# PATENTS FOR HUMANITY ACT OF 2022

The SPEAKER pro tempore. The unfinished business is the vote on the motion to suspend the rules and concur in the Senate amendment to the bill (H.R. 5796) to amend title 35, United States Code, to establish a competition to award certificates that can be redeemed to accelerate certain matters at the Patent and Trademark Office, and for other purposes, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Texas (Ms. JACKSON LEE) that the House suspend the rules and concur in the Senate amendment.

This will be a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 396, nays 24, not voting 11, as follows:

## PERSONAL EXPLANATION

Mr. SCOTT of Virginia. Mr. Speaker, I regrettably missed rollcall votes 507, 508, 509, 510, and 511 today. Had I been present, I would have voted "aye" on these bills.

## AWARDING THE CONGRESSIONAL GOLD MEDAL TO THE 52 HOSTAGES OF THE IRAN HOSTAGE CRISIS

(Mr. SUOZZI asked and was given permission to address the House for 1 minute.)

Mr. SUOZZI. Mr. Speaker, I am joined in the gallery today by six former hostages and the families of 11 former hostages who are here to represent the 52 former hostages who were taken by Iranian student militants when they stormed the U.S. Embassy in Tehran on November 4, 1979.

I rise today in support of my bipartisan, bicameral legislation that would award the Congressional Gold Medal to the 52 hostages of the Iran hostage crisis who were released after 444 days of captivity over 40 years ago.

As it currently stands, almost 300 Members of this Chamber have pledged their support for this legislation—a showing of true bipartisanship in an oftentimes divided Chamber.

Despite mock firing squads, beatings, solitary confinement, lack of food, and psychological torture, these American hostages maintained their strength, resilience, and loyalty to their country. I was 17 years old in 1979, and I remember well—as many Americans do and many in this Chamber do—that the Iran hostage crisis was a painful time in our history. But that pain cannot stop us from recognizing the true pain and sacrifice by these special Americans.

On behalf of the entire Congress, I give special thanks to Brock Pierce, the chairman of Commission 52, and Ezra Friedlander, the project manager, for helping gather support for this bill. It is a true public service.

Mr. Speaker, I urge swift passage of this bill as soon as it is passed in the Senate.

Mr. Speaker, let's give a round of applause to these folks who have joined us here today.

## RECOGNIZING THE WINKLER GALLERY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize the Winkler Gallery and congratulate them on their 20th anniversary.

Since its creation in 2003, the Winkler Gallery and Art Education Center has provided a place for artists in DuBois, Pennsylvania, to create art in many different forms.

The Winkler Gallery originally began as a fine art collaborative named after the famed watercolor artist Perry Winkler. Today, the Winkler Gallery features more than 20 different artists in their collection and serves as a place for locals to come learn about the different types of art available at the gallery.

The Winkler Gallery remains a staple in our community and currently serves as the host to Pennsylvania-15 high school art students who participate in the annual Congressional Art Competition. The gallery is also home to a notable exhibit, the Children's Carousel. The exhibit was originally built in London in 1896 and is the world's most complete and original English carousel.

Mr. Speaker, please join me in congratulating the Winkler Gallery on 20 years of being a home to the fine art and culture available in northern Pennsylvania. Their art brings even more beauty to a naturally beautiful place in our region.

## HONORING DR. DOUGLAS NECKERS

(Ms. KAPTUR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAPTUR. Mr. Speaker, I rise to honor a one-of-a-kind, remarkable man and consummate researcher and teacher, Dr. Douglas Neckers of northwest Ohio, who passed away just last week at the age of 84.

Dr. Neckers had an accomplished career as a photochemical scientist. He was a true Renaissance man: a lover of history, the arts, and the written word. He shared his wisdom in the opinion pages of newspapers across our State.

Doug served as the head of Bowling Green State University's chemistry department, founded its Center for Photochemical Sciences, and was a pioneer of 3D printing technologies and so many successful companies that were born from that. Even in later years, he raised awareness and kept learning about topics such as the mindset of Nazi scientists who invented chemical weapons during World War II. He was seeking always to build understanding and to promote and uplift humankind.

When thinking of Dr. Neckers, I call to mind the words of Mahatma Gandhi: Strength does not come from physical capacity. It comes from an indomitable will.
