 The average annual growth rate over the 2007–2016 period encompasses growth in outlays from the amount recorded in 2006 through the amount projected for 2016.
 Data on spending for benefit programs in this table exclude administrative costs that are classified as discretionary but generally include administrative costs that are classified as mandatory.
 SNAP = Supplemental Nutrition Assistance Program; n.a. = not applicable.
 Because October 1 fell on a weekend in 2006, 2007, and 2012, certain federal payments that were due on those dates were instead made at the end of the preceding September and thus shifted into the previous fiscal year.
^a Differs from the amounts reported in Table 3–2 in The Budget and Economic Outlook: Fiscal Years 2016 to 2026 in that it does not include payments to health insurance plans for risk adjustment (amounts paid to plans that attract less healthy enrollees) and reinsurance (amounts paid to plans that enroll people with high health care costs). Spending for grants to states to establish exchanges is also excluded.
^b Does not include amounts that reduce tax receipts.
^c Includes the Temporary Assistance for Needy Families program, the Child Support Enforcement program, the Child Care Entitlement program, and other programs that benefit children.
^d Includes mandatory spending designed to reduce the discretionary budget authority needed to support the maximum award amount set in the appropriation act plus mandatory spending that, by formula, increases the total maximum award above the amount set in the appropriation act.
^e Does not include offsetting receipts.
^f Does not include outlays associated with federal interest payments.
