Mr. PALLONE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 3003, the Promoting United States Wireless Leadership Act of 2021. This legislation will help ensure the U.S. continues to lead the world in advanced communications technologies and deployments. It does that by directing the National Telecommunications and Information Administration, NTIA, to encourage participation by American stakeholders and standards-setting bodies, such as the Third Generation Partnership Project, better known as 3GPP, and the IEEE.

The legislation also calls on the NTIA to offer technical assistance to U.S. stakeholders that do elect to participate in developing standards for 5G networks and future generations of communication networks.

Other governments around the world are engaged in the standards-setting process for advanced telecommunications technologies, and discussions about 6G are already underway. This legislation will give our stakeholders the ability to better engage in policy choices that are being made today by the standards-setting bodies. These policy choices will have far-reaching implications for the development of 5G and other advanced communication technologies in the future.

By ensuring that globally developed standards meet the needs of the U.S. and our partners, this bill will help the U.S. continue to innovate. It will also help us guard against nontrusted actors hijacking standards-setting processes, which is an important component of our continued engagement on future communications technologies.

Mr. Speaker, I want to commend this bipartisan effort from Representatives WALBERG, DINGELL, JOHNSON, and KUSTER. I also want to thank our colleagues on the Foreign Affairs Committee and Chairman MEEKS, in particular, for working with us to bring this legislation to the floor.

I hope we can come together on this important issue, and I urge all of my colleagues to support the bill. I reserve the balance of my time.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON FOREIGN AFFAIRS,

Washington, DC, July 19, 2021.

Hon. FRANK PALLONE,
Chair, Committee on Energy and Commerce,
House of Representatives, Washington, DC.

DEAR CHAIR PALLONE: I am writing to you concerning H.R. 3003, the Promoting United States Wireless Leadership Act of 2021. This legislation contains provisions that fall within the Rule X jurisdiction of the Committee on Foreign Affairs.

In an effort to work cooperatively and to expedite the consideration of the aforementioned bill, the Committee on Foreign Affairs will waive referral of H.R. 3003. This, however, is not a waiver of future jurisdictional claims by the Committee on Foreign

Affairs over this or its subject matter. The House Foreign Affairs Committee has already passed through Committee its own legislation on 5G issues and will continue to legislate and provide oversight on diplomatic and foreign policy aspects of global telecommunications issues. Additionally, I ask that you support the appointment of Committee on Foreign Affairs conferees during any House-Senate conference convened for this legislation.

Finally, thank you for agreeing to include a copy of our exchange of letters in the Congressional Record during floor consideration of H.R. 3003.

Sincerely,

GREGORY W. MEEKS,
Chair.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON ENERGY AND COMMERCE,
Washington, DC, July 19, 2021.

Hon. GREGORY W. MEEKS,
Chairman, Committee on Foreign Affairs, Washington, DC.

DEAR CHAIRMAN MEEKS: Thank you for consulting with the Committee on Energy and Commerce and agreeing to be discharged from further consideration of H.R. 3003, the "Promoting United States Wireless Leadership Act of 2021", so that the bill may proceed expeditiously to the House floor.

I agree that your forgoing further action on this measure does not in any way diminish or alter the jurisdiction of your committee or prejudice its jurisdictional prerogatives on this measure or similar legislation in the future. I would support your effort to seek appointment of an appropriate number of conferees from your committee to any House-Senate conference on this legislation.

I will ensure our letters on H.R. 3003 are entered into the Congressional Record during floor consideration of the bill. I appreciate your cooperation regarding this legislation and look forward to continuing to work together as this measure moves through the legislative process.

Sincerely,

FRANK PALLONE, Jr.,
Chairman.

Mr. LATTA. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today to support H.R. 3003, the Promoting United States Wireless Leadership Act.

Our communications networks are a critically important asset for facilitating domestic and international commerce. For decades, the U.S. has led the development of wireless technology with like-minded nations. With the deployment of the next-generation wireless technology 5G, which is expected to skyrocket in the coming years and months, we must continue to focus on bolstering the foundational elements to make sure the United States continues to lead on future technological advances.

As these standards are set in global, industry-led standards bodies, we must enhance participation by U.S. companies and remain vigilant that bad actors don't game the system for their own economic and national security interests.

To keep accountability and ensure proper transparency, we must ensure participation by trusted like-minded partners. The National Telecommunications and Information Administration, NTIA, plays a central role in

these efforts as the executive branch agency with technical expertise on wireless innovation. It has decades of experience working with industry and other stakeholders to develop these technical standards globally. I would also like to thank the dedicated career staff who worked tirelessly to advance U.S. global wireless leadership.

As we move into the next decade, it is critical that we continue to enhance participation in critical standards-setting bodies and preserve U.S. wireless leadership.

Mr. Speaker, I urge my colleagues to support this piece of legislation, and I reserve the balance of my time.

Mr. PALLONE. Mr. Speaker, I have no additional speakers, and I reserve the balance of my time.

Mr. LATTA. Mr. Speaker, I urge all of my colleagues to support H.R. 3003, again a very important piece in our infrastructure in this country, and I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I urge support for the legislation, and I yield back the balance of my time.

Mrs. DINGELL. Mr. Speaker, I rise today in strong support of H.R. 3003, the Promoting United States Wireless Leadership Act of 2021.

The policy choices of today will have lasting effects on the global 5G technology development of tomorrow.

This bipartisan bill, which I co-lead with my fellow 5G Caucus co-chairs, Representatives WALBERG, KUSTER, and JOHNSON, would solidify United States leadership in 5G technology by encouraging interagency coordination, technical assistance, and stakeholder participation in international standard setting bodies.

We must take concrete steps to lower barriers to entry for U.S. companies and promote American competitiveness in this space.

This legislation will ensure the United States remains at the forefront of innovation in this evolving frontier by playing a central role in setting international wireless standards in emerging technologies. This approach has dramatic ramifications for our global competitiveness, 5G deployment, and our national security.

I strongly urge all my colleagues to support this important bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 3003.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the yeas have it.

Mr. ROSENDALE. Mr. Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3(s) of House Resolution 8, the yeas and nays are ordered.

Pursuant to clause 8 of rule XX, further proceedings on this motion are postponed.
