

amended, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The **SPEAKER** pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, as amended.

The vote was taken by electronic device, and there were—yeas 368, nays 56, not voting 7, as follows:

[Roll No. 318]

NOT VOTING—7

Bice (OK)	Cole	Waters
Brady	LaMalfa	
Cleaver	Palmer	

□ 1933

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

The title of the bill was amended so as to read: "A bill to amend the 21st Century Cures Act to provide for designation of institutions of higher education that provide research, data, and leadership on advanced and continuous pharmaceutical manufacturing as National Centers of Excellence in Advanced and Continuous Pharmaceutical Manufacturing, and for other purposes."

A motion to reconsider was laid on the table.

MOMENT OF SILENCE HONORING FORMER CONGRESSMAN DALE KILDEE

(Mr. KILDEE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KILDEE. Madam Speaker, last week I lost my uncle, and the people of my State and this country lost a leader, former Congressman Dale Kildee.

Our hearts go out to my Aunt Gayle, and to my cousins David, Paul, and Laura, who are experiencing the kind of loss that I and so many of us know far too well.

He served here for 36 years, and he believed that this place, this Congress, and our government could be a force for good.

During that time, he had many, many legislative accomplishments around education, the environment, things that he cared deeply about, but I think perhaps his greatest contribution was the fact that he served here so long and left with so many friends because he served here with dignity, with kindness to everyone, with respect for everyone regardless of their position or their point of view.

I hope we can remember him for that, and I hope we all take note of that. It is an important message, especially now.

He believed that the role of government was to preserve, to protect, to defend, and to enhance human dignity. His life was a testament to that promise.

I would ask all present to join us in a moment of silence for my Uncle Dale.

MOMENT OF SILENCE HONORING FORMER CONGRESSMAN DANIEL BENISHEK

(Mr. BERGMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BERGMAN. Madam Speaker, I rise today to honor the life and legacy of Dr. Daniel Joseph Benishek, or as he was better known to those of us in Michigan, Dr. Dan.

On Saturday, October 15, after a lifetime of service to the First District and the State of Michigan, Dr. Dan passed away.

Through his dedication to his patients and constituents, Dr. Dan changed the lives of countless Michiganders and was an indispensable part of our entire community.

From his decades of service as a doctor, to his 6 years fighting for the First District in Congress, he embodied servant leadership and was an ally to all our veterans and all who were blessed to call Michigan's First District home.

Dr. Dan's passing is a significant loss to our State. Those of us who call Michigan home have each benefited from his life and service and are grateful for the impacts he made. He did make a difference.

He loved the outdoors like no one you would believe, and he loved to tell the stories of how his cabin was completely off the grid and that he ate what he caught or hunted. He was a man truly of the Upper Peninsula.

We all send our deepest condolences to his dear wife, Judy, and the entire Benishek family and all of Team Benishek.

Please join me in a moment of silence to honor the memory of Congressman Dr. Dan Benishek.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H. CON. RES. 33

Mr. McCAUL. Madam Speaker, I hereby remove my name as cosponsor of H. Con. Res. 33.

The SPEAKER pro tempore (Ms. JACOBS of California). The gentleman's request is accepted.

WE MUST PROTECT THE RIGHT TO VOTE

(Ms. DEAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DEAN. Madam Speaker, our sacred right to vote is in jeopardy. Led by the divisive voice of a twice-impeached, failed, former President, 17 States across this Nation have enacted 28 laws to make it harder for Americans to vote.

Tomorrow, the Senate has the opportunity to pass the Freedom to Vote Act. The pandemic has shown us we can adapt and modernize our elections to reflect the 21st century and our electorate through same-day registration, making election day a national holiday, transparency on dark money, and more.

Legislators must be the voice of the people and give voice to the people, and our voices are strongest at the ballot box. That is why we must do all we can to ensure equal access for all Americans.

I urge the Senators to vote "yes" on the Freedom to Vote Act. Our Republic can't afford anything less.

We are voted for by the people and for the people, and we must protect the right to vote for the people.

JACOB DAVIS, JR., TURNS 100

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today to recognize Mr. Jacob Davis, Jr., of Pierce County, Georgia, for his 100th birthday on October 6.

A lifelong resident of Georgia's First Congressional District, Jacob has devoted his life to his community and his country.

He was drafted into the United States Navy in 1943 and was stationed in Great Lakes, Illinois. He served as a fireman on an aircraft carrier that performed test flights for the military.

After being discharged from the military in December 1945, Jacob returned to his family farm and married the love of his life, Jenny Henderson.

Over Jacob's lifetime of farming, he has accumulated over 1,000 acres of farmland. To this day, he continues his work on his pecan orchard. If the Sun is shining, Jacob can be found outside working.

Although he has worked hard his entire life, Jacob was, and continues to be, a devoted and loving father, grandfather, and great-grandfather.

I am proud to rise today to recognize Jacob's birthday and his lifetime of service and leadership to Georgia's First Congressional District.

□ 1945

HONORING TARRANT COUNTY SHERIFF BILL WAYBOURN AND HIS DEPUTIES

(Ms. VAN DUYNE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. VAN DUYNE. Madam Speaker, I rise today to honor Tarrant County Sheriff Bill Waybourn and his deputies. Earlier this month, Sheriff Waybourn announced the weeks-long investigation known as Operation Buyer Beware, which focused on the demand driving human trafficking.

Together, Texas DPS, Fort Worth Police, Arlington Police and the Department of Homeland Security successfully arrested a total of 115 men over the course of 1 week, many of them repeat offenders. Those arrested were attempting to solicit sex from minors.

With this operation, the Tarrant County Sheriff has sent a clear signal to offenders in the community that the safety and well-being of our children is paramount, and acts of harm and violence will not be tolerated. The sheriff's department stepped up to make use of the recent changes to State law that will increase jail time for solicitation.

We applaud our law enforcement and those dedicated to keeping Texas-24 safe. Madam Speaker, I thank Sheriff Bill Waybourn and Tarrant County law

enforcement for executing this operation and making strides to protect our community.

CALLING ATTENTION TO THE NEEDS OF THE GREAT LAKES REGION

(Ms. KAPTUR asked and was given permission to address the House for 1 minute.)

Ms. KAPTUR. Madam Speaker, I rise this evening to call attention to the needs of our Great Lakes region, including communities I represent like Lorain, Ohio, which my colleagues on the Select Committee on Economic Disparity and Fairness in Growth visited yesterday afternoon on a bipartisan basis.

During the hearing, we heard from union members, the business community, community leaders, and local officials about how decades of underinvestment and outsourcing have devastated our region; 10,000 steel jobs gone just in that industry.

As we advance our Build Back Better agenda, it is vital we deliver robust resources and support to these communities, ones that too often have been left behind.

These historic investments in infrastructure and good-paying jobs must reach every corner of our Nation, especially those where middle-class workers and their families have been denied full participation in the American Dream.

Let's make sure that these communities and those in the Great Lakes receive their fair share and are set upon a path for a more prosperous tomorrow.

RECOGNIZING STAFF SERGEANT PAUL LINCOLN OLMSTEAD

(Mr. MOORE of Utah asked and was given permission to address the House for 1 minute.)

Mr. MOORE of Utah. Madam Speaker, I rise today to honor the life of Staff Sergeant Paul Lincoln Olmstead, who passed away on September 21, 2021.

Born with an instinct to protect and defend others, Lincoln embodied the Green Beret motto to "de oppresso liber" or "to free the oppressed."

Lincoln served as a special forces engineer in the Utah National Guard's 19th Special Forces Group. This elite group of operators serves as the tip of the spear of the greatest fighting force the world has ever known.

Just 5 years into his service, Sergeant Olmstead had become a Green Beret and a special forces sniper.

Lincoln will always be known as a disciplined professional with a steadfast commitment to the mission at hand. Lincoln proudly served his country, and we owe him our deepest gratitude. Lincoln will be remembered as a loving husband to his wife, Danaya, and a dedicated father to his son, Tavian, and daughter, Alexa.
