LIMB LOSS AWARENESS MONTH

HON. ERIC A. "RICK" CRAWFORD

OF ARKANSAS

IN THE HOUSE OF REPRESENTATIVES

Monday, January 27, 2020

Mr. CRAWFORD. Madam Speaker, I rise today to recognize the importance of Limb Loss Awareness Month. Over 2.1 million Americans live with limb loss or difference, and over 500 Americans lose a limb every day. The number of Americans living with limb loss or difference is projected to rise to over 3.6 million by 2050.

April is an appropriate month to designate as Limb Loss Awareness Month as spring is a time of renewal and inspiration. I encourage everyone to learn about the issues affecting people with limb loss and express gratitude to families and caregivers who are a source of support and motivation.

Finally, I salute our veterans who have lost their limbs in service to this country or in retirement.

KEVIN GARCIA

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Monday, January 27, 2020

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize Kevin Garcia, Communications Supervisor at Jeffcom 911, for his excep-

tional performance and contributions to our community and for his recognition of an Industry Professional by the NG911 Institute.

Kevin is one of 20 Communication Supervisors at Jeffcom 911, overseeing the day-to-day operations of a large Communications Center and the management of 118 Emergency Communications Specialists. As a dispatcher of 23 years, Kevin played a critical role in Jeffcom 911's first 18 months of operations since launching as the new consolidated regional communications center. Kevin was one of the select few line-level personnel involved in the integration of eight public-safety answering point (PSAP) and 24 agencies that serve 600,000 residents and produced a call volume of 971,254 emergency and non-emergency calls.

Kevin was instrumental in using his experience for developing organizational policy and user guides for a multitude of systems, including individual training for major upgrades on the 'Safe-to-Tell' software—which was particularly time sensitive for informing local School Resource Officers of potential threats to staff and students within Jefferson County. Kevin worked hand-in-hand with the IT department with the development and functionality of the CAD system at Jeffcom 911 from the start when the operations floor was an empty shell all the way through construction and set-up to the state-of-the-art facility it is today, resulting in an enormous resource of information and guidance for the 150 Jeffcom 911 staff. In addition to his technical acumen, Kevin is equally valuable to the Jeffcom 911 staff for his leadership in personnel matters and does a tremendous job managing a difficult watch schedule, assessment of trainees on the floor and providing in-the-moment guidance to employees on organizational policy, Kevin is truly a force-multiplier for management as a leader on the operations floor and has solidified himself as the "go-to" Supervisor for guidance on any issue.

Over the past year, Kevin has also served as an instructor in the Jeffcom 911 Academy, a six-week course for training new Emergency Communication Specialists, where he has provided over 40 hours of instruction and brings both experience and great passion to the training. Congratulations to Kevin for earning recognition as an Industry Professional from NG911, and I extend my deepest appreciation to Kevin Garcia for his leadership and contributions to Jeffcom 911 and the Jefferson County community.

Mr. BURGESS. Madam Speaker, I rise today to remember Tim Tittle, the Fire Chief for the City of Lewisville, Texas. He served with the Lewisville Fire Department for over four decades and was named Fire Chief in 2011. His lifelong commitment and dedication

to the fire service will continue to be an ideal of servanthood and integrity for his colleagues.

MARKING NATIONAL SCHOOL CHOICE WEEK 2020

HON. JACKIE WALORSKI

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Monday, January 27, 2020

Mrs. WALORSKI. Madam Speaker, I rise today to mark National School Choice Week and recognize all the students in Indiana's 2nd District.

I believe every child in America should have access to a high-quality education in a safe and welcoming environment. Nothing should stand in the way of a child receiving a world-class education, and parents should have the ability to make decisions about their children's education.

School choice gives students the opportunity to find the path to success that works best for them, especially in the face of obsta-

cles in their own school district. Look no further than the examples set in my community in northern Indiana, where students cross district lines to attend public schools that offer programs not available in their own school district. These programs equip students in Indiana with the tools to succeed and set them apart from their peers. Hoosier families have the freedom to put their children first so they can achieve their goals.

Education is power, and all Americans have the right to tap into that power and put their best foot forward. It is important that our state and local governments are equipped to ensure teachers, students, and school administrators have the resources and tools they need to learn, teach, and grow.

Madam Speaker, on behalf of 2nd District Hoosiers, I affirm that National School Choice Week is critical in the fight to ensure our children have limitless potential and bright futures.

HONORING THE JUVENILE DIABETES RESEARCH FOUNDATION FOR ITS FIFTIETH ANNIVERSARY

HON. TOM REED

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Monday, January 27, 2020

Mr. REED. Madam Speaker, today I rise to recognize the Juvenile Diabetes Research Foundation and its Western New York Chapter upon its fiftieth anniversary. For years, this organization has been the leading global organization to fund Type One Diabetes research, and I am honored to recognize their work today.

Type One Diabetes is an autoimmune disease that causes the pancreas to stop producing insulin suddenly, and has no link to diet or lifestyle and impacts both adults and children.

The Juvenile Diabetes Research Foundation was founded in 1970 upon the desire to cure Type One Diabetes. The organization was founded by parents hoping to find a cure for their children who had the disease. Since that time, the organization has worked to cure this disease that affects so many by raising funds and advocating for research. Currently, there are dozens of locations across the nation and six international affiliates. The organization has raised more than two billion dollars for research.

This organization has done great work throughout the country, including the Western New York Chapter that I have often been involved with over the years. This year, we are glad to also be celebrating the Gala's twentieth anniversary, Journey To A Cure Gala, one of the Juvenile Diabetes Research Foundation of Western New York's largest fundraisers. This extraordinary event draws about six hundred community members together, united for the cause of raising funds for Type One Diabetes research.

Given the above, I ask that this Legislative Body pause in its deliberations and join me to honor the Juvenile Diabetes Research Foundation and its Western New York Chapter upon its fiftieth anniversary.
