

As you know, H.R. 1309 was favorably reported by the House Financial Services Committee with unanimous, bipartisan support. We thank the bill sponsors and the Committee for their leadership on this important issue. We respectfully urge you to work for quick passage of this legislation by the full House.

Sincerely,

American Bankers Association, American Bankers Insurers Association, American Financial Services Association, American Insurance Association, American Land Title Association, American Resort Development Association, American Securitization Forum, Chamber Southwest LA, Commercial Real Estate Finance Council, Consumer Bankers Association, Council of Insurance Agents and Brokers, Credit Union National Association, The Financial Services Roundtable, Independent Community Bankers of America.

I yield the balance of my time to the gentleman from Illinois (Mr. DOLD).

The CHAIR. The gentleman is recognized for 1 minute.

Mr. DOLD. I thank the gentlelady for yielding.

I do want to talk about the flood insurance program, one that I think enjoys great bipartisan support. I want to thank the chairwoman for her guidance and, obviously, Ms. WATERS for her leadership as well.

Five million, actually, residential and commercial properties across the land rely on this flood insurance. They depend on it for stability. And we have to recognize that there, indeed, are problems. We have debt; there is no question about that. It's undercapitalized, which is placing the taxpayers at risk. But this bill would minimize taxpayer risk by making the program more self-sufficient over time by expanding the private sector's role while allowing—and not allowing for coverage gaps.

It also moves toward actuarially sound rates and creates a new flooding map, which creates a platform upon which risk can be measured and priced by the private sector. This is exactly the kind of solution that we need to have here in the United States Congress, to be able to still provide coverage in areas that need it so desperately and yet move us gradually over to actuarially sound rates.

With that, I thank the gentlelady for her leadership.

Mr. GENE GREEN of Texas. Madam Chair, I rise today in support of the Flood Insurance Reform Act, H.R. 1309.

Flood insurance is critical for homeowners in our area who rely on this program to protect their hard-earned investments in their homes. The National Flood Insurance Program is the

primary source of flood insurance for Americans and people in our district. About 5.6 million homes and businesses nationwide rely on NFIP.

In our district, in Houston and East Harris County, Texas, flood insurance is a top priority. The Harris County Flood Control District does an impressive job of implementing new flood control measures in the way of maintaining bayous, building retention basins, and implementing drainage features, but even the best flood control will be defeated by a particularly bad storm.

While I support the underlying bill, I am especially supportive of measures that I first advocated for in 2007. During Floor Debate of the 2007 bill, I offered an amendment that was adopted, and it is also included in the bill we are debating today.

Our language provides for a limited, five-year phase-in of flood insurance premiums for low-income homeowners or renters whose primary residence is placed within a flood plain through an updating of flood insurance program maps. These homes can be valued at no more than 75 percent of the median home value for the state in which the property is located. This is important to residents of our district, who need the stability and stability that this provision allows.

I want to thank Chairman BACHUS and Ranking Member FRANK for their leadership on this issue and for including this important provision.

Mr. VAN HOLLEN. Madam Chair, I rise in support of the Flood Insurance Reform Act of 2011 (H.R. 1309).

The National Flood Insurance Program is the primary source of reliable and affordable flood insurance for over 5.6 million homes and businesses. Today's bipartisan legislation reauthorizes the program for five years through FY 2016 and contains numerous reforms designed to put the program on firmer financial footing.

The bill is supported by the National Association of Realtors, the National Association of Homebuilders, the American Insurance Association, the Property Casualty Insurers Association and the Independent Insurance Agents and Brokers of America, and in my judgment, strikes the proper balance between providing Americans with the flood insurance protection they need at a price taxpayers can afford.

The CHAIR. All time for general debate has expired.

Mrs. BIGGERT. Madam Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. KLINE) having assumed the chair, Ms. FOXX, Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 1309) to extend the authorization of the national flood insurance program, to achieve reforms to improve the financial integrity and stability of the program, and to increase the role of private markets in the management of flood insurance risk, and for other purposes, had come to no resolution thereon.
