

institutionalist. He cared about each and every one of us, irrespective of the letter next to our name. He cared about process. He cared about substance. He cared about the integrity of Members. He cared about their well-being and how they were treated as Members.

In fact, it was Vic Fazio in 1989 who led the effort to reform the pay and benefits of Members. In that process, at that point in time, Members could make about \$25,000 to \$30,000 in what was called honoraria. It was a payment from private sector interests to Members for giving a speech.

Vic, and the colleagues with whom he worked, worked together to eliminate honoraria and to make sure, however, that Members could live decently in this town, an expensive town in which to live, with a salary that was appropriate. All of you who get your paychecks can thank Vic Fazio that they are substantially above what they otherwise would have been, but for his and other reformers' actions.

Vic Fazio lost his wife, Judy, and I lost my wife, Judy. Our wives knew one another. I lost mine 25 years ago, and he lost his some years ago. The sadness of his life is that he lost a daughter very early in life, and he never got over that. It was a deep, deep scar in his heart.

The good news is that after the death of Judy, he married a woman whose name is Kathy. I don't know whether Kathy is watching today, but if she is, we send her our love and our sympathy and our thanks for the life of Vic Fazio and the contribution he made to his country, to his State, to our Nation, and to this institution.

To give us an example of wisdom, of acceptance of others, of lifting others up, irrespective of that small letter next to their name, because he knew that all of us were Americans, chosen by our neighbors, which is the only way you can get here, to serve them, to represent their views in this body, and to make weighty decisions on their behalf that will have consequences for them and, as we do today, consequences for all the world.

For 20 years, Vic Fazio was the voice of Sacramento and Yolo County in the Congress. One of Vic's lasting legacies was the designation of 3,700 acres of protected wetlands in Yolo County. Perhaps, Madam Speaker, we can name that territory after Vic Fazio.

He was effective because he reached across the aisle and worked closely with Republicans and, as I mentioned, Jerry Lewis.

When the legislative appropriation bill came to the floor, we were all proud, because it was not a partisan bill. It was a bill for the institution and for the people.

So we remember a man of intellect, of integrity, and a warm and genial nature who was proud of his service, proud of the Congress, and proud of his colleagues.

Madam Speaker, I would ask all of us to rise for a moment of silence to re-

member a great, great American and great Member of this House, Vic Fazio.

The SPEAKER. The Chair asks all Members in the Chamber, as well as Members and staff throughout the Capitol, to rise for a moment of silence in remembrance of the Honorable Victor Fazio, Jr.

PERSONAL EXPLANATION

Ms. WATERS. Mr. Speaker, on roll call No. 77, in the Second Session of the 117th Congress, on H.R. 6434, I was unavoidably detained. Had I been present, I would have voted “aye.”

LOWERING ENERGY COSTS WITH TRANSFORMATIVE INVESTMENTS

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Mr. Speaker, I rise today because my constituents, like all Americans, are paying far too much at the pump. They are angry, and so am I.

In response to Vladimir Putin's unprovoked invasion of Ukraine, President Biden rightly imposed crippling sanctions on Russia to bankrupt Putin's war machine and sever Russia's ties to the global war economy. That was the right move, and Russia is feeling the punishment from those sanctions. But, unfortunately, so are the American people.

The American people are willing to do their part in support of Ukrainians, who are fighting for their survival, fighting for their independence. But the fact is, we are too dependent on foreign autocrats for their oil and gas. It leaves us vulnerable to supply chain constraints and gives tyrants like Putin too much power over our way of life.

But with transformative investments in clean energy and electric vehicles, we could take back control, lower energy costs, and protect our national security.

That is why we need substantial tax credits so that all families can afford electric vehicles. To power them, we must bolster our clean energy production from solar wind and other renewable sources.

These investments will shake our reliance on fossil fuels, create good-paying jobs, and shield us from energy price shocks like we are feeling right now. We simply have no time to waste.

BIDEN'S ENERGY AND INFLATION CRISES

(Mr. ROSE asked and was given permission to address the House for 1
