

conference committee the two Republicans, the gentleman from Georgia (Mr. NORWOOD) and myself, who wrote the bill that passed this House with 275 votes, thus precluding our efforts to try to achieve a compromise to get a strong piece of legislation passed. But we are still available, and we are still working.

I actually am optimistic about the chances of getting true patient protection legislation passed because, as I look at the vote in the Senate, I think we now have 50 supporters plus for the bill that passed this House. I expect that, when that bill comes up again in the Senate after the August recess, we very well may see that the bill that passed the House with 275 votes also passes the Senate, and I am sure the President will sign that.

On the matter of tobacco, I see very little movement in the House even though the gentleman from Michigan (Mr. DINGELL) and I have 95 cosponsors for a bill that would simply allow the FDA the authority to regulate an addicting substance, as I said, not to increase taxes and not to prohibit the substance, but to make sure that those tobacco companies which have marketed and targeted kids 14 and younger cannot get away with that in the future.

Well, I remain optimistic that, as we continue to work on these issues, we will make progress. I sincerely thank all of my colleagues from both sides of the aisle who have shown so much interest in actually achieving true and real reform legislation in both of these areas.
