NATIONAL NURSE-MANAGED HEALTH CLINIC WEEK

Mr. DURBIN. Mr. President, I ask unanimous consent that the Judiciary Committee be discharged from further consideration of S. Res. 256 and the Senate proceed to its consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the resolution by title.

The assistant legislative clerk read as follows:

A resolution (S. Res. 256) designating the week of October 2 through October 8, 2011, as "National Nurse-Managed Health Clinic Week."

There being no objection, the Senate proceeded to consider the resolution.

Mr. DURBIN. Mr. President, I ask unanimous consent that the resolution be agreed to, the preamble be agreed to, the motions to reconsider be laid upon the table, with no intervening action or debate, and any related statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolution (S. Res. 256) was agreed to.

The preamble was agreed to.

The resolution, with its preamble, reads as follows:

S. RES. 256

Whereas nurse-managed health clinics are nonprofit community-based health care sites that offer primary care and wellness services based on the nursing model;

Whereas the nursing model emphasizes the protection, promotion, and optimization of health, the prevention of illness, the alleviation of suffering, and the diagnosis and treatment of illness;

Whereas nurse-managed health clinics are led by advanced practice nurses and staffed by an interdisciplinary team of highly qualified health care professionals;

Whereas nurse-managed health clinics offer a broad scope of services including treatment for acute and chronic illnesses, routine physical exams, immunizations for adults and children, disease screenings, health education, prenatal care, dental care, and drug and alcohol treatment;

Whereas nurse-managed health clinics have a proven track record, as the first federally funded nurse-managed health clinic was created more than 35 years ago;

Whereas, as of June 2011, more than 250 nurse-managed health clinics provided care across the United States and recorded more than 2,000,000 client encounters annually;

Whereas nurse-managed health clinics serve a unique dual role as both health care safety net access points and health workforce development sites, given that the majority of nurse-managed health clinics are affiliated with schools of nursing and serve as clinical education sites for students entering the health profession;

Whereas nurse-managed health clinics strengthen the health care safety net by expanding access to primary care and chronic disease management services for vulnerable and medically underserved populations in diverse rural, urban, and suburban communities;

Whereas research has shown that nurse-managed health clinics experience high-patient retention and patient satisfaction rates, and nurse-managed health clinic patients experience higher rates of generic medication fills and lower hospitalization rates when compared to similar safety net providers; and

Whereas the use of nurse-managed health clinics offering both primary care and wellness services will help meet this increased demand in a cost-effective manner: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates the week of October 2 through October 8, 2011, as “National Nurse-Managed Health Clinic Week”;

(2) supports the ideals and goals of National Nurse-Managed Health Clinic Week; and

(3) encourages the expansion of nurse-managed health clinics so that nurse-managed health clinics may continue to serve as health care workforce development sites for the next generation of primary care providers.

RESOLUTIONS SUBMITTED TODAY

Mr. DURBIN. Mr. President, I ask unanimous consent the Senate proceed to the immediate consideration en bloc of the following resolutions, which were submitted earlier today: S. Res.

262, S. Res. 263, S. Res. 264, and S. Res. 265.

There being no objection, the Senate proceeded to consider the resolutions.

Mr. DURBIN. I ask unanimous consent that the resolutions be agreed to, the preambles be agreed to, the motions to reconsider be laid upon the table en bloc, with no intervening action or debate, and any related statements be printed in the RECORD.

The PRESIDING OFFICER. Without objection, it is so ordered.

The resolutions were agreed to.

The preambles were agreed to.

The resolutions, with their preambles, read as follows:

S. RES. 262

Designating the week beginning on September 12, 2011, and ending on September 16, 2011, as “National Health Information Technology Week” to recognize the value of health information technology in improving health quality

Whereas healthcare information technology and management systems have been recognized as essential tools for improving patient care, ensuring patient safety, stopping duplicative tests and paperwork, and reducing health care costs;

Whereas the Center for Information Technology Leadership has estimated that the implementation of national standards for interoperability and the exchange of health information would save the United States approximately \$77,000,000,000 in expenses relating to healthcare each year;

Whereas Congress has made a commitment to leveraging the benefits of healthcare information technology and management systems, including supporting the adoption of electronic health records that will help to reduce costs and improve quality while ensuring the privacy of patients;

Whereas Congress has emphasized improving the quality and safety of delivery of healthcare in the United States; and

Whereas since 2006, organizations across the United States have united to support National Health Information Technology Week to improve public awareness of the benefits of improved quality and cost efficiency of the healthcare system that the implementation of health information technology could achieve: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates the week beginning on September 12, 2011, and ending on September 16, 2011, as “National Health Information Technology Week”;

(2) recognizes the value of information technology and management systems in transforming healthcare for the people of the United States; and

(3) calls on all interested parties to promote the use of information technology and management systems to transform the healthcare system of the United States.

S. RES. 263

Designating the week beginning September 11, 2011, as “National Direct Support Professionals Recognition Week”

Whereas direct support professionals, direct care workers, personal assistants, personal attendants, in-home support workers, and paraprofessionals (referred to in this preamble as “direct support professionals”) are the primary providers of publicly-funded long term supports and services for millions of individuals;

Whereas a direct support professional must build a close, trusted relationship with an individual with disabilities;

Whereas a direct support professional assists an individual with disabilities with the most intimate needs, on a daily basis;

Whereas direct support professionals provide a broad range of support, including preparation of meals, helping with medications, bathing, dressing, mobility, transportation to school, work, religious, and recreational activities, and general daily affairs;

Whereas a direct support professional provides essential support to help keep an individual with disabilities connected to such individual’s family and community;

Whereas direct support professionals enable individuals with disabilities to live meaningful, productive lives;

Whereas direct support professionals are the key to allowing an individual with disabilities to live successfully in such individual’s community, and to avoid more costly institutional care;

Whereas the majority of direct support professionals are female, and many are the sole breadwinners of their families;

Whereas direct support professionals work and pay taxes, but many such professionals remain impoverished and are eligible for the same Federal and State public assistance programs on which the individuals with disabilities served by such direct support professionals must depend;

Whereas Federal and State policies, as well as the Supreme Court, in *Olmstead v. L.C.*, 527 U.S. 581 (1999), assert the right of an individual to live in the home and community of the individual;

Whereas, in 2011, the majority of direct support professionals are employed in home and community-based settings and this trend is projected to increase over the decade;

Whereas there is a documented critical and growing shortage of direct support professionals in every community throughout the United States; and

Whereas many direct support professionals are forced to leave jobs due to inadequate wages and benefits, creating high turnover and vacancy rates that research demonstrates adversely affects the quality of supports to individuals with disabilities: Now, therefore, be it

*Resolved*, That the Senate—

(1) designates the week beginning September 11, 2011, as “National Direct Support Professionals Recognition Week”;

(2) recognizes the dedication and vital role of direct support professionals in enhancing the lives of individuals with disabilities of all ages;

(3) appreciates the contribution of direct support professionals in supporting the needs that reach beyond the capacities of millions of families in the United States;

(4) commends direct support professionals as integral in supporting the long-term support and services system of the United States; and

(5) finds that the successful implementation of the public policies of the United States depends on the dedication of direct support professionals.

S. RES. 264

Designating September 12, 2011, as “National Day of Encouragement”

Whereas negative images, stories, and influences in the day-to-day lives of the people of the United States can detrimentally affect
