

is located in my district at Vernon-Verona-Sherrill High School—VVS.

In honor of the Farm Credit System centennial, Farm Credit East has committed substantial resources toward teacher scholarships to attend institutes sponsored by the Curriculum for Agricultural Science Education (CASE), a program of the National Association of Agricultural Educators.

The CASE program trains ag educators how to deliver hands on, STEM-based learning to agricultural students in subjects like plant and animal science. As a strong supporter of STEM education, I understand how valuable these investments in our children's education are, and I am grateful for their generous participation in this critical area of study.

Farm Credit East recently announced 15 teacher scholarships to attend CASE institutes, including Paul Perry and Sara Tutthill from VVS. Two other recipients are also from the 22nd district—Crystal Aukema from Oxford and Johanna Fox-Bossard from Hamilton.

VVS will be hosting an institute this summer to instruct educators on teaching the CASE introductory course: Introduction to Agriculture, Food and Natural Resources. Eleven of the Farm Credit East scholarship recipients will be attending this program.

I applaud Farm Credit's support of ag educators as they train the next generation of farmers. No doubt many of those students will become members of Farm Credit during its second century of service. Congratulations to the Farm Credit System's cooperative owners and employees on the System's centennial.

CELEBRATING THE CENTENNIAL
ANNIVERSARY OF FARM CREDIT

SPEECH OF

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 14, 2016

Mr. COSTA. Mr. Speaker, I rise today to recognize the 100th anniversary of the Farm Credit system in America

The Farm Credit System in America was established 100 years ago through the Federal Farm Loan Act of 1916, signed into law on July 17, 1916, by President Woodrow Wilson.

It was founded to provide lending opportunities for American farmers, ranchers and dairy men; those who till the soil to put food on American dinner tables every night.

Congress intended the Farm Credit System be designed as a permanent means to support the well-being and prosperity of the nation's rural communities and agricultural producers of all types and sizes.

Further, it was designed as a network of cooperatives, independently owned and controlled by its borrowers, responsive to their individual needs for credit and financial services and continually adapting to meet the changing needs of rural communities and agriculture.

Through the success of the Farm Credit organizations throughout this country, such as Fresno-Madera Farm Credit and Yosemite Farm Credit we celebrate 100 years of that successful ability to make loans to young and old farmers alike, those just starting out or those who have been farming for generations.

And to those who in every region of America do their best to produce the healthiest, most nutritious and bountiful crops anywhere grown in the world.

The Farm Credit System today plays a vital role in the success of United States agriculture and the economic vibrancy of rural communities throughout all 50 States and Puerto Rico, providing more than \$237 billion in loans to more than 500,000 customers.

This is so American consumers can enjoy those food products at lowest cost value possible.

Clearly we know the success of American agriculture is in large part due to the success Farm Credit across the country.

We commend the Farm Credit System for their efforts and celebrate 100 years of making America the most productive agriculture country in the world.

2ND LIEUTENANT AUDIE MURPHY—TUESDAYS IN TEXAS

HON. TED POE OF TEXAS

IN THE HOUSE OF REPRESENTATIVES Tuesday, June 21, 2016

Mr. POE of Texas. Mr. Speaker, the Medal of Honor is the highest military honor that can be bestowed on an American. Harry Truman once commented that he would prefer to have the blue band of the Medal of Honor around his neck than be President. To receive the medal is not to win a contest, for the forum in which this medal is given is the contest to preserve liberty. It is a contest that no individual competitor could win; rather it is struggled for by the diligence, bravery, and sacrifice of millions of Americans. Nor is it a contest that is ever finished. It is an eternal struggle. Every generation of Americans has given of her sons and daughters to contribute to it. That is why Medal of Honor recipients are never said to have "won" the honor, but they have received it from a grateful nation, out of recognition of their distinguished contribution to our shared and continued fight for freedom.

Next week, Farmersville, TX, a small town in Hunt County, will celebrate the life of one of its sons, who came home the most decorated soldier of WWII. Audie Murphy's story of service starts early. When he was only 17 years old he had his sister assist him in falsifying his birth certificate so that he could meet the minimum age requirement for enlisting in the military. Like millions of Americans in the mid 40's, Murphy was eager to answer the call of his country.

Before long Murphy earned the rank of 2nd Lieutenant in the U.S. Army and was given command of Company B. In France during the early winter of 1945, Murphy's company was attacked by 6 German tanks and waves of infantry. Murphy ordered his men back into the cover of the woods, while he remained forward to give firing directions to artillery by telephone. Murphy then climbed into a burning tank and, despite the risk that the tank could explode at any moment, he began to use its .50 caliber machine gun to ward off the enemy. Murphy was alone and exposed to enemy fire on three sides. Against all odds, he succeeded in single-handedly holding the enemy back for an hour.

The citation that comes with Murphy's Medal of Honor, awarded for his actions that

day, tells us that despite a gunshot wound to the leg he fought until his ammunition was exhausted. He then made his way back to his company, refusing medical attention, and organized a counter attack that would prove successful and force the Germans to withdraw.

The contest for freedom is not a sprint. It is a relay that spans generations, and the champions of each generation should be honored for their service and sacrifice. We owe a debt of gratitude to all of those who fight for our freedom, and we honor individuals like 2nd Lt. Audie Murphy for their distinguished contribution.

And that is just the way it is.
