PROCEEDINGS AND DEBATES OF THE 111<sup>th</sup> CONGRESS, FIRST SESSION

Vol. 155

WASHINGTON, TUESDAY, DECEMBER 8, 2009

No. 183—Book III

## House of Representatives

### DIVISION D—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2010

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010, put in place by this division incorporates the following agreements of the managers. Funds for the individual programs and activities within the accounts in this division are displayed in the detailed table at the end of the statement of the managers for this Act. Funding levels that are not displayed in the detailed table are identified within this statement of the managers. All references within this explanatory statement to the Recovery Act mean the American Recovery and Reinvestment Act of 2009 (Public Law 111μ095).

In implementing this conference agreement, the Departments and agencies should be guided by the language and instructions set forth in House Report 111μ09220 and Senate Report 111μ0966 accompanying the bill, H.R. 3293. In cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and those that are jointly concurred in have been endorsed in this explanatory statement.

In cases in which the House or the Senate report requests or directs the submission of a report, such report is to be submitted to both the Committees on Appropriations of the House of Representatives and the Senate.

Section 516 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this division, including the requirement to make a written request to the Committees on Appropriations of the House of Representatives and the Senate 15 days prior to reprogramming, or to the announcement of intent to reprogram funds in excess of 10 percent or \$500,000, whichever is less, between programs, projects, and activities.

Departments and agencies funded in this division shall submit statements on the effect of this Act to the Appropriations Committees within 45 days of enactment of this Act, pursuant to section 518. The Committees on Appropriations of the House of Representatives and the Senate expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects, and activities, particu-

larly in accounts where the final appropriation is different than that of the budget request. Further, these statements also shall include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2010 budget.

#### TITLE I

#### DEPARTMENT OF LABOR

#### EMPLOYMENT AND TRAINING ADMINISTRATION TRAINING AND EMPLOYMENT SERVICES (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$3,828,530,000 for Training and Employment Services instead of \$3,802,961,000 as proposed by the House and \$3,798,536,000 as proposed by the Senate. Of the amount appropriated, \$1,772,000,000 is an advance appropriation for fiscal year 2011 as proposed by both the House and the Senate.

Within the total for the Dislocated Worker Assistance National Reserve, the conference agreement does not include bill language to allow up to \$30,000,000 of this appropriation to be made available to the Career Pathways Innovation Fund as proposed by the Senate. The conferees urge the Secretary to give favorable consideration to grant applications from States whose allotment for dislocated worker employment and training activities in Public Law 111μ098 was less than their allotment for such activities in Public Law 110μ09161. The conference agreement includes bill language to suspend section 173(e) of the Workforce Investment Act (WIA). Section 173(e) of the WIA facilitated the transition from the Job Training Partnership Act formula to the WIA formula; however, the WIA formula has been in effect for a decade and the transition is complete. The conferees note that suspending this provision will allow more funds to be available to respond to natural disasters and mass layoffs. Neither the House nor the Senate proposed a similar provision.

The conference agreement designates \$78,410,000 for migrant and seasonal farmworker formula grants instead of \$78,610,000 as proposed by the House and \$78,310,000 as proposed by the Senate. In addition, the conference agreement designates \$5,700,000 for migrant and seasonal farmworker housing instead of \$5,500,000 as proposed by the House and \$5,800,000 as proposed by the Senate.

Within the amount provided for Pilots, Demonstrations and Research, the con-

ference agreement includes \$30,000,000 for a new competitive grant program to provide transitional jobs activities instead of \$35,000,000 as proposed by the House and \$40,000,000 as proposed by the Senate. The conference agreement provides an additional \$15,000,000 for these activities within the Reintegration of Ex-Offenders program, resulting in a total of \$45,000,000 for transitional jobs activities. The conferees direct the Department of Labor to consult with the Department of Health and Human Services' Administration for Children and Families in designing the grant competition and awarding grants, consistent with House Report 111μ09220. In addition, the conferees note that funds should be used to leverage other resources to support program growth, consistent with Senate Report 111μ0966. The conference agreement includes bill language allowing up to 10μ09percent of funding for transitional jobs activities to be available for evaluation of such projects or transferred to the Department of Health and Human Services or the Department of Justice for support of transitional jobs activities as proposed by the Senate. The House bill included a provision to ensure that a sufficient portion of funds available for transitional jobs activities would be used for an evaluation of the program.

Within the amount provided for Pilots, Demonstrations and Research, the conference agreement also includes \$5,500,000 as proposed by the House to continue a program of competitive grants to address the employment and training needs of young parents. The Senate did not include funds for this activity. The Department should continue to award these competitive grants based on the criteria outlined in House Report 110—231.

The conference agreement includes \$48,889,000 for the following projects in the following amounts:

Project	Amount
Access Community Health Network, Chicago, IL for a job training initiative .....	400,000
Alabama Institute for the Deaf and Blind, Talladega, AL for an employer training and job development initiative .....	200,000
Arkansas State University-Beebe, Searcy, AR for a training program for employment in the natural gas industry .....	200,000

Youngstown Neighborhood Development Corporation, Youngstown, OH for its Youngstown Grey to Green Initiative to provide training in green jobs .....	305,000
Youth Radio, Oakland, CA for training of at-risk youth in media production, digital technology and broadcast engineering .....	250,000

Within the funds provided for Reintegration of Ex-offenders, the conference agreement includes \$15,000,000 for transitional jobs activities as proposed by the House. The Senate included funds for transitional jobs activities within the Pilots, Demonstrations and Research program. The conference agreement designates that funds shall be available for obligation on April 1, 2010 as proposed by the Senate. The House proposed that funds shall be available for obligation on July 1, 2010. The conferees expect the Department of Labor to consult with the Department of Justice in awarding competitive grants for transitional jobs activities.

The conferees support the Department's proposed spending priorities for the Reintegration of Ex-offenders program, as identified in the congressional budget justification. Given that the conference agreement adopts a funding level below the request, the conferees request that an operating plan be submitted to the Committees on Appropriations of the House of Representatives and the Senate not later than 45 days after enactment of this Act.

The conference agreement establishes a separate line item for the Career Pathways Innovation Fund. The Career Pathways Innovation Fund replaces the Community-Based Job Training Grants program, which previously received funding under the Dislocated Worker Assistance National Reserve. The conference agreement includes a set-aside of not less than \$65,000,000 for competitive grants that prepare workers for careers in the health care sector as proposed by the House. The Senate did not include a set-aside within the Career Pathways Innovation Fund.

The conferees note that from November 2000 to November 2009 manufacturing employment in the United States declined by more than 5.5 million jobs. The conferees encourage the Secretary to consider competitive grant opportunities to train and place returning veterans, the underemployed, high school graduates, and traditional manufacturing employees so they can achieve the skills necessary to fill jobs in growing sectors of the high skilled, high tech and precision manufacturing industry.

The conferees direct the Department of Labor and the Department of Health and Human Services to establish an interagency taskforce and submit a strategic plan for addressing emerging needs in the health care sector, consistent with House Report 111-220.

COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

The conference agreement includes \$825,425,000 for Community Service Employment for Older Americans (CSEOA) instead of \$615,425,000 as proposed by the House and \$575,425,000 as proposed by the Senate. Within the total, \$225,000,000 is available upon the enactment of this Act and shall remain available through December 31, 2011. Neither the House nor the Senate proposed a similar availability period.

The conferees are aware that additional resources provided in the Recovery Act are insufficient to meet the needs of low-income older workers adversely impacted by the recession. Many CSEOA grantees are maintaining waiting lists for available community service jobs but are unable to fill those jobs due to funding limitations. In determining those current grantees that can effectively use funds made available immediately in this Act, the Secretary should take into account demonstrated need, financial management, and sustained and satisfactory performance.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The conference agreement includes \$4,113,681,000 for State Unemployment Insurance and Employment Service Operations instead of \$4,097,056,000 as proposed by the House and \$4,113,806,000 as proposed by the Senate.

The conference agreement includes \$60,000,000 for in-person reemployment and eligibility assessments and unemployment insurance improper payment reviews. This amount includes \$50,000,000 available for these purposes through a discretionary spending cap adjustment established in the fiscal year 2010 congressional budget resolution. In addition to increasing support for in-person reemployment and eligibility assessments, the Department should continue to make a portion of these funds available for technology-based overpayment prevention, detection, and collection activities. In fiscal year 2009, the Department funded State requests for technology-based projects through a combination of the discretionary spending cap adjustment and the appropriation for State Operations for Unemployment Insurance. The conferees encourage continuation of this practice.

The conference agreement includes \$12,000,000 within One-Stop Career Centers and Labor Market Information funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities. The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the Office of Disability Employment Policy (ODEP) account. The House proposed \$10,000,000 in ODEP for similar activities.

ADVANCES TO THE UNEMPLOYMENT TRUST FUND AND OTHER FUNDS

The conference agreement includes such sums as necessary for Advances to the Unemployment Trust Fund and Other Funds as proposed by both the House and the Senate. The conference agreement also includes bill language to reestablish the longstanding policy of making funds in this account available for two fiscal years. Neither the House nor the Senate proposed a similar provision.

PROGRAM ADMINISTRATION

The conference agreement includes \$147,656,000 for Program Administration instead of \$146,406,000 as proposed by the House and \$148,906,000 as proposed by the Senate.

EMPLOYEE BENEFITS SECURITY ADMINISTRATION SALARIES AND EXPENSES

The conference agreement includes \$154,861,000 for the Employee Benefits Secu-

rity Administration instead of \$154,060,000 as proposed by the House and \$155,662,000 as proposed by the Senate.

EMPLOYMENT STANDARDS ADMINISTRATION SALARIES AND EXPENSES (INCLUDING RESCISSION AND TRANSFER OF FUNDS)

The conference agreement includes \$493,506,000 for the Employment Standards Administration (ESA) instead of \$486,756,000 as proposed by the House and \$498,956,000 as proposed by the Senate.

The conferees support the Administration's reorganization of ESA to eliminate overlapping leadership and management positions. The conference agreement includes bill language to allow funds identified in the table accompanying this Act for ESA Program Direction and Support to be reallocated among the agencies included in this account or transferred to any other account within the Department for the same purposes. Neither the House nor the Senate proposed a similar provision.

The conference agreement rescinds \$50,000,000 from unobligated funds collected pursuant to section 286(v) of the Immigration and Nationality Act instead of \$65,000,000 as proposed by both the House and the Senate. The rescission is effective on September 30, 2010 as proposed by the House. The Senate proposed that the rescission be effective on September 1, 2010. Sufficient funds will remain to enable the Department of Labor to conduct enforcement activities under the current legislative authority. The conference agreement also includes bill language in section 524 to provide additional authority for ESA to conduct enforcement programs and activities that focus on industries likely to employ nonimmigrants.

ADMINISTRATIVE EXPENSES, ENERGY EMPLOYEES OCCUPATIONAL ILLNESS COMPENSATION FUND

The conference agreement includes \$51,900,000 for the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) instead of \$51,197,000 as proposed by both the House and the Senate. The funding level reflects expansion of the Office of the Ombudsman's responsibilities to include claimants for benefits under Part B of the EEOICPA, as authorized by the National Defense Authorization Act for fiscal year 2010.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION SALARIES AND EXPENSES

The conference agreement includes \$558,620,000 for the Occupational Safety and Health Administration (OSHA) instead of \$554,620,000 as proposed by the House and \$561,620,000 as proposed by the Senate.

Within the funds provided for Federal Enforcement, the conferees intend for the Department to use the increase above the fiscal year 2009 funding level to continue a multi-year process of rebuilding OSHA's enforcement capacity and increasing the pace of standard setting.

The conference agreement includes bill language designating that grants to States shall be no less than 50 percent of the costs of State occupational safety and health programs required to be incurred under plans approved by the Secretary as proposed by the House. The Senate proposed that grants to States may be up to 55 percent of the costs of State occupational safety and health programs.

The conferees strongly urge the Secretary not to permanently redistribute any of the additional State Plan grant funding provided under this appropriation for which a State is unable to provide its required match in fiscal year 2010 because of the pressures on State

budgets. The Secretary is further urged to adopt past agency practice that would allow each State an opportunity next fiscal year to match and receive funding that is available but was not matched this fiscal year.

The conferees believe that after every effort is made to allow State grant funds to be matched by States—consistent with past agency practice—any remaining funds that cannot be matched in fiscal year 2010 by States should be reprogrammed for Federal enforcement activities, consistent with section 516 of this Act. Utilizing maximum flexibility to respond to individual State issues related to the match requirement, or reprogramming for Federal enforcement, will meet the goal of increasing resources that can lead to improved workplace safety and health for America's workers.

The conferees include \$1,000,000 within OSHA to continue a recordkeeping enforcement initiative on injury and illness recording, consistent with Senate Report 111-66. The House did not include a similar provision.

#### MINE SAFETY AND HEALTH ADMINISTRATION

##### SALARIES AND EXPENSES

The conference agreement includes \$357,293,000 for the Mine Safety and Health Administration (MSHA) instead of \$353,193,000 as proposed by the House and \$357,143,000 as proposed by the Senate.

The conference agreement includes \$2,000,000 over the budget request for MSHA to increase spot inspections in the active workings of coal mines for the purpose of obtaining compliance with section 202 of the Federal Coal Mine Health and Safety Act of 1969. The conferees expect MSHA to submit quarterly reports on enforcement of section 202 of such Act, including findings from the spot inspection program, to the Committees on Appropriations of the House of Representatives and the Senate. Within the amount available for standards development, the conference agreement provides sufficient funding for MSHA to conduct risk assessments for the proposed rules to reduce miners' exposure to respirable coal mine dust and silica and related regulatory activities.

The conferees direct the Secretary to provide sufficient resources for the National Mine Safety and Health Academy and MSHA's Approval and Certification Center, consistent with Senate Report 111-66. The conference agreement continues to recognize the Joseph A. Holmes Safety Association as a principal safety association as proposed by the Senate. The conference agreement does not make this recognition permanent as proposed by the House.

Within the amount provided for Program Administration, the conference agreement provides \$1,450,000 for an award to the United Mine Workers of America to continue a project, initiated with the fiscal year 2008 appropriation, for classroom and simulated rescue training for mine rescue teams as proposed by the Senate. The House did not include a similar provision.

#### BUREAU OF LABOR STATISTICS

##### SALARIES AND EXPENSES

The conference agreement includes \$611,447,000 for the Bureau of Labor Statistics (BLS) instead of \$611,623,000 as proposed by the House and \$611,271,000 as proposed by the Senate.

The conference agreement continues bill language providing that the Current Employment Survey shall maintain the content of the survey issued prior to June 2005 with respect to the collection of data for the women worker series as proposed by the House. The Senate did not include a similar provision. The conferees include \$1,300,000 within BLS funding to continue efforts to

improve injury and illness data, consistent with Senate Report 111-66. The House did not include a similar provision.

#### OFFICE OF DISABILITY EMPLOYMENT POLICY SALARIES AND EXPENSES

The conference agreement includes \$39,031,000 for the Office of Disability Employment Policy (ODEP) as proposed by the Senate instead of \$37,031,000 as proposed by the House.

The conference agreement includes \$12,000,000 within ODEP funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities. The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the ETA account. The House included \$10,000,000 in the ODEP account for similar activities.

#### DEPARTMENTAL MANAGEMENT SALARIES AND EXPENSES (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$355,154,000 for Departmental Management instead of \$350,154,000 as proposed by the House and \$357,154,000 as proposed by the Senate.

#### *International Labor Affairs Bureau*

The conference agreement includes \$92,669,000 for the International Labor Affairs Bureau (ILAB) instead of \$91,419,000 as proposed by the House and \$93,919,000 as proposed by the Senate. The conference agreement also includes new language providing ILAB with an extra quarter to obligate funding for its technical assistance programs and authority to support microfinance activities. The conferees take this action to better enable ILAB to design its international labor activities, confirm government support for proposed programs and collaborate closely with the State Department and other program partners in effectively utilizing this appropriation.

The conference agreement designates \$40,000,000 for the United States' contribution to the International Labour Organization's International Program for the Elimination of Child Labor in order to expand this successful effort. The conference agreement also designates \$20,000,000 to continue the program of basic education grants in countries where the growing numbers of children removed from abusive and exploitative child labor need access to basic education, to be administered in accordance with Senate Report 111-66.

In addition, the conference agreement designates \$6,500,000 to continue support for the implementation of model programs designed to address worker rights in countries with which the United States has trade preference programs as proposed by the House. The Senate included a similar directive in its report.

The conferees also support the Department's proposed spending priorities for research, policy, reporting, and administration—as identified in the congressional budget justification. The increased funding level over fiscal year 2009 is sufficient to support an additional 12 full-time equivalents (FTE)—consistent with House Report 111-220—including 4 FTEs for the Office of Child Labor, Forced Labor, and Human Trafficking.

#### *Legal Services*

For Legal Services, the conferees agree that the increased funding level over fiscal year 2009 is intended to include adequate enforcement support for the Mine Safety and Health Administration.

#### OFFICE OF JOB CORPS

The conference agreement provides \$1,708,205,000 for the Office of Job Corps in-

stead of \$1,705,320,000 as proposed by the House and \$1,711,089,000 as proposed by the Senate.

The conference agreement includes sufficient funds, together with funds from previous fiscal years, to support construction of a new Job Corps center previously approved through the competitive bidding process. The conference agreement also includes sufficient funds to initiate a competition for two new Job Corps centers. In the selection process, the conferees direct the Department to follow guidance provided in House Report 111-220 and Senate Report 111-66 regarding the criteria to be considered in selecting two new sites.

#### VETERANS EMPLOYMENT AND TRAINING

The conference agreement includes \$256,127,000 for Veterans Employment and Training instead of \$257,127,000 as proposed by the House and \$255,127,000 as proposed in the Senate.

#### GENERAL PROVISIONS

##### OPERATING PLAN

The conference agreement continues a provision prohibiting the obligation of funds for demonstration, pilot, multiservice, research, and multistate projects under section 171 of the Workforce Investment Act prior to the submission of a report on the planned use of such funds as proposed by the House. The Senate did not include a similar provision.

##### WORKFORCE INVESTMENT ACT PROVISIONS

The conference agreement continues a provision requiring that the Secretary of Labor take no action to amend the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act of 1998 or to modify the procedure for designation of local areas as specified in that Act until such time as legislation reauthorizing the Act is enacted as proposed by the Senate. The House did not include a similar provision.

##### TRANSFER PLAN

##### (INCLUDING TRANSFER OF FUNDS)

The conferees direct the Secretary to submit a plan for the transfer of the administration of the Job Corps program from the Office of the Secretary to the Employment and Training Administration as proposed by the House. Not less than 30 days after submitting the plan to the Committees on Appropriations of the House of Representatives and the Senate, the Secretary may transfer the administration and appropriation of the Job Corps program from the Office of the Secretary and the provisions of section 102 of Public Law 109-149 shall no longer be applicable. The Senate bill contained a similar provision.

#### TITLE II

#### DEPARTMENT OF HEALTH AND HUMAN SERVICES

##### HEALTH RESOURCES AND SERVICES ADMINISTRATION

##### HEALTH RESOURCES AND SERVICES

The conference agreement includes \$7,498,522,000 for health resources and services, of which \$7,473,522,000 is provided as budget authority and \$25,000,000 is made available under section 241 of the Public Health Service Act instead of \$7,331,817,000 as proposed by the House and \$7,263,799,000 as proposed by the Senate.

The conference agreement includes bill language designating \$1,000,000 of funding for Rural Flexibility Grants to telehealth services, including pilots and demonstrations using electronic health records to coordinate rural veterans care with the Department of Veterans Affairs VISTA-Electronic Health Record. The Senate proposed \$2,000,000 for this activity. The House did not propose funding.

The conference agreement includes \$800,000 within Rural Outreach Grants for the community health integration models demonstration authorized in the Medicare Improvements for Patients and Providers Act of 2008 as proposed by the Senate. The House did not propose to fund the demonstration.

The conferees intend that telehealth funding may be used for new and existing regional and national resource centers that focus on operational clinical, statutory, or regulatory barriers to the delivery of telehealth services including credentialing and licensure and the establishment of one or more resource centers focused on telehomecare. The Senate proposed similar language. The House did not propose language.

The conference agreement does not include bill language allocating funding for base grant adjustments for existing community health centers as proposed by the House. The Senate did not propose a similar provision.

The conference agreement includes no less than the fiscal year 2009 funding level for Native Hawaiian Health Care activities within the Community Health Centers program as proposed by the Senate. The House did not propose similar language.

The conferees expect that the \$75,000,000 included for State Health Access Grants will be awarded in the same manner and with the same requirements as in fiscal year 2009 consistent with House Report 111-220. The Senate did not propose similar language.

The conference agreement includes bill language providing \$1,932,865,000 for Parts A and B of the Ryan White HIV/AIDS Treatment Modernization Act, to be available through September 30, 2012, as proposed by the House. The Senate proposed \$1,916,873,000.

The conference agreement includes language proposed by the House limiting 2009 program year reductions in Ryan White Part A grants for metropolitan and transitional areas to 7.6 percent by providing \$6,021,000 for supplemental grants for fiscal year 2009. The Senate bill did not propose similar language.

The conference agreement does not include bill language proposed by both the House and Senate continuing legislative authority for Ryan White activities through fiscal year 2010. This language is not necessary because the reauthorization for the program has recently been signed into law.

The conferees intend that the Health Resources and Services Administration (HRSA) allocate funds for the Minority AIDS Initiative within the Ryan White HIV Programs at a level above the fiscal year 2009 funding level. The House proposed a specific level of funding, and the Senate proposed funding at no less than the fiscal year 2009 level for the Minority AIDS Initiative.

The conference agreement includes bill language setting aside \$92,551,000 for Special Projects of Regional and National Significance (SPRANS) as proposed by the Senate instead of \$92,649,000 as proposed by the House. The conference agreement assumes the following set-asides within SPRANS:

Budget activity	House	Senate	Conference
Oral Health .....	\$4,859,000	\$4,859,000	\$4,859,000
Epilepsy .....	4,000,000	3,416,000	3,708,000
Sickle Cell .....	3,774,000	3,774,000	3,774,000
First-time Motherhood .....	4,956,000	4,956,000	4,956,000
Doulas .....	1,504,000	1,504,000	1,504,000
Fetal Alcohol Syndrome .....	0	486,000	486,000

In addition to the SPRANS funding for Oral Health activities, an additional \$17,500,000 is included for Dental Health Improvement Act State grants (authorized under section 340G of the Public Health Service Act) within Allied Health. The House proposed \$20,000,000 for these State grants. The Senate proposed \$10,000,000.

The conferees intend that doula demonstration funding be allocated evenly

among urban and rural settings, with an emphasis on breastfeeding initiation and retention as proposed by the Senate. The House proposed similar language.

The conference agreement includes bill language that identifies not less than \$7,575,000 for General Dentistry programs and not less than \$7,575,000 for Pediatric Dentistry programs, including Faculty Loan Repayment, as proposed by the Senate. The House proposed \$5,000,000 for the dentistry programs. The conference agreement also includes bill language stating that Dental Faculty Loan Repayments shall be made using the same terms and conditions as the Nursing Faculty Loan Repayment program unless otherwise authorized. This is similar to language proposed by the Senate. The House did not propose comparable language.

The conferees expect HRSA to use National Health Service Corps recruitment funds only to support multi-year, rather than single year, commitments consistent with Senate Report 111-66. The House did not propose similar language.

The conferees are aware that the National Health Service Corps may require fewer amendments to contracts made under the Recovery Act than were anticipated. The conferees intend that funds provided in the Recovery Act for amendments may also be used for new scholar and loan repayment awards. The conferees also intend that Recovery Act funds provided for National Health Service Corps field operations may be used to fund multi-year contracts that support the orientation, monitoring, compliance, and relocation of scholar and loan repayment awardees who received funding through the Recovery Act.

The conference agreement includes funding for Allied Health Training programs as follows:

Budget activity	House	Senate	Conference
State Dental Health Grants .....	\$20,000,000	\$10,000,000	\$17,500,000
Chiropractic-medical School Demo Grants .....	1,945,000	1,945,000	1,945,000
Graduate Psychology Training .....	1,945,000	3,945,000	2,945,000

The conferees intend that the increase over fiscal year 2009 funding for Public Health, Preventive Medicine, and Dental Public Health programs be used to expand fellowships and training in the area of Preventive Medicine as proposed by the Senate. The House did not propose similar language.

The conferees intend that, as proposed by the Senate, the funding increase over fiscal year 2009 for the Nurse Education, Practice, and Retention program be used to establish a new initiative to train nursing home aides and home health aides, with grants made to colleges or community-based training programs. The House did not propose this provision.

The conference agreement includes bill language providing \$10,000,000 as a direct lump sum payment to the Denali Commission as proposed by the Senate. The House did not propose funding for the Denali Commission. The conferees concur in the language proposed in Senate Report 111-66 regarding the allocation of Denali Commission funding. The House did not propose any Denali Commission language.

The conference agreement includes bill language providing \$35,000,000 for the Delta Health Initiative as authorized in section 219 of division G of Public Law 110-161, and associated administrative costs. The Senate proposed \$40,000,000 for this initiative, which was not funded in the House bill.

The conference agreement includes \$338,002,000 within Health Care-related Facilities and Activities for the following projects in the following amounts:

- (5) Organ wastage rates;
- (6) One-year and three-year graft and patient survival, and total years prolonged by transplantation;
- (7) Ischemia time and function of the donor liver;
- (8) Transportation and other costs associated with broadening the sharing of donor livers; and
- (9) Organ donation rates and public attitudes on organ donation (such as willingness to donate) in aggregate and in localities that are net exporters of organs.

The report shall also describe in detail all comments received up to one year prior to and/or in conjunction with the OPTN 2010 public forum on broader allocation of livers, as well as any comments received from a planned subsequent public comment period, and shall indicate what steps will be taken to address such public comments.

No changes to current OPTN policy on broader allocation of livers shall be permitted (a) prior to the submission of this report, and (b) absent formal notification to the Committees on Appropriations of the

House of Representatives and the Senate. Further, the conferees direct that any policy change on broader allocation of livers be tested first in demonstrations, similar to the demonstration recently conducted in Iowa and North and South Dakota, before nationwide implementation, and be made in an incremental manner, reflecting the accumulation and analysis of data on the impact of policy changes.

The conferees have included \$1,000,000 within the organ transplantation program to support the costs of developing the report described above.

The conference agreement includes sufficient resources to allocate funding to all certified poison control centers, or centers granted a waiver by the Secretary, based on service population. The Senate proposed similar language. The House did not propose any language.

**COVERED COUNTERMEASURE PROCESS FUND**

The conference agreement does not include funding for the Covered Countermeasure Process Fund as proposed by the House. The Senate proposed \$5,000,000 for the Fund. The

Fund received support from fiscal year 2009 supplemental appropriations provided in Public Law 111–32.

**CENTERS FOR DISEASE CONTROL AND PREVENTION**

**DISEASE CONTROL, RESEARCH, AND TRAINING**

The conference agreement includes \$6,390,387,000 in discretionary appropriations for Disease Control, Research, and Training at the Centers for Disease Control and Prevention (CDC) instead of \$6,314,032,000 as proposed by the House and \$6,733,377,000 as proposed by the Senate. In addition, \$352,357,000 is made available under section 241 of the Public Health Service (PHS) Act instead of \$368,863,000 as proposed by the House and \$40,075,000 as proposed by the Senate.

*Infectious Diseases*

*Immunization and Respiratory Diseases*

Within the program level total for Immunization and Respiratory Diseases, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Section 317 Immunization Program	\$496,847,000	\$496,847,000	\$496,847,000
Program Operations	61,621,000	63,621,000	62,621,000
Influenza	158,992,000	158,992,000	158,992,000
Pandemic Influenza	156,344,000	156,344,000	156,344,000

Within the total for Program Operations, the conference agreement includes a \$1,000,000 increase for vaccine safety research instead of a \$2,000,000 increase as proposed by the Senate. The House did not propose similar language.

*HIV/AIDS, Viral Hepatitis, STD, and TB Prevention*

Within the total for HIV/AIDS, Viral Hepatitis, STD, and TB prevention, the

conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Domestic HIV/AIDS Prevention and Research	\$744,914,000	\$711,045,000	\$727,980,000
HIV Prevention by Health Departments	N/A	N/A	328,887,000
HIV Surveillance	N/A	N/A	109,455,000
National, Regional, Local, Community, and Other Organizations	N/A	N/A	134,793,000
Enhanced HIV Testing	N/A	N/A	65,273,000
Improving Program Effectiveness	N/A	N/A	89,572,000
Viral Hepatitis	20,150,000	18,367,000	19,259,000
Sexually Transmitted Diseases	152,750,000	N/A	153,875,000
Tuberculosis	144,268,000	144,268,000	144,268,000

In order to support a multi-faceted approach to HIV research and prevention practices, the conferees have established five new sub-budget lines that are structured around the principles of transparency, accountability, and comprehensiveness. The conferees expect that the fiscal year 2011 budget justification will follow this format, providing detailed explanations of funded activities, and how any proposed increases or reductions will be applied across each line. The conferees further insist that any future movement of funds between these lines must go through the formal reprogramming review process.

The conference agreement does not include bill language regarding the Early Diagnosis Grants program. The House proposed bill language specifically eliminating funding for the program while the Senate proposed to

limit funding for the program to \$15,000,000. The Ryan White HIV/AIDS Treatment Extension Act of 2009 did not reauthorize this activity; therefore, the conferees expect CDC not to carve out any funding for this activity in fiscal year 2010.

Within the total for Domestic HIV/AIDS Prevention and Research programs, the conference agreement provides funding at no less than the fiscal year 2009 level to support activities that are targeted to address the growing HIV/AIDS epidemic and its disparate impact on communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders. The House proposed \$95,700,000 for these activities. The Senate did not propose similar language.

The conferees direct CDC to include in the fiscal year 2011 congressional budget jus-

tification a description of efforts and timelines to update hepatitis C screening guidelines, including information on pilot studies that are ongoing and planned for the future using a one-time, age-based screen to target the age demographic with the highest prevalence. Neither the House nor the Senate proposed similar language.

The conferees intend that the increase provided for STD prevention be used to expand Infertility Prevention Services and Infrastructure Projects in all regions as proposed by the Senate. The House did not propose similar language.

*Zoonotic, Vector-borne, and Enteric Diseases*

Within the total for Zoonotic, Vector-borne, and Enteric Diseases, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Vector-borne Diseases, including West Nile Virus	\$26,717,000	N/A	\$26,717,000
Lyme Disease	8,938,000	N/A	8,938,000
Food Safety	26,942,000	N/A	26,942,000
Prion Disease	5,474,000	N/A	5,474,000
Chronic Fatigue Syndrome	4,825,000	N/A	4,825,000

*Preparedness, Detection, and Control of Infectious Diseases*

Within the total for Preparedness, Detection, and Control of Infectious Diseases, the conference agreement includes \$15,150,000 for the National Healthcare Safety Network as proposed by the House. The Senate did not include similar language. Funding shall be

used consistent with the language in House Report 111–220.

Also within the total for Preparedness, Detection, and Control of Infectious Diseases, the conference agreement includes \$136,281,000 for the Emerging Infectious Diseases program instead of \$141,383,000 as proposed by the House. The Senate did not include similar language.

The conferees are aware of various studies in Japan, the United Kingdom and the U.S. Department of Defense into substances that reduce the bio-load of surfaces in hospital rooms. In particular, some copper alloys in place of stainless steel or plastics may reduce the spread of microbial infectious organisms. The conferees request that CDC review the literature available and report to

the Committees on Appropriations of the House of Representatives and the Senate on the status of this research and its potential for reducing healthcare-associated infections. Neither the House nor the Senate proposed similar language.

*Health Promotion*

*Chronic Disease Prevention, Health Promotion, and Genomics*

Within the total for Chronic Disease Prevention, Health Promotion, and Genomics,

the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Heart Disease and Stroke	\$54,221,000	\$56,221,000	\$56,221,000
Delta Health Intervention	3,007,000	5,000,000	5,000,000
Diabetes	65,998,000	65,998,000	65,998,000

Public Health Genomics	9,201,000	9,201,000	9,201,000

Within the total provided for cancer prevention and control, the conference agreement includes \$5,000,000 for breast cancer awareness for young women, as proposed by the House. The Senate did not include similar language. Funding shall be used consistent with the language in House Report 111-220.

The conference agreement includes \$3,000,000 to enhance and expand CDC's existing cancer registry in order to carry out the goals of the Caroline Pryce Walker Conquer Childhood Cancer Act with respect to pediatric cancer. The Senate provided increased funding for the pediatric cancer registry within the CDC Cancer Registry program, while the House provided funding for this activity in the Office of the Secretary. The conferees commend CDC for convening a panel of experts in the field of pediatric cancer research and direct the CDC to submit to the Appropriations Committees no later than February 1, 2010 a detailed plan for improving the types of data, the speed of reporting, and the access of data to researchers.

As proposed by the House, the conference agreement includes sufficient funding within Safe Motherhood/Infant Health for the development of a national public health plan for the prevention, detection, and management of infertility. The Senate did not include similar language. The conferees request that CDC report on the development of this plan

to the Committees on Appropriations of the House of Representatives and the Senate no later than April 1, 2010.

Within the total provided for Nutrition, Physical Activity, and Obesity, the conference agreement includes \$500,000 to continue a study by the Institute of Medicine that will examine and provide recommendations regarding front-of-package nutrition symbols consistent with the language in Senate Report 111-66. The House did not propose similar language.

The increase provided for the Office of Smoking and Health is intended to expand counter marketing programs as proposed by the Senate. In addition, similar to what was proposed by the Senate, the conferees direct the Office of Smoking and Health to transfer no less than last year's level to the Environmental Health Laboratory to analyze tobacco products and cigarette smoke. This transfer is to be provided in a manner that supplements and in no way replaces existing funding for tobacco-related activities. The House did not propose similar language. The conferees further request that CDC submit to the Committees on Appropriations of the House of Representatives and the Senate a comprehensive plan to substantially reduce the rates of tobacco use in the U.S. over the next five fiscal years. The plan should be submitted no later than April 1, 2010 and include recommendations for national and

community-based activities that are necessary to meet the goal.

As proposed by the Senate, the conference agreement includes increased funding within the total for Prevention Research Centers to support additional Comprehensive Centers. The House did not propose similar language.

As proposed by the House, the conference agreement includes funding to support the collection of epidemiological and longitudinal data on individuals with psoriasis and psoriatic arthritis, including children and adolescents, to better understand the comorbidities associated with psoriasis, examine the relationship of psoriasis to other public health concerns, and gain insight into the long-term impact and treatment of these two conditions. The Senate did not propose similar language.

The conference agreement provides funding to support CDC's initiative for Healthy Communities. Within the total provided, \$4,000,000 is for the continuation of the community-based grant program focusing on poor nutrition and physical inactivity. Neither the House nor the Senate proposed similar language.

*Birth Defects, Developmental Disabilities, Disability and Health*

Within the total for Birth Defects, Developmental Disabilities, Disability and Health, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Birth Defects and Developmental Disabilities	\$42,776,000	\$42,494,000	\$42,636,000
Birth Defects	21,182,000	21,500,000	21,342,000
Craniofacial Malformation	1,755,000	2,000,000	1,878,000

Diamond Blackfan Anemia .....	517,000	517,000	517,000
Hemachromatosis .....	327,000	327,000	327,000

As proposed by the Senate, the additional funding provided for craniofacial malformation above the fiscal year 2009 funding level shall be used to support the continued analysis of data from the quality of life surveys of children with oral clefts completed in 2008. The House did not propose similar language. The conferees expect the increased funding to be used consistent with the language in Senate Report 111-66.

As proposed by the Senate, the conference agreement includes \$1,000,000 to launch a National Charcot Marie Tooth (CMT) Resource Center to promote a collaborative relationship between CMT patients and their providers and to ensure CMT patients are being properly diagnosed and treated with the lat-

est standards of care. The House did not propose similar language.

The conferees are pleased by advances that have allowed children with congenital heart disease (CHD) to live longer; however, there is little data on adults living with this condition. The conferees encourage CDC to develop a population-based adult CHD surveillance plan to determine the prevalence of CHD in the adult population. The conferees direct CDC to provide a progress report on this effort within 90 days of enactment of this Act.

*Health Information and Service*

*Public Health Informatics/Health Marketing*

Within the total for Public Health Informatics/Health Marketing, the conference agreement includes a program level

total of \$70,597,000 for Public Health Informatics as proposed by the House and \$79,374,000 for Health Marketing instead of \$82,504,000 as proposed by the House. The Senate did not include similar language.

The conferees intend that within the total for Health Marketing, no less than the level provided in fiscal year 2009, or \$1,831,000, shall be provided to support the activities of the Task Force on Community Preventive Services. Neither the House nor the Senate proposed similar language.

*Environmental Health and Injury Prevention*

*Environmental Health*

Within the total for Environmental Health, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Environmental Health Laboratory .....	\$43,729,000	\$42,962,000	\$43,346,000
Newborn Screening Quality Assurance Program .....	6,915,000	6,915,000	6,915,000

Healthy Homes (formerly Childhood Lead Poisoning) .....	34,805,000	34,805,000	34,805,000

As proposed by the House, increased resources provided for the Environmental and Health Outcome Tracking Network above the fiscal year 2009 funding level will enable at least one additional State to participate in the network. The Senate did not propose similar language.

As proposed by the Senate, increased resources provided for Volcanic Emissions above the fiscal year 2009 funding level are for the establishment of a research center that embraces a multidisciplinary approach in studying the short- and long-term health

effects of volcanic emissions. The House did not propose similar language.

*Injury Prevention and Control*

Within the total for Injury Prevention and Control, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Intentional Injury .....	\$102,648,000	N/A	\$102,648,000
Domestic Violence and Sexual Violence .....	31,900,000	N/A	31,900,000

National Violent Death Reporting System .....	3,544,000	N/A	3,544,000

*National Institute for Occupational Safety and Health*

Within the program level total for the National Institute for Occupational Safety and

Health (NIOSH), the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Education and Research Centers .....	\$23,740,000	\$25,000,000	\$24,370,000
Personal Protective Technology .....	17,218,000	17,218,000	17,218,000
Pan Flu Preparedness for Healthcare Workers .....	3,031,000	3,031,000	3,031,000
Healthier Workforce Centers .....	4,072,000	6,000,000	5,036,000

Nat'l Mesothelioma Registry & Tissue Bank .....	1,024,000	1,024,000	1,024,000

The total provided for NIOSH includes sufficient funding to maintain staffing levels at the Morgantown facility and to increase research funding at that facility as proposed by the Senate. The House did not propose similar language.

Within the total for Mining Research, the conference agreement includes \$3,189,000 for a Mine Technology and Safety Test Bed, consistent with the language in House Report 111-220. The Senate did not include similar language.

The 2009 H1N1 virus pandemic has highlighted the need to protect health care workers who have been on the front lines providing care to those who have become infected and sick. The current pandemic also has revealed that there are major gaps in our

scientific knowledge about the modes of transmission of influenza and the most effective methods to prevent transmission and protect health care workers, including the type of respiratory protection that should be utilized to protect health care workers from exposure. The conference agreement includes increased funding over the fiscal year 2009 level for the National Occupational Research Agenda. The conferees urge NIOSH to direct some of this increase to intramural and extramural research to implement the recommendations of the 2008 and 2009 Institute of Medicine reports, including research to determine relative contribution of various routes of influenza transmission; and for each mode of transmission, efficacious means to prevent and control transmission,

and to limit exposure to health care workers. The House included similar language.

*Energy Employees Occupational Illness Compensation*

Within the total for the mandatory Energy Employees Occupational Illness Compensation program, the conference agreement includes bill language designating \$4,500,000 for use by, or in support of, the Advisory Board on Radiation and Worker Health as proposed by the Senate. The House did not propose similar language.

*Global Health*

Within the funds provided for Global Health, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Global AIDS Program .....	\$118,979,000	\$118,979,000	\$118,979,000
Global Immunization Program .....	153,475,000	153,876,000	153,676,000
Polio Eradication .....	101,599,000	102,000,000	101,800,000
Other Global/Measles .....	51,876,000	51,876,000	51,876,000
Global Disease Detection .....	37,756,000	37,000,000	37,756,000

Other Global Health .....	3,519,000	13,519,000	8,519,000

The conferees are supportive of CDC's long-term goal of establishing three global disease detection regional centers per World Health Organization region, and also recognize a critical need to bring the existing global disease detection regional centers to

full capacity. Additional funding above the fiscal year 2009 funding level for global disease detection shall be used to support no less than one new global disease detection regional center and increase capacity in one

or more existing centers. Both the House and Senate proposed similar language.

*Terrorism Preparedness and Response*

Within the funds provided for Terrorism Preparedness and Response, the conference agreement includes the following amounts:

The conference agreement includes \$2,600,000 for the anthrax dose reduction study instead of \$2,700,000 as proposed by the Senate. As proposed by the House, funding is

not provided for the vaccine safety military medical records data mining activities. The Senate proposed \$1,400,000 for this activity.

*Public Health Improvement and Leadership*

Within the total for Public Health Improvement and Leadership, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Leadership and Management .....	\$149,986,000	\$149,986,000	\$149,986,000

**Buildings and Facilities**

Within the amount provided for Buildings and Facilities, the conference agreement includes \$30,000,000 for nationwide repairs and improvements of existing facilities as proposed by both the House and Senate and \$39,150,000 for Buildings 107 and 108 on the Chamblee Campus in Atlanta, Georgia instead of \$78,300,000 as proposed by the Senate. The House did not propose funding for new construction.

The conference agreement also includes bill language proposed by the Senate that CDC shall award a single contract or related contracts for the development and construction of facilities in the Master Plan that collectively include the full scope of the project and that the solicitation and contract shall contain the clause "availability of funds". The House did not propose similar language.

**Business Services and Support**

The funds for Business Services and Support are intended for CDC to carry out its business functions, including, but not limited to, administrative services, financial management, security and emergency preparedness, and procurement and grants. Neither these funds nor any other funds provided to CDC are to be enhanced through the mechanism of program assessments or tapping at any level.

**NATIONAL INSTITUTES OF HEALTH**

The conference agreement includes \$31,008,788,000 for the 26 accounts that comprise the National Institutes of Health (NIH) total appropriation instead of \$31,258,788,000 as proposed by the House and \$30,758,788,000 as proposed by the Senate. In addition, the conference agreement continues the allocation to NIH of \$8,200,000 in program evaluation set-aside funding, which is the same as the House and Senate bills. Appropriation levels for individual institutes and centers are described in the table at the end of this statement of managers. Guidance for specific institutes and centers is provided below.

**NATIONAL CANCER INSTITUTE**

The National Cancer Institute (NCI) reports that it is meeting the funding level identified for pediatric cancer research in

the Caroline Pryce Walker Conquer Childhood Cancer Act of 2008 within its base budget. The conferees commend NCI for its attention to this issue.

**NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES  
(INCLUDING TRANSFER OF FUNDS)**

The conference agreement includes \$304,000,000 by transfer from the Project BioShield Special Reserve Fund (BioShield) instead of a transfer of \$500,000,000 as proposed by the House. The Senate bill did not propose a transfer of BioShield funding.

**OFFICE OF THE DIRECTOR**

The conference agreement includes bill language providing up to \$193,880,000 for continuation of the National Children's Study. The House bill provided up to \$194,400,000 for continuation of the study. The Senate bill did not identify a particular funding level.

The conference agreement includes funding for a one percent increase in research training stipends instead of a two percent increase as proposed by the House. The Senate did not identify a specific training stipend increase.

Unless otherwise noted in this statement, the conferees expect NIH to follow the budget policy assumptions of the President's fiscal year 2010 budget and the accompanying explanatory materials.

The conferees expect NIH to notify the Committees on Appropriations of the House of Representatives and the Senate each time the Director uses the statutory one percent transfer authority as proposed in House Report 111-220. The Senate did not include similar language.

The conference agreement includes \$5,000,000 for a bioethics initiative administered through the institutes and centers as proposed by the House. The Senate did not identify a funding level for the initiative.

The conference agreement provides that, as proposed in Senate Report 111-66, with regard to section 516 of the bill, "program, project, or activity" applies to all sub-mechanisms and stand-alone activities in institute and center mechanism tables, except for the research project grants mechanism, in

which case the restriction applies at the sub-total level. The House did not include comparable language. The conferees understand that NIH is upgrading its financial business system and is implementing hard funds controls. The conferees expect NIH to ensure that these funds controls will be established at the levels identified above to proactively enforce the reprogramming thresholds. The conferees request a detailed explanation and timeline in the 2011 congressional budget justification describing how the NIH enterprise system will proactively ensure full compliance with the reprogramming thresholds.

The conferees expect that NIH will work to strengthen its policy of supporting AIDS and non-AIDS research funding allocations at the current relative rate when allocating the second year of Recovery Act funding. House Report 111-220 had similar language. The Senate did not include comparable language.

**BUILDINGS AND FACILITIES**

The conference agreement includes sufficient funding to support the construction of the Northwest Child Care Center on the Bethesda campus as proposed in House Report 111-220. The Senate did not include comparable language.

**SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION**

**SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES**

The conference agreement includes \$3,431,624,000 for Substance Abuse and Mental Health Services instead of \$3,419,438,000 as proposed by the House and \$3,429,782,000 as proposed by the Senate. In addition, the conference agreement makes available \$131,585,000 under section 241 of the Public Health Service (PHS) Act, which is the same as both the House and Senate.

Within the total provided for Programs of Regional and National Significance across the Substance Abuse and Mental Health Services Administration (SAMHSA), the conference agreement includes \$4,897,000 for the Minority Fellowship Program instead of \$5,093,000 as proposed by the House and \$4,701,000 as proposed by the Senate. The distribution of these funds between the Center

for Mental Health Services (CMHS), the Center for Substance Abuse Treatment (CSAT), and the Center for Substance Abuse Prevention (CSAP) is detailed later in this statement.

*Center for Mental Health Services  
Programs of Regional and National Significance*

Within the total provided for CMHS Programs of Regional and National Signifi-

cance, the conference agreement includes the following amounts:

Within the increase provided for the National Traumatic Stress Network above the fiscal year 2009 funding level, the conference agreement includes \$1,800,000 to fund additional adaptation centers, which help apply general principles of trauma services to particular populations. The conferees are particularly interested in ensuring that there will be an adaptation center focused on domestic violence and child abuse. Neither the House nor the Senate proposed similar language.

The conference agreement includes \$1,000,000 above the fiscal year 2009 funding

level to the National Center for Child Traumatic Stress for data analysis and reporting activities that improve evidence-based practices and raise the standard of trauma care. The conferees expect that any data collected using funds provided under this program shall be submitted to SAMHSA. The Senate proposed similar language.

The conference agreement includes \$5,000,000 for a new Community Resilience and Recovery Initiative, as proposed by the House. The Senate did not propose similar language. According to SAMHSA, economic problems create additional emotional stress

leading to increased suicide, crime, domestic violence, child neglect and abuse, and alcohol and drug problems. This new initiative will take advantage of SAMHSA's experience in providing services in local communities to support evidence-based programs to help address the emotional stress and the resultant behaviors.

Within the \$14,518,000 included in the conference agreement, \$5,975,000 shall be used for the following projects in the following amounts:

Project	Amount
American Combat Veterans of War, San Diego, CA for mental health services for returning veterans .....	175,000

As proposed by the Senate, the increase provided above the fiscal year 2009 funding level for children and families is for evidence-based adolescent substance abuse treatment. The increase shall be used for treatment approaches that have been shown in rigorous evaluations to be effective for adolescents, that are implemented with fidelity to the original model, and that address geographic areas with unmet needs. The House did not propose similar language.

Within the \$14,518,000 included in the conference agreement, \$4,593,000 shall be used for the following projects in the following amounts:

Project	Amount	Project	Amount
A Safe Haven Foundation, Chicago, IL for behavioral health services for individuals affected by substance abuse .....	\$300,000	San Francisco Department of Public Health, San Francisco, CA for mental health and substance abuse services for homeless veterans .....	750,000

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY  
HEALTHCARE RESEARCH AND QUALITY

The conference agreement includes a program level of \$397,053,000 for the Agency for Healthcare Research and Quality (AHRQ) instead of \$372,053,000 as proposed by both the House and Senate. The conference agreement makes these funds fully available through section 241 of the Public Health Service (PHS) Act.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$21,000,000 for Patient-Centered Health Research instead of \$12,500,000 as proposed by the House and \$50,000,000 as proposed by the Senate. Of the funding provided, \$12,500,000 is to cover the continuation costs of current research grants and \$8,500,000 is for the Developing Evidence to Inform Decisions about Effectiveness (DECIDE) Network. The DECIDE

Network conducts accelerated practical studies about the outcomes, comparative clinical effectiveness, safety, and appropriateness of health care items and services.

As proposed by the House, the conferees do not intend for the patient-centered health research funding to be used to mandate coverage, reimbursement, or other policies for any public or private payer. The funding shall be used to conduct or support research to evaluate and compare the clinical outcomes, effectiveness, risk, and benefits of two or more medical treatments and services that address a particular medical condition. Further, the conferees recognize that a "one-size-fits-all" approach to patient treatment is not the most medically appropriate solution to treating various conditions. Research conducted should be consistent with Departmental policies relating to the inclusion of women and minorities. The Senate did not propose similar language.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$15,904,000 for the Prevention and Care Management program instead of \$24,404,000 as proposed by the House and \$7,100,000 as proposed by the Senate. Funding shall be used consistent with the language in House Report 111-220.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$27,645,000 for Health Information Technology as proposed by the Senate instead of \$32,320,000 as proposed by the House.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$176,689,000 for cross-cutting activities related to quality, effectiveness, and efficiency research instead of \$169,514,000 as proposed by the House. The Senate did not propose similar language. As proposed by the Senate, the conference

agreement includes \$23,596,000 to fund investigator-initiated research to develop a more balanced research agenda, supporting all aspects of health care research outlined in its statutory mission. The House included similar language, but not a specific dollar amount.

Within the total for Research on Health Costs, Quality and Outcomes, the conference agreement includes \$90,585,000 for Patient Safety instead of \$66,585,000 as proposed by the House and \$48,889,000 as proposed by the Senate.

Within the Patient Safety total, the conference agreement includes \$25,000,000 for patient safety and medical liability reform demonstrations. Neither the House nor the Senate proposed similar language. The conferees are aware that medical liability concerns may lead doctors to practice "defensive medicine," which in turn may contribute to higher costs in our health care system. The conferees are concerned about this and the possible implications that the fear of liability may be having on the delivery of health care services. Therefore, the conference agreement includes this funding for a three-pronged initiative consisting of demonstration grants to States and health systems to test implementation and evaluation of evidence-based patient safety and

medical liability projects, grants to States and health systems to plan for implementation and evaluation of evidence-based patient safety and medical liability demonstrations, and a rapid and comprehensive review of initiatives that improve health care quality and reduce liability.

The demonstration projects should test models that meet the following goals: put patient safety first and work to reduce preventable injuries; foster better communication between doctors and their patients; ensure that patients are compensated in a fair and timely manner for medical injuries, while also reducing the incidence of frivolous lawsuits; and reduce liability premiums.

As proposed by the House, within the Patient Safety total the conference agreement includes \$25,000,000 for healthcare-associated infections prevention activities. The Senate did not propose similar language. Funding shall be used consistent with the language in House Report 111-220.

Within the Patient Safety total, the conference agreement includes \$9,000,000 for the Methicillin-Resistant Staphylococcus Aureus (MRSA) Collaborative Research Initiative instead of \$10,000,000 as proposed by the House. The Senate did not propose similar language.

CENTERS FOR MEDICARE AND MEDICAID SERVICES

PAYMENTS TO HEALTH CARE TRUST FUNDS

The conference agreement includes \$393,070,000 for Program Management within Payments to Health Care Trust Funds instead of \$403,070,000 as proposed by the House and \$338,070,000 as proposed by the Senate.

PROGRAM MANAGEMENT

The conference agreement includes \$3,470,242,000 for Program Management instead of \$3,463,362,000 as proposed by the House and \$3,431,500,000 as proposed by the Senate.

The conference agreement does not include bill language proposed by the Senate identifying \$81,600,000, made available for two years, to implement provisions in the Medicare Improvements for Patients and Providers Act of 2008. The House bill did not include such language. The conferees do, however, assume \$61,600,000 to implement these statutory provisions, made available for one fiscal year.

The conference agreement includes \$3,100,000 within Research, Demonstration and Evaluation for the following projects in the following amounts:

Project	Amount
Bi-State Primary Care Association, Concord, NH, to support uncompensated care to treat uninsured and underinsured patients .....	600,000
Bi-State Primary Care Association, Montpelier, VT to treat uninsured patients .....	100,000
Bi-State Primary Care, Concord, NH, for primary care workforce recruitment .....	650,000
County of Ventura Health Care Agency, Ventura, CA for Medicaid enrollment programs .....	200,000
Fond du Lac County, WI for the Save a Smile Program .....	400,000
Iowa Dental Association, Johnston, IA, for a children's dental home demonstration project in Scott County .....	250,000
Jewish Healthcare Foundation, Pittsburgh, PA for program to increase involvement of pharmacists in chronic disease management .....	100,000
Patient Advocate Foundation, Newport News, VA for a patient assistance program for the uninsured .....	300,000
University of Mississippi, University, MS, for the Medication Use and Outcomes Research Group .....	500,000

The conference agreement includes \$55,000,000 for State High Risk Insurance Pools instead of \$65,000,000 as proposed by the House. The Senate did not propose High Risk Insurance Pool funding.

The conference agreement includes \$14,800,000 for the Medicare Current Beneficiary Survey as proposed by the House. The Senate did not identify funding for the Survey.

Within the total funding for Research, Demonstration, and Evaluation, the conference agreement includes \$2,500,000 for Real Choice Systems Change Grants to States as proposed by the Senate. The House did not propose funding for this program.

The conference agreement includes \$45,000,000 for the State Health Insurance Program as proposed by the House. The Senate did not identify a funding level for this program.

The conferees urge the Centers for Medicare and Medicaid Services (CMS) to strengthen the agency's efforts against healthcare-associated infections (HAIs) by considering inclusion of HAIs in the CMS pay-for-reporting system and by expanding the use of HAIs in the CMS pay-for-performance system. The House proposed similar language. The Senate did not propose language.

The conferees are concerned that the delivery of telehealth services may be disrupted by HHS requirements that result in duplicative credentialing and privileging of remote providers. The conferees direct the Secretary to report to the Committees on Appropriations of the House of Representatives and the Senate within 6 months of enactment on actions taken by CMS to reduce duplication and streamline federal credentialing and privileging requirements related to telehealth services. Neither the House nor Senate proposed similar language.

HEALTH CARE FRAUD AND ABUSE CONTROL ACCOUNT

The conference agreement includes \$311,000,000 from the Medicare trust funds for the Health Care Fraud and Abuse Control Account, which is the same as both the House and the Senate. This level includes funding for CMS to expand its efforts to link Medicare claims and public records data as proposed by the Senate. The House did not propose similar language.

ADMINISTRATION FOR CHILDREN AND FAMILIES

LOW INCOME HOME ENERGY ASSISTANCE

The conference agreement includes \$5,100,000,000 for the Low Income Home Energy Assistance program as proposed by both the House and Senate. Within this amount, the conferees intend that not more than \$27,000,000 be used for the Leveraging Incentive program. The conferees maintain bill language proposed by the House allowing States to provide assistance to households with income up to 75 percent of the State median income. The Senate did not include a similar provision.

REFUGEE AND ENTRANT ASSISTANCE

The conference agreement includes \$730,928,000 for Refugee and Entrant Assistance programs instead of \$714,968,000 as proposed by the House and \$730,657,000 as proposed by the Senate.

Within the amount provided for Social Services, the conferees provide \$19,000,000 for continued support to communities with large concentrations of Cuban and Haitian entrants as proposed by the House. The Senate did not specify an amount for this activity.

Within the amount provided for the Unaccompanied Alien Children program, the conferees provide \$5,600,000 to continue and expand the pro bono legal representation pilot program instead of \$6,000,000 as proposed by the House. The Senate did not specify an amount for this activity.

CHILDREN AND FAMILIES SERVICES PROGRAMS (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$9,314,532,000 for Children and Families Services Programs instead of \$9,326,951,000 as proposed by the House and \$9,310,465,000 as proposed by the Senate. In addition, \$5,762,000 is made available under section 241 of the Public Health Service (PHS) Act as proposed by the Senate instead of \$10,217,000 as proposed by the House. For comparability, these figures do not include funding for the teenage pregnancy prevention initiative, which is funded under the Office of the Secretary as proposed by the Senate.

Child Abuse Discretionary Activities

Within the amount provided for Child Abuse Discretionary Activities, the conference agreement does not include funding for the nurse home visitation initiative, instead of \$15,000,000 as proposed by the House and \$13,500,000 as proposed by the Senate. The conferees anticipate that mandatory funding will be provided for this activity in fiscal year 2010 as proposed by the Administration.

Within the \$20,785,000 included in the conference agreement, \$3,175,000 shall be used for the following projects in the following amounts:

Project	Amount
Addison County Parent Child Center, Middlebury, VT, to support and expand parental education activities .....	100,000
County of Contra Costa, Martinez, CA for an initiative for children and adolescents exposed to domestic violence .....	550,000
Douglas County C.A.R.E.S., Roseburg, OR for the Kids in Common program to provide services to abused and neglected children .....	300,000

Parents Anonymous, Inc., Claremont, CA, for a national parent helpline to prevent child abuse and neglect .....	500,000
Prevent Child Abuse Vermont, Montpelier, VT, to expand the SAFE-T Prevention Program .....	500,000

Project	Amount
University of California, Merced/The Great Valley Center, Merced, CA for child abuse prevention education services .....	300,000
Wynona's House, Newark, NJ, for a child sexual abuse intervention program .....	400,000

*Social Services and Income Maintenance Research*

Within the total for Social Services and Income Maintenance Research, the conference agreement includes \$2,000,000 for benefits outreach and enrollment assistance activities. The conferees intend that these funds be awarded competitively to private, non-profit organizations to support on-going, facilitated outreach and enrollment assistance

to low-income individuals and families to access already existing Federal, State, and local benefit programs. The Senate included a similar provision within the Corporation for National and Community Service. The House did not include similar language.

Within the \$20,785,000 included in the conference agreement, \$17,610,000 shall be used for the following projects in the following amounts:

Project	Amount
211 Maine, Inc, Portland, ME, to provide for telephone connections to community health and social services .....	150,000
Asian Pacific Women, Los Angeles, CA for a domestic violence prevention and education initiative .....	50,000
AVANCE, Inc, San Antonio, TX, for a parent-child education program .....	200,000
Barry University, Miami Shores, FL for the Center for Community Services Initiatives .....	300,000
Beth El House, Alexandria, VA for housing and social services to formerly homeless single mothers and their families .....	200,000

*Developmental Disabilities Assistance*

Within the amount provided for Developmental Disabilities Assistance Projects of National Significance, the conferees encourage the Administration for Children and Families (ACF) to establish a national autism resource and information center as proposed by the Senate, but do not designate \$3,000,000 for this purpose as proposed by the House.

*Native American Programs*

Within the amount provided for Native American programs, the conference agreement includes \$12,000,000 for Native American language preservation activities including no less than \$4,000,000 for language immersion programs as proposed in Senate Report 111-66. The House included similar language.

*Community Services*

Within the amount provided for the Community Services Block Grant (CSBG), the

conferees direct ACF to allocate \$500,000 of CSBG training and technical assistance funds for continuation of a national community economic development training and capacity development initiative as proposed by the House. The Senate did not include similar language.

The conferees are concerned that individuals and families affected by the economic recession are not receiving critical health care, nutrition assistance, tax credits and other benefits for which they qualify. The Recovery Act required one percent of the \$1,000,000,000 for CSBG grants to be used by States for "benefits enrollment coordination activities relating to the identification and enrollment of eligible individuals and families in Federal, State and local benefit programs". The conferees direct ACF to report to the Committees on Appropriations of the House of Representatives and the Senate on the States' use of the funds and whether these funds achieved the intended purpose.

*Teen Pregnancy Prevention*

The conference agreement includes funding for a new Teenage Pregnancy Prevention program within the Office of the Secretary as proposed by the Senate instead of ACF as proposed by the House. The conferees provide guidance regarding the administration of this initiative under the Office of the Secretary.

ADMINISTRATION ON AGING

AGING SERVICES PROGRAMS

The conference agreement includes \$1,516,297,000 for Aging Services Programs instead of \$1,530,881,000 as proposed by the House and \$1,495,038,000 as proposed by the Senate.

*Program Innovations*

Within the total for Program Innovations, the conference agreement includes the following amounts:

Budget activity	House	Senate	Conference
Model Approaches to Statewide Legal Assistance Systems .....	2,000,000	2,000,000	2,000,000
National Legal Assistance & Support Projects .....	746,000	746,000	746,000

National Minority Aging Organizations: Hispanic & African Americans .....	448,000	448,000	448,000
National Alzheimer's Call Center .....	1,000,000	1,000,000	1,000,000
Community Innovations for Aging in Place .....	8,000,000	5,000,000	5,000,000

The conference agreement includes \$5,974,000 for the following projects in the following amounts:

Project	Amount
Catholic Charities Hawaii, Honolulu, HI for an independent living demonstration project .....	400,000
Center on Halsted, Chicago, IL for wellness services for seniors .....	475,000
City of Fremont, CA for training, coordination, and outreach to address the needs of seniors .....	150,000
City of Long Beach, CA for a program to coordinate senior services and activities within the region .....	100,000
County of Ventura, CA for an elder abuse prevention and treatment program .....	654,000

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$499,228,000 for General Departmental Management, including \$5,851,000 from Medicare trust funds instead of \$512,452,000 as proposed by the House and \$483,779,000 as proposed by the Senate. In addition, the conference agreement includes \$65,211,000 in program evaluation funding instead of \$74,211,000 as proposed by the House and \$64,211,000 as proposed by the Senate. For comparability, these figures include funding for the teenage pregnancy prevention initiative, which was funded under the Administration for Children and Families in the House bill.

Within Public Health Service Act program evaluation funding, the conference agreement designates \$1,000,000 to carry out informational services to patients and families affected by childhood cancer authorized under the Caroline Pryce Walker Conquer Childhood Cancer Act. The House proposed \$10,000,000 to implement this Act and the Senate did not include a similar provision. The conference agreement allocates an additional \$3,000,000 for a childhood cancer registry within funds provided to the Centers for Disease Control and Prevention.

Within the funds for the Office of the Secretary, the conference agreement includes \$5,000,000 as proposed by the House to continue Departmental activities related to reducing healthcare-associated infections. The Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement designates \$900,000 for the Institute of Medicine to conduct a study on the mental health workforce as proposed in House Report 111-220. The House proposed \$1,000,000 for this activity and the Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement includes sufficient funds to continue the Area and National Poverty Centers at no less than the fiscal year 2009 level as proposed by the House. The Senate did not include a similar provision.

Within the funds for the Office of the Secretary, the conference agreement includes \$4,500,000 for the health diplomacy initiative. The House did not specify funds for this activity and the Senate proposed \$7,000,000.

The conferees direct the Secretary to establish an Office of Adolescent Health, as authorized under section 1708 of the Public Health Service Act and as proposed in Senate Report 111-66. The conference agreement includes sufficient funds for this purpose, but does not identify a specific amount. The Senate proposed \$2,000,000 for this office. The House did not propose a similar provision.

The conference agreement provides \$110,000,000 for a new teenage pregnancy prevention initiative. The House proposed \$110,000,000 for this initiative under the Administration for Children and Families and the Senate proposed \$100,000,000 under the Office of the Secretary.

The conferees intend that the Office of Adolescent Health shall be responsible for implementing and administering the teenage pregnancy prevention program, as proposed by the Senate.

The conferees intend that the Office of Adolescent Health shall coordinate its efforts with the Administration for Children and Families, Centers for Disease Control and Prevention, and other appropriate HHS offices and operating divisions. No later than 60 days after the date of enactment, the Secretary shall submit a report to the Committees on Appropriations of the House of Representatives and the Senate detailing the implementation status of the Office of Adoles-

cent Health and the teenage pregnancy prevention program.

Regarding this appropriation, the conference agreement includes bill language providing that not less than \$75,000,000 shall be for programs that replicate teenage pregnancy prevention programs proven effective through rigorous evaluation. The conferees intend that a wide range of evidence-based programs should be eligible for these funds. In addition, bill language provides that not less than \$25,000,000 shall be for research and demonstration grants to develop, replicate, refine, and test additional models and innovative strategies for preventing teenage pregnancy; and that the remaining amounts may be used for training and technical assistance, evaluation, outreach, and additional program support. The conferees intend that programs funded under this initiative will stress the value of abstinence and provide age-appropriate information to youth that is scientifically and medically accurate. Finally, the conference agreement provides \$4,455,000 within Public Health Service Act program evaluation funding, as proposed by both the House and Senate, to carry out evaluations (including longitudinal evaluations) of teenage pregnancy prevention approaches.

The conferees expect the Office of the Secretary to support activities that are targeted to address the growing HIV/AIDS epidemic and its disproportionate impact upon communities of color, including African Americans, Latinos, Native Americans, Asian Americans, Native Hawaiians, and Pacific Islanders, at no less than the fiscal year 2009 funding level as proposed by the House. The Senate did not include a similar provision.

The conference agreement includes \$1,650,000 for the following projects in the following amounts:

Project	Amount
BayCare Health System, Tampa, FL for a community-based health outreach program to address health disparities in South Pinellas and Hillsborough counties .....	200,000
Community Transportation Association of America, Washington, DC, for technical assistance to human services transportation providers on ADA requirements .....	950,000
South Central Family Health Center, Los Angeles, CA for a community diabetes management initiative .....	100,000
University of West Florida, Pensacola, FL for a health information technology evaluation project .....	400,000

The conference agreement does not include provisions proposed by the House requiring specific information requests on scientific research be transmitted to the Committees on Appropriations of the House of Representatives and the Senate in a prompt, professional manner and uncensored. The conferees agree that these provisions are no longer necessary. The Senate did not propose similar provisions.

The conference agreement does not include a provision proposed by the Senate designating not more than \$3,200,000 and 26 full-time equivalents for the Office of the Assistant Secretary of Legislation. The House did not propose a similar provision.

The conference agreement does not include bill language proposed by the House designating certain funds within the Adolescent Family Life program for section 2003(b)(2) of title XX of the Public Health Service Act and for prevention demonstration grants for reducing teenage pregnancy. The Senate did not propose similar provisions.

The conference agreement includes \$4,000,000 within the Office of Minority Health for an effort to address health disparities issues in the Gulf Coast region as described in Senate Report 111-66. The House did not propose funding for this activity and the Senate proposed \$5,283,000.

The conference agreement includes \$1,000,000 within the Office of Minority Health to continue the national health provider education program to improve lupus diagnosis and treatment and reduce health disparities. Both the House and Senate proposed a similar provision.

The conference agreement includes \$2,325,000 within the Office of Women's Health to continue the violence against women initiative to enhance health care provider education and develop a coordinated public health response as proposed by the House. The Senate did not propose a similar provision.

#### OFFICE OF THE NATIONAL COORDINATOR FOR HEALTH INFORMATION TECHNOLOGY

The conference agreement includes \$61,342,000 for the Office of the National Coordinator for Health Information Technology, of which \$42,331,000 is provided in budget authority and \$19,011,000 is made available through the Public Health Service program evaluation set-aside as proposed by the Senate. The House proposed the same program level, but through a different allocation of budget authority and evaluation set-aside.

#### PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND (INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$2,306,694,000 for the Public Health and Social Services Emergency Fund instead of \$2,100,649,000 as proposed by the House and \$2,621,154,000 as proposed by the Senate.

As proposed by both the House and Senate, the conference agreement includes bill language transferring all remaining balances in the Project BioShield Special Reserve Fund (SRF) from the Department of Homeland Security to the Department of Health and Human Services (HHS). This transfer aligns the financial responsibility of the Project BioShield SRF with HHS programmatic responsibility.

The conference agreement includes bill language transferring \$304,000,000 from the Project BioShield SRF to the National Institute of Allergy and Infectious Diseases (NIAID) instead of \$500,000,000 as proposed by the House. The Senate did not propose a similar transfer to NIAID. Together with the \$305,000,000 transfer proposed by both the House and Senate for Advanced Research and

Development, a total of \$609,000,000 will be transferred from the Project BioShield SRF. As of October 31, 2009, data from HHS indicate that \$3,033,000,000 remains unobligated and available in the Project BioShield SRF, therefore after these transfers a total of \$2,424,000,000 will be available through fiscal year 2013 to procure and stockpile emergency medical countermeasures.

Within the total for Preparedness and Emergency Operations, the conference agreement includes sufficient funding to prepare for and respond to non-Stafford Act National Special Security Events and other planned and unplanned events. The House proposed \$10,000,000 for this activity. The Senate did not propose similar language.

#### GENERAL PROVISIONS

##### PROGRAM EVALUATION SET-ASIDE

The conference agreement includes a general provision capping the permitted use of the program evaluation set-aside at 2.5 percent of funds authorized under the Public Health Service Act instead of 2.4 percent as proposed by both the House and Senate.

##### ONE PERCENT TRANSFER AUTHORITY

##### (TRANSFER OF FUNDS)

The conference agreement continues a general provision as proposed by the Senate providing the Secretary of Health and Human Services the authority to transfer up to one percent of discretionary funds between a program, project, or activity. The House proposed this transfer authority at the account level.

##### INTERNATIONAL HEALTH ACTIVITIES STAFFING

The conference agreement continues a general provision allowing Department of Health and Human Services health activities abroad to be supported under State Department authorities and includes an additional provision as proposed by the Senate authorizing the Secretary to pay personnel assigned abroad allowances and benefits similar to those for foreign service officers. The House did not propose the additional provision.

##### CENTERS FOR DISEASE CONTROL AND PREVENTION STAFF TRAINING

The conference agreement continues a general provision regarding Centers for Disease Control and Prevention Individual Learning Accounts as proposed by the Senate. The House did not propose a similar provision.

##### CONFLICT OF INTEREST REGULATIONS

The conference agreement includes a general provision as proposed by the Senate requiring the Secretary of Health and Human Services to amend regulations by May 1, 2010 regarding financial conflict of interest among National Institutes of Health extramural investigators and institutions. The House did not propose a similar provision.

The conferees are concerned that occurrences of conflict of interest among extramural grantees are investigated only when a complaint is received by the Department of Health and Human Services Office of Research Integrity. The conferees encourage NIH to develop a system for periodic review of conflict of interest documentation at extramural institutions to give some assurance that the new conflict of interest regulations have an effect.

#### TITLE III

##### DEPARTMENT OF EDUCATION

##### EDUCATION FOR THE DISADVANTAGED

The conference agreement includes \$15,914,666,000 for Education for the Disadvantaged instead of \$15,938,215,000 as proposed by the House and \$15,891,132,000 as proposed by the Senate. The conference agreement provides \$5,073,490,000 in fiscal year 2010 and \$10,841,176,000 in fiscal year 2011 funding for this account.

For Title I School Improvement Grants, the conference agreement includes bill language permitting fiscal year 2010 appropriations and funds appropriated under the Recovery Act for these grants to be used by local educational agencies to serve any Title I, part A-eligible school that has not made adequate yearly progress for at least two years or is in a State's lowest quintile of performance based on proficiency rates and, in the case of secondary schools, priority shall be given to those schools with graduation rates below 60 percent. Both the House and Senate proposed similar language.

The conference agreement modifies bill language proposed by the Senate permitting the Secretary to establish minimum and maximum subgrant sizes applicable to fiscal year 2010 and Recovery Act funds for Title I School Improvement Grants. The conference agreement includes bill language permitting each State educational agency to award subgrants of up to \$2,000,000 in size for each school eligible for Title I School Improvement Grants funding. The House did not propose similar language.

For school improvement activities authorized under section 1003(a) of the Elementary and Secondary Education Act (ESEA), the conference agreement includes a technical clarification in bill language as proposed by the Senate clarifying that Title I funds appropriated in the Recovery Act are excluded from the calculation of amounts States may reserve for school improvement activities under section 1003(a) of the ESEA. The House proposed similar language.

The conference agreement does not include bill language proposed by the House requiring each State educational agency to ensure that not less than 50 percent of its allocation under Title I School Improvement Grants is used for evidence-based reading instruction. The Senate did not propose a similar provision. The conferees encourage the Department to work with State educational agencies to ensure that evidence-based reading instruction is embedded in school turnaround strategies for low-performing schools.

The conference agreement does not include bill language reserving \$30,000,000 of Title I School Improvement Grants for competitive awards to local educational agencies located in counties in Louisiana, Mississippi, and Texas that were affected by Hurricanes Katrina, Ike, or Gustav, and specifying certain uses of these funds as proposed by the Senate. The House did not propose a similar provision. Instead, the conference agreement includes bill language providing \$12,000,000 for competitive awards to Gulf Coast schools under the Fund for the Improvement of Education.

The conference agreement does not include bill language proposed by the Senate requiring each State educational agency to ensure that 40 percent of its allocation under Title I School Improvement Grants is spent on improvement activities in middle and high schools, unless the State educational agency makes a determination that all middle and high schools can be served with a lesser amount. The House did not propose a similar provision.

For the Striving Readers program, the conference agreement modifies bill language proposed by the Senate designating funds under section 1502 of the ESEA for a comprehensive literacy program, including pre-literacy skills, reading, and writing, for students from birth through grade 12. Of the total provided for this initiative, certain funds are reserved: (1) \$10,000,000 for formula grants to States to support State Literacy teams, (2) one-half of one percent for the Secretary of Interior for the Bureau of Indian Education, (3) one-half of one percent

for outlying areas, (4) and up to five percent for national activities conducted by the Secretary of Education. The remainder of the funds must be used for competitive awards to State educational agencies, of which up to five percent may be used for State leadership activities and not less than 95 percent shall be awarded as subgrants to local educational agencies or other entities, giving priority to such agencies or entities serving greater numbers or percentages of disadvantaged children. The conference agreement provides that State subgrants must be allocated as follows: (1) at least 15 percent to serve children from birth through age five, (2) 40 percent to serve students in kindergarten through grade five, and (3) 40 percent to serve students in middle and high school, through grade 12, including an equitable distribution of funds between middle and high schools. Eligible entities receiving comprehensive literacy program subgrants must use these funds for services and activities that have certain characteristics of effective literacy instruction. The House proposed other funding designations for adolescent literacy, early literacy, and national activities and evaluation related to early childhood and adolescent literacy.

The conferees direct the Department to prepare an implementation plan for K-12 literacy-related activities including, but not limited to, activities under Title I School Improvement Grants, Striving Readers, Reading is Fundamental, Reach Out and Read, and the Institute of Education Sciences, as proposed by the House. The Senate report did not propose similar report language. This plan shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate not later than 30 days prior to release of a request for proposals under the Striving Readers program.

The conferees request that the Department of Education Office of Inspector General (OIG) continue to monitor the Department's implementation of procedures to identify, disclose, and manage potential conflicts of interest, as the Department implements this new comprehensive reading initiative. The conferees request that the OIG submit a report to the Committees on Appropriations of the House of Representatives and the Senate within one year after enactment of this Act assessing the adequacy of such procedures.

Within the amount for the High School Graduation initiative, the conference agreement provides that up to \$5,000,000 may be used for peer review, technical assistance, dissemination, evaluation, and other national activities as proposed by both the House and the Senate. The conferees direct the Department to provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate on the planned uses of funds for this initiative not less than 30 days prior to a request for proposals as proposed by the House. The Senate did not propose similar report language.

The conference agreement does not include bill language proposed by the Senate specifying that funds for School Renovation shall be allocated under the terms and conditions of S. 1121 (School Building Fairness Act of 2009), as introduced in the Senate on May 21, 2009. The House did not propose a similar provision.

#### IMPACT AID

The conference agreement includes \$1,276,183,000 for Impact Aid instead of \$1,290,718,000 as proposed by the House and \$1,265,718,000 as proposed by the Senate. In addition, the conference agreement includes bill language providing one-year availability of funds for Impact Aid construction grants as proposed by the Senate instead of two-

year availability of funds as proposed by the House.

#### SCHOOL IMPROVEMENT PROGRAMS

The conference agreement includes \$5,228,444,000 for the School Improvement Programs account instead of \$5,244,644,000 as proposed by the House and \$5,197,316,000 as proposed by the Senate. The conference agreement provides \$3,547,003,000 in fiscal year 2010 and \$1,681,441,000 in fiscal year 2011 funding for this account.

Within the amount provided for Teacher Quality State Grants, the conference agreement includes \$5,000,000 to continue a national initiative to recruit, train, and support results-oriented, highly motivated individuals to lead high-need schools with a focus on raising the achievement of all students and closing the achievement gap in these schools. New Leaders for New Schools (NLNS) shall utilize these funds to support the organization's efforts to develop and deliver training for aspiring principals and support for principals, and conduct research to create a national knowledge base to inform the recruitment, selection, and training of principals for high-need schools. NLNS and its partners shall provide not less than a 150 percent match in cash or in-kind for the Federal funds provided for this initiative. The match may consist of cash or in-kind offerings by private philanthropy or public sources, including funding allocated by partner State and school systems, and may be used for any purpose related to the program's recruitment, training, and residencies for aspiring principals, the ongoing coaching and support of those school leaders, as well as related research activities. The House proposed funding for this initiative under School Leadership in Innovation and Improvement. The Senate did not propose a similar provision.

For the Education Technology program, the conference agreement includes bill language permitting funds reserved for national activities to be used for activities authorized under section 802 of the Higher Education Opportunity Act. Neither the House nor the Senate proposed similar language.

For the Foreign Language Assistance program, the conference agreement designates \$9,729,000 as proposed by the Senate for five-year grants to local educational agencies that work in partnership with higher education institutions to establish articulated programs of study in national security-related languages. The House proposed \$9,360,000.

The conference agreement includes bill language proposed by the Senate that allows funds under the Education of Native Hawaiians program to be used for construction, renovation, and modernization of any elementary school, secondary school, or related structure run by the Department of Education of the State of Hawaii that serves a predominantly Native Hawaiian student body. The House proposed similar language.

The conference agreement also modifies bill language proposed by the Senate to designate, within the amount provided for the Education of Native Hawaiians program, not less than \$1,500,000 to the Hawaii Department of Education for school construction/renovation activities, \$1,500,000 for the University of Hawaii's Center of Excellence in Native Hawaiian Law, and \$500,000 for the Henry K. Guigni Memorial Archives at the University of Hawaii as authorized under part Z of title VIII of the Higher Education Act. The House did not propose similar language.

The conference agreement does not include bill language proposed by the House that permits the Secretary of Education to implement the Alaska Native Education Equity program without regard to earmarks in-

cluded in the program's authorizing statute. The Senate did not propose similar language.

#### INDIAN EDUCATION

The conference agreement includes \$127,282,000 for Indian Education instead of \$132,282,000 as proposed by the House and \$122,282,000 as proposed by the Senate.

#### INNOVATION AND IMPROVEMENT

The conference agreement includes \$1,389,065,000 for Innovation and Improvement instead of \$1,347,363,000 as proposed by the House and \$1,234,787,000 as proposed by the Senate.

For the Advanced Credentialing program, the conference agreement specifies \$10,649,000 for the National Board of Professional Teaching Standards (NBPTS) as proposed by the Senate. The agreement does not include the House proposal to designate \$1,000,000 of these funds in bill language for a certification program for principals of elementary and secondary schools.

For Teach for America (TFA), the conference agreement provides \$18,000,000 as authorized under part F of title VIII of the Higher Education Act. The House proposed \$15,000,000 for TFA under the Fund for the Improvement of Education for this activity and the Senate proposed \$20,000,000 under the Higher Education Act.

For the Charter School program, the conference agreement includes bill language as proposed by the Senate to permit the Secretary of Education to use up to \$23,082,000 for the Per-Pupil Facilities Aid program and the Credit Enhancement for Charter School Facilities program. The agreement modifies language proposed in both the House and Senate bills to allow the Secretary to reserve up to \$50,000,000 to make multiple awards to nonprofit charter management organizations and other entities that are not for-profit entities for replication and expansion of successful charter school models.

The conference agreement also modifies bill language for the Charter School program proposed by the House mandating that the Secretary of Education reserve \$10,000,000 to carry out technical assistance, including such assistance to authorized public chartering agencies in order to increase the number of high-performing charter schools; and that each Charter School program application describe a plan to monitor and hold accountable authorized public chartering agencies through such activities as providing technical assistance or establishing a professional development program. The bill language also mandates that each Charter School program application contain assurances that State law, regulations, or other policies require: (1) each authorized charter school in the State to operate under a legally binding charter or performance contract, conduct audits, and demonstrate improved achievement; and (2) authorized public chartering agencies to use increases in student achievement for all groups of students as the most important factor in renewing or revoking a school's charter. The Senate did not propose similar language.

Finally, for the Charter School program, the conference agreement includes bill language requiring the Department to submit a report describing the planned uses of certain funds prior to their obligation. Neither the House nor the Senate proposed similar language.

For the Teacher Incentive Fund (TIF), the conference agreement includes bill language as proposed by the Senate that: (1) requires TIF grantees to demonstrate that teacher performance-based compensation systems are developed with the input of teachers and school leaders, (2) permits TIF grantees to use funds to develop or improve systems and tools to enhance the quality and success of

teacher compensation systems, and (3) requires applications for TIF grants to include a plan to sustain financially the activities conducted and systems developed once the grant period has expired. The House did not propose these provisions.

Within the funds provided for TIF, approximately \$220,000,000 will be used to continue fiscal year 2009 awards and the remaining funds will be available for new awards, training, technical assistance, evaluation and peer review activities.

*Fund for the Improvement of Education (FIE)*

Within FIE, the conference agreement includes funding for the following activities in the following amounts:

Budget activity	House	Senate	Conference

As proposed by the Senate, the conference agreement includes \$6,000,000 for Reach Out and Read, but does not specify this amount in bill language. The House proposed to designate an amount in the bill.

Within the funds provided for Arts in Education, the conferees concur in the following allocations: \$9,060,000 for VSA arts; \$6,838,000 for the John F. Kennedy Center for the Performing Arts; \$14,616,000 for model arts programs; \$9,000,000 for model professional development programs for music, drama, dance, and visual arts educators; and \$486,000 for evaluation activities.

The conference agreement includes bill language allocating \$12,000,000 for competitive awards to local educational agencies located in counties in Louisiana, Mississippi, and Texas that were affected by Hurricanes Katrina, Ike, or Gustav, and specifying the eligible uses of these awards, including instructional materials and equipment, teacher incentives, school modernization and renovation, Advanced Placement or other rigorous courses, charter schools, and extended learning activities. Neither the House nor the Senate included similar language under the FIE. The Senate proposed \$30,000,000 for Gulf Coast schools under Education for the Disadvantaged.

For the Promise Neighborhoods initiative, the conferees direct the Department to provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate on the planned use of funds not less than 30 days prior to the release of a request for proposals as proposed by the House. The Senate did not propose similar language.

The conference agreement does not include funding for the National Teacher Recruitment Campaign as proposed by the Senate. The House included \$10,000,000 for this activity.

The conferees expect the increase over fiscal year 2009 for Ready to Learn to be used for outreach programs by the Corporation for Public Broadcasting as proposed by the Senate. The House did not propose similar language.

The conference agreement includes \$88,791,000 for the following projects in the following amounts:

Culture and Climate initiative include character education.

The conference agreement includes \$40,000,000 for the School and College Emergency Preparedness initiative, including \$7,000,000 for assistance to institutions of higher education as proposed by both the House and Senate. Together with \$2,237,000 provided under the Substance Abuse and Mental Health Services Administration (SAMHSA), a total of \$42,237,000 will be available for this initiative.

The conferees concur that the Department shall use \$830,000 within the amount provided for Safe and Drug-Free Schools and Communities National Programs to identify, and provide recognition of, promising and model alcohol and drug abuse prevention and education programs in higher education as proposed by the Senate. The House did not specify a funding amount for this activity.

For the Carol M. White Physical Education Program, the conferees concur that the Department shall incorporate the Centers for Disease Control and Prevention's School Health Index into the program as proposed by the House. The Senate did not propose similar report language. The Department shall grant priority to those applications that have completed physical education and nutrition assessments as part of the school health index or propose to implement the index. Awards should support the implementation of science-based curriculum tools to encourage physical education and healthy eating.

Within the funds provided for the Civic Education program, the conference agreement includes \$21,617,000 for the We the People programs, including \$2,957,000 to continue the comprehensive program to improve public knowledge, understanding, and support of American democratic institutions, which is a cooperative project among the Center for Civic Education, the Center on Congress at Indiana University, and the Trust for Representative Democracy at the National Conference of State Legislatures as proposed by the House instead of \$20,076,000 as proposed by the Senate. The remaining \$13,383,000 will support the Cooperative Education Exchange program, including awards to the Center for Civic Education and the National Council on Economic Education.

ENGLISH LANGUAGE ACQUISITION

The conference agreement includes \$750,000,000 for English Language Acquisition as proposed by the Senate instead of \$760,000,000 as proposed by the House.

SPECIAL EDUCATION

The conference agreement includes \$12,587,035,000 for Special Education instead of \$12,579,677,000 as proposed by the House and \$12,587,856,000 as proposed by the Senate. The conference agreement provides \$3,994,652,000 in fiscal year 2010 and \$8,592,383,000 in fiscal year 2011 funding for this account. In addition, the conference agreement includes bill language clarifying that Part B and Part C funds appropriated in the Recovery Act shall not be considered for the purpose of calculating Special Education State allocations for fiscal year 2010 and succeeding years. Neither the House nor the Senate proposed a similar provision.

Within the funds provided for Technology and Media Services, the conferees concur that \$737,000 is available for the Reading Rockets program, administered by the Greater Washington Educational Television Association. No funding was proposed by the House for this activity and \$1,500,000 was proposed by the Senate.

REHABILITATION SERVICES AND DISABILITY RESEARCH

The conference agreement includes \$3,506,861,000 for Rehabilitation Services and

Disability Research instead of \$3,504,305,000 as proposed by the House and \$3,507,322,000 as proposed by the Senate. The conference agreement includes bill language that excludes the appropriation for the Centers for Independent Living program in the Recovery Act from the determination under section 723 of the Rehabilitation Act of whether a State may administer funds for the Centers for Independent Living program in that State in fiscal year 2010.

Demonstration and Training Programs

The conference agreement includes \$5,095,000 for the following projects in the following amounts:

<i>Project</i>	<i>Amount</i>
AbilityFirst, Pasadena, CA for programs to provide employment assistance for individuals with disabilities .....	100,000
American Federation for the Blind Technology and Employment Center, Huntington, WV, to expand the capacity of the AFB-TECH center for development of technology for the blind .....	1,000,000

Southern California Rehabilitation Services, Downey, CA for computer and Internet training for individuals with disabilities, which may include equipment ..	100,000
Southside Training, Employment and Placement Services, Inc., Farmville, VA for training, employment services, and placement assistance for persons with disabilities, which may include equipment .....	300,000

<i>Project</i>	<i>Amount</i>
Special Olympics of Rhode Island, Warwick, RI for delivering programs and promoting physical fitness among individuals with disabilities .....	200,000
Supporting Autism and Families Everywhere, Wilkes-Barre, PA, for vocational services and program support .....	100,000
Vocational Guidance Services—Painesville Center, Painesville, OH for the Training Enhancements Promoting Jobs for Ohioans with Disabilities project .....	100,000
Wisconsin Coalition of Independent Living Centers, Inc., Madison, WI for its Increase Vets' Independence Initiative to provide independent living services to disabled veterans ....	150,000
For the National Institute on Disability and Rehabilitation Research, the conferees note that the budget request included \$3,000,000 to support demonstrations of promising models to serve students with intellectual disabilities in higher education. Instead, the conferees provide \$11,000,000 for Model Comprehensive Transition and Postsecondary Programs for Students with Intellectual Disabilities, as authorized in the Higher Education Act, within the Higher Education account.	

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

AMERICAN PRINTING HOUSE FOR THE BLIND

The conference agreement includes \$24,600,000 for the American Printing House for the Blind as proposed by the Senate instead of \$22,599,000 as proposed by the House.

GALLAUDET UNIVERSITY

The conference agreement includes \$123,000,000 for Gallaudet University instead of \$120,000,000 as proposed by the House and \$126,000,000 as proposed by the Senate. The conference agreement includes bill language designating \$5,000,000 of this amount for construction and provides that the funds are available until expended.

CAREER, TECHNICAL, AND ADULT EDUCATION

The conference agreement includes \$2,016,447,000 for Career, Technical, and Adult Education as proposed by the House and \$2,018,447,000 as proposed by the Senate. The conference agreement provides \$1,225,447,000 in fiscal year 2010 funding, of which \$4,400,000 is available on October 1, 2009 and \$1,221,047,000 is available on July 1, 2010, and \$791,000,000 in fiscal year 2011 funding for this account.

The conference agreement includes bill language specifying \$45,907,000 within funds provided for the Adult Education State Grants program for distribution to States and outlying areas in order to remedy an administrative error in prior years as proposed by the House. The Senate proposed similar language designating \$46,000,000.

The conference agreement continues the English literacy and civics education set-aside within the appropriation for Adult Education State Grants. The conferees intend for these funds to help States or localities affected significantly by immigration to implement integrated English literacy, U.S. history, and civics education programs that provide a program of instruction designed to help an English language learner achieve competence in English through contextualized instruction on the rights and responsibilities of citizenship, naturalization procedures, civic participation, and United States history and government to help such learner acquire the skills and knowledge to become an active and informed parent, worker, and community member.

STUDENT FINANCIAL ASSISTANCE  
(INCLUDING DEFERRAL OF FUNDS)

The conference agreement includes \$19,296,809,000 for Student Financial Assistance as proposed by the Senate instead of \$19,634,905,000 as proposed by the House.

The conference agreement includes \$17,495,000,000 for the Pell Grant program as proposed by the Senate instead of \$17,783,395,000 as proposed by the House. The funds in this conference agreement will support a \$4,860 maximum Pell grant for the 2010-2011 award year. With the additional funds provided under the College Cost Reduction Act and the Recovery Act, the total maximum Pell grant will increase to \$5,550 for the 2010-2011 award year, an increase of \$200 over the previous award year.

The conference agreement defers \$561,000,000 from unobligated balances under the mandatory Academic Competitiveness and SMART grants program as proposed by the House. The Senate proposed to rescind, rather than defer, these funds. These balances are not needed to pay Academic Competitiveness and SMART awards in the 2010-2011 award year and will partially offset additional costs in the Pell Grant program.

The conferees concur that the Department shall provide the same funding in fiscal year 2010 for the Work Colleges program authorized under section 448 of the Higher Education Act from the Federal Work-Study Program appropriation as proposed by the House. The Senate did not propose similar report language.

HIGHER EDUCATION

The conference agreement includes \$2,255,665,000 for Higher Education instead of \$2,294,882,000 as proposed by the House and \$2,106,749,000 as proposed by the Senate. The conference agreement includes citations in the bill for title VIII of the Higher Education Act (HEA) and part I of subtitle A of title VI of the America COMPETES Act as proposed by the Senate. The House did not propose using these citations.

Fund for the Improvement of Postsecondary Education (FIPSE)

Within the amount for FIPSE, the conference agreement includes \$10,000,000 for the college textbook rental pilot initiative as proposed by the House. The Senate did not propose a similar provision. The conferees direct that these funds be awarded in accordance with section 803(b) through (d) of the Higher Education Act. The conferees are interested in projects that propose expanding the services of college bookstores to offer innovative efforts to increase opportunities for students to rent college course materials and lower costs for students. These projects may include, but not be limited to, activities that: (1) acquire course materials that the entity will make available by rent to students, (2) develop or acquire equipment or software necessary for the conduct of a rental program, (3) place a priority on higher cost and introductory level classes, and (4) focus on students with the greatest financial need. The conferees direct that the Department provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate not less than 30 days prior to the release of a request for proposals.

Within the amount for FIPSE, \$6,000,000 is included for grants to institutions of higher education for Centers of Excellence for Veteran Student Success, to support veterans, particularly those returning from Iraq and Afghanistan as proposed by the House. The Senate did not propose a similar provision. The conferees direct that these funds be awarded in accordance with section 873 of the HEA.

Within the amount for FIPSE, \$1,000,000 is included for the Training for Realtime Writers program under section 872 of the HEA as proposed by the Senate. The House did not propose funding for this program.

Within the amount for FIPSE, \$750,000 is included for the Off-campus Community Service program, in accordance with section 447 of the HEA. The Senate proposed \$1,000,000 and the House did not propose a similar provision.

Within the amount for FIPSE, \$28,822,000 is included for the Comprehensive Program, for which the conferees direct the Department to establish these invitational priorities: centers of excellence for teacher preparation as described in section 242 of the HEA; university sustainability initiatives as described in section 881 of HEA; rural development initiatives for rural-serving colleges and universities as described in section 861 of HEA; initiatives to assist highly qualified minorities and women to acquire doctoral degrees in fields where they are underrepresented as described in section 807 of HEA; modeling and simulation programs as described in section 891 of HEA; and higher education consortia to design and offer interdisciplinary programs that focus on poverty and human capability as described in section 741(a)(11) of HEA. The House proposed \$34,805,000 for the Comprehensive Program, while the Senate did not designate a specific amount for this activity.

As proposed by the Senate, the conference agreement does not set aside \$1,000,000 in the bill for modeling and simulation programs under section 891 of the HEA. The House proposed \$1,000,000 for these programs. Instead, these programs are included as an invitational priority under the FIPSE Comprehensive Program.

The conference agreement includes \$101,507,000 for the following projects in the following amounts:

conference agreement includes \$1,000,000 for a national study on minority male achievement as described in section 1109 of the Higher Education Act. The House proposed \$2,000,000 for this activity, while the Senate did not propose a similar provision.

Within the amount provided for IES Research, Development, and Dissemination, the conference agreement includes \$2,000,000 for a new research and development center for adult learning and literacy, as outlined in House Report 111-220. The Senate did not propose a similar provision.

The conferees are concerned about actions taken by IES that leave the impression that it is not subject to the same level of oversight and accountability as any other agency of the Department that receives and is responsible for allocating appropriated funds. In the fiscal year 2010 congressional budget justification, IES indicated that it would adhere to a congressional limitation included in the fiscal year 2009 explanatory statement of \$8,023,000 for the What Works Clearinghouse (WWC). However, the IES increased its allocation to WWC by more than one-third above this amount, without any notification to the Committees on Appropriations that spending information presented in budget documents would not be followed. The Committee expects the IES to adhere to funding limits and guidance established by the Committees on Appropriations.

In addition, responses to requests for information about IES activities regularly come in later than most other agencies and the congressional budget justification provides limited information about the specific spending plans of the IES and the proposed allocation of resources. The conferees strongly support the mission of the IES, but believe the IES should make a greater effort to communicate clearly its plans for and use of taxpayer resources. Therefore, the conferees direct the IES to submit an operating plan to the Committees on Appropriations within 30 days of enactment of this Act and quarterly reports thereafter that describe planned research, development, and dissemination activities; actions taken to implement such activities; and amounts obligated for each activity at the level of detail and in the format shown in the program output measures displayed in the fiscal year 2010 congressional budget justification.

DEPARTMENTAL MANAGEMENT

PROGRAM ADMINISTRATION

The conference agreement includes \$456,200,000 for Program Administration instead of \$452,200,000 as proposed by both the House and Senate. The conferees direct the Department to establish an Educational Opportunity and Equity Commission, as outlined in House Report 111-220. The Senate did not propose this provision.

GENERAL PROVISIONS

IMPACT AID

The conference agreement includes a general provision as proposed by the Senate amending Public Law 110-161 to make available certain Impact Aid basic support payments to several school districts in Illinois for an additional two years. The House did not propose a similar provision.

PALAU

The conference agreement includes a general provision that extends Palau's eligibility for certain education programs through the end of fiscal year 2010. Neither the House nor the Senate proposed a similar provision.

STATE INCENTIVE GRANTS

The conference agreement includes a new general provision making a technical amendment to section 14006 of Public Law 111-5

For Erma Byrd Scholarships, the conference agreement includes bill language designating \$1,500,000 as proposed by the Senate. The House proposed \$1,000,000 for these scholarships, which are intended to increase the size of the industrial health and safety workforce in the public and private sectors.

For the Model Comprehensive Transition and Postsecondary Programs for Students with Intellectual Disabilities, the conferees intend that the Department support a range of awards in size and scope, up to \$1,000,000 for each year of the award year, to promote the implementation of high-quality model programs and to provide a better understanding of an array of effective practices. The conferees direct that the Department provide a briefing to the Committees on Appropriations of the House of Representatives and the Senate not less than 30 days prior to the release of a request for proposals.

For TRIO, the conferees intend that the increase over fiscal year 2009 be used for the Student Support Services program, which will be re-competed in fiscal year 2010. The conferees recognize that supportive services aimed at increasing retention and graduation of low-income students in college are an important complement to student financial aid, particularly the Pell Grant program. Many such retention services are supported through Student Support Services grants. Thus, the conferees intend that the funds provided will maintain the number of Student Support Services grantees.

HISTORICALLY BLACK COLLEGE AND

UNIVERSITY CAPITAL FINANCING PROGRAM

The conference agreement includes \$20,582,000 for the Historically Black College and University Capital Financing Program as proposed by the House instead of \$10,354,000 as proposed by the Senate.

INSTITUTE OF EDUCATION SCIENCES

The conference agreement includes \$659,006,000 for the Institute of Education Sciences (IES) instead of \$664,256,000 as proposed by the House and \$679,256,000 as proposed by the Senate. The conference agreement specifies that \$588,356,000 of total IES funding shall be available through fiscal year 2011.

Within the amount provided for IES Research, Development, and Dissemination, the

pertaining to State Incentive Grants. Neither the House nor the Senate proposed a similar provision.

SCHOOL BUILDING FAIRNESS ACT

The conference agreement does not include a general provision as proposed by the Senate amending S. 1121, the School Building Fairness Act of 2009, to include provisions pertaining to public school libraries. The House did not propose a similar provision.

TITLE IV

RELATED AGENCIES

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

OPERATING EXPENSES

The conference agreement includes \$857,021,000 for the operating expenses of the programs administered by the Corporation for National and Community Service (the Corporation) instead of \$792,179,000 as proposed by the House and \$864,316,000 as proposed by the Senate. Funding for the National Service Trust is provided in a separate appropriations account as proposed by both the House and Senate.

As proposed by the Senate, within the total for the National Senior Volunteer Corps, the maximum total dollars that may be used in fiscal year 2010 for Grants.gov/eGrants support, Training and Technical Assistance, and Recruitment and Retention activities shall not exceed the amount provided for these activities in fiscal year 2009. The House did not propose similar language.

As proposed by the Senate, the conferees direct that any assignments made under section 1708 of the Serve America Act relating to programs authorized under the Domestic Volunteer Service Act shall be published in the Federal Register and, following normal procedure, allow for a 90-day comment period. Further, the conferees direct the Corporation to detail any such assignments in its annual budget justification. The House did not propose similar language.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$50,000,000 for the Social Innovation Fund as proposed by the Senate instead of \$35,000,000 as proposed by the House.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$1,000,000 for the nonprofit capacity building program instead of \$2,000,000 as proposed by the Senate. The House did not propose funding for this program.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$4,000,000 for the Volunteer Generation Fund instead of \$8,000,000 as proposed by the Senate. The House did not propose similar language. The conference agreement includes bill language making the full amount available on a competitive basis to State Commissions. Neither

the House nor the Senate proposed similar language.

The conference agreement does not concur in the Senate proposal to include funding within the Corporation for competitive grants under the Volunteer Generation Fund focused on identifying and enrolling eligible individuals into already existing Federal, State, and local benefit programs. Rather, \$2,000,000 is included for this activity within the Department of Health and Human Services Administration for Children and Families. The House did not propose similar language.

Within the total provided for Learn and Serve America, the conference agreement includes \$2,000,000 for the newly authorized Summer of Service program as proposed by the House. The Senate did not propose funding for this program.

NATIONAL SERVICE TRUST

(INCLUDING TRANSFER OF FUNDS)

As proposed by the Senate, the conference agreement includes \$197,000,000 for the National Service Trust, to be available until expended, instead of \$178,214,000 as proposed by the House.

The conference agreement does not concur with the House proposal to include language designating that \$1,000,000 within the total for the National Service Trust is for education awards for Summer of Service program participants. The Senate did not propose similar language. The conferees note that Summer of Service program participants are entitled to education awards, therefore language carving out dollars specifically for these program participants is unnecessary.

SALARIES AND EXPENSES

The conference agreement includes \$88,000,000 for the Corporation for National and Community Service Salaries and Expenses as proposed by the Senate instead of \$80,923,000 as proposed by the House.

ADMINISTRATIVE PROVISIONS

CHANGES THROUGH RULEMAKING

The conference agreement continues to include language that the Corporation for National and Community Service (the Corporation) shall make any changes to program requirements, service delivery, or policy only through public notice and comment rulemaking to include service delivery changes in the administration and/or governance of national service programs as proposed by the House. The Senate proposed language that the Corporation notify the House and Senate Appropriations Committees 15 days prior to making any significant changes to the programs or policies.

COMBINED MATCHING OF GRANTS

The conference agreement continues to include language that combines separate matching requirements for AmeriCorps grants as proposed by the House. The Senate did not propose similar language.

CORPORATION FOR PUBLIC BROADCASTING

The conference agreement includes a fiscal year 2012 advance appropriation of \$445,000,000 for the Corporation for Public Broadcasting (CPB) instead of \$440,000,000 as proposed by the House and \$450,000,000 as proposed by the Senate.

In addition, the conference agreement provides fiscal year 2010 appropriations for CPB totaling \$86,000,000 instead of \$101,000,000 as proposed by the House and \$71,000,000 as proposed by the Senate. Of the total fiscal year 2010 funding in the conference agreement, \$25,000,000 is for fiscal stabilization grants to public radio and television stations, which have experienced a downturn in revenues due to the recession that has resulted in job losses and reductions to local programming and services. The House proposed \$40,000,000 and the Senate proposed \$10,000,000 for this purpose. In addition, the conference agreement includes bill language providing that fiscal stabilization grants shall be awarded to public radio and television licensees no later than 45 days after enactment of this Act based on the guidance outlined in House Report 111-220. The remaining fiscal year 2010 appropriations include \$36,000,000 for digital transition grants and \$25,000,000 to complete the replacement of the public radio interconnection system.

FEDERAL MEDIATION AND CONCILIATION SERVICE

SALARIES AND EXPENSES

The conference agreement includes \$46,652,000 for the Federal Mediation and Conciliation Service instead of \$47,000,000 as proposed by the House and \$46,303,000 as proposed by the Senate. Within the amount provided, the conference agreement includes \$349,000 for the Labor-Management Grants program to remain available through September 30, 2010, instead of \$650,000 as proposed by the House to remain available through September 30, 2011. The Senate did not include a similar provision.

FEDERAL MINE SAFETY AND HEALTH REVIEW COMMISSION

SALARIES AND EXPENSES

The conference agreement includes \$10,358,000 for the Federal Mine Safety and Health Review Commission instead of \$9,858,000 as proposed by the House and \$10,858,000 as proposed by the Senate.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

OFFICE OF MUSEUM AND LIBRARY SERVICES: GRANTS AND ADMINISTRATION

The conference agreement includes \$282,251,000 for the Institute of Museum and Library Services (IMLS) instead of \$275,688,000 as proposed by the House and \$275,056,000 as proposed by the Senate.

Within the total for IMLS, the conference agreement includes funds for the following activities in the following amounts:

Budget activity	House	Senate	Conference

Within the amount provided for Program Administration, the conference agreement

includes \$4,000,000 for research and data col-

lection activities. Neither the House nor Senate included similar language.

The bill includes \$16,382,000 for the following projects in the following amounts:

Project	Amount

NATIONAL MEDIATION BOARD

SALARIES AND EXPENSES

The conference agreement includes \$13,463,000 for the National Mediation Board instead of \$12,992,000 as proposed by the House and \$13,934,000 as proposed by the Senate. The increase provided is intended to increase the number of arbitration cases heard and closed.

RAILROAD RETIREMENT BOARD

LIMITATION ON THE OFFICE OF INSPECTOR GENERAL

The conference agreement includes authority to expend \$8,186,000 from the Railroad Retirement and Railroad Unemployment Insurance Trust Funds for the Office of Inspector General as proposed by both the House and Senate. The conference agreement does not include bill language proposed by the House that prohibits the transfer of any other funds provided in this Act to the Office of the Inspector General. The Senate did not include such a provision.

SOCIAL SECURITY ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

The conference agreement includes \$11,446,500,000 for a Limitation on Administrative Expenses for the Social Security Administration (SSA), which is the same level proposed by both the House and the Senate. The conference agreement provides \$45,000 for official reception and representation expenses as proposed by the Senate. The House included \$40,000 for these expenses.

The conference agreement includes bill language designating that from within the amounts provided for the Limitation on Administrative Expenses, not less than \$273,000,000 may be used for conducting continuing disability reviews and redeterminations of eligibility under SSA's disability programs. An additional \$485,000,000 is also provided for these continuing disability reviews and redeterminations of eligibility through a discretionary cap adjustment, as included in the Concurrent Resolution on the Budget for Fiscal Year 2010. These amounts are the same levels as proposed by the House and the Senate. Moreover, the conference agreement includes bill language allowing up to \$34,000,000 of the additional funds to be available for asset verification initiatives if the Office of the Chief Actuary determines that such initiatives would be at least as cost effective as redeterminations of eligibility as proposed by the House. The Senate bill contained a similar provision.

TITLE V  
GENERAL PROVISIONS

OFFICIAL RECEPTION AND REPRESENTATION  
EXPENSES

The conference agreement includes a general provision authorizing official reception and representation expenses for the Secretaries of Labor and Education, the Director of the Federal Mediation and Conciliation Service, and the Chairman of the National Mediation Board. The agreement specifies \$22,000 for the Secretary of Education as proposed by the Senate instead of \$20,000 as proposed by the House.

NEEDLE EXCHANGE PROGRAMS

The conference agreement modifies a general provision to prohibit the use of funds in this Act to distribute any needle or syringe for the purpose of preventing the spread of blood borne pathogens in any location that local public health or law enforcement agencies determine to be inappropriate. The House proposed language prohibiting the use of funds in this Act for needle exchange programs that are located within 1,000 feet of a public or private day care center, elementary school, vocational school, secondary school, college, junior college, or university, or any public swimming pool, park, playground, video arcade, or youth center, or an event sponsored by any such entity. The Senate proposed language prohibiting the use of funds in this Act for any needle exchange programs.

NONCOMPETITIVE GRANTS AND CONTRACTS

The conference agreement modifies a general provision proposed by the House and the Senate to require the Secretaries of Labor, Health and Human Services, and Education to submit a quarterly report to the Committees on Appropriations of the House of Representatives and the Senate containing certain information on noncompetitive contracts, grants, and cooperative agreements exceeding \$500,000 in value, excluding those awarded on a formula basis or directed by law. The House proposed a reporting threshold exceeding \$100,000, while the Senate proposed a threshold exceeding \$5,000,000.

MINIMUM WAGE IN AMERICAN SAMOA AND THE COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

The conference agreement includes a general provision proposed by the Senate that delays until September 30, 2010, and until September 30 of each year thereafter, scheduled minimum wage increases in American Samoa and the Commonwealth of the Northern Mariana Islands. The House did not include a similar provision.

FRAUDULENT SOCIAL SECURITY NUMBERS

The conference agreement includes a general provision proposed by the House prohibiting the use of funds in this Act to process claims for credit for quarters of coverage based on work performed under a Social Security number that is not the claimant's number and the performance of such work under such number has formed the basis for a conviction of the claimant of a violation of section 208(a)(6) or (7) of the Social Security Act. The Senate did not include a similar provision.

SOCIAL SECURITY TOTALIZATION AGREEMENT  
WITH MEXICO

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act to administer Social Security benefit payments under any Social Security Administration totalization agreement with Mexico. The Senate did not include a similar provision.

NO PUBLIC BENEFITS FOR ILLEGAL ALIENS

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act in a manner that contravenes the 1996 Personal Responsibility and Work Opportunity Reconciliation Act. The Senate did not include a similar provision.

LABOR LAW ENFORCEMENT

The conference agreement includes a general provision on the use of H and L visa fraud prevention and detection fees. The provision authorizes the Department of Homeland Security and the Department of Labor to conduct fraud prevention and enforcement programs that focus on industries likely to employ nonimmigrants. Neither the House nor the Senate included a similar provision.

USE OF FIRST-CLASS TRAVEL

The conference agreement includes a general provision proposed by the House that prohibits the use of funds in this Act for first-class travel by the employees of agencies funded by this Act. The Senate did not include a similar provision.

FULL AND FAIR COMPETITION

The conference agreement includes a general provision requiring full and fair competition for any projects contained in House Report 111-220 that are considered congressional earmarks and intended for for-profit entities. Neither the House nor the Senate included a similar provision.

CONTRACTOR AND GRANTEE FEDERAL TAX  
LIABILITY

The conference agreement includes a general provision proposed by the House that

prohibits the use of funds in this Act for a contract or grant exceeding \$5,000,000 unless the prospective contractor or grantee makes certain certifications regarding Federal tax liability. The Senate did not include a similar provision.

NIDA AND NIAAA RESEARCH GRANTS

The conference agreement does not include a general provision proposed by the House prohibiting the use of funds in this Act for the National Institute on Drug Abuse grant numbered 1R21DA026324-01A1 and the National Institute on Alcohol Abuse and Alcoholism grants numbered 1R01AA018090-01 and 5R01AA016059-03. The Senate did not include a similar provision.

USE OF ENERGY STAR LIGHT BULBS

The conference agreement does not include a general provision proposed by the House that prohibits the use of funds in this Act to purchase light bulbs unless the light bulbs are "Energy Star" qualified or have the "Federal Energy Management Program" designation. The Senate did not include a similar provision.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the conference report or the accompanying joint statement of managers, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the conference report nor the joint statement of managers contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the rules of the House of Representatives, none of the congressional earmarks listed below were committed to the conference committee on H.R. 3288. However, all following items were either (1) included in the Labor, Health and Human Services, and Related Agencies Appropriations Act, 2010 (H.R. 3293), as passed by the House or as reported by the Senate, or (2) in the report of the committee of either House on H.R. 3293.

DIVISION E—MILITARY CONSTRUCTION AND VETERANS AFFAIRS AND RELATED AGENCIES APPROPRIATIONS ACT, 2010

*Matters Addressed by Only One Committee.*—The language and allocations set forth in House Report 111-188 and Senate Report 111-40 should be complied with unless specifically addressed to the contrary in the conference agreement and this explanatory statement. Report language included by the House, which is not changed by the report of the Senate or this explanatory statement, and Senate report language, which is not changed by this explanatory statement is approved by the Committees on Appropriations of both Houses of Congress. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate have directed the submission of a report, such report is to be submitted to both Houses of Congress.

TITLE I  
DEPARTMENT OF DEFENSE  
ITEMS OF GENERAL INTEREST

*Reprogramming Guidelines.*—The following reprogramming guidelines apply for all military construction and family housing projects. A project or account (including the sub-elements of an account) which has been specifically reduced by the Congress in acting on the budget request is considered to be a congressional interest item and as such, prior approval is required. Accordingly, no reprogrammings to an item specifically reduced below the threshold by the Congress are permitted, except that the Department of Defense may seek reprogrammings for appropriated increments.

The reprogramming criteria that apply to military construction projects (25 percent of the funded amount or \$2,000,000, whichever is less) continue to apply to new housing construction projects and to improvements over \$2,000,000. To provide the services the flexibility to proceed with construction contracts without disruption or delay, the costs associated with environmental hazard remediation such as asbestos removal, radon abatement, lead-based paint removal or abatement, and any other legislated environmental hazard remediation may be excluded, provided that

such remediation requirements could not be reasonably anticipated at the time of the budget submission. This exclusion applies to projects authorized in this budget year, as well as projects authorized in prior years for which construction has not been completed. Planning and design costs associated with military construction and family housing projects may also be excluded from these guidelines. In instances where prior approval to a reprogramming request for a project or account has been received from the Committees on Appropriations, the adjusted amount approved becomes the new base for any future increase or decrease via below-threshold reprogrammings (provided that the project or account is not a congressional interest item as defined above).

In addition to these guidelines, the services are directed to adhere to the guidance for military construction reprogrammings and notifications, including the pertinent statutory authorities contained in DOD Financial Management Regulation 7000.14-R and relevant updates and policy memoranda. The conferees encourage the Office of the Director of National Intelligence to use a format similar to that used by the Office of the Secretary of Defense to submit reprogramming requests.

*Incrementally Funded Projects.*—The conferees note that the Administration requested several large military construction projects that can be incrementally funded, but were instead submitted as large single-year requests, in accordance with a directive from the Office of Management and Budget to the Department of Defense to severely restrict the use of incremental funding for military construction. The Committees on Appropriations of both Houses of Congress have previously notified the Administration that they reserve the prerogative to provide incremental funding where appropriate, in accordance with authorizing legislation. The conferees continue to believe that military construction projects should be fully funded or separated into stand-alone phases when practical. In some cases, however, incremental funding makes fiscal and programmatic sense. The conference agreement therefore incrementally funds the following projects consistent with the National Defense Authorization Act for fiscal year 2010: Aviation Task Force Complex Phase 1, Fort Wainwright, Alaska; North Region Tertiary Treatment Plant Phase 1, Camp Pendleton, California; Hospital Replacement, Fort Bliss, Texas; Data Center, Camp Williams, Utah; Ship Repair Pier Replacement, Portsmouth, Virginia; Apra Harbor Wharves Improvements Phase 1, Guam; and Hospital Replacement, Guam.

*Bid Savings.*—The conferees are aware of significant bid savings realized by the military departments and Defense agencies in the fiscal year 2009 military construction program due to a competitive bidding climate and lower material costs and have adjusted appropriated amounts for certain accounts to reflect these savings as well as projected savings in the fiscal year 2010 program. Individual project notifications provided to the congressional defense committees pursuant to section 2853 of title 10, United States Code, show that the Department of Defense has realized in total well over half a billion dollars in fiscal year 2009 military construction bid savings, and is projecting similar substantial savings for fiscal year 2010. However, the services and agencies are required to notify Congress of only those cost variations equal to or exceeding 25 percent of the appropriated amount for military construction projects. In order to enhance congressional oversight and provide greater visibility of cumulative bid savings in the fiscal year 2010 program, the conferees direct

the Secretary of Defense to submit to the Committees on Appropriations of both Houses of Congress a quarterly consolidated report from each of the military departments and Defense agencies identifying, by project name, location, and dollar amount, bid savings in excess of 10 percent of the amount appropriated for military construction projects for which funds are obligated in fiscal year 2010. The report shall include projects funded through the regular military construction accounts, family housing construction accounts, the Department of Defense Base Closure Account 2005, and the overseas contingency operations military construction accounts. The initial report shall be submitted no later than April 30, 2010, and thereafter no later than 30 days after the end of each quarter.

*Report on Design Obligations.*—The conferees direct that the Secretary of Defense, and the secretaries of the Army, Navy, and Air Force, each submit separate semi-annual reports on the obligation and expenditure of planning and design funds. The Secretary of Defense's report shall cover Military Construction, Defense-Wide, and the reports by the Army, Navy, and Air Force shall cover active, guard, and reserve military construction accounts. Each report shall provide data on the total amount available from each and all fiscal years for planning and design activities, as well as the amounts currently obligated and expended. The reports shall be submitted no later than 30 days following the end of the second and fourth quarters of fiscal year 2010.

*Nuclear Weapons Security.*—The conferees direct the Secretary of Defense to submit a report to the Committees on Appropriations of both Houses of Congress analyzing alternative designs for any major construction projects requested in fiscal year 2011 or included in the accompanying future years defense plan for the purpose of securing strategic nuclear weapons. The report of alternatives should include the full life cycle cost and benefits including security enhancements required for each major construction project. The report shall be submitted along with the annual budget request.

*Department of Defense Cooperation with the Government Accountability Office.*—The conferees are concerned by indications that the Department of Defense is not cooperating fully with Government Accountability Office (GAO) investigations of matters that are of vital interest to the Committees on Appropriations of both Houses of Congress. GAO activities are crucial to the Committees' ongoing oversight of Administration military construction programs and policies. The conferees direct the Secretary of Defense to ensure that the Department fully complies in a timely manner with valid GAO requests for information. The conferees further direct the GAO to provide the Committees with an update on Department cooperation with its investigations no later than 30 days following the enactment of this Act.

*Delivery of Notifications.*—The conferees direct the Office of the Secretary of Defense, the services, and the Defense agencies to submit a quarterly report listing all notifications that have been submitted to the Committees during the preceding three-month period.

The conference agreement appropriates \$3,719,419,000 for Military Construction, Army, instead of \$3,630,422,000 as proposed by the House and \$3,477,673,000 as proposed by the Senate. Within this amount, the agreement provides \$200,519,000 for study, planning, design, architect and engineer services, and host nation support, instead of \$187,872,000 as proposed by the House and \$191,573,000 as proposed by the Senate.

The conference agreement includes \$350,000,000 to address the large unfunded backlog of Army trainee troop housing construction, instead of \$450,000,000 as proposed by the House. The Senate bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amounts be made available for the design of the following projects:

Alabama—Fort Rucker, Army AVIM Hangar, \$1,170,000.

Alabama—Fort Rucker, Water Survival Training Facility, \$401,000.

Kentucky—Fort Campbell, Physical Fitness Complex, \$900,000.

Maryland—Aberdeen Proving Ground, Information Processing Node Phase 2, \$956,000.

Missouri—Fort Leonard Wood, Brigade Headquarters, \$584,000.

North Carolina—Fort Bragg, Field Support Brigade Headquarters, \$720,000.

Texas—Fort Bliss, Access Control Points, \$6,500,000.

Utah—Dugway Proving Ground, Life Science Test Facility Addition, \$2,890,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amount be made available for construction of the following project:

Colorado—Fort Carson, Convoy Skills Trainer (IED), \$1,950,000.

#### MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The conference agreement appropriates \$3,769,003,000 for Military Construction, Navy and Marine Corps, instead of \$3,757,330,000 as proposed by the House and \$3,548,771,000 as proposed by the Senate. Within this amount, the agreement provides \$179,652,000 for study, planning, design, architect and engineer services, instead of \$182,569,000 as proposed by the House and \$176,896,000 as proposed by the Senate.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amounts be made available for the design of the following projects:

Florida—Panama City NSA, Joint Diver A-School Dormitory, \$520,000.

Hawaii—Pearl Harbor NSY, Drydock 2 Starboard Waterfront Facility, \$850,000.

Indiana—Crane NSWC, Strategic Weapons System Engineering Facility, \$510,000.

Maine—Portsmouth NSY, Consolidation of Structural Shops, \$2,000,000.

#### MILITARY CONSTRUCTION, AIR FORCE (INCLUDING RESCISSION OF FUNDS)

The conference agreement appropriates \$1,450,426,000 for Military Construction, Air Force, instead of \$1,359,171,000 as proposed by the House and \$1,251,039,000 as proposed by the Senate. Within this amount, the agreement provides \$103,562,000 for study, planning, design, architect and engineer services, instead of \$93,407,000 as proposed by the House and \$106,918,000 as proposed by the Senate.

The conference agreement rescinds \$37,500,000 from funds previously appropriated for the establishment of unmanned aerial system (UAS) field training facilities at an unspecified location. After those funds were appropriated, the Air Force selected Holloman AFB, New Mexico, as the site for the UAS field training unit, which required significant revisions to the scope of these facilities. The conference agreement provides \$37,500,000 for the revised UAS field training unit complex at Holloman, consistent with the National Defense Authorization Act for fiscal year 2010.

Of the funds provided for planning and design in this account, the conferees direct

that not less than the specified amounts be made available for the design of the following projects:

Florida—MacDill AFB, Mission Support Facility, \$384,000.

Hawaii—Kona International Airport, C-17 Kona Short Auxiliary Airfield, \$910,000.

Idaho—Mountain Home AFB, Civil Engineer Maintenance Complex, \$690,000.

Maryland—Andrews AFB, Physical Fitness Center, \$930,000.

Texas—Dyess AFB, Mission Operations Center, \$390,000.

Texas—Lackland AFB, Consolidated Security Forces Operations Center, \$342,000.

Texas—Laughlin AFB, Student Officer Quarters Phase 2, \$713,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amount be made available for construction of the following project:

Colorado—Peterson AFB, Widen Paine Street, \$2,000,000.

*Air Base Development, Palanquero, Colombia.*—The conference agreement provides \$43,000,000 for the construction of air base facilities at the Colombian Air Force Base, Palanquero, Colombia. The conferees understand that this funding is not intended to establish a U.S. base or a permanent U.S. military presence in Colombia, and that any activities conducted by U.S. forces from this or any other location in Colombia would be based on full respect for the principles of sovereignty, territorial integrity, and non-interventionism, in accordance with the Defense Cooperation Agreement of October 30, 2009. The conference agreement reduces the amount requested for this project by \$3,000,000 to meet this intent.

#### MILITARY CONSTRUCTION, DEFENSE-WIDE (INCLUDING RESCISSION AND TRANSFER OF FUNDS)

The conference agreement appropriates \$3,093,679,000 for Military Construction, Defense-Wide, instead of \$2,743,526,000 as proposed by the House and \$3,137,614,000 as proposed by the Senate. Within this amount, the agreement provides \$131,942,000 for study, planning, design, architect and engineer services, instead of \$121,442,000 as proposed by the House and \$142,942,000 as proposed by the Senate.

The conference agreement rescinds \$151,160,000 from previously appropriated funds due to the Administration's cancellation of a proposed ballistic missile defense system in Europe. The conference agreement also includes \$68,500,000 for an Aegis Ashore Test Facility, as proposed by the Senate, to support the Administration's new plan for ballistic missile defense. The House bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amount be made available for the design of the following project:

Washington—Fort Lewis, Women's Health Center Facility, \$2,000,000.

*Landstuhl Regional Medical Center.*—The conferees understand that the Department of Defense is reviewing options for a new site to accommodate a facility replacing the current Landstuhl Regional Medical Center in Germany, including the current site, Ramstein Air Base, the Weilerbach area adjacent to Ramstein, and other locations. The conferees direct the Department to provide the Committees on Appropriations of both Houses of Congress with a cost-benefit analysis of the various site options, and a jus-

tification for the preferred site. This assessment should include ancillary facilities that need to be collocated with the new medical facility, as well as any additional facilities or functions that would benefit U.S. forces in Europe by being collocated on the same site. The conferees direct the Department to submit this assessment with the fiscal year 2011 budget request.

*Energy Conservation Investment Program (ECIP).*—The conference agreement provides \$174,209,000 for ECIP, including \$10,500,000 for planning and design, instead of \$90,000,000 as proposed by the House and \$225,000,000 as proposed by the Senate. The conferees strongly support the efforts of the Department of Defense to promote energy conservation, green building initiatives, energy security, and investment in renewable energy resources, and commend the leadership of the Department and the services for making energy efficiency a key component of construction on military installations. The conferees urge the Department to use the additional funds to invest in innovative renewable energy projects as well as projects that enhance energy security at military installations. The conferees direct the Secretary of Defense to provide an expenditure plan for the additional funds to the Committees on Appropriations of both Houses of Congress no later than 45 days following the enactment of this Act.

#### MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The conference agreement appropriates \$582,056,000 for Military Construction, Army National Guard, instead of \$529,129,000 as proposed by the House and \$497,210,000 as proposed by the Senate. Within this amount, the agreement provides \$47,429,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$30,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amounts be made available for the design of the following projects:

Arkansas—West Memphis, Readiness Center, \$1,240,000.

Hawaii—Kapolei, Readiness Center (Joint Forces Headquarters), \$5,446,000.

Iowa—Johnston, Armed Forces Reserve Center/Field Maintenance Shop, \$180,000.

Kentucky—Frankfort, Joint Forces Headquarters, \$334,000.

Massachusetts—Hanscom AFB, Joint Force Headquarters, \$2,663,000.

Michigan—Camp Grayling, Barracks Replacement Phase 2, \$440,000.

Nevada—Las Vegas, Civil Support Team Ready Building, \$727,000.

Oregon—Camp Rilea, Water Supply System, \$368,000.

Oregon—Clackamas County, Storm Water and Sewer Infrastructure Improvements, Camp Withycombe, \$1,226,000.

Oregon—Washington County, Readiness Center, \$386,000.

Pennsylvania—Luzerne, Readiness Center, \$924,000.

Vermont—Morrisville, Field Vehicle Maintenance Shop, \$812,000.

West Virginia—Logan/Mingo County, Readiness Center, \$501,000.

West Virginia—Parkersburg, Readiness Center, \$2,234,000.

West Virginia—Parkersburg, Field Maintenance Shop, \$967,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amounts be

made available for construction of the following projects:

Iowa—Camp Dodge, Motor Vehicle Storage Buildings (Freedom Center Armory), \$1,963,000.

Iowa—Davenport, Army Aviation Support Facility Addition/Alteration, \$2,000,000.

Iowa—Fairfield, Field Maintenance Shop Addition/Alteration, \$2,000,000.

Iowa—Iowa Falls, Addition/Alteration Readiness Center, \$2,000,000.

Kentucky—London, Phase IV Aviation Operations Facility, \$1,805,000.

Montana—Fort Harrison, Addition/Alteration Troop Medical Facility, \$1,750,000.

Nevada—Floyd Edsall Training Center, Addition/Alteration Clark County Armory, \$2,000,000.

North Dakota—Bismarck, Raymond J. Bohn Readiness Center Addition, \$2,000,000.

Ohio—Beightler Armory, Joint Forces Headquarters Addition, \$2,000,000.

Ohio—Ravena Training Site, Shoot House, \$2,000,000.

Puerto Rico—Camp Santiago, Urban Assault Course, \$1,669,000.

#### MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The conference agreement appropriates \$371,226,000 for Military Construction, Air National Guard, instead of \$226,126,000 as proposed by the House and \$297,661,000 as proposed by the Senate. Within this amount, the agreement provides \$20,021,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$30,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

Of the funds provided for planning and design in this account, the conferees direct that not less than the specified amount be made available for the design of the following project:

Kentucky—Standiford Field, Contingency Response Group Facility, \$600,000.

Of the funds provided for minor construction in this account, the conferees direct that not less than the specified amounts be made available for construction of the following projects:

Massachusetts—Hanscom AFB, Joint Forces Operations Center Air National Guard Share, \$1,500,000.

New Jersey—Atlantic City IAP, Munitions Administration Facility, \$1,700,000.

Ohio—Toledo Express Airport, Multi-Use Instructional Facility, \$2,000,000.

Ohio—Zanesville ANG, New Supply Warehouse, \$1,000,000.

#### MILITARY CONSTRUCTION, ARMY RESERVE

The conference agreement appropriates \$431,566,000 for Military Construction, Army Reserve, instead of \$432,516,000 as proposed by the House and \$379,012,000 as proposed by the Senate. Within this amount, the agreement provides \$22,716,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$30,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

#### MILITARY CONSTRUCTION, NAVY RESERVE

The conference agreement appropriates \$125,874,000 for Military Construction, Navy Reserve as proposed by the House, instead of \$64,124,000 as proposed by the Senate. Within this amount, the agreement provides \$2,951,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agree-

ment also provides \$20,000,000 for critical unfunded requirements of the Navy Reserve and \$35,000,000 for critical unfunded requirements of the Marine Forces Reserve as proposed by the House. The Senate bill contained no similar provision.

#### MILITARY CONSTRUCTION, AIR FORCE RESERVE

The conference agreement appropriates \$112,269,000 for Military Construction, Air Force Reserve, instead of \$103,169,000 as proposed by the House and \$47,376,000 as proposed by the Senate. Within this amount, the agreement provides \$3,869,000 for study, planning, design, architect and engineer services as proposed by the House, with modification. The Senate bill contained no similar provision. The agreement also provides \$55,000,000 for critical unfunded requirements as proposed by the House. The Senate bill contained no similar provision.

#### NORTH ATLANTIC TREATY ORGANIZATION

##### SECURITY INVESTMENT PROGRAM

The conference agreement appropriates \$197,414,000 for the North Atlantic Treaty Organization Security Investment Program, instead of \$234,914,000 as proposed by the House and \$276,314,000 as proposed by the Senate. Funding for the U.S. share of the planning, design, and construction of a new NATO headquarters is included under Military Construction, Defense-Wide as proposed by the House. The Senate bill contained no similar provision.

#### FAMILY HOUSING CONSTRUCTION, ARMY

The conference agreement appropriates \$273,236,000 for Family Housing Construction, Army as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, ARMY

The conference agreement appropriates \$523,418,000 for Family Housing Operation and Maintenance, Army as proposed by both the House and the Senate.

#### FAMILY HOUSING CONSTRUCTION, NAVY AND MARINE CORPS

The conference agreement appropriates \$146,569,000 for Family Housing Construction, Navy and Marine Corps as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, NAVY AND MARINE CORPS

The conference agreement appropriates \$368,540,000 for Family Housing Operation and Maintenance, Navy and Marine Corps as proposed by both the House and the Senate.

#### FAMILY HOUSING CONSTRUCTION, AIR FORCE

The conference agreement appropriates \$66,101,000 for Family Housing Construction, Air Force as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, AIR FORCE

The conference agreement appropriates \$502,936,000 for Family Housing Operation and Maintenance, Air Force as proposed by both the House and the Senate.

#### FAMILY HOUSING CONSTRUCTION, DEFENSE-WIDE

The conference agreement appropriates \$2,859,000 for Family Housing Construction, Defense-Wide as proposed by both the House and the Senate.

#### FAMILY HOUSING OPERATION AND MAINTENANCE, DEFENSE-WIDE

The conference agreement appropriates \$49,214,000 for Family Housing Operation and Maintenance, Defense-Wide as proposed by both the House and the Senate.

#### DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

The conference agreement appropriates \$2,600,000 for the Department of Defense

Family Housing Improvement Fund as proposed by both the House and the Senate.

#### HOMEOWNERS ASSISTANCE FUND

The conference agreement appropriates \$323,225,000 for the Homeowners Assistance Fund as proposed by the Senate, instead of \$23,225,000 as proposed by the House. This amount is \$300,000,000 above the President's budget request to fund the expansion of the Homeowners Assistance Program (HAP) to provide mortgage relief to eligible personnel who sustain losses on the sale of their home due to relocation requirements during the current mortgage crisis, as well as wounded warriors and the spouses of fallen warriors. The program was permanently expanded in 2009 to cover wounded warriors who must relocate for medical reasons and spouses of fallen warriors, and was expanded through 2012 for all military and qualified civilian personnel who receive orders to move during the mortgage crisis and must sell their home at a loss. According to the Department of Defense, the funds provided in this Act, in addition to the \$555,000,000 provided for the initial expansion of the program in the American Recovery and Reinvestment Act of 2009, are sufficient to meet all currently projected funding requirements for the HAP expansion.

#### CHEMICAL DEMILITARIZATION CONSTRUCTION, DEFENSE-WIDE

The conference agreement appropriates \$151,541,000 for Chemical Demilitarization Construction, Defense-Wide as proposed by the Senate, instead of \$146,541,000 as proposed by the House.

#### DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 1990

The conference agreement appropriates \$496,768,000 for the Department of Defense Base Closure Account 1990, instead of \$536,768,000 as proposed by the House and \$421,768,000 as proposed by the Senate. The agreement includes an increase of \$100,000,000 above the budget request, of which \$40,000,000 is provided for the Army and \$60,000,000 is provided for the Navy.

The conferees direct the Army and Navy to submit an expenditure plan to the Committees on Appropriations of both Houses of Congress for the additional funds provided no later than 30 days following the enactment of this Act.

#### DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 2005

The conference agreement appropriates \$7,455,498,000 for the Department of Defense Base Closure Account 2005, instead of \$7,479,498,000 as proposed by both the House and Senate. The amount approved by the conferees fully funds the authorized level for fiscal year 2010. The reduction from the request is due to the realignment of funding for the hospital replacement at Fort Bliss, Texas to the Military Construction, Defense-Wide account. The conferees direct the Department to continue notifying the Committees on Appropriations of both Houses of Congress of any above-threshold cost or scope variation on projects, and cancellation of projects, or any transfer of funds among accounts and construction projects associated with the BRAC 2005 program.

*BRAC Transportation Improvements Study.*—The conferees direct the Secretary of Defense to provide \$450,000 from available funds within the 2005 Base Closure Account to enter into an arrangement with the National Academy of Sciences (NAS) to conduct a study on the funding of transportation improvements to accommodate installation growth associated with the BRAC 2005 program. The study shall:

(1) examine case studies of congestion caused on metropolitan road and transit facilities when BRAC requirements cause

shifts in personnel to occur faster than facilities can be improved through the usual State and local processes;

(2) review the criteria used by the Defense Access Roads (DAR) program for determining the eligibility of transportation projects and the appropriate Department of Defense share of public highway and transit improvements in BRAC cases;

(3) assess the adequacy of current Federal surface transportation and Department of Defense programs that fund highway and transit improvements in BRAC cases to mitigate transportation impacts in urban areas with preexisting traffic congestion and saturated roads;

(4) identify promising approaches for funding road and transit improvements and streamlining transportation project approvals in BRAC cases; and

(5) provide recommendations for modifications of current policy for the DAR and Office of Economic Adjustment programs, including funding strategies, road capacity assessments, eligibility criteria, and other government policies and programs the National Academy of Sciences may identify, to mitigate the impact of BRAC-related installation growth on preexisting urban congestion.

The NAS is directed to provide an interim report of its findings to the Secretary of Defense and the Committees on Appropriations of both Houses of Congress no later than May 14, 2010, with a final report to be provided no later than January 31, 2011.

#### ADMINISTRATIVE PROVISIONS

The conference agreement includes section 101 as proposed by both the House and the Senate limiting the use of funds under a cost-plus-a-fixed-fee contract.

The conference agreement includes section 102 as proposed by both the House and the Senate allowing the use of construction funds in this title for hire of passenger motor vehicles.

The conference agreement includes section 106 as proposed by both the House and the Senate prohibiting the use of funds, except funds appropriated in this title for that purpose, for family housing.

The conference agreement includes section 107 as proposed by both the House and the Senate limiting the use of minor construction funds to transfer or relocate activities.

The conference agreement includes section 108 as proposed by both the House and the Senate prohibiting the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

The conference agreement includes section 109 as proposed by both the House and the Senate prohibiting the use of construction or family housing funds to pay real property taxes in any foreign nation.

The conference agreement includes section 110 as proposed by the Senate prohibiting the use of funds to initiate a new installation overseas without prior notification. The

House bill contained similar language prohibiting the use of funds to initiate a new installation without a specific appropriation.

The conference agreement includes section 111 as proposed by both the House and the Senate establishing a preference for American architectural and engineering services for overseas projects.

The conference agreement includes section 112 as proposed by both the House and the Senate establishing a preference for American contractors in certain locations.

The conference agreement includes section 113 as proposed by both the House and the Senate requiring congressional notification of military exercises when construction costs exceed \$100,000.

The conference agreement includes section 114 as proposed by both the House and the Senate limiting obligations in the last two months of the fiscal year.

The conference agreement includes section 115 as proposed by both the House and the Senate allowing funds appropriated in prior years for new projects authorized during the current session of Congress.

The conference agreement includes section 116 as proposed by both the House and the Senate allowing the use of lapsed or expired funds to pay the cost of supervision for any project being completed with lapsed funds.

The conference agreement includes section 117 as proposed by both the House and the Senate allowing military construction funds to be available for five years.

The conference agreement includes section 118 as proposed by the Senate requiring an annual report on actions taken to encourage other nations to assume a greater share of the common defense burden, to include a classified report option, if necessary. The House bill contained no similar provision.

The conference agreement includes section 119 as proposed by both the House and the Senate allowing the transfer of proceeds between BRAC accounts.

The conference agreement includes section 120 as proposed by the House allowing the transfer of funds from Family Housing Construction accounts to the Family Housing Improvement Fund. The Senate bill contained a similar provision, but did not allow for notification by electronic medium.

The conference agreement includes section 121 as proposed by both the House and the Senate requiring congressional notification prior to issuing a solicitation for a contract with the private sector for family housing.

The conference agreement includes section 122 as proposed by both the House and the Senate allowing transfers to the Homeowners Assistance Fund.

The conference agreement includes a modified section 123 limiting the source of operation and maintenance funds for flag and general officer quarters and allowing for notification by electronic medium. Both the House bill and the Senate bill included a similar provision.

The conference agreement includes section 124 as proposed by both the House and the Senate extending the availability of funds in the Ford Island Improvement Account.

The conference agreement includes section 125 as proposed by both the House and the Senate placing limitations on the expenditure of funds for projects impacted by BRAC 2005.

The conference agreement includes section 126 as proposed by both the House and the Senate allowing the transfer of expired funds to the Foreign Currency Fluctuations, Construction, Defense account.

The conference agreement includes section 127 as proposed by the House prohibiting the use of funds for any action related to the expansion of Pinon Canyon Maneuver Site, Colorado. The Senate bill contained no similar provision.

The conference agreement includes section 128 as proposed by both the House and the Senate allowing for the reprogramming of construction funds among projects and activities subject to certain criteria.

The conference agreement includes section 129 reducing the following accounts in the bill by the specified amounts due to adjusted inflation and bid savings projections: Military Construction, Army, \$230,000,000; Military Construction, Navy and Marine Corps, \$235,000,000; and Military Construction, Air Force, \$64,091,000.

The conference agreement includes section 130 rescinding unobligated balances primarily due to bid savings from the following accounts in the specified amounts: Military Construction, Army, \$33,000,000; Military Construction, Navy and Marine Corps, \$51,468,000; Military Construction, Defense-Wide, \$93,268,000; Military Construction, Army National Guard, \$33,000,000; and Military Construction, Air National Guard, \$7,000,000.

The conference agreement does not include a provision as proposed by the Senate (Sec. 128) related to alternative designs for strategic nuclear weapons facilities. The House bill contained no similar provision. This issue is instead addressed under Items of General Interest.

The conference agreement does not include a provision as proposed by the Senate (Sec. 129) related to a report on cost and scope variations on military construction projects. The House bill contained no similar provision. This issue is instead addressed under Items of General Interest.

The conference agreement does not include a provision as proposed by the Senate (Sec. 130) related to a study of transportation improvements to accommodate installation growth associated with the BRAC 2005 program. The House bill contained no similar provision. This issue is instead addressed under Department of Defense Base Closure Account 2005.

The conference agreement does not include a provision as proposed by the Senate (Sec. 131) related to the construction of an Unmanned Aerial System Field Training Complex at Holloman AFB, New Mexico. The House bill contained no similar provision. This issue is instead addressed under Military Construction, Air Force.

The conference agreement does not include a provision as proposed by the Senate (Sec. 132) related to the construction of an Aegis Ashore Test Facility at the Pacific Missile Range Facility, Hawaii. The House bill proposed no similar provision. This issue is instead addressed under Military Construction, Defense-Wide.

#### TITLE II

#### DEPARTMENT OF VETERANS AFFAIRS

##### ITEMS OF GENERAL INTEREST

*Outreach at Colleges and Universities.*—The conferees are aware that with increasing numbers of veterans utilizing the new GI Bill benefits, veteran enrollment at institutions of higher education is growing. The conferees strongly encourage the Department to utilize all means at its disposal to ensure that effective outreach and services are offered at institutions of higher education for student veterans, particularly those combat veterans with neurological and psychological illnesses or injuries.

*Guide and Service Dog Program.*—The conferees are concerned with the lack of progress the Department has made to fully implement section 1714 of title 38 regarding the provision of guide dogs and service dogs to qualified veterans seeking such services. Additionally, the conferees direct the Department to immediately begin the process of assisting those veterans with mental illnesses, to include Post-Traumatic Stress

Disorder (PTSD), who would benefit from having a service dog and provide the authorization to do so in the bill. While the conferees understand that the Department is currently reviewing its policies and regulations in order to improve access to guide and service dogs, and advance its partnerships with accredited nonprofit organizations with expertise in the training of service dogs and education in the use of service dogs, the conferees want this process to accelerate. Therefore, the conference agreement provides an additional \$2,000,000 in Medical Services for the Guide and Service Dog Program and provides additional funds in Medical and Prosthetic Research for any necessary studies. Further, the conference agreement provides additional funds to the Office of Inspector General and directs the Office of Inspector General to review the Guide and Service Dog Program to include its current and pending policies and regulations and wait list and outreach procedures and report to the Committees on Appropriations of both Houses of Congress on its recommendations to improve this program by July 8, 2010. Additionally, the Department is encouraged to expand its partnership with accredited nonprofit service dog organizations where veterans with PTSD help to train service dogs.

VETERANS BENEFITS ADMINISTRATION  
COMPENSATION AND PENSIONS  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$47,396,106,000 for Compensation and Pensions. Of the amount provided, not more than \$29,283,000 is to be transferred to General Operating Expenses, Medical Support and Compliance, and Information Technology Systems for reimbursement of necessary expenses in implementing provisions of title 38.

READJUSTMENT BENEFITS

The conference agreement appropriates \$9,232,369,000 for Readjustment Benefits.

VETERANS INSURANCE AND INDEMNITIES

The conference agreement appropriates \$49,288,000 for Veterans Insurance and Indemnities as proposed by both the House and the Senate.

VETERANS HOUSING BENEFIT PROGRAM FUND

The conference agreement appropriates such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund as proposed by both the House and the Senate. The agreement limits obligations for direct loans to not more than \$500,000 and provides that \$165,082,000 shall be available for administrative expenses.

VOCATIONAL REHABILITATION LOANS PROGRAM  
ACCOUNT

The conference agreement appropriates \$29,000 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account as proposed by both the House and the Senate, plus \$328,000 to be transferred to and merged with General Operating Expenses. The agreement provides for a direct loan limitation of \$2,298,000 as proposed by both the House and the Senate.

NATIVE AMERICAN VETERAN HOUSING LOAN  
PROGRAM ACCOUNT

The conference agreement appropriates \$664,000 for administrative expenses of the Native American Veteran Housing Loan Program Account as proposed by both the House and the Senate.

GUARANTEED TRANSITIONAL HOUSING LOANS  
FOR HOMELESS VETERANS PROGRAM ACCOUNT

The conference agreement provides up to \$750,000 of the funds available in General Operating Expenses and Medical Support and Compliance to carry out the Guaranteed

Transitional Housing Loans for Homeless Veterans Program Account as proposed by both the House and the Senate.

VETERANS HEALTH ADMINISTRATION

*Advance Appropriations.*—The conference agreement includes an advance appropriation for the Medical Services, Medical Support and Compliance, and Medical Facilities accounts. The goal of this advance appropriation is to provide the Veterans Health Administration with reliable and timely funding for their current services so the delivery of medical care is not disrupted. However, the provision of an advance appropriation should be seen as only the first step in this process. The conferees direct the Department to include in future budget submissions the budget plan for the advance appropriation provided in the previous year's appropriation to include the amount of funds that will be allocated in accordance with the Veterans Equitable Resource Allocation, and expect funding provided by advance appropriation to be made available to the Veterans Integrated Service Networks on October 1, 2010. The conferees further direct the Department to include an advance appropriation request for current services for the Medical Services, Medical Support and Compliance, and Medical Facilities accounts in future budget submissions.

*Hyperbaric Oxygen Therapy.*—The conferees direct the Department to submit a report to the Committees on Appropriations of both Houses of Congress on the Veterans Health Administration's use of hyperbaric oxygen therapy by March 31, 2010. This report should include, but not be limited to, the number of veterans and types of conditions being treated using this therapy, outcome measurements, and number of facilities that provide this therapy.

*State Home Care.*—The conferees urge the Department to undertake a feasibility study to identify any potential impacts of permitting State Home Care facilities to provide services to non-veterans who have had a child die while serving in the Armed Forces, as long as such services are not denied to a qualified veteran seeking those services. The Department is directed to report back to the Committees on Appropriations of both Houses of Congress within 90 days after enactment of this Act on what steps, if any, have been taken to undertake the feasibility study and any findings, should the study be completed.

*Hiring Incentives for Rural and Highly Rural Areas.*—The conferees are aware that the Department currently provides recruitment and relocation incentive pay to attract high quality medical personnel. However, the conferees are concerned that the Department has not been aggressive enough in utilizing this program in underserved rural areas. Therefore, the Department is directed to provide an additional \$1,500,000 for incentive pay from Medical Services and \$1,500,000 for incentive pay from Medical Support and Compliance for recruitment and permanent relocation of high quality healthcare providers and administrators, respectively, to areas designated by the Veterans Health Administration as rural or highly rural areas. Further, the Department is directed to provide a report to the Committees on Appropriations of both Houses of Congress on the number of new employees receiving incentives with this funding and the structure of the program by March 31, 2010.

MEDICAL SERVICES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement appropriates \$34,707,500,000 for Medical Services, instead of \$34,705,500,000 as proposed by the House and \$34,705,250,000 as proposed by the Senate. Of

the amount provided, \$1,015,000,000 is available for obligation until September 30, 2011, as proposed by the House, instead of \$1,600,000,000 as proposed by the Senate. The agreement further appropriates an advance appropriation for fiscal year 2011 of \$37,136,000,000 as proposed by the House, instead of \$37,136,000,000 as proposed by the Senate in title V, to become available on October 1, 2010, and remain available until September 30, 2011.

The conference agreement includes an additional \$1,000,000 for the Education Debt Reduction Program to be used as a hiring incentive for mental health professionals, an additional \$2,000,000 for the Guide and Service Dog Program, and directs an additional \$4,000,000 for the Supportive Services For Low Income Veterans and Families, funding the full authorized level of \$20,000,000, and directs an additional \$6,000,000 for the Homeless Grant and Per Diem Program, funding the full authorized level of \$150,000,000, and provides sufficient funding to allow for additional personnel for the HUD-Veterans Affairs Supportive Housing Program to address any increase in the number of vouchers offered and directs the Department to increase the number of case workers as necessary to accommodate the increase in vouchers.

MEDICAL SUPPORT AND COMPLIANCE

The conference agreement appropriates \$4,930,000,000 for Medical Support and Compliance, instead of \$4,896,500,000 as proposed by the House and \$5,100,000,000 as proposed by the Senate. Of the amount provided, \$145,000,000 is available for obligation until September 30, 2011, as proposed by the House, instead of \$250,000,000 as proposed by the Senate. The agreement further appropriates an advance appropriation for fiscal year 2011 of \$5,307,000,000 as proposed by the House, instead of \$5,307,000,000 as proposed by the Senate in title V, to become available on October 1, 2010, and remain available until September 30, 2011.

MEDICAL FACILITIES

The conference agreement appropriates \$4,859,000,000 for Medical Facilities, instead of \$4,893,000,000 as proposed by the House and \$4,849,883,000 as proposed by the Senate. Of the amount provided, \$145,000,000 is available until September 30, 2011, as proposed by the House, instead of \$250,000,000 as proposed by the Senate. The agreement further appropriates an advance appropriation for fiscal year 2011 of \$5,740,000,000 as proposed by the House, instead of \$5,740,000,000 as proposed by the Senate in title V, to become available on October 1, 2010, and remain available until September 30, 2011.

In addition, the conference agreement specifies that \$130,000,000 for non-recurring maintenance shall be allocated in a manner not subject to the Veterans Equitable Resource Allocation model, instead of \$200,000,000 as proposed by the House and \$100,000,000 as proposed by the Senate. The conference agreement includes an additional \$5,000,000 to hire extra contracting staff.

*Community Based Outpatient Clinics.*—The conference agreement includes an additional \$30,000,000 for the Department to open new community based outpatient clinics (CBOC) in rural areas. The conferees understand that the Department funds new outpatient clinics through the Medical Services account as well as the Medical Facilities account and reminds the Department that they may reprogram funds between these accounts for this initiative. The conferees direct the Department to provide to the Committees on Appropriations of both Houses of Congress a detailed expenditure plan for this funding no later than March 1, 2010. Moreover, the plan

should also include a list of all current clinics, regardless of size or contractual arrangements, which provide healthcare services in an outpatient setting.

The conferees direct the Department to provide the Committees on Appropriations of both Houses of Congress with a report by February 16, 2010, on the feasibility of and/or plans for clinics in the following locations: Chattanooga, Tennessee; Idabel, Oklahoma; and Hinesville, Georgia.

**MEDICAL AND PROSTHETIC RESEARCH**

The conference agreement appropriates \$581,000,000 for Medical and Prosthetic Research, instead of \$580,000,000 as proposed by both the House and the Senate.

*Gulf War Illness Research.*—The conferees are concerned that the Department has not placed sufficient emphasis on finding a cause or cure for Gulf War Veterans' illnesses, which affect thousands of veterans every day. Veterans from the First Gulf War and now the current conflict are experiencing illness that cannot be explained and rates of other more known illnesses at higher than the national average. The conferees have repeatedly encouraged the Department to do more research in this area and have consistently provided the funds to do so. However, the Department has not shown a consistent level of commitment for this vital research. In order to better track the expenditures for this research, the Department is directed to include Gulf War Veterans' illnesses as a designated research area in the fiscal year 2011 budget request.

**NATIONAL CEMETERY ADMINISTRATION**

The conference agreement appropriates \$250,000,000 for the National Cemetery Administration as proposed by both the House and the Senate. Of the amount provided, \$24,200,000 is available until September 30, 2011, as proposed by both the House and the Senate.

The conference agreement includes an additional \$8,000,000 for the National Shrine Commitment Program and to correct gravesite deficiencies to include gravesite renovation projects to replace turf, repair sunken graves, and raise, realign and clean headstones.

The conferees direct the Department to report by January 29, 2010, on plans to expand the Chattanooga National Cemetery. Additionally, the conferees direct the Department to conduct a study to determine the need and feasibility of establishing a National Veterans Cemetery in the eastern portion of South Dakota. The conferees are also aware that there is no active National Veterans Cemetery in North Dakota, Montana, Idaho, Wyoming, or eastern Washington, which encompasses approximately 500,000 square miles. Therefore, the conferees direct the Department to evaluate the feasibility of establishing a national veterans cemetery in this area, with consideration of the Yellowstone County Veterans Cemetery in Yellowstone County, Montana.

**DEPARTMENTAL ADMINISTRATION**

**GENERAL OPERATING EXPENSES**

The conference agreement appropriates \$2,086,707,000 for General Operating Expenses, instead of \$2,086,200,000 as proposed by the House and \$2,081,501,000 as proposed by the Senate. The agreement provides not less than \$1,689,207,000 as proposed by the Senate for the Veterans Benefits Administration, instead of \$1,690,200,000 as proposed by the House. Of the amount provided, \$111,000,000 is available for obligation until September 30, 2011, as proposed by both the House and the Senate.

The conferees do not concur with the budget proposal to shift the cost of disability compensation exams from the mandatory

Compensation and Pensions account to the discretionary General Operating Expenses account. The funding reduction in this account reflects this decision. Funding to continue the disability compensation exam pilot program is provided in the Compensation and Pensions account. The Department is directed to provide \$10,500,000 for the Paralympic Program.

**INFORMATION TECHNOLOGY SYSTEMS**

The conference agreement appropriates \$3,307,000,000 for Information Technology (IT) Systems as proposed by both the House and the Senate.

The conference agreement directs the Department to submit an expenditure plan to the Committees on Appropriations of both Houses of Congress within 30 days of enactment as proposed by the House, instead of 60 days of enactment as proposed by the Senate.

*Reporting Requirements.*—The conferees are aware that the Assistant Secretary for Information Technology conducted a comprehensive review of all information technology projects under development, resulting in some projects being halted completely and others paused to improve internal governance structures. The conferees understand how such a comprehensive review could alter the fiscal year 2010 request for projects and programs that are to receive the proposed funding. Therefore, the conferees have included bill language that restricts the obligation of \$800,485,000 in IT development funds until the Secretary or the Chief Information Officer submits a certification letter to the Committees on Appropriations of both Houses of Congress identifying which project/program is to receive funding in fiscal year 2010 and in what amount. These certifications may be submitted incrementally and are to serve as the base reprogramming amounts for development programs. In addition, the conferees direct the Department to submit the total life cycle development costs of projects and programs receiving development funds in fiscal year 2010, and to include these estimated costs in future budget submissions.

The conferees further direct the Assistant Secretary for Information Technology to report quarterly to the Committees on Appropriations of both Houses of Congress on the status of the Program Management Accountability System.

*Telehealth.*—The conferees direct the Department to conduct a study to identify improvements to the Department's infrastructure that are required in order to provide healthcare services to veterans using telehealth platforms.

**OFFICE OF INSPECTOR GENERAL**

The conference agreement appropriates \$109,000,000 for the Office of Inspector General as proposed by the Senate, instead of \$106,000,000 as proposed by the House. Of the amount provided, \$6,000,000 is available for obligation until September 30, 2011, as proposed by both the House and the Senate.

The conference agreement includes an additional \$1,000,000 for increased oversight of the Veterans Benefits Administration regional offices and an additional \$1,000,000 for the reports directed by this statement.

*Combat Stress and Women Veterans.*—The conferees direct the Office of Inspector General to conduct a study to assess the capacity of the Department to address combat stress in women veterans. At a minimum, the study should include: whether women veterans are properly evaluated by the Department for Post-Traumatic Stress Disorder, military sexual trauma, and traumatic brain injury; whether the Department is properly adjudicating combat stress as a service-connected disability; whether the

Veterans Benefits Administration (VBA) has developed and disseminated materials and policies to claims adjudicators that address claims involving military sexual trauma; and the feasibility of requiring training and testing of VBA claims adjudicators on military sexual trauma. The conferees direct the Office of Inspector General to provide the Secretary and the Committees on Appropriations of both Houses of Congress a plan for conducting this study, and any interim findings, within 180 days and a final report no later than one year after enactment of this Act.

**CONSTRUCTION, MAJOR PROJECTS**

The conference agreement appropriates \$1,194,000,000 for Construction, Major Projects as proposed by both the House and the Senate.

The conferees concur with the direction in House Report 111-188 directing the Department to report obligations for each project on a quarterly basis, with the first report to the Committees on Appropriations of both Houses of Congress to be submitted no later than January 15, 2010, to reflect obligations incurred through December 31, 2009. The conferees also agree with direction in Senate Report 111-40 regarding a 5-year capital plan for major construction projects, and direct that this plan include the total cost of each project and an obligation plan by fiscal year.

**CONSTRUCTION, MINOR PROJECTS**

The conference agreement appropriates \$703,000,000 for Construction, Minor Projects, instead of \$722,800,000 as proposed by the House and \$735,000,000 as proposed by the Senate.

The conferees direct the Department to provide an expenditure plan within 30 days of enactment as proposed by the House, instead of November 10, 2009, as proposed by the Senate.

The conference agreement includes an additional \$50,000,000 for the renovation of unused buildings on Department of Veterans Affairs campuses for the purpose of providing housing with supportive services for homeless veterans. This funding will allow the Department to make the renovations and pursue public/private partnerships for operation.

The conferees direct the Department to provide an expenditure plan for this funding to the Committees on Appropriations of both Houses of Congress by April 9, 2010.

GRANTS FOR CONSTRUCTION OF STATE  
EXTENDED CARE FACILITIES

The conference agreement appropriates \$100,000,000 for Grants for Construction of State Extended Care Facilities, instead of \$85,000,000 as proposed by the House and \$115,000,000 as proposed by the Senate.

GRANTS FOR CONSTRUCTION OF STATE  
VETERANS CEMETERIES

The conference agreement appropriates \$46,000,000 for Grants for Construction of State Veterans Cemeteries, as proposed by both the House and the Senate.

ADMINISTRATIVE PROVISIONS  
(INCLUDING TRANSFERS OF FUNDS)

The conference agreement includes section 201 as proposed by both the House and the Senate allowing for transfers among various mandatory accounts.

The conference agreement includes section 202 as proposed by the House, instead of section 202 as proposed by the Senate allowing for the transfer of funds among the three medical accounts.

The conference agreement includes section 203 as proposed by both the House and the Senate allowing for the use of salaries and expenses funds to be used for other authorized purposes.

The conference agreement includes section 204 as proposed by both the House and the Senate restricting the use of funds for the acquisition of land.

The conference agreement includes section 205 as proposed by both the House and the Senate limiting the use of funds in the Medical Services account to only entitled beneficiaries unless reimbursement is made to the Department.

The conference agreement includes section 206 as proposed by both the House and the Senate allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The conference agreement includes section 207 as proposed by both the House and the Senate allowing for the use of appropriations available in this title to pay prior year obligations.

The conference agreement includes section 208 as proposed by both the House and the Senate allowing funds for the administration of the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund.

This issue is addressed under the Department of Veterans Affairs in this explanatory statement. The Senate bill contained no similar provision.

#### DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the conference report or the accompanying explanatory statement of managers, along with the name of each Senator, House Member, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. Neither the conference report nor the explanatory statement of managers contains any limited tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the rules of the House of Representatives, none of the congressional earmarks listed below were committed to the conference committee on H.R. 3288. However, all the following items were either (1) included in the Military Construction and Veterans Affairs and Related Agencies Appropriations Act, 2010 (H.R. 3082) as passed by the House or the Senate, or (2) in the report of the committee of either House on H.R. 3082.

DIVISION F

DEPARTMENT OF STATE, FOREIGN OPERATIONS, AND RELATED PROGRAMS APPROPRIATIONS ACT, 2010

In implementing this conference agreement, the departments and agencies should be guided by the language and instructions set forth in House Report 111-187 (hereby referred to as "the House Report") accompanying the bill H.R. 3081 and Senate Report 111-44 (hereby referred to as "the Senate Report") accompanying the bill S. 1434. In cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and the agreed upon amounts are detailed in this joint statement. In addition, in cases in which the House or Senate directed the submission of a report, the joint statement directs submission of those reports in which the conferees concur. Finally, the conferees agree that, unless otherwise specifically addressed in this joint statement, direction related to notification, prior consultation, and/or guidance with respect to organizations or other entities contained in either the House or Senate Reports should be adhered to by the relevant departments and agencies.

TITLE I

DEPARTMENT OF STATE AND RELATED AGENCY

DEPARTMENT OF STATE

ADMINISTRATION OF FOREIGN AFFAIRS

DIPLOMATIC AND CONSULAR PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$8,227,000,000 for Diplomatic and Consular Programs (D&CP), which is \$2,300,000 below the House and the same as the Senate. Within the total, \$6,640,786,000 is for ongoing operations, including public diplomacy activities, and \$1,586,214,000 is for Worldwide Security Protection. The Department of State may reprogram funds between functions as required, subject to the regular notification procedures of the Committees on Appropriations. Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

\*Funding in italics denotes a non-add and is not in addition to the subcategory total.

In addition, the conference agreement includes authority to collect \$8,158,305 from certain authorized fees and payments. The Department of State also projects that authorized fee revenues for the Border Security Program of the Department of State will total \$1,657,515,000 in fiscal year 2010.

The conference agreement includes authority for the Secretary of State to transfer up to \$10,000,000 of the funds available under this heading to funds available under the Emergencies in the Diplomatic and Consular Service heading for emergency evacuations and rewards payments, as authorized, as proposed by the House and Senate.

The conference agreement includes a requirement that the Secretary of State submit to the Committees on Appropriations a report detailing planned expenditures for funds appropriated under this heading, not later than 45 days after enactment of this Act, which was not in the House or Senate bills. The conferees expect the report to include accompanying tables that compare the planned fiscal year 2010 spending levels to the actual expenditures for the prior fiscal year and that these tables be updated and submitted when any reprogramming notification is submitted.

Worldwide Security Protection

The conference agreement provides \$1,586,214,000 for Worldwide Security Protection, which is \$8,787,000 above the House and \$8,786,000 below the Senate. The conferees note that \$13,375,000 requested for fiscal year 2010 was included in the Supplemental Appropriations Act, 2009 (Public Law 111-32), bringing the total available for Worldwide Security Protection in fiscal year 2010 to \$1,599,589,000. Within the amount provided, \$221,926,000, and a projected 200 security positions, are to strengthen the Department's capacity to respond to the growing security challenges at posts around the world, including the requested positions for the second year of the Visa and Passport Security Plan.

Enhancing Diplomatic Capacity and Readiness

*Human Resources Initiative (HRI).*—The conference agreement does not include a provision specifying an amount for the HRI, as proposed by the Senate. Instead, the amount for the HRI is included in the table above.

The conference agreement includes \$344,190,000 and a projected 745 positions to enhance the diplomatic capacity and readiness of the Department of State. Within the total, \$118,279,000, and 565 new positions, is

for phase II of the HRI, as proposed by the House and Senate. These additional funds provided in fiscal year 2010 will continue the expansion of the Department's training capacity, increase representation on inter-agency and Defense staffs, and augment the overseas diplomatic presence at strategic posts worldwide. The balance, \$225,911,000 and a projected 180 positions, is to meet workload demands and resource requirements at posts in Africa, East Asia and the Pacific, Europe and Eurasia, the Near East, South Central Asia, and the Western Hemisphere, as well as to begin to address the vacancy rate in domestic Foreign and Civil Service positions. The conferees agree that the Secretary of State should give priority to overseas assignments in allocating these positions.

*Locally Employed Staff (LES).*—The conference agreement does not include a provision regarding LES, as proposed by the Senate. However, the conferees recognize and appreciate the invaluable contributions of LES to overseas operations and programs, and note that they often serve without adequate salary increases and/or at less-than-prevailing wages and compensation packages.

The conferees recommend \$695,000,000 for salary and compensation (including awards and special benefits) for LES, and endorse the directive in the Senate bill regarding the review/database, guidelines, and the definition of LES in section 7069(b), (c), and (d), respectively, except that the Department of State shall consult with the Committees on Appropriations on the appropriate length of periodic reviews of salary and compensation guidelines.

*Personnel Strategy.*—The conference agreement requires the Secretary of State to submit to the Committees on Appropriations a strategy for projected personnel requirements for the Department of State over the next three fiscal years, similar to that proposed by the Senate. This strategy should describe the resources required for hiring, training, and deploying new personnel to domestic and overseas positions, including resources necessary for office and housing facilities. Concurrent with the submission of this strategy, the Secretary of State is directed to submit a report describing the hiring, training, and deploying of new staff since fiscal year 2008, including resources expended for such purposes to date, and to update this report on a semi-annual basis.

Funding Issues

*Afghanistan Operations.*—The conference agreement provides \$485,595,000 for diplomatic operations in Afghanistan for fiscal year 2010, which is the same as the request, after including funds requested for fiscal year 2010 that were appropriated in the Supplemental Appropriations Act, 2009 (Public Law 111-32). The conferees understand that operational requirements in Afghanistan may change, and direct that any such change be subject to the regular notification procedures of the Committees on Appropriations, including changes to the civilian staffing surge that are above the previously justified levels.

The conferees direct the Secretary of State to submit to the Committees on Appropriations not later than 45 days after enactment of this Act and every 60 days thereafter through September 30, 2010, a report detailing all United States Government personnel serving in Afghanistan, including on a temporary duty basis. This report may be submitted in classified form, if necessary, and may be consolidated with the reporting requirement on civilian staffing levels in Pakistan.

The conference agreement does not include a prohibition on the use of funds in the Act

to acquire property in Kabul, Afghanistan, as proposed by the Senate. Instead, section 7004(c) of this Act requires the Secretary of State to consult with the Committees on Appropriations prior to any final decision to acquire property for diplomatic facilities in Kabul.

The conferees note that \$25,000,000 was included for the Department of State's Afghanistan airwing in the Supplemental Appropriations Act, 2009 (Public Law 111-32). The balance of the funds requested for fiscal year 2010, \$35,000,000, is included in this conference agreement.

*Cultural Heritage.*—The conference agreement provides \$5,750,000 for the Ambassador's Fund for Cultural Preservation, of which \$1,000,000 is to support at least two large projects of historic cultural significance, as proposed in the Senate Report. The conferees are aware that the Department of State may use funds made available under the Economic Support Fund (ESF) heading in title III to support additional cultural preservation projects. The conferees intend that all funds made available from this Act for cultural preservation projects be subject to the Committee's regular notification procedures and that the projects should be selected utilizing the technical expertise of the Department's Cultural Heritage Center, including the technical review and competitive process established by the Center.

*Iraq Operations.*—The conference agreement provides \$1,121,641,000 for Department of State Operations in Iraq. This is in addition to \$336,000,000 appropriated under this heading in the Supplemental Appropriations Act, 2009 (Public Law 111-32) for fiscal year 2010, bringing the total available for such purposes in fiscal year 2010 to \$1,457,641,000.

The conferees direct the Department of State to use funds provided for operations in Iraq to address the requirements identified by the Office of Inspector General in Report Number MERO-A-09-10 that arise from the anticipated military drawdown, including enhanced security around Embassy Baghdad's compound, convoy security for fuel, food, and other supplies, commercial air travel as an alternative to military transport, and contracting issues regarding the replacement of United States Army Corps of Engineers' support services.

The conferees continue to encourage the Chief of Mission in Iraq to conduct periodic rightsizing reviews to ensure appropriate civilian staffing levels before, during, and after the anticipated United States military drawdown.

*Intelligence and Research.*—The conferees endorse Senate Report language regarding the Department of State's Bureau of Intelligence and Research, including \$1,000,000 above the request to support six additional analysts for priority countries.

*Joint Action Plan.*—The conference agreement includes sufficient funds for the Secretary of State to allocate the resources and experienced personnel necessary to staff and implement the United States-Brazil Joint Action Plan to Eliminate Racial and Ethnic Discrimination and Promote Equality (JAPER), as proposed by the House.

*Leahy Vetting.*—The conference agreement does not include a Senate provision to transfer funds appropriated under the Foreign Military Financing Program (FMF) heading to the D&CP heading for the Department of State's Bureau of Democracy, Human Rights and Labor to support monitoring of the uses of FMF assistance. However, the conferees direct that not less than \$2,000,000 from funds made available under this heading be used for such purpose, and that the Secretary of State consult with the Committees on Appropriations prior to the obligation of these funds.

*Pakistan Operations.*—The conference agreement provides \$45,837,000 for diplomatic operations in Pakistan for fiscal year 2010, which is the same as the request. The conferees understand that operational requirements in Pakistan may change and direct that any such change be subject to the regular notification procedures of the Committees on Appropriations, including changes to the civilian staffing surge that are above the previously justified levels.

The conferees direct the Secretary of State to submit to the Committees on Appropriations not later than 45 days after enactment of this Act and every 60 days thereafter through September 30, 2010, a report detailing all United States Government personnel serving in Pakistan, including on a temporary duty basis. This report may be submitted in classified form, if necessary, and may be consolidated with the reporting requirement on civilian staffing levels in Afghanistan.

#### *Other Issues, Directives and Reporting Requirements*

*American Corners.*—The conferees support the mission of American Corners and Centers in making information about the United States readily available to the public in foreign countries through open and accessible places of learning. The conferees support relocating such Centers outside of New Embassy Compounds wherever feasible, consistent with appropriate security considerations. The conferees support the timely relocation of the American Center in Rangoon, Burma.

The conferees direct the Deputy Secretary for Management, in consultation with the Under Secretary for Public Diplomacy and Public Affairs, the Director of the Office of Overseas Building Operations and the Assistant Secretary, Bureau of Diplomatic Security, to submit a report to the Committees on Appropriations, not later than 90 days after enactment of this Act, identifying possible Centers for relocation. The report should include security parameters, cost estimates, and proposed funding resources for such relocations.

The conferees endorse the Senate Report requirement for an assessment of the security implications and public diplomacy gains of establishing United States public diplomacy facilities in locations that maximize their use, except that the assessment may be submitted in classified form, if necessary.

*International Child Abductions.*—The conferees are concerned with custody cases involving American children in Jordan, Japan, Brazil, Lebanon, Syria, and other countries, and expect the governments of such countries to expeditiously enforce court orders related to such cases. The conference agreement does not include a provision proposed by the House related to international child abductions. Instead, the conferees direct the Secretary of State to provide periodic updates to the appropriate congressional committees on international child abductions, including information regarding international parental child abductions that are reported to the Office of Children's Issues. The conferees expect the Department of State to maintain an electronic database in order to track international child abduction cases and facilitate the provision of timely information to interested members of the House and Senate, to the extent that the parent or guardian provides written authorization to do so.

*Overseas Schools.*—The conferees commend the consolidated Overseas Schools Assistance Program for its work in improving educational standards for the children of American families living abroad, and the contributions of the Overseas Schools Advisory

Council and its Program of Educational Assistance that helps bring quality educational services to American overseas schools.

*Report on Procurement and Acquisition.*—On January 9, 2008, the Assistant Secretary for Legislative Affairs notified the Committees on Appropriations of the Department of State's intent to fund the acquisition function of the Department on a "fee-for-service" basis through a one percent assessment on the appropriations accounts funding the acquisition. The conferees understand that the rationale for this change was to improve both the responsiveness and accountability of the acquisition/procurement process at the Department. The conferees direct the Undersecretary for Management to submit a report to the Committees on Appropriations, not later than 90 days after enactment of this Act, which details the manner in which the "fee-for-service" plan was and is being used to improve the responsiveness and oversight of the Department's procurement and acquisition processes. The conferees expect the report to include the number of direct-hire and contract personnel added in fiscal years 2008 and 2009, and the benefit of these personnel and funds in providing increased technical assistance and oversight to these activities.

*Report on Agreements for Transfer and Release of Detainees.*—The conferees direct the Secretary of State to report in writing to the Committees on Appropriations when any agreement is concluded with any country that will receive, by transfer or release, any individual detained at Naval Station, Guantanamo Bay, Cuba. This requirement includes agreements with states with a compact of free association with the United States. The report shall be submitted not later than five days after the conclusion of such agreement.

*Secure Passports.*—The conferees endorse House Report language on secure United States passports, and believe that the passport should provide the highest levels of resistance to counterfeiting, alteration and image substitution. The conferees further expect the Department of State to undertake a review of the current security materials used on the passport, particularly the data page, in order to strengthen its security.

#### CIVILIAN STABILIZATION INITIATIVE

The conference agreement provides \$120,000,000 under this heading for the Civilian Stabilization Initiative (CSI), which is \$5,000,000 below the House and \$30,000,000 below the Senate. In addition, \$30,000,000 is provided under title II for the United States Agency for International Development (USAID) for the CSI, as proposed by the House, for a total of \$150,000,000 to stand-up, equip and deploy a coordinated civilian response capacity.

The conference agreement includes a provision, similar to that proposed by the Senate, withholding \$10,000,000 from obligation until the Secretary of State reports to the Committees on Appropriations that the Department of State has signed a memorandum of understanding with the Department of Defense relating to the provision of airlift for deployment of Civilian Response Corps (CRC) Standby and Active personnel and equipment.

The conference agreement does not include bill language limiting to \$5,000,000 the amount made available for procurement of armored vehicles, as proposed by the Senate. However, the conferees agree with this limitation and direct that not more than \$5,000,000 of the funds made available under this heading be used for such purpose.

The conference agreement does not include a provision prohibiting the use of funds to establish a Reserve component of the CRC.

However, the conferees direct that no funds be made available for this purpose. The conference agreement requires the submission of a joint spending plan, coordinated with USAID, for funds made available under this heading and the CSI heading in title II not later than 45 days after enactment of this Act, as proposed by the House and Senate. The conferees also endorse House Report language requiring notification to the Committees on Appropriations within 15 days of any deployment of a CRC Active and/or Standby unit, to include the destination, size, composition, and expected duration of deployment of such unit.

Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

**TITLE I, CIVILIAN STABILIZATION INITIATIVE**  
(Budget authority in thousands of dollars)

Activity	Budget authority
Salaries, benefits and other personnel costs for Active CRC	21,000
Training for Active and Standby CRC	15,220
Reserve CRC	0
Equipment Acquisition	25,000
Deployments	29,660
Deployment Center	0
CRC Operations Support	8,020
S/CRC Policy and Planning	21,100
Subtotal, CSI—Department of State	120,000
Budget Authority—Title II, CSI—USAID	[30,000]

**CAPITAL INVESTMENT FUND**

The conference agreement provides \$139,000,000 for the Capital Investment Fund, which is \$4,300,000 above the House and \$21,000,000 below the Senate.

**OFFICE OF INSPECTOR GENERAL**

The conference agreement provides \$100,000,000 for the Office of Inspector General (OIG), which is \$8,000,000 below the House and the same as the Senate, of which \$23,000,000 is for the Special Inspector General for Iraq Reconstruction (SIGIR), and \$23,000,000 is for the Special Inspector General for Afghanistan Reconstruction (SIGAR) for reconstruction oversight, as proposed by the Senate.

In addition to the amount made available under this heading, \$2,000,000 is transferred to this account from funds made available under the ESF heading to augment funds made available to the OIG for oversight of assistance activities in Pakistan, which brings the total available in this Act for the OIG to \$56,000,000.

Within the total amount made available to the OIG in fiscal year 2010, the conferees understand that the current program plan includes \$20,100,000 for the OIG's oversight of programs and investigations of fraud, waste, and abuse in the Middle East and South Asia, including Afghanistan, Iraq, and Pakistan, and to establish an OIG satellite office in Islamabad and support the regional office in Amman and the existing satellite offices in Baghdad, Cairo, and Kabul. The conferees further understand that future events may require the modification of this plan and that such modifications are subject to the regular notification procedures of the Committees on Appropriations.

The Inspectors General of the Department of State, USAID, SIGIR, and SIGAR each have independent oversight and investigative responsibilities in Iraq and Afghanistan. The Inspectors General should, to the maximum extent practicable, coordinate, and de-conflict all activities related to oversight and investigation of assistance programs for the reconstruction of Iraq and Afghanistan to ensure that resources are used effectively and are not unnecessarily duplicative. The Inspectors General of the Department of State and USAID are directed to consult

with the Committees on Appropriations on the joint oversight plan in Afghanistan.

The conferees understand that SIGIR will use a portion of the funds made available in fiscal years 2009 and 2010 to make short-term appointments of experienced, career prosecutors and detail them to the Criminal Division of the Department of Justice, where they will work on cases that fall within SIGIR's jurisdiction. The conferees strongly support efforts by SIGIR and the Department of Justice to investigate and prosecute cases of fraud and criminal activity associated with assistance programs in Iraq.

The conferees do not intend for the SIGAR to utilize funds made available under this heading in this or prior Acts to conduct training or other development programs for Afghan ministries.

**EDUCATIONAL AND CULTURAL EXCHANGE PROGRAMS**

The conference agreement provides \$635,000,000 for Educational and Cultural Exchange Programs (ECE), which is \$35,000,000 above the House and \$243,000 below the Senate. Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

\* Funding in italics denotes a non-add and is not in addition to the sub-category total.

The conferees endorse House Report language concerning the continuation of funding for certain exchange programs detailed under this heading in paragraphs four and five of the House Report. The conferees also endorse House Report language regarding the allocation of at least \$3,000,000 from the increase provided for fiscal year 2010 to expand exchange programs and activities in the visual arts, performing arts, film, arts education, arts management, and cultural studies. The conferees intend that the funds for expanding arts programs and activities be awarded on a competitive and transparent basis in accordance with all applicable rules and regulations.

The conferees direct that a proposal for the programmatic and geographic distribution of available resources (including unobligated balances and recoveries) be submitted through the normal reprogramming process not later than 60 days after enactment of this Act.

The conference agreement provides \$8,000,000 for the One-Time Competitive Grants Program. The conferees endorse the Senate Report directive for the Secretary of State to submit a report on these exchanges not later than September 1, 2010. The conferees also endorse language in the House and Senate Reports regarding this competitively awarded grants program.

The conferees are concerned with the insufficient resources and lack of adequate oversight for youth programs as addressed in OIG Report Number ISP-I-10-16. The conferees direct the Department of State's Bureau of Educational and Cultural Affairs to implement the recommendations contained in the report and to consult with the Committees on Appropriations on the restructuring of the youth exchanges oversight processes to effectively conduct and monitor such exchanges.

**REPRESENTATION ALLOWANCES**

The conference agreement provides \$8,175,000 for Representation Allowances, which is the same as the House and Senate.

The conferees direct the Secretary of State to submit, on a semi-annual basis, reports to the Committees on Appropriations on the allotment and expenditure of representation allowances. The House Report directed such report to be submitted on a quarterly basis.

**PROTECTION OF FOREIGN MISSIONS AND OFFICIALS**

The conference agreement provides \$28,000,000 for Protection of Foreign Missions and Officials, which is \$500,000 below the House and \$841,000 above the Senate, of which \$25,600,000 is for the Extraordinary Protection of Foreign Missions and Officials in New York program and \$2,400,000 is for the Extraordinary Protection of Foreign Missions and Officials Elsewhere in the United States program.

The conferees endorse the reporting requirement included under this heading in the House Report on the amount of claims submitted and the level of unobligated funds remaining to pay such claims, which shall be submitted not later than 60 days after enactment of this Act, and every six months thereafter through September 30, 2010.

**EMBASSY SECURITY, CONSTRUCTION, AND MAINTENANCE**

The conference agreement provides \$1,724,150,000 for Embassy Security, Construction, and Maintenance, which is the same as the House and Senate, of which \$847,300,000 is for priority worldwide security upgrades, acquisition, and construction and \$876,850,000 is for other operations, maintenance and construction.

The conference agreement includes a provision, similar to that proposed by the Senate, requiring the Secretary of State to submit to the Committees on Appropriations a spending plan for the proposed allocation of funds made available under this heading, and the actual and anticipated proceeds of sales for all projects in fiscal year 2010. The conferees also endorse language in the House Report requiring that the spending plan include a list of all properties disposed of, or in the process of disposal, along with the associated actual or anticipated proceeds of sale.

The conferees endorse language and funding directives in the Senate Report regarding soft targets.

EMERGENCIES IN THE DIPLOMATIC AND CONSULAR SERVICE

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$10,000,000 for Emergencies in the Diplomatic and Consular Service, which is the same as the House and Senate.

BUYING POWER MAINTENANCE ACCOUNT

The conference agreement provides \$8,500,000 for the Buying Power Maintenance Account to manage exchange rate losses in the cost of Department of State operations overseas, which is \$1,000,000 above the House and \$1,500,000 below the Senate.

REPATRIATION LOANS PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$1,450,000 for the Repatriation Loans Program Account, which is the same as the House and Senate, of which \$739,000 is for the Direct Loans Subsidy and \$711,000 is for Administrative Expenses.

PAYMENT TO THE AMERICAN INSTITUTE IN TAIWAN

The conference agreement provides \$21,174,000 for Payment to the American Institute in Taiwan, which is the same as the House and Senate.

PAYMENT TO THE FOREIGN SERVICE RETIREMENT AND DISABILITY FUND

The conference agreement provides \$158,900,000 for Payment to the Foreign Service Retirement and Disability Fund, which is the same as the House and Senate.

INTERNATIONAL ORGANIZATIONS

CONTRIBUTIONS TO INTERNATIONAL ORGANIZATIONS

The conference agreement provides \$1,682,500,000 for Contributions to International Organizations, which is \$14,500,000 below the House and Senate.

The conference agreement includes a provision requiring the Secretary of State to notify the Committees on Appropriations 15 days prior to any non-offset increase in the United Nations (UN) budget, as proposed by the House.

The conference agreement does not include a Senate provision directing the Secretary of State to prioritize synchronization payments to international organizations that are important to the security interests of the United States. However, the conferees endorse language in the House Report requiring a report on the status of United States deferred payments to international organizations. The conferees also endorse language in the Senate Report concerning the Organization of American States.

The conference agreement includes a provision that any payment of arrearages under this heading shall be directed toward activities that are mutually agreed upon between the United States and the respective international organization, as proposed by the Senate and similar to that proposed by the House.

The conferees expect the Department of State to submit a report on the voting practices of UN member states and provide a new report to the Committees on Appropriations on resolutions adopted in the UN Human Rights Council, as outlined in section 7052 of this Act.

CONTRIBUTIONS FOR INTERNATIONAL PEACEKEEPING ACTIVITIES

The conference agreement provides \$2,125,000,000 for Contributions for International Peacekeeping Activities, which is the same as the House and Senate.

The conference agreement includes a provision extending availability of 15 percent of funding until September 30, 2011, as proposed by the House and similar to that proposed by the Senate. The conferees include language similar to the Omnibus Appropriations Act, 2009 (Public Law 111-8) providing that the Committees on Appropriations be notified of the estimated cost and length of peacekeeping missions and that the UN should take appropriate measures to hold accountable employees, contractor personnel, or peacekeeping forces who engage in certain wrongful or illegal acts, including prosecution in their home country.

The conferees support the UN Office of Internal Oversight Services (OIOS) to identify waste, fraud and abuse, including sexual abuse in peacekeeping operations, and to recommend corrective action and reform. The conferees direct the Department of State to work to ensure that the OIOS has sufficient resources to carry out its mandate, including through the presence of resident auditors, and to request an annual performance report by the OIOS detailing its budget and activities.

INTERNATIONAL COMMISSIONS

The conference agreement provides funding to fully meet United States treaty obligations to International Commissions in fiscal year 2010.

INTERNATIONAL BOUNDARY AND WATER COMMISSION, UNITED STATES AND MEXICO

SALARIES AND EXPENSES

The conference agreement provides \$33,000,000 for the Salaries and Expenses account of the International Boundary and Water Commission, United States and Mexico (IBWC), which is the same as the House and Senate.

CONSTRUCTION

The conference agreement provides \$43,250,000 for Construction, which is the same as the House and Senate. Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

BROADCASTING BOARD OF GOVERNORS

INTERNATIONAL BROADCASTING OPERATIONS

The conference agreement provides \$733,788,000 for the International Broadcasting Operations (IBO) activities of the Broadcasting Board of Governors (BBG), which is the same as the House and \$15,960,000 above the Senate. The conference agreement includes increased funding to support transmission and Internet enhancements to reach audiences in Iran, Pakistan, and Afghanistan; the BBG Foreign Service Officer comparability pay costs; and a transfer to the Broadcasting Capital Improvements account to fully support critical capital maintenance and equipment.

Funds made available under this heading are to be allocated according to the following table, subject to the provisions of section 7019 of this Act:

Program/Activity	Budget authority
International Broadcasting Operations:	
Voice of America (VOA) .....	204,690
Radio and TV Marti .....	30,474
Engineering and Technical Services .....	191,256
Agency Direction .....	27,247
International Broadcasting Bureau Management and Support .....	39,809
Subtotal, IBO .....	493,476
Independent Grantee Organizations:	
Radio Free Europe/Radio Liberty .....	91,063
Radio Free Asia (RFA) .....	36,648
Middle East Broadcasting Networks .....	112,601
Subtotal, Independent Grantee Organizations .....	240,312
Total, IBO .....	733,788

The conference agreement provides \$30,474,000 for Radio and TV Marti, of which not more than \$5,500,000 may be made available for non-salary and benefits expenses for TV Marti. The BBG shall submit to the Committees on Appropriations within 90 days of enactment of this Act a multi-year strategic plan for broadcasting to Cuba that reflects the following: (1) an analysis of the current situation in Cuba and an allocation of resources that is consistent with the relative priority of broadcasting to Cuba as determined by the annual Language Service Review and other factors, including input from the Secretary of State on the relative United States interest of broadcasting to Cuba; (2) the estimated size of the audiences in Cuba for Radio and TV Marti, and the sources and relative reliability of the data on which such estimates are based; (3) the annual operating cost (and total cost over the life of the contract) of any and all types of TV transmission and the effectiveness of each in increasing such audience size; (4) the principal obstacles to increasing such audience size; (5) an analysis of other options for disseminating news and information to Cuba including DVDs, the Internet, and cell phones and other handheld electronic devices and a report on the cost effectiveness of each; and (6) an analysis of the program efficiencies and effectiveness that can be achieved through shared resources and cost saving opportunities in radio and television production between Radio and TV Marti and the Voice of America. Within 90 days of the submission of the strategic plan outlined above, the Comptroller General of the General Accountability Office (GAO) shall conduct an assessment of the strategic plan and submit to the Committees on Appropriations its analysis of the data on which the plan is based and the plan's recommendations.

The conferees endorse language in the House Report regarding the maintenance of VOA language services supported in fiscal year 2009, funding for VOA English, and the rejection of proposals to end certain VOA language broadcasts and programs.

The conferees endorse language in the House and Senate Reports regarding the maintenance of the VOA and RFA Tibetan broadcasts at the fiscal year 2009 surge levels.

The conferees concur with the program emphases placed in the House and Senate Reports on Radio Farda, including transmission and Internet enhancements to reach audiences in Iran, and Radio Free Iraq. The conferees endorse the funding priority in the Senate Report concerning Pashto and Dari broadcasts targeted toward Afghanistan and northwest Pakistan.

The conferees note the GAO recommends that as the Administration develops a new comprehensive communication strategy, Federal agencies, including the BBG, should identify and link key agency-level programs, goals, and performance measurements to the strategy. The conferees direct that not later than 60 days after the new strategy is issued,

the BBG report to the Committees on Appropriations on the linkages between the BBG's strategic plan and performance measurement system and the new strategy; BBG's participation in inter-agency activities related to the implementation of the strategy; and which national communication goals the BBG believes it can support under its mandate and strategic plan and those goals the BBG considers inconsistent and therefore cannot support.

The conference agreement includes a provision requiring the BBG to report to the Committees on Appropriations within 45 days after enactment of this Act on several matters relating to management and editorial controls and to adherence to the relevant journalistic code of ethics, which is similar to that proposed by the House in section 7006. The conference agreement also requires the BBG to notify the Committees on Appropriations within 15 days of any determination by the Board that any of its broadcast entities was found to be in violation of the aforementioned principles, standards, or journalistic code of ethics, as proposed by the House.

The conference agreement also includes a provision, section 7071(f)(2), that provides up to \$8,000,000 to maintain VOA and RFA broadcasts to North Korea at the fiscal year 2009 levels.

The conference agreement includes a new provision extending through fiscal year 2010 the personal service contract authority of Section 504(c) of the Foreign Relations Authorization Act, Fiscal Year 2003 (Public Law 107-228).

#### BROADCASTING CAPITAL IMPROVEMENTS

The conference agreement provides \$12,622,000 for Broadcasting Capital Improvements, which is \$40,000 below the House and the same as the Senate.

#### RELATED PROGRAMS

##### THE ASIA FOUNDATION

The conference agreement provides \$19,000,000 for The Asia Foundation, which is the same as the House and Senate.

##### UNITED STATES INSTITUTE OF PEACE

The conference agreement provides \$49,220,000 for the United States Institute of Peace (USIP), which is the same as the House and Senate.

The conference agreement includes up to \$15,000,000 of funds made available under this heading to continue construction of the USIP headquarters. The conferees expect that any further USIP construction requirements will be financed with private funds and do not intend for program funds to be reprogrammed for construction or construction-related activities.

##### CENTER FOR MIDDLE EASTERN-WESTERN DIALOGUE TRUST FUND

The conference agreement provides \$875,000 for the Center for Middle Eastern-Western Dialogue Trust Fund, which is the same as the House and Senate.

##### EISENHOWER EXCHANGE FELLOWSHIP PROGRAM

The conference agreement provides \$500,000 for the Eisenhower Exchange Fellowship Program, which is the same as the House and Senate.

##### ISRAELI ARAB SCHOLARSHIP PROGRAM

The conference agreement provides \$375,000 for the Israeli Arab Scholarship Program, which is the same as the House and Senate.

##### EAST-WEST CENTER

The conference agreement provides \$23,000,000 for the East-West Center, which is \$23,000,000 above the House and \$1,000,000 below the Senate.

The conferees endorse the Senate Report recommendation that up to \$2,500,000 be

made available for infrastructure improvements, and be matched by private contributions.

#### NATIONAL ENDOWMENT FOR DEMOCRACY

The conference agreement provides \$118,000,000 for the National Endowment for Democracy (NED), which is \$18,000,000 above the House and \$2,000,000 below the Senate.

Of the total, the conferees direct that \$100,000,000 shall be allocated in the traditional and customary manner, as in prior years, to include the core institutes, and that \$18,000,000 shall be for other democracy, human rights, and rule of law programs, including support to promote democracy and human rights in North Korea.

Certain authorities, definitions, and notifications regarding the promotion of democracy abroad are included under section 7034 of this Act.

The conference agreement provides \$250,000 for assistance related to Tibet, and the conferees endorse House and Senate Report language on Tibet.

The conference agreement requires the President of NED to provide a report on the proposed uses of funds on a regional and country basis not later than 45 days after enactment of this Act, in lieu of the spending and financial plan reporting requirements as proposed by the House and Senate. The report should include programmatic goals for each country and region, and how the planned use of funds will meet such goals. The conferees direct NED to consult with the Committees on Appropriations in advance of any significant deviation from the plans outlined in such report.

#### OTHER COMMISSIONS

##### COMMISSION FOR THE PRESERVATION OF AMERICA'S HERITAGE ABROAD

###### SALARIES AND EXPENSES

The conference agreement provides \$635,000 for salaries and expenses of the Commission for the Preservation of America's Heritage Abroad, which is the same as the House and Senate.

##### UNITED STATES COMMISSION ON INTERNATIONAL RELIGIOUS FREEDOM

###### SALARIES AND EXPENSES

The conference agreement provides \$4,300,000 for salaries and expenses of the United States Commission on International Religious Freedom, which is the same as the House and Senate. The conference agreement includes a provision to increase the annual cap on consulting fees to \$250,000 in order to procure the technical and language expertise that is required to complete special projects undertaken by the Commission in fiscal years 2009 and 2010.

##### COMMISSION ON SECURITY AND COOPERATION IN EUROPE

###### SALARIES AND EXPENSES

The conference agreement provides \$2,610,000 for salaries and expenses of the Commission on Security and Cooperation in Europe, which is the same as the House and Senate.

##### CONGRESSIONAL-EXECUTIVE COMMISSION ON THE PEOPLE'S REPUBLIC OF CHINA

###### SALARIES AND EXPENSES

The conference agreement provides \$2,000,000 for salaries and expenses of the Congressional-Executive Commission on the People's Republic of China, which is the same as the House and Senate.

##### UNITED STATES-CHINA ECONOMIC AND SECURITY REVIEW COMMISSION

###### SALARIES AND EXPENSES

The conference agreement provides \$3,500,000 for salaries and expenses of the United States-China Economic and Security

Review Commission, which is the same as the House and Senate, and includes certain technical modifications, as proposed by the Senate.

**TITLE II**  
**UNITED STATES AGENCY FOR**  
**INTERNATIONAL DEVELOPMENT**  
**FUNDS APPROPRIATED TO THE PRESIDENT**  
**OPERATING EXPENSES**  
**(INCLUDING TRANSFER OF FUNDS)**

The conference agreement provides \$1,388,800,000 for Operating Expenses, which is the same as the House and Senate.

The conference agreement provides funding to support the hiring of an estimated 300 additional USAID Foreign Service Officers under the Development Leadership Initiative (DLI). The conference agreement includes a provision requiring the USAID Administrator to submit a strategy for projected personnel requirements over the next three fiscal years, similar to that proposed by the Senate. This strategy should describe the resources required for hiring, training, and deploying new personnel to domestic and overseas positions, including resources necessary for office and housing facilities. Concurrent with the submission of this strategy, the USAID Administrator is directed to submit a report describing the hiring, training, and deploying of new staff since the DLI began in fiscal year 2008, including resources expended for such purposes to date. This report should be updated on a semi-annual basis. The conferees intend that one of the outcomes of the personnel expansion at USAID will be increased oversight of programs and activities.

The conferees are aware of concerns with civilian capacity necessary to effectively administer programs in Pakistan and Afghanistan and have provided funds in this Act and prior Acts to support a civilian surge. The conferees direct the USAID Administrator to provide a report to the Committees on Appropriations on a semi-annual basis that describes the USAID workforce in both countries, including geographical distribution, skill sets, and training, as well as the physical space and capacity to absorb additional personnel.

The conferees believe that USAID's increased reliance on sole source contract awards, indefinite quantity contracts, and large umbrella awards undermines competitive processes, inhibits the participation of small organizations with niche expertise, limits creative and innovative approaches to programming, and is neither cost effective nor consistent with sustainable development. The conferees endorse the notification requirements in the House Report and the reporting requirement in the Senate Report, and require the USAID Administrator to consult with the Committees on Appropriations on steps that will be taken to reduce reliance on these mechanisms in the future and increase support for building capacity of local organizations and institutions, including the training that will be provided to new personnel hired under the DLI.

The conferees endorse the small minority-owned and disadvantaged business enterprises reporting requirement, as proposed in the House Report.

The conference agreement provides up to \$1,000,000 for special compensation for LES in section 7059(n), as proposed by the Senate, and requires the USAID Administrator to consult with the Committees on Appropriations on proposed guidelines for special compensation of these employees.

Implementation of USAID's Partner Vetting System is addressed in section 7034(o) of this Act.

**CIVILIAN STABILIZATION INITIATIVE**

The conference agreement provides a total of \$150,000,000 to continue to stand up a ca-

capacity for the Department of State, USAID, and other relevant civilian agencies to respond to post-conflict stabilization and reconstruction challenges, which is \$5,000,000 below the House and the same as the Senate. Within the amounts provided in this Act, \$30,000,000 is included under this heading, as proposed by the House, and \$120,000,000 is included under a similar heading in title I for this purpose.

Funds provided under this heading are intended to support costs associated with implementation of the Civilian Deployment Center; operational costs of the Office of Civilian Response; relevant USAID personnel salaries, expenses and training; and some deployment costs. The conferees direct that none of the funds provided under this heading may be used to establish a Reserve Corps component of the Civilian Response Corps. USAID and the Department of State shall jointly consult with the Committees on Appropriations prior to the obligation of funds made available under this heading.

The conference agreement includes language proposed by the House requiring the USAID Administrator and the Secretary of State to submit a coordinated joint spending plan for funds available under this heading and the CSI heading in title I.

**CAPITAL INVESTMENT FUND**

The conference agreement provides \$185,000,000 for Capital Investment Fund, which is the same as the House and \$28,000,000 below the Senate, of which up to \$134,500,000 is provided for implementation of the Capital Security Cost-Sharing Program. The conferees endorse the reporting requirement, as proposed in the House Report.

**OFFICE OF INSPECTOR GENERAL**

The conference agreement provides \$46,500,000 for the Office of Inspector General, which is the same as the House and Senate. The conferees continue to believe that programs funded through emergency appropriations should be regularized into the annual budget process.

The conferees direct the USAID Inspector General to continue to expand oversight activities of United States Government assistance programs in Pakistan and Afghanistan. The conferees understand that by the end of fiscal year 2010, the USAID Inspector General will have a fully staffed office in Islamabad that will consist of seven auditors, two investigators, and five Foreign Service National auditors/investigators, and a fully staffed office in Kabul that will consist of three auditors and two investigators. The Office of Inspector General is directed to ensure that efforts are de-conflicted from the oversight plans of other agencies and to consult with the Committees on Appropriations on the joint oversight plan in Afghanistan and Pakistan. In addition, the Office of Inspector General is directed to inform the Committees on Appropriations if gaps in oversight are identified.

The conferees endorse House Report language directing the Office of Inspector General to consult with the Committees on Appropriations on a regular and on-going basis.

**TITLE III**

**BILATERAL ECONOMIC ASSISTANCE**  
**FUNDS APPROPRIATED TO THE PRESIDENT**

The conference agreement provides funding in this Act for certain sectors in the amounts allocated according to the following table, subject to the provisions of section 7019 of this Act:

**SECTORS**

Biodiversity .....	205,000

\*Funding in italics denotes a non-add and is not in addition to the subcategory total.

**GLOBAL HEALTH AND CHILD SURVIVAL**

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$7,779,000,000 for Global Health and Child Survival (GHCS), which is \$15,000,000 below the House and \$6,000,000 above the Senate. Of the total, \$2,420,000,000 is apportioned directly to USAID and \$5,359,000,000 is apportioned directly to the Office of the United States Global AIDS Coordinator (OGAC) at the Department of State. Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

**GLOBAL HEALTH AND CHILD SURVIVAL**

(Budget authority in thousands of dollars)

Programs/accounts	Budget authority
Child Survival and Maternal Health (USAID) .....	549,000
Iodine deficiency disorder .....	2,000
Polio .....	32,000
The GAVI Alliance .....	78,000

Blind children .....	2,000
HIV/AIDS (USAID) .....	350,000
Microbicides .....	45,000
HIV/AIDS (Department of State) .....	5,359,000
Global Fund to Fight HIV/AIDS, Tuberculosis, and Malaria .....	750,000
Nutritional support .....	130,000
TB/HIV co-infection .....	160,000
UNAIDS .....	43,000
Family Planning/Reproductive Health (USAID) .....	525,000
Other Infectious Diseases (USAID) .....	981,000
Pandemic preparedness and response .....	106,000
Malaria .....	585,000
Tuberculosis .....	225,000
Global Tuberculosis Drug Facility .....	(15,000)
Neglected Tropical Diseases .....	65,000
Total—GHCS .....	7,779,000

\*Funding in italics denotes a non-add and is not in addition to the subcategory total.

The conference agreement includes language that allows funding provided under this heading to be used for programs to address neglected tropical diseases, as proposed by the Senate; language on the determination related to organizations that have been found to support or participate in the management of a program of coercive abortion, as proposed by the Senate; and language on the procurement of condoms, similar to that proposed by the House.

The conferees endorse the reporting requirement on global health program effectiveness, similar to that proposed by the House. The report should include an analysis of key global health challenges, a review of the interventions that have been found to have the greatest impact in addressing these challenges, and opportunities for the United States to increase support for these interventions in order to significantly reduce mortality and morbidity. The report should pay special attention to those issues that have not received adequate support in the past, including maternal health which is directly related to child survival; the role that the United States could play in promoting best practices; and the role of other donor countries in expanding access to these critical interventions. The conferees direct the Secretary of State to consult with the Committees on Appropriations prior to, and during, the development of this report.

The conferees endorse the HIV/AIDS prevention reporting requirement, as proposed by the House, which should include a description of HIV/AIDS prevention interventions that could be components of a United States global HIV/AIDS strategy and their effectiveness; an analysis of how these interventions should be implemented in order to address key drivers of the epidemic; the goals of the United States prevention strategy and how progress toward these goals will be measured; and a review of how the United States will collaborate with other bilateral and multilateral donors to reduce duplication. This report should include country-by-country prevention interventions and goals to ensure that unique conditions on the ground are taken into account.

The conferees direct OGAC to include, in future quarterly Summary Financial Status Reports of the global AIDS program, data on outlays as a percentage of the total amount of appropriated funds available for each country and Federal agency. Third quarter reports shall include a brief explanation of the factors contributing to countries falling behind target obligation and outlay rates.

The conferees are aware of the fiscal year 2010 Coordinated Audit Plan for global AIDS programs that has been developed by the relevant Inspectors General and are concerned that the Office of Inspector General at the Department of Health and Human Services does not plan to audit global AIDS funds transferred to the agency in the coming year. The OGAC Director is to report to the Committees on Appropriations on steps taken by OGAC to ensure that all program funds, including funds transferred to other agencies, are audited on a regular basis.

The conferees provide \$750,000,000 for the Global Fund to Fight AIDS, Tuberculosis and Malaria in this Act. The conferees remain committed to supporting a performance-based, results-oriented, multilateral financing instrument to combat these diseases. The conferees support efforts by the "Working Group to Manage the Tension between Demand and Supply in a Resource Constrained Environment" to ensure that Global Fund resources are used efficiently and effectively. The Committees on Appropriations expect to be updated by OGAC on further efforts of this group. The conferees endorse the Global Fund reporting requirement, as proposed by the House.

The conferees endorse the research and development reporting requirement, as proposed by the Senate, which should include a discussion of microbicides research and development and opportunities for expanded research and development related to child immunizations.

The conference agreement includes \$106,000,000 for pandemic preparedness and response activities to support H1N1 influenza and avian influenza surveillance, immunization delivery, and treatment programs internationally. The conferees note that the budget request did not include specific funding to address the H1N1 influenza outbreak and continue to support the transfer authority provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32) to combat an H1N1 influenza pandemic, if the President determines that the human-to-human transmission of the virus is virulent, efficient and sustained, severe, spreading internationally to multiple regions, and has been designated by the World Health Organization to be at the highest phase of Global Influenza Pandemic Alert. The conferees also continue to support the use of funds provided in title VIII of the Supplemental Appropriations Act, 2009 (Public Law 111-32) to support USAID's international response to H1N1 influenza.

The conferees support the use of family planning/reproductive health funds for pro-

grams in areas where population growth exacerbates human vulnerability to the impacts of climate change, as proposed by the Senate.

The conference agreement does not include a provision proposed by the House and Senate regarding funds to monitor and provide oversight of certain global health programs. However, the conferees direct that not to exceed \$400,000, in addition to funds otherwise available for such purposes, may be used to monitor and provide oversight of child survival, maternal and family planning/reproductive health, and infectious disease programs.

#### DEVELOPMENT ASSISTANCE

The conference agreement provides \$2,520,000,000 for Development Assistance (DA), which is \$30,000,000 above the House and \$47,000,000 below the Senate.

The conference agreement does not include language concerning the availability of funds related to water and microenterprise/microfinance programs, as proposed by the Senate. The conference agreement includes language requiring the relevant USAID bureaus and offices that support cross-cutting development programs, including but not limited to water, food security, and democracy and governance, to coordinate such programs on a regular basis, similar to that proposed by the Senate.

#### *Agriculture and Food Security*

The conference agreement provides a total of \$1,169,833,000 for agricultural development and food security programs, of which \$31,500,000 is for Collaborative Research Support Programs.

The conference agreement includes a provision requiring the Secretary of State, in consultation with the USAID Administrator, to submit a strategy for achieving food security and agricultural development program goals, as proposed by the House and Senate. The conferees expect this strategy to take into account the technical capacities and capabilities of other United States Government agencies. However, the conferees intend that the agencies funded in this Act should serve as the primary conduits for programmatic implementation. In cases where funding is transferred to other agencies, the conferees direct the Department of State to ensure that these funds are properly audited as directed in section 7009(e) of this Act and that oversight of these programs is conducted in a manner consistent with Department of State and USAID requirements.

The conference agreement does not include language authorizing the use of funds under this heading for local and regional purchase, as proposed by the Senate. Local and regional purchase is addressed under the International Disaster Assistance heading.

The conferees provide not less than \$30,000,000 for dairy development and livestock programs, as proposed by the House.

The conference agreement provides not less than \$35,000,000 for agricultural research programs, including plant and biotechnology.

The conference agreement provides \$10,000,000 as a United States contribution to the endowment of the Global Crop Diversity Trust.

The conference agreement provides funding for a multilateral food security initiative. The Committees on Appropriations shall be consulted on the proposed uses prior to the obligation of these funds.

The conference agreement includes language related to the exercise of notwithstanding authority, as proposed by the Senate, and the Secretary of State is directed to provide the Committees on Appropriations a written justification within five days when such authority is used.

#### *Economic Development*

COOPERATIVE DEVELOPMENT PROGRAM.—The conference agreement provides \$10,000,000 for this program within USAID's Office of Private and Voluntary Cooperation, as proposed by the Senate.

GENDER INTEGRATION.—The conferees endorse the reporting requirement proposed in the House Report related to the integration of gender considerations into agriculture and economic development programs.

MICROFINANCE AND MICROENTERPRISE PROGRAMS.—The conferees note that while USAID has increased its microenterprise activities in Africa in recent years, there has been relatively small investment in microfinance in Africa. The conferees direct the USAID Administrator to consult with the Committees on Appropriations on a strategy to increase funding for this purpose. The conferees further direct that up to 25 percent of funding be made available to build the institutional and human capacity of microfinance institutions.

The conferees direct that at least 50 percent of funds provided for microfinance and microenterprise programs be for grants and cooperative agreements to not-for-profit networks, practitioner institutions, and non-governmental organizations (NGOs), and direct that USAID's Office of Microenterprise Development, in consultation with the Committees on Appropriations, develop a strategy to meet this mandate. This strategy shall be submitted to the Committees on Appropriations not later than 90 days after enactment of this Act, and shall include a description of USAID's strategy to increase outreach to women, and the poor and very poor who are currently without access to financial services.

Oversight.—The conference agreement does not include a provision regarding funds to monitor certain programs for children and victims of war, as proposed by the House and Senate. However, the conferees direct that not to exceed \$60,000, in addition to funds otherwise available for such purposes, may be used to monitor and provide oversight of programs for displaced and orphaned children and victims of war.

Reporting Requirements.—The conferees endorse the reporting requirements on program review and impact evaluation processes, as proposed by the Senate, except that such report should be provided to the relevant appropriations and foreign affairs committees of the House and Senate.

The conferees endorse the small and medium enterprises reporting requirement, as proposed by the Senate.

The contracting reporting requirement proposed by the Senate is addressed under the USAID Operating Expenses heading.

Safe Water.—The conference agreement provides not less than \$315,000,000 for water and sanitation supply projects pursuant to the Senator Paul Simon Water for the Poor Act of 2005 (Public Law 109-121), including safe water for communities harmed by oil contamination in the northeastern region of Ecuador. The conferees endorse language in the House and Senate Reports on safe water and water management programs.

Trade Capacity Building.—The conference agreement provides \$20,000,000 for trade capacity building programs related to the Central America Free Trade Agreement, and \$16,000,000 for United States-Peru Free Trade Agreement labor law capacity building and for implementation of the environmental chapter of such agreement, similar to that proposed by the House.

University Programs.—The conferees direct the USAID Administrator to submit the report on the status of activities undertaken with American institutions of higher education, as proposed in the House Report.

*War Victims and Victims of Torture.*—The conference agreement provides \$14,000,000 for the Patrick Leahy War Victims Fund and \$13,000,000 for programs and activities that address the needs of victims of torture.

*Women's Leadership Training.*—The conference agreement provides \$20,000,000 for women's leadership capacity building programs, as proposed by the House.

#### *Education*

*Basic Education.*—The conference agreement provides a total of \$925,000,000 for basic education programs in this Act, of which \$365,000,000 is provided under this heading. The conferees are concerned with the availability of education for children who are refugees or internally displaced, and encourage USAID to use a portion of basic education funds for programs in such settings. The conferees intend that schools supported with basic education funds appropriated in this Act should, when practicable, serve as "Communities of Learning" and should be a focal point for development programs, as proposed by the House. USAID shall ensure that pilot programs implemented pursuant to section 664 of division J of the Consolidated Appropriations Act, 2008 (Public Law 110-161) include "Communities of Learning" in the five year strategic plans, where appropriate.

*Higher Education.*—The conference agreement provides not less than \$200,000,000 for higher education programs in this Act, of which not less than \$25,000,000 shall be for such programs in Africa, as proposed by the Senate. The conferees believe that higher education partnerships between American and African institutions of higher education should be expanded and \$15,000,000 is provided for this purpose, as proposed by the Senate, which shall be awarded in an open and competitive process in accordance with all applicable rules and regulations.

#### *Climate Change and Environment*

*Biodiversity.*—The conference agreement includes a total of \$205,000,000 in title III of this Act for biodiversity programs, particularly to protect forests, wildlife, and water ecosystems. Of this amount, not less than \$25,000,000 is for USAID's conservation programs in the Amazon Basin, of which \$15,000,000 is for the Initiative for Conservation in the Andean Amazon and \$10,000,000 is for such activities in Brazil. In addition, \$20,500,000 is for the Congo Basin Forest Partnership; \$7,500,000 is for the Coral Triangle Initiative; \$5,000,000 is for international programs of the United States Fish and Wildlife Service, particularly in central Africa; \$2,000,000 is for the Department of State's Bureau of Oceans and International Environmental and Scientific Affairs and USAID to support inter-agency outreach and capacity building programs and activities in developing countries related to implementation and enforcement of section 8204 of the Food, Conservation, and Energy Act, 2008 (Public Law 110-246); and \$1,000,000 is for conservation and related programs of the Department of Interior in the Maya Biosphere Reserve in Guatemala. The conferees direct USAID to consult with the Committees on Appropriations on a multi-year strategy for forest and archeological conservation in the Peten region of Guatemala. The conferees endorse language in the Senate Report on the protection of orangutan habitat in Borneo and Sumatra, and support wildlife conservation in Southern Sudan and Niger. In addition, the conferees recommend that USAID work with the United States National Park Service and the National Oceanic and Atmospheric Administration to protect forests, wildlife, and water ecosystems in developing countries. The conferees direct the agencies administering these funds to consult with the Committees on Appropriations prior to the obligation of funds.

*Climate Change.*—The conference agreement includes a total of \$1,257,200,000 for climate change programs in this Act, of which \$108,500,000 is for clean energy, \$74,450,000 is for sustainable landscapes, and \$122,750,000 is for adaptation programs.

The conferees intend that funds for clean energy programs will be used only to support programs that promote the sustainable use of renewable energy technologies and energy efficient end-use technologies, carbon sequestration, and carbon accounting. The primary objective of these programs should be to reduce, mitigate, and/or sequester emissions of greenhouse gases. The conferees direct that no funds shall be utilized for any nuclear, coal or other fossil fuel technology or production. The conferees intend that USAID's programs should complement the efforts undertaken by the Department of State's Bureau of Oceans and International Environmental and Scientific Affairs as well as programs implemented through the Clean Technology Fund (CTF), the Strategic Climate Fund (SCF), and the Global Environment Facility.

The conferees urge USAID to expand support in rural communities for small scale solar and other renewable energy technologies, which provide clean, healthier and more economically sustainable sources of energy than fossil fuels and help reduce migration to overpopulated urban areas.

The conferees intend that funds for sustainable landscapes programs will be used to support activities to maximize climate change mitigation, including carbon removals and avoided emissions, through efforts to protect and preserve landscapes and ecosystems. These efforts should include programs that preserve tropical forests, abandoned lands, and other endangered landscapes. In addition, programs to build institutional capacity to measure and monitor greenhouse gas emissions and removal, and policy reforms including land tenure, should be supported. These programs should not duplicate similar efforts currently implemented through USAID's biodiversity programs.

The conferees intend that a significant portion of funding provided for sustainable landscapes programs should be used to expand activities that reduce emissions from tropical forest destruction and degradation (commonly called REDD) in order to avoid the worst effects of global climate change. USAID should increase support for programs that assist developing countries in building their institutional and governance capacity to manage forest resources in a manner that demonstrates measurable, reportable and verifiable emissions reductions; develops strong forest governance laws; and improves law enforcement against illegal logging. These programs should be transparent and should respect the rights of indigenous and forest-dependent people, who should be consulted and included in the design and implementation of programs. The Department of State and USAID are directed to consult jointly with the Committees on Appropriations not later than 90 days after enactment of this Act on the United States Government strategy related to REDD and the capacity of developing countries to implement these programs.

The conferees intend that adaptation program funds will be used to ensure that ongoing programs and projects are designed to be as resilient as possible to climate variability and change. This funding should be used to ensure that climate change factors are taken into account during program assessment and design and that any program modifications are included in final implementation.

#### *Country Issues*

*Bangladesh.*—The conference agreement provides \$66,271,000 for assistance for Bangladesh.

*Cambodia.*—The conference agreement provides \$19,000,000 for assistance for Cambodia.

*Central Africa Regional.*—The conference agreement provides \$20,500,000 for assistance for programs in Central Africa.

*Countries of Central America.*—The conferees are concerned with the lack of due process and a transparent judiciary in Nicaragua and Honduras. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act on the Department of State's efforts to effectuate due process with respect to claims against American companies in these countries.

*Guatemala.*—The conference agreement provides up to \$2,000,000, of the funds made available for assistance for Guatemala, for legal reform programs and gender-based violence programs, as proposed in the House Report.

*India.*—The conference agreement provides \$12,000,000 for assistance for India, including up to \$2,000,000 for assistance for Tibetan refugee communities in India, Nepal and Bhutan, as proposed in the House Report.

*Indonesia.*—The conference agreement provides \$71,000,000 for assistance for Indonesia.

*Kenya.*—The conference agreement provides \$76,885,000 for assistance for Kenya.

*Mexico.*—The conference agreement provides \$10,000,000 for assistance for Mexico.

*Mongolia.*—The conference agreement provides \$7,500,000 for assistance for Mongolia.

*People's Republic of China.*—The conference agreement provides \$12,000,000 to support democracy, rule of law, and environmental programs in China, which shall be awarded in an open and competitive process in accordance with all applicable rules and regulations, similar to that proposed in the Senate Report.

*Peru.*—The conferees direct that \$500,000, of the funds made available for assistance for Peru, shall be made available for continued forensic assistance for Peru where as many as 15,000 persons are missing as a result of armed conflict, to be administered by the Department of State's Bureau of Democracy, Human Rights and Labor.

*Philippines.*—The conference agreement provides \$40,310,000 for assistance for the Philippines.

*Sri Lanka.*—The conference agreement provides \$9,900,000 for assistance for Sri Lanka.

*Thailand.*—The conference agreement provides \$6,151,000 for assistance for Thailand.

*Timor-Leste.*—The conference agreement provides \$20,200,000 for assistance for Timor-Leste.

*Uganda.*—The conference agreement provides \$70,650,000 for assistance for Uganda. The conferees direct the Secretary of State to closely monitor preparations for the 2011 elections in Uganda, and to actively promote, in coordination with the European Union, Canada and other nations, the independence of the election commission; the need for an accurate and verifiable voter registry; the announcement and posting of results at the polling stations; the freedom of movement and assembly and a process free of intimidation; freedom of the media; and the security and protection of candidates. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act and every 120 days thereafter until 30 days after the elections, detailing actions taken by the Government of Uganda to address these concerns.

*Vietnam.*—The conference agreement provides \$17,500,000 for assistance for Vietnam,

including for technical and other assistance to the Government of Vietnam for the purpose of locating and identifying Vietnamese persons missing since 1975, as proposed by the Senate.

*Yemen*.—The conference agreement provides \$35,000,000 for assistance for Yemen.

INTERNATIONAL DISASTER ASSISTANCE

The conference agreement provides \$845,000,000 for International Disaster Assistance, which is \$15,000,000 above the House and \$10,000,000 below the Senate.

The conference agreement neither designates, nor assumes, a specific amount for food assistance from funds made available under this heading, as proposed by the House. However, the conferees understand that, as in previous years, a significant portion of the funds made available under this heading will support food assistance in fiscal year 2010 and will be in addition to the \$1,169,833,000 designated in this Act for food security and agricultural development.

The conferees endorse the reporting requirement on local and regional procurement of food assistance contained in the House Report, except the submission date shall be September 30, 2010.

TRANSITION INITIATIVES

The conference agreement provides \$55,000,000 for Transition Initiatives, which is \$45,000,000 below the House and \$10,000,000 below the Senate.

The conference agreement includes a provision which allows for the transfer of up to \$15,000,000 to this account upon a determination by the Secretary of State, as proposed by the Senate. The conference agreement does not include authority for a new Rapid Response Fund under this heading, as proposed by the House.

COMPLEX CRISES FUND

The conference agreement provides \$50,000,000 for the Complex Crises Fund (CCF), which is \$50,000,000 above the House and \$50,000,000 below the Senate. This new account provides greater flexibility to USAID to prevent or respond to emerging or unforeseen complex crises overseas, and is similar to the Emergency Crises Fund account proposed by the Senate. The CCF consolidates the budget requests for a Rapid Response Fund and a Stabilization Bridge Fund to provide greater efficiency and oversight by the Administration and the Congress of these activities.

For the purposes of this account, a “complex crisis” shall mean a disaster or emergency, usually of long-term duration, that includes a combination of humanitarian, political and security dimensions which hinders the provision of external assistance.

USAID and the Department of State should continue to establish and bolster crisis prevention and response capabilities in order to assume most, if not all, of the functions currently funded by the Department of Defense under section 1207 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109-163). USAID and the Departments of State and Defense shall continue to consult on the formulation and implementation of stabilization and security assistance, as appropriate, whether through the utilization of section 1207 or funds appropriated by this Act.

DEVELOPMENT CREDIT AUTHORITY (INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$8,600,000 for the administrative expenses of the Development Credit Authority, which is the same as the House and Senate. In addition, \$25,000,000 is provided by transfer for programs.

ECONOMIC SUPPORT FUND (INCLUDING TRANSFER OF FUNDS)  
The conference agreement provides \$6,337,000,000 for Economic Support Fund, which is \$33,096,000 below the House and \$33,000,000 below the Senate. Funds in this account shall be allocated according to the following table, subject to the provisions of section 7019 of this Act:

Africa

*Democratic Republic of the Congo (DRC)*.—The conferees continue to be concerned with the health and safety of women and girls in the DRC, and the alarming incidence of rape and other gender-based violence in that country. The conferees direct that not less than \$10,000,000 of the funds in this Act for assistance for the DRC be made available to address gender-based violence, including for

fistula repair and other assistance for victims, and training and support for health and law enforcement personnel. The conferees direct the Department of State, in consultation with USAID, to provide a report to the Committees on Appropriations that outlines a comprehensive strategy and budget to address gender-based violence in the DRC. The report should describe how United States Government efforts fit into multi-donor and host government strategies to address this issue. The Department shall consult with the Committees on Appropriations prior to developing the strategy. The conferees endorse the reporting requirements on the exploitation of mineral resources, as proposed in the Senate Report, to include identifying the governments and companies that are involved in or profiting from such exploitation.

*Sudan*.—The conferees direct the Department of State, in consultation with USAID, to prioritize programs in Southern Sudan that implement the Comprehensive Peace Agreement, including support for local governance, judicial strengthening and rule of law, law enforcement professionalism and commitment to human rights, anti-corruption, and community level reintegration programs.

The conferees are concerned with reports of corruption within the Government of Southern Sudan (GoSS), and the conference agreement includes a provision, similar to that proposed by the Senate, requiring the Secretary of State, in determining amounts and types of assistance to provide to the GoSS, to consider whether such government is conducting regular audits of its financial accounts to ensure transparency and accountability of funds, including revenues from the extraction of oil, gas, and other natural resources, and is making such audits publicly available in a timely manner. The conferees believe such audits are necessary to prevent the misuse of funds, including United States assistance.

The conferees direct the Department of State, in consultation with USAID, to provide a report to the Committees on Appropriations not later than 90 days after enactment of this Act, on the steps that will be taken by the GoSS to improve resource management and increase transparency and accountability of funds, including efforts by the United States Government to support this goal.

The conferees endorse the reporting requirement on Sudan and the People's Republic of China, as proposed in the House Report.

Asia

*Burma*.—The conferees recognize that the failure of governance in Burma has resulted in severe humanitarian needs throughout the country that are further exacerbated by violations of internationally recognized human rights committed with impunity by the ruling junta. The conference agreement includes language, similar to that proposed by the House and Senate, and provides \$36,500,000 for activities to address these needs, including income-generating activities, and to support ongoing democracy and humanitarian programs along the Burma-Thailand border. The Department of State is to consult on the uses of these funds, which are subject to the regular notification procedures of the Committees on Appropriations. The conference agreement also requires that funds be used in a manner that is consistent with the principles and goals of the National League for Democracy in Burma.

*Cambodia*.—The conferees intend that assistance should be increased for Cambodian NGOs involved in the promotion and protection of human rights, democracy and the

rule of law, including core funding. The conferees direct the Secretary of State to fulfill the reporting requirement contained in the first proviso of section 7071(c)(1) of the Senate bill. The conference agreement includes language regarding a United States contribution to the Khmer Rouge Tribunal, as proposed by the Senate.

*North Korea.*—The conference agreement provides \$3,500,000 to promote democracy and human rights, as authorized by the North Korea Human Rights Act of 2004 (Public Law 108-333), as amended. Such programs may include appropriate educational and cultural exchange programs with North Korean participants, to the extent not otherwise prohibited by law.

In addition, the conference agreement provides that assistance for countries in the North Asia region may be made available for similar activities relating to North Korea, subject to the regular notification procedures of the Committees on Appropriations. The conferees note the importance of regional neighbors in encouraging reform in North Korea, and funds should be used to support their participation in furthering such change.

The conference agreement includes language in section 7071(f)(4) similar to that proposed by the House and Senate regarding restrictions on assistance for North Korea.

The conference agreement includes language in section 7071(f)(6) regarding the unsupervised distribution of food assistance, similar to that proposed by the Senate.

*Philippines.*—The conferees endorse Senate Report language on the use of funds appropriated under this heading to support conflict resolution activities in Mindanao, and to expand judicial training programs.

*Thailand.*—The conference agreement provides \$2,500,000 for conflict resolution and development programs in southern Thailand, as proposed by the Senate.

*Tibet.*—The conference agreement provides \$7,400,000 for programs implemented by NGOs which preserve cultural traditions and promote economic development and environmental conservation in the Tibetan Autonomous Region and other Tibetan communities, which is similar to that proposed by the House and Senate.

*Timor-Leste.*—The conference agreement provides \$3,000,000 for assistance for Timor-Leste, of which \$1,000,000 is for democracy programs and \$2,000,000 is for higher education scholarships, which is similar to that proposed by the Senate.

*Vietnam.*—The conference agreement provides not less than \$3,000,000 for environmental remediation of dioxin contaminated sites and related health activities in Vietnam, including through Vietnamese institutions and organizations. The conferees direct the USAID Administrator to consult with the Committees on Appropriations prior to the obligation of funds for these purposes.

#### Europe and Eurasia

*Cyprus.*—The conferees endorse the language in the House and Senate Reports regarding assistance for Cyprus.

#### Near East

*Egypt.*—The conferees direct that within the amount provided for project assistance for Egypt, not less than \$25,000,000 shall be made available for democracy, governance, and human rights programs and not less than \$35,000,000 shall be for education programs, of which \$10,000,000 is for scholarships for Egyptian students with high financial need, including at American educational institutions and other institutions that promote tolerance, gender and social equality, and critical thinking. The requirements of section 7034(m)(4) of this Act shall apply with respect to the provision of assistance to

Egyptian NGOs. The conferees provide authority under section 7042(a)(2) of this Act to use funds under this heading to establish an endowment to further the mutual interests of the United States and Egypt.

The conferees endorse the recommendations of the USAID Inspector General in Audit Report Number 6-263-10-001-P regarding democracy programs and activities in Egypt.

*Iraq.*—The conferees endorse the budget request of \$10,000,000 for the Iraqi women's democracy initiative, including for efforts to build professional networks between female business, government, and civil society leaders in Iraq with counterparts in countries in the region.

The conference agreement provides that not less than \$5,000,000 should be made available for the Marla Ruzicka Iraqi War Victims Fund. The conferees direct USAID to work with the Government of Iraq and Iraqi NGOs to develop a plan for ongoing Iraqi management and financial support of this program to assist innocent Iraqi victims of conflict after United States forces withdraw. A portion of these funds may be used for the development of and preparatory steps to implement such plan.

The conference agreement continues prior year limitations on the use of funds in Iraq, including for permanent basing rights agreements between the United States and Iraq.

The conference agreement provides \$50,000,000 for USAID's Ministerial Capacity Development program, and the conferees believe that the Government of Iraq should assume full responsibility for support for such training and development programs in the future.

The conferees direct that up to \$10,000,000 of funds made available under this heading should be made available to continue programs and activities to assist minority populations in Iraq, including religious groups in the Nineveh Plains region.

The Secretary of State shall submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act detailing the unique needs of minority populations in Iraq, including security requirements, organizations that have received funding from the Department of State and USAID for programs to assist such populations, and the total amount of funds provided for such purposes.

The conferees request the Department of State and USAID to consult jointly with the Committees on Appropriations on the decision-making processes utilized in comparing and assessing the benefits of programs conducted in Iraq with the security costs associated with such programs.

*Lebanon.*—The conference agreement provides \$12,000,000 for scholarships for students in Lebanon with high financial need, including at American educational institutions and other institutions that promote tolerance, gender and social equality, and critical thinking.

The conference agreement does not include language concerning the United States Forest Service (USFS). However, the conferees direct that not less than \$500,000 shall be made available to the USFS for forest and wildlife conservation programs in Lebanon, as proposed in the Senate Report.

*Tunisia.*—The conference agreement provides \$2,000,000 for assistance for Tunisia for programs and activities in southern Tunisia and to promote respect for human rights, as proposed by the Senate.

*West Bank and Gaza.*—The conference agreement directs that up to \$2,000,000 of the funds provided under this heading be used to augment funding for administrative expenses of USAID to facilitate program administration, as proposed by the House and Senate.

The conference agreement further provides that not more than \$150,000,000 may be used for cash transfer assistance, as requested and proposed by the House. The conferees endorse the reporting requirement related to efforts to expand educational and exchange opportunities for Palestinian students, as proposed by the House, including for students from Gaza.

The conferees direct the Secretary of State to provide a report to the Committees on Appropriations not later than 180 days after enactment of this Act on international participation, including by Arab states, in the economic development of the West Bank and support for the Palestinian Authority, similar to that proposed by the House. This report may be submitted in classified form, if necessary.

The conferees note that funding directives for reconciliation programs and for other programs in the West Bank and Gaza specifically noted in the conference agreement shall not be considered as part of the funding ceiling established under this heading.

The conference agreement continues prior year restrictions and limitations on assistance for the West Bank and Gaza, as contained in the Omnibus Appropriations Act, 2009 (Public Law 111-8) and the Supplemental Appropriations Act, 2009 (Public Law 111-32).

*Yemen.*—The conference agreement provides \$5,000,000 for assistance for Yemen. The conferees remain concerned with the stability of Yemen and these funds are provided to bolster assistance programs in this fragile country, including for democracy and governance, health, education, and economic development activities. The conferees expect the Department of State and USAID to consult with the Committees on Appropriations on the uses of assistance in this Act for Yemen.

#### South and Central Asia

*Afghanistan.*—The conferees request the Department of State and USAID to jointly consult with the Committees on Appropriations following conclusion of the strategy review for Afghanistan, and to detail modifications, if any, in the fiscal year 2011 budget request.

The Secretary of State shall include in the Afghanistan spending plan a description of how such funding will further the objectives outlined in the report required by section 1117 of the Supplemental Appropriations Act, 2009 (Public Law 111-32).

The conferees expect the Secretary of State to submit the report proposed by the Senate in section 7076(g)(3) of the Senate bill, except that such report shall be submitted to the relevant congressional committees.

The conferees recognize the necessity of inter-agency, pre-deployment training, in-country training, and data collection and analysis in strengthening stability programs and activities in Afghanistan. The conferees direct that funds be made available to the Tactical Conflict Assessment and Planning Framework program within USAID's Office of Transition Initiatives and the Office of Military Affairs at USAID for such purposes.

The conference agreement includes a provision under section 7076(d) that is similar to language proposed by the House under this heading withholding funds for Afghanistan until a counternarcotics certification is made by the Secretary of State.

*Civilian Assistance Program.*—The conference agreement provides \$15,000,000 for the Afghan Civilian Assistance Program, as proposed by the House and Senate.

*National Solidarity Program.*—The conference agreement provides \$175,000,000 for the National Solidarity Program, as proposed by the House.

*Women and Girls.*—The conference agreement requires that assistance for Afghanistan be designed and implemented with the

full participation and leadership of Afghan women, and made available in a manner that directly improves the security, economic and social well-being, and political status of Afghan women and girls. Of the funds made available in this Act for assistance for Afghanistan, not less than \$175,000,000 shall support programs that directly address the needs and protect the rights of Afghan women and girls, including the Afghan Independent Human Rights Commission, the Afghan Ministry of Women's Affairs, and women-led NGOs. Of the total, not less than \$20,000,000 shall be for capacity building for Afghan women-led NGOs, and not less than \$25,000,000 shall be for programs and activities of such NGOs, similar to that proposed by the Senate. USAID is directed to conduct more vigorous outreach to such NGOs, particularly in remote areas, to inform them of USAID programs and procedures.

The conferees are concerned with the increase in violent attacks against women and girls, particularly at schools, and the lack of access to justice or safe houses for victims. Not less than \$15,000,000 shall be used to train and support Afghan women investigators, police officers, prosecutors, judges, and social workers to respond to crimes of violence against women and girls, and administration of justice programs should include a focus on the special needs of women and girls.

Not later than September 30, 2010, the Secretary of State, in consultation with the USAID Administrator, shall submit a report to the Committees on Appropriations detailing the uses of funds provided in fiscal years 2009 and 2010 to address the needs and protect the rights of Afghan women and girls, including efforts undertaken to prevent discrimination and violence against women and girls; provide economic and leadership opportunities; increase participation of women in the political process at the national, provincial and sub-provincial levels; improve security for women and girls; and any other programs designed to directly benefit women and girls. The report should also describe the results to date.

**Pakistan.**—The conferees support the program review conducted by the Department of State and USAID in Pakistan in order to ensure that the programs and activities funded are meeting programmatic objectives and furthering shared United States and Pakistani security interests. The results of this review should be provided to the Committees on Appropriations. The conferees are aware of the significant infrastructure needs in Pakistan, including in the energy and aviation sectors. However, the conferees are concerned with embarking on large-scale, multi-year infrastructure projects in Pakistan and believe such work should be undertaken in coordination with other donors and through multilateral financing mechanisms to the maximum extent possible, factoring in security and sustainability considerations. The conferees direct the Secretary of State to consult with the Committees on Appropriations prior to committing to such projects. The conferees provide not less than \$5,000,000 to continue a Civilian Assistance Program similar to such programs in Iraq and Afghanistan, and USAID is directed to consult with the Committees on Appropriations on the planned uses of such funds prior to the obligation of funds. The conference agreement provides that \$2,000,000 of the funds for Pakistan under this heading be transferred to the OIG at the Department of State for program oversight in Pakistan.

The conferees endorse House and Senate Report language regarding programs and activities to counter the influence of violent extremism through local initiatives, including within madrassas.

**Government-to-Government Assistance.**—The conference agreement requires that a bilateral agreement be in place prior to the provision of government-to-government assistance for the Governments of Afghanistan and Pakistan. Such an agreement should be structured to provide maximum accountability and oversight, and should contain conditions for disbursement of funds and detailed monitoring and reporting requirements. Funds should be deposited in and disbursed through a separate, traceable bank account for specific sectors. The Secretary of State is directed to consult with the Committees on Appropriations prior to the provision of any such assistance, including on the amounts, uses and oversight of such funds as well as on the terms of the bilateral agreement. The Secretary should suspend any government-to-government assistance to any implementing agency if there is credible evidence of misuse of such funds by such agency. The conferees encourage the Department of State to ensure that such assistance benefits Afghans and Pakistanis at the provincial and sub-provincial levels through mechanisms established with appropriate ministries, and with the concurrence of legitimate political leadership at the local level, including governors.

Western Hemisphere

**Colombia.**—The conferees are concerned with the dire condition of large numbers of Colombian refugees in neighboring countries, as well as Colombians who have been internally displaced as a result of armed conflict. Within sums provided for assistance for Colombia under this heading, \$45,000,000 shall be made available to support internally displaced persons. Additionally, not less than \$8,000,000 is transferred to the Migration and Refugee Assistance (MRA) heading for emergency assistance through nongovernmental and international organizations for Colombian refugees in neighboring countries.

The conference agreement provides that up to \$15,000,000 of the funds made available for Colombia under this heading be used for programs which specifically benefit Afro-Colombian and indigenous communities. In addition, the conference agreement provides not less than \$3,000,000 for programs to protect Colombia's biodiversity through the Colombian National Parks Service and indigenous communities living in buffer zones. The USAID Administrator shall consult with the Committees on Appropriations prior to the obligation of these funds.

Global Programs

**Civilian Compensation.**—Not later than 90 days after enactment of this Act, the Secretary of State, in consultation with the USAID Administrator and the Secretary of Defense, shall submit a report to the Committees on Appropriations detailing steps taken to coordinate condolence payments and other assistance for civilians who suffer losses as a result of military operations in Iraq, Afghanistan, and Pakistan, similar to that proposed by the Senate.

**Disability Programs and Wheelchairs.**—The conference agreement provides not less than \$5,000,000 for disability programs and up to \$10,000,000 for wheelchair programs. The conferees endorse the specific funding levels and uses of funding for disability programs, as proposed in the Senate Report.

**Environment and Climate Change.**—The conference agreement does not include provisions regarding funding for the Department of State's Bureau of Oceans and International Environmental and Scientific Affairs and bilateral environmental programs under this heading, as proposed by the Senate. This issue is addressed in section 7081 of this Act.

**Extractive Industries Transparency Initiative.**—The conference agreement does not in-

clude language concerning the EITI, as proposed by the Senate. However, the conference agreement provides not less than \$4,500,000 for a United States contribution to the EITI, including for efforts to improve the capacity of civil society organizations to participate in the EITI process.

**Internet Access and Freedom.**—The conference agreement provides a total of \$30,000,000 for programs and activities to expand unmonitored, uncensored access to the Internet for large numbers of users living in closed societies that have acutely hostile Internet environments, including in the People's Republic of China and Iran. Of this amount, \$20,000,000 shall be made available under this heading, of which \$10,000,000 shall be derived from the Near East Regional Democracy program. An additional \$10,000,000 shall be made available under the Democracy Fund (DF) heading. The Department of State shall consult on the uses of these funds, which are to be awarded in full and open competition according to all applicable rules and regulations.

**Kimberley Process.**—The conference agreement does not include language proposed by the Senate concerning the Kimberley Process Certification Scheme. However, the conference agreement provides not less than \$3,000,000 to support implementation of the Kimberley Process, including for regional efforts to combat cross-border smuggling and to support monitoring by civil society organizations.

**Middle East Partnership Initiative.**—The conferees direct the Secretary of State to report to the Committees on Appropriations on coordination with other agencies funding programs similar to those supported by MEPI, as proposed by the Senate.

**Pacific Tuna Treaty.**—Not later than 90 days after enactment of this Act, the Secretary of State shall inform the Committees on Appropriations of steps taken to monitor funds provided to countries under the ESF heading for United States commitments to the 1987 South Pacific Tuna Treaty, and to coordinate such funds with other United States Government assistance provided to country recipients as appropriate.

**Trafficking in Persons.**—The conferees direct that not less than \$42,341,000 in this Act should be used for activities to combat trafficking in persons internationally, of which \$6,010,000 is for the operations of G/TIP and \$12,000,000 is for programs funded under the ESF heading and managed by G/TIP. The conferees endorse language on anti-trafficking efforts in sub-Saharan Africa, India, and Cambodia, as proposed by the House and Senate. The conferees recognize that anti-trafficking activities are funded through multiple agencies and accounts, and support the Administration's effort to complete an inter-agency anti-trafficking strategy.

DEMOCRACY FUND

The conference agreement provides \$120,000,000 for the Democracy Fund, which is

\$10,000,000 below the House and the same as the Senate. Of the total, \$70,000,000 is for the Department of State's Bureau of Democracy, Human Rights and Labor and \$50,000,000 is for USAID's Office of Democracy and Governance of the Bureau of Democracy, Conflict, and Humanitarian Assistance (DCHA/DG).

The conference agreement does not include language regarding the People's Republic of China, Hong Kong, Taiwan, and countries located outside the Middle East region, as proposed by the Senate. The conferees intend that assistance for Taiwan should be matched from sources other than the United States Government.

Certain authorities, definitions, and notifications regarding the promotion of democracy abroad are included under section 7034(m) of this Act, as proposed by the Senate.

The conference agreement provides \$10,000,000 under this heading for Internet access and freedom activities. The conferees direct the Secretary of State to consult with the Committees on Appropriations prior to the obligation of these funds, which shall be awarded through a full and open competition process in accordance with all applicable rules and regulations. Additional funding for these programs is provided under the ESF heading.

Funds provided under this heading for DCHA/DG are in addition to core program funding that is provided under the DA heading. Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

**INTERNATIONAL FUND FOR IRELAND**

The conference agreement provides \$17,000,000 for the International Fund for Ireland (IFI), which is \$1,000,000 below the House and \$17,000,000 above the Senate.

The conferees expect that the assistance provided in this Act will be the final United States contribution to the IFI.

**ASSISTANCE FOR EUROPE, EURASIA AND CENTRAL ASIA**

The conference agreement provides \$741,632,000 for Assistance for Europe, Eurasia and Central Asia (AEECA), which is \$19,379,000 above the House and \$3,368,000 below the Senate. The conference agreement includes language similar to that proposed by the House and Senate, which provides the Department of State notwithstanding authority for additional flexibility in reprogramming prior year unobligated and unexpired funds within the account. The conferees direct that any such reprogramming shall be subject to the regular notification procedures of the Committees on Appropriations, and the terms and conditions previously attached to prior year funds continue to apply.

*Caucasus.*—The conference agreement does not include language concerning the North Caucasus, as proposed by the Senate. However, the conferees direct that not less than \$7,000,000 shall be made available for humani-

tarian, conflict mitigation, human rights, civil society, and relief and reconstruction assistance for the North Caucasus.

The conferees support the Minsk Group's ongoing efforts and continue to urge all parties to the conflict to refrain from threats of violence and the use of inflammatory rhetoric. The conferees expect the Department of State to continue to inform the Committees on Appropriations that the requirements stipulated in subsection (g)(2) under the heading Assistance for the Independent States of the Former Soviet Union in the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 2002 (Public Law 107-115) are being met.

The conferees direct that up to \$8,000,000 be made available for programs and activities in Nagorno-Karabakh.

*Armenia.*—The conferees expect the Department of State to continue to emphasize the use of civil society in implementing programs and activities in Armenia.

*Kyrgyz Republic.*—The conference agreement includes a provision directing that up to \$11,500,000 of the assistance for the Kyrgyz Republic under this heading shall be for the Joint Development Fund.

*Organization for Security and Cooperation in Europe (OSCE).*—The conferees support the OSCE's education and police initiatives to combat anti-Semitism in Europe and Eurasia and expect the Coordinator for United States Assistance for Europe and Eurasia to provide adequate funding to ensure continued leadership within the OSCE.

*Wildlife Conservation Programs.*—The conference agreement does not include language concerning the USFS. However, the conferees direct that not less than \$600,000 shall be made available to the USFS for forest protection and wildlife conservation programs in the Russian Far East and Ukraine, as proposed by the Senate.

**DEPARTMENT OF STATE**

**MIGRATION AND REFUGEE ASSISTANCE**

The conference agreement provides \$1,685,000,000 for Migration and Refugee Assistance, which is \$204,556,000 above the House and \$7,200,000 above the Senate.

The conference agreement does not include language concerning refugees resettling in Israel, as proposed by the Senate. However,

the conferees note that according to the Department of State, no funds in this Act are used to assist refugees who reside in any Israeli settlement or outpost in the West Bank.

The conference agreement includes a new provision directing that \$35,000,000 of the funds made available under this heading be reserved for responding to small-scale emergency humanitarian requirements of international and nongovernmental partners. The conferees agree that this reserve may be used to cover the breadth of migration and refugee activities and that any use of such funds is subject to the regular notification procedures of the Committees on Appropriations.

The conferees endorse the reporting requirement in the Senate Report regarding North Korean refugees.

The conferees recognize the work of the United Nations Relief and Works Agency (UNRWA) in assisting Palestinians and promoting tolerance in the West Bank and Gaza, including through education, sports, and other programs for Palestinian youth. The conference agreement includes language in section 7042(f)(3) applying the reporting requirements contained under this heading in the joint explanatory statement accompanying the Supplemental Appropriations Act, 2009 (Public Law 111-32) regarding UNRWA to funds made available under this heading for fiscal year 2010. The House bill included a similar requirement in section 7086.

The conferees support the continuation of assistance to Tibetan refugees in India and Nepal. The conferees endorse language in the House Report regarding efforts to ensure the safe transit of Tibetan refugees and to protect the rights of Tibetans residing in Nepal. The Senate Report included similar language.

**UNITED STATES EMERGENCY REFUGEE AND MIGRATION ASSISTANCE FUND**

The conference agreement provides \$45,000,000 for the United States Emergency Refugee and Migration Assistance Fund, which is \$30,000,000 below the House and Senate.

The conference agreement does not include a provision overriding the funding ceiling contained in section 2(c)(2) of the Migration and Refugee Assistance Act of 1962, as proposed by the Senate.

**INDEPENDENT AGENCIES**

**PEACE CORPS**

(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$400,000,000 for the Peace Corps, which is \$50,000,000 below the House and \$28,560,000 above the Senate.

The conference agreement includes a provision directing the Peace Corps to consult with and notify the Committees on Appropriations when a decision is made to open, close, suspend, or significantly reduce the number of personnel of a domestic or overseas office or a Peace Corps country program. The conferees provide an exception to this requirement when the situation presents a substantial security risk to volunteers or Peace Corps personnel and prior consultation or notification would delay actions necessary to safeguard personnel. Pursuant to section 7015(e) of this Act, the conferees intend that the Peace Corps shall notify the Committees as early as practicable, but no later than three days after taking action, whenever substantial risk to human health or welfare requires a waiver of the notification requirement.

The conference agreement includes a provision requiring the Director of the Peace Corps to submit a spending plan to the Committees on Appropriations not later than 45

days after enactment of this Act on the proposed uses of funds. The report should include a detailed budget for funds under this heading, short-term policy and operational changes being made to absorb funding increases above current services levels, and any specific plans related to recruitment, number and placement of volunteers, existing country programs, and opening of new country programs.

The conference agreement also includes a provision requiring the Director to submit a report to the Committees on Appropriations, not later than 180 days after enactment of this Act, which includes the findings of a comprehensive assessment of the current program model of the Peace Corps and a strategy for reforming operations, similar to that proposed by the House and Senate. The conferees expect the review and strategy for reform to include recommendations for: (1) improving the recruitment and selection process to attract a wide diversity of highly and appropriately skilled volunteers; (2) training and medical care for volunteers and staff, as appropriate; (3) adjusting volunteer placement to reflect priority United States interests, country needs and commitment to shared goals, and volunteer skills; (4) coordinating with international and host country development assistance organizations; (5) lowering early termination rates; (6) strengthening management and independent evaluation and oversight; and (7) any other steps needed to ensure the effective use of resources and volunteers, and to prepare for and implement an appropriate expansion of the Peace Corps. The conferees support the Director's plan to involve external specialists in the review process.

MILLENNIUM CHALLENGE CORPORATION  
(INCLUDING TRANSFER OF FUNDS)

The conference agreement provides \$1,105,000,000 for the Millennium Challenge Corporation (MCC), which is \$295,000,000 below the House and \$155,000,000 above the Senate.

The conference agreement includes a provision that makes funding available for country compacts only if a compact obligates, or contains a commitment to obligate funding subject to the availability of funds, the mutual agreement of the parties to the compact to proceed, and the entire amount of the United States Government funding anticipated for the duration of the compact, as proposed by the House. The conference agreement includes a provision that requires notification not later than 15 days prior to specific actions taken on country compacts and threshold agreements, as proposed by the House. The conference agreement includes a provision requiring notification of the availability of funds from a country compact that has been suspended or terminated, as proposed by the Senate.

The conferees endorse the semi-annual reporting requirement, as proposed by the House and Senate.

None of the funds provided under this heading may be used to carry out threshold programs until the MCC's Chief Executive Officer submits a report to the Committees on Appropriations listing the candidate countries that will receive assistance, the level of assistance proposed for each country, a description of the proposed programs, projects and activities, and the proposed implementing agency or agencies of the threshold program.

The conference agreement includes a provision prohibiting the use of MCC funds for any military assistance or military training purposes, as proposed by the Senate. The conferees direct the MCC to identify any project that may be of a dual use nature, and to consult with the Committees on Appropria-

tions on the proposed safeguards to ensure that such a project will not be used for future military purposes by the compact country. The conferees are particularly concerned with airport renovations and upgrades.

The conference agreement includes a provision that addresses the eligibility requirements for countries that were found to be eligible for a compact in fiscal year 2009, which was not in the House or Senate bills, but subsequently requested by the MCC.

INTER-AMERICAN FOUNDATION

The conference agreement provides \$23,000,000 for the Inter-American Foundation, which is \$240,000 above the House and the same as the Senate.

AFRICAN DEVELOPMENT FOUNDATION

The conference agreement provides \$30,000,000 for the African Development Foundation, which is the same as the House and Senate.

DEPARTMENT OF THE TREASURY  
INTERNATIONAL AFFAIRS TECHNICAL  
ASSISTANCE

The conference agreement provides \$25,000,000 for International Affairs Technical Assistance, which is the same as the House and \$5,000,000 below the Senate.

The conferees endorse language regarding the provision of assistance for Cambodia in compliance with Cambodian law on the decentralization of power, as proposed in the Senate Report under the ESF heading.

DEBT RESTRUCTURING

The conference agreement provides \$60,000,000 for Debt Restructuring, which is the same as the House and Senate, of which \$20,000,000 is provided to support implementation of the Tropical Forest Conservation Act.

The conferees endorse the unallocated balances reporting requirement, as proposed by the House.

Funds provided under this heading are subject to the terms and conditions of section 7015 of this Act.

TITLE IV

INTERNATIONAL SECURITY ASSISTANCE

DEPARTMENT OF STATE

INTERNATIONAL NARCOTICS CONTROL AND LAW  
ENFORCEMENT

The conference agreement provides \$1,597,000,000 for International Narcotics Control and Law Enforcement (INCLE), which is \$33,000,000 below the House and \$72,000,000 above the Senate. In order to better align security assistance funding, the conference agreement moves the INCLE account to title IV, instead of title III, as proposed by the House and Senate. The conference agreement merges the Andean Counterdrug Program account within the INCLE account and includes language exempting funds, subject to the regular notification procedures of the Committees on Appropriations, from the provisions of section 482(b) of the Foreign Assistance Act of 1961.

The conferees endorse language related to the exercise of notwithstanding authority, as proposed by the House, and direct the Secretary of State to provide the Committees on Appropriations a written justification within five days when such authority is used.

*Afghanistan.*—The conference agreement includes a limitation under this heading which prohibits funds for aerial spraying of herbicides in Afghanistan unless the Secretary of State determines and reports to the Committees on Appropriations that the President of Afghanistan has requested such assistance, and requires that prior to the provision of any such assistance the Secretary shall consult with the Committees on Appropriations, as proposed by the House.

The conferees endorse a reporting requirement on arrests of Afghan drug traffickers, similar to that proposed by the House. The report shall also include the names of those arrested, the disposition of cases, and an assessment of the obstacles to successful prosecution of such cases. This report may be submitted in a classified form, if necessary.

*Bolivia.*—The conference agreement includes conditions on assistance to Bolivian police and military forces, similar to that proposed by the House.

*Caribbean Basin Security Initiative (CBSI).*—The conferees endorse the budget request in INCLE for the CBSI, and direct that such funds shall be derived from amounts made available under Western Hemisphere Regional.

*Central America Regional Security Initiative (CARSI).*—The conferees remain concerned with youth violence, criminal gangs, organized crime, drug trafficking and other forms of criminal activity and violence in Central America. The conferees support the budget request under the INCLE heading for the Central America portion of the Merida Initiative and direct that such funds shall be made available from Western Hemisphere Regional funds for CARSI. The conferees direct the Secretary of State to undertake a comprehensive review of regional security assistance programs and submit a report not later than 90 days after enactment of this Act to the Committees on Appropriations detailing the threats or problems to be addressed, goals and objectives, planned uses of assistance, and expected results. The conferees expect the report to include all countries of Central America, including the Dominican Republic and Haiti, that have received assistance under the Merida Initiative.

*Colombia.*—The conference agreement includes a provision that prohibits the use of any funds appropriated by this Act or prior Acts for assistance for the Colombian Departamento Administrativo de Seguridad (DAS), similar to that proposed by the Senate. The conferees intend that, should the DAS be dismantled, such prohibition shall also apply to any successor organization. The conferees are aware of reports that the DAS has repeatedly engaged in phone tapping, email interception, and other illegal activities against law-abiding citizens, including collusion with illegal armed groups.

The conferees endorse language in the House and Senate Reports regarding Colombia's Center for Coordination of Integrated Action.

*Guatemala.*—The conference agreement does not include a provision concerning certain organizations in Guatemala, as proposed by the Senate. However, the conferees are concerned with reports of threats and violent attacks against human rights defenders and the lack of resources to protect them and their families, investigate these crimes, and punish those responsible. The conferees direct that not less than \$2,000,000 shall be made available to support the Ministry of Interior's Institute for Attacks Against Human Rights Defenders, officers within the Criminal Investigation Division of the Police who are assigned to work with the Institute, and the Department for the Protection of Personalities of the Police including its Unit of Risk Analysis.

*Iraq.*—The conferees direct that none of the funds made available for assistance for Iraq may be used for new construction, as proposed in the Senate Report.

*Mexico.*—The conferees endorse the reporting requirements on the uses of Merida Initiative funds in Mexico, including on the Mexican Federal Registry of Police Personnel, as proposed in the Senate Report. The report shall be submitted not later than

90 days after enactment of this Act. The report should also address the specific uses of all prior appropriations, including the status of obligations.

The conference agreement does not include a provision, proposed by the House and Senate, concerning compatibility of law enforcement communications equipment. However, the conferees direct that any funds appropriated under this heading that are available for assistance for Mexico may be made available for the procurement of law enforcement communications equipment if, where appropriate, such equipment utilizes encryption technology, open standards, and is compatible with and capable of operating with radio communications systems and related equipment utilized by relevant law enforcement agencies in the United States, to enhance border security and cooperation in law enforcement efforts between Mexico and the United States. Such funds shall be awarded through full and open competition in accordance with all applicable rules and regulations.

The conferees are concerned that the report submitted pursuant to section 1406(b) of the Supplemental Appropriations Act, 2008 (Public Law 110-252) and section 7045(e)(1) of the Omnibus Appropriations Act, 2009 (Public Law 111-8) relating to human rights in Mexico did not include the requisite findings by the Secretary of State that the Government of Mexico had met the requirements in the law. The conferees remain concerned with the lack of progress on these issues, and the lack of transparency in cases involving allegations against Mexican military personnel, and direct that future reports submitted pursuant to section 7045(e)(2) of this Act include the necessary findings.

**Copyright Materials.**—The conference agreement provides \$5,000,000 for programs to combat piracy of United States copyright materials, as proposed by the Senate.

**International Law Enforcement Academies (ILEAs).**—The conferees support the utilization of the Department of State's ILEA facility at Roswell, New Mexico, provide \$5,000,000 for this purpose in fiscal year 2010, and direct the Secretary of State to develop and submit to the Committees on Appropriations a multi-year plan for the continued operation of the Roswell facility on a competitive basis in accordance with all applicable rules and regulations.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

NONPROLIFERATION, ANTI-TERRORISM, DEMINING AND RELATED PROGRAMS

The conference agreement provides \$754,000,000 for Nonproliferation, Anti-terrorism, Demining and Related Programs (NADR), which is \$36,570,000 above the House and \$7,165,000 below the Senate. In order to better align security assistance funding, the conference agreement moves the NADR account to title IV, instead of title III, as proposed by the House and Senate.

The conference agreement includes a provision requiring prior consultation with, and notification of, the Committees on Appropriations on all Nonproliferation and Disarmament Fund activities, as proposed by the House.

The conference agreement does not include a provision providing \$37,000,000 for the Biosecurity Engagement Program, as proposed by the Senate. However, the conferees direct that \$37,000,000 shall be made available for these purposes.

The conferees endorse language related to the exercise of notwithstanding authority as proposed in the House Report, and direct the Secretary of State to provide the Committees on Appropriations a written justification within five days each time such authority is used.

**Laos and Vietnam.**—The conferees direct that not less than \$5,000,000 shall be made available for unexploded ordnance removal in Laos, and that not less than \$3,500,000 shall be made available for similar activities in Vietnam. The conferees further direct the Department of State to plan for similar or higher funding levels for these purposes in subsequent fiscal years, similar to that proposed by the Senate.

**Pakistan.**—The conference agreement does not include a provision providing \$6,000,000 to continue biosecurity threat reduction programs in Pakistan from within the Global Threat Reduction program, as proposed by the Senate. However, the conferees direct that \$6,000,000 shall be made available for such purposes.

**Small Arms/Light Weapons.**—The conferees endorse language directing the Secretary of State to submit a report to the Committees on Appropriations on the uses of funds for programs to destroy small arms and light weapons, as proposed by the Senate.

PEACEKEEPING OPERATIONS

The conference agreement provides \$331,500,000 for Peacekeeping Operations (PKO), to support multilateral peacekeeping operations and training, which is the same as the House and Senate.

The conference agreement includes a provision granting limited notwithstanding authority of section 660 of the Foreign Assistance Act of 1961, similar to that proposed by the House and Senate.

The conference agreement provides that \$55,000,000 of funds made available under this heading for assistance for Somalia may be used to pay assessed costs of international peacekeeping activities, as proposed by the House and Senate.

The conferees endorse language related to the exercise of notwithstanding authority, as proposed in the House Report, and direct the Secretary of State to provide the Committees on Appropriations a written justification each time such authority is used.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

\* Funding in italics denotes a non-add and is not in addition to the country or program total.

FUNDS APPROPRIATED TO THE PRESIDENT INTERNATIONAL MILITARY EDUCATION AND TRAINING

The conference agreement provides \$108,000,000 for International Military Education and Training (IMET), which is \$2,283,000 below the House and \$2,850,000 above the Senate.

The conference agreement includes a provision requiring that funds made available for Angola, Bangladesh, Cameroon, the Central African Republic, Chad, Cote d'Ivoire, the Democratic Republic of the Congo, Ethiopia, Guatemala, Guinea, Haiti, Kenya, Libya, Nepal, Nigeria, and Sri Lanka may only be provided through the regular notification procedures of the Committees on Appropriations and any such notification shall

include a detailed description of the proposed activities, similar to that proposed by the House and Senate.

The conference agreement includes language in section 7070 prohibiting IMET assistance for Equatorial Guinea, as proposed by the House. The Senate included a similar provision under this heading.

The conferees direct the GAO to conduct an evaluation of the effectiveness of the IMET program in building professionalism and respect for human rights within foreign military forces in selected countries, and to submit the results of such evaluation to the Committees on Appropriations not later than September 30, 2010. The evaluation should include a representative sampling of countries from each geographical region.

The conferees direct that of the funds appropriated under this heading, \$5,000,000 shall be made available for assistance for Pakistan; \$5,000,000 for assistance for Turkey; \$400,000 for assistance for Vietnam; and \$1,900,000 for assistance for Egypt. The conferees do not endorse language proposed under this heading in the House Report regarding Argentina.

#### FOREIGN MILITARY FINANCING PROGRAM

The conference agreement provides \$4,195,000,000 for the Foreign Military Financing Program, which is \$65,000,000 below the House and \$206,000,000 above the Senate. The conference agreement includes a provision that grants the Secretary of State authority to initiate the procurement of defense articles or services for foreign security forces subject to prior consultation with the Committees on Appropriations, as proposed by the Senate and similar to that proposed by the House.

The conference agreement includes a provision restricting funding under this heading for follow-on activities of programs initiated under the authority of section 1206 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109-163) unless the Secretary of State, in coordination with the Secretary of Defense, has justified the program to the Committees on Appropriations, similar to that proposed by the House and Senate.

The conference agreement does not include a provision to transfer funds from this heading to the D&CP heading, as proposed by the Senate. However, the conference agreement includes funds within the D&CP heading for monitoring activities.

The conference agreement includes a provision requiring that assistance for Bangladesh, Bosnia and Herzegovina, Cambodia, Chad, the Democratic Republic of the Congo, Ethiopia, Guatemala, Haiti, Indonesia, Kenya, Nepal, Pakistan, Philippines, and Sri Lanka may be provided through the regular notification procedures of the Committees on Appropriations, similar to that proposed by the House and Senate.

*Colombia.*—The conference agreement provides not more than \$55,000,000 for assistance for Colombia, of which up to \$12,500,000 is for maritime interdiction and riverine operations, as proposed by the House.

*Egypt.*—The conference agreement provides not less than \$1,040,000,000 for assistance for Egypt, which shall be transferred within 30 days of enactment of this Act to an interest bearing account in the Federal Reserve Bank in New York, as proposed by the House and Senate. The conferees note that these funds are in addition to \$260,000,000 provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32) for fiscal year 2010, for a combined total of \$1,300,000,000, which is the same as the budget request.

*Indonesia.*—The conference agreement includes a provision, similar to that proposed by the House and Senate, providing

\$20,000,000 under this heading for assistance for Indonesia, of which \$2,000,000 may not be obligated until the Secretary of State reports in writing to the Committees on Appropriations pursuant to section 7071(d) of this Act on the following—

(1) Steps taken by the Government of Indonesia to revise the Code of Military Justice, Uniform Criminal Code, and other relevant statutes to permit trials of current and former members of the Armed Forces alleged to have committed violations of internationally recognized human rights, including in Timor-Leste, in civilian courts; to deny promotion, suspend from active service, and/or pursue prosecution of military officers indicted for serious crimes; and to refine further the mission of the Armed Forces and develop an appropriate national defense budget to carry out that mission;

(2) Efforts by the Armed Forces of Indonesia to cooperate with civilian judicial authorities and with international efforts to resolve cases of violations of internationally recognized human rights, including in Timor-Leste;

(3) Efforts by the Government of Indonesia to implement reforms that increase the transparency and accountability of the Armed Forces' operations and financial management and to achieve divestment of all military businesses; and

(4) Whether the Government of Indonesia is allowing public access to Papua, including foreign diplomats, NGOs, and journalists.

*Iraq.*—The conferees remain concerned with the political situation in Iraq and the ramifications of increased instability on the security requirements of neighboring allies. While the conference agreement does not include language proposed by the Senate providing for a reprogramming of funds under this heading to address urgent border security requirements arising from a significant increase in instability in Iraq for such countries, the conferees direct the Secretary of State to consult with the Committees on Appropriations within 90 days of enactment of this Act on plans to bolster security requirements in neighboring allied countries in the event of such a scenario.

*Israel.*—The conference agreement provides not less than \$2,220,000,000 for grants for Israel which shall be disbursed within 30 days of enactment of this Act and of which \$583,860,000 is available for offshore procurement, as proposed by the House and Senate. The conferees note that these funds are in addition to \$555,000,000 provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32) for fiscal year 2010, for a combined total of \$2,775,000,000 in fiscal year 2010, which is the same as the budget request.

*Jordan.*—The conference agreement provides \$150,000,000 for assistance for Jordan, as proposed by the House and Senate. The conferees note that these funds are in addition to the \$150,000,000 provided in the Supplemental Appropriations Act, 2009 (Public Law 111-32), for a combined total of \$300,000,000 in fiscal year 2010, which is the same as the budget request.

*Pakistan.*—The conference agreement provides \$238,000,000 for assistance for Pakistan and authority for the transfer of up to an additional \$60,000,000 under the ESF heading in this Act and prior Acts.

*Philippines.*—The conference agreement does not include language detailing reporting requirements relating to human rights in the Philippines, as proposed by the House. The conference agreement includes language, similar to that proposed by the Senate, providing \$32,000,000 for assistance for the Philippines, of which \$3,000,000 may not be obligated until the Secretary of State reports in writing to the Committees on Appropriations pursuant to section 7071(h) of this Act that—

(1) The Government of the Philippines is continuing to take effective steps to implement the recommendations of the UN Special Rapporteur on extra-judicial, summary or arbitrary executions; sustaining the decline in the number of extra-judicial executions; and strengthening government institutions working to eliminate extra-judicial executions;

(2) The Government of the Philippines is implementing a policy of promoting military personnel who demonstrate professionalism and respect for internationally recognized human rights, and is investigating, prosecuting, and punishing military personnel and others who have been credibly alleged to have violated such rights; and

(3) The Armed Forces of the Philippines do not have a policy of, and are not engaging in, acts of violence or intimidation against members of legal organizations who advocate for human rights.

*Morocco.*—The conferees endorse the reporting requirement on human rights in Morocco, as proposed in the Senate Report.

*Nepal.*—The conference agreement includes a provision (section 7071(e)) requiring the Secretary of State to make certifications to the Committees on Appropriations prior to making funds available under this heading for assistance for Nepal, similar to that proposed by the Senate.

*Western Hemisphere Maritime Cooperation.*—The conferees direct that up to \$18,000,000 is available to continue maritime security cooperation programs in the Caribbean and in the countries of Central America.

*Training and Equipment Report.*—The conference agreement does not include a provision, as proposed by the Senate, concerning an annual foreign military training report. The conferees direct the Secretary of State and the Secretary of Defense to submit the report required by section 656 of the Foreign Assistance Act of 1961 by the date specified in that section.

The conference agreement does not include a provision, as proposed by the Senate, concerning a report on equipment. The conferees direct the Secretary of State, in consultation with other relevant Federal agencies, to submit a report to the Committees on Appropriations not later than 90 days after enactment of this Act detailing the equipment to be purchased with funds appropriated or otherwise made available under the INCLE and FMF headings. The report shall include a description of the anticipated costs associated with the operation and maintenance of such equipment in subsequent fiscal years. For purposes of the report, "equipment" shall be defined as any aircraft, vessel, boat or vehicle.

The conference agreement does not include a provision, as proposed by the Senate, which would have amended section 656 of the Foreign Assistance Act of 1961. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 180 days after enactment of this Act detailing, for each country that received assistance under chapter 5 or part II of such Act during the reporting period specified in that section, the net savings to that country for training purchased at a reduced cost or incremental rate through the Foreign Military Sales program, as authorized by section 21(a)(1)(C) of the Arms Export Control Act, as amended by section 108 of the International Security and Development Cooperation Act of 1985 (Public Law 99-83).

*Vetting.*—The conferees endorse the reporting requirement on embassy personnel conducting human rights vetting, as proposed in the Senate Report.

Funds in this account are allocated according to the following table, subject to the provisions of section 7019 of this Act:

The conferees support efforts at the UN to address the needs of women and girls, and note that on September 14, 2009, the UN General Assembly approved a resolution to establish a new agency to address these issues, which includes reference to the possible consolidation of existing gender agencies and programs into the new entity. The conferees direct the Department of State to consult with the Committees on Appropriations prior to providing funds to this new entity or providing any funds appropriated for a United States contribution to UNIFEM or

the UNIFEM Trust Fund to this new mechanism.

INTERNATIONAL FINANCIAL INSTITUTIONS

GLOBAL ENVIRONMENT FACILITY

The conference agreement provides \$86,500,000 for the Global Environment Facility, which is the same as the House and Senate.

CONTRIBUTION TO THE INTERNATIONAL

DEVELOPMENT ASSOCIATION

The conference agreement provides \$1,262,500,000 for a contribution to the International Development Association, which is \$27,500,000 above the House and \$57,500,000 below the Senate.

The conferees are concerned that a significant portion of World Bank financing, particularly its support for fossil fuel power plants, conflicts with and undermines the goals of the CTF to reduce greenhouse gas emissions. The conferees direct the Secretary of the Treasury to submit a report to the Committees on Appropriations not later than September 30, 2010, comparing the amount of reductions in greenhouse gas emissions resulting from activities funded by the CTF with the amount of such emissions generated as a result of other World Bank financing, during fiscal year 2010.

CONTRIBUTION TO THE CLEAN TECHNOLOGY

FUND

The conference agreement provides \$300,000,000 for a contribution to the Clean Technology Fund, which is \$75,000,000 above the House and \$100,000,000 below the Senate.

The conference agreement does not include a provision that limits the availability of funds provided under this heading until authorized, as proposed by the House. Funds provided under this heading are subject to the terms and conditions in section 7081(g) of this Act.

The conferees direct the Secretary of the Treasury to submit a report to the Committees on Appropriations not later than 180 days after enactment of this Act and every 90 days thereafter until September 30, 2010, detailing the total pledges and actual contributions made to date to the CTF and SCF by country; an estimate of administrative and overhead costs to the World Bank in administering the funds in 2010; a list of applications funded by country with CTF and SCF funds, including types of technology funded, entities to which the funds were provided, and whether the funds were provided in the form of budget support; the extent to which the World Bank has established a methodology to evaluate and publicly report on the direct or indirect impact of CTF and SCF funds on climate change; and the extent to which the World Bank has established a policy on taxes and tariffs imposed by national governments on goods and services funded by the CTF and SCF.

CONTRIBUTION TO THE STRATEGIC CLIMATE

FUND

The conference agreement provides \$75,000,000 for a contribution to the Strategic Climate Fund, which is the same as the House and Senate.

The conference agreement does not include a provision that limits the availability of funds provided under this heading until authorized, as proposed by the House.

CONTRIBUTION TO THE INTER-AMERICAN

DEVELOPMENT BANK

The conference agreement provides \$4,670,000 for a contribution to the Inter-American Development Bank, which is the same as the House and Senate.

CONTRIBUTION TO THE ENTERPRISE FOR THE AMERICAS MULTILATERAL INVESTMENT FUND

The conference agreement provides \$25,000,000 for a contribution to the Enter-

prise for the Americas Multilateral Investment Fund, which is the same as the House and Senate.

CONTRIBUTION TO THE ASIAN DEVELOPMENT

FUND

The conference agreement provides \$105,000,000 for a contribution to the Asian Development Fund, which is \$10,250,000 below the House and Senate.

CONTRIBUTION TO THE AFRICAN DEVELOPMENT

FUND

The conference agreement provides \$155,000,000 for a contribution to the African Development Fund, which is \$4,885,000 below the House and Senate.

CONTRIBUTION TO THE INTERNATIONAL FUND

FOR AGRICULTURAL DEVELOPMENT

The conference agreement provides \$30,000,000 for a contribution to the International Fund for Agricultural Development, which is the same as the House and Senate.

TITLE VI

EXPORT AND INVESTMENT ASSISTANCE

EXPORT-IMPORT BANK OF THE UNITED STATES

INSPECTOR GENERAL

The conference agreement provides \$2,500,000 for the Inspector General, which is the same as the House and Senate.

SUBSIDY APPROPRIATION

The conference agreement provides \$58,000,000 for the Subsidy Appropriation, which is the same as the House and Senate.

ADMINISTRATIVE EXPENSES

The conference agreement provides \$83,880,000 for Administrative Expenses, which is the same as the House and Senate.

The conference agreement directs that not less than 10 percent of the aggregate loan, guarantee, and insurance authority available to the Export-Import Bank (Ex-Im) should be used for renewable energy or end-use energy efficiency technologies. The conferees endorse the environmental reporting requirement, as proposed by the House. The report should include all financing carried out in fiscal year 2009 for renewable energy or end-use energy efficiency technologies, as well as other environmentally beneficial exports; efforts made by Ex-Im to promote and support such exports; information on which regions and sectors exhibit the greatest potential for such exports; how Ex-Im defines and tracks such activities; data on Ex-Im's progress toward meeting the 10 percent directive and Ex-Im's planned efforts to overcome any shortfall; Ex-Im data, current policies, and mitigation measures on greenhouse gas emissions of its projects; and, as applicable, the status of implementation of recommendations made by the GAO related to the promotion of renewable energy or end-use energy efficiency technologies, as well as other environmentally beneficial exports.

The conferees endorse the reporting requirement on the impact of the global financial crisis and economic downturn on the work of Ex-Im, as proposed by the House. The report should include annual and quarterly data, detail and trends, both in aggregate and for each category of credit, guarantee, or insurance instrument offered by Ex-Im, on the following: impact on demand for Ex-Im's credit and other services; impact on the volume of Ex-Im transactions; impact on activity across specific regions or sectors; impact on risk portfolio and default rates; impact on revenue generated by Ex-Im services; likely explanations for these effects; resulting adjustments made to Ex-Im's management and operations; and any other opportunities, lessons, or vulnerabilities resulting from recent global economic conditions. For comparison, data provided should include fiscal year 2008.

OVERSEAS PRIVATE INVESTMENT CORPORATION  
NONCREDIT ACCOUNT

The conference agreement provides \$52,310,000 for administrative expenses, which is the same as the House and Senate.

PROGRAM ACCOUNT

The conference agreement provides \$29,000,000 for the Program Account, which is the same as the House and Senate.

The Overseas Private Investment Corporation (OPIC) is directed to provide written reports on a semi-annual basis, as in prior years, as proposed by the House. The conferees also endorse the consultation requirements for OPIC's use of local currency loan guaranty authority and for financing of NGOs or private voluntary organizations, as proposed by the House.

The conference agreement includes a reporting requirement in section 7079(b) on OPIC's commitment to invest in renewable and other clean energy technologies and on OPIC's plans to significantly reduce greenhouse gas emissions from its portfolio, as proposed by the Senate.

The conferees endorse the reporting requirement on the impact of the global financial crisis and economic downturn on the work of OPIC, as proposed by the House. The report should include annual and quarterly data, detail and trends, both in aggregate and for each category of credit, guarantee, or insurance instrument offered by OPIC, on the following: impact on demand for OPIC's credit and other services; impact on the volume of OPIC transactions; impact on activity across specific regions or sectors; impact on risk portfolio of OPIC projects; impact on ability to partner with private sector financial institutions; likely explanations for these effects; resulting adjustments made to OPIC's management and operations; and any other opportunities, lessons, or vulnerabilities resulting from recent global economic conditions. For comparison, data provided should include fiscal year 2008.

FUNDS APPROPRIATED TO THE PRESIDENT  
TRADE AND DEVELOPMENT AGENCY

The conference agreement provides \$55,200,000 for the Trade and Development Agency, which is the same as the House and Senate.

TITLE VII  
GENERAL PROVISIONS

Provisions retained from the Omnibus Appropriations Act, 2009 (Public Law 111-8):

The following general provisions include language which is identical to or substantively unchanged from the fiscal year 2009 Act except for a different section number or minor technical or structural differences:

- Sec. 7001. "Allowances and Differentials."

- Sec. 7020. "Prohibition of Payment of Certain Expenses."
- Sec. 7021. "Prohibition on Assistance to Foreign Governments that Export Lethal

Military Equipment to Countries Supporting International Terrorism."

Sec. 7022. "Prohibition on Bilateral Assistance to Terrorist Countries."

Sec. 7023. "Authorization Requirements."

Sec. 7024. "Definition of Program, Project, and Activity."

Sec. 7025. "Authorities for the Peace Corps, Inter-American Foundation and African Development Foundation."

Sec. 7026. "Commerce, Trade and Surplus Commodities."

Sec. 7027. "Separate Accounts."

Sec. 7028. "Eligibility for Assistance."

Sec. 7029. "Impact on Jobs in the United States."

Sec. 7031. "Debt-Development."

Sec. 7032. "Authority to Engage in Debt Buybacks or Sales."

Sec. 7033. "Special Debt Relief for the Poorest."

Sec. 7035. "Arab League Boycott of Israel."

Sec. 7036. "Palestinian Statehood."

Sec. 7037. "Restrictions Concerning the Palestinian Authority."

Sec. 7038. "Prohibition on Assistance to the Palestinian Broadcasting Corporation."

Sec. 7039. "Assistance for the West Bank and Gaza."

Sec. 7047. "Community-Based Police Assistance."

Sec. 7048. "Prohibition of Payments to United Nations Members."

Sec. 7049. "War Crimes Tribunals Draw-down."

Sec. 7050. "Peacekeeping Missions."

Sec. 7053. "Attendance at International Conferences."

Sec. 7054. "Restrictions on United Nations Delegations."

Sec. 7055. "Parking Fines and Real Property Taxes Owed by Foreign Governments."

Sec. 7057. "Prohibition on Publicity or Propaganda."

Sec. 7068. "Senior Policy Operating Group."

Sec. 7069. "Prohibition on Use of Torture."

Sec. 7072. "Serbia."

Sec. 7073. "Independent States of the Former Soviet Union."

Sec. 7074. "Repression in the Russian Federation."

Sec. 7077. "Enterprise Funds."

Sec. 7080. "Extradition."

Sec. 7082. "Prohibition on Promotion of Tobacco."

Sec. 7083. "Commercial Leasing of Defense Articles."

The following provisions are new, modified from the Omnibus Appropriations Act, 2009 (Public Law 111-8), or further clarified in this joint statement.

Sec. 7004. *Embassy construction*

The provision is modified by including subsection (c), which requires the Department of State to consult with the Committees on Appropriations prior to the obligation of funds to acquire property for diplomatic facilities in Kabul, Afghanistan, similar to that proposed by the Senate.

Sec. 7006. *Local guard contracts*

The conference agreement includes a new provision which allows the Secretary of State flexibility to award local guard contracts on the basis of either lowest price that is technically acceptable or the best value cost-technical tradeoff (as defined in the Federal Acquisition Regulation part 15.101) when awarding such contracts in Afghanistan, Iraq and Pakistan. Current law requires that all local guard contracts must be

awarded on the basis of the lowest price that is technically acceptable, and if other factors had been considered, the problems reported earlier this year involving the local guard contract in Kabul, Afghanistan may have been prevented. The conferees understand that providing the Secretary with authority to make awards through the best value approach can enhance the guard force's effectiveness and justify the additional cost, particularly in countries with dangerous or hostile environments.

Sec. 7008. *Coups d'État*

The conference agreement changes the heading from "Military Coups" to "Coups d'État". While there is no substantive change to the provision, the conferees are concerned that the previous title implied an unintended limitation of the provision's application, and direct the Department of State's Office of the Legal Advisor to undertake a review of events necessary to trigger the provisions of this section and submit a report on such events to the Committees on Appropriations not later than 45 days after enactment of this Act.

Sec. 7009. *Transfer authority*

The conference agreement includes a new subsection requiring notification of transfers over \$1,000,000 between either USAID or the Department of State and any department, agency, or instrumentality of the United States Government. The provision is further modified by requiring audits of funds transferred by the Department of State to any other federal agency.

Sec. 7015. *Reprogramming notification requirements*

The conference agreement modifies subsection (c) to include the CSI and CCF headings; subsection (d) to include an exemption from the requirements of this subsection to funds transferred to title I of this Act; and subsection (f) by including Somalia and Sri Lanka on the country notification list.

Sec. 7019. *Allocations*

The conference agreement modifies this section to include charts under the following headings: CSI, D&CP, American Sections, International Commissions, DF, INCLE, and PKO; and strikes Andean Counterdrug Programs.

Sec. 7030. *International financial institutions*

The conference agreement continues prior year language related to limitations on programs in Heavily Indebted Poor Countries, as proposed by the House, and includes technical changes.

Sec. 7034. *Special authorities*

The conference agreement is modified by deleting subsections (i), (k), (m), and (o); moving subsection (f) to section 7085(c) of this Act; modifying subsection (d); and including new subsections (j), (l), (m), (n), (o), (p), (q), (r), (s), and (t).

The conference agreement includes a modified provision (subsection (o)) that restricts the use of funds in this Act for implementation of the Partner Vetting System (PVS), similar to that proposed by the Senate. The section was modified to allow for implementation of a limited pilot program, and the conferees understand that this pilot program may be conducted in up to five countries and in Washington. The provision also requires that the PVS pilot be applied equally to the Department of State and USAID. Steps to put USAID's PVS system in place began in fiscal year 2009, and the system should be designed to vet USAID partners in order to minimize the risk that taxpayer-funded assistance could be diverted for terrorist purposes, without impeding the efficient and effective implementation of United States foreign assistance programs. The conferees expect the system to be extended to the Department of State's implementing partners

but do not intend for this extension to supersede current Leahy vetting requirements on security assistance.

The conferees remain concerned with the quality of the Department of State and USAID congressional budget justifications (CBJs). While the conference agreement does not include language proposed by the Senate that would have prohibited the obligation of funds to compile, produce, or publish any CBJ documents for fiscal year 2011 until the Secretary of State and the USAID Administrator consult with the Committees on Appropriations, the conferees expect consultations to continue regarding the purpose, format, and content of the CBJs.

The conference agreement includes a provision clarifying the Secretary of State's obligations regarding visa determinations for applicants of A-3 and G-5 visas, under the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110-457). For purposes of section 203(a)(2) of such Act, a final civil judgment in a trafficking case or a determination by the Department of Justice that the United States Government would seek to indict the diplomat or a family member but for diplomatic immunity shall be deemed "credible evidence" of abuse or other mistreatment.

*Sec. 7040. Limitation on Assistance for the Palestinian Authority*

The conference agreement includes a new subsection (f), which is substantively identical to the provision carried in the Supplemental Appropriations Act, 2009 (Public Law 111-32). The new subsection continues to prohibit assistance to Hamas or any entity effectively controlled by Hamas, and further prohibits assistance to any power-sharing government of which Hamas is a member unless such government, including all its ministers or such equivalent, has met certain conditions.

*Sec. 7041. Saudi Arabia*

The conference agreement includes a new provision prohibiting assistance for Saudi Arabia, similar to that proposed by the House. The conference agreement includes a waiver. The Senate did not include similar language.

*Sec. 7042. Near East*

The conference agreement includes a new provision similar to that proposed by the Senate, which provides overall assistance levels in the Act for the countries of Egypt, Iraq, Jordan, and Lebanon. The conferees note that these levels do not include funds that may be derived through regional funding within the individual appropriations accounts. The provision also includes a funding level for the West Bank and Gaza.

The provision includes language, similar to that proposed by the Senate, regarding the establishment of an endowment to further the shared interests of the United States and Egypt, consistent with the purposes for which such funds are requested in the fiscal year 2010 CBJ materials and appropriated under such heading. The House did not include a similar provision. The conferees recognize that discussions and negotiations on such an endowment will take time, and direct the Secretary of State to consult with the Committees on these efforts. Consultation should include explanation of the specific definition of shared interests, and how such interests would be furthered through an endowment. The conferees note that such funds are subject to the regular notification procedures of the Committees on Appropriations.

The provision includes language continuing the transparency and accountability reporting requirements contained in the statement of managers accompanying the

Supplemental Appropriations Act, 2009 (Public Law 111-32, House Report 111-151) under the MRA heading. The House had included the reporting requirement as a separate general provision. The Senate bill did not include a similar requirement.

*Sec. 7043. Iran Sanctions*

The conference agreement includes a provision similar to that proposed by the House which modifies the reporting requirement in the Omnibus Appropriations Act, 2009 (Public Law 111-8) by adding a statement of policy in subsection (a) and including a limitation in subsection (b). The conferees intend "significant" or "material" to mean aggregate transactions undertaken in a 12-month period valued in excess of \$20,000,000. The conferees direct the Departments of State and Treasury to be responsible for determining what entities meet such standard. The conference agreement does not restrict the Export-Import Bank from modifying existing transactions. However, the conferees direct the Export-Import Bank to consult with the Committees on Appropriations prior to the modification or extension of financing to any existing project that would otherwise be prohibited by this section.

*Sec. 7044. Aircraft Transfer and Coordination*

The conference agreement includes a provision, similar to that proposed by the Senate, regarding the use of Department of State and USAID aircraft, including a reporting requirement on air fleets.

*Sec. 7045. Western Hemisphere*

The conference agreement includes funding and legislative requirements for a Caribbean Basin Security Initiative, as proposed by the House. The conference agreement includes a provision, similar to that proposed by the Senate, providing authority for USAID to continue support for an Economic and Social Development Fund for Central America, which is intended to address unemployment and other root causes of drug trafficking and criminal gangs, particularly among youth, in vulnerable communities. The conference agreement does not provide a specific funding level from under the ESF heading, as proposed by the Senate. The provision continues funding allocations and legislative requirements for Haiti, Guatemala, Mexico, Central America, and trade capacity building. The conferees intend that the pilot project required in subsection (h) will inform the findings and recommendations of the report required on passport cards, which should also include an analysis of the effect that expanding passport cards to air travelers may have on the fees for both the passport cards and passport books.

*Sec. 7046. Colombia*

The conference agreement includes language similar to prior years except that it continues by reference the prior year funding restrictions and reporting requirements with the exception that (b)(1)(B)(iv) of the Omnibus Appropriations Act, 2009 (Public Law 111-8) is modified to include human rights defenders, journalists, trade unionists, political and religious leaders. The provision provides not more than \$521,880,000 for assistance for Colombia from funds made available under the headings ESF, NADR, INCLE, IMET, and FMF. The conferees note that the cap established by this section includes funds that may be derived from regional accounts.

\*Funding in italics denotes a non-add and is not in addition to the program total.

*Sec. 7051. Peacekeeping Assessment*

The conference agreement includes a provision, similar to that proposed by the House and Senate, which amends the cap on peacekeeping assessed costs to 27.3 percent in calendar year 2010.

*Sec. 7052. United Nations Human Rights Council*

The conference agreement includes a provision requiring a report on resolutions adopted by the UN Human Rights Council, similar to that proposed by the House. The Senate did not include a similar provision.

*Sec. 7056. Landmines and Cluster Munitions*

The conference agreement includes language aligning the provision with United States Government policy guidance, as proposed by the Senate.

*Sec. 7059. United States Agency for International Development Management*

The conference agreement modifies specific funding and personnel levels; clarifies

reporting requirements; continues a hiring authority provided in prior years, as proposed by the House; allocates specific funding for LES, as proposed by the Senate; and extends an authority related to Foreign Service Limited appointments.

*Sec. 7060. Global Health Activities*

The conference agreement modifies the prior year funding level for voluntary family planning programs.

*Sec. 7061. Development Grants Program*

The conference agreement modifies the prior year funding level and restricts the grant size to \$2,000,000 to small NGOs, as proposed by the Senate. These funds shall be awarded in an open and competitive process in accordance with all applicable rules and regulations. Grants to support projects and activities in democracy and governance and that directly benefit women and girls, including programs to increase women's leadership capacity, should be supported. The conferees direct the USAID Administrator to submit a report to the Committees on Appropriations not later than 45 days after enactment of this Act, listing the grants made under this program in fiscal year 2009, including the organizations that received grants and the amount and purpose of each grant.

*Sec. 7062. Women in Development*

The conference agreement includes language requiring that food security and agricultural development programs take the unique needs of women into consideration, as proposed by the House.

*Sec. 7063. Gender-Based Violence*

The conference agreement clarifies the application of this provision. The conferees endorse the gender-based violence reporting requirement as proposed in the House Report under the INCLE heading.

*Sec. 7064. Education*

The conference agreement changes the funding levels; requires the continuation of the Coordinator of United States Government Actions to Provide Basic Education Assistance, as proposed by the House; and includes a requirement that education funding be coordinated with other development programs, as proposed by the House. The provision is further modified by providing specific funding levels for higher education assistance for Africa and for partnerships between African and United States institutions of higher education, as proposed by the Senate.

*Sec. 7065. Reconciliation Programs*

The conference agreement modifies the prior year funding levels and makes a technical change. Funds provided for these programs shall be awarded in an open and competitive process in accordance with all applicable rules and regulations.

*Sec. 7070. Africa*

The conference agreement excludes international peacekeeping training from the restriction placed on funding provided under the IMET heading; changes funding levels; includes a provision that makes funding available for programs to promote and support transparency and accountability in natural resource extraction programs; and modifies the funding restriction for Zimbabwe.

The conference agreement includes a provision that restricts FMF assistance for Ethiopia due to reported human rights violations, similar to that proposed by the Senate. The provision excludes assistance to support the deployment of members of the Ethiopian military in international peacekeeping operations.

The conference agreement includes a provision that restricts funding for Rwanda due

to reported human rights violations, similar to that proposed by the Senate. The provision excludes assistance to improve border controls to prevent the importation of minerals into Rwanda, or to support the deployment of members of the Rwandan military in international peacekeeping operations.

The conference agreement includes a provision related to Southern Sudan that is addressed under the ESF heading.

Funds appropriated for counterterrorism programs shall be considered only under the strategic objective for which they were requested. Any deviation from the budget request for these programs, and funds appropriated for a Horn of Africa and Pan Sahel Program, shall be subject to prior consultation with the Committees on Appropriations.

*Sec. 7071. Asia*

The provision provides funding and conditions on assistance for Tibet, Burma, Cambodia, Indonesia, Nepal, North Korea, the People's Republic of China, Philippines, and Timor-Leste, similar to that proposed by the Senate, which are delineated under the ESF and PMF headings, as appropriate.

The conference agreement includes language, similar to that proposed by the Senate, regarding assistance for Vietnam.

*Sec. 7075. Central Asia*

The conference agreement includes a provision which carries forward by reference the terms and conditions of sections 7075(a) and (b) and 7076(a) through (e) of the Omnibus Appropriations Act, 2009 (Public Law 111-8) concerning limitations on assistance for Kazakhstan (relating to human rights and civil liberties, including obligations and commitments to the Organization for Security and Cooperation in Europe) and Uzbekistan (relating to democracy and human rights), except that for the purposes of section 7076(e) "assistance" does not include expanded IMET. This is substantively similar to that proposed by the Senate. The House proposed a limitation only on assistance for Uzbekistan.

The conference agreement does not include language, as proposed by the Senate, concerning extractive industries in Kazakhstan. However, the conferees direct the Secretary of State to submit a report to the Committees on Appropriations, not later than 90 days after enactment of this Act, detailing actions by the Government of Kazakhstan to implement the EITI and other actions to achieve transparency and accountability in managing revenues from oil, gas and mining.

The conference agreement does not include language proposed by the Senate concerning defense articles, services and assistance for the countries of Central Asia. However, the conferees direct the Secretary of State to submit a report to the Committees on Appropriations, not later than September 30, 2010, describing the defense articles, defense services, and financial assistance provided by the United States to the countries of Central Asia during the 12-month period ending 30 days prior to submission of such report; and the use during such period of defense articles, defense services, and financial assistance provided by the United States by units of the armed forces, border guards, or other security forces of such countries.

*Sec. 7076. Afghanistan*

The conference agreement includes a provision that requires that assistance be provided in a manner that utilizes Afghan entities, emphasizes the participation and leadership of Afghan women, and directly improves the security, economic and social well-being, and political status, of Afghan women and girls, similar to that proposed by the Senate.

The conference agreement includes a provision that continues terms and conditions

of section 1102(b)(1) of the Supplemental Appropriations Act, 2009 (Public Law 111-32), as proposed by the Senate, and sets a funding level for programs that directly address the needs and protect the rights of Afghan women and girls, similar to that proposed by the House.

The conference agreement includes a provision that continues the terms and conditions of section 1102(c) and (d) of the Supplemental Appropriations Act, 2009 (Public Law 111-32) related to procurement and anti-corruption, as proposed by the Senate.

The conference agreement includes a provision related to anti-corruption that withholds funds until the Secretary of State certifies that the Government of Afghanistan is cooperating fully with United States efforts against the Taliban and Al Qaeda and efforts to reduce poppy cultivation and illicit drug trafficking, similar to that proposed by the House and Senate.

The conference agreement includes a funding level for the National Solidarity Program and sets requirements for United States reconstruction efforts.

The conference agreement includes a provision related to rule of law programs and a provision that restricts the United States Government from entering into a permanent basing rights agreement with Afghanistan.

*Sec. 7078. United Nations Population Fund*

The conference agreement changes the funding level; includes transfer authority, as proposed by the House; includes a provision withholding funding related to the United Nations Population Fund's program in the People's Republic of China, as proposed by the House; and includes technical changes.

*Sec. 7079. OPIC*

The conference agreement includes a provision, as proposed by the House and Senate, which enables a transfer of up to \$20,000,000 to the OPIC account from title III of this Act if the President determines it furthers the purposes of the Foreign Assistance Act of 1961, subject to regular notification procedures. The agreement includes a provision, as proposed by the Senate, that authorizes and directs OPIC to issue binding environmental, transparency, worker rights, and human rights guidelines, applicable to all OPIC projects, within nine months of enactment of this Act, and to report not later than 180 days after enactment of this Act on OPIC's investment in renewable and other clean energy technologies and plans to significantly reduce greenhouse gas emissions from its portfolio. The conference agreement includes a provision, modified from that proposed by the Senate, that extends OPIC's authorization for one year, through September 30, 2010.

*Sec. 7081. Climate Change and Environment Programs*

The conference agreement modifies prior year funding levels; clarifies the use of clean energy, adaptation and biodiversity funding; includes language related to microfinance renewable energy programs; requires consultation prior to making a contribution to the Forest Carbon Partnership Facility; and makes technical changes.

The conference agreement includes new language authorizing a United States contribution to the CTF. The conferees believe that the CTF should only support renewable energy and energy efficiency projects. The conferees do not believe the Fund should support nuclear energy projects, high impoundment dam projects or fossil fuel technologies except for in the transportation sector as provided in the Act. In addition, the conferees direct the Fund to take all necessary steps to ensure timely public access to and input into project descriptions and

plans; and expect the Fund to ensure that all proper environmental and health reviews are undertaken and are made publicly available.

<b>Total</b> 1,257,200.	

\*Funding in italics denotes a non-add and is not in addition to the program total.

Sec. 7084. *Anti-Kleptocracy*

The conference agreement includes a provision, similar to that proposed by the Senate, requiring the Secretary of State to maintain a list of officials of foreign governments and their immediate family members who the Secretary has credible evidence have been involved in corruption relating to the extraction of natural resources, and to submit a report to the Committees on Appropriations summarizing such evidence for each individual on the list. The conferees note that past reports have been deficient and direct that future reports provide the required information, in a classified form if necessary. Any individual on the list shall be ineligible for admission to the United States. The conferees, recognizing the need to broaden sanctions against those who engage in corrupt practices, direct the Secretary to urge other governments to take similar steps.

Sec. 7085. *International Prison Conditions*

The conference agreement includes a new provision, similar to that proposed by the Senate, that requires the Secretary of State to submit a report on conditions in prisons and other detention facilities in countries receiving United States assistance where the Assistant Secretary of State for Democracy, Human Rights and Labor has determined that arbitrary detention and/or cruel, inhumane or degrading treatment, or inhumane conditions, is common, and identifying those countries whose governments are, and are not, making significant efforts to eliminate such conditions. The conference agreement provides that funds shall be made available, notwithstanding section 660 of the Foreign Assistance Act of 1961. Additionally, the conference agreement continues a provision (section 7034(f) of the Omnibus Appropriations Act, 2009 (Public Law 111-8)) directing the Secretary of State to designate a Deputy Assistant Secretary of State in the Bureau of Democracy, Human Rights and Labor with primary responsibility for diplomatic efforts related to international prison conditions. The House did not include similar language.

Sec. 7086. *Transparency and Accountability*

The conference agreement includes a provision that allows the Secretary of State to withhold funding from a UN organization or agency, similar to that proposed by the Senate; includes a provision regarding document disclosure at the International Monetary Fund (the Fund), as proposed by the Senate; includes a provision related to child labor and the Fund, as proposed by the Senate; clarifies the reporting requirement described in the budget transparency provision, as proposed by the House; provides up to \$1,500,000 to assist the governments of certain countries to improve budget transparency; and includes a new provision to withhold ten per-

cent of funds from the Asian Development Fund until the Secretary of the Treasury reports to the Committees on Appropriations that the Asian Development Bank is pursuing certain reforms to prevent future fraudulent or corrupt activities.

Sec. 7087. *Disability Programs*

The conference agreement includes a provision, similar to that proposed by the Senate, providing not less than \$5,000,000 for programs and activities to address the needs and protect and promote the rights of people with disabilities in developing countries. The conferees direct that of this amount, \$1,000,000 shall be made available for projects to develop, support, and strengthen sports programs for children and adults with physical or intellectual disabilities, to be made available on an open and competitive basis in accordance with all applicable rules and regulations.

Sec. 7088. *Orphans, Displaced, and Abandoned Children*

The conference agreement clarifies the purposes for which funds may be used.

Sec. 7089. *Sri Lanka*

The conference agreement includes a provision, similar to that proposed by the House and Senate, regarding assistance for Sri Lanka. While the conferees welcome the defeat of the Tamil Tigers, the conferees are concerned with internally displaced Sri Lankans who are still detained in closed camps, as well as other persons who have been imprisoned or are being prosecuted for publicly reporting attacks on civilians. The conferees direct the Secretary of State to submit a report to the Committees on Appropriations not later than 45 days after enactment of this Act on the extent to which the Government of Sri Lanka is treating internally displaced persons in accordance with international standards, including by guaranteeing their freedom of movement, providing access to conflict-affected areas and populations by humanitarian organizations and journalists, and accounting for persons detained in the conflict. The conferees are also concerned that the Government of Sri Lanka has not taken credible steps to promote reconciliation among Tamils and other minority ethnic groups. The conference agreement includes a provision directing the Secretary of the Treasury to instruct the United States Executive Directors of the international financial institutions to vote against financial support for Sri Lanka, except to meet basic human needs, unless certain requirements are met. The conferees direct the Secretary of State to submit, not later than 180 days after enactment of this Act, a report supplementing the Secretary's October 21, 2009, report on crimes against humanity in Sri Lanka detailing what, if any, measures have been taken by the Government of Sri Lanka and international bodies to investigate such incidents, and evaluating the effectiveness of such efforts.

Sec. 7090. *International Monetary Fund Provisions*

The conference agreement sets limitations and restrictions on funding provided to the New Arrangements to Borrow (NAB) program at the International Monetary Fund, similar to that proposed by the House. The provision includes language that sets conditions on continued United States participation in the NAB and that restricts United States participation in the NAB to not greater than 20 percent of the total.

Sec. 7091. *Intellectual Property Rights Protection*

The conference agreement includes a provision, similar to that proposed by the House, requiring the Secretary of State to

submit a report on actions to protect intellectual property rights during climate change negotiations. The conferees expect the report to include, but not be limited to, the following technologies: solar, biofuels, wind, batteries, and light-emitting diode lighting. The conferees direct the Secretary to include updates on the United States position, efforts made, and any agreements reached with respect to financing, institutional structures to address technology transfer, and attempts to include compulsory licensing in international agreements. The conferees direct the Secretary to consult with the Committees on Appropriations prior to submission of the initial report.

Sec. 7092. *Prohibition on Certain First-Class Travel*

The conference agreement includes a provision prohibiting the use of funds for first-class travel by employees of agencies funded by this Act in contravention of federal regulations, as proposed by the House.

Sec. 7093. *Limitation on Use of Funds in Contravention of Certain Laws*

The conference agreement includes a new provision, similar to that proposed by the House, which states that none of the funds provided in this Act or prior Acts may be used in contravention of any provision of, or amendment made by, this Act or of certain sections of the Supplemental Appropriations Act, 2009 (Public Law 111-32). The provision further requires the Executive Branch to notify the Committees on Appropriations if a determination is made that a particular provision is unconstitutional.

The following general provisions that were proposed in the House and Senate fiscal year 2010 bills are either addressed elsewhere or are not included in the conference agreement.

Sec. 7006. (House) "International Broadcasting."

Sec. 7042. (House) "Iraq."

Sec. 7044. (House) "Lebanon."

Sec. 7057. (Senate) "Millennium Challenge Corporation."

Sec. 7069. (Senate) "Locally Employed Staff."

Sec. 7074. (House) "Uzbekistan."

Sec. 7086. (House) "UNRWA Accountability."

Sec. 7087. (House) "Limitation on Funds Relating to Transfer or Release of Individuals Detained at Naval Station, Guantanamo Bay, Cuba."

Sec. 7087. (Senate) "Training and Equipment Reports."

Sec. 7092. (Senate) "Cuba."

Sec. 7093. (Senate) "Assistance for Foreign Nongovernmental Organizations."

The following general provisions enacted in Public Law 111-8 are not included in this Act.

Sec. 7006. "Consular Affairs Reform."

Sec. 7041. "Broadcasting Transparency."

Sec. 7042. "Iraq."

Sec. 7044. "Lebanon."

Sec. 7057. "Millennium Challenge Corporation."

Sec. 7076. "Uzbekistan."

Sec. 7087. "Training and Equipment Reports."

Sec. 7092. "Export-Import Bank Rescission."

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, neither the conference report nor the accompanying joint statement of managers contains any congressional earmarks, congressionally directed spending items, limited

tax benefits or limited tariff benefits as defined in the applicable House or Senate rules. Pursuant to clause 9(b) of rule XXI of the Rules of the House of Representatives, neither the conference report nor the joint statement of managers contains any congressional earmarks, limited tax benefits, or limited tariff benefits that were not (1) committed to the conference committee by either House or (2) in a report of a committee of either House on this bill or on a companion measure.
