

POM-302. A concurrent resolution adopted by the House of Representatives of the State of Louisiana urging Congress to eliminate provisions of law which reduce social security benefits for those receiving benefits from government retirement systems; to the Committee on Finance.

HOUSE CONCURRENT RESOLUTION NO. 7

Whereas, the Congress of the United States has enacted both the Government Pension Offset (GPO), reducing the spousal and survivor social security benefit, and the Windfall Elimination Provision (WEP), reducing the earned social security benefit for persons who also receive federal, state, or local retirement; and

Whereas, the intent of Congress in enacting the GPO and the WEP provisions was to address concerns that a public employee who had worked primarily in federal, state, and local government employment might receive a public pension in addition to the same social security benefit as a worker who had worked only in employment covered by social security throughout his career; and

Whereas, the purpose of Congress in enacting these reduction provisions was to provide a disincentive for public employees to receive two pensions; and

Whereas, the GPO negatively affects a spouse or survivor receiving federal, state, or local government retirement benefits who would also be entitled to a social security benefit earned by a spouse; and

Whereas, the GPO formula reduces the spousal or survivor social security benefit by two-thirds of the amount of the federal, state, or local government retirement benefit received by the spouse or survivor, in many cases completely eliminating the social security benefit; and

Whereas, the WEP applies to those persons who have earned federal, state, or local government retirement benefits, in addition to working in covered employment and paying into the social security system; and

Whereas, the WEP reduces the earned social security benefit using an averaged indexed monthly earnings formula and may reduce social security benefits for such persons by as much as one-half of the uncovered public retirement benefits earned; and

Whereas, because of these calculation characteristics, the GPO and WEP have a disproportionately negative effect on employees working in lower-wage government jobs; and

Whereas, Louisiana is making every effort to improve the quality of life of its citizens and to encourage them to live here lifelong. Therefore, be it

*Resolved*, That the Legislature of Louisiana does hereby memorialize the Congress of the United States to review the GPO and WEP social security benefit reductions and to consider eliminating them. Be it further

*Resolved*, That a copy of this Resolution be transmitted to the presiding officers of the Senate and the House of Representatives of the Congress of the United States of America and to each member of the Louisiana congressional delegation.
