

today holds more than 2,400 jobs, surpassing the \$150 million former Navy payroll.

When you read the list of other benchmarks at Brunswick Landing, over only 10 years—the creation of TechPlace, a manufacturing business incubator with 35 resident businesses; attraction of over a half billion dollars in private sector capital investment; property sales to more than 20 new property owners, including more than 650 units of workforce housing; more than \$150 million in new valuation and \$3 million in annual property taxes generated for the Towns of Brunswick and Topsham; more than \$40 million in upgrades to Brunswick Executive Airport's—BXM—infrastructure and buildings; more than \$100 million invested in new building construction and infrastructure projects owned by MRRA; creation of Brunswick Renewable Energy Center, including ownership of former Navy electrical grid with 3.5-megawatt load and 2 megawatts of on-site renewable electricity generation; 10 percent annual growth in air operations, based aircraft, and aviation fuel sales at BXM; environmental stewardship and wildlife habitat preservation, including transfer of more than 1,200 acres of open space and trails to the town of Brunswick and local land trust—it is no wonder Steve's leadership has been recognized, not once but twice, as a recipient of the Association of Defense Contractor's Community Leadership Award as well as by many other State development organizations. I join them wholeheartedly in recognizing Steve for demonstrating innovation and excellence in his work.

Even in his volunteer time, Steve serves on a number of industry and economic development boards, including the Loring Development Authority of Maine, Moosehead Lake Region Economic Development Corporation, Owls Head Transportation Museum, and the Maine Spaceport Leadership Council, to name a few. Steve has also served his country in the U.S. Marine Corps as an aircraft mechanic.

Due to Steve's commitment to economic development and ability to secure funding for a variety of initiatives throughout the years, there has been continued high quality service for new and expanding businesses here in Maine. His ability to coordinate programs and foster partnerships were critical factors in his success, whether it be at the local, State, or national level. As a champion of economic development, I join with his colleagues, friends, and the people of Maine in thanking Steve for his unwavering service to the economic development of our State.●

TRIBUTE TO DEPUTY SHERIFF JOHN MINER

● Mr. MARSHALL. Mr. President, I wish to honor and recognize a true hero from Phillipsburg, KS, Deputy Sheriff

John Miner. On November 4, 2020, Deputy Miner responded to an accident caused by a semi-truck colliding with multiple vehicles in Long Island, KS. What was already a scary situation on its own turned worse when fuel from the semi began leaking and ignited shortly after.

A raging fire quickly started, and suddenly, bystanders realized two toddlers—a 4-year-old and 2-year-old—were stuck in one of the cars caught in the accident. Without a second thought, Deputy Miner performed his duty to protect and serve by leaping straight into the whipping fire to rescue those two children. With just a pocketknife, he was able to cut through the seatbelts trapping them and pulled them out miraculously unharmed. Deputy Miner, however, suffered second- and third-degree burns which required skin grafts. Thankfully, he has since recovered from his injuries.

This valiant story caught the attention of many in Kansas and, now, around the Nation, as Deputy Miner has been awarded the Carnegie medal for an extraordinary act of heroism. This award is bestowed on a select few each year for showing true bravery and courage in the face of danger. Deputy Miner is absolutely deserving of this award after rescuing those two children last year from certain death.

I want to thank this brave officer for being so courageous to dive headfirst into peril. As the son of a police chief, I know the risks our men and women in blue take on each day, and they are the most admirable citizens for continually working to ensure our safety. Deputy Miner has shown what true valor looks like, and Phillipsburg is safer because of him. I ask now that my colleagues show this same admiration and recognition for Deputy Miner and that he may stay safe protecting his community.●

RECOGNIZING SOUTH LEBANON

● Mr. PORTMAN. Mr. President, I rise today to recognize the designation of South Lebanon as an Official City in Ohio. In accordance with section 703.06 of the Revised Code of the State of Ohio, a municipality that reaches 5,000 residents in the State of Ohio, automatically becomes a city. Since 2000, the municipality of South Lebanon has grown 151 percent and has reached a population of 6,384.

The growing population of South Lebanon also comes with a rich history. South Lebanon is the oldest town in Warren County, OH, and was also deemed one of the most important towns on the Little Miami River in the late 1700s. In its early days of settlement, it was a stopping place for many pioneers who were venturing across the country in search of a new life. Today, that same town that was a place of possibility and refuge to so many early pioneers has become a booming economic power, bringing new jobs, good

schools, and a strong sense of community.

I am proud to see South Lebanon be recognized for its growth and perseverance as it continues to expand, making Ohio a great place to live and work.●
