

knew Dave to be a remarkably talented and committed individual with a gift for leadership.

Dave spent 32 years with Outward Bound, a program that uses the outdoors as a classroom to inspire service to others and to coach leadership skills, oftentimes to underprivileged youth. Having taught some 2,000 students, he had an incredible enthusiasm for bringing people together to overcome challenges in ways they never thought possible.

Throughout his tenure in the North Carolina Outward Bound, Dave played an invaluable role as an educator, but he was also an innovator. In 1999, he started the Unity Project, which is designed to break down barriers of social and economic inequality. His efforts have enabled nearly 1,000 young leaders to become agents of social change in their local schools and communities, and the program continues to educate and train future leaders today.

Dave once said of the Outward Bound School, "Compassion is the well-spring from which we derive our relevance." These words should serve as a guiding compass for us all. Dave taught from a place of understanding, and he sought to ensure every one of his students came away with a greater appreciation for others and the knowledge that, in his words, "We're all in this together." He used the great outdoors to build a sense of community among adventurers, but more important, he taught them how to carry on his work to build bridges between people. Neighborhoods, cities, and States have been touched by Dave's work, and we can all be grateful for his contribution.

A longtime outdoorsman myself, I appreciate and admire Dave's passion for our wild lands and the lessons they can teach us. Always a bold leader, scaling the toughest of life's mountains, Dave's extraordinary character exemplifies an ideal to which we all should strive. He is missed by many, but his memory continues to guide me and all his students.●

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-9. A concurrent resolution adopted by the General Assembly of the State of Ohio requesting the National Museum of the United States Air Force at Wright-Patterson Air Force Base be selected to display one of the space shuttle orbiters at the conclusion of the space shuttle program; to the Committee on Armed Services.

SENATE CONCURRENT RESOLUTION NO. 2

Whereas, the National Aeronautics and Space Administration (NASA) intends to select a limited number of museums for the display of the space shuttle orbiters that will be retired at the conclusion of the space shuttle program. The National Museum of the United States Air Force at Wright-Patterson Air Force Base near Dayton, Ohio, would be an excellent choice for the display of a space shuttle orbiter; and

Whereas, the Museum, the world's oldest and largest museum of aviation, is the depository for the Air Force's National Historical Collection and features more than 400 aerospace vehicles, including Mercury, Gemini, and Apollo space capsules. With 1.3 million visitors each year, the Museum is the most visited free tourist destination in Ohio and is one of the most visited in the country; and

Whereas, the Museum is ready to accommodate a space shuttle orbiter with one million square feet of climate-controlled exhibit space and an adjacent runway that is approved for a landing of the shuttle carrier aircraft with a shuttle. In addition, the Museum employs professional aerospace vehicle restoration staff who are experienced in working with hazardous aerospace materials such as those found on the shuttle and who will ensure the preservation of the shuttle to the highest museum standards; and

Whereas, the Museum is located near Dayton, Ohio, the birthplace of aviation and in the National Aviation Heritage Area, an area designated by Congress that includes the Armstrong Air and Space Museum, Dayton Aviation Heritage National Historical Park, and National Aviation Hall of Fame. Finally, the Museum is easily accessible from major population centers and is within a 600-mile radius of 61% of the United States population; and
