

OUR UNCONSCIONABLE NATIONAL
DEBT

HON. MIKE COFFMAN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 13, 2016

Mr. COFFMAN. Mr. Speaker, on January 20, 2009, the day President Obama took office, the national debt was \$10,626,877,048,913.08.

Today, it is \$19,064,879,099,682.52. We've added \$8,599,349,440,294.10 to our debt in 6 years. This is over \$8 trillion in debt our nation, our economy, and our children could have avoided with a balanced budget amendment.

IN RECOGNITION OF MS. BLANCHE
BAUDHUIN'S SERVICE TO THE
AMERICAN RED CROSS

HON. REID J. RIBBLE

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 13, 2016

Mr. RIBBLE. Mr. Speaker, I rise today to recognize Blanche Baudhuin of Green Bay, Wisconsin, who has been an American Red Cross volunteer for almost 40 years. Still active at an amazing one hundred years young, Blanche is almost certainly the oldest Red Cross volunteer in the United States.

Over the past few years, Blanche has frequently been the first person donors see when they arrive at Green Bay's Blood Donation Center on Deckner Avenue. Knowing full well that giving blood can be a nerve-racking experience, especially for first-timers, Blanche is a constant source of comfort and mirth, always willing to offer reassurance, a smile, and maybe a cookie or two to those who donate. In addition to making the rounds at the Center, Blanche also works tirelessly to promote blood drives at churches and other locations throughout Northeast Wisconsin.

In the lead-up to her 100th birthday last month, Blanche's wish was for 100 people to donate at a blood drive hosted at the First Lutheran Church in Allouez. Her birthday wish came true . . . and then some: an incredible 114 donors showed up.

Thank you, Blanche, for your extraordinary service to a life-saving cause, and keep up the great work.

TRIBUTE TO JANET AIRIS

HON. HAROLD ROGERS

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 13, 2016

Mr. ROGERS of Kentucky. Mr. Speaker, I, along with Representative LOWEY, rise today to recognize and pay tribute to Janet Airis on her retirement after 32 years of distinguished service to the Congress with the Congressional Budget Office (CBO).

Janet started in the Scorekeeping Unit at CBO in the waning days of 1983, soon after graduating from Wellesley College. She was first hired to maintain the unit's database for tracking the status of enacted legislation and

over the next 16 years worked as the lead analyst responsible for scoring appropriations legislation for five of the thirteen Appropriations Committee subcommittees.

In 2000, after demonstrating her acumen as a proficient analyst, Janet made the smooth transition to Unit Chief and took on the responsibility of overseeing all of the work of CBO's Scorekeeping Unit. Janet has served the Congress diligently by overseeing the unit's analyses of the President's budget requests; the estimates of every appropriation bill taken through each chamber; the publication of the annual Unauthorized Appropriations and Expiring Authorizations report; and countless other informal requests for information on budgetary matters related to matters under Congressional consideration.

In addition to her management responsibilities, Janet has directly supported the Congress's fiscal bookkeeping by serving as the lead analyst for the Legislative Branch appropriations bill.

Congressional staff and CBO colleagues have come to depend on Janet for her ready expertise, her diligence, and her attention to detail. She has provided this institution with insightful guidance and analysis through several major reforms to budgetary processes, dozens of budget resolutions, creation of new government agencies and departments, and the reorganization of our committee structures.

Constant through all that change has been Janet Airis' dedication to her work at the Congressional Budget Office. She has been the steady hand of the Scorekeeping Unit, generous with her time and knowledge, and vital to the smooth functioning of CBO's Budget Analysis Division.

Janet's retirement constitutes a profound loss of institutional memory to both CBO and the Congress—nobody has ever worked in the Scorekeeping Unit as long as she has. Her presence won't easily be replaced and will be sorely missed.

He enlisted in the U.S. Marines and served in the Korean War, from where he was honorably discharged in 1952. During the conflict, he participated in the Inchon Landing and the

RECOGNIZING DON KNABE

HON. LINDA T. SÁNCHEZ

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, April 13, 2016

Ms. LINDA T. SÁNCHEZ of California. Mr. Speaker, I rise to recognize a colleague and friend, Los Angeles County Supervisor for the Fourth District Don Knabe, who is retiring after over thirty-four years of service to the county. Mr. Knabe has worked tirelessly for our community and he is finishing his career with a long list of accomplishments. While it would be impossible to list them all, I would like to highlight just a few successes that will continue to benefit our county for years to come.

Over his time as Supervisor, Mr. Knabe has become a national leader in protecting children. He established a Safe Surrender Program to care for surrendered infants in Los Angeles County while also championing a scholarship fund to help these children as they grow up. He launched a campaign to spread awareness about child sex trafficking, making it become a County priority, and testified on the matter before Congress.

Supervisor Knabe is also passionate about the arts. His enthusiasm led to the establishment of several youth programs that bring visual art, dance, music, and theater programs to children across the district. Thanks to his efforts, Los Angeles County children are able to experience the rich benefit of exposure to the fine arts from a young age.

Beyond those projects, the Supervisor continues to lead the fight to protect our precious Southern California environment. Mr. Knabe led 19 separate projects to lower pollution and improve water quality. He also supported the development of innovative technologies to turn trash into energy and fuel instead of dumping
