

right to do so. Preempting all State legislation in this area infringes on that fundamental sovereignty and right of States to protect their citizens.

As the American Association for Justice has stated, this legislation will unjustly preempt State consumer protection laws. I know the importance of that preemption doctrine as a former attorney general who has fought consistently to allow States to set standards for consumer protection and enforce those standards, both Federal and State.

I commend those manufacturers that have realized that now is the time to embrace GMO labeling, including Campbell's, Ben & Jerry's, Amy's Kitchen, and Nature's Path. I hope we can work together with food manufacturers to give American consumers, like consumers in 63 countries around the world—63 countries around the world—a more transparent food system by approving a mandatory on-packaging GMO labeling system and rejecting this anti-consumer effort.

Thank you, Mr. President.
I yield the floor.
