Resolved, That the Speaker of the House shall otherwise take all appropriate action to enforce the subpoena.

PURPOSE AND SUMMARY

On January 6, 2021, a violent mob breached the security perimeter of the United States Capitol, assaulted and injured scores of police officers, engaged in hand-to-hand violence with those officers over an extended period, terrorized Members of Congress and staff, and invaded and occupied the Capitol building, all in an effort to halt the lawful counting of electoral votes and reverse the results of the 2020 election. In the words of many of those who participated in the violence, the attack was a direct response to statements by then-President Donald J. Trump—beginning on election night 2020 and continuing through January 6, 2021—that the 2020 election had been stolen by corrupted voting machines, widespread fraud, and otherwise.

In response, the House adopted House Resolution 503 on June 30, 2021, establishing the Select Committee to Investigate the January 6th Attack on the United States Capitol

(hereinafter referred to as the “Select Committee”).

The Select Committee is investigating the facts, circumstances, and causes of the January 6th attack and issues relating to the peaceful transfer of power, in order to identify how the events of January 6th were planned, what actions and statements motivated and contributed to the attack on the Capitol, how the violent riot that day was coordinated with a political and public relations strategy to reverse the election outcome, and why Capitol security was insufficient to address what occurred. The Select Committee will evaluate all facets of these issues, create a public record of what occurred, and recommend to the House, and its relevant committees, corrective laws, policies, procedures, rules, or regulations.

According to documents and testimony obtained by the Select Committee, Mark Randall Meadows is uniquely situated to provide critical information about the events of January 6, 2021, as well as efforts taken by public officials and private individuals to spread the message of widespread fraud in the November 2020 election and to delay or prevent the peaceful transfer of power. Mr. Meadows served as chief of staff to President Trump during the final year of the Trump administration. As detailed in public reporting, Mr. Meadows was with or in the vicinity of then-President Trump on January 6 as Mr. Trump learned about the attack on the U.S. Capitol and decided whether to issue a statement that could help to stop the rioters.

Mr. Meadows has refused to provide the Select Committee with information and testimony that has no conceivable, associated privilege claims. To complete its investigation, the Select Committee needs access to testimony on this non-privileged information. The Select Committee offers here just several examples: Mr. Meadows has refused to provide testimony on the documents he himself produced to the Select Committee without any claim of privilege; Mr. Meadows has refused to provide testimony about his reported communications with organizers of various protest events before January 6, 2021; Mr. Meadows personally travelled to Georgia to inspect a county audit related to the presidential election, but the Select Committee has not been able to obtain testimony from Mr. Meadows about these events; and Mr. Meadows has also denied the Select Committee the opportunity to question him about a call with Georgia State officials in which Mr. Trump insisted that he had won Georgia and told the Georgia secretary of state that he wanted to “find” enough votes to ensure his victory. Yet another topic on which Mr. Meadows has frustrated the Select Committee’s investigative efforts relates to the Select Committee’s attempt to locate and discover highly relevant documents. Based on Mr. Meadows’s production of documents and recently reported information, it appears that Mr. Meadows may not have complied with legal requirements to retain or archive documents under the Presidential Records Act. He has denied the Select Committee the opportunity to question him about these circumstances so that the Select Committee can fully understand the location of highly relevant materials to its investigation and which materials may now be lost to the historical record.

To be clear, Mr. Meadows’s failure to comply, and this contempt recommendation, are not based on good-faith disagreements over privilege assertions. Rather, Mr. Meadows has failed to comply and warrants contempt findings because he has wholly refused to appear to provide any testimony and refused to answer questions regarding even clearly non-privileged information—information that he himself has identified as non-privileged through his own document production.
