SEC. ___. PROHIBITION ON EXPORTATION OF DUAL-USE ITEMS TO THE PEOPLE'S REPUBLIC OF CHINA.

(a) FINDINGS.—Congress makes the following findings:

(1) According to the United States International Trade Commission, exports from the United States to the People's Republic of China have risen substantially in recent years, totaling approximately $91,900,000,000 in 2010 compared to approximately $69,900,000,000 in 2009.

(2) China is the third-largest export market for goods produced in the United States, including dual-use items, which have both civilian and military applications.

(3) China is also a major trading partner of both the Islamic Republic of Iran and the Democratic People's Republic of North Korea.

(4) The Ambassador of China to Iran recently noted that trade between China and Iran is expected to increase to $40,000,000,000 to $45,000,000,000 in 2011, an increase from approximately $30,000,000,000 in 2010.

(5) A South Korean news agency recently reported that North Korea's trade dependence on China continues to grow, accounting for more than half of all North Korea's foreign trade.

(6) The Department of Commerce requires dual-use items to be licensed before being exported to China. Since 2007, however, preauthorized end-users in China have been authorized to participate in the Validated End-User program, which allows certain items to be exported without a license. While on-site audits of validated end-users in China by the Department of Commerce are permissible, the effectiveness of the Validated End-User program remains uncertain.

(7) The Government of China has a poor track record of enforcement of export controls. Moreover, the Government of China remains largely indifferent to the implementation of international sanctions on both Iran and North Korea for activities relating to the proliferation of weapons of mass destruction.

(8) China's expanding trade relationships with both Iran and North Korea raise concern that sensitive dual-use items exported from the United States may end up in the hands of rogue regimes and dangerous proliferators of weapons of mass destruction.

(b) DENIAL OF LICENSES FOR EXPORTATION OF DUAL-USE ITEMS TO CHINA.—

(1) IN GENERAL.—Notwithstanding any other provision of law, on and after the date of the enactment of this Act, the Secretary of Commerce shall—

(A) require a license for the exportation of any item on the Commerce Control List to China; and

(B) unless the Secretary submits to Congress the certification described in paragraph (2), deny any request for such a license.

(2) CERTIFICATION DESCRIBED.—A certification described in this paragraph is a certification by the Secretary of Commerce, in consultation with the Director of National Intelligence, the Secretary of State, the Secretary of Defense, and the heads of other relevant Federal agencies, that no items on the Commerce Control List that are exported from the United States are transshipped through China to Iran, North Korea, Syria, or any other country of concern with respect to the proliferation of weapons of mass destruction.

(c) REPORT ON PREVENTING TRANSSHIPMENT OF DUAL-USE ITEMS.—Not later than 90 days after the date of the enactment of this Act, the Secretary of Commerce, in consultation with the Director of National Intelligence, the Secretary of State, the Secretary of the Treasury, the Secretary of Defense, and the heads of other relevant Federal agencies, shall submit to Congress a report setting forth a comprehensive strategy to prevent the transshipment of items on the Commerce Control List to countries of concern with respect to the proliferation of weapons of mass destruction.

(d) COMMERCE CONTROL LIST DEFINED.—In this section, the term ''Commerce Control List'' means the list maintained pursuant to part 774 of title 15, Code of Federal Regulations (or any corresponding similar regulation or ruling).

SEC. 243. FINDINGS AND PURPOSE.

(a) FINDINGS.—Congress finds that—

(1) infrastructure has always been a vital element of the economic strength of the United States and a key indicator of the international leadership of the United States;

(2) the Erie Canal, the Hoover Dam, the railroads, and the interstate highway system are all testaments to American ingenuity and have helped propel and maintain the United States as the world's largest economy;

(3) according to the World Economic Forum's Global Competitiveness Report, the United States fell to second place in 2009, and dropped to fourth place overall in 2010, however, in the ''Quality of overall infrastructure'' category of the same report, the United States ranked twenty-third in the world;

(4) according to the World Bank's 2010 Logistic Performance Index, the capacity of countries to efficiently move goods and connect manufacturers and consumers with international markets is improving around the world, and the United States now ranks seventh in the world in logistics-related infrastructure behind countries from both Europe and Asia;

(5) according to a January 2009 report from the University of Massachusetts/Alliance for American Manufacturing entitled ''Employment, Productivity and Growth,'' infrastructure investment is a ''highly effective engine of job creation'';

(6) according to the American Society of Civil Engineers, the current condition of the infrastructure in the United States earns a grade point average of D, and an estimated $2,200,000,000,000 investment is needed over the next 5 years to bring American infrastructure up to adequate condition;

(7) according to the National Surface Transportation Policy and Revenue Study Commission, $225,000,000,000 is needed annually from all sources for the next 50 years to upgrade the United States surface transportation system to a state of good repair and create a more advanced system;

(8) the current infrastructure financing mechanisms of the United States, both on the Federal and State level, will fail to meet current and foreseeable demands and will create large funding gaps;

(9) published reports state that there may not be enough demand for municipal bonds to maintain the same level of borrowing at the same rates, resulting in significantly decreased infrastructure investment at the State and local level;

(10) current funding mechanisms are not readily scalable and do not—

(A) serve large in-State or cross jurisdiction infrastructure projects, projects of regional or national significance, or projects that cross sector silos;

(B) sufficiently catalyze private sector investment; or

(C) ensure the optimal return on public resources;

(11) although grant programs of the United States Government must continue to play a central role in financing the transportation, environment, and energy infrastructure needs of the United States, current and foreseeable demands on existing Federal, State, and local funding for infrastructure expansion clearly exceed the resources to support these programs by margins wide enough to prompt serious concerns about the United States ability to sustain long-term economic development, productivity, and international competitiveness;

(12) the capital markets, including pension funds, private equity funds, mutual funds, sovereign wealth funds, and other investors, have a growing interest in infrastructure investment and represent hundreds of billions of dollars of potential investment; and

(13) the establishment of a United States Government-owned, independent, professionally managed institution that could provide credit support to qualified infrastructure projects of regional and national significance, making transparent merit-based investment decisions based on the commercial viability of infrastructure projects, would catalyze the participation of significant private investment capital.

(b) PURPOSE.—The purpose of this Act is to facilitate investment in, and long-term financing of, economically viable infrastructure projects of regional or national significance in a manner that both complements existing Federal, State, local, and private funding sources for these projects and introduces a merit-based system for financing such projects, in order to mobilize significant private sector investment, create jobs, and ensure United States competitiveness through an institution that limits the need for ongoing Federal funding.

PART I—AUCTIONS OF SPECTRUM AND SPECTRUM MANAGEMENT

SEC. 272. CLARIFICATION OF AUTHORITIES TO REPURPOSE FEDERAL SPECTRUM FOR COMMERCIAL PURPOSES.

(a) Paragraph (1) of subsection 113(g) of the National Telecommunications and Information Administration Organization Act (47 U.S.C. 923(g)(1)) is amended by striking paragraph (1) and inserting the following:

''(1) ELIGIBLE FEDERAL ENTITIES.—Any Federal entity that operates a Federal Government station authorized to use a band of frequencies specified in paragraph (2) and that incurs relocation costs because of planning for a potential auction of spectrum frequencies, a planned auction of spectrum frequencies or the reallocation of spectrum frequencies from Federal use to exclusive non-Federal use, or shared Federal and non-Federal use may receive payment for such costs from the Spectrum Relocation Fund, in accordance with section 118 of this Act. For purposes of this paragraph, Federal power agencies exempted under subsection (c)(4) that choose to relocate from the frequencies identified for reallocation pursuant to subsection (a), are eligible to receive payment under this paragraph.''.

(b) ELIGIBLE FREQUENCIES.—Section 113(g)(2)(B) of the National Telecommunications and Information Administration Organization Act (47 U.S.C. 923(g)(2)) is amended by deleting and replacing subsection (B) with the following:

(c) Paragraph (3) of subsection 113(g) of the National Telecommunications and Information Administration Organization Act (47 U.S.C. 923(g)(3)) is amended by striking it in its entirety and replacing it with the following:

''(3) DEFINITION OF RELOCATION AND SHARING COSTS.—For purposes of this subsection, the terms 'relocation costs' and 'sharing costs' mean the costs incurred by a Federal entity to plan for a potential or planned auction or sharing of spectrum frequencies and to achieve comparable capability of systems, regardless of whether that capability is achieved by relocating to a new frequency assignment, relocating a Federal Government station to a different geographic location, modifying Federal government equipment to mitigate interference or use less spectrum, in terms of bandwidth, geography or time, and thereby permitting spectrum sharing (including sharing among relocated Federal entities and incumbents to make spectrum available for non-Federal use) or relocation, or by utilizing an alternative technology. Comparable capability of systems includes the acquisition of state-of-the-art replacement systems intended to meet comparable operational scope, which may include incidental increases in functionality. Such costs include—

''(A) the costs of any modification or replacement of equipment, spares, associated ancillary equipment, software, facilities, operating manuals, training costs, or regulations that are attributable to relocation or sharing;

''(B) the costs of all engineering, equipment, software, site acquisition and construction costs, as well as any legitimate and prudent transaction expense, including term-limited Federal civil servant and contractor staff necessary, which may be renewed, to carry out the relocation activities of an eligible Federal entity, and reasonable additional costs incurred by the Federal entity that are attributable to relocation or sharing, including increased recurring costs above recurring costs of the system before relocation for the remaining estimated life of the system being relocated;

''(C) the costs of research, engineering studies, economic analyses, or other expenses reasonably incurred in connection with (i) calculating the estimated relocation costs that are provided to the Commission pursuant to paragraph (4) of this subsection, or in calculating the estimated sharing costs; (ii) determining the technical or operational feasibility of relocation to one or more potential relocation bands; or (iii) planning for or managing a relocation or sharing project (including spectrum coordination with auction winners) or potential relocation or sharing project;

''(D) the one-time costs of any modification of equipment reasonably necessary to accommodate commercial use of shared frequencies or, in the case of frequencies reallocated to exclusive commercial use, prior to the termination of the Federal entity's primary allocation or protected status, when the eligible frequencies as defined in paragraph (2) of this subsection are made available for private sector uses by competitive bidding and a Federal entity retains primary allocation or protected status in those frequencies for a period of time after the completion of the competitive bidding process;

''(E) the costs associated with the accelerated replacement of systems and equipment if such acceleration is necessary to ensure the timely relocation of systems to a new frequency assignment or the timely accommodation of sharing of Federal frequencies; and

''(F) the costs of the use of commercial systems and services (including systems not utilizing spectrum) to replace Federal systems discontinued or relocated pursuant to this Act, including lease, subscription, and equipment costs over an appropriate period, such as the anticipated life of an equivalent Federal system or other period determined by the Director of the Office of Management and Budget.''.

(d) A new subsection (7) is added to Section 113(g) as follows:

''(7) SPECTRUM SHARING.—Federal entities are permitted to allow access to their frequency assignments by non-Federal entities upon approval of the terms of such access by NTIA, in consultation with the Office of Management and Budget. Such non-Federal entities must comply with all applicable rules of the Commission and NTIA, including any regulations promulgated pursuant to this section. Remuneration associated with such access shall be deposited into the Spectrum Relocation Fund. Federal entities that incur costs as a result of such access are eligible for payment from the Fund for the purposes specified in subsection (3) of this section. The revenue associated with such access must be at least 110 percent of the estimated Federal costs.''.

(e) Section 118 of such Act (47 U.S.C. 928) is amended by:

(1) In subsection (b), adding at the end, ''and any payments made by non-Federal entities for access to Federal spectrum pursuant to 47 U.S.C. 113(g)(7)'';

(2) replacing subsection (c) with the following:

''The amounts in the Fund from auctions of eligible frequencies are authorized to be used to pay relocation costs, as defined in section (g)(3) of this title, of an eligible Federal entity incurring such costs with respect to relocation from any eligible frequency. In addition, the amounts in the Fund from payments by non-Federal entities for access to Federal spectrum are authorized to be used to pay Federal costs associated with such sharing, as defined in section (g)(3) of this title. The Director of the Office of Management and Budget (OMB) may transfer at any time (including prior to any auction or contemplated auction, or sharing initiative) such sums as may be available in the Fund to an eligible Federal entity to pay eligible relocation or sharing costs related to pre-auction estimates or research as defined in subparagraph (C) of section 923(g)(3) of this title. However, the Director may not transfer more than $100,000,000 associated with authorized pre-auction activities before an auction is completed and proceeds are deposited in the Spectrum Relocation Fund. Within the $100,000,000 that may be transferred before an auction, the Director of OMB may transfer up to $10,000,000 in total to eligible federal entities for eligible relocation or sharing costs related to pre-auction estimates or research as defined in subparagraph (C) of section 923(g)(3) of this title for costs incurred prior to the enactment of this legislation, but after June 28th, 2010. These amounts transferred pursuant to the previous proviso are in addition to amounts that the Director of OMB may transfer after the enactment of this legislation.'';

(3) amending subsection (d)(1) to add, ''and sharing'' before ''costs'';

(4) amending subsection (d)(2)(B) to add, ''and sharing'' before ''costs'', and adding at the end, ''and sharing'';

(5) replacing subsection (d)(3) with the following:

''Any amounts in the Fund that are remaining after the payment of the relocation and sharing costs that are payable from the Fund shall revert to and be deposited in the general fund of the Treasury not later than 15 years after the date of the deposit of such proceeds to the Fund, unless the Director of OMB, in consultation with the Assistant Secretary for Communications and Information, notifies the Committees on Appropriations and Energy and Commerce of the House of Representatives and the Committees on Appropriations and Commerce, Science, and Transportation of the Senate at least 60 days in advance of the reversion of the funds to the general fund of the Treasury that such funds are needed to complete or to implement current or future relocations or sharing initiatives.'';

(6) amending subsection (e)(2) by adding ''and sharing'' before ''costs''; by adding ''or sharing'' before ''is complete''; and by adding ''or sharing'' before ''in accordance''; and

(7) adding a new subsection at the end thereof:

''(f) Notwithstanding subsections (c) through (e) of this section and after the amount specified in subsection (b), up to twenty percent of the amounts deposited in the Spectrum Relocation Fund from the auction of licenses following the date of enactment of this section for frequencies vacated by Federal entities, or up to twenty percent of the amounts paid by non-Federal entities for sharing of Federal spectrum, after the date of enactment are hereby appropriated and available at the discretion of the Director of the Office of Management and Budget, in consultation with the Assistant Secretary for Communications and Information, for payment to the eligible Federal entities, in addition to the relocation and sharing costs defined in paragraph (3) of subsection 923(g), for the purpose of encouraging timely access to those frequencies, provided that:

''(1) Such payments may be based on the market value of the spectrum, timeliness of clearing, and needs for agencies' essential missions;

''(2) Such payments are authorized for:

''(A) the purposes of achieving enhanced capabilities of systems that are affected by the activities specified in subparagraphs (A) through (F) of paragraph (3) of subsection 923(g) of this title; and

''(B) other communications, radar and spectrum-using investments not directly affected by such reallocation or sharing but essential for the missions of the Federal entity that is relocating its systems or sharing frequencies;

''(3) The increase to the Fund due to any one auction after any payment is not less than 10 percent of the winning bids in the relevant auction, or is not less than 10 percent of the payments from non-Federal entities in the relevant sharing agreement;

''(4) Payments to eligible entities must be based on the proceeds generated in the auction that an eligible entity participates in; and

''(5) Such payments will not be made until 30 days after the Director of OMB has notified the Committees on Appropriations and Commerce, Science, and Transportation of the Senate, and the Committees on Appropriations and Energy and Commerce of the House of Representatives.''.

(f) Subparagraph D of section 309 (j)(8) of the Communications Act of 1934 (47 U.S.C. 309(j)(8)(D)) is amended by adding '', after the retention of revenue described in subparagraph (B),'' before ''attributable'' and ''and frequencies identified by the Federal Communications Commission to be auctioned in conjunction with eligible frequencies described in 47 U.S.C. 923(g)(2)'' before the first ''shall'' in the subparagraph.

(g) If the head of an executive agency of the Federal Government determines that public disclosure of any information contained in notifications and reports required by sections 923 or 928 of Title 47 of the United States Code would reveal classified national security information or other information for which there is a legal basis for nondisclosure and such public disclosure would be detrimental to national security, homeland security, public safety, or jeopardize law enforcement investigations the head of the executive agency shall notify the NTIA of that determination prior to release of such information. In that event, such information shall be included in a separate annex, as needed and to the extent the agency head determines is consistent with national security or law enforcement purposes. These annexes shall be provided to the appropriate subcommittee in accordance with applicable stipulations, but shall not be disclosed to the public or provided to any unauthorized person through any other means.

SEC. 273. INCENTIVE AUCTION AUTHORITY.

(a) Paragraph (8) of section 309(j) of the Communications Act of 1934 (47 U.S.C. 309(j)) is amended—

(1) in subparagraph (A), by deleting ''and (E)'' and inserting ''(E) and (F)'' after ''subparagraphs (B), (D),''; and

(2) by adding at the end the following new subparagraphs:

''(F) Notwithstanding any other provision of law, if the Commission determines that it is consistent with the public interest in utilization of the spectrum for a licensee to voluntarily relinquish some or all of its licensed spectrum usage rights in order to permit the assignment of new initial licenses through a competitive bidding process subject to new service rules, or the designation of spectrum for unlicensed use, the Commission may pay to such licensee a portion of any auction proceeds that the Commission determines, in its discretion, are attributable to the spectrum usage rights voluntarily relinquished by such licensee. If the Commission also determines that it is in the public interest to modify the spectrum usage rights of any incumbent licensee in order to facilitate the assignment of such new initial licenses subject to new service rules, or the designation of spectrum for unlicensed use, the Commission may pay to such licensee a portion of the auction proceeds for the purpose of relocating to any alternative frequency or location that the Commission may designate; Provided, however, that with respect to frequency bands between 54 megahertz and 72 megahertz, 76 megahertz and 88 megahertz, 174 megahertz and 216 megahertz, and 470 megahertz and 698 megahertz ('the specified bands'), any spectrum made available for alternative use utilizing payments authorized under this subsection shall be assigned via the competitive bidding process until the winning bidders for licenses covering at least 84 megahertz from the specified bands deposit the full amount of their bids in accordance with the Commission's instructions. In

addition, if more than 84 megahertz of spectrum from the specified bands is made available for alternative use utilizing payments under this subsection, and such spectrum is assigned via competitive bidding, a portion of the proceeds may be disbursed to licensees of other frequency bands for the purpose of making additional spectrum available, provided that a majority of such additional spectrum is assigned via competitive bidding. Also, provided that in exercising the authority provided under this section:

''(i) The Chairman of the Commission, in consultation with the Director of OMB, shall notify the Committees on Appropriations and Commerce, Science, and Transportation of the Senate, and the Committees on Appropriations and Energy and Commerce of the House of Representatives of the methodology for calculating such payments to licensees at least 3 months in advance of the relevant auction, and that such methodology consider the value of spectrum vacated in its current use and the timeliness of clearing; and

''(ii) Notwithstanding subparagraph (A), and except as provided in subparagraphs (B), (C), and (D), all proceeds (including deposits and up front payments from successful bidders) from the auction of spectrum under this section and section 106 of this Act shall be deposited with the Public Safety Trust Fund established under section 217 of this Act.

''(G) ESTABLISHMENT OF INCENTIVE AUCTION RELOCATION FUND.—

''(i) IN GENERAL.—There is established in the Treasury of the United States a fund to be known as the 'Incentive Auction Relocation Fund'.

''(ii) ADMINISTRATION.—The Assistant Secretary shall administer the Incentive Auction Relocation Fund using the amounts deposited pursuant to this section.

''(iii) CREDITING OF RECEIPTS.—There shall be deposited into or credited to the Incentive Auction Relocation Fund any amounts specified in section 217 of this Act.

''(iv) AVAILABILITY.—Amounts in the Incentive Auction Relocation Fund shall be available to the NTIA for use—

''(I) without fiscal year limitation;

''(II) for a period not to exceed 18 months following the later of—

''(aa) the completion of incentive auction from which such amounts were derived;

''(bb) the date on which the Commission issues all the new channel assignments pursuant to any repacking required under subparagraph (F)(ii); or

''(cc) the issuance of a construction permit by the Commission for a station to change channels, geographic locations, to collocate on the same channel or notification by a station to the Assistant Secretary that it is impacted by such a change; and

''(III) without further appropriation.

''(v) USE OF FUNDS.—Amounts in the Incentive Auction Relocation Fund may only be used by the NTIA, in consultation with the Commission, to cover—

''(I) the reasonable costs of television broadcast stations that are relocated to a different spectrum channel or geographic location following an incentive auction under subparagraph (F), or that are impacted by such relocations, including to cover the cost of new equipment, installation, and construction; and

''(II) the costs incurred by multichannel video programming distributors for new equipment, installation, and construction related to the carriage of such relocated stations or the carriage of stations that voluntarily elect to share a channel, but retain their existing rights to carriage pursuant to sections 338, 614, and 615.''.

SEC. 274. REQUIREMENTS WHEN REPURPOSING CERTAIN MOBILE SATELLITE SERVICES SPECTRUM FOR TERRESTRIAL BROADBAND USE.

To the extent that the Commission makes available terrestrial broadband rights on spectrum primarily licensed for mobile satellite services, the Commission shall recover a significant portion of the value of such right either through the authority provided in section 309(j) of the Communications Act of 1934 (47 U.S.C. 309(j)) or by section 278 of this subtitle.

SEC. 275. PERMANENT EXTENSION OF AUCTION AUTHORITY.

Section 309(j)11 of the Communications Act of 1934 (47 U.S.C. 309 (j)(11)) is repealed.

SEC. 276. AUTHORITY TO AUCTION LICENSES FOR DOMESTIC SATELLITE SERVICES.

Section 309(j) of the Communications Act of 1934 is amended by adding the following new subsection at the end thereof:

''(17) Notwithstanding any other provision of law, the Commission shall use competitive bidding under this subsection to assign any license, construction permit, reservation, or similar authorization or modification thereof, that may be used solely or predominantly for domestic satellite communications services, including satellite-based television or radio services. A service is defined to be predominantly for domestic satellite communications services if the majority of customers that may be served are located within the geographic boundaries of the United States. The Commission may, however, use an alternative approach to assignment of such licenses or similar authorities if it finds that such an alternative to competitive bidding would serve the public interest, convenience, and necessity. This paragraph shall be effective on the date of its enactment and shall apply to all Commission assignments or reservations of spectrum for domestic satellite services, including, but not limited to, all assignments or reservations for satellite-based television or radio services as of the effective date.''.

SEC. 277. DIRECTED AUCTION OF CERTAIN SPECTRUM.

(a) IDENTIFICATION OF SPECTRUM.—Not later than 1 year after the date of enactment of this subtitle, the Assistant Secretary shall identify and make available for immediate reallocation, at a minimum, 15 megahertz of contiguous spectrum at frequencies located between 1675 megahertz and 1710 megahertz, inclusive, minus the geographic exclusion zones, or any amendment thereof, identified in NTIA's October 2010 report entitled ''An Assessment of Near-Term Viability of Accommodating Wireless Broadband Systems in 1675–1710 MHz, 1755–1780 MHz, 3500–3650 MHz, and 4200–4220 MHz, 4380–4400 MHz Bands'', to be made available for reallocation or sharing with incumbent Government operations.

(b) AUCTION.—Not later than January 31, 2016, the Commission shall conduct, in such combination as deemed appropriate by the Commission, the auctions of the following licenses covering at least the frequencies described in this section, by commencing the bidding for:

(1) The spectrum between the frequencies of 1915 megahertz and 1920 megahertz, inclusive.

(2) The spectrum between the frequencies of 1995 megahertz and 2000 megahertz, inclusive.

(3) The spectrum between the frequencies of 2020 megahertz and 2025 megahertz, inclusive.

(4) The spectrum between the frequencies of 2155 megahertz and 2175 megahertz, inclusive.

(5) The spectrum between the frequencies of 2175 megahertz and 2180 megahertz, inclusive.

(6) At least 25 megahertz of spectrum between the frequencies of 1755 megahertz and 1850 megahertz, minus appropriate geographic exclusion zones if necessary, unless the President of the United States determines that—

(A) such spectrum should not be reallocated due to the need to protect incumbent Federal operations; or reallocation must be delayed or progressed in phases to ensure protection or continuity of Federal operations; and

(B) allocation of other spectrum—

(i) better serves the public interest, convenience, and necessity; and

(ii) can reasonably be expected to produce receipts comparable to auction of spectrum frequencies identified in this paragraph.

(7) The Commission may substitute alternative spectrum frequencies for the spectrum frequencies identified in paragraphs (1) through (5) of this subsection, if the Commission determines that alternative spectrum would better serve the public interest and the Office of Management and Budget certifies that such alternative spectrum frequencies are reasonably expected to produce receipts comparable to auction of the spectrum frequencies identified in paragraphs (1) through (5) of this subsection.

(c) AUCTION ORGANIZATION.—The Commission may, if technically feasible and consistent with the public interest, combine the spectrum identified in paragraphs (4), (5), and the portion of paragraph (6) between the frequencies of 1755 megahertz and 1850 megahertz, inclusive, of subsection (b) in an auction of licenses for paired spectrum blocks.

(d) FURTHER REALLOCATION OF CERTAIN OTHER SPECTRUM.—

(1) COVERED SPECTRUM.—For purposes of this subsection, the term ''covered spectrum'' means the portion of the electromagnetic spectrum between the frequencies of 3550 to 3650 megahertz, inclusive, minus the geographic exclusion zones, or any amendment thereof, identified in NTIA's October 2010 report entitled ''An Assessment of Near-Term Viability of Accommodating Wireless Broadband Systems in 1675–1710 MHz, 1755–1780 MHz, 3500–3650 MHz, and 4200–4220 MHz, 4380–4400 MHz Bands''.

(2) IN GENERAL.—Consistent with requirements of section 309(j) of the Communications Act of 1934, the Commission shall reallocate covered spectrum for assignment by competitive bidding or allocation to unlicensed use, minus appropriate exclusion zones if necessary, unless the President of the United States determines that—

(A) such spectrum cannot be reallocated due to the need to protect incumbent Federal systems from interference; or

(B) allocation of other spectrum—

(i) better serves the public interest, convenience, and necessity; and

(ii) can reasonably be expected to produce receipts comparable to what the covered spectrum might auction for without the geographic exclusion zones.

(3) ACTIONS REQUIRED IF COVERED SPECTRUM CANNOT BE REALLOCATED.—

(A) IN GENERAL.—If the President makes a determination under paragraph (2) that the covered spectrum cannot be reallocated, then the President shall, within 1 year after the date of such determination—

(i) identify alternative bands of frequencies totaling more than 20 megahertz and no more than 100 megahertz of spectrum used primarily by Federal agencies that satisfy the requirements of clauses (i) and (ii) of paragraph (2)(B);

(ii) report to the appropriate committees of Congress and the Commission an identification of such alternative spectrum for assignment by competitive bidding; and

(iii) make such alternative spectrum for assignment immediately available for reallocation.

(B) AUCTION.—If the President makes a determination under paragraph (2) that the covered spectrum cannot be reallocated, the Commission shall commence the bidding of the alternative spectrum identified pursuant to subparagraph (A) within 3 years of the date of enactment of this subtitle.

(4) ACTIONS REQUIRED IF COVERED SPECTRUM CAN BE REALLOCATED.—If the President does not make a determination under paragraph (1) that the covered spectrum cannot be reallocated, the Commission shall commence the competitive bidding for the covered spectrum within 3 years of the date of enactment of this subtitle.

(e) AMENDMENTS TO DESIGN REQUIREMENTS RELATED TO COMPETITIVE BIDDING.—Section 309(j) of the Communications Act of 1934 (47 U.S.C. 309(j)) is amended—

(1) in paragraph (3)—

(A) in subparagraph (E)(ii), by striking ''; and'' and inserting a semicolon; and

(B) in subparagraph (F), by striking the period at the end and inserting a semicolon; and

(2) by amending clause (i) of the second sentence of paragraph (8)(C) to read as follows:

''(i) the deposits—

''(I) of successful bidders of any auction conducted pursuant to subparagraph (F) of section 106 of this act shall be paid to the Public Safety Trust Fund established under section 217 of such Act; and

''(II) of successful bidders of any other auction shall be paid to the Treasury;''.

SEC. 278. AUTHORITY TO ESTABLISH SPECTRUM LICENSE USER FEES.

Section 309 of the Communications Act of 1934 is amended by adding the following new subsection at the end thereof:

''(m) USE OF SPECTRUM LICENSE USER FEES.—For initial licenses or construction permits that are not granted through the use of competitive bidding as set forth in subsection (j), and for renewals or modifications of initial licenses or other authorizations, whether granted through competitive bidding or not, the Commission may, where warranted, establish, assess, and collect annual user fees on holders of spectrum licenses or construction permits, including their successors or assignees, in order to promote efficient and effective use of the electromagnetic spectrum.

''(1) REQUIRED COLLECTIONS.—The Commission shall collect at least the following amounts—

''(A) $200,000,000 in fiscal year 2012;

''(B) $300,000,000 in fiscal year 2013;

''(C) $425,000,000 in fiscal year 2014;

''(D) $550,000,000 in fiscal year 2015;

''(E) $550,000,000 in fiscal year 2016;

''(F) $550,000,000 in fiscal year 2017;

''(G) $550,000,000 in fiscal year 2018;

''(H) $550,000,000 in fiscal year 2019;

''(I) $550,000,000 in fiscal year 2020; and

''(J) $550,000,000 in fiscal year 2021.

''(2) DEVELOPMENT OF SPECTRUM FEE REGULATIONS.—

''(A) The Commission shall, by regulation, establish a methodology for assessing annual spectrum user fees and a schedule for collection of such fees on classes of spectrum licenses or construction permits or other instruments of authorization, consistent with the public interest, convenience and necessity. The Commission may determine over time different classes of spectrum licenses or construction permits upon which such fees may be assessed. In establishing the fee methodology, the Commission may consider the following factors:

''(i) the highest value alternative spectrum use forgone;

''(ii) scope and type of permissible services and uses;

''(iii) amount of spectrum and licensed coverage area;

''(iv) shared versus exclusive use;

''(v) level of demand for spectrum licenses or construction permits within a certain spectrum band or geographic area;

''(vi) the amount of revenue raised on comparable licenses awarded through an auction; and

''(vii) such factors that the Commission determines, in its discretion, are necessary to promote efficient and effective spectrum use.

''(B) In addition, the Commission shall, by regulation, establish a methodology for assessing annual user fees and a schedule for collection of such fees on entities holding Ancillary Terrestrial Component authority in conjunction with Mobile Satellite Service spectrum licenses, where the Ancillary Terrestrial Component authority was not assigned through use of competitive bidding. The Commission shall not collect less from the holders of such authority than a reasonable estimate of the value of such authority over its term, regardless of whether terrestrial services is actually provided during this term. In determining a reasonable estimate of the value of such authority, the Commission may consider factors listed in subsection (A).

''(C) Within 60 days of enactment of this Act, the Commission shall commence a rulemaking to develop the fee methodology and regulations. The Commission shall take all actions necessary so that it can collect fees from the first class or classes of spectrum license or construction permit holders no later than September 30, 2012.

''(D) The Commission, from time to time, may commence further rulemakings (separate from or in connection with other rulemakings or proceedings involving spectrum-based services, licenses, permits and uses) and modify the fee methodology or revise its rules required by paragraph (B) to add or modify classes of spectrum license or construction permit holders that must pay fees, and assign or adjust such fee as a result of the addition, deletion, reclassification or other change in a spectrum-based service or use, including changes in the nature of a spectrum-based service or use as a consequence of Commission rulemaking proceedings or changes in law. Any resulting changes in the classes of spectrum licenses, construction permits or fees shall take effect upon the dates established in the Commission's rulemaking proceeding in accordance with applicable law.

''(E) The Commission shall exempt from such fees holders of licenses for broadcast television and public safety services. The term 'emergency response providers' includes State, local, and tribal, emergency public safety, law enforcement, firefighter, emergency response, emergency medical (including hospital emergency facilities), and related personnel, agencies and authorities.

''(3) PENALTIES FOR LATE PAYMENT.—The Commission shall prescribe by regulation an additional charge which shall be assessed as a penalty for late payment of fees required by this subsection.

''(4) REVOCATION OF LICENSE OR PERMIT.—The Commission may revoke any spectrum license or construction permit for a licensee's or permitee's failure to pay in a timely manner any fee or penalty to the Commission under this subsection. Such revocation action may be taken by the Commission after notice of the Commission's intent to take such action is sent to the licensee by registered mail, return receipt requested, at the licensee's last known address. The notice will provide the licensee at least 30 days to either pay the fee or show cause why the fee does not apply to the licensee or should otherwise be waived or payment deferred. A hearing is not required under this subsection unless the licensee's response presents a substantial and material question of fact. In any case where a hearing is conducted pursuant to this section, the hearing shall be based on written evidence only, and the burden of proceeding with the introduction of evidence and the burden of proof shall be on the licensee. Unless the licensee substantially prevails in the hearing, the Commission may assess the licensee for the costs of such hearing. Any Commission order adopted pursuant to this subsection shall determine the amount due, if any, and provide the licensee with at least 30 days to pay that amount or have its authorization revoked. No order of revocation under this subsection shall become final until the licensee has exhausted its right to judicial review of such order under section 402(b)(5) of this title.

''(5) TREATMENT OF REVENUES.—All proceeds obtained pursuant to the regulations required by this subsection shall be deposited in the General Fund of the Treasury.''.

''(8) the State agency shall require an employer to submit a written plan describing the manner in which the requirements of this subsection will be implemented (including a plan for giving advance notice, where feasible, to an employee whose workweek is to be reduced) together with an estimate of the number of layoffs that would have occurred absent the ability to participate in short-time compensation and such other information as the Secretary of Labor determines is appropriate;

''(D) CONTROLLED GROUPS OF ENTITIES.—

''(i) IN GENERAL.—In the case of a controlled group of entities, if an interest in the partnership received in exchange for a contribution to the capital of the partnership by any member of such controlled group would (in the hands of such member) constitute property not held for the production of income, then any interest in such partnership held by any member of such group shall be treated for purposes of subparagraph (A) as constituting (in the hands of such member) property not held for the production of income.

''(5) EXCEPTION FOR NO-SELF-CHARGED CARRY AND MANAGEMENT FEE PROVISIONS.—Except as otherwise provided by the Secretary, an interest shall not fail to be treated as satisfying the requirement of paragraph (1)(A) merely because the allocations made by the partnership to such interest do not reflect the cost of services described in subsection (c)(2) which are provided (directly or indirectly) to the partnership by the holder of such interest (or a related person).

''(6) SPECIAL RULE FOR DISPOSITIONS.—In the case of any investment services partnership interest any portion of which is a qualified capital interest, subsection (b) shall not apply to so much of any gain or loss as bears the same proportion to the entire amount of such gain or loss as—

''(II) any items of deduction and loss so taken into account.

''(B) ADJUSTMENT TO QUALIFIED CAPITAL INTEREST.—

''(ii) SPECIAL RULE FOR CONTRIBUTIONS OF PROPERTY.—In the case of any contribution of property described in subparagraph (A)(i) with respect to which the fair market value of such property is not equal to the adjusted basis of such property immediately before such contribution, proper adjustments shall be made to the qualified capital interest to take into account such difference consistent with such regulations or other guidance as the Secretary may provide.
