

Whereas Amtrak provided intercity passenger rail travel to 28,700,000 Americans in 46 States during fiscal year 2010;

Whereas community railroad stations are a source of civic pride, a gateway to over 500 of our Nation's communities, and a tool for economic growth;

Now, therefore, be it Resolved, That the Senate supports the goals and ideals of National Train Day, as designated by Amtrak.

SENATE RESOLUTION 172—RECOGNIZING THE IMPORTANCE OF CANCER RESEARCH AND THE CONTRIBUTIONS MADE BY SCIENTISTS AND CLINICIANS ACROSS THE UNITED STATES WHO ARE DEDICATED TO FINDING A CURE FOR CANCER, AND DESIGNATING MAY 2011, AS "NATIONAL CANCER RESEARCH MONTH"

Mrs. FEINSTEIN (for herself, Mrs. HUTCHISON, Mr. BEGICH, Mr. BROWN of Ohio, Mr. CRAPO, Mr. JOHNSON of South Dakota, Mr. KIRK, Ms. LANDRIEU, Mr. MORAN, Mr. TESTER, and Mr. CASEY) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 172

Whereas in 2011, cancer remains one of the most pressing public health concerns in the United States, with 1,500,000 Americans expected to be diagnosed with cancer and more than 500,000 expected to die from the disease;

Whereas the term "cancer" refers to more than 200 diseases that collectively represent the leading cause of death for Americans under age 85, and the second leading cause of death for Americans overall;

Whereas the national investment in cancer research has yielded substantial returns in research advances and lives saved, with a scholarly estimate that every 1 percent decline in cancer mortality saves the United States economy \$500,000,000,000;

Whereas advancements in the understanding of the causes, mechanisms, diagnosis, treatment, and prevention of cancer have led to cures for many types of cancers and have converted other types of cancers into manageable chronic conditions;

Whereas the 5-year survival rate for all cancers has improved during the 30 years prior to the date of approval of this resolution to more than 65 percent, and as of 2011, there are more than 12,000,000 cancer survivors living in the United States;

Whereas partnerships with research scientists and the general public, survivors and patient advocates, philanthropic organizations, industry, and Federal, State, and local governments have led to advanced breakthroughs, early detection tools that have increased survival rates, and a better quality of life for cancer survivors; and

Whereas advances in cancer research have had significant implications for the treatment of other costly diseases such as diabetes, heart disease, Alzheimer's disease, HIV/AIDS, and macular degeneration: Now, therefore, be it

Resolved, That the Senate—

(1) recognizes the importance of cancer research and the invaluable contributions of the researchers in the United States and worldwide and who are dedicated to reversing the cancer epidemic;

(2) designates May 2011, as "National Cancer Research Month"; and

(3) supports efforts to make cancer research a national and international priority

so that one day the more than 200 diseases known as cancer are eliminated.

SENATE CONCURRENT RESOLUTION 15—SUPPORTING THE GOALS AND IDEALS OF WORLD MALARIA DAY, AND REAFFIRMING UNITED STATES LEADERSHIP AND SUPPORT FOR EFFORTS TO COMBAT MALARIA AS A CRITICAL COMPONENT OF THE PRESIDENT'S GLOBAL HEALTH INITIATIVE

Mr. COONS (for himself, Mr. WICKER, Mr. ISAKSON, Mr. BOOZMAN, Mr. DURBIN, Mr. INHOFE, Mr. CARDIN, Mr. COCHRAN, Mr. LIEBERMAN, and Mr. MERKLEY) submitted the following concurrent resolution; which was referred to the Committee on Foreign Relations:

S. CON. RES. 15

Whereas April 25th of each year is recognized internationally as World Malaria Day;

Whereas malaria is a leading cause of death and disease in many developing countries, despite being completely preventable and treatable;

Whereas, according to the Centers for Disease Control and Prevention, 35 countries, the majority of them in sub-Saharan Africa, account for 98 percent of global malaria deaths;

Whereas young children and pregnant women are particularly vulnerable and disproportionately affected by malaria;

Whereas malaria greatly affects child health, with estimates that children under the age of 5 account for 85 percent of malaria deaths each year;

Whereas malaria poses great risks to maternal health, causing complications during delivery, anemia, and low birth weights, with estimates that malaria infection causes 400,000 cases of severe maternal anemia and from 75,000 to 200,000 infant deaths annually in sub-Saharan Africa;

Whereas heightened national, regional, and international efforts to prevent and treat malaria over recent years have made measurable progress and have helped save hundreds of thousands of lives;

Whereas the World Health Organization's World Malaria Report 2010 reports that in 2010, more African households (42 percent) owned at least one insecticide-treated mosquito net (ITN), more children under 5 years of age (35 percent) were using an ITN compared to previous years, and household ITN ownership reached more than 50 percent in 19 African countries;

Whereas the World Health Organization's World Malaria Report 2010 further states that a total of 11 countries and one area in the African Region showed a reduction of more than 50 percent in either confirmed malaria cases or malaria admissions and deaths in recent years (Algeria, Botswana, Cape Verde, Eritrea, Madagascar, Namibia, Rwanda, Sao Tome and Principe, South Africa, Swaziland, Zambia, and Zanzibar, United Republic of Tanzania), and that in all countries, the decreases are associated with intense malaria control interventions;

Whereas continued national, regional, and international investment is critical to continue to reduce malaria deaths and to prevent backsliding in those areas where progress has been made;

Whereas the United States Government has played a major leadership role in the recent progress made toward reducing the global burden of malaria, particularly through the President's Malaria Initiative (PMI) and the United States contribution to the Global Fund to Fight AIDS, Tuberculosis, and Malaria;

Whereas, on World Malaria Day in 2009, President Barack Obama stated, "The U.S. stands with our global partners and people around the world to reaffirm our commitment to make the U.S. a leader in ending deaths from malaria by 2015. . . It is time to redouble our efforts to rid the world of a disease that does not have to take lives.";

Whereas, under the Global Health Initiative (GHI), the United States Government is pursuing a comprehensive, whole-of-government approach to global health, focused on helping partner countries to achieve major improvements in overall health outcomes through transformational advances in access to, and the quality of, healthcare services in resource-poor settings; and

Whereas recognizing the burden of malaria on many partner countries, PMI has set the target for 2015 of reducing the burden of malaria by 50 percent for 450,000,000 people, representing 70 percent of the at-risk population in Africa: Now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That Congress—

(1) supports the goals and ideals of World Malaria Day, including the achievable target of ending malaria deaths by 2015;

(2) recognizes the importance of reducing malaria prevalence and deaths to improve overall child and maternal health, especially in sub-Saharan Africa;

(3) commends the recent progress made toward reducing global malaria deaths and prevalence, particularly through the efforts of the President's Malaria Initiative and the Global Fund to Fight AIDS, Tuberculosis, and Malaria;

(4) welcomes ongoing public-private partnerships to research and develop more effective and affordable tools for malaria diagnosis, treatment, and vaccination;

(5) reaffirms the goals and commitments to combat malaria in the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008 (Public Law 110-293);

(6) supports continued leadership and investment by the United States in bilateral and multilateral efforts to combat malaria as a critical part of the President's Global Health Initiative; and

(7) encourages other members of the international community to sustain and scale up their support and financial contributions for efforts worldwide to combat malaria.

AMENDMENTS SUBMITTED AND PROPOSED

SA 318. Mr. REID (for Mr. PAUL) proposed an amendment to the resolution S. Res. 158, congratulating the students, parents, teachers, and administrators of charter schools across the United States for ongoing contributions to education, and supporting the ideals and goals of the 12th annual National Charter Schools Week.

TEXT OF AMENDMENTS

SA 318. Mr. REID (for Mr. PAUL) proposed an amendment to the resolution S. Res. 158, congratulating the students, parents, teachers, and administrators of charter schools across the United States for ongoing contributions to education, and supporting the ideals and goals of the 12th annual National Charter Schools Week; as follows:

Strike the 14th whereas clause.

NOTICES OF HEARINGS

COMMITTEE ON ENERGY AND NATURAL
RESOURCES

Mr. BINGAMAN. Mr. President, I would like to announce for the information of the Senate and the public that a hearing has been scheduled before the Subcommittee on Public Lands and Forests. The hearing will be held on Wednesday, May 18, 2011, at 2:30 p.m., in room SD-366 of the Dirksen Senate Office Building.

The purpose of the hearing is to receive testimony on the following bills:

S. 220, to provide for the restoration of forest landscapes, protection of old growth forests, and management of national forests in the eastside forests of the State of Oregon;

S. 270, to direct the Secretary of the Interior to convey certain Federal land to Deschutes County, Oregon;

S. 271, to require the Secretary of Agriculture to enter into a property conveyance with the city of Wallowa, Oregon, and for other purposes;

S. 278, to provide for the exchange of certain land located in the Arapaho-Roosevelt National Forests in the State of Colorado, and for other purposes;

S. 292, to resolve the claims of the Bering Straits Native Corporation and the State of Alaska to land adjacent to Salmon Lake in the State of Alaska and to provide for the conveyance to the Bering Straits Native Corporation of certain other public land in partial satisfaction of the land entitlement of the Corporation under the Alaska Native Claims Settlement Act;

S. 322, to expand the Alpine Lakes Wilderness in the State of Washington, to designate the Middle Fork Snoqualmie River and Pratt River as wild and scenic rivers, and for other purposes;

S. 382, to amend the National Forest Ski Area Permit Act of 1986 to clarify the authority of the Secretary of Agriculture regarding additional recreational uses of National Forest System land that is subject to ski area permits, and for other purposes;

S. 427, to withdraw certain land located in Clark County, Nevada, from location, entry, and patent under the mining laws and disposition under all laws pertaining to mineral and geothermal leasing or mineral materials, and for other purposes;

S. 526, to provide for the conveyance of certain Bureau of Land Management land in Mohave County, Arizona, to the Arizona Game and Fish Commission, for use as a public shooting range;

S. 566, to provide for the establishment of the National Volcano Early Warning and Monitoring System;

S. 590, to convey certain submerged lands to the Commonwealth of the Northern Mariana Islands in order to give that territory the same benefits in its submerged lands as Guam, the Virgin Islands, and American Samoa have in their submerged lands;

S. 607, to designate certain land in the State of Oregon as wilderness, to provide for the exchange of certain Federal land and non-Federal land, and for other purposes;

S. 617, to require the Secretary of the Interior to convey certain Federal land to Elko County, Nevada, and to take land into trust for the Te-moak Tribe of Western Shoshone Indians of Nevada, and for other purposes;

S. 683, to provide for the conveyance of certain parcels of land to the town of Mantua, Utah;

S. 684, to provide for the conveyance of certain parcels of land to the town of Alta, Utah;

S. 667, to establish the Rio Grande del Norte National Conservation Area in the State of New Mexico, and for other purposes;

S. 729, to validate final patent number 27-2005-0081, and for other purposes;

S. 766, to provide for the designation of the Devil's Staircase Wilderness Area in the State of Oregon, to designate segments of Wasson and Franklin Creeks in the State of Oregon as wild rivers, and for other purposes;

S. 896, to amend the Public Lands Corps Act of 1993 to expand the authorization of the Secretaries of Agriculture, Commerce, and the Interior to provide service opportunities for young Americans; help restore the nation's natural, cultural, historic, archaeological, recreational and scenic resources; train a new generation of public land managers and enthusiasts; and promote the value of public service; and

S. 897, to amend the Surface Mining Control and Reclamation Act of 1977 to clarify that uncertified States and Indian tribes have the authority to use certain payments for certain noncoal reclamation projects.

Because of the limited time available for the hearing, witnesses may testify by invitation only. However, those wishing to submit written testimony for the hearing record should send it to the Committee on Energy and Natural Resources, United States Senate, Washington, DC 20510-6150, or by email to allison_seyferth@energy.senate.gov.

For further information, please contact Scott Miller or Allison Seyferth.

COMMITTEE ON ENERGY AND NATURAL
RESOURCES

Mr. BINGAMAN. Mr. President, I would like to announce for the information of the Senate and the public that a hearing has been scheduled before the Subcommittee on Public Lands and Forests. The hearing will be held on Wednesday, May 25, 2011, at 2:30 p.m., in room SD-366 of the Dirksen Senate Office Building.

The purpose of the hearing is to receive testimony on the following bills:

S. 233, to withdraw certain Federal land and interests in that land from location, entry, and patent under the mining laws and disposition under the mineral and geothermal leasing laws;

S. 375, to authorize the Secretary of Agriculture and the Secretary of the

Interior to enter into cooperative agreements with State foresters authorizing State foresters to provide certain forest, rangeland, and watershed restoration and protection services;

S. 714, to reauthorize the Federal Land Transaction Facilitation Act, and for other purposes; and

S. 730, to provide for the settlement of certain claims under the Alaska Native Claims Settlement Act, and for other purposes.

Because of the limited time available for the hearing, witnesses may testify by invitation only. However, those wishing to submit written testimony for the hearing record should send it to the Committee on Energy and Natural Resources, United States Senate, Washington, DC 20510-6150, or by email to allison_seyferth@energy.senate.gov.
