

for their community. In 1974, the Society of Hispanic Professional Engineers, also known as SHPE, was officially founded and incorporated. As the founder, Rod had a vision to advance networking and education opportunities for other young Latino students and professionals in the engineering field. And almost 50 years later, the SHPE has grown to include over 13,000 members and 286 chapters nationwide. Through Rod's leadership and vision, SHPE has impacted the lives of thousands of Latinos, including myself.

I first met Rod as a young mechanical engineering student at the Massachusetts Institute of Technology. As a young Latino from Los Angeles, joining SHPE gave me a sense of belonging. Rod always took the time to engage with students, hear their unique stories, and encourage them to complete a STEM degree. Rod dedicated his life to ensuring that fellow Latinos had opportunities and understood the value of a STEM degree in the real world.

Rod left behind an incredible legacy that will continue to live on. He will be remembered for his devotion and advocacy and for his ability to empower the Latino community. I am eternally grateful for Rod's impact on my own life. The American dream endures because of leaders like Rod Garcia, who don't shut the door to opportunity as they walk through it, but who open it wider for those who come next.

My wife Angela and I send our deepest condolences and prayers to his wife Cynthia Cathy Wong, his children Marlene Tomasina Zamora, Marianne Pilar Garcia, and Rodrick Fitzgerald Garcia, and the rest of his family and friends.●
