□ 1425

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated for:

Mr. BARR. Madam Speaker, had I been present, I would have voted “yea” on rollcall No. 291.

Mr. WESTERMAN. Madam Speaker, I was unavoidably detained. Had I been present, I would have voted “yea” on rollcall No. 291.

CAMPUS PREVENTION AND RECOVERY SERVICES FOR STUDENTS ACT OF 2022

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the unfinished business is the vote on the motion to suspend the rules and pass the bill (H.R. 6493) to amend the Higher Education Act of 1965 to prevent certain alcohol and substance misuse, as amended, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Virginia (Mr. SCOTT) that the House suspend the rules and pass the bill, as amended.

This is a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 371, nays 49, not voting 9, as follows:

[Roll No. 292]

LGBTQI+ DATA INCLUSION ACT

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, pursuant to House Resolution 1191, I call up the bill (H.R. 4176) to improve Federal population surveys by requiring the collection of voluntary, self-disclosed information on sexual orientation and gender identity in certain surveys, and for other purposes, and ask for its immediate consideration.

The Clerk read the title of the bill.

The SPEAKER pro tempore (Mr. CICILLINE). Pursuant to House Resolution 1191, in lieu of the amendment in the nature of a substitute recommended by the Committee on Oversight and Reform printed in the bill, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 117-52, modified by the amendment printed in part A of House Report 117-381, is adopted and the bill, as amended, is considered read.

The text of the bill, as amended, is as follows:

H.R. 4176

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.

SECTION 1. SHORT TITLE.

This Act may be cited as the "LGBTQI+ Data Inclusion Act".

SEC. 2. FINDINGS.

The Congress finds the following:

(1) The National Academies on Sciences, Engineering, and Medicine (NASEM), in their 2022

report, found that complete and accurate demographic information on the LGBTQI+ community should be standardized and collected.

(2) Comprehensive statistics are needed to inform public policy and Federal programs.

(3) The availability of data also has a critical role in ensuring that any disparities in areas like health outcomes, housing, and employment can be addressed.

(4) As of the March release of the NASEM report, limited Federal surveys collect data on sexual orientation and gender, with none currently measuring intersex populations.

(5) The integrity of the Federal statistical system relies on the ability of agencies to determine the content of their statistical surveys based on considerations of relevance, timeliness, accuracy, objectivity, and ability to maintain confidentiality.

SEC. 3. REQUIREMENT TO COLLECT DATA ON SEXUAL ORIENTATION, GENDER IDENTITY, AND VARIATIONS IN SEX CHARACTERISTICS.

(a) SURVEY REQUIREMENT.—Not later than 360 days after the date of the enactment of this Act, the head of any agency that collects information through a covered survey shall establish data standards that require, with regard to the survey, the following:

(1) REVIEW.—The review of covered surveys to determine in which surveys information about sexual orientation, gender identity, and variations in sex characteristics is not included.

(2) METHODS.—An identification of appropriate methods to include questions on sexual orientation, gender identity, and variations in sex characteristics in covered surveys that facilitate categorization and voluntary participation and preserve privacy and confidentiality.

(3) DATA COLLECTION.—The use of the appropriate methods identified in paragraph (2) to gather data on sexual orientation, gender identity, and variations in sex characteristics for any survey identified in paragraph (1).

(4) ASSESSMENT.—The implementation of a process to routinely assess needed changes in covered survey methods related to asking questions on sexual orientation, gender identity, and variations in sex characteristics.

(b) DATA REPORTS; WAIVER.—

(1) DATA REPORTS.—Not later than 3 years after the date of the enactment of this Act, any report published by an agency that relies on covered survey demographic data shall include information on sexual orientation, gender identity, and variations in sex characteristics.

(2) WAIVER.—The statistical official (as described in section 314 of title 5, United States Code) of each agency, or the head of the agency, for any agency that does not have a statistical official, may waive the requirement under paragraph (1), on a case-by-case basis, if the standards and policies in subsection (c) can not be met, or if adding such information to the survey would impair the ability of the agency to preserve the utility, accuracy, or objectivity of the survey while also generating relevant evidence about the LGBTQI+ community.

(c) CONFIDENTIALITY.—Any information collected relating to the sexual orientation, gender identity, or variations in sex characteristics of a covered survey participant shall be maintained in accordance with applicable confidentiality and privacy laws, policies, and standards.

(d) CONSTRUCTION.—Nothing in this Act shall be construed to require an individual to disclose their sexual orientation, gender identity, or variations in sex characteristics to an agency.

(e) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to permit the use of information collected under this section in a manner that would adversely affect any individual, or that is inconsistent with disclosure limitations established in any other law.

(f) DEFINITIONS.—In this section:

(1) AGENCY.—The term "agency" has the meaning given that term in section 551 of title 5, United States Code.

(2) COVERED SURVEY.—The term "covered survey" means a survey that includes demographic data in which—

(A) a subject self-reports information; or

(B) a knowledgeable proxy provides information about the subject or responds for all individuals in a household.

(3) DEMOGRAPHIC DATA.—The term "demographic data" means information about the race or ethnicity, sex, and age of a survey participant or population.

(4) GENDER IDENTITY.—The term "gender identity" means the gender-related identity, appearance, mannerism, or other gender-related characteristic of an individual, regardless of the designated sex at birth of the individual.

(5) SEXUAL ORIENTATION.—The term "sexual orientation" means how a person identifies in terms of their emotional, romantic, or sexual attraction, and includes identification as straight, heterosexual, gay, lesbian, or bisexual, among other terms.

(6) SURVEY.—The term "survey" means a data collection activity involving a questionnaire for a sample of a population and includes the decennial census.

(7) VARIATIONS IN SEX CHARACTERISTICS.—The term "variations in sex characteristics"—

(A) means a physical trait present at birth or naturally occurring at a later time (including genitals, gonads, hormone function, and chromosome patterns), that differ from normative expectations for male or female bodies regarding the development, appearance, or function of sex-related characteristics; and

(B) is sometimes referred to as intersex traits.

The SPEAKER pro tempore. The bill, as amended, shall be debatable for 1 hour equally divided and controlled by the chair and ranking minority member of the Committee on Oversight and Reform or their respective designees.

The gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Kentucky (Mr. COMER) each will control 30 minutes.

The Chair recognizes the gentlewoman from New York (Mrs. CAROLYN B. MALONEY).

□ 1445

GENERAL LEAVE

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and insert extraneous material on the bill before us.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 4176, the LGBTQI+ Data Inclusion Act. This historic bill takes the long overdue step of ensuring that Federal agencies collect data on sexual orientation, gender identity, and variation in sex characteristics so that the Federal Government can better understand and serve America's LGBTQI+ communities.

We are considering this legislation at a critical time. Across the United States, the rights of the LGBTQI+ people are under attack and the health and safety of LGBTQI+ people are under threat. From the limited data currently available, we understand
