## RESIGNATION AS MEMBER OF COMMITTEE ON NATURAL RESOURCES

The SPEAKER pro tempore laid before the House the following resignation as a member of the Committee on Natural Resources:

CONGRESS OF THE UNITED STATES,  
HOUSE OF REPRESENTATIVES,  
Washington, DC, June 15, 2021.

Hon. NANCY PELOSI,  
Speaker, House of Representatives,  
Washington, DC.

DEAR SPEAKER PELOSI: I write today to request to be removed from the House Committee on Natural Resources to allow Representative Stansbury to serve on this important committee.

Representative Stansbury was recently sworn in as a Member of the House of Representatives serving New Mexico's 1st Congressional District. Representative Stansbury is filling the vacancy created when then Representative Haaland was nominated and confirmed to be the United States Secretary of the Interior. Before serving as Secretary of the Interior, former Representative Haaland used her position on the House Committee on Natural Resources to combat the climate crisis and create a more equitable future for her constituents and all Americans. I believe it is important that Representative Stansbury have an opportunity to continue this legacy and represent her constituents in New Mexico's 1st Congressional District on the House Committee on Natural Resources.

I appreciate your consideration of this request.

Sincerely,

DORIS MATSUI,  
Member of Congress.

The SPEAKER pro tempore. Without objection, the resignation is accepted. There was no objection.

## ELECTING A CERTAIN MEMBER TO CERTAIN STANDING COMMITTEES OF THE HOUSE OF REPRESENTATIVES

Mr. AGUILAR. Madam Speaker, by direction of the Democratic Caucus, I offer a privileged resolution and ask for its immediate consideration.

The Clerk read the resolution, as follows:

## H. RES. 475

*Resolved*, That the following named Member be, and is hereby, elected to the following standing committees of the House of Representatives:

COMMITTEE ON NATURAL RESOURCES: Ms. Stansbury, to rank immediately after Ms. Leger Fernández.

COMMITTEE ON SCIENCE, SPACE, AND TECHNOLOGY: Ms. Stansbury, to rank immediately after Mr. Bowman.

Mr. AGUILAR (during the reading). Mr. Speaker, I ask unanimous consent that the resolution be considered as read and printed in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

The resolution was agreed to.

A motion to reconsider was laid on the table.

## CONGRESS MUST TAKE ACTION

(Ms. LOIS FRANKEL of Florida asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. LOIS FRANKEL of Florida. Madam Speaker, last week, the unthinkable happened. A grandmother, Litha Verone, was innocently shopping in a local supermarket with her precious young grandson when they were both brutally murdered by a deranged man with a semi-automatic weapon.

My heart breaks for Litha's family for their unbearable loss.

But, once again, prayers and good wishes are not enough. On so many levels we must take action passing commonsense gun legislation, strengthening our mental health system, reaching out to those in trouble because in the last moments of her life, a grandmother watched in horror as her grandchild was shot and killed by a man who should never have had a gun.

Madam Speaker, last week, the unthinkable happened, and we must not stop thinking about it.

## HONORING THE 125TH ANNIVERSARY OF THE INDIANA VETERANS' HOME

(Mr. BAIRD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BAIRD. Madam Speaker, today, I rise to honor the 125th anniversary of the Indiana Veterans' Home.

It was established in Tippecanoe County in 1895, and the Indiana Veterans' Home initially served as a facility to care for the disabled Union soldiers after the Civil War.

By 1910, the home served over 1,400 residents and offered its own hospital, bakery, and electric light plant.

Over a century later, the Indiana Veterans' Home continues to operate as a full-service facility offering a multitude of medical and support services for its residents.

It is also home to a small museum of historical artifacts, and serves as the final resting place for nearly 3,000 veterans and their spouses.

Indiana has a proud tradition of honoring its veterans, and the Indiana Veterans' Home is a shining example of Hoosiers' commitment to the care of those who have served.

I congratulate those at the Indiana Veterans' Home on their 125th anniversary, and I offer my sincere gratitude for their continued service to Hoosier veterans and their families.

□ 1800

#### BRING DANNY FENSTER HOME

(Mr. LEVIN of Michigan asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LEVIN of Michigan. Madam Speaker, I rise to mark 3 weeks since my constituent, Danny Fenster—pictured here—was captured and imprisoned by the Burmese military simply for doing his job as a journalist, 22 days spent on the phone and with my arms wrapped around his traumatized but determined family, upwards of 500 hours reading our community's outpouring of comments about Danny's dignity and his career of standing up for people around the world.

I have called on ambassadors all throughout the region. I have called on our own State Department to ask why, what is the justification for our Embassy not having access to our citizen? And they have no reason.

It is a violation of international law, and it is a violation of human rights.

The U.S. Embassy needs access to Danny while we keep fighting for his immediate and unconditional release and to protect the freedom of the press.

I will not stop fighting and our community will not stop fighting until we bring Danny home.

#### HOLDING CAMILA ORTEGA ACCOUNTABLE

(Ms. SALAZAR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. SALAZAR. Madam Speaker, Latin America's dictators exploit their children just like they exploit their own people.

The best example is Nicaragua's dictator, Daniel Ortega. Ortega leads his corrupt, oppressive, dictatorial regime along with his wife and Vice President, Rosario Murillo. Their daughter, Camila Ortega, has defalcated millions and millions of dollars from the Nica-

raguan people while her mother and father continue oppressing anyone who opposes them.

Madam Speaker, 10 days ago, the United States Government blacklisted Camila Ortega for corruption. She is officially sanctioned. Her bank accounts are frozen. No one can do business with her at this hour. She will no longer lavishly spend the people's money in the streets of Miami, my district, where I represent thousands and thousands of the Nicaraguan exile community who fled her father's regime and his oppression.

Madam Speaker, from the floor of the United States Congress, from this floor, we ask the European Union and Canada to join America in holding Camila Ortega accountable.

Ortega wants to steal the elections by jailing anyone who opposes him. But make no mistake, he and his family will pay for these atrocities.

#### HONORING SISTER PEG SPINDLER

(Mr. MRVAN asked and was given permission to address the House for 1 minute.)

Mr. MRVAN. Madam Speaker, it is with great admiration and pride that I rise to honor Sister Peg Spindler for her lifetime of service and dedication to the Sojourner Truth House in Gary, Indiana.

After more than 24 years of service, Sister Peg will be retiring on July 1 as the executive director of the women's shelter.

Sister Peg found her calling to sisterhood at a young age while growing up in Cedar Lake, Indiana. In November 1997, Sister Peg, along with the support of the Poor Handmaids of Jesus Christ, opened the doors to the Sojourner Truth House, which serves the true vulnerable populations, the homeless, the underserved, and the at-risk women and their children, with the goal of providing them the necessary tools and resources to improve their quality of life.

After retiring, Sister Peg plans to visit Catholic parishes throughout the country to advocate on best practices, to reduce carbon dioxide emissions, and to combat the harmful effects of climate change on the most vulnerable.

Madam Speaker, I ask that you and my colleagues join me in honoring Sister Peg Spindler for her lifetime of leadership and tireless dedication to the most vulnerable of populations in her community.

#### CELEBRATING THE LIFE OF FREDERICK AURELIUS "RELE" EVANS

(Mr. PALMER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PALMER. Madam Speaker, I rise to celebrate a life well-lived.

Frederick Aurelius "Rele" Evans passed away last month at the age of 94. After graduating high school in

Tuscaloosa, he joined the Navy. After his service, he enrolled at Tulane University and earned a bachelor of science in electrical engineering.

Following his college graduation, he joined the Air Force and became a fighter pilot, protecting Strategic Air Command while stationed in Sioux City, Iowa.

Following his time in the military, he became employed as a test pilot for Hughes Aircraft and later worked for TRW. While working for TRW, he earned a Ph.D. in aerospace engineering at UCLA, specializing in control systems theory.

Rele was the lead guidance engineer at Cape Canaveral when John Glenn was put into orbit, and he designed the on-board computer's guidance system for the lunar lander. He also coauthored the formula to put Apollo on the Moon and was present at Mission Control when Neil Armstrong took one giant leap for mankind. He eventually returned to Alabama.

Madam Speaker, I am grateful for the contributions Rele made to our military, our space program, and the State of Alabama. I wish his family the best as they mourn the loss of this modest man who accomplished much.

#### ENSURING EQUAL TRANSPORTATION ACCESSIBILITY

(Ms. NEWMAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. NEWMAN. Madam Speaker, today, I rise on behalf of the millions of Americans with disabilities, the millions of Americans who live in a major city with a major public transit system but are unable to utilize it because it is not accessible to them.

If we want to build a world-class public transportation system in America, it has to start by ensuring every station and every bus and train across our Nation is equally accessible to everyone.

That is why I introduced the All Stations Accessibility Act, or ASAP Act, of 2021, which would establish a Federal grant program to support transit authorities to upgrade stations to meet or exceed ADA accessibility standards.

Madam Speaker, I am pleased to say that we have secured this grant program in the INVEST in America Act. Now, I urge this body to pass that legislation so that we can better ensure our public transit services are for all riders, especially those with a disability.

#### ENDING ILLEGAL MARIJUANA OPERATIONS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, in California, we are known for having a lot of marijuana grows. But we have to
