applying for any type of government benefit or program."

(2) Section 208(a) of the Social Security Act (42 U.S.C. 408(a)) is amended—

(1) in paragraph (8), by inserting "or" after the semicolon; and

(2) by inserting after paragraph (8), the following new paragraphs:

(7) The term 'Producing Coastal State' means a Coastal State with a coastal seaward boundary within 200 miles from the geographic center of a leased tract other than a leased tract within any area of the Outer Continental Shelf

“(8) The term ‘qualified Outer Continental Shelf revenues’ means all amounts received by the United States from each leased tract or portion of a leased tract lying seaward of the zone defined and governed by section 8(g) of this Act, or lying within such zone but to which section 8(g) does not apply, the geographic center of which lies within a distance of 200 miles from any part of the coastline of any Coastal State, including bonus bids, rents, royalties (including payments for royalties taken in kind and sold), net profit share payments, and related late payment interest. Such term does not include any revenues from a leased tract or portion of a leased tract that is included within any area of the Outer Continental Shelf where a moratorium on new leasing was in effect as of January 1, 2000, unless the lease was issued prior to the establishment of the moratorium and was in production on January 1, 2000.

“(9) The term ‘Secretary’ means the Secretary of Commerce.

“(b) AUTHORIZATION.—For fiscal year 2001, \$150,000,000 is authorized to be appropriated for the purposes of this section.

“(c) IMPACT ASSISTANCE PAYMENTS TO STATES AND POLITICAL SUBDIVISIONS.—The Secretary shall make payments from the amounts available under this section to Producing Coastal States with an approved Coastal Impact Assistance Plan, and to coastal political subdivisions as follows:

“(A) 60 percent of the amounts appropriated shall be equally divided among all Producing Coastal States;

“(B) 40 percent of the amounts appropriated for the purposes of this section shall be divided among Producing Coastal States based on Outer Continental Shelf production, except that of such amounts no Producing Coastal State may receive more than 25 percent in any fiscal year.

“(2) CALCULATION.—The amount for each Producing Coastal State under paragraph (1)(B) shall be calculated based on the ratio of qualified OCS revenues generated off the coastline of the Producing Coastal State to the qualified OCS revenues generated off the coastlines of all Producing Coastal States for the period beginning on January 1, 1995 and ending on December 31, 2000. Where there is more than one Producing Coastal State within 200 miles of a leased tract, the amount of each Producing Coastal State’s payment under paragraph (1)(B) for such leased tract shall be inversely proportional to the distance between the nearest point on the coastline of such State and the geographic center of each leased tract or portion of the leased tract (to the nearest whole mile) that is within 200 miles of that coastline, as determined by the Secretary. A leased tract or portion of a leased tract shall be excluded if the tract or portion is located in a geographic area where a moratorium on new leasing was in effect on January 1, 2000, unless the lease was issued prior to the establishment of the moratorium and was in production on January 1, 2000.

cated within a distance of 50 miles from the geographic center of the closest leased tract with qualified Outer Continental Shelf revenues:

“(A) 25 percent shall be allocated based on the ratio of such coastal political subdivision’s coastal population to the coastal population of all coastal political subdivisions in the Producing Coastal State.

“(B) 25 percent shall be allocated based on the ratio of such coastal political subdivision’s coastline miles to the coastline miles of all coastal political subdivisions in the Producing Coastal State.

“(C) 50 percent shall be allocated based on the relative distance of such coastal political subdivision from any leased tract used to calculate that Producing Coastal State’s allocation using ratios that are inversely proportional to the distance between the point in the coastal political subdivision closest to the geographic center of each leased tract or portion, as determined by the Secretary. For purposes of the calculations under this subparagraph, a leased tract or portion of a leased tract shall be excluded if the leased tract or portion is located in a geographic area where a moratorium on new leasing was in effect on January 1, 2000, unless the lease was issued prior to the establishment of the moratorium and was in production on January 1, 2000.

“(4) FAILURE TO HAVE PLAN APPROVED.—Any amount allocated to a Producing Coastal State or coastal political subdivision but not disbursed because of a failure to have an approved Coastal Impact Assistance Plan under this section shall be allocated equally by the Secretary among all other Producing Coastal States in a manner consistent with this subsection except that the Secretary shall hold in escrow such amount until the final resolution of any appeal regarding the disapproval of a plan submitted under this section. The Secretary may waive the provisions of this paragraph and hold a Producing Coastal State’s allocable share in escrow if the Secretary determines that such State is making a good faith effort to develop and submit, or update, a Coastal Impact Assistance Plan.

SEC. 1004. APPROVAL OF LOAN GUARANTEES.

(a) AUTHORITY TO APPROVE LOAN GUARANTEES.—Subject to the provisions of this section and consistent with the purpose of this Act, the Board may approve loan guarantees under this Act.

(b) REGULATIONS.—

(1) REQUIREMENTS.—The Administrator (as defined in section 5), under the direction of and for approval by the Board, shall prescribe regulations to implement the provisions of this Act and shall do so not later than 120 days after funds authorized to be appropriated under section 11 have been appropriated in a bill signed into law.

(2) ELEMENTS.—The regulations prescribed under paragraph (1) shall—

(A) set forth the form of any application to be submitted to the Board under this Act;

(B) set forth time periods for the review and consideration by the Board of applications to be submitted to the Board under this Act, and for any other action to be taken by the Board with respect to such applications;

(F) include such other provisions consistent with the purpose of this Act as the Board considers appropriate.

(B) If any provision of this Act or the application of such provision to any person or entity or circumstance is held to be invalid by a court of competent jurisdiction, the remainder of this Act, or the application of such provision to such person or entity or circumstance other than those as to which it is held invalid, shall not be affected thereby.

(c) AUTHORITY LIMITED BY APPROPRIATIONS ACTS.—The Board may approve loan guarantees under this Act only to the extent provided for in advance in appropriations Acts, and the Board may accept credit risk premiums from a non-Federal source in order to cover the cost of a loan guarantee under this Act, to the extent that appropriations of budget authority are insufficient to cover such costs.

(d) REQUIREMENTS AND CRITERIA APPLICABLE TO APPROVAL.—

(1) IN GENERAL.—The Board shall utilize the underwriting criteria developed under subsection (g), and any relevant information provided by the departments and agencies with which the Board consults under section 3, to determine which loans may be eligible for a loan guarantee under this Act.

(2) PREREQUISITES.—In addition to meeting the underwriting criteria under paragraph (1), a loan may not be guaranteed under this Act unless—

(A) the loan is made to finance the acquisition, improvement, enhancement, construction, deployment, launch, or rehabilitation of the means by which local television broadcast signals will be delivered to a nonserved area or underserved area;

(B) the proceeds of the loan will not be used for operating, advertising, or promotion expenses, or for the acquisition of licenses for the use of spectrum in any competitive bidding under section 309(j) of the Communications Act of 1934 (47 U.S.C. 309(j));

(C) the proposed project, as determined by the Board in consultation with the National Telecommunications and Information Administration, is not likely to have a substantial adverse impact on competition that outweighs the benefits of improving access to the signals of a local television station in a nonserved area or underserved area and is commercially viable;

(D) (i) the loan—

(I) is provided by any entity engaged in the business of commercial lending—

(aa) if the loan is made in accordance with loan-to-one-borrower and affiliate transaction restrictions to which the entity is subject under applicable law; or

(bb) if item (aa) does not apply, the loan is made only to a borrower that is not an affiliate of the entity and only if the amount of the loan and all outstanding loans by that entity to that borrower and any of its affiliates does not exceed 10 percent of the net equity of the entity; or

(II) is provided by a nonprofit corporation, including the National Rural Utilities Cooperative Finance Corporation, engaged primarily in commercial lending, if the Board determines that such nonprofit corporation has one or more issues of outstanding long-term debt that is rated within the highest 3 rating categories of a nationally recognized statistical rating organization;

(ii) if the loan is provided by a lender described in clause (i)(II) and the Board determines that the making of the loan by such lender will cause a decline in such lender's debt rating as described in that clause, the Board at its discretion may disapprove the loan guarantee on this basis;

(iii) no loan may be made for purposes of this Act by a governmental entity or affiliate thereof, or by the Federal Agricultural Mortgage Corporation, or any institution supervised by the Office of Federal Housing Enterprise Oversight, the Federal Housing Finance Board, or any affiliate of such entities;

(iv) any loan must have terms, in the judgment of the Board, that are consistent in material respects with the terms of similar obligations in the private capital market;

(v) for purposes of clause (i)(I)(bb), the term "net equity" means the value of the total assets of the entity, less the total liabilities of the entity, as recorded under generally accepted accounting principles for the fiscal quarter ended immediately prior to the date on which the subject loan is approved;

(E) repayment of the loan is required to be made within a term of the lesser of—

(i) 25 years from the date of the execution of the loan; or

(ii) the economically useful life, as determined by the Board or in consultation with persons or entities deemed appropriate by the Board, of the

primary assets to be used in the delivery of the signals concerned; and

(F) the loan meets any additional criteria developed under subsection (g).

(3) PROTECTION OF UNITED STATES FINANCIAL INTERESTS.—The Board may not approve the guarantee of a loan under this Act unless—

(A) the Board has been given documentation, assurances, and access to information, persons, and entities necessary, as determined by the Board, to address issues relevant to the review of the loan by the Board for purposes of this Act; and

(B) the Board makes a determination in writing that—

(i) to the best of its knowledge upon due inquiry, the assets, facilities, or equipment covered by the loan will be utilized economically and efficiently;

(ii) the terms, conditions, security, and schedule and amount of repayments of principal and the payment of interest with respect to the loan protect the financial interests of the United States and are reasonable;

(iii) the value of collateral provided by an applicant is at least equal to the unpaid balance of the loan amount covered by the loan guarantee (the "Amount" for purposes of this clause); and if the value of collateral provided by an applicant is less than the Amount, the additional required collateral is provided by any affiliate of the applicant;

(iv) all necessary and required regulatory and other approvals, spectrum licenses, and delivery permissions have been received for the loan and the project under the loan;

(v) the loan would not be available on reasonable terms and conditions without a loan guarantee under this Act; and

(vi) repayment of the loan can reasonably be expected.

(e) CONSIDERATIONS.—

(1) TYPE OF MARKET.—

(A) PRIORITY CONSIDERATIONS.—To the maximum extent practicable, the Board shall give priority in the approval of loan guarantees under this Act in the following order:

(i) First, to projects that will serve households in nonserved areas. In considering such projects, the Board shall balance projects that will serve the largest number of households with projects that will serve remote, isolated communities (including noncontiguous States) in areas that are unlikely to be served through market mechanisms.

(ii) Second, to projects that will serve households in underserved areas. In considering such projects, the Board shall balance projects that will serve the largest number of households with projects that will serve remote, isolated communities (including noncontiguous States) in areas that are unlikely to be served through market mechanisms.

Within each category, the Board shall consider the project's estimated cost per household and shall give priority to those projects that provide the highest quality service at the lowest cost per household.

(B) ADDITIONAL CONSIDERATION.—The Board should give additional consideration to projects that also provide high-speed Internet service.

(C) PROHIBITIONS.—The Board may not approve a loan guarantee under this Act for a project that—

(i) is designed primarily to serve 1 or more of the top 40 designated market areas (as that term is defined in section 122(j) of title 17, United States Code); or

(ii) would alter or remove National Weather Service warnings from local broadcast signals.

(2) OTHER CONSIDERATIONS.—The Board shall consider other factors, which shall include projects that would—

(A) offer a separate tier of local broadcast signals, but for applicable Federal, State, or local laws or regulations;

(B) provide lower projected costs to consumers of such separate tier; and

(C) enable the delivery of local broadcast signals consistent with the purpose of this Act by a means reasonably compatible with existing systems or devices predominantly in use.

(3) FURTHER CONSIDERATION.—In implementing this Act, the Board shall support the use of loan guarantees for projects that would serve households not likely to be served in the absence of loan guarantees under this Act.

(f) GUARANTEE LIMITS.—

(1) LIMITATION ON AGGREGATE VALUE OF LOANS.—The aggregate value of all loans for which loan guarantees are issued under this Act (including the unguaranteed portion of such loans) may not exceed \$1,250,000,000.

(2) GUARANTEE LEVEL.—A loan guarantee issued under this Act may not exceed an amount equal to 80 percent of a loan meeting in its entirety the requirements of subsection (d)(2)(A). If only a portion of a loan meets the requirements of that subsection, the Board shall determine that percentage of the loan meeting such requirements (the “applicable portion”) and may issue a loan guarantee in an amount not exceeding 80 percent of the applicable portion.

(g) UNDERWRITING CRITERIA.—Within the period provided for under subsection (b)(1), the Board shall, in consultation with the Director of the Office of Management and Budget and an independent public accounting firm, develop underwriting criteria relating to the guarantee of loans that are consistent with the purpose of this Act, including appropriate collateral and cash flow levels for loans guaranteed under this Act, and such other matters as the Board considers appropriate.

(h) CREDIT RISK PREMIUMS.—

(1) ESTABLISHMENT AND ACCEPTANCE.—

(A) IN GENERAL.—The Board may establish and approve the acceptance of credit risk premiums with respect to a loan guarantee under this Act in order to cover the cost, as defined in section 502(5) of the Federal Credit Reform Act of 1990, of the loan guarantee. To the extent that appropriations of budget authority are insufficient to cover the cost, as so determined, of a loan guarantee under this Act, credit risk premiums shall be accepted from a non-Federal source under this subsection on behalf of the applicant for the loan guarantee.

(B) AUTHORITY LIMITED BY APPROPRIATIONS ACTS.—Credit risk premiums under this subsection shall be imposed only to the extent provided for in advance in appropriations Acts.

(2) CREDIT RISK PREMIUM AMOUNT.—

(A) IN GENERAL.—The Board shall determine the amount of any credit risk premium to be accepted with respect to a loan guarantee under this Act on the basis of—

(i) the financial and economic circumstances of the applicant for the loan guarantee, including the amount of collateral offered;

(ii) the proposed schedule of loan disbursements;

(iii) the business plans of the applicant for providing service;

(iv) any financial commitment from a broadcast signal provider; and

(v) the concurrence of the Director of the Office of Management and Budget as to the amount of the credit risk premium.

(B) PROPORTIONALITY.—To the extent that appropriations of budget authority are sufficient to cover the cost, as determined under section 502(5) of the Federal Credit Reform Act of 1990, of loan guarantees under this Act, the credit risk premium with respect to each loan guarantee shall be reduced proportionately.

(C) PAYMENT OF PREMIUMS.—Credit risk premiums under this subsection shall be paid to an account (the “Escrow Account”) established in the Treasury which shall accrue interest and such interest shall be retained by the account, subject to subparagraph (D).

(D) DEDUCTIONS FROM ESCROW ACCOUNT.—If a default occurs with respect to any loan guaranteed under this Act and the default is not cured in accordance with the terms of the underlying

loan or loan guarantee agreement, the Administrator, in accordance with subsections (i) and (j) of section 5, shall liquidate, or shall cause to be liquidated, all assets collateralizing such loan as to which it has a lien or security interest. Any shortfall between the proceeds of the liquidation net of costs and expenses relating to the liquidation, and the guarantee amount paid pursuant to this Act shall be deducted from funds in the Escrow Account and credited to the Administrator for payment of such shortfall. At such time as determined under subsection (d)(2)(E) of this section when all loans guaranteed under this Act have been repaid or otherwise satisfied in accordance with this Act and the regulations promulgated hereunder, remaining funds in the Escrow Account, if any, shall be refunded, on a pro rata basis, to applicants whose loans guaranteed under this Act were not in default, or where any default was cured in accordance with the terms of the underlying loan or loan guarantee agreement.

(i) LIMITATIONS ON GUARANTEES FOR CERTAIN CABLE OPERATORS.—Notwithstanding any other provision of this Act, no loan guarantee under this Act may be granted or used to provide funds for a project that extends, upgrades, or enhances the services provided over any cable system to an area that, as of the date of the enactment of this Act, is covered by a cable franchise agreement that expressly obligates a cable system operator to serve such area.

(j) JUDICIAL REVIEW.—The decision of the Board to approve or disapprove the making of a loan guarantee under this Act shall not be subject to judicial review.

(k) APPLICABILITY OF APA.—Except as otherwise provided in subsection (j), the provisions of subchapter II of chapter 5 and chapter 7 of title 5, United States Code (commonly referred to as the Administrative Procedure Act), shall apply to actions taken under this Act.

SEC. 1005. ADMINISTRATION OF LOAN GUARANTEES.

(a) IN GENERAL.—The Administrator of the Rural Utilities Service (in this Act referred to as the “Administrator”) shall issue and otherwise administer loan guarantees that have been approved by the Board in accordance with sections 3 and 4.

(b) SECURITY FOR PROTECTION OF UNITED STATES FINANCIAL INTERESTS.—

(1) TERMS AND CONDITIONS.—An applicant shall agree to such terms and conditions as are satisfactory, in the judgment of the Board, to ensure that, as long as any principal or interest is due and payable on a loan guaranteed under this Act, the applicant—

(A) shall maintain assets, equipment, facilities, and operations on a continuing basis;

(B) shall not make any discretionary dividend payments that impair its ability to repay obligations guaranteed under this Act;

(C) shall remain sufficiently capitalized; and

(D) shall submit to, and cooperate fully with, any audit of the applicant under section 6(a)(2).

(2) COLLATERAL.—

(A) EXISTENCE OF ADEQUATE COLLATERAL.—An applicant shall provide the Board such documentation as is necessary, in the judgment of the Board, to provide satisfactory evidence that appropriate and adequate collateral secures a loan guaranteed under this Act.

(B) FORM OF COLLATERAL.—Collateral required by subparagraph (A) shall consist solely of assets of the applicant, any affiliate of the applicant, or both (whichever the Board considers appropriate), including primary assets to be used in the delivery of signals for which the loan is guaranteed.

(C) REVIEW OF VALUATION.—The value of collateral securing a loan guaranteed under this Act may be reviewed by the Board, and may be adjusted downward by the Board if the Board reasonably believes such adjustment is appropriate.

(3) LIEN ON INTERESTS IN ASSETS.—Upon the Board’s approval of a loan guarantee under this

Act, the Administrator shall have liens on assets securing the loan, which shall be superior to all other liens on such assets, and the value of the assets (based on a determination satisfactory to the Board) subject to the liens shall be at least equal to the unpaid balance of the loan amount covered by the loan guarantee, or that value approved by the Board under section 4(d)(3)(B)(iii).

(4) PERFECTED SECURITY INTEREST.—With respect to a loan guaranteed under this Act, the Administrator and the lender shall have a perfected security interest in assets securing the loan that are fully sufficient to protect the financial interests of the United States and the lender.

(5) INSURANCE.—In accordance with practices in the private capital market, as determined by the Board, the applicant for a loan guarantee under this Act shall obtain, at its expense, insurance sufficient to protect the financial interests of the United States, as determined by the Board.

(c) ASSIGNMENT OF LOAN GUARANTEES.—The holder of a loan guarantee under this Act may assign the loan guaranteed under this Act in whole or in part, subject to such requirements as the Board may prescribe.

(d) EXPIRATION OF LOAN GUARANTEE UPON STRIPPING.—Notwithstanding subsections (c), (e), and (h), a loan guarantee under this Act shall have no force or effect if any part of the guaranteed portion of the loan is transferred separate and apart from the unguaranteed portion of the loan.

(e) ADJUSTMENT.—The Board may approve the adjustment of any term or condition of a loan guarantee or a loan guaranteed under this Act, including the rate of interest, time of payment of principal or interest, or security requirements only if—

(1) the adjustment is consistent with the financial interests of the United States;

(2) consent has been obtained from the parties to the loan agreement;

(3) the adjustment is consistent with the underwriting criteria developed under section 4(g);

(4) the adjustment does not adversely affect the interest of the Federal Government in the assets or collateral of the applicant;

(5) the adjustment does not adversely affect the ability of the applicant to repay the loan; and

(6) the National Telecommunications and Information Administration has been consulted by the Board regarding the adjustment.

(f) PERFORMANCE SCHEDULES.—

(1) PERFORMANCE SCHEDULES.—An applicant for a loan guarantee under this Act for a project covered by section 4(e)(1) shall enter into stipulated performance schedules with the Administrator with respect to the signals to be provided through the project.

(2) PENALTY.—The Administrator may assess against and collect from an applicant described in paragraph (1) a penalty not to exceed 3 times the interest due on the guaranteed loan of the applicant under this Act if the applicant fails to meet its stipulated performance schedule under that paragraph.

(g) COMPLIANCE.—The Administrator, in cooperation with the Board and as the regulations of the Board may provide, shall enforce compliance by an applicant, and any other party to a loan guarantee for whose benefit assistance under this Act is intended, with the provisions of this Act, any regulations under this Act, and the terms and conditions of the loan guarantee, including through the submittal of such reports and documents as the Board may require in regulations prescribed by the Board and through regular periodic inspections and audits.

(h) COMMERCIAL VALIDITY.—A loan guarantee under this Act shall be incontestable—

(1) in the hands of an applicant on whose behalf the loan guarantee is made, unless the applicant engaged in fraud or misrepresentation in securing the loan guarantee; and

(2) as to any person or entity (or their respective successor in interest) who makes or contracts to make a loan to the applicant for the loan guarantee in reliance thereon, unless such person or entity (or respective successor in interest) engaged in fraud or misrepresentation in making or contracting to make such loan.

(2) **FULLY SATISFYING OBLIGATIONS OWED THE UNITED STATES.**—The Administrator may accept property in satisfaction of any sums owed the United States as a result of a default on a loan guaranteed under this Act, but only to the extent that any cash accepted by the Administrator is not sufficient to satisfy fully the sums owed as a result of the default.

(l) **BREACH OF CONDITIONS.**—The Administrator shall commence a civil action in a court of appropriate jurisdiction to enjoin any activity which the Board finds is in violation of this Act, the regulations under this Act, or any conditions which were duly agreed to, and to secure any other appropriate relief, including relief against any affiliate of the applicant.

(m) **ATTACHMENT.**—No attachment or execution may be issued against the Administrator or any property in the control of the Administrator pursuant to this Act before the entry of a final judgment (as to which all rights of appeal have expired) by a Federal, State, or other court of competent jurisdiction against the Administrator in a proceeding for such action.

DEPARTMENTS OF COMMERCE, JUSTICE, AND STATE, THE JUDICIARY, AND RELATED AGENCIES APPROPRIATIONS

Following is explanatory language on H.R. 5548, as introduced on October 25, 2000.

The conferees on H.R. 4942 agree with the matter included in H.R. 5548 and enacted in this conference report by reference and the following description of it. The bill was developed through negotiations by subcommittee members of the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Subcommittees of the House and Senate on the differences in the House passed and Senate reported versions of H.R. 4690. References in the following description to the "conference agreement" mean the matter included in the introduced bill enacted by this conference report. References to the House bill mean the House passed version of H.R. 4690. References to the Senate reported amendment mean the Senate reported version of H.R. 4690.

The House passed H.R. 4690 on June 26, 2000. The Senate reported from Committee a Senate amendment to H.R. 4690 on July 21, 2000. References in the following statement to appropriations amounts or other items proposed by the House bill or the Senate-reported amendment refer only to those amounts and items recommended in the House-passed and Senate-reported versions of H.R. 4690. Any reference to appropriations amounts or other items included in the conference agreement reflects the final agreement on H.R. 4690. This statement reflects how the funds provided in the conference agreement are to be spent.

Senate-reported amendment: The Senate Appropriations Committee considered H.R.

4690 as passed by the House, struck all after the enacting clause, and inserted the text of the Senate-reported amendment. The conference agreement includes a revised bill.

TITLE I—DEPARTMENT OF JUSTICE

GENERAL ADMINISTRATION SALARIES AND EXPENSES

The conference agreement includes \$88,713,000 for General Administration, instead of \$83,713,000 as proposed in the Senate-reported amendment and \$84,177,000 as proposed in the House bill.

The conference agreement adopts by reference the House report language regarding budget "shortfalls" and racial disparities in Federal capital prosecutions.

The conference agreement includes a \$5,000,000 transfer from the Immigration and Naturalization Service Salaries and Expenses account to continue the planned integration of the Immigration and Naturalization Service (INS) IDENT system and the Federal Bureau of Investigation (FBI) IAFIS system.

The conference agreement includes a \$5,000,000 increase for the Office of Intelligence Policy and Review for Foreign Intelligence Surveillance Act applications.

The conference agreement includes bill language contained in the House bill specifying the amount of funding provided for the Department Leadership Program and the Offices of Legislative and Public Affairs.

JOINT AUTOMATED BOOKING SYSTEM

The conference agreement includes \$15,915,000 for the Joint Automated Booking System (JABS) program as proposed in the Senate-reported amendment, instead of \$1,800,000 as proposed in the House bill.

NARROWBAND COMMUNICATIONS

The conference agreement includes \$205,000,000 for narrowband communications conversion activities as proposed in the Senate-reported amendment, instead of \$95,445,000 as proposed in the House bill. The conference agreement provides funding necessary to continue implementation of the Department of Justice Wireless Network (JWN), and for operations and maintenance of legacy systems. The Wireless Management Office (WMO) is directed to submit quarterly status reports on implementation of the JWN, with the first such report due no later than February 15, 2001.

The conference agreement deletes a citation included in the House bill but not included in the Senate-reported amendment.

COUNTERTERRORISM FUND

The conference agreement includes \$5,000,000 for the Counterterrorism Fund as proposed in the Senate-reported amendment, instead of \$10,000,000 as proposed in the House bill. When combined with \$32,844,150 in prior year carryover, a total of \$37,844,150 will be available in the Fund in fiscal year 2001 to cover unanticipated, extraordinary expenses incurred as a result of a terrorist threat or incident.

The conference agreement retains language, included in the House bill and carried in previous Acts, authorizing the Attorney General to make expenditures from the fund, subject to section 605 of this Act. The Senate-reported amendment proposed to give this authority to a new Deputy Attorney General.

TELECOMMUNICATIONS CARRIER COMPLIANCE FUND

The conference agreement includes \$201,420,000 for the Telecommunications Carrier Compliance program for implementation of the Communications Assistance for Law Enforcement Act of 1994 (CALEA), instead of \$278,021,000 as proposed in the House bill. The Senate-reported amendment did not include

funding for this activity. This amount, when combined with funds previously made available, will provide the full \$500,000,000 authorized and required to implement CALEA.

The conference agreement concurs with the direction in the House report that the Department and the Federal Bureau of Investigation (FBI) are to remain focused on the timely implementation of CALEA, and have therefore included \$17,300,000 within the FBI Salaries and Expenses account for CALEA implementation. The Department of Justice is directed to submit a reorganization proposal no later than November 15, 2000, to ensure coordination of CALEA implementation and other related electronic surveillance issues.

The direction included in the House report regarding the criteria and process for allocation of these funds is adopted by reference. Further, the Executive Office of U.S. Attorneys is directed not to set aside any portion of these funds for headquarters priorities, but rather is to allocate these funds in accordance with the priorities identified by the local districts which will result in a direct increase in prosecutions under existing gun laws. In addition, the conference agreement adopts the Senate direction requiring the annualization of funds provided in fiscal year 2000 for firearms prosecutions, and the reporting requirement regarding panel attorney costs.

The conference agreement adopts the concerns and direction included in the House report regarding the FBI's inability to execute its budget within the funding levels provided. The conference agreement also includes a provision that identifies the funded position and FTE levels provided in the bill, which are consistent with the full base funding requested and program increases provided in the conference agreement. The FBI is directed to continue to provide quarterly reports to the Committees on Appropriations which delineate by direct and reimbursable the funded and actual agent and non-agent staffing level for each decision unit, with the first report to be provided no later than January 15, 2001.

The fiscal year 2001 budget request for the FBI included no direct funding for the NICS, and instead proposed to finance the costs of this system through a user fee. The conference agreement includes a provision under Title VI of this Act which prohibits the FBI from charging a fee for NICS checks, and instead provides funding to the FBI for its costs to operate the NICS.

FBI Technology Upgrade Plan.—The conference agreement includes total funding of \$100,700,000, 14 positions and 7 FTE, for this initiative (previously referred to as the Information Sharing Initiative/e-FBI). This amount is to be derived from \$80,000,000 made available in prior years, and \$20,700,000 in fiscal year 2001 base funding. The House bill proposed a total of \$139,344,000 for this initiative, to be derived from \$80,000,000 in prior year funds, \$20,000,000 in fiscal year 2001 base funds, and \$39,344,000 in fiscal year 2001 program increases. The Senate-reported amendment proposed a total of \$40,000,000 for this initiative, to be derived from prior year funds, and eliminated \$20,000,000 in fiscal year 2001 base funding for this activity. The conference agreement does not include the rescission of \$40,000,000 in prior year funds for these activities as proposed under Title VII of the Senate-reported amendment.

The conference agreement approves the plan dated September 2000, entitled “FBI Technology Upgrade Plan, Reprioritized Three Year Implementation Plan.” Therefore, the conference agreement includes the

full amount necessary for year one costs as identified on page 47 of the September 2000 implementation plan. The FBI is directed to provide quarterly status reports to the Committees on implementation of this plan, including funding obligations, with the first such report due no later than February 15, 2001.

National Infrastructure Protection/Computer Analysis Response Teams (CART).—The FBI is directed to convert 14 part-time positions for Computer Analysis Response Teams (CART) examiners to full-time positions from personnel not currently assigned to computer intrusion/infrastructure protection squads, similar to direction included in the Senate report. The conference agreement also adopts the direction included in the Senate report regarding training, promotion and retention of CART members and computer intrusion/infrastructure protection squads. The Senate direction regarding development of a cadre of computer experts from other agencies and the private sector is adopted by reference.

Victim/Witness Specialists.—The conference agreement includes a new general provision under Title I of this Act authorizing funds to be provided to the FBI to improve services for crime victims from the Crime Victims Fund. These services are to be limited to victim assistance as described in the Victims of Crime Act and shall not cover non-victim witness activities such as witness protection or non-victim witness management services, paralegal duties or community outreach. The FBI is further directed to work with the Office of Victims of Crime (OVC) in developing position descriptions, grade level and hiring requirements, training and annual reporting requests for these specialists. The conference agreement assumes \$7,400,000 will be needed to support 112 victim/witness specialists to be distributed as directed in the Senate report. The Committees on Appropriations expect to be notified of the final distribution of these specialists.

Other.—The Senate report language regarding copyright enforcement, continued collaboration with the Southwest Surety Institute, the Northern New Mexico anti-drug initiative, mitochondrial DNA, crimes against children, and background checks for school bus drivers is adopted by reference. The conference agreement also adopts by reference the House report language regarding the Housing Fraud Initiative, the Jewelry and Gem program, and submission of a comprehensive information technology report.

In addition, the FBI is directed to fully reimburse the private ambulance providers for their costs in support of Hostage Rescue Team operations in St. Martin Parish, Louisiana, in December, 1999.

In addition to identical provisions that were included in both the House bill and the Senate-reported amendment, the conference agreement includes a provision, modified from language proposed in the House bill, providing not to exceed 25,569 positions and 25,142 FTE for the FBI from funds appropriated in this Act. The Senate-reported amendment did not include a similar provision.

CONSTRUCTION

The conference agreement includes \$16,687,000 in direct appropriations for construction for the Federal Bureau of Investigation (FBI), instead of \$1,287,000 as proposed in the House bill, and \$42,687,000 as proposed in the Senate-reported amendment. The agreement provides an increase of \$15,400,000 over the fiscal year 2000 level for the FBI Academy firearms range modernization project, as follows: \$1,900,000 for relocation and consolidation of an ammunition storage facility and for lead abatement at

existing outdoor ranges; and \$13,500,000 for completion of Phase I and Phase II of this project.

DRUG ENFORCEMENT ADMINISTRATION
SALARIES AND EXPENSES

The conference agreement includes \$1,363,309,000 for the Drug Enforcement Administration (DEA) Salaries and Expenses account, instead of \$1,362,309,000 as proposed in the House bill, and \$1,345,655,000 as proposed in the Senate-reported amendment. In addition, \$83,543,000 is derived from the Diversion Control Fund for diversion control activities. The following narrative reflects how the funds provided in the conference agreement are to be spent.

Budget and Financial Management.—The conference agreement adopts by reference the concerns and direction included in both the House and Senate reports regarding budget and financial management. The conference agreement also includes a provision that identifies the funded position and FTE levels provided in the bill, which are consistent with the full base funding requested and program increases provided in the conference agreement.

The following table represents funding provided under this account:

DEA SALARIES AND EXPENSES
(In thousands of dollars)

Total, DEA	7,520	7,412	1,363,309

DEA is reminded that any deviation from the above distribution is subject to the reprogramming requirements of section 605 of this Act.

The conference agreement provides a net increase of \$43,616,000 for base adjustments, as follows: increases totaling \$48,293,000 for pay and other inflationary costs to maintain current operations, offset by decreases totaling \$4,677,000 for costs associated with one-time and non-recurring equipment purchases, GSA rent decreases, and the transfer of funding for a demand reduction project to the Office of Justice Programs.

In addition, the conference agreement includes program increases totaling \$64,200,000, as follows:

Investigative and Intelligence Requirements.—\$48,100,000 is provided for the following investigative and intelligence enhancements:

\$3,100,000, 19 positions (11 agents) and 9 FTE within Domestic Enforcement for the Special Operations Division (SOD) to expand support for the Southwest Border Initiative and to address money laundering and financial investigations.

\$43,000,000, 2 positions and 1 FTE within Automated Data Processing to continue deployment of Phase II of FIREBIRD. When combined with \$44,870,000 in existing base resources, a total of \$87,870,000 is available for this program in fiscal year 2001 to enable FIREBIRD to be fully deployed to all domestic offices and Western Hemisphere offices. Of this amount, \$28,000,000 is for deployment, \$10,477,000 is for technology renewal, and \$49,393,000 is for operations and maintenance

and telecommunications costs. DEA is directed to continue to provide quarterly FIREBIRD status and obligation reports to the Committees on Appropriations.

\$2,000,000 within Intelligence, of which \$1,800,000 is for enhancements to the El Paso Intelligence Center (EPIC), and \$200,000 is to meet expanded participation in the National Drug Pointer Index (NDPIX) information system. The House direction regarding a comprehensive report on participation and utilization of EPIC is adopted by reference.

Domestic Enhancements.—\$14,600,000 is provided for the following domestic counter-drug enhancements:

\$4,600,000, 25 positions (15 agents) and 13 FTE within Domestic Enforcement to establish an additional Regional Enforcement Team (RET). This amount, when combined with existing base resources, provides a total of \$24,195,000 for RETS in fiscal year 2001.

\$1,500,000, 14 positions (9 agents) and 7 FTE within Domestic Enforcement to enhance heroin enforcement, providing a total of \$30,291,000 in fiscal year 2001 for this effort, as recommended in the Senate report. The Senate direction regarding black tar heroin is adopted by reference.

\$1,500,000 within Domestic Enforcement to enhance methamphetamine enforcement, providing a total of \$27,459,000 in fiscal year 2001 for this effort, as recommended in the Senate report.

\$1,000,000 within State and Local Task Forces to enhance State and local methamphetamine training activities, as recommended in the Senate report.

\$6,000,000 within Research, Engineering and Technical Operations (RETO) to procure three additional single-engine helicopters for drug enforcement activities along the Southwest border.

In addition, the conference agreement includes a total of \$20,000,000 under the Community Oriented Policing Services Methamphetamine/Drug "Hot Spots" program to assist State and local law enforcement agencies with the costs associated with methamphetamine clean-up.

Budget and Financial Management.—\$1,500,000, 8 positions and 4 FTE within Program Management and Administration to improve DEA's financial and resource management oversight, including funds to support DEA's Federal Financial System and for additional staffing for Finance and Resource Management.

Other.—The conference agreement includes a total of \$20,000,000 for the special investigative unit (SIU) program. Within the amount available, DEA may establish a joint Haitian/Dominican Republic SIU on the island of Hispaniola. DEA is reminded that the Committees on Appropriations are to be notified in accordance with section 605 of this Act prior to the expansion of this program to any additional countries. There are continued concerns about endemic corruption within the Mexico SIU program which has severely limited its effectiveness. DEA is directed to report to the Committees on Appropriations no later than February 1, 2001, on progress made in resolving these problems and recommendations to make the Mexico program effective.

The conference agreement adopts by reference the direction included in the House report regarding continued participation in the HIDTA program, quarterly reports on source and transit countries, quarterly reports on implementation of the Caribbean initiative, and a report on requirements in the region. The conference agreement does not include funding under DEA for continuation of the demand reduction initiative recommended in the House report, but has instead transferred base funding for this program from DEA Domestic Enforcement to

the Office of Justice Programs. DEA is also directed to better coordinate its operations with other Federal agencies, including INS and the FBI, along the Southwest Border, and to pursue co-location of offices whenever practical. The direction included in the Senate report regarding DEA's presence in Chile is adopted by reference. Within the amounts provided under this account, DEA may use up to \$500,000 for a study on methods to eliminate the effectiveness of anhydrous ammonia in methamphetamine production, as authorized.

Drug Diversion Control Fee Account.—The conference agreement provides \$83,543,000 for DEA's Drug Diversion Control Program for fiscal year 2001, as provided in the House bill and the Senate-reported amendment. This amount includes an increase of \$3,213,000 for adjustments to base, including the annualization of 25 positions provided in fiscal year 2000 for customer service improvements and drug data analysis. The conference agreement assumes that the level of balances in the Fee Account are sufficient to fully support diversion control programs in fiscal year 2001. As was the case in fiscal years 1999 and 2000, no funds are provided in the DEA Salaries and Expenses appropriation for this account in fiscal year 2001.

The conference agreement includes bill language, modified from language proposed in the House bill, providing not to exceed 7,520 positions and 7,412 FTE for DEA from funds provided in this Act. The Senate-reported amendment did not include a similar provision.

CONSTRUCTION

The conference agreement includes no new funding for this account as proposed in the Senate-reported amendment, instead of \$5,500,000 as proposed in the House bill. A total of \$19,500,000 in prior year carryover balances is available to fund planned fiscal year 2001 expenditures.

IMMIGRATION AND NATURALIZATION SERVICE SALARIES AND EXPENSES

The conference agreement includes \$3,125,876,000 for the salaries and expenses of the Immigration and Naturalization Service (INS), instead of \$3,121,213,000 as provided in the House bill, and \$2,895,397,000 as provided in the Senate-reported amendment. In addition to the amounts appropriated, the conference agreement assumes that \$1,549,480,000 will be available from offsetting fee collections instead of \$1,438,812,000 as proposed by the House and \$1,524,771,000 as proposed by the Senate. Thus, including resources provided under the Construction account, the conference agreement provides a total operating level of \$4,808,658,000 for INS, instead of \$4,670,689,000 as proposed by the House and \$4,553,470,000 as proposed by the Senate, representing a \$548,242,000 (13%) increase over fiscal year 2000. The following narrative reflects how funds provided in the conference agreement are to be spent.

INS Organization and Management.—The conference agreement incorporates concerns expressed in the House report that a lack of resources is no longer an acceptable response to INS's inability to adequately address its mission responsibilities. The conference agreement includes the establishment of clearer chains of command—one for enforcement activities and one for services to non-citizens—as one step towards making the INS a more efficient, accountable, and effective agency. Consistent with the concept of separating immigration enforcement from services, the conference agreement continues to provide for a separation of funds, as in the fiscal year 1999 and 2000 Appropriations Acts. The conference agreement separates funds into two accounts, as requested in the bud-

et and proposed in the House bill: Enforcement and Border Affairs, and Citizenship and Benefits, Immigration Support and Program Direction. INS enforcement funds are provided in the Enforcement and Border Affairs account. All immigration-related benefits and naturalization, support and program resources are provided in the Citizenship and Benefits, Immigration Support and Program Direction account. Neither account includes revenues generated in various fee accounts to fund program activities for both enforcement and services functions, which are in addition to the appropriated funds and are discussed below. Funds for INS construction projects continue to be provided in the INS Construction account.

The conference agreement includes bill language which provides authority for the Attorney General to transfer funds from one account to another in order to ensure that funds are properly aligned. Such transfers may occur notwithstanding any transfer limitations imposed under this Act but such transfers are still subject to the reprogramming requirements under Section 605 of this Act. It is expected that any request for transfer of funds will remain within the activities under those headings.

The conference agreement includes \$2,547,057,000 for Enforcement and Border Affairs, and \$578,819,000 for Citizenship and Benefits, Immigration Support and Program Direction.

Base adjustments.—The conference agreement provides a total increase of \$101,008,000 and 641 FTE for adjustments to base for INS salaries and expenses, offset by a \$89,000,000 and 404 FTE transfer to the INS Exams Fees account for the naturalization and backlog reduction initiatives, as proposed in the budget request. The conference agreement does not include transfers to the Exams Fees account, the Breached/Bond Detention account, and the Justice Prisoner Alien Transportation System (JPATS) Fund, as proposed in the Senate-reported amendment.

For the Enforcement and Border Affairs account, the conference agreement provides an increase of \$86,255,000 and 889 FTE for pay and inflationary adjustments for Border Patrol, Investigations, Detention and Deportation, and Intelligence. This represents the full amount requested less \$11,770,000 for the annualization of border patrol agents not yet hired, and \$3,343,000 for the portion of the fiscal year 2000 annualized pay raise which has already been paid in the current fiscal year. Funds have not been included for the proposed increase in the journeyman level for border patrol agents and immigration inspectors.

For the Citizenship and Benefits, Immigration Support and Program Direction account, the conference agreement includes an increase of \$14,752,000 for pay and inflationary adjustments for the existing activities of Citizenship and Benefits, Immigration Support, and Management and Administration; offset by a transfer of \$89,000,000 in naturalization and backlog reduction activities to the Exams Fees account, as proposed in the budget. The amount provided for base adjustments represents the full amount requested less \$690,000 for the portion of the fiscal year 2000 annualized pay raise which has already been paid in the current fiscal year. In addition, \$35,000,000 is continued within the base to support naturalization and other benefits processing backlog reduction activities.

None of these amounts include offsetting fees, which are used to fund both enforcement and services functions.

In addition, program increases totaling \$222,768,000 are provided, as follows:

Border Control and Management.—\$100,612,000 is provided for additional border

patrol staffing, technology, land border inspections, and Joint Terrorism Task Forces, as follows:

\$52,000,000, 430 positions and 215 FTE, are for new border patrol agents. It is noted that again in fiscal years 1999 and 2000, the INS has failed to hire the 1,000 new border patrol agents provided in each of those years. Should the INS be unable to recruit the required agents again in fiscal year 2001, the INS is to submit a reprogramming in accordance with section 605 of this Act, prior to expenditure of the funds provided for the hiring of border patrol agents for any other purpose.

While some level of border control is being witnessed on parts of the Southwest border, particularly in San Diego, as a result of increased border patrol agents and technology, in other areas of the country border control remains a growing problem, particularly in the Northwest, Southeast, and other areas of the Southwest border. The House report language regarding consultation and submission of a deployment plan for new border patrol agents and direction in the House report regarding quarterly hiring status reports are adopted by reference. Senate report language prohibiting the transfer of any border patrol agents or technology from the Northwest border to the Southwest border is also adopted by reference.

\$33,835,000 is for additional border patrol equipment and technology, for the following activities:

\$598,000 is for replacement patrol boats to combat alien smuggling on the Great Lakes, the Detroit River, Lake St. Clair, and the St. Lawrence Seaway.

\$17,500,000 is for the deployment of additional Integrated Surveillance Intelligence Systems (ISIS) along the Northern and Southern borders. When combined with existing base funds, a total of \$35,500,000 is available for ISIS. INS is directed to consult with the Committees on Appropriations and provide a deployment plan for these systems no later than December 15, 2001, which reflects the highest priority locations on both the Northern and Southern borders.

\$15,737,000 is for additional border patrol equipment and technology. The conference agreement includes a total of \$30,737,000 for additional border patrol equipment and technology, of which \$15,737,000 is provided as a program increase and \$15,000,000 is to be derived from within existing base resources. Funding provided is to be used for high priority equipment, including fiber optic scopes, hand-held search lights, vehicle infrared cameras, Global Positioning Systems, infrared scopes, night vision goggles, hand-held range-finder night vision binoculars, and pocket scopes. INS is directed to provide a spending plan for these funds to the Committees on Appropriations no later than December 15, 2000.

\$6,277,000, 72 positions and 36 FTE are for additional inspectors at land border Ports of Entry (POE). INS is directed to consult with the Committees on Appropriations and provide a deployment plan no later than December 15, 2000 which reflects the highest priority locations for distribution of these resources.

\$7,000,000, 58 positions and 29 FTE are for additional investigators and operational costs associated with INS participation in Joint Terrorism Task Forces to address immigration-related issues in terrorism cases.

Additionally, the conference agreement includes a \$1,500,000 increase for the Law Enforcement Support Center (LESC), providing a total of \$12,500,000 for the LESL in fiscal year 2001.

The conference agreement adopts by reference the House report language regarding the relocation of Tucson Sector helicopter

operations and related housing costs, a joint plan on combating illegal immigration through Federal lands and parks, and establishment of a joint task force to study emergency medical services for illegal aliens.

Interior Enforcement/Removal of Deportable Aliens.—\$120,856,000 is provided for interior enforcement, including the tracking, detention, and removal of aliens, as follows:

\$87,306,000, 120 positions and 60 FTE are for an additional 1,167 detention beds, including 1,000 beds in State and local facilities, and 120 juvenile detention beds, as proposed in the House report.

\$15,550,000 is for additional JPATS movements, as proposed in the House report. The conference agreement does not include the proposed transfer of funds from INS to the JPATS Fund for this activity which was recommended in the Senate report.

\$11,000,000, 100 positions and 50 FTE are for 23 additional Quick Response Teams, as proposed in the House report. The House report language regarding consultation and submission of a deployment plan and direction regarding quarterly status reports are adopted by reference.

In addition, the conference agreement includes an additional \$3,000,000 under the Community Oriented Policing Services program to expand the program to provide video-teleconferencing equipment and technology to allow State and local law enforcement to confirm the status of an alien suspected of criminal activity.

\$3,000,000, 28 positions and 14 FTE are for expansion of the on-going Criminal Alien Apprehension Program (CAAP), pursuant to Public Law 105-141. The Senate report language regarding Salt Lake City is adopted by reference, and INS is directed to report its intention regarding this matter to the Committees on Appropriations no later than December 1, 2000. The House report language regarding consultation and submission of a deployment plan is adopted by reference.

\$4,000,000, 26 positions and 13 FTE are for INS to enter INS criminal alien records into the National Criminal Information Center (NCIC) in order to address the current backlog and to ensure that INS does not lose its NCIC privileges. The direction included in the House report regarding development of a comprehensive plan to address this problem is adopted by reference.

Concerns have been expressed regarding the adequacy of the current training course for Detention Enforcement Officers (DEO) in light of the increasingly violent detainee population and other factors. INS is directed to complete a comprehensive assessment of its current DEO training course and provide a report to the Committees on Appropriations no later than July 1, 2001, with recommendations for improvements.

The conference agreement reflects concerns regarding INS' failure to vigorously pursue an effective interior enforcement strategy, and adopts by reference the direction included in the House report regarding quarterly reporting on detention and removal orders. The Senate report language regarding tuberculosis monitoring is also adopted by reference.

Professionalism and Infrastructure.—The conference agreement includes an increase of \$1,300,000 for the Debt Management Center, as proposed in the Senate report. INS is expected to follow the direction included in the Senate report regarding annualization of this increase in fiscal year 2002.

IAFIS/IDENT.—The conference agreement adopts the recommendation included in the House report directing that \$5,000,000 from within existing INS base funds available for IDENT be transferred to the Justice Management Division to continue the planned IAFIS/IDENT integration project, including

systems design and development work and additional operational testing. INS is directed to comply with the direction in the House report regarding further deployment of IDENT.

Within the total amount available to INS, \$2,103,000 is to be used to establish the task force required by Public Law 106-215.

Services/Benefits.—The Congress has provided significant additional resources to the INS over the past three years to address the naturalization backlog, improve the integrity of the naturalization process, and improve services. The conference agreement provides a total of \$1,004,851,000 for these activities, \$70,134,000 (7%) over the amount requested in the budget, and \$135,222,000 (16%) over the fiscal year 2000 level. However, serious concerns remain about the INS' failure to manage its resources, and the Committees continue to receive complaints from Members of Congress and their constituents about the problems of backlogs in application processing and casework, and deficiencies in other services. Again this year, the conference agreement includes significant additional resources, over and above the President's budget request, for benefits and services. Therefore, INS is directed to conduct a complete review of staffing and resource needs to improve benefits and services in all current INS offices, as well as the need for additional offices, particularly in rural areas. INS is directed to complete this review and report its findings to the Committees on Appropriations, including a proposal to reallocate resources as warranted, no later than December 15, 2000. As part of this review, the INS is directed to pay particular attention to the following areas: Fort Smith, Arkansas; Adak, Alaska; San Francisco, California; Ventura, California; Washington, D.C.; Des Moines, Iowa; Louisville, Kentucky; the Bronx, New York; New York, New York; Omaha, Nebraska; Northern New Jersey; Las Vegas, NV; Greer, South Carolina; Nashville, Tennessee; Roanoke, Virginia; and Milwaukee, Wisconsin. In addition, the conferees are concerned with the diversion of resources from smaller rural offices and direct INS to notify the Committees prior to the reallocation of resources, including the temporary reassignment of personnel, from the area identified in the Senate report.

The conference agreement adopts by reference the direction included in the House report regarding monthly reports on the status of processing immigration benefits applications, continuation of the San Jose customer service pilot, and a report on unreviewed Citizenship USA cases, which is to be submitted no later than November 1, 2000.

In addition to identical provisions included in both the House bill and the Senate-reported amendment, the conference agreement includes the following additional provisions, as follows: (1) a limitation of \$30,000 per individual employee for overtime payments, as proposed in the House bill, instead of \$20,000 as proposed in the Senate-reported amendment; (2) a limitation on funding and staffing available to the Offices of Legislative and Public Affairs, as proposed in the House bill; (3) a prohibition on the use of funds to operate the San Clemente and Temecula traffic checkpoints unless certain conditions are met, as proposed in the House bill; and (4) limitations on the number of positions and FTE provided to INS in this Act, modified from language proposed in the House bill.

OFFSETTING FEE COLLECTIONS

The conference agreement assumes \$1,549,480,000 will be available from offsetting fee collections, instead of \$1,438,812,000 as

proposed in the House bill and \$1,524,771,000 as proposed in the Senate-reported amendment, to support activities related to the legal admission of persons into the United States. These activities are funded entirely by fees paid by persons who are either traveling internationally or are applying for immigration benefits. The following levels are recommended:

Immigration Inspections User Fees.—The conference agreement includes \$494,384,000 of spending from offsetting collections in this account, the same amount proposed in Senate report, and \$15,505,000 above the amount included in the House report. This amount represents a \$38,999,000 increase over fiscal year 2000 spending, and does not assume the addition of any new or increased fees on airline or cruise ship passengers. The conference agreement includes \$18,489,000 for adjustments to base, the full amount requested. In addition, program increases are provided as follows: \$12,186,000, 154 positions and 77 FTE to increase primary inspectors at new airport terminals; and \$8,324,000 to address additional staffing and other requirements. Funding is not included for the proposed change in the journeyman level for inspectors. INS is directed to consult with Committees on Appropriations and to submit a spending and deployment plan no later than December 1, 2000, which allocates these additional resources to the highest priority locations. Should additional fees become available, the INS may submit a reprogramming in accordance with section 605 of this Act.

Immigration Examinations Fees.—The conference agreement includes a total of \$1,004,851,000 to support the adjudication of applications for immigration benefits, instead of \$918,717,000 as proposed in the House bill, \$841,017,000 as proposed in the Senate-reported amendment, and \$934,617,000 as requested in the budget. These funds are derived from offsetting collections in the Examinations Fees account from persons applying for immigration benefits, including collections from a new voluntary premium processing fee as proposed in the House bill and the budget request, and \$35,000,000 in continued direct appropriations under the Citizenship and Benefits, Immigration Support, and Program Direction account. The conference agreement reflects the INS' revised revenue estimates for collections from existing fees which is \$107,534,000 higher than the amount assumed in the budget request, and \$144,534,000 above the amount available in fiscal year 2000. When combined with additional revenues estimated from the new voluntary premium processing fee, the total amount of collections available in the Examinations Fees account for adjudication of immigration benefits is \$224,534,000 over the amount available in fiscal year 2000. When combined with direct appropriations, the total amount included in the conference agreement for benefits processing, adjudication, and backlog reduction is an increase of \$70,134,000 (7%) above the budget request and \$135,222,000 (16%) above the amount provided in fiscal year 2000. Therefore, the conference agreement does not include the reinstatement of section 245(i) as proposed in the Senate-reported amendment. In addition, the conference agreement does not adopt the transfer of \$49,741,000 from Examinations Fees funding to the Executive Office of Immigration Review (EOIR); and the transfer of \$50,000,000 in non-adjudication related activities from the Salaries and Expenses account to the Examinations Fees account which were proposed in the Senate-reported amendment.

Within the Examinations Fees account, the conference agreement provides the following: \$25,676,000 for adjustments to base;

and program enhancements totaling \$94,841,000, as proposed in the House report, for the following activities: (1) \$16,000,000 for implementing premium business service processing; (2) \$7,500,000 for anti-fraud investigations related to business-related visa applications and marriage fraud; (3) \$13,000,000 for the telephone customer service center, for a total of \$43,000,000, the full amount requested; (4) \$4,200,000 for the indexing and conversion of INS microfilm images, for a total of \$7,200,000; and (5) \$53,641,000 for replacement of the case tracking system and hardware in field offices and continued development and installation of digital photography and signature capabilities in the Application Support Centers. Included within these amounts is \$6,000,000 for installation of the CLAIMS 4 system in the Los Angeles, California district office which will complete nationwide deployment of the system. INS is directed to submit a spending plan in accordance with the reprogramming procedures set forth in section 605 of this Act which allocates the remaining \$51,134,000 in additional resources made available in the Exams Fees account, and the \$35,000,000 in continued direct appropriations provided for backlog reduction initiatives.

The INS is directed to make available to EOIR from the INS Examinations Fees account not less than \$1,000,000 to be applied toward expenditures related to EOIR's acquisition of contract court interpreter services for immigration court proceedings.

Land Border Inspections Fees.—The conference agreement includes \$1,670,000 in spending from the Land Border Inspection Fund, as proposed in the Senate report, instead of \$1,641,000 as proposed in the House report. The current revenues generated in this account are from Dedicated Commuter Lanes in Blaine and Port Roberts, Washington, Detroit Tunnel and Ambassador Bridge, Michigan, and Otay Mesa, California, and from Automated Permit Ports that provide pre-screened local border residents' border crossing privileges by means of automated inspections.

After reviewing numerous sites in South Carolina, the Bureau of Prisons (BOP) narrowed its focus on four potential locations that would be suitable for the construction of correctional facilities. Following a comprehensive Environmental Impact Study completed in April, 2000, the BOP identified two preferred sites in Williamsburg and Marlboro Counties. A Record of Decision (ROD) for the Salters site, Williamsburg County was signed by the Director, BOP on July 19, 2000. On the same date, the ROD was signed for the Bennetsville site, Marlboro County. The BOP is in the process of procuring a design/build contract for the Salters site and is proceeding with the second preferred site, consistent with the ROD and the fiscal year 2001 request.

The Senate provided \$7,954,000 to plan and design a prison in Alaska while the House included no such funding. The managers note that there is no Federal prison in Alaska and State prisons are severely overcrowded and are operating under a court order requiring some prisoners to be transported to lower 48 State prisons. Likewise, Federal prisoners in Alaska must be transported by commercial air to Federal facilities thousands of miles away at a huge cost to taxpayers.

The Director of the Bureau of Prisons is directed to prepare a feasibility study on the need for a new prison in Alaska including the number of Federal prisoners who would be housed, the types of detention, rehabilitation, vocational and educational facilities that would be required, and the potential to lease surplus beds to the State of Alaska to reduce its prison overcrowding. The report should also analyze the costs of construction, the cost savings that would be realized from reduced prisoner transportation costs, and potential financing options, including State contributions and private financing and operation. The managers have provided \$500,000 for the study which should be conducted in consultation with the U.S. Marshal for Alaska, the Chief Judge of the United States District Court, the Alaska Commissioner of Corrections and private parties or non-profit corporations with an interest in prison issues. The report should be submitted to the House and Senate Committees on Appropriations by March 15, 2001.

The conference agreement adopts the Senate report language supporting the national motor vehicle title information system. Within available resources for Byrne discretionary grants, OJP is urged to review proposals, and provide grants if warranted, to the Alaska Federation of Natives and the Alaska court system for an alcohol law offenders program using Naltrexone and other drug therapies.

Byrne Formula Grants.—The conference agreement provides \$500,000,000 for the Byrne Formula Grant program as proposed in the House bill, instead of \$400,000,000 as proposed in the Senate-reported amendment.

Localities may also obtain funding for drug courts under the Local Law Enforcement Block Grant program and the Juvenile Accountability Incentive Block Grant program.

The conference agreement recognizes that there are currently over 480 drug courts in the United States. These drug courts play an important role in controlling the behavior and drug addiction of drug-using offenders across the Nation. Among these courts, there are only three comprehensive drug court systems in the country, one of which is in Denver, Colorado. Denver's adult drug court was established in 1994 and recently a juvenile drug court was established. The conference agreement recognizes the Denver concept has demonstrated its efficacy and, with sufficient resources, could serve as a model for other drug courts.

Juvenile Accountability Incentive Block Grant.—The conference agreement provides \$250,000,000 for the Juvenile Accountability Incentive Block Grant program to address the problem of juvenile crime as proposed in the House bill instead of \$100,000,000 as proposed in the Senate-reported amendment.

The conference agreement adopts the House report language by reference concerning false residential and commercial alarms. The conference agreement also includes language proposed in the House bill providing for Guam to be considered a State under the Local Law Enforcement Block Grant program and the Juvenile Accountability Incentive Block Grant program.

WEED AND SEED PROGRAM

The conference agreement includes a direct appropriation of \$34,000,000 for the Weed and Seed program, instead of \$33,500,000 proposed by the House bill and \$40,000,000 as proposed by the Senate-reported amendment. The conference agreement includes the expectation that an additional \$6,500,000 will be made available from the Assets Forfeiture Super Surplus Fund.

COMMUNITY ORIENTED POLICING SERVICES

The conference agreement includes \$1,032,325,000 for the Community Oriented Policing Services (COPS) program, instead of \$812,025,000 in the Senate-reported amendment and \$595,000,000 in the House bill. Police Hiring Initiatives.—The conference agreement includes \$470,000,000 for police hiring initiatives. Of this amount \$180,000,000 is provided specifically for school resource officers and \$35,000,000 is provided specifically for hiring police officers for Indian Country, with an additional \$5,000,000 from unobligated carryover balances from fiscal year 2000 for Indian Country grants. Since fiscal year 1998, the COPS program has recovered over \$100,000,000 per year in prior year funds. The conference agreement includes a provision requiring the COPS program office to submit a reprogramming request to the Committees on Appropriations before spending any funds made available through prior year deobligations, with an exception for program management and administration funding.

Safe Schools Initiative (SSI).—To address the issue of violence in our schools, the conference agreement includes \$227,500,000 for

the Safe Schools Initiative (SSI), including funds for technology development, prevention, community planning and school safety officers. Within this total, \$180,000,000 is from the COPS hiring program to provide school resource officers who will work in partnership with schools and other community-based entities to develop programs to improve the safety of elementary and secondary school children and educators in and around schools; \$15,000,000 is from the Juvenile Justice At-Risk Children's Program and \$15,000,000 is from the COPS program (\$30,000,000 total) for programs aimed at preventing violence in schools through partnerships with schools and community-based organizations; and \$17,500,000 is provided from the Crime Identification Technology Program to NIJ to develop technologies to improve school safety.

Indian Country.—The conference agreement includes a total of \$40,000,000 to improve law enforcement capabilities on Indian lands, both for hiring uniformed officers and for the purchase of equipment and training for new and existing officers, as proposed by the Senate. Of the \$40,000,000 for this program, \$35,000,000 is from direct appropriations and \$5,000,000 is from unobligated balances.

Management and Administration.—The conference agreement includes language that provides that not to exceed \$31,825,000 shall be expended for management and administration of the program.

Non-Hiring Initiatives.—The COPS program reached its original goal of funding 100,000 officers in May of 1999. Accordingly, the conference agreement funds initiatives to ensure there is adequate infrastructure for the new police officers, similar to the focus that has been provided Federal law enforcement. This will enable police officers to work more efficiently, equipped with the protection, tools, and technology they need; to address crime in and around schools; to provide law enforcement technology for local law enforcement; to combat the emergence of methamphetamine in new areas and police "hot spots" of drug market activity; and to make more bullet proof vests available for local law enforcement officers and correctional officers. In addition, the conference agreement provides funding for Community and Gun Violence Prosecutors, law enforcement costs associated with Offender Reentry programs and Police Integrity training. The conference agreement includes funding for the following non-hiring grant programs:

1. COPS Technology Program.—The conference agreement includes \$140,000,000 to be used for continued development of technologies and automated systems to assist State and local law enforcement agencies in investigating, responding to and preventing crime. In particular, it supports the sharing of criminal information and intelligence between State and local law enforcement to address multi-jurisdictional crimes.

Within the amounts made available under this program, the conference agreement includes the expectation that the COPS office will award grants for the following technology proposals:

Jennifer's Law (P.L. 106-177) authorizes funds for States to apply for competitive grants to cover the costs associated with entering complete files on unidentified victims into the FBI's National Crime Information Center (NCIC). This law provides incentives for States to report to the NCIC information on unidentified, deceased persons and will give law enforcement officials the opportunity to identify missing children who are reported as "unidentified". Additionally, the national sexual offender registry (NSOR) component of the Criminal History Records Upgrade Program has two principal objectives. The registry assists States in developing complete and accurate in-State registries. It will also assist States in sharing their registry information with the FBI system which identifies those offenders for whom special law enforcement interest has been noted.

DNA Backlog Grants/Crime Laboratory Improvement Program (CLIP).—Within the amounts available for crime identification technology, the conference agreement includes \$30,000,000 for grants to reduce DNA backlogs and for the Crime Laboratory Improvement Program (CLIP). The \$75,000,000 is to be used exclusively for community prosecutors to prosecute cases involving violent crimes committed with guns, and violations of gun statutes in cases involving drug trafficking and gang-related crime in high gun violence areas. These funds are not provided to teach job training skills or provide alcohol or drug abuse treatment. The Department of Justice

The authorized, traditional programs provide support for all communities facing economic hardship. Within the funding for Economic Adjustment Assistance, EDA is expected to increase funding for assistance to the timber and coal industries above fiscal year 2000 levels. In addition, EDA is expected to provide resources for communities affected by economic downturns due to United States-Canadian trade-related issues, New England fisheries impacted by regulations, and communities impacted by NAFTA, as directed in the Senate report.

The conference agreement makes funding under this account available until expended, as proposed in both the House bill and the Senate-reported amendment.

SALARIES AND EXPENSES

The conference agreement includes \$28,000,000 for salaries and expenses of the

EDA instead of \$26,499,000 as proposed in the House bill and \$31,542,000 as proposed in the Senate-reported amendment. This funding will allow EDA to increase its level of administrative operations to manage increased program funding levels. The EDA is directed to aggressively pursue all opportunities for reimbursement, deobligations, and use of non-appropriated resources to achieve efficient and effective control of EDA programs.

MINORITY BUSINESS DEVELOPMENT AGENCY
MINORITY BUSINESS DEVELOPMENT

The conference agreement includes \$27,314,000 for the programs of the Minority Business Development Agency (MBDA), as proposed in the House bill, instead of \$27,000,000 as proposed in the Senate-reported amendment. House report language regarding the Entrepreneurial Technology Apprenticeship Program is included by reference.

ECONOMIC AND INFORMATION
INFRASTRUCTURE

ECONOMIC AND STATISTICAL ANALYSIS
SALARIES AND EXPENSES

The conference agreement includes \$53,745,000 for salaries and expenses of the activities funded under the Economic and Statistical Analysis account, instead of \$49,499,000 as proposed in the House bill and \$53,992,000 as proposed in the Senate-reported amendment. Funding is included to begin the necessary task of updating and improving statistical measurements of the U.S. economy, international transactions, and the effects of e-business, as referenced in the Senate report. House report language regarding the Integrated Environmental-Economic Accounting initiative is included by reference.

BUREAU OF THE CENSUS

The conference agreement provides total spending of \$733,633,000 for the Bureau of the Census for fiscal year 2001, instead of a direct appropriation of \$670,867,000 as proposed in the House bill, and a direct appropriation of \$693,610,000 as proposed in the Senate-reported amendment.

SALARIES AND EXPENSES

The conference agreement includes \$157,227,000 for the Salaries and Expenses of the Bureau of the Census for fiscal year 2001, instead of \$140,000,000 as proposed in the House bill, and \$158,386,000 as proposed in the Senate-reported amendment. The agreement represents a \$17,227,000 increase over the fiscal year 2000 level. The distribution of funding is as follows:

Current Economic Statistics	\$103,228,000
Current Demographic Statistics	50,100,000
Survey Development and Data Surveys	3,899,000
Total	157,227,000

For current economic statistics programs, the conference agreement provides a total of \$103,228,000, of which \$11,295,000 is for adjustments to base, and \$3,000,000 is for program enhancements for the following initiatives: \$2,000,000 to begin the measurement of electronic businesses, and \$1,000,000 to support efforts to improve the timeliness, quality and coverage of export trade statistics. The conference agreement fully funds base requirements for these programs to ensure that key reports on manufacturing, general economic and foreign trade statistics are maintained and issued on a timely basis. The conference agreement does not include additional funding requested to begin funding a specialized Survey of Minority Owned Business Enterprises under this account, because such action is inconsistent with the long-standing practice of requiring specialized surveys to be funded by an affected agency

or entity. The conference agreement adopts the Senate report language requiring a report on reimbursements to be submitted with the fiscal year 2002 budget request.

The Bureau of the Census is directed to make the following changes beginning with the data collection on or after October 1, 2000, to the monthly report entitled "Preliminary: U.S. Imports for Consumption of Steel Products": (1) to delineate all products listed in such report into the following categories: alloy steel products, stainless steel products, and carbon steel products; (2) to add the following specialty steel categories to the report: alloy steel and silicon electrical steel; and (3) to divide in the report all steel line pipe products into the following categories: line pipe products 16 inches or less in diameter, and line pipe products over 16 inches in diameter.

Concerns have been expressed regarding recent actions taken by the Bureau of the Census to change the manner in which data are collected from the Shipper's Export Declaration, and the burden this may impose on some shippers. The Bureau is requested to provide a report on this matter to the Committees on Appropriations no later than December 15, 2000.

It is the Congress' understanding that the Office of Management and Budget (OMB) will not be designating or defining any changes to metropolitan areas during fiscal year 2001. In order to ensure public acceptance of revised standards for defining metropolitan areas, OMB will continue to work with the Congress to resolve outstanding issues before adopting revised standards. With respect to the titling of Combined Areas that may be defined in 2003, OMB is urged to adopt a standard as follows: (1) the name of the largest principal city of the largest Core Based Statistical Area should appear first in the Combined Area title; and (2) in accordance with local opinion, up to two additional names could be included in the Combined Area title, provided that the additional names are the names of principal cities in the Combined Area or suitable regional names; and the resulting title of the Combined Area would be distinct from the title of any Metropolitan Area, Micropolitan Area, or Metropolitan Division defined in 2003 or beyond. With respect to titling of Metropolitan Areas, OMB is urged to continue to work with the Congress to address local concerns.

PERIODIC CENSUSES AND PROGRAMS

The conference agreement provides a total spending level of \$576,406,000 for periodic censuses and programs, of which \$276,406,000 is provided as a direct appropriation, and \$300,000,000 is from prior year unobligated balances, instead of a direct appropriation of \$530,867,000 as proposed in the House bill, and a direct appropriation of \$535,224,000 as proposed in the Senate-reported amendment.

Census Monitoring Board ..	3,500,000
<hr/>	
Total, Decennial Cen- sus	390,898,000

The Bureau is directed to continue to provide monthly reports on the obligation of funds against each framework. Reallocation of resources among the frameworks listed above is subject to the requirements of section 605 of this Act, as is allocation of any additional unobligated balances not allocated in this conference agreement.

The conference agreement includes language designating the amounts provided for each decennial framework, modified from language proposed in the House bill. Should the operational needs of the decennial census necessitate the transfer of funds between these frameworks, the Bureau may transfer such funds as necessary subject to the standard transfer and reprogramming procedures set forth in section 605 of this Act. In addition, the conference agreement includes language designating funding under this account for the expenses of the Census Monitoring Board as proposed in the House bill. The Senate bill did not include a similar provision.

Other Periodic Programs.—The conference agreement includes a total of \$185,508,000 for other periodic censuses and programs, of which \$40,000,000 is derived from prior year unobligated balances available from the decennial census, instead of a direct appropriation of \$137,969,000 as proposed in the House bill, and \$145,508,000 as proposed in the Senate-reported amendment. The following table represents the distribution of funds provided for non-decennial periodic censuses and related programs:

This report shall include estimates of the number of Americans living abroad in the following categories: Federal civilian employees, military personnel, employees of business enterprises, employees of non-profit entities, and individuals not otherwise described.

Suitland Federal Center.—The conference agreement includes a total of \$43,200,000 for activities related to renovation of Census Bureau facilities at the Suitland Federal Center, of which \$40,000,000 is provided from prior year unobligated balances and \$3,200,000 is provided from direct appropriations. This amount represents the Census Bureau's costs

associated with renovation of this facility, as follows: \$3,200,000 for planning and design work, and \$40,000,000 for above-standard costs. The construction and tenant build-out costs for this facility are to be funded by the General Services Administration (GSA), not the Census Bureau, and the conference agreement includes new language prohibiting Census Bureau funds from being used for these purposes. Language is also included, as proposed in the Senate-reported amendment, requiring quarterly reports from the Census Bureau and GSA on this project.

NATIONAL TELECOMMUNICATIONS AND
INFORMATION ADMINISTRATION
SALARIES AND EXPENSES

The conference agreement includes \$11,437,000 for the salaries and expenses of the National Telecommunications and Information Administration (NTIA) as provided in the Senate-reported amendment, instead of \$10,975,000 as proposed in the House bill. The conference agreement includes, by reference, Senate report language regarding funding for the critical infrastructure program, and House report language regarding reimbursements.

PUBLIC TELECOMMUNICATIONS FACILITIES,
PLANNING AND CONSTRUCTION

NTIA is expected to use this funding for the existing equipment and facilities replacement program, and to maintain an appropriate balance between traditional grants and those to stations converting to digital broadcasting. NTIA is directed to place emphasis on distance learning initiatives targeting rural areas, as described in Senate report.

INFORMATION INFRASTRUCTURE GRANTS

The conference agreement includes \$45,500,000 for NTIA's Information Infrastructure Grants program, instead of \$15,500,000 as proposed in both the House bill and the Senate-reported amendment. PATENT AND TRADEMARK OFFICE
SALARIES AND EXPENSES

The conference agreement provides a total funding level of \$1,038,732,000 for the Patent and Trademark Office (PTO) as proposed in the Senate-reported amendment and requested in the budget, instead of \$904,924,000 as proposed in the House bill. Of the amount provided in the conference agreement, \$783,843,000 is to be derived from fiscal year 2001 offsetting fee collections, and \$254,889,000 is to be derived from carryover of prior year fee collections. This amount represents an increase of \$167,732,000, or 19 percent, above the fiscal year 2000 operating level for the PTO. The PTO has experienced significant growth in recent years due to increased application filings for patents and trademarks, and funding is provided to address these increased filings.

The conference agreement includes bill language limiting the amount of carryover that may be obligated in fiscal year 2001, as proposed in the House bill.

The conference agreement includes House report language concerning PTO's partnership with the National Inventor's Hall of Fame and Inventure Place, and Senate report language concerning the official insignias of Native American Tribes, and agency budget forecasts.

The following narrative provides additional information related to certain items included in the preceding table.

NATIONAL OCEAN SERVICE

The conferees have provided a total of \$290,699,000 under this account for the activities of the National Ocean Service, instead of \$260,448,000 as recommended in the House bill and \$321,26,000 as proposed in the Senate-reported amendment.

Mapping and Charting.—The conference agreement provides \$37,437,000 for NOAA's mapping and charting programs, reflecting continued commitment to the navigation safety programs of the NOS and concerns

about the ability of the NOS of continue to meet its mission requirements over the long term. Within the total funding provided under Mapping and Charting, the conference agreement includes \$2,580,000 for the joint hydrographic center established in fiscal year 1999, one-time funding of \$300,000 for the Seacoast Science Center, and \$1,500,000 for shoreline mapping as requested in the budget.

The conference agreement also includes \$20,450,000 within the line item Address Survey Backlog/Contracts exclusively for contracting with the private sector for data acquisition needs. This is \$2,450,000 above the

request and is intended to increase efforts to address the backlog through contract support.

Geodesy.—The conference agreement provides \$22,384,000 for geodesy programs, including \$19,634,000 for the base program; not less than \$500,000 for the South Carolina Geodetic Survey as referenced in the Senate report; not less than \$1,000,000 for the implementation of the National Height Modernization (NHM) system in North Carolina; not less than \$1,000,000 for the California Spatial Reference Center; and not less than \$250,000 for the National Geodetic Survey to implement the NHM study.

Tide and Current Data.—The conference agreement includes \$15,089,000 for this activity, including \$12,293,000 for the base program and \$2,796,000 for the continued implementation of the Physical Oceanographic Real-Time System (PORTS) program, as referenced in the House report.

The conference agreement includes \$2,000,000 above the request for data acquisition and for building NOAA corps officer strength and for additional days at sea.

Ocean Assessment Program.—The conference agreement includes \$49,956,000 for the activity, including the following: \$12,658,000 for the base program; \$5,800,000 to continue the Cooperative Institute for Coastal and Estuarine Environmental Technology; \$900,000 for the South Florida ecosystem restoration program; \$2,000,000 to support coral reef studies in the Pacific and Southeast, of which \$1,000,000 is for Hawaiian coral reef monitoring, \$500,000 is for reef monitoring in Florida, and \$500,000 is for reef monitoring in Puerto Rico through the Department of Natural Resource; \$4,425,000 for *pfisteria* and other harmful algal bloom research and monitoring, of which \$500,000 is for a pilot project to preemptively address emerging problems prior to the occurrence of harmful blooms, to be carried out by the South Carolina Department of Marine Resources; \$2,500,000 for the JASON project; and \$2,923,000 for the NOAA Beaufort/Oxford Laboratory. In addition, the conference agreement includes \$18,750,000 for the Coastal Services Center, including funds for initiation of a collaborative program in Hawaii for the U.S. Pacific Basin, consistent with activities identified in the fiscal year 2000 conference report, and funding for planning and design for additional space at the Coastal Services Center.

Office of Response and Restoration.—The conference agreement includes \$11,600,000 for the activity, including: \$2,674,000 for the Estuarine and Coastal Assessment program, \$5,210,000 for the Damage Assessment program, \$1,000,000 in accordance with the Oil Pollution Act of 1990, and \$2,716,000 for a new base program to provide greater flexibility for program managers to address response and restoration functions. No funding is provided for coral restoration.

Oceanic and Coastal Research.—The conference agreement includes \$9,500,000 for this activity, which includes \$6,970,000 for base, \$1,250,000 for fish forensics and enforcement, and \$1,280,000 for the Marine Environmental Health Research Laboratory (MEHRL). The conference agreement includes language as proposed in the Senate report regarding national overhead costs associated with managing the missions and operations of the research facilities funded in the Oceanic and Coastal Research activity and the National Ocean Service is directed to transfer budget and management operations for the MEHRL and the Charleston Lab to the Coastal Services Center.

The conference agreement does not include the proposed transfer of the Great Lakes Environmental Research Laboratory (GLERL) from Oceanic and Atmospheric Research to NOS, as proposed in the Senate report.

Coastal Ocean Program (COP).—The conference agreement provides \$18,287,000 for the Coastal Ocean Program, of which \$5,287,000 is provided for research related to hypoxia, *pfisteria*, and other harmful algal blooms, including the "dead-zone" in the Gulf of Mexico, as referenced in the House report. The managers of COP are directed to follow the direction included in the Senate report concerning research on small high-salinity estuaries and the land use-coastal ecosystem study. The conference agreement also assumes continued funding at the current level for restoration of the South Florida ecosystem.

Coastal Zone Management.—The conference agreement includes \$66,250,000 for this activity, of which \$52,000,000 is for grants under sections 306, 306A, and 309 of the Coastal Zone Management Act (CZMA), and \$4,500,000 is for program administration. NOAA is directed to prepare an assessment of the National impact of this program and submit such assessment to the Committees on Appropriations no later than March 15, 2001. The conference agreement does not include funding for the Non-Point Pollution program authorized under section 6217 of the CZMA. The conference agreement also includes \$9,750,000 for the National Estuarine Research Reserve System (NERRS) operations and maintenance program, an increase of \$3,750,000 above the current year level.

Marine Sanctuary Program.—The conference agreement includes \$20,500,000 for the National Marine Sanctuary Program. Of this amount, \$500,000 is provided to support the activities of the Northwest Straits Citizens Advisory Commission as outlined in the House and Senate reports.

NATIONAL MARINE FISHERIES SERVICE

The conference agreement includes a total of \$517,945,000 for the National Marine Fisheries Service (NMFS), instead of \$406,583,000, as recommended in the House bill and \$540,889,000, as recommended in the Senate report.

In addition, the conference agreement includes \$4,000,000 to be collected under the Magnuson-Stevens Act to support the Community and Individual Fishery Quota Program.

Resource Information.—The conference agreement provides \$119,945,000 for fisheries resource information. Within the funds provided for resource information, \$88,145,000 is provided for the base programs. The conference agreement includes \$4,250,000 for west coast ground fish. NMFS is directed to distribute this funding to appropriate labs based on the current year distribution, and no labs should receive less than current year funding. Funding above the amounts for the base program is as follows: \$1,700,000 is to expand stock assessments; \$850,000 is for MARMAP; \$2,500,000 is for the Gulf of Mexico consortium; and \$200,000 is for the Atlantic Herring and Mackerel initiative. None of the \$54,000,000 shall be used for the buy back of commercial fishing licenses or vessels.

The conference agreement includes language proposed in the House bill making funding under this heading subject to express authorization. The Senate-reported amendment did not include this language.

COASTAL ZONE MANAGEMENT FUND

The conference agreement includes an appropriation of \$3,200,000 as provided in the Senate-reported amendment, instead of \$4,000,000 as provided in the House bill. This amount is reflected under the National Ocean Service within the Operations, Research, and Facilities account.

The conference agreement includes \$17,930,000 for the U.S. Court of Appeals for the Federal Circuit as provided in the Senate-reported amendment, instead of \$17,846,000 as provided in the House bill. The conference agreement includes \$12,456,000 for the U.S. Court of International Trade as provided in the Senate-reported amendment, instead of \$12,299,000 as provided in the House bill.

House report language with respect to the Southwest Border is adopted by reference.

An April 2000 review of Federal judges sharing of courtrooms prepared by the Congressional Budget Office (CBO) indicated that courtroom sharing by judges should not cause trial delays for a significant number of trials, and that for the few that might be delayed the waiting time would be less than half a day. The CBO study also found that many courtrooms are in use for a small percentage of the available workdays. A study of the Judiciary’s space and facilities program recently completed by Ernst and Young, however, suggested that requiring judges to share courtrooms is not practical. The Ernst and Young report stated that current court records do not adequately track courtroom usage, making it difficult to determine if courtroom sharing by Federal judges is a viable option. The conference agreement directs CBO to review and comment on the Ernst and Young report, and to provide the Committees on Appropriations with its findings no later than February 1, 2001. The Administrative Office of the U.S. Courts shall provide such assistance as may be necessary to CBO to complete its review. This issue is of great importance because any reduction in the number of courtrooms and associated court space could significantly reduce rental payments, which continue to consume an inordinate amount of the Judiciary’s available resources.

VACCINE INJURY COMPENSATION TRUST FUND

The conference agreement provides \$2,602,000 from the Vaccine Injury Compensation Trust Fund for expenses associated with the National Childhood Vaccine Injury Act of 1986 as provided in the Senate-reported amendment, instead of \$2,600,000 as provided in the House bill.

The conference agreement directs that a portion of the funds made available be used for an increase to \$75 an hour for in-court time and \$55 an hour for out-of-court time for Criminal Justice Act panel attorneys.

Language relating to capital habeas corpus costs in the House report is adopted by reference.

FEES OF JURORS AND COMMISSIONERS

The conference agreement includes \$59,567,000 for Fees of Jurors and Commissioners, as proposed in the Senate-reported amendment, instead of \$60,821,000 as provided in the House bill.

Of the amount provided, \$10,000,000 for security system funding shall remain available until expended.

ADMINISTRATIVE OFFICE OF THE UNITED STATES COURTS

FEDERAL JUDICIAL CENTER

SALARIES AND EXPENSES

The conference agreement includes \$18,777,000 for fiscal year 2001 salaries and expenses of the Federal Judicial Center as provided in the House bill, instead of \$19,215,000 as proposed in the Senate-reported amendment. Of the amount provided, \$1,000 shall be available for official reception and representation expenses, as provided in the House bill, instead of \$1,500 as proposed in the Senate-reported amendment.

JUDICIAL RETIREMENT FUNDS

PAYMENT TO JUDICIARY TRUST FUNDS

The conference agreement includes \$35,700,000 for payment to the various judicial retirement funds, as provided in both the House bill and the Senate-reported amendment.

Sec. 308.—The conference agreement includes a new provision to bring the Supreme

Court Police into parity with the retirement benefits provided to the United States Capitol Police and other federal law enforcement agencies.

Sec. 309.—The conference agreement includes a provision, modified from a provision proposed as section 304 in the Senate-reported amendment. The modified language authorizes Justices and judges of the United States to receive a salary adjustment only if under each provision of law amended by section 704(a)(2) of the Ethics Reform Act of 1989 (5 U.S.C. 5318 note), adjustments under 5 U.S.C. 5305 shall take effect in fiscal year 2001. If such adjustments are made, then \$8,801,000 is appropriated for the cost of adjustments under this Title. The House bill did not include a similar provision on this matter.

The House report designated \$66,000,000 for a perimeter security initiative, and \$16,000,000 to support additional staffing for the Bureau of Diplomatic Security, as requested. Since the time of the budget request, the Department has notified the Committees of increasing requirements to implement perimeter security upgrades. The Department is expected to reflect this development in the spending plan, increasing the amount for perimeter security and decreasing the amount for staffing. Any amount exceeding \$8,000,000 for increased staffing will be subject to reprogramming. The conference agreement adopts, by reference, language in the Senate report regarding bomb detection equipment and a report on certain security issues.

The Committees acknowledge the Department's continuing efforts to increase minority recruitment and diversity in the Foreign Service and commend the Department for its ongoing efforts to partner with Howard University and other institutions. For FY 2001 the Department is directed to supplement its minority recruitment activities by initiating a model program to facilitate the entry of non-traditional and minority students into foreign policy careers. This program would provide a continuum of education and support for successful students at two- and four-year colleges to continue their studies at a university that provides undergraduate programs for non-traditional students and graduate studies in international and public affairs. The Department is directed to provide \$1,000,000 to the educational partnership between Hostos Community College and Columbia University in New York to establish such a model program. It is expected that this new program would assist members of minority groups in pursuing careers in the Foreign Service and the State Department.

These posts are well run, language skills are uniformly excellent, and personnel are genuinely enthusiastic about, and deeply involved in, the local government, community and culture. These posts serve as model embassies to be emulated. The Department is urged to devote the necessary resources to these posts to maintain the high caliber of operations at each.

Therefore, the Department is directed to explore the establishment, within resources currently available, of an American Presence Post in Equatorial Guinea and to report to the Committees no later than December 1, 2000, on the costs, staffing, and need for such a post.

Increasing amounts of funding are requested under this title for costs related to the absence or inadequacy of democratic governance in Kosovo, East Timor, Sierra Leone, and the Democratic Republic of the Congo. Significant carryover and recovered balances are often available under this account, and the Department is directed to submit a proposed spending plan for such balances, subject to the regular reprogramming procedures. To the extent such balances are available, the Department is encouraged to give priority to providing additional support for the Muskie Fellowship Program, and supporting the Central European Executive Exchange Program and the Institute for Representative Government.

The conference agreement includes only \$500,000 in new appropriations under this account for Muskie Fellowships for graduate student exchanges with the former Soviet Union. In addition to the amounts provided under this account for nations of the former Soviet Union, the Department expects to receive transfers from appropriations for Freedom Support Act exchange programs. In fiscal year 2000, an additional \$93,000,000 was transferred to this account for exchanges with the former Soviet Union, including \$18,309,000 for graduate student exchanges. A similar amount is expected to be available for such exchanges in fiscal year 2001. In its graduate exchange programs with the former Soviet Union, the Department shall emphasize Masters in Business Administration programs in such areas as marketing, distribution, and finance.

Should balances become available, the Department is expected to consider awarding a grant for the Central European Executive Exchange Program. The Committees expect that the proposal submitted for this project will include participation from Central European countries in addition to Hungary and the Czech Republic, and will contain a plan to continue the project in future years without Federal financial support.

The conference agreement includes, by reference, the program guidance contained in both the House and Senate reports.

REPRESENTATION ALLOWANCES

The conference agreement includes \$6,499,000 for Representation Allowances instead of \$5,826,000 as proposed in the House bill, and \$6,773,000 as proposed in the Senate-reported amendment. Proceeds realized from the sale of the diplomatic facility in Seoul known as "Compound II" shall only be available for the site acquisition and preparation, design, or construction of diplomatic facilities, housing, or Marine security guard quarters in the Republic of Korea. These funds shall be available for obligation and expenditure until all proceeds from the sale of "Compound II" are exhausted. The Committees expect the Department to provide an update every January 1 on construction projects in the Republic of Korea.

The conference agreement includes \$663,000,000 for the costs of worldwide security upgrades, including \$515,000,000 for capital security projects. The conferees direct the Department to comply with the direction in the House report regarding the submission of a spending plan within sixty days of the date of enactment of this Act. In proposing such a spending plan, the Department shall include an assessment of need, and such funding as is appropriate, for security upgrades related to existing housing, schools, and Marine quarters, as well as the acquisition of new secure Marine quarters.

The conference agreement does not include new appropriations for non-security capital projects. The ongoing costs of housing projects in Chengdu and Shenyang are included in amounts provided for facilities rehabilitation under this account.

The budget request included planned expenditures of \$67,000,000 from proceeds of sale of surplus property for opportunity purchases and capital projects. The conference agreement anticipates that the amount of funds available for such purchases will be much greater, and directs the Department to submit a spending plan for these funds that includes: at least \$19,000,000 for opportunity purchases to replace uneconomical leases; at least \$25,000,000 for capital security projects; and \$20,000,000 for continuing costs of the Taiwan project. Any additional use of these funds is subject to reprogramming.

The conference agreement includes, by reference, language in the House report under "Worldwide Security Upgrades" and "Responding to the Recommendations of the Overseas Presence Advisory Panel", and language in the Senate report on joint ventures and a General Accounting Office review of a property issue in Paris. Within the amount provided under this account, the Department is expected to support the rehabilitation

projects in Moscow and Istanbul described in the Senate report.

The Department is directed to submit, and receive approval for, a financial plan for the funding provided under this account, whether from direct appropriations or proceeds of sales, prior to the obligation or expenditure of funds for capital and rehabilitation projects. The overall spending plan shall include project-level detail, and shall be provided to the Appropriations Committees not later than 60 days after the date of enactment of this Act. Any deviation from the plan after approval shall be treated as a reprogramming in the case of an addition greater than \$500,000 or as a notification in the case of a deletion, a project cost overrun exceeding 25 percent, or a project schedule delay exceeding 6 months. Notification requirements also extend to the rebaselining of a given project's cost estimate, schedule, or scope of work.

EMERGENCIES IN THE DIPLOMATIC AND

The conference agreement includes language requiring that \$100,000,000 may be made available to the United Nations only pursuant to a certification that the U.N. has taken no action during calendar year 2000 prior to the enactment of this Act to cause the U.N. to exceed the adopted budget for the biennium 2000-2001. Similar language was included in the House bill. The Senate-reported amendment did not include a provision on this matter.

The conference agreement does not include an additional \$64,800,000 for the United States share of the new North Atlantic Treaty Organization headquarters as proposed in the Senate-reported amendment. The House bill did not have a similar provision. Within the amount provided under this heading,

\$8,000,000 is included for the first incremental payment for the U.S. share of the new headquarters building, as requested.

The amount provided by the conference agreement is expected to be sufficient to fully pay assessments to international organizations. The conference agreement anticipates that the Department has prepaid \$32,600,000 of the fiscal year 2001 assessment for the United Nations regular budget, using excess fiscal year 2000 funds. In addition, the Department's recalculation of its fiscal year 2001 request for this account has resulted in a lowering of the request by an additional \$37,908,000, resulting primarily from exchange rate fluctuations. In recognition of the prepayment and the recalculation of the request, the conference agreement assumes an adjusted request level of \$875,552,000. The conference agreement does not include requested funding for the Interparliamentary Union and the Bureau of International Expositions, and anticipates additional savings related to requested programs that are terminating or have not yet begun.

Provisions in the House report relating to reports on reforms in international organizations, and Senate report language relating to reporting on War Crimes Tribunals are adopted by reference. The conference agreement does not include an additional \$13,000,000, as proposed in the Senate report, for Pan American Health Organization (PAHO) disease prevention and control programs. The Department is encouraged to pursue appropriate funding for such an initiative in the future. The conference agreement adopts, by reference, language in the House report concerning PAHO, and directs the Department to provide PAHO with its full United States assessment level for fiscal year 2001.

CONTRIBUTIONS FOR INTERNATIONAL
PEACEKEEPING ACTIVITIES

The conference agreement provides that, of the total funding provided under this heading, not to exceed fifteen percent shall remain available until September 30, 2002. The Senate-reported amendment made all funding available until expended, and the House bill had no provision on the matter. The conferees expect that before any excess funding is carried over into fiscal year 2002 in this account, the Department shall transfer the maximum allowable amount to the Contributions to International Organizations account to prepay the fiscal year 2002 assessment for the United Nations regular budget.

The conference agreement includes, by reference, language in the House report requiring a Department report to the Committees related to the costs of continuing UN activities in Angola and Haiti from the UN regular budget, requiring a report on peacekeeping assessment rate reform, and directing the Department to support the work of the UN Office of Internal Oversight Services. The conference agreement also includes, by reference, language in the Senate report regarding the investigation of charges against those responsible for the planning and execution of the air war over Serbia and Kosovo.

The establishment of several large and complex missions over the past year has overtaken the capacity of the UN to successfully plan and manage such activities. The Department is directed to allocate available funds in this account on a priority basis, and to take no action to extend or expand missions or create new missions for which funding is not available. The conference agreement does not include funding for the

MINURSO mission in Western Sahara. In addition to the notification requirements under this account, the Department is directed to submit a proposed distribution of the total resources available under this account no later than December 31, 2000, through the normal reprogramming process.

Rather than funding broadcasting to Cuba under this account, as proposed by the House, all funding for broadcasting to Cuba is included under a separate account, as proposed in the Senate-reported amendment, and as enacted in previous years.

The conference agreement includes language in this and other broadcasting accounts that modifies citations of authorization legislation as carried in previous years. Both the House bill and the Senate-reported amendment included in the Federal Trade Commission's appropriation language similar language to create a three tiered fee structure and raise the filing threshold to \$35,000,000. The conference agreement provides an appropriation of \$331,635,000 for the Small Business Administration (SBA) Salaries and Expenses account, instead of \$304,094,000 as proposed in the House bill and \$143,475,000 as proposed in the Senate-reported amendment. The conference agreement does not split funding for non-credit business assistance programs into a separate account, as proposed in the budget request and the Senate-reported amendment, but rather includes funding for such programs under this account.

In addition, the conference agreement includes \$37,000,000 for programs related to the New Markets Venture Capital Program subject to the authorization of that program, including \$7,000,000 for BusinessLINC and \$30,000,000 for technical assistance.

The conference agreement includes language, as proposed in the Senate-reported

amendment, allowing SBA to use five percent, or not to exceed \$3,000,000, of increased collections of delinquent non-tax debt to reimburse for qualified expenses of such collections. The House bill did not contain language on this matter.

In addition to amounts made available under this heading, the conference agreement includes \$129,000,000 for administrative expenses under the Business Loans Program account. This amount is transferred to and merged with amounts available under Salaries and Expenses. The conference agreement also includes an additional \$108,354,000 for administrative expenses under the Disaster Loans Program account, which may under certain conditions be transferred to and merged with amounts available under Salaries and Expenses. These conditions are described under the Disaster Loans Program account.

The conference agreement provides a total of \$166,541,000 for SBA's regular operating expenses under this account. This amount includes \$2,000,000 for expenses of the HUBZone program, and \$8,000,000 for systems modernization initiatives to continue the improvement of SBA's management and oversight of its loan portfolio. This amount also includes \$2,000,000 to assist the SBA in transforming its workforce to meet changes in the way its programs are carried out. The SBA shall submit a plan, prior to the expenditure of resources provided for systems modernization and workforce transformation, in accordance with section 605 of this Act.

The conference agreement includes the following amounts for non-credit programs:

Small Business Development Centers	\$88,000,000
7(j) Technical Assistance ...	3,600,000
Microloan Technical Assistance	20,000,000
SCORE	3,750,000
Business Information Centers	500,000
Women's Business Centers	12,000,000
Survey of Women-Owned Businesses	694,000
National Women's Business Council	750,000
One Stop Capital Shops	3,100,000
US Export Assistance Centers	3,100,000
Advocacy Research	1,100,000
National Veterans Business Development Corp ..	4,000,000
SBIR Rural Outreach Program	5,000,000
ProNet	500,000
Drug-free Workplace Grants	3,500,000
PRIME	15,000,000
New Markets Technical Assistance	30,000,000
BusinessLINC	7,000,000
Regulatory Fairness Boards	500,000
Total	202,094,000

Small Business Development Centers (SBDCs).—Of the amounts provided for SBDCs, the conference agreement includes \$2,000,000 to continue the SBDC Defense transition program, and \$1,000,000 to continue the Environmental Compliance Project, as directed in the House report. In addition, the conference agreement includes language, similar to that proposed in the Senate-reported amendment under "Non-Credit Business Assistance Programs" making funds for the SBDC program available for two years.

National Veterans Business Development Corporation.—The conference agreement includes language, as proposed in the House bill, designating \$4,000,000 for the National Veterans Business Development Corporation.

The Senate-reported amendment did not include a provision on this matter, but Senate report language designated \$4,000,000 for the same purpose.

Microloan Technical Assistance.—The conference agreement includes \$20,000,000 for the Microloan Technical Assistance program. Should savings occur during fiscal year 2001 in this account, the SBA may propose to allocate an additional amount for the Microloan Technical Assistance program through the regular reprogramming process. The SBA was unable to obligate approximately \$3,500,000 allocated to this program in fiscal year 2000, which was transferred to the Business Loans Program account.

The conference agreement adopts language included in the House report directing the SBA to fully fund LowDoc Processing Centers, and to continue activities assisting small businesses to adapt to a paperless procurement environment.

NON-CREDIT BUSINESS ASSISTANCE PROGRAMS

The conference agreement adopts the approach in the House bill of not including funding under a separate heading for the non-credit business assistance programs of the SBA. Instead, funding for these programs is included under "Salaries and Expenses", as in previous years. The Senate-reported amendment included \$153,690,000 for such programs under this separate account.

OFFICE OF INSPECTOR GENERAL

The conference agreement provides \$11,953,000 for the SBA Office of Inspector General, instead of \$10,905,000 as proposed in the House bill and \$13,000,000 as proposed in the Senate-reported amendment.

An additional \$500,000 has been provided under the administrative expenses of the Disaster Loans Program account to be made available to the Office of Inspector General for work associated with oversight of the Disaster Loans Program. The conference agreement does not include direction provided in the Senate report.

BUSINESS LOANS PROGRAM ACCOUNT

The conference agreement includes \$294,410,000 under the SBA Business Loans Program Account, instead of \$269,300,000 as proposed in the House bill, and \$296,200,000 as proposed in the Senate-reported amendment. The conference agreement includes language, as proposed in the House bill, making \$45,000,000 of the amount included for guaranteed loans available for two fiscal years. The Senate-reported amendment did not contain a similar provision. Within the amount provided, \$22,000,000 shall be available only for the New Markets Venture Capital Program, subject to the enactment of authorizing legislation in fiscal year 2001.

The conference agreement includes \$2,250,000 for the costs of direct loans, instead of \$2,500,000 as proposed in the House bill and \$2,600,000 as proposed in the Senate-reported amendment. The conferees understand that \$300,000 in carryover is available for the Microloan Direct Loan Program, and, together with the appropriated amount, will support an estimated fiscal year 2001 program level of over \$28,400,000.

Not including the funding provided for the New Markets Venture Capital Program, the conference agreement includes \$141,160,000 for the costs of guaranteed loans, including the following programs:

7(a) General Business Loans.—The conference agreement provides \$114,960,000 in subsidy appropriations for the 7(a) general business guaranteed loan program, instead of \$114,500,000 as proposed in the House bill and \$134,000,000 as proposed in the Senate-reported amendment. When combined with an estimated \$14,000,000 in available carryover balances and recoveries, this amount will

subsidize an estimated fiscal year 2001 program level of up to \$10,400,000,000, assuming a subsidy rate of 1.24%. In addition, the conference agreement includes a provision, as proposed in both the House bill and the Senate-reported amendment, requiring the SBA to notify the Committees in accordance with section 605 of this Act prior to providing a total program level greater than \$10,000,000,000.

Small Business Investment Companies (SBIC).—The conference agreement provides \$26,200,000 for the SBIC participating securities program as proposed in the Senate-reported amendment, instead of \$23,300,000 as proposed in the House bill. This amount will result in an estimated total program level of \$2,000,000,000 in fiscal year 2001. No appropriation is required for the SBIC debentures program, as the program will operate with a zero subsidy rate in fiscal year 2001.

The conference agreement includes required language, as proposed in the House bill, limiting the 504 CDC and the SBIC debentures program levels, instead of similar language in the Senate-reported amendment.

In addition, the conference agreement includes \$129,000,000 for administrative expenses to carry out the direct and guaranteed loan programs as proposed in the House bill, instead of \$130,800,000 as proposed in the Senate-reported amendment, and makes such funds available to be transferred to and merged with appropriations for Salaries and Expenses.

DISASTER LOANS PROGRAM ACCOUNT

The conference agreement includes a total of \$184,494,000 for this account, of which \$76,140,000 is for the subsidy costs for disaster loans and \$108,354,000 is for administrative expenses associated with the disaster loans program. The House bill proposed \$140,400,000 for loans and \$136,000,000 for administrative expenses. The Senate-reported amendment provided \$142,100,000 for loans and \$139,000,000 for administrative expenses.

For disaster loans, the conference agreement assumes that the \$76,140,000 subsidy appropriation, when combined with \$71,000,000 in carryover balances and \$10,000,000 in recoveries, will provide a total disaster loan program level of \$900,000,000.

The conference agreement includes language, as proposed in the House bill, designating amounts for direct and indirect administrative expenses, and allowing appropriations for indirect administrative costs to be transferred to and merged with appropriations for Salaries and Expenses under certain conditions. The conference agreement includes \$98,000,000 for direct administrative expenses instead of \$125,646,000 as proposed in the House bill, and \$9,854,000 for indirect administrative expenses as proposed in the House bill. The amount provided for direct administrative expenses, when combined with an estimated \$26,000,000 in carryover balances, will provide the requested level for this activity. The conference agreement includes a provision that any amount in excess of \$9,854,000 to be transferred to Salaries and Expenses from the Disaster Loans Program account for indirect administrative expenses shall be treated as a reprogramming of funds under section 605 of this Act, as proposed in the House bill. In addition, any such reprogramming shall be accompanied by a report from the Administrator on the anticipated effect of the proposed transfer on the ability of the SBA to cover the full annual requirements for direct administrative costs of disaster loan-making and -servicing.

Of the amounts provided for administrative expenses under this heading, \$500,000 is to be transferred to and merged with the Office of Inspector General account for oversight and audit activities related to the Disaster Loans program.

ADMINISTRATIVE PROVISION—SMALL BUSINESS ADMINISTRATION

The conference agreement includes a provision providing SBA with the authority to transfer funds between appropriations accounts as proposed in the House bill, instead of a similar provision in the Senate-reported amendment.

STATE JUSTICE INSTITUTE SALARIES AND EXPENSES

The conference agreement provides \$6,850,000 for the State Justice Institute as proposed in the Senate-reported amendment, instead of \$4,500,000 as proposed in the House bill. The conference agreement does not include the transfer of an additional \$8,000,000 to this account from the Courts of Appeals, District Courts, and Other Judicial Services account in Title III as proposed in the Senate-reported amendment.

TITLE VI—GENERAL PROVISIONS

The Senate-reported amendment did not include a similar provision.

Sec. 616.—The conference agreement includes section 616, as proposed in the House bill, which prohibits funds provided in this Act from being used to promote the sale or export of tobacco or tobacco products, or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, provided such restrictions are applied equally to all tobacco or tobacco products of the same type. This provision is not intended to impact routine international trade services provided to all U.S. citizens, including the processing of applications to establish foreign trade zones. The Senate-reported amendment did not contain a provision on this matter.

Sec. 617.—The conference agreement includes section 617, modified from language proposed as section 615 in the Senate-reported amendment, which extends the prohibition in last year's bill on use of funds to issue a visa to any alien involved in extrajudicial and political killings in Haiti. Sec. 619.—The conference agreement includes section 619, modified from language proposed as section 618 in the House bill and section 619 in the Senate-reported amendment, which delays obligation of any receipts deposited or available in the Crime Victims Fund in excess of \$537,500,000 until the following fiscal year. The conferees have taken this action to protect against wide fluctuations in receipts into the Fund, and to ensure that a stable level of funding will remain available for these programs in future years.

Sec. 620.—The conference agreement includes section 620, proposed as section 619 in the House bill, which prohibits the use of Department of Justice funds for programs which discriminate against, denigrate, or otherwise undermine the religious beliefs of students participating in such programs. Similar language was included under the "Federal Trade Commission, Salaries and Expenses" heading in Title V of both the House bill and the Senate-reported amendment.

Funding is provided through the U.S. Fish and Wildlife Service in the Department of Interior. This action recognizes wildlife conservation as a critical component of a nationwide strategy and supports state efforts in wildlife conservation and restoration. The conference agreement includes authorization language for this program.

Funding has been provided for the development, revision, and implementation of wildlife conservation and restoration programs and plans to address the unmet needs for a diverse array of wildlife and associated habitats. Funds provided to states or Indian Tribes may be used for planning and implementation of wildlife conservation programs and conservation strategies, including wildlife conservation, wildlife conservation education, and wildlife-associated recreation projects, for new programs and projects as well as to enhance existing programs and projects.

Each state's apportionment is determined by formula which considers the total area of the state (1/3 of the formula) and the population (2/3 of the formula). Puerto Rico and the District of Columbia each receive a sum equal to not more than one-half of one percent and Guam, the Virgin Islands, American Samoa, and the Northern Mariana Islands each receive a sum equal to not more than one-fourth of one percent.
