

I can with every Member who is present today as we move forward upholding the Constitution and the promises, all the promises that brought me here today.

For the other children who were told that it could never happen for them, we fight today, and we join hands today.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mrs. HINSON. Madam Speaker, in accordance with CDC guidelines and under the advice of the House Attending Physician, I was not able to be present on the House Floor for votes today, due to having tested positive for COVID-19. REMEMBERING CONGRESSWOMAN BARBARA ROSE-COLLINS

(Ms. TLAIB asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TLAIB. Madam Speaker, today, I rise to honor the legacy of the late

Congresswoman Barbara Rose-Collins, Michigan's first African-American Congresswoman. She was a trailblazer who inspired many women to seek public office.

Congresswoman Rose-Collins got her start in public service as a member of the Detroit public school board. She served as a Michigan State legislator and a Detroit City Council member before being elected to the United States Congress in 1990.

During her tenure in the U.S. Congress, Congresswoman Rose-Collins advocated for food and agriculture policies to assist communities with food insecurity.

She was a fierce defender of human rights in Detroit, across the country, and abroad. She dedicated her career to making our community stronger and our country better.

Please join me in recognition of Congresswoman Barbara Rose-Collins' many years of dedicated public service as we honor her memory.

HONORING JONATHAN MARQUESS

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today to recognize and honor Jonathan Marquess on his appointment as the Georgia Pharmacy Association vice president of the Academy of Independent Pharmacy.

A graduate of Mercer University in Macon, Georgia, Jonathan has enjoyed a distinguished career and is well deserving of this appointment.

He is currently the president and CEO of the Institute for Wellness and Education in Woodstock, Georgia, and owns many pharmacies across the State. In addition to owning and managing many pharmacies, Jonathan has served as president of the Georgia Pharmacy Association and vice president of professional and clinical affairs for the American Pharmacy Cooperative. Jonathan has served as the third, fourth, and fifth vice president for the National Community Pharmacists Association since 2017.

Jonathan has dedicated his career not only to bettering his patients but also working to improve the lives and practices of pharmacists nationwide as well.

His illustrious career of service makes him more than suited to fit this role, and we are excited to see what else he can accomplish.

REMEMBERING DR. MARTIN LUTHER KING, JR.

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, yesterday was the Federal holiday honoring Dr. Martin Luther King, and I accepted the challenge of the Martin Luther King family, under the name of

Martin Luther King III, his oldest child: No celebration without legislation.

So I rise in the middle of the debate and debacle that is going on over an ill-fated and wrong policy of the filibuster and cloture to read the words of Dr. Martin Luther King that he issued on April 3, 1968, speaking about having been stabbed by a demented woman and saying that if he had only sneezed, he might not have been there even in 1968.

And so he says: "And I want to say tonight, I want to say that I am happy that I didn't sneeze. Because if I had sneezed, I wouldn't have been around here in 1960 when students all over the South started sitting in at lunch counters. And I knew that as they were sitting in, they were really standing up for the best in the American Dream and taking the whole Nation back to those great wells of democracy which were dug deep by the Founding Fathers in the Declaration of Independence and the Constitution. If I had sneezed, I wouldn't have been around in 1962 when Negroes in Albany, Georgia, decided to straighten their backs up. And whenever men and women straighten their backs up, they are going somewhere because a man can't ride your back unless it is bent. If I had sneezed, I wouldn't have been here in 1963 when the Black people of Birmingham, Alabama, aroused the conscience of this Nation."

Finally, I want to say that he wanted to make sure that his life was not in vain and that he would be recognized and remembered for the work that he had done.

PRESIDENT BIDEN'S YEAR OF CRISES

(Mr. HILL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HILL. Madam Speaker, I saw a political crossword puzzle this week. It asked for a six-letter word to describe President Biden's first year in office. So I thought, divisive? No, that is eight letters. Weak? No, that is four letters.

But the word is crises, Madam Speaker. From the crisis raging at our southern border to the economic crisis affecting Arkansans, small businesses, and Americans across the Nation, the Biden administration has continually failed to address these challenges head-on.

The border crisis isn't a seasonal problem, as argued. It is the direct result of repealing the Trump-era border policies and replacing them with absolutely nothing until recently.

Federal Reserve Chair Powell says, inflation isn't transitory, Madam Speaker. It continues to rise to a 40-year high. Americans are paying more for just about everything from gas to groceries.

Under President Trump, we saw increasing real wages. Under President Biden, we are seeing real wages decline, meaning our pay is decreasing when accounting for inflation.

Democrats' solution? Continuing to push their constant tax-and-spending spree. We need leadership, Madam Speaker.

5G SERVICES MUST BE DELAYED

(Mr. KAHELE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KAHELE. Madam Speaker, I rise to express the serious concern that our aviation community has regarding the rollout of 5G service. The Federal Aviation Administration has warned that potential 5G interference could affect sensitive airplane instruments, such as radar altimeters, which would significantly hamper low-visibility operations, and so we must delay the rollout of 5G at select airports until we can address all aviation safety concerns.

Pilots across America are flying in low-visibility conditions, from snow to sea fog to other zero-visibility conditions, and they need all the instruments and procedures at their disposal so that they can safely protect the lives of their passengers and crew.

We cannot and must not compromise on safety. It will be safe to fly when pilots say it is safe to fly. The United States has the safest air transportation system in the world, and we must continue to safeguard this system.

I am thankful that wireless carriers have decided to delay the implementation at key airports, but that does not go far enough. The FAA needs to ensure that 5G services will not be implemented at any of the 50 airport locations that have been identified as vulnerable until safety can be ensured.

TAYLORSVILLE TIMES' 100TH ANNIVERSARY

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Madam Speaker, recently the Taylorsville Times, a historic newspaper in North Carolina's Fifth District, celebrated its 100th anniversary.

I cannot overstate how much of an institution this newspaper is within the community. A century of production is a testament to the value that this newspaper creates for its dedicated readers. Like clockwork, it continues to carry on in the Alexander County community.

Congratulations to Lee Sharpe, the publisher of the Taylorsville Times, and his family for achieving this tremendous accomplishment. Thanks to the diligence and hard work of Lee and his family, the citizens of Alexander County continue to have access to an invaluable resource.
