

wellness programs, preventive care, and regular checkups.

Headquartered in the city of Central Falls, this organization continues to play a critical role today in meeting the needs of Rhode Island's Latino families and ensuring they have an opportunity to get ahead.

I am delighted to congratulate Progreso Latino and the dedicated men and women of this extraordinary organization as they celebrate 39 years of service this Saturday.

SUICIDE PREVENTION MONTH

(Mr. MURPHY of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MURPHY of Pennsylvania. Mr. Speaker, the death toll due to mental illness continues to climb. Yesterday we lost another 118 lives to suicide, and this brings the total lives lost since passage of H.R. 2646 to 7,670.

We lost another 959 lives to mental illness, bringing the total of lives lost to 62,355 since House passage of my bill in July. If nothing is done today, then tomorrow we will lose more. By Monday, another 2,800.

I hope my colleagues in the Senate are moved to action by this continued loss of lives, which is preventable. But if it's popularity, approval ratings, or upcoming elections that our friends are worried about, my friends should know that most Americans believe the country is losing ground in dealing with mental health. In fact, 83 percent of the country thinks so, according to a national mental health survey.

Mr. Speaker, how high does the death toll need to climb before the Senate decides to act? We only have a few legislative days left in September. We can either spend that time reading more obituaries or news clips of tragedies or passage of H.R. 2646. It is absolutely clear that America wants us to act now. The question is: Will the Senate finally act and bring treatment before tragedy?

CALIFORNIA'S WATER CRISIS

(Mr. COSTA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COSTA. Mr. Speaker, I rise to call attention today to the ongoing water crisis facing California. The drought is not over, nor has Congress addressed the underlying reasons for the disproportional impact on the San Joaquin Valley communities and the conditions that we face.

It has been reported that California could be facing a La Niña condition this upcoming winter. That means that we will have dry conditions and further loss of available water for people, farms, and the environment.

We must pass legislation that will be signed into law which will create a rational, balanced water policy, both in

the short and long term, that benefits California's farm communities and the environment.

I will submit later for the RECORD a thoughtful op-ed piece written by a constituent and friend of mine, Cannon Michael. He is a farmer in the valley. We share a lot of the same frustration over how Congress has failed to pass legislation to solve California's water problems. This op-ed piece describes exactly how the people of the valley feel, and I urge my colleagues to come together to enact legislation that California desperately needs this year.

RECOGNIZING THE JEWISH COMMUNITY SERVICES OF SOUTH FLORIDA

(Ms. ROS-LEHTINEN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROS-LEHTINEN. Mr. Speaker, I rise in recognition of the Jewish Community Services of South Florida, an organization that is committed in lending a hand to those members of our society who need it the most.

Through its many programs, such as mental health counseling, homelessness prevention, and assistance to those with developmental disabilities, JCS is dedicated to bringing aid and smiles and providing the necessary care for those in need.

Since its founding in 1920, this organization has not strayed from its clear goals to improve the quality of life for families in our south Florida community.

The Jewish Community Services of South Florida will be delivering its 10,000th Rosh Hashanah holiday basket to homebound seniors, many living at or below the poverty level.

Mr. Speaker, I am truly honored to recognize this organization's mission, and to JCS I say mazel tov on a job well done.

THE 15TH ANNIVERSARY OF 9/11

(Mrs. CAROLYN B. MALONEY of New York asked and was given permission to address the House for 1 minute.)

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, this Sunday marks the 15th anniversary of 9/11, a day when we suffered from the savagery of mankind at its worst and witnessed the courage of humanity at its best.

In our collective sorrow, I have never seen this body so united and determined to protect our people, to protect America. We found strength from one another. I am proud of the way my city, my country, and my colleagues responded.

I am grateful for the privilege of working with our first responders, survivors, and families, and my colleagues from both sides of the aisle to pass the James Zadroga 9/11 Health and Compensation Reauthorization Act, so that anyone suffering from the wounds of 9/11 will never have to worry about the

health care and assistance they deserve.

It is in this way we remember and honor those who carry the wounds of that very dark day and who deserve the thanks of a grateful nation. It is in this way that we show we will never forget.

MESQUITE, NEVADA, A PURPLE HEART CITY

(Mr. HARDY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HARDY. Mr. Speaker, the Purple Heart is our Nation's oldest military decoration. It is a unifying symbol that binds together men and women who have bled for freedom.

When these brave warriors return to our communities, we cannot forget them and their sacrifice. That is why I am proud to recognize my hometown of Mesquite, Nevada, for its decision to become a Purple Heart City.

The decision, which will be formally announced next week, will signal to all veterans throughout southern Nevada and around the country that Mesquite welcomes them and is proud to honor their service. I would like to thank Chapter 711 of the Military Order of the Purple Heart for working with the city of Mesquite to make this day possible.

It is my hope that more communities take this step to honor the sacrifices of these heroes by becoming Purple Heart communities.

I can't wait to see that Purple Heart flag proudly flying over Mesquite.

HONORING MAJOR TRAVIS BRUNELLE

(Mr. JOLLY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOLLY. Mr. Speaker, I rise today to honor a man who spent his entire adult life serving our country, a man who served with great distinction, and a man who truly was an American patriot. Mr. Speaker, I rise today to honor U.S. Army Major Travis Brunelle of Tampa, Florida.

Major Brunelle enlisted in the Army in 1991. In 2002, he graduated from Florida State University with a bachelor's degree in information studies and was commissioned a 2nd lieutenant in the infantry, gaining his commission through ROTC at Florida State. He attended the Infantry Officer's Basic Course, where he served as a platoon leader and would go on to attend the Special Forces Officers Qualification Course. In October 2004, Brunelle earned the coveted Green Beret.

Then-Captain Brunelle served as a detachment commander for Company C, 3rd Battalion, 20th Special Forces Group. He deployed in support of Operation Iraqi Freedom and Operation Enduring Freedom.

For his service to our Nation, Brunelle was decorated with two

Bronze Star Medals, three Army Commendation Medals, four Army Achievement Medals, and multiple OEF and OIF deployment ribbons. Additional recognitions included the Expert Infantryman Badge, Combat Infantryman Badge, Master Parachutist Badge, Ranger Tab, and the Special Forces Tab.

A Master Mason and president of the Tampa Bay Ranger Regiment motorcycle club, Major Brunelle was known by his community as selfless, compassionate, and full of life.

Today, Major Brunelle is survived by his wife, Renee, and many countless, loving friends and family. May God bless Major Travis Brunelle for his service to our Nation. May God bless his family, his friends, and may God bless the country he so valiantly and proudly fought for, the United States of America.

I AM STUNNED

(Ms. MAXINE WATERS of California asked and was given permission to address the House for 1 minute.)

Ms. MAXINE WATERS of California. Mr. Speaker, I come this morning rather stunned because I am witnessing comments by Presidential candidate Trump and Vice Presidential candidate Mike Pence that stuns me.

Today I heard that Pence basically said that Vladimir Putin has been a stronger leader in his country than Barack Obama in his country. And then, of course, Donald Trump is arguing that the Russians are not meddling in American Presidential politics, despite the fact he was interviewing on a Russian television station.

What is going on here? Is this patriotism? I don't know why all of a sudden we have a Presidential candidate who is praising or talking about basically a dictator being better than the President of the United States of America.

ZIKA EMERGENCY

(Ms. WILSON of Florida asked and was given permission to address the House for 1 minute.)

Ms. WILSON of Florida. Mr. Speaker, have you ever heard of a travel ban on an American city? Now, we have one in the beautiful boutique district called Wynwood, in the heart of my district. It is time to lift that ban.

District 24, Miami, Florida; and the entire State have been besieged by the Zika virus. We are in the epicenter of this growing epidemic and living in fear of the damaging impact a single mosquito bite can have on an unborn fetus.

The vibrant, bustling millennial area of Wynwood has the best restaurants, the best trendy art galleries, museums, antique shops, hat stores, and tourist attractions. Tourists flock there from all over the world.

Now, with the travel ban in place because of Zika, people are being laid off;

businesses are on the verge of closing. In comparison, it is a ghost town. The unborn babies are not the only ones affected by the virus. The economy is suffering immensely.

We need your help, Mr. Speaker. Zika is taking a huge bite out of Florida's booming economy and is devastating the tourism industry.

Mr. Speaker, please bring a clean Zika bill to the floor with no riders, no poison pills; just a clean bill. The unborn, families, and the businesses of America are depending on you. Zika is an ever-evolving nightmare and we must do that. When this travel ban has been lifted, I am looking forward to saying: Business as usual in Wynwood.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. RODNEY DAVIS of Illinois). The Chair would remind all Members to refrain from engaging in personalities toward the nominees for the Office of President and Vice President.

EXPRESSING THE SENSE OF THE HOUSE OF REPRESENTATIVES REGARDING THE TERRORIST AT- TACKS LAUNCHED AGAINST THE UNITED STATES ON SEPTEMBER 11, 2001, ON THE 15TH ANNIVER- SARY OF THAT DATE

Mr. MCCARTHY. Mr. Speaker, I ask unanimous consent that the Committee on Oversight and Government Reform, Committee on Homeland Security, Committee on the Judiciary, Committee on Transportation and Infrastructure, Committee on Armed Services, Committee on Foreign Affairs, and the Permanent Select Committee on Intelligence, be discharged from further consideration of House Resolution 842, and ask for its immediate consideration in the House.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

The text of the resolution is as follows:

H. RES. 842

Whereas, on September 11, 2001, while Americans were attending to their daily routines, terrorists hijacked four civilian aircraft, crashing two of them into the towers of the World Trade Center in New York City, a third into the Pentagon near Washington, DC, and a fourth was prevented from also being used as a weapon against America by brave passengers who placed their country above their own lives;

Whereas thousands of innocent Americans were killed and injured as a result of these attacks, including the passengers and crew of the four aircraft, workers in the World Trade Center and in the Pentagon, rescue workers, and bystanders;

Whereas the crewmembers of United Flight 175, American Flight 11, American Flight 77, and United Flight 93 acted as first responders, reporting the first intelligence of a war

the United States did not know it was fighting and sacrificing their own lives to protect the United States and the lives of countless others;

Whereas 15 years later the country continues to, and shall forever, mourn their tragic loss and honor their memory;

Whereas these attacks destroyed both towers of the World Trade Center, as well as adjacent buildings, and seriously damaged the Pentagon;

Whereas these attacks were by far the deadliest terrorist attacks ever launched against the United States, and, by targeting symbols of American strength and success, were intended to assail the principles, values, and freedoms of the United States and the American people, intimidate our Nation, and weaken its resolve;

Whereas memorials have been constructed to honor the victims of these attacks at the Pentagon, in Shanksville, Pennsylvania, and on the World Trade Center grounds, so that Americans and people from around the world can visit to mourn those lost and to pay tribute to the heroic action and sacrifice of those who have served our communities and our country in the years since the attacks;

Whereas 15 years after September 11, 2001, the United States continues to fight terrorists and other extremists who threaten America and her friends and allies;

Whereas successive Congresses have passed and President Bush and President Obama have signed numerous laws to assist victims of terrorism, protect our Nation, combat terrorism at home and abroad, and support the members of the Armed Forces who courageously defend the United States;

Whereas by the tireless efforts of our intelligence, military, and law enforcement professionals, the United States has been able to significantly degrade the al Qaeda network, by taking into custody or killing senior al Qaeda leaders, operational managers, and key facilitators, and owes a debt of gratitude to the focused and persistent efforts of all those personnel involved in the removal of Osama bin Laden;

Whereas the terrorist attacks that have occurred around the world since September 11, 2001, remind us of the hateful inhumanity of terrorism and the ongoing threat it poses to freedom, justice, and the rule of law;

Whereas United States law enforcement and intelligence agencies and allies of the United States around the world have worked together to detect and disrupt terrorist networks and numerous terror plots since September 11, 2001;

Whereas the Nation is indebted to the brave military, intelligence, law enforcement, and civilian personnel serving in Afghanistan, Iraq, and elsewhere in advancement of United States national interests;

Whereas thousands of families have lost loved ones in the defense of freedom and liberty against the tyranny of terror; and

Whereas the passage of 15 years has not diminished the pain caused by the senseless loss of nearly 3,000 persons killed on September 11, 2001; Now, therefore, be it

Resolved, That the House of Representatives—

(1) recognizes September 11 as a day of solemn commemoration;

(2) extends again its deepest sympathies to the thousands of innocent victims of the September 11, 2001, terrorist attacks, and to their families, friends, and loved ones;

(3) honors the heroism and the sacrifices of United States military and civilian personnel and their families who have sacrificed much, including their lives and health, in defense of their country;

(4) credits the heroism of first responders, law enforcement personnel, State and local officials, volunteers, and others who aided
