JUSTICE GINSBURG SHOWED BAD JUDGMENT

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, in a front page New York Times article, it was reported that Supreme Court Justice Ruth Bader Ginsburg made derogatory statements about Donald Trump. Justice Ginsburg was being interviewed by the newspaper so she knew that her remarks would be made public. They were particularly personal and demeaning.

The Code of Conduct for judges states: “A judge should not publicly endorse or oppose a candidate for public office.”

It was totally inexcusable and unprofessional for Justice Ginsburg to insult a Presidential candidate. It hurt the credibility of the Supreme Court and showed bad judgment. It will be difficult for the American people to believe Justice Ginsburg can be impartial in any rulings that involve political issues.

Her verbal attack on Donald Trump only contributes to the public’s feeling that the justice system may be rigged.

REMEMBERING AND HONORING THE DEATH OF OFFICER LORNE AHRENS OF BURLESON, TEXAS

(Mr. WILLIAMS asked and was given permission to address the House for 1 minute.)

Mr. WILLIAMS. Mr. Speaker, the city of Dallas experienced tremendous tragedy last week. It was the deadliest day for law enforcement since September 11, 2011.

Burleson resident, Lorne Ahrens, was one of the five officers who so courageously made the ultimate sacrifice. I am honored to have been able to say he hailed from Texas’ 25th Congressional District. At 6 feet, 5 inches, and 300 pounds, Officer Ahrens has been described as “a big guy with an even bigger heart.”

His colleagues said he always had a smile on his face. He was a loving and devoted husband and father. Officer Ahrens often volunteered at his children’s schools. He was known to be a jokester, a friend, and a true cop. The day before his death, it was reported

that Officer Ahrens bought dinner for a homeless man and his dog. This is who he was. This is who we lost.

A semi-pro football player, Officer Lorne Ahrens began as a dispatcher at the Los Angeles County Sheriff's Department and joined the Dallas police force in 2002, eventually becoming a senior corporal.

There are no words to express the sadness felt by the entire Burleson community. I send my prayers to his wife Katrina and their family.

I am encouraged by the outpouring of support Officer Ahrens' family has received, and I know it will continue in our community.

May the Lord's strength give their hearts and souls peace and comfort. In God we always trust.

125 YEARS OF MINNESOTA SUCCESS

(Mr. EMMER of Minnesota asked and was given permission to address the House for 1 minute.)

Mr. EMMER of Minnesota. Mr. Speaker, I rise today to congratulate an incredible company and true Minnesota original, Hormel Foods, which is celebrating 125 years of success.

Ever since George Hormel founded what is known today as the Hormel Foods Corporation in 1891, this company has created some of the most well-known products in the food industry.

Hormel started off as a small-town business in Austin, Minnesota, but quickly evolved with offices opening all over the State and Nation after the introduction of products like the world's first canned ham. One of the best known products that introduced Hormel to the country and the world is the Minnesota staple called SPAM.

Over the past 125 years, Hormel has continued to invent and acquire new products like Skippy Peanut Butter and Applegate Farms. In fact, Forbes has named Hormel one of the most innovative companies in the food processing industry.

I want to thank Hormel for being such a great Minnesota company for the past 125 years and for feeding our State, Nation, and the world. Congratulations, Hormel. Minnesota is proud to call you one of our own.

IRAN DEAL DOOMED FROM BEGINNING

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, this Thursday marks the 1-year anniversary of the Iran nuclear deal.

Despite assurances from the Obama administration, it is clear we need to do more to curb Iran's state sponsorship of terrorism, human rights abuses, and their ability to destabilize the region. This week, the House of Representatives will vote on commonsense measures to address these concerns.

Heavy water plays an important role in developing nuclear weapons. Yet the Iran nuclear deal allows Iran to possess heavy water up to a certain amount and then sell any additional heavy water on the international market.

As a result, the United States, in April, purchased 32 metric tons of heavy water from Iran, which means we are currently subsidizing and rewarding Iran's production of a key building block for a nuclear weapons program. This just doesn't make sense and is certainly outside of the idea of the deal that was made over a year ago; that, combined with testing of missiles, new contracts for Iran, and the \$150 billion that was released to them.

H.R. 5119, introduced by my colleague, Representative POMPEO, would further prohibit that. H.R. 5631 would hold Iran accountable for its State sponsorship of terrorism and other threatening activities. We need to move these measures and hold them accountable.

HONORING THE MEMORY OF WEST POINT CADET TOM SURDYKE

(Mr. SMITH of Missouri asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Missouri. Mr. Speaker, I rise today to honor the memory of West Point Cadet Tom Surdyke from Festus, Missouri.

I had the honor to appoint Tom to West Point in 2015 and to share in his family's celebration the day he earned his Eagle Scout. Tom was a member of Missouri Boys State and an honor student at St. Pius High School. He was the proud son of Tim and Janice Surdyke and the beloved brother of Elaine, Rosemary, and Francie.

Tom chose a life of service at West Point, and in his death, he proved that serving others was always in his heart.

While on vacation on June 24, 2016, Tom and another swimmer he had just met on shore were caught in a rip tide. Tom instinctively went to the other young man who could not swim, keeping him afloat. But Tom was pulled under. Tom died in the hospital 4 days later.

Continuing his ultimate goal to serve, Tom donated his organs. He was buried at West Point on July 4, 2016—on his 19th birthday. He was given the Soldier's Medal, the Army's highest non-combat valor award because he saved the life of another.

I grieve the loss of this gifted young man who would have no doubt distinguished himself in a life of military service. But, today, I celebrate Tom Surdyke's spirit, his character, and the selfless act that distinguished him in death.

MAYS' FAMILY REUNION

(Mr. FARENTHOLD asked and was given permission to address the House

for 1 minute and to revise and extend his remarks.)

Mr. FARENTHOLD. Mr. Speaker, I rise today to celebrate a family of Texas pioneers who lived in Robstown, Texas, for 108 years. The first of the Mays family to settle in Robstown were Ella and Riley, along with their 12 children. They arrived in 1912 as the first African American family in the city. On August 7 of this year, they will be holding a family reunion at the Richard M. Borchard Regional Fairgrounds in Robstown.

Once Ella and Riley settled, they founded the Mt. Zion Missionary Baptist Church, which served as both a church and the first public African American school in the city. They were important members of the community. The city of Robstown even named a street after Riley, who served as the deacon and Sunday school teacher of Mt. Zion where Ella was a nurse and missionary. Their hard work and dedication to faith, family, and community is an inspiration to us all.

I ask my colleagues to join me in celebrating the Mays' wonderful legacy and lasting impact they have had on Robstown, the Coastal Bend, and beyond.

May God bless you all.

LABELING REQUIREMENTS HURT CRAFT BREWERIES

(Mr. PAULSEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAULSEN. Mr. Speaker, Minnesota is the proud home to over 100 craft breweries. Many of these breweries are small, but they still provide jobs and a real impact to our local economies across our great State. There are nearly 5,000 craft brewers across the country.

Unfortunately, a provision buried deep within the President's new healthcare law mandates that brewers label every single beer they produce with detailed calorie information.

This labeling requirement is projected now to cost \$77,000 per brewery. It is a financial burden that will be simply too steep for a lot of brewers who are just trying to get up and running and operating with little or no profit.

This is just the latest excessive and onerous burden placed upon small businesses by the President's new healthcare law. Mr. Speaker, Washington should be getting out of the way so that craft breweries have a chance to thrive, not putting up more unnecessary red tape that makes it impossible to do business.

It is time to act and repeal this harmful labeling requirement to prevent jobs from being lost, and to allow Americans to continue enjoying their locally produced craft beverage.
