

member of the Air Force's legislative fellowship program. Paige embodies some of the best qualities of our forces, and indeed, of our Nation.

Her tireless work with my team these past 11 months has revealed not only the immense depth of her commitment to public service, but also her intelligence, her kindness, and her grit. I am grateful for her leadership and insight, which I have relied upon time and time again as we have worked together to advocate for military families and those who serve in uniform.

Although I am extremely sad to see her leave my staff and resume her work in the Air Force, I appreciate all she has done as part of my team.

Thank you, Paige.

CELEBRATING THE 96TH BIRTHDAY OF PLACENTIA, CALIFORNIA

(Mrs. KIM of California asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. KIM of California. Madam Speaker, I rise today to join our amazing city of Placentia and the residents that live in it and the entire community in California's 39th Congressional District as we celebrate the city's 96th birthday.

"Placentia" is derived from the Latin word meaning "pleasant place to live," and it certainly fulfills its name. Placentia is home to beautiful neighborhoods, good schools, stately churches, and endless outdoor recreation.

Our fast-growing community of 45,000 residents is tight-knit, hardworking, and dedicated to giving back. Some of my fondest memories include the city's concerts in the park, the annual Love Placentia event, and the always-lively Tamale Festival.

I am honored to represent Placentia in Congress and will do all I can to ensure our community continues to thrive.

Happy birthday, Placentia.

PAYING TRIBUTE TO MARGARET "PEGGY" PALMER

(Ms. DEAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DEAN. Madam Speaker, I rise to pay tribute to a devoted community leader and friend, Margaret "Peggy" Palmer, who passed away on October 27.

A native of Willow Grove, Pennsylvania, Peggy gave her time, her energy, and her love to our community in Montgomery County.

She was guided by her strong faith and was a committed member of the First Baptist Church of Crestmont. She was also a guiding light for civic engagement, serving as a committee person with the ARDC. Peggy was a relentless volunteer for Democratic candidates that began when she volunteered with her beloved mother, Lil-

lian, for President Obama's 2008 campaign. She also worked as court crier and served as a member of the Willow Grove NAACP.

No matter the role, Peggy worked harder than anyone, always with her signature kindness, humility, Jolly Ranchers, and red lipstick. She greeted everyone the same, with a hug and a kiss and "hey, baby."

She was loved by her family. Until the day she died, Peggy cared for her whole family, especially her dear brother, Johnny.

I join Johnny and the rest of our community in mourning her passing. Her legacy lives on in the lives of the people she inspired, including me.

HONORING ROBIN REED

(Mr. CLINE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CLINE. Madam Speaker, I rise today to recognize a great Virginian, WDBJ7's legendary meteorologist, Robin Reed, as Reed recently announced his well-deserved retirement from local news.

Since graduating from James Madison University in 1978, Reed pursued a career in local journalism. Forty of his 44 years in the business have been at WDBJ7 out of Roanoke.

Even though weathermen take undeserved hits for nasty weather forecasts, Reed's long-running weather reports were a favorite of the community, sunshine, rain, or snow.

Additionally, Reed teaches as a professor of practice at Virginia Tech School of Communication, a position he will continue in, preparing the next generation to improve their communication skills for the betterment of society.

Reed is also a devout family man, as his children remember him regularly coming to big events in their lives, from marching band performances to camping in the Adirondacks with the Scouts.

Among numerous journalistic accomplishments, Reed received the Citizen of the Year Award in Media from the Roanoke branch of the NAACP and was honored as a favorite member of the Virginia Tech faculty after being nominated by numerous students.

I join countless Roanoke Valley residents and viewers in wishing Reed a great retirement and thank him for his lasting contributions to local journalism.

REMEMBERING DR. NOA EMMETT ALULI

(Mr. KAHELE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KAHELE. Madam Speaker, it is with deep sadness that I stand before you to share the passing of one of Hawaii's most beloved individuals, my

friend and mentor, Dr. Noa Emmett Aluli.

Uncle Emmett, as many affectionately called him, dedicated his life to the health and well-being of Native Hawaiians.

He graduated from the University of Hawaii and later opened and practiced at Molokai Family Health Center and Clinic. He helped draft the Native Hawaiian Health Care Improvement Act that was signed into law in 1988 to improve the health status of Native Hawaiians and cofounded Na Pu'uwai, the Native Hawaiian Health Care System that serves the island of Molokai.

Dr. Aluli also served as a member of the Second Congressional District's Native Hawaiian Health Task Force, helping set Federal policies to advance Native Hawaiian healthcare.

Uncle Emmett leaves an indelible mark on the hearts of the people of Hawaii, and his contributions will be felt for generations. He will be greatly missed by his family and his beloved people of Molokai.

MESSAGE FROM THE SENATE

A message from the Senate by Ms. Byrd, one of its clerks, announced that the Senate has passed without amendment a bill of the House of the following title:

H.R. 2220. An act to amend title 40, United States Code, to modify the treatment of certain bargain-price options to purchase at less than fair market value, and for other purposes.

The message also announced that the Senate has agreed to without amendment a concurrent resolution of the House of the following title:

H. Con. Res. 118. Concurrent Resolution authorizing the use of the rotunda of the Capitol for a ceremony to present Congressional Gold Medals to the United States Capitol Police and others who protected the Capitol on January 6, 2021.

The message also announced that the Senate has passed bills of the following titles in which the concurrence of the House is requested:

S. 1466. An act to authorize the Director of the United States Geological Survey to establish a regional program to assess, monitor, and benefit the hydrology of saline lakes in the Great Basin and the migratory birds and other wildlife dependent on those habitats, and for other purposes.

S. 4017. An act to designate the United States courthouse located at 111 South Highland Avenue in Jackson, Tennessee, as the "James D. Todd United States Courthouse", and for other purposes.

S. 4337. An act to amend title 5, United States code, to authorize the appointment of spouses of members of the Armed Forces who are on active duty, disabled, or deceased to positions in which the spouses will work remotely.

S. 5060. An act to redesignate the Federal building located at 212 Third Avenue South in Minneapolis, Minnesota, as the "Paul D. Wellstone Federal Building", and for other purposes.

□ 1215

CONGRATULATING RICH FELTS ON HIS RETIREMENT

(Mr. MANN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MANN. Madam Speaker, I rise today to recognize a great Kansan, Rich Felts, and to congratulate him on his retirement from a career of service to Kansas farmers, ranchers, and agricultural producers.

Rich has always been a tireless advocate for agriculture. He earned his degree in animal science from Kansas State University, after which he began his service to Kansas Farm Bureau at the county level, holding many different leadership and volunteer positions. Now, after having served as the president of Kansas Farm Bureau for 8 years, Rich will be retiring on December 5.

As a partner in Felts Farms, a grain and livestock operation near Liberty, Kansas, Rich has been through it all, and he brought his firsthand experience with him to Kansas Farm Bureau, where he never failed to empathize with local producers.

Congratulations on a job well done, Rich. Thank you for stewarding the legacy of Kansas Farm Bureau so well. I know that Shirley and your children, Cynthia, Darren, Ryan, and Kimberly are so proud of you. Your leadership has been an inspiration and a model to us all. Congratulations.

LUNG CANCER SCREENING SAVES LIVES

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Madam Speaker, lung cancer is the deadliest form of cancer in the United States, yet only 6 percent of people eligible get screened, and that number decreases among underserved populations.

Prevention and early detection are the best protections against lung cancer. That is why we have introduced the Increasing Access to Lung Cancer Screening Act. This bill expands coverage for and improves access to lung cancer screening. It also provides new coverage for tobacco cessation, as smoking is a major cause of lung cancer.

Our bill builds on the work of Buffalo's Roswell Park Comprehensive Cancer Center. I ask my colleagues to join me and Representative CASTOR in supporting this legislation that will enhance the goals set through the President's Cancer Moonshot to save lives and end cancer as we know it.

BIDEN SOUTHERN BORDER CRISIS

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, Biden and Democrats have failed to secure the southern border. Since Biden took office, over 1 million illegal aliens have evaded apprehension, including 60,000 in October.

Among the 4 million who have illegally crossed the border since Biden are professional mass murderers on the terrorist screening database. American families are at greater risk than ever of mass murder, which is why voters elected a Republican House majority to fight for effective border enforcement.

As the co-chair of the French-American Caucus and of French heritage myself, I was grateful yesterday to have been present with President Emmanuel Macron at the Library of Congress.

South Carolina appreciates both the Marquis de Lafayette, who landed at Georgetown in 1777 to support the American Revolution, with his portrait here in the Chamber, and Michelin Tire Corporation, whose Lexington groundbreaking I attended this week in 1979, now the largest Michelin manufacturing facility in the world.

In conclusion, God bless our troops, who successfully protected America for 20 years, as the global war on terrorism, sadly which continues, now moving from the Afghanistan safe haven to America.

CELEBRATING THE LIFE OF DEBRA WALKER

(Ms. TLAIB asked and was given permission to address the House for 1 minute.)

Ms. TLAIB. Madam Speaker, I rise today in honor of the life of my dear friend Debra Walker, who has recently gained her wings.

Debra was one of the most thoughtful, kindest human beings. She was an artist, crafter, poet, and spoken word performer.

She founded and led Power in Poetry Experience of Detroit, served as their treasurer and on the boards of many local nonprofits, and traveled the world training people on cost reduction methods.

She was a loving mother, grandmother, neighbor, and community member. My sons have always known her as Gabriel's grandmother.

Debra would always show up for anyone, and she did it with her full, authentic self.

I am sending her daughters, grandbabies, and family prayers of strength. We will miss Debra.

CONGRATULATING DR. TONY BRANNON ON HIS RETIREMENT

(Mr. COMER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COMER. Madam Speaker, I rise to recognize Dr. Tony Brannon on his well-deserved retirement.

Dr. Brannon grew up on a small family farm and at an early age began to

participate in the Future Farmers of America events. His dedication to the FFA program and agricultural community would only grow.

He completed a bachelor's degree in agricultural education from Murray State in 1981, a master's degree in 1982, and a Ph.D. at Oklahoma State University in 1988.

Dr. Brannon's heart never left Murray State, though. Legend has it he even wrote in soap on his bathroom mirror "MSU" as a reminder of his goal to come back to Murray State.

He returned to Murray State as a faculty member in agricultural education and mechanization. In 2005, he was named the dean of the School of Agriculture. For nearly 35 years, he has molded a generation of new agricultural leaders in Kentucky.

As many gather to celebrate Dr. Brannon's retirement, I thank him for his commitment to the MSU community, service to the Kentucky FFA Foundation, and unwavering passion for helping thousands of students achieve their dreams.

PROTECTING THE PLANET FOR FUTURE GENERATIONS

(Mr. AUCHINCLOSS asked and was given permission to address the House for 1 minute.)

Mr. AUCHINCLOSS. Madam Speaker, I rise today to discuss the climate crisis and clean energy investments we need to continue as we double down on the work we started this Congress to protect a planet of clean air and clean water for future generations.

During the district work period, I hosted a conference on climate action and clean energy at Olin College of Engineering in Needham, Massachusetts. Across three panels of experts, we covered policy and industry, clean energy science and technology, and international affairs.

Despite the challenges we discussed, I am optimistic. There is growing political will, abundant talent and innovation, and increasing global cooperation around the imperative of a clean energy transition.

Next Congress we must build on that political will in order to achieve a future of clean air, clean water, and clean energy that is too cheap to meter.

HONORING THE LIFE OF DANIEL WHEAT

(Mr. STAUBER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. STAUBER. Madam Speaker, I rise today to honor the life of Daniel Wheat, a young man from Duluth, Minnesota, who recently passed away.

When Daniel was born, doctors told his parents that he would never walk or talk, but he proved them wrong. While Daniel happened to have been born with Down syndrome, he didn't let
