THANKING CHARLES RUGGLES FOR HIS CHARITY AND SERVICE

HON. DANIEL T. KILDEE

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. KILDEE. Mr. Speaker, I ask the United States House of Representatives to join me in recognizing Mr. Charles Ruggles for the support he has offered to the city of Flint and its residents during the Flint Water Crisis.

Mr. Ruggles is a professional photographer who formed the Flint Teens Matter project as a response to the water crisis. As a result of the crisis, some families may not have the resources to have professional portraits taken for their graduates. The mission of Mr. Ruggles' project is to provide free senior photos to high school students in the city who have been impacted by the ongoing water crisis.

Mr. Ruggles empowers his cause through a strategy of social networking to recruit photographers and donors from around Michigan to join his efforts. Additionally, he accomplishes his project's mission by graciously donating his own time to schedule and shoot photography sessions with teens of families who have been affected by the crisis. This gesture leaves a lifelong impact on students and their families, and one that might not be present without Mr. Ruggles' commendable and charitable efforts.

It is my honor to represent such active and charitable members of our community, and Charles Ruggles is a shining example. The type of direct and individual care that Mr. Ruggles has shown is exactly what the citizens of Flint need.

Mr. Speaker, I applaud the work done by Mr. Charles Ruggles and thank him for the service he has provided to the students and city of Flint.

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Ralph

Crawford of Villisca, Iowa. Mr. Crawford has been recognized by France 71 years later for his bravery during his service in World War II on the infamous D-Day, June 6, 1944. He has been awarded the French Legion of Honour medal for his 'gallantry of action and the liberation of France in World War II.' This award joins his recognition medals from the United States of America: Purple Heart, Air Medal and Good Conduct Medal.

The entire crew survived with some injuries and continued in service to this great nation.

Mr. Speaker, I applaud and congratulate Mr. Crawford for this exemplary award from the French government. We are all humbled by his service and for keeping the United States of America and its allies free. Tuesday, April 19, 2016

Mr. COSTELLO of Pennsylvania. Mr. Speaker, on March 29, 2016 we marked the 50th Anniversary of the Vietnam War to honor and express our gratitude to our Vietnam Veterans.

Our Vietnam War veterans served our nation with courage, dignity, and a willingness to make the ultimate sacrifice in service to our country.

Deserving particular praise and commendation for his heroism and service during the Vietnam War is Lieutenant Colonel (ret.) Jack Deichman of the United States Marine Corps.

I have had the pleasure of knowing Jack for over a year now, and I am grateful I had the opportunity to acknowledge Jack's leadership in Dai Do, Vietnam on March 30, 1968.

Mr. Speaker, Jack displayed expert leadership in maneuvering his Company through heavy enemy fire and remained steadfast in assisting his wounded Commander to establish their defensive positions.

Because of Jack's actions, many lives were saved that day, and many attribute this battle as the deciding factor in winning the war.

We as a nation are grateful for Jack's heroic actions that day.

His courage and selfless devotion to duty represents the essence of the United States Marine Corps and this great nation.

Mr. Speaker, on March 29, 2016, the nation acknowledged Jack's bravery with the presentation of the Bronze Star Medal.

I am proud to recognize Jack and all our Vietnam Veterans and we thank you for your service. Welcome home.

HONORING THE 50TH ANNIVERSARY OF THE GREAT LAKES CENTER

HON. BRIAN HIGGINS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. HIGGINS. Mr. Speaker, today I rise to recognize and honor the 50th anniversary of the Great Lakes Center (GLC). For more than half a century, the Great Lakes Center has worked to improve the quality of the environment by providing the best possible science to decision makers concerned with the health and sustainability of our freshwater resources, with a primary focus on the Great Lakes and their watersheds.

The Center was established in 1966 when Howard Sengbush formed the Great Lakes Laboratory. The Great Lakes Center's field station is located on SUNY Buffalo State's waterfront campus along the Black Rock Channel. It is a multidisciplinary research, education, and service institute focused on advancing our knowledge and understanding of the largest body of freshwater on Earth.

The Great Lakes Center is the only institution within the SUNY system with a research field station physically situated along the water. The Center maintains a large fleet of research vessels dedicated to specific types of research and educational functions.

Over the last eight years under the Direction of Sasha Karatayev, the GLC saw sustained activity and productivity: over 80 research papers published, 240 presentations given at various state, national, and international meetings and 35 funded projects totaling over 14 million dollars. This living laboratory dedicated to the investigation of the ecology of the Great Lakes and its tributaries is staffed by research scientists, educators, technicians and professors with the Biology department. The Center provides opportunities to obtain Masters of Arts and Masters of Science degrees in Great Lakes Ecosystem Science.

The Great Lakes ecosystem is complex, dynamic, and fragile. The work conducted at the GLC informs policy makers, educators, community leaders, and environmentalists—and contributes toward effective stewardship and decision-making. As part of the Great Lakes Observing System, the GLC operates the only operating observation buoy in eastern Lake Erie. The GLC continuously works to reverse the damage of decades of abuse neglect of the Great Lakes. The Center continues to explore opportunities to expand its educational programs within the regional community.

In February of this year, I was proud to speak on the House Floor during Great Lakes Day to demonstrate the importance of Congress to continue to fund the Great Lakes Restoration Initiative (GLRI). Since the creation of the Great Lakes Restoration Initiative in 2010, nearly \$1.6 billion has been invested in projects to clean up the Great Lakes, the world's largest freshwater system. Locally, the Great Lakes Restoration Initiative supports a number of initiatives including the restoration of the Buffalo River.
