The resolution, with its preamble, reads as follows:

S. RES. 104

Whereas, each year, States across the Nation formally designate September as Campus Fire Safety Month;

Whereas, since January 2000, at least 143 people, including students, parents, and children have died in campus-related fires;

Whereas 85 percent of those deaths occurred in off-campus residences;

Whereas a majority of college students in the United States live in off-campus residences;

Whereas a number of fatal fires have occurred in buildings in which the fire safety systems had been compromised or disabled by the occupants;

Whereas automatic fire alarm systems provide the early warning of a fire that is necessary for occupants and the fire department to take appropriate action;

Whereas automatic fire sprinkler systems are a highly effective method of controlling or extinguishing a fire in its early stages, protecting the lives of the building's occupants;

Whereas many college students live in off-campus residences, fraternity and sorority housing, and residence halls that are not adequately protected with automatic fire sprinkler systems and automatic fire alarm systems;

Whereas fire safety education is an effective method of reducing the occurrence of fires and reducing the resulting loss of life and property damage;

Whereas college students do not routinely receive effective fire safety education during their time in college;

Whereas it is vital to educate young people in the United States about the importance of fire safety to help ensure fire-safe behavior by young people during their college years and beyond; and

Whereas, by developing a generation of fire-safe adults, future loss of life from fires may be significantly reduced: Now, therefore, be it

Resolved, That the Senate—

(1) designates September 2011 as "Campus Fire Safety Month"; and

(2) encourages administrators of institutions of higher education and municipalities across the country—

(A) to provide educational programs to all students during September and throughout the school year;

(B) to evaluate the level of fire safety being provided in both on- and off-campus student housing; and

(C) to ensure fire-safe living environments through fire safety education, installation of fire suppression and detection systems, and the development and enforcement of applicable codes relating to fire safety.

NATIONAL AIRBORNE DAY

Mr. REID. I ask unanimous consent that the Senate proceed to the immediate consideration of S. Res. 254.

A resolution (S. Res. 254) designating August 16, 2011, as "National Airborne Day."

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 254) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 254

Whereas the airborne forces of the Armed Forces have a long and honorable history as bold and fierce warriors who, for the national security of the United States and the defense of freedom and peace, project the

ground combat power of the United States by air transport to the far reaches of the battle area and to the far corners of the world;

Whereas the United States' experiment with airborne operations began on June 25, 1940, when the Army Parachute Test Platoon was first authorized by the Department of War, and 48 volunteers began training in July 1940;

Whereas August 16 marks the anniversary of the first official Army parachute jump on August 16, 1940, to test the innovative concept of inserting United States ground combat forces behind a battle line by means of a parachute;

Whereas the success of the Army Parachute Test Platoon in the days immediately before the entry of the United States into World War II validated the airborne operational concept and led to the creation of a formidable force of airborne formations, such as the 11th, 13th, 17th, 82nd, and 101st Airborne Divisions;

Whereas included in these divisions, and among other separate formations, were many airborne combat, combat support, and combat service support units that served with distinction and achieved repeated success in armed hostilities that provide the lineage and legacy of many airborne units throughout our Armed Forces;

Whereas the achievements of the airborne forces during World War II prompted the evolution of those forces into a diversified force of parachute and air-assault units that, over the years, have fought in Korea, Vietnam, Grenada, Panama, the Persian Gulf region, and Somalia, and have engaged in peacekeeping operations in Lebanon, the Sinai Peninsula, the Dominican Republic, Haiti, Bosnia, and Kosovo;

Whereas since the terrorist attacks on September 11, 2001, United States airborne forces, which include members of the XVIII Airborne Corps, the 82nd Airborne Division, the 101st Airborne Division, the 173rd Airborne Brigade Combat Team, the 4th Brigade Combat Team (Airborne) of the 25th Infantry Division, the 75th Ranger Regiment, and special operations forces of the Army, Marine Corps, Navy, and Air Force, together with other units of the Armed Forces, have demonstrated bravery and honor in combat, stability, and training operations in Afghanistan and Iraq;

Whereas the modern-day airborne force also includes other elite forces composed of airborne trained and qualified special operations warriors, including Army Special Forces, Marine Corps Reconnaissance units, Navy SEALs, and Air Force combat control and para-rescue teams;

Whereas of the members and former members of the United States airborne forces, thousands have achieved the distinction of making combat jumps, dozens have earned the Medal of Honor, and hundreds have earned the Distinguished Service Cross, the Silver Star, or other decorations and awards for displays of heroism, gallantry, intrepidity, and valor;

Whereas the members and former members of the United States airborne forces are all members of a proud and honorable tradition that, together with their special skills and achievements, distinguishes such members as intrepid combat parachutists, air assault forces, special operation forces, and, in former days, glider troops;

Whereas the history and achievements of the members and former members of the United States airborne forces warrant special expressions of the gratitude of the people of the United States; and

Whereas since the airborne forces, past and present, celebrate August 16 as the anniversary of the first official jump by the Army Parachute Test Platoon, August 16 is an ap-

propriate day to recognize as National Airborne Day: Now, therefore, be it

Resolved, That the Senate—

(1) designates August 16, 2011, as "National Airborne Day"; and

(2) calls on the people of the United States to observe National Airborne Day with appropriate programs, ceremonies, and activities.

NATIONAL CHESS DAY

Mr. REID. I ask unanimous consent to proceed to S. Res. 255.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The assistant legislative clerk read as follows:

A resolution (S. Res. 255) designating October 8, 2011, as "National Chess Day" to enhance awareness and encourage students and adults to engage in a game known to enhance critical thinking and problem-solving skills.

There being no objection, the Senate proceeded to consider the resolution.

Mr. ROCKEFELLER. Mr. President, I rise today in support of this resolution to designate National Chess Day as October 8, 2011. I greatly appreciate the support of my colleague, Senator LAMAR ALEXANDER of Tennessee.

National Chess Day is designed to enhance awareness and encourage students and adults to engage in a game known to enhance critical thinking and problem-solving skills.

There are 76,000 members of the Chess Federation and half of them are students. Studies indicate that chess programs can help with students improving in math and reading. Engaging students in such activities can make learning fun and help them develop a lifelong pastime to engage their skills.

Engaging students in chess is a wonderful opportunity to promote education, and I hope as school begins in a few weeks, more students will join the Chess Federation and learn this historical game.

Mr. REID. I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motion to reconsider be laid upon the table, with no intervening action or debate, and any statements relating to this matter be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 255) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 255

Whereas there are more than 76,000 members of the United States Chess Federation (referred to in this preamble as the "Federation"), and unknown numbers of additional people in the United States who play the game without joining an official organization;

Whereas approximately 1/2 of the members of the Federation are scholastic members, and many of the scholastic members join by the age of 10;

Whereas the Federation is very supportive of the scholastic programs and sponsors a
