

part of a network of locally organized groups that strive to improve the health and safety of our communities.

In Livingston County, our reserve corps is composed of 194 members, with an extra 80 volunteers, dedicating their time at the clinic. These folks are registered nurses, pharmacists, physician's assistants, nurse practitioners, paramedics, licensed professional nurses, EMTs, firefighters, veterinarians, chiropractors, social workers, teachers, public health professionals, and others with nonmedical backgrounds.

They come from all walks of life, but they are motivated to their cause, which is a healthier Livingston County. And their work during the pandemic is nothing short of heroic. They helped with mask packaging and distribution, staffing a COVID hotline, contact tracing, and vaccine support. Without the reserve corps, the county would not have been able to respond as effectively.

Since the beginning of last year, temporary staff have logged almost 7,000 hours on duty, with volunteers adding another 5,000 hours. These hours represent shots in arms, questions answered, fears put at ease, and more.

When our people need it the most, the Medical Reserve Corps stepped up. Their training designed for full-scale emergencies meant the difference when Livingston County was tested like never before.

I am so grateful for each and every member who has proudly worn the yellow vest of the Medical Reserve Corps.

Mr. Speaker, I especially want to recognize Jennifer Kramer, the Medical Reserve Corps coordinator, who has certainly personally put in incredibly long hours in service to others.

With their motto of Partner, Provide, Prepare, and Protect, the Medical Reserve Corps makes the extraordinary seem ordinary. I have seen them in action myself when I visited a vaccination clinic in January. They are organized, efficient, and wholly devoted to the cause.

It is my great honor to speak these words into the official RECORD so that future generations can read about these heroes who were there when we needed them most.

#### RECOGNIZING CRISTO REY COMMUNITY CENTER

Ms. SLOTKIN. Mr. Speaker, I rise today to recognize Cristo Rey Community Center, a nonprofit organization that has been meeting the needs of the Lansing community since 1968.

As a comprehensive, basic-needs service center, Cristo Rey is an invaluable source for residents, no matter their station in life. The center's health clinic serves the uninsured and underinsured while offering counseling to those struggling with substance abuse and addiction. Their financial counselors help folks develop healthy spending and saving habits, and their community kitchen serves free hot breakfast and lunch Monday through Friday.

In 2018 alone, Cristo Rey served over 56,000 members of their community. They distributed over 357,000 pounds of food, and provided more than 21,000 meals to the hungry. Their family health center cared for nearly 2,800 unique patients, empowered 1,500 individuals to manage their finances, and helped families save over \$700,000 in prescription drug costs.

□ 1330

In addition to these programs, Cristo Rey served as an essential warming center during harsh winters and as a cooling center during sweltering summers for the roughly 5,000 individuals who are homeless in the Lansing area.

Every day, Cristo Rey staff live up to their motto: "Serving individuals, serving families, serving communities. Always with compassion. Always with respect."

Wherever there is a need, whether it is a basic need, a spiritual need, or a societal need, Cristo Rey is there. Yes, they offer support and care, but they also focus on self-sufficiency and honoring the dignity of every person who walks through their doors.

For the poor and vulnerable, immigrants and migrants, and all people in need, regardless of language or culture, Cristo Rey is instrumental in the work to break the cycle of poverty and lift the community up. As a trusted organization, they are crucial to building bridges between different parts of the city.

In 2019, during the search for a new police chief, Cristo Rey hosted the first community meet-and-greet for Daryl Green, who became Lansing's chief of police. When our community was rocked by COVID, Cristo Rey was one of the first to retool its programs and offerings in order to start adapting to changing times.

These days, with a grant from the Dart Foundation, the center has been able to offer vaccinations to residents, particularly in underserved and hard-to-reach communities, which is essential for bringing down the rates of infection and reopening Michigan's economy.

For their 50 years of service to Lansing, it is my great honor to recognize the men and women who truly do God's work at Cristo Rey Community Center. May they continue to live out their mission for the next 50 years and for as long as these words remain in the RECORD of the people's House.

#### RECOGNIZING LACASA

Ms. SLOTKIN. Mr. Speaker, it is my honor to recognize LACASA, a nonprofit in my community that has stood out as a beacon of hope for thousands of vulnerable women and children in mid-Michigan.

In 1979, LACASA was founded as the Livingston Area Council Against Spousal Abuse. With just \$40 in donations and a part-time director at a desk in a borrowed office space, the organization first relied entirely on volunteers, selfless local residents who

opened up their own homes so that survivors of domestic violence could find refuge.

Later on, as it grew, LACASA was able to rent, then buy, and finally expand to a permanent shelter where women and children can access counseling services, legal advocacy, and wraparound support.

In addition to sanctuary, LACASA offers 24-hour crisis response with trained staff who are able to intake and serve the diverse needs of survivors of child abuse, domestic abuse, and sexual assault. For so many in our community, the folks at LACASA are directly responsible for giving them the tools and strength to begin the road toward a better future.

However, pandemics don't stop abusers. In fact, when outside stressors occur, abuse historically tends to escalate. So when shelter-in-place orders took effect last year, closing LACASA and its around-the-clock facility was not an option. Record numbers of victims seeking help and refuge contacted them, and their ability to adapt is nothing short of heroic.

In 2020 alone, LACASA provided 1,170 overnight stays in hotel rooms and over 3,500 off-site meals for victims and their families. They expanded capacity to handle a 230-percent increase in child forensic interviews.

LACASA saw the number of calls to their 24/7 helpline nearly double when the number of individuals seeking personal protection orders more than tripled compared to an average year.

Mr. Speaker, I have had the chance to personally visit LACASA, touring their shelter and working with their president, CEO, and badass, Bobette Schrandt, on several occasions. I am so thankful for her leadership and for the entire organization's tireless support and work to provide a port in the storm for local residents.

They are a model for similar nonprofits, earning national accreditation from the National Children's Alliance as a children's advocacy center just last week. Bobette told me herself. It is their highest level of membership, an honor that says everything about LACASA's dedication to addressing childhood abuse in southeast Michigan.

Today, I am proud to lift up their trauma-informed procedures and practices as a shining beacon of hope in Michigan's Eighth District.

On behalf of a grateful community, thank you for the work that you do, and may you continue to lead the way.

Mr. Speaker, I yield back the balance of my time.
