Ms. GINNY BROWN-WAITE of Florida. Madam Speaker, I rise today to honor Wilton Simpson, a distinguished member of the business community in Pasco County, Florida. Mr. Simpson has recently been named the 2009 recipient of the Lincoln Heritage Award in honor of his humanitarian services to the community and Pasco County and for his commitment to the principles practiced and espoused by one of our greatest Presidents, Abraham Lincoln.

INTRODUCTION OF THE "WHATEVER IT TAKES TO REBUILD ACT OF 2008"

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, February 23, 2009

Mrs. MALONEY. Madam Speaker, today I am reintroducing the "Whatever it Takes to Rebuild Act".

A disaster can leave the tax base of an affected community eroded, necessitating Federal assistance to pay for essential services. These essential services, including police, fire, and school personnel, are even more critical in the wake of a disaster. To aid communities, Congress created the Community Disaster Loan Program. While this program has worked with great success, there are two significant issues that need to be fixed. The first issue is that this assistance is delivered in the form of a loan and the second is that any loan is limited to \$5 million. Providing this aid as a loan can further delay the recovery of a local community and the \$5 million cap does not allow for adequate assistance for medium or large communities.

The "Whatever It Takes to Rebuild Act" would repeal the requirement that disaster affected communities repay the assistance they receive under the Community Disaster Loan Program. This legislation would permanently repeal the \$5 million cap on these loans, would make states eligible for this assistance, repeal the cap that limits loans to 25 percent of a municipality's operating expenses, and would provide this assistance as grants when the President waives the provisions for a catastrophic event. All of these provisions are aimed at giving the Federal Government the tools and flexibility we need to fully respond following a disaster.

This program was used most recently immediately following Hurricane Katrina in New Orleans. While it was able to provide significant benefits, repayment requirements have raised significant hurdles for many recipient communities. In the wake of a disaster, the government should give American communities the financial assistance they need to get back on their feet with no strings attached. That is why

I am reintroducing the "Whatever It Takes to Rebuild Act."

EARMARK DECLARATION

HON. SAM JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Monday, February 23, 2009

Mr. SAM JOHNSON of Texas. Madam Speaker, pursuant to the House Republican standards on earmarks, I am submitting the following information for publication in the CONGRESSIONAL RECORD regarding earmarks I received as part of H.R. 1105, the FY 2009 Omnibus Appropriations Act.

Requesting Member: Congressman SAM JOHNSON

Bill Number: H.R. 1105.

Account: COPS Law Enforcement Technology.

Legal Name of Requesting Entity: The City of McKinney, Texas

Address of Requesting Entity: 222 N. Tennessee, McKinney, Texas 75070.

Description of Request: \$300,000 in FY 2009 Department of Justice COPS Law Enforcement Technology and Interoperability funds to replace the City's Public Safety Radio System and to acquire interoperability capabilities.

The City of McKinney, Texas, was the fastest growing city with a population greater than 100,000 in the U.S. between 2000 and 2006, according to U.S. Census statistics released last year. With a population that has mushroomed from 38,700 to 121,000 in only ten years, resources for many important projects are strained. The current 800 MHz radio communications system, completed in 2001 when McKinney's population was half its current size, now has communications coverage deficiencies, particularly in the newer growth areas in southwestern McKinney. These "dead spots" are experienced by all City radio system users (Police, Fire, EMS, Public Works, etc.) and could compromise officer safety, citizen safety, and the ability to respond adequately in emergency situations. Efforts to
