PROCEEDINGS AND DEBATES OF THE 117th CONGRESS, SECOND SESSION

Vol. 168

WASHINGTON, TUESDAY, DECEMBER 20, 2022

No. 198—Book II

Senate

EXPLANATORY STATEMENT SUBMITTED BY MR. LEAHY, CHAIR OF THE SENATE COMMITTEE ON APPROPRIATIONS, REGARDING H.R. 2617, CONSOLIDATED APPROPRIATIONS ACT, 2023

The following is an explanation of the Consolidated Appropriations Act, 2023.

DIVISION F—DEPARTMENT OF HOMELAND SECURITY APPROPRIATIONS ACT, 2023

The following is an explanation of Division F, which makes appropriations for the Department of Homeland Security (DHS) for fiscal year 2023. Funding provided in this agreement sustains existing programs that protect the nation from all manner of threats and ensures DHS's ability to improve preparedness at the federal, state, local, tribal, and territorial levels; prevent and respond to terrorist attacks; and hire, train, and equip DHS frontline personnel protecting the country.

The joint explanatory statement (JES) accompanying this division indicates congressional intent. Unless otherwise specifically noted in this JES, directives set forth in House Report 117-396 carry the same weight as those included in the JES. While some directives from the House report may be repeated in the JES for emphasis, this should not be interpreted as establishing other directives from the House report as lesser priorities.

References in the JES to “the Committees” or “the Committees on Appropriations” should be interpreted as both the House Appropriations Subcommittee on Homeland Security and the Senate Appropriations Subcommittee on Homeland Security.

This JES refers to certain entities, persons, funds, and documents as follows: the Department of Homeland Security is referenced as DHS or the Department; the Government Accountability Office is referenced as GAO; and the Office of Inspector General of the Department of Homeland Security is referenced as OIG. In addition, “full-time equivalents” are referred to as FTE; “full-time positions” are referenced as FTP; “Information Technology” is referred to as IT; “program, project, and activity” is referred to as PPA; any reference to “the Secretary” should be interpreted to mean the Secretary

of Homeland Security; “component” should be interpreted to mean an agency, administration, or directorate within DHS; any reference to SLTT should be interpreted to mean state, local, tribal, and territorial governments; and “budget request” or “the request” should be interpreted to mean the budget of the U.S. Government for fiscal year 2023 that was submitted to Congress on March 28, 2022.

TITLE I—DEPARTMENTAL MANAGEMENT, INTELLIGENCE, SITUATIONAL AWARENESS, AND OVERSIGHT

OFFICE OF THE SECRETARY AND EXECUTIVE MANAGEMENT

OPERATIONS AND SUPPORT

The agreement includes an increase of \$45,566,000 above the budget request, including program increases above the request of \$365,000 for the Office of Legislative Affairs (OLA); \$10,414,000 for the Office of Strategy, Policy, and Plans; \$22,266,000 for the Office of Health Security; \$7,157,000 for the Office for Civil Rights and Civil Liberties (CRCL); \$7,311,000 for the Office of the Immigration Detention Ombudsman (OIDO); and \$2,256,000 for the Office of Partnership and Engagement (OPE). Within the total amount provided, \$18,862,000 is made available for two fiscal years, including \$14,862,000 for the Office of Health Security and \$4,000,000 for OIDO. The bill does not provide the requested transfer of the Office for Faith-Based and Neighborhood Partnerships into OPE from the Federal Emergency Management Agency and does not include the requested transfer of the Blue Campaign out of OPE to U.S. Immigration and Customs Enforcement (ICE).

Management and Oversight

Caseloads and Staffing.—Within 90 days of the date of enactment of this Act, the Office of General Counsel (OGC) shall brief the Committees on the current average caseload per attorney, along with staffing levels, goals, and requirements by division.

Joint Requirements Council (JRC).—The Office of the Secretary is directed to continue to provide quarterly briefings on the JRC, which shall include—at a minimum—the identification of specific accomplishments for the preceding quarter, particularly those that have resulted in resource realignment.

Management Directive 0810.1.—Division F of the explanatory statement accompanying Public Law 117-103 directed the Secretary to review Management Directive 0810.1 to en-

sure the Department has clearly delineated roles and responsibilities for each of its oversight bodies, while also preserving the independence and authorities of the DHS Office of the Inspector General (OIG); to brief the Committees not later than 90 days after the date of enactment of that Act on the interim findings of the review; and to issue a revised directive, as warranted by the review, not later than 180 days after the date of enactment of this Act. The Department is directed to immediately comply with the overdue requirements of this directive.

Office of Strategy, Policy, and Plans

Advance Requests for Protection.—Within 180 days of the date of enactment of this Act, the Office of Strategy, Policy, and Plans (OSPP), in consultation with the State Department, shall submit to the Committees an assessment of the United for Ukraine program and the factors to be considered in any effort to apply related methods more broadly.

Biometric Exit.—Not later than 30 days after the date of enactment of this Act, the OSPP is directed to provide an expenditure plan for H-1B and L-1 fee revenue and any other resources to be applied to biometric exit implementation. Not later than 180 days after the date of enactment of this Act, OSPP shall brief the Committees on its ongoing efforts to address entry and exit data collection and exchange in the air, land, and sea border environments.

Border-Related Data and Transparency.—Within 30 days of the date of enactment of this Act and quarterly thereafter, the Department, in consultation with other appropriate federal officials, shall submit to the Committees sector level, monthly apprehension data and estimates of the numbers of “turn backs” and “got aways,” as defined by section 223 of title 6, United States Code. In addition, CBP is directed to ensure a review by third party statistical experts on the current process, assumptions, and formulas used to derive “got away” estimates and any proposed changes to improve them, including any proposed changes to statutory definitions. CBP shall provide the Committees with the findings and recommendations from the review, including a description of any steps the agency plans to take based on them.

Charging Document Backlog.—Within 30 days of the date of enactment of this Act, OSPP shall provide to the Committees a plan to avoid the release of noncitizens into the

interior of the United States without valid charging documents, as well as a plan to decrease the ICE backlog for issuing charging documents, which shall include any necessary resource requirements.

Detention Report.—The Department is reminded of the reporting requirement pursuant to section 1386(b) of title 8, United States Code, which should be submitted to the Committees on the Judiciary and Appropriations of the Senate and House of Representatives not later than 180 days after the date of enactment of this Act.

Family Separation-Extended Families.—The Department shall continue to follow the directives under this subject heading in the explanatory statement accompanying the fiscal year 2022 Act (Public Law 117-103) according to the previously directed timeframes, reporting requirements and other required actions.

Family Separation and Reunification.—The Department shall continue to follow the directives under this subject heading in the explanatory statement accompanying the fiscal year 2022 Act (Public Law 117-103) according to the previously directed timeframes, reporting requirements and other required actions.

Human Trafficking and Child Exploitation.—OSPP is directed to brief the Committees semiannually on department-wide efforts to combat human trafficking and child exploitation and to continue to provide the study required in the Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110-457).

Informational Report on Departmental Inspections.—Within 180 days of the date of enactment of this Act, OSPP is directed to produce a report that examines and summarizes the roles, responsibilities, and scope of work of all departmental entities that engage in detention oversight, including within components. The report shall include all Memoranda of Understanding currently in place concerning the scope, roles, and responsibilities related to detention oversight for all departmental entities, including all relevant citations to each entity's authority.

Law Enforcement Support.—Not later than 45 days after the date of enactment of this Act, and quarterly thereafter, the Secretary shall make available a report on a publicly accessible website that includes data on requests to any law enforcement component of the Department of Homeland Security for law enforcement support in the form of personnel, aircraft, or other assets. The Department is directed to continue to work with the Committees on the format and content of the report as described in the explanatory statement accompanying division F of Public Law 117-103.

Messaging Impacts on Irregular Migration.—Within 60 days of the date of enactment of this Act, OSPP shall brief the Committees on its messaging efforts to discourage irregular migration to the United States, including an assessment on the efficacy of various messaging strategies and media.

Migration Analysis Center (MAC).—The agreement includes an increase of \$6,514,000 above the request for MAC, of which \$5,499,000 is to restore and annualize the cost of funding provided in fiscal year 2022 to establish the MAC and \$1,015,000 is for an additional enhancement, including for additional FTE. OSPP is directed to ensure that funding and personnel resources for the MAC are clearly described in future budget requests.

Office of Immigration Statistics (OIS).—The agreement includes \$3,900,000 above the request for OIS to address an increasing workload and to establish a new Office of Homeland Security Statistics (OHSS) that will operate as an independent statistical unit. Not later than 120 days after the date of enact-

ment of this Act, the Department shall provide a briefing to the Committees on an obligation plan for the OHSS and anticipated milestones for independent reporting on the Department's immigration activities and for its planned expansion to other homeland security data domains. The briefing shall also address the role of the DHS Statistical Official in overseeing the Department's statistical reporting standards and ensuring consistency in the Department's public reporting.

Parole Requests.—Division F of the explanatory statement accompanying Public Law 117-103 directed the Department to provide quarterly reports on the number of parole requests received and granted, and for those granted, the rationale for each grant and its duration. The reports shall delineate requests received and granted by entity, including ICE, CBP, and USCIS. The Department shall continue to work with the Committees to begin providing all the required data in a satisfactory and timely manner.

Records Management.—The Department is expected to maintain records and respond to records requests according to the requirements of section 552 of title 5, United States Code, for information related to all detainees in the custody of the Department, regardless of whether such detainees are housed in a federal or non-federal detention facility. Records should only be withheld from disclosure if the Department can reasonably foresee that disclosure would harm an interest protected by an exemption described in section 552(b) of title 5, United States Code, or is otherwise prohibited by law.

Small Unmanned Aerial Vehicles (sUAS).—Until national security requirements for procuring sUAS are in place, no funds in this Act shall be used to procure sUAS without a certification of review of the industry alert and any subsequent UAS guidance and the completion of a risk assessment that considers the proposed use of foreign-made UAS. OSPP is directed to continue to review domestically produced sUAS alternatives and update guidance as appropriate.

Southwest Border Security and Preparedness.—On April 26, 2022, the Secretary issued a Department-wide plan to manage an unprecedented number of noncitizens crossing the southwest border while continuing to secure the border, including through interdicting narcotics and other illicit goods. Within 120 days of the date of enactment of this Act, OSPP is directed to report on the status of implementing the plan, including changes in processing, transportation, holding, and medical services capacities. The report shall include a detailed accounting of the funding supporting implementation of the plan and a description of related partnerships with other federal agencies, state and local governments, foreign governments, and nongovernmental organizations providing services in support of the plan.

Tribal Consultation.—Within 180 days of the date of enactment of this Act, the Department shall consult and work with Tribes to improve the mandatory base level training course for Department personnel, including contractors, who regularly interact with tribal members or are likely to encounter tribal members at their duty station.

Women in Law Enforcement.—Within 90 days of the date of enactment of this Act, OSPP shall brief the Committees on efforts to recruit and retain women in law enforcement across the Department. At a minimum, the briefing shall include an overview of current efforts, by component, along with base funding for such efforts; an assessment of the success of current efforts, including the metrics used by fiscal year; and the current percentage of women in law enforcement positions, by component, including the per-

centage in executive and supervisory positions. In addition, the briefing shall identify planned recruitment and retention efforts by component for fiscal years 2023 and 2024; any unmet funding requirements for improving those efforts, by component and with comparisons to similar efforts by other federal law enforcement agencies, including the Department of Justice; and recommendations, by component, for new or expanded programs or efforts.

Visa Overstays.—Consistent with section 1376 of title 8, United States Code, the Department is directed to submit an updated report outlining its comprehensive strategy for overstay enforcement and deterrence not later than 180 days after the date of enactment of this Act. The report shall detail ongoing actions to identify aliens who have overstayed their visas, including efforts to improve overstay reporting capabilities; notify aliens in advance of their required departure dates; track overstays for enforcement action; refuse or revoke current and future visas and travel authorization; and otherwise deter violations or take enforcement action.

Operations and Engagement

Blue Campaign.—The Department is directed to account for and propose full direct funding for program operations in the justification materials that accompany future budget submissions. Any transfer of funds to the Center for Combatting Human Trafficking from OSEM or any other account requires a notification under section 503(c) of this Act.

External Communication.—Within 90 days of the date of enactment of this Act, the Department shall brief the Committees on options for strengthening external communications and engagement within OSEM, including communications and information sharing with the Committees. The briefing shall include an analysis of whether the current alignment of external facing offices in OSEM creates stovepipes and hurdles to clear communication related to the Department's operations. The briefing shall include recommended options to consolidate and realign external facing offices and assess how that will support more comprehensive and accurate engagement and communications.

Office of Civil Rights and Civil Liberties (CRCL).—The agreement includes an increase of \$7,157,000 above the request, including an increase of \$250,000 for management and administration of the Alternatives to Detention (ATD) Case Management Pilot Program (CMPP); \$4,901,000 to restore and annualize enhancements in the fiscal year 2022 funding Act for ATD-CMPP administration (\$750,000), Women, Peace, and Security Act implementation (\$580,000), and CRCL staffing (\$3,571,000); and \$2,006,000 to restore proposed cuts related to contract support that were not justified.

OIDO.—The agreement includes \$7,311,000 above the request, including \$3,310,000 to restore an enhancement provided in fiscal year 2022 and an additional enhancement of \$4,000,000 to help OIDO to continue expanding toward full operational capacity. The additional funds are intended to support the hiring of permanent OIDO staff, in addition to support contracts.

Outreach to Tribes and Rural Areas.—The Office of Partnership and Engagement is directed to brief the Committees not later than 90 days after the date of enactment of this Act on its outreach efforts to rural communities and tribes in support of the homeland security mission.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$8,048,000 for the Office of Health Security for the Medical Information Exchange. No funding was proposed for this account.

FEDERAL ASSISTANCE

The agreement provides an increase of \$15,000,000 above the request for ATD-CMPP.

MANAGEMENT DIRECTORATE
OPERATIONS AND SUPPORT

The agreement includes an overall decrease of \$10,265,000 below the request. It includes increases of \$36,092,000 for Automated Biometric Identification System (IDENT) sustainment costs; \$2,500,000 for the Program Analysis and Evaluation Division to review models developed by DHS components and \$3,000,000 for the Cybersecurity and Diversity Fellowship Program. It includes decreases of \$44,000,000 for vehicles and \$2,788,000 for the Acquisition Data Analytics Platform Tool. The agreement also provides technical adjustments requested by the Department including moving \$1,334,000 from the Management Directorate to OSEM for updated working capital fund estimates; \$700,000 to OSEM for a suicide prevention initiative; and \$3,010,000 to FEMA for the DHS Volunteer Force. The agreement does not include any resources related to third party medical expenses in this account.

Budget Justifications.—The Department is expected to provide complete justification materials for the fiscal year 2024 budget request, providing details for each office and program, and clearly describing and accounting for current services, transfers, adjustments to base, and program changes. In addition to the detail described in Senate Report 116-125, the justifications shall incorporate output from predictive models used by DHS component agencies to identify likely impacts to future requirements. For each relevant program area, justifications shall clearly describe and quantify the projections used to inform resource requests, indicate the agencies impacted by the projections, and confirm whether the budget requests for those agencies were developed using the same assumptions. In addition, the Chief Financial Officer (CFO) is directed to ensure that fiscal year 2024 budget justification materials for classified and unclassified budgets of all components are submitted concurrent with the President's budget submission to the Congress.

Component Expenditure and Staffing Plans.—The Department is directed to notify the Committees when significant, policy related changes are made to expenditure plans. Any significant new activity that has not been explicitly justified to the Committees or for which funds have not been provided in appropriations Acts requires the submission of a reprogramming or transfer notification. The Department shall submit staffing plans to the Committees on a quarterly basis and shall ensure such plans are connected to activity-level details in the budget justification materials.

Counter-Unmanned Aerial Systems (CUAS).—Within 60 days of the date of enactment of this Act, the Department shall brief the Committees on its estimated funding needs, including those not addressed within the fiscal year 2023 budget request, for fiscal years 2023 through 2024 to research, test, acquire, and deploy CUAS capabilities.

Cybersecurity Professionals.—Not later than 60 days after the date of enactment of this Act, the Office of the Chief Human Capital Officer, in coordination with OCIO and the Cybersecurity and Infrastructure Security Agency (CISA), shall brief the Committees on the status of meeting the Department's cybersecurity hiring goals and plans for developing standardized metrics to ensure consistency in identifying personnel skills and talents across the Department.

Domestic Supply Chain.—Not later than 180 days after the date of enactment of this Act, the Secretary of Homeland Security shall

provide a report to the Committees with recommendations on how the Department may procure additional items from domestic sources and bolster the domestic supply chain for items related to national security. The report shall include a status of the compliance of the Department with the requirements under section 604 of title VI of division A of the American Recovery and Reinvestment Act of 2009 (6 U.S.C. 453b). Additionally, the report shall include an assessment of the capacity of the Department to procure the following items from domestic sources: personal protective equipment and other items necessary to respond to a pandemic such as that caused by COVID-19; body armor components intended to provide ballistic protection for an individual; helmets that provide ballistic protection and other head protection and components; and rain gear, cold weather gear, and other environmental and flame resistant clothing.

Financial Systems Modernization Transitions.—Within 30 days of the date of enactment of this Act, OCFO and OCIO, together with the Coast Guard, are directed to brief the Committees on the full extent of the delays in the Coast Guard transition to a new financial management system and the extent to which the causes of the delays have been remedied. In addition, OFCO and OCIO are directed to brief the Committees on lessons learned from all completed component transitions and measures that are being taken to ensure that further transitions are successful and cost effective, including related costs. The CFO shall notify the Committees when significant delays are projected to occur.

IDENT Sustainment Operations.—The agreement includes an increase of \$36,092,000 for the continued operation of IDENT during fiscal year 2023 due to the mismanagement of the program and the program's failure to achieve initial operating capacity of the Homeland Advanced Recognition Technology System (HART) on schedule.

Independent Evaluation of HART.—The Department is directed to initiate an independent evaluation of HART in fiscal year 2023 by an entity outside of DHS that follows the National Institute of Standards and Technology requirements for independent verification and validation. Additionally, the Department shall report to the Committees on the technology, data collection mechanisms, and sharing agreements among DHS immigration enforcement agencies, other federal, state, local, and foreign law enforcement agencies, and fusion centers as relates to the development of HART. The report shall provide details on HART data compiling and a list of data sharing agreements related to the source or recipient of data.

Office of Biometric Identity Management (OBIM) Semi-Annual Briefings.—OBIM is directed to continue briefing the Committees on a semiannual basis on its workload, service levels, staffing, modernization efforts, and other operations.

Zero Trust Security Model.—The agreement directs the Department to continue aggressively pursuing a zero-trust security model, including through adopting capabilities that allow mobile devices, remote workspaces, and other endpoints to operate in a secure and protected manner.

PROCUREMENT, CONSTRUCTION, AND
IMPROVEMENTS

The agreement provides \$247,133,000 below the request. Reductions to the request include \$140,000,000 for a third Joint Processing Center (JPC); \$50,000,000 for climate change projects; \$28,000,000 for financial systems modernization; \$17,133,000 proposed for HART development and deployment; and \$12,000,000 for the Office of Intelligence and Analysis building on the St. Elizabeths campus.

DHS Headquarters Consolidation.—Within 60 days of the date of enactment of this Act, the Department shall brief the Committees on an updated master plan for St. Elizabeths, to include an updated Estimated Implementation Costs and Date of Occupancy list and a detailed plan for the average number of federal employees, by component, who are slated to work on-site at the St. Elizabeths campus and the average number who will telework. The plan should provide comparisons for each category with the original master plan for St. Elizabeths and the current numbers for each category.

HART Development and Deployment.—The agreement includes a decrease of \$17,133,000 from the request due to ongoing cost, schedule, and performance challenges.

JPC.—Not later than 60 days after the date of enactment of this Act, the Department shall brief the Committees on its plans for JPCs.

FEDERAL PROTECTIVE SERVICE

Security Camera and Alarm Systems.—The agreement directs FPS to work with the General Service Administration (GSA) to implement the recommendations in the GSA Inspector General's report on security camera and alarm systems at GSA-owned buildings and to brief the Committees on an implementation plan and schedule within 180 days of the date of enactment of this Act.

INTELLIGENCE, ANALYSIS, AND SITUATIONAL
AWARENESS

OPERATIONS AND SUPPORT

The agreement provides \$316,640,000, a reduction of \$24,519,000 below the request, of which \$95,273,000 is available until September 30, 2024.

Intelligence Data Environment for Analytics (IDEA).—The agreement does not include the requested \$24,519,000 for the IDEA.

Annual Budget Justification Materials.—The fiscal year 2024 budget justification materials for the classified budget shall include the same level of detail required for other appropriations and PPAs.

Intelligence Expenditure Plan.—The Department's Chief Intelligence Officer is directed to brief the Committees on the fiscal year 2023 expenditure plan for the Office of Intelligence and Analysis within 30 days of the date of enactment of this Act. The plan shall include the following:

- (1) fiscal year 2023 expenditures and staffing allotted for each program as compared to fiscal years 2019 through 2022;
- (2) all funded versus on-board positions, including FTE, contractors, and reimbursable and non-reimbursable detailees;
- (3) a plan for all programs and investments, including dates or timeframes for achieving key milestones;
- (4) allocations of funding within each PPA for individual programs and a description of the desired outcomes for fiscal year 2023; and
- (5) items outlined in the classified annex accompanying the fiscal year 2022 explanatory statement, updated for fiscal year 2023.

Continuation of Fiscal Year 2022 Requirements.—The Department is directed to continue providing in fiscal year 2023 any briefing and report as outlined in the classified annex accompanying the fiscal year 2022 explanatory statement.

OFFICE OF INSPECTOR GENERAL
OPERATIONS AND SUPPORT

The agreement provides \$214,879,000 for the Office of Inspector General (OIG), as requested. The agreement also includes a provision that transfers \$14,000,000 of the \$50,000,000 made available to the FEMA Disaster Relief Fund in the American Rescue Plan Act of 2021 (Public Law 117-2) to the OIG for oversight of the use of those funds.

Obligation Plan.—Information accompanying OIG's fiscal year 2024 budget request

shall include an obligation plan with details on projected obligations by oversight area and activity type, such as by audits, inspections, and investigations.

Monthly Budget and Staffing Briefings.—The OIG shall continue to provide the Committees monthly budget and staffing briefings, as described in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117—103). The briefings shall include all available funding sources, contracts, and contract FTE. Further, the briefings shall be modified in fiscal year 2023 to begin to shift away from program office profiles and instead reflect budget and staffing profiles by oversight area. They shall include a plan of action and milestones update regarding the development of a robust reporting capability that will provide more transparency and insight into OIG's budget planning and execution by such oversight areas.

Required Notification of Failure to Provide Requested Information by Secret Service.—In addition to the requirements of the Inspector General Act, the Inspector General shall notify the Committees in writing within 30 days of requesting and not receiving information from the Secret Service. Within 30 days after receipt of any such action by the Secret Service, the Inspector General shall transmit to the Committees a copy of the request for information; the response from the Secret Service, if any; and a statement regarding whether the Inspector General agrees or disagrees with such response.

TITLE I—ADMINISTRATIVE PROVISIONS

Section 101. The agreement continues a provision requiring the Inspector General to review grants and contracts awarded by means other than full and open competition and report the results to the Committees.

Section 102. The agreement continues a provision requiring the CFO to submit monthly budget execution and staffing reports within 30 days after the close of each month.

Section 103. The agreement continues a provision directing the Secretary to require that contracts providing award fees link such fees to successful acquisition outcomes.

Section 104. The agreement continues a provision requiring the Secretary, in conjunction with the Secretary of the Treasury, to notify the Committees of any proposed transfers from the Department of Treasury Forfeiture Fund to any agency at DHS. No funds may be obligated prior to such notification.

Section 105. The agreement continues a provision related to official travel costs of the Secretary and Deputy Secretary.

Section 106. The agreement continues and modifies a provision requiring the Under Secretary for Management to provide quarterly briefings on acquisition information to the Committees.

Section 107. The agreement continues and modifies a provision restricting the use of funding for certain pilot programs unless the Secretary submits specified information to the Committees related to the program's goals, metrics, and implementation plan.

Section 108. The agreement includes a new provision transferring \$14,000,000 to the OIG from amounts provided to FEMA for the Disaster Relief Fund in the American Rescue Plan Act of 2021 (Public Law 117—2).

TITLE II—SECURITY, ENFORCEMENT, AND INVESTIGATIONS

U.S. CUSTOMS AND BORDER PROTECTION OPERATIONS AND SUPPORT (INCLUDING TRANSFERS OF FUNDS)

The agreement includes \$1,131,069,000 above the request, including the following: \$1,600,000 for suicide prevention and wellness activities, to include employee child and

backup care, for a total of \$24,600,000; \$3,000,000 for the unified immigration portal, for a total of \$20,000,000; \$2,000,000 for Procurement Directorate within the Office of Acquisition; \$2,500,000 for the Survivor Advocacy Program; \$3,000,000 for the Office of Finance staffing; \$5,000,000 for technology capabilities for the Office of Chief Counsel; \$800,000,000 for a shelter and services grant program; \$60,085,000 for an additional 125 CBP Officers, 250 technicians, and 250 mission support staff; \$51,536,000 over the enacted level for forced labor to include \$17,112,000 for an advanced trade analytics platform for a total of \$99,428,000 over fiscal year 2022; \$10,000,000 for innovative technology, for a total of \$35,000,000; \$6,000,000 for an increase in the uniform allowance; \$5,000,000 for tribal roads; \$6,900,000 for linear ground detection system sustainment; \$5,200,000 for cross border tunnel threats; \$5,300,000 for counter unmanned aerial systems; \$7,702,000 for team awareness kits, for a total of \$19,417,000; \$10,000,000 for tactical communications; \$94,655,000 to reject Trade and Travel Operations PPA base pay reductions; \$51,116,000 to reject reductions to rent related expenses; \$3,000,000 for counter network capability; \$8,000,000 for increased intelligence capabilities; and \$600,000 for medical utilization.

Reductions to the request include: \$140,231,000 for changes to the adjustments to base for current services due to updated base pay and annualizations; \$3,000,000 for zero trust architecture; \$2,500,000 for the Office of Finance Resource Planning Technology & Analytic; \$10,000,000 for contracting costs; \$31,500,000 for medical referral costs; and \$2,000,000 for medical contract costs. The account is reduced \$3,000,000 for a transfer to PC&I.

Within the total amount provided, the recommendation includes: \$5,000,000 for tuition assistance; \$10,000,000 for processing improvements; \$6,000,000 for caregivers and childcare services; \$3,500,000 for rescue beacons and the Missing Migrant Program; \$6,000,000 for Carrizo cane control; \$21,055,000 for the Incident Driven Video Recording System, including body worn cameras and related requirements for Freedom of Information Act (FOIA) compliance and data storage; \$21,000,000 for autonomous surveillance towers; \$10,000,000 for video monitoring capabilities; and \$7,000,000 for Port of Entry (POE) technology, of which \$5,000,000 is for out-bound operations.

Within the total amount provided, the bill makes \$500,000,000 available until September 30, 2024, to provide limited flexibility for certain activities.

Border Management Requirements.—Funds provided in title V of this Act are for border management requirements. Eligible uses of these funds include soft-sided facilities with appropriate wrap-around services; medical capabilities; child caregivers; overtime and temporary duty (TDY) costs; DHS volunteer force costs; CBP-related transportation costs; operational costs; flight hours; law enforcement personnel; and general contract support for processing. Not later than 45 days after the date of enactment of this Act, the Undersecretary for Management shall provide an expenditure plan to the Committees for the use of these funds and the Commissioner shall provide a bimonthly update thereafter.

None of the funds provided for border management requirements shall be used:

- (1) to hire FTE;
- (2) for flight hours other than those flown by CBP Air and Marine Operations; or
- (3) to acquire, maintain, or extend border security technologies and capabilities except to improve processing.

CBP should consider a full suite of options to attain additional processing support in a

cost-effective manner, including through DHS volunteers, contract staff, temporary duty assignments, re-employed annuitants, and remote processing.

Chief Operating Officer (COO) Re-designation.—CBP is encouraged to re-designate the current COO position from “general” to “career reserved.” The expanding CBP workload requires stability from career leadership in overseeing the day-to-day operations of the organization.

Childcare for Employees.—Not later than 90 days after the date of enactment of this Act, CBP shall provide a briefing to the Committees on options for meeting the childcare needs of its workforce in underserved areas. The briefing should include an assessment of the limits of existing legal authorities and cost estimates for various options.

Contracted Capabilities.—CBP is directed to brief the Committees not later than 60 days after the date of enactment of this Act on the feasibility and legal limitations of using contracted personnel for the monitoring of Border Patrol surveillance video; expanding the role of contracted personnel in processing noncitizens; and supplementing Air and Marine Operations (AMO) flying hours with contracted flying hours.

Developing and Using Predictive Analytics.—The agreement directs CBP to provide, within 45 days of the date of enactment of this Act, a description of its analytic and modeling capabilities; data provided by those capabilities; how CBP currently uses that data; and any plans to expand such use. Further, CBP shall provide a briefing to the Committees within 45 days of the date of enactment of this Act on a plan to better incorporate data output from current analytic and modeling capabilities into reporting requirements in fiscal year 2023, and options for investments in expanded capabilities in fiscal year 2024.

Human Capital Strategic Plan.—Not later than 120 days after the date of enactment of this Act, the Commissioner shall submit to the Committees a human capital strategy plan addressing future staffing challenges as a growing percentage of CBP law enforcement personnel become eligible for retirement between fiscal year 2023 and the end of fiscal year 2028. The plan shall include an assessment of potential operational impacts; hiring and recruitment strategies that incorporate lessons learned from previous hiring efforts; resource requirements for CBP offices that provide critical support for hiring, including for Human Resource Management, the Office of Training and Development, and the Office of Professional Responsibility; and funding requirements to maintain operational effectiveness, including for both hiring and overtime costs.

Integrating Budget Requests.—In order to minimize funding imbalances across CBP and DHS programs, CBP is directed to include with any requests for new funds a description of the impact of the investment on other programs. CBP, in coordination with the Department, is directed to provide a briefing to the Committees within 60 days of the date of enactment of this Act on a plan for complying with this requirement, including a description of how necessary data will be incorporated into internal planning and budgeting processes.

Intelligence Human Capital Strategic Plan.—Not later than 120 days after the date of enactment of this Act, CBP shall brief the Committees on an intelligence human capital plan for the next five fiscal years addressing the expanded need for intelligence professionals, including:

- (1) a description of CBP intelligence functions;
- (2) the role(s) that new, non-law enforcement analysts would perform;

- (3) the benefits of additional analysts;
- (4) the number of law enforcement personnel currently performing intelligence function roles;
- (5) the methodology used to determine the number of law enforcement personnel who would be returned to front-line duties;
- (6) the timeline for, and the projected number of, such law enforcement personnel and the associated resource requirements for each of the next five fiscal years;
- (7) a cost-benefit analysis for the options of hiring intelligence professionals versus additional law enforcement personnel;
- (8) examples of how current operations are shaped by intelligence data analysis; and
- (9) how additional analysts would enhance strategic and tactical understanding of the border environment to improve operational decision making.

Law Enforcement Suitability Analysis.—CBP is directed to submit a report on the effectiveness of polygraph tests within 120 days of the date of enactment of this Act. The report shall include data comparing CBP's failure rates to those of other federal law enforcement agencies; a list of admissions elicited during polygraph tests since CBP implemented a mandatory polygraph test requirement; and details regarding the total and annualized number of such admissions and types of admissions.

Northern Border Strategy Implementation Plan.—Within 90 days of the date of enactment of this Act and quarterly thereafter, CBP shall brief the Committees on the status of the Northern Border Strategy Implementation Plan, including whether the fiscal year 2022 milestones have been achieved; the status of the fiscal year 2023 milestones; and, in each case where a milestone has not been achieved, detailed explanations for the failure to achieve the milestone. The fiscal year 2024 budget request shall detail specific northern border staffing and technology requirements and request specific funding for implementation of planned northern border enforcement initiatives enumerated in the analysis. The Department shall work with the Committees prior to providing this briefing to ensure alignment with expectations.

Overtime Usage.—CBP is directed to provide a briefing to the Committees that compares onboard positions, salary and overtime costs, and the monthly volume of vehicles, pedestrians, and cargo containers by POE for fiscal years 2017 through 2022.

Prioritizing the Acquisition of Innovative and Emerging Technologies and Capabilities.—The Commissioner shall ensure that all funding provided in this Act for the acquisition of operational or administrative technology, equipment, and services focuses on innovative and emerging capabilities. Agency policies should prioritize the testing and, when testing results support a sound business case, their acquisition and operationalization. New technologies, including artificial intelligence (AI)/machine learning (ML) tools and autonomous capabilities, are critical for improving mission performance and personnel effectiveness. Within 60 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on a plan to better prioritize innovative and emerging technologies and capabilities into the agency's internal planning, budgeting, and programming processes.

Quarterly Budget and Staffing Briefings.—In addition to the requirement set forth in section 102 of this Act, CBP shall provide the Committees quarterly budget and staffing briefings beginning not later than 45 days after the date of enactment of this Act and not later than 30 days after the close of each quarter thereafter. The briefings shall include any source of funding available to CBP for obligation; align projected and executed

budgetary obligations and on-board staffing data to program areas within each PPA; and delineate pay from non-pay obligations. CBP is directed to provide the data and other information supporting each briefing to the Committees in a downloadable, searchable, and sortable spreadsheet format. The first briefing shall include:

- (1) planned monthly obligations and on-board staffing projections for the fiscal year against which execution data will be compared in subsequent briefings, along with any changes to the plan;
- (2) a consultation with the Committees on a plan and format for future quarterly briefings;
- (3) a description of any limitations that CBP's financial and staffing systems of record present towards complying with requirements under this heading, such as the monitoring of obligations and onboard staff at the program level; and
- (4) plans to address such limitations.

Prior to the first briefing, CBP shall provide the Committees a proposed list of program areas to be tracked within each PPA, which shall include at a minimum any program enhancements in this Act for congressional priorities described in this statement or enhancements that were in the President's budget request.

Recruitment, Hiring, and Retention.—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to improve hiring and retention by all of its law enforcement components. CBP shall prioritize and continue efforts to use available incentives to recruit and retain personnel in rural and remote areas, including the exploration of new strategies; ensure that its efforts include the recruitment and retention of women and other traditionally under-represented population groups; and ensure that appropriate anti-harassment protocols are in place for all personnel. CBP shall also ensure that staff are trained to recognize signs of trauma exposure, understand common behaviors of people exposed to trauma, and on trauma-informed practices.

Resource Prioritization.—CBP is directed to provide a bimonthly briefing to the Committees on its efforts to evaluate CBP-wide workload, capabilities, assets, and human resource gaps; describe how those gaps impact mission performance; and use the results of the ongoing analyses to support the development of the fiscal year 2024 budget request.

BORDER SECURITY OPERATIONS

Assessing Commercial Satellite Radio Frequency (RF).—CBP is directed to continue pilot programs and other efforts to evaluate the use of commercial satellite radio frequency (RF) collections to improve situational awareness near the land borders of the United States, including how RF collection can be integrated into existing surveillance and reconnaissance architectures.

Border Barriers.—Within 90 days of the date of enactment of this Act, the Commissioner shall provide an update on the work of the multi-agency working group established to identify the impacts of complete and incomplete border security infrastructure on border security, communities, tribes, wildlife, and local environments, including the impacts of erosion and improper drainage associated with partially complete infrastructure projects, as well as its plan for addressing such impacts.

Border Patrol Hiring.—The agreement provides funding for 19,855 Border Patrol agents, an increase of 300 above the level funded in fiscal year 2022. In light of the Border Patrol's ongoing recruitment and attrition challenges, funding that is unable to be executed for new hiring in fiscal year 2023 is available for additional targeted Border Pa-

trol Agent hiring and retention efforts; hiring processing coordinators and professional staff that relieve agents of administrative duties; and for morale efforts, to include increasing the uniform allowance.

Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on a plan and schedule for hiring the funded level of agents. The briefing shall also address how CBP is ensuring appropriate oversight of the hiring process and its efforts to implement recommendations from misconduct investigations. Given the number of agents from the northern border who have been redeployed to the southwest border in recent years, the briefing shall also detail the number of planned new agents who will be assigned to the northern border.

Border Security Technology Gaps.—Within 180 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to improve border security technology development and acquisition.

Body Worn Cameras.—Within 90 days of the date of enactment of this Act, CBP shall provide the Committees an execution plan and deployment schedule for body worn cameras.

Operational Impact of Processing Coordinators.—Within 60 days of the date of enactment of this Act and quarterly thereafter, CBP shall provide a briefing to the Committees on the status of hiring processing coordinators funded by this and previous appropriations Acts, including the number of law enforcement personnel returned to the field as a result of the onboarding of new coordinators; the measures the agency is using to assess the costs and benefits of coordinator positions; and a description of all training and certifications required for such positions. Future funding requests for coordinators shall be accompanied by measures clearly detailing projected operational impacts.

Prison Rape Elimination Act (PREA).—The agreement directs CBP to post on its website, within 60 days of the date of enactment of this Act, a schedule for achieving full compliance with PREA requirements.

Reporting Requirements for Deaths in Custody.—CBP shall continue to provide the data required in House Report 116-80 regarding deaths of noncitizens.

Shelter and Services Program.—The agreement provides \$800,000,000 for a Shelter and Services Program (SSP) to support CBP in effectively managing noncitizen processing and preventing the overcrowding of short-term CBP holding facilities. Within the total amount provided, up to \$50,000,000 is available for the construction or expansion of shelter facilities. The funds are transferred to the Federal Emergency Management Agency (FEMA) for administration as grants or cooperative agreements with state and local governments and non-governmental organizations (NGOs).

During fiscal year 2023, a portion of this funding may be used for the existing Emergency Food and Shelter Program-Humanitarian (EFSP-H) in order to provide time for CBP and FEMA to establish a funding allocation process for the SSP. While the Emergency Food and Shelter National Board has performed admirably in administering EFSP-H since it was first funded in fiscal year 2019, funding the SSP through CBP will facilitate more effective support of CBP efforts to efficiently process and humanely treat noncitizens. It also acknowledges the existing vital partnership between CBP and NGOs.

Prior to EFSP-H, many NGOs and local communities already provided shelter and other services to individuals released directly from CBP custody, helping to facilitate the humane and respectful treatment of noncitizens undergoing processing at CBP facilities, including families, while minimizing

impacts on local border communities. Overcrowding at CBP short-term holding facilities has negative impacts on noncitizens and makes it more difficult for CBP personnel to carry out their duties. This partnership also serves American taxpayers by minimizing the need to expand the capacity of existing CBP facilities.

Not less than quarterly, CBP shall provide data to FEMA to help inform decisions on where funding should be provided to shelters along the southwest border and in the interior of the United States to support CBP's border security mission. At a minimum, this data shall include historical data and future projections of encounters of families and single adults, by POE and Border Patrol sector.

Short Term Detention.—In addition to direction in House Report 117-396, the Commissioner shall provide a report to the Committees, within 90 days of the date of enactment of this Act, on infrastructure changes, training protocols, and other investments made or planned to ensure the safe, humane, and orderly processing of single adults, families, and unaccompanied children in CBP custody, in compliance with the CBP National Standards on Transport, Escort, Detention, and Search as well as the Flores Settlement. The report shall also describe CBP efforts to improve stakeholder monitoring and access policies at CBP facilities. These directives should not be construed to interfere with the rights obtained, or obligations owed, under any federal consent decree.

Transportation Checks and Roving Enforcement.—In addition to direction in House Report 117-396, the required reporting shall include the total amount of drugs, currency, and firearms seized as a result of transportation checks.

Workload Staffing Model for Between the Ports.—Within 30 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on how data from the Border Patrol's Mission Advantage Program demonstrates its impact on personnel needs and projections of the impacts of future investments in the program. Within 60 days of the date of enactment of this Act, CBP shall provide a report to the Committees detailing the staffing model and the process that CBP used to create and validate it.

TRADE AND TRAVEL OPERATIONS—OFFICE OF FIELD OPERATIONS

Advanced Electronic Data (AED).—Within 180 days of the date of enactment of this Act, CBP shall provide a report to the Committees on the implementation of the AED initiative, including the:

- (1) total volume received by the United States Postal Service (USPS) and volume containing AED;
- (2) volume received by country containing AED;
- (3) number of packages CBP requests to screen and the number tendered by the USPS;
- (4) number of goods seized in Mail Facilities; and
- (5) volume received from countries exempted from AED by CBP.

The report shall also include a detailed plan, to be developed in coordination with the USPS, for the Postal Service to scan every package or letter entering the United States that could contain an illegal opioid.

Border Searches and Electronics.—In addition to direction in House Report 117-396, the required reporting shall include the number of times CBP searched an electronic device at the request of a federal, state, local, or foreign governmental entity, including another component of the Department, or disclosed to such entity information from any searched device.

Border Security Deployment Program (BSDP).—CBP shall provide the Committees

a briefing within 120 days of the date of enactment of this Act on the agency's plan to expand BSDP at land POEs.

Combating Transportation of Firearms and Illicit Funds.—The agreement encourages CBP to continue to collaborate with domestic and international partners to disrupt the flow of funding that supports illicit monetary instruments and firearm smuggling activities. CBP shall inform the Committees any additional legal authorities or resources needed for these efforts.

Data on Asylum Seekers.—The agreement directs the Office of Field Operations (OFO) to continue to produce a monthly report detailing for each preceding month: the POEs along the southwest border at which queue management or metering practices have been employed; a detailed flow-chart for how a noncitizen's case is managed in these processes; and the number of asylum seekers processed at each such POE.

The report shall also address: CBP's rationale for queue management or metering practices at POEs; capacity and resource constraints leading to or requiring the implementation of such practices; recommendations for alleviating such capacity and resource constraints; and any agreements or arrangements between CBP, or the Federal Government more broadly, and Government of Mexico authorities involving efforts to restrict the number of potential asylum seekers that can access a POE prior to entering the United States.

Environmental Crimes Enforcement.—Within 120 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the activities and resources applied to the enforcement of the Lacey Act amendments of 2008, which help address international deforestation and combat trade in illegal wildlife and timber products. The briefing shall also address CBP efforts to assist the Animal and Plant Health Inspection Service of the U.S. Department of Agriculture with the electronic collection of data, as well as its continued consultation with trading partners, importers, exporters, and other interested groups as the provisions of the Act are fully implemented.

Enhancement of Supply Chain Security.—Within 180 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees with recommendations on how innovative capabilities, including blockchain-based platforms, may improve trade operations between the United States and Central and South American countries, including potential opportunities for partnership with non-profit and private partners and with Central and South American Customs Agencies.

Expanding Outbound Operations at Land Ports of Entry (LPOE).—The agreement provides \$30,000,000 for building outbound operations capacity, including \$2,250,000 for Domestic Operations to hire 18 CBP officers; \$5,000,000 for RFID/QR code readers for all outbound truck lanes to capture trucks at exit, increase CBP's ability to pursue subjects attempting to abscond from CBP inspection areas and other security capabilities and upgrades; and \$22,750,000 through the Procurement, Construction, and Improvements account for non-intrusive inspection equipment, development and deployment of ACE electronic export manifest capability, and infrastructure investments, including vehicle inspection stations. Within 90 days of the date of enactment of this Act, CBP is directed to provide an expenditure plan for the use of these funds and to brief the Committees on the metrics it will use to capture the impact of this investment.

Fee Shortfalls and Reinstating Base Funding for OFO Personnel.—The agreement restores \$94,655,000 in proposed reductions to pay for

existing OFO personnel. The CBP CFO shall continue to manage and oversee CBP fee funding to ensure current year operational requirements are balanced against the continuing requirement to build and maximize a carryover balance. If fee collections during fiscal year 2023 exceed current projections and carryover requirements, CBP shall refrain from obligating those available funds until it briefs the Committees on options for the use of those funds to include for hiring additional CBP officers and mission support staff.

Identifying Fentanyl Analogues and Related Substances at the Southwest Border.—Within 60 days of the date of enactment of this Act, CBP shall provide the Committees a briefing on options to publicly report seizures of fentanyl-related substances and fentanyl analogues in the same manner it reports monthly seizures of marijuana, cocaine, heroin, and fentanyl.

International Mail and Express Consignment Facilities.—Previously provided funds, and funds provided in this Act shall be made available for facility improvements; detection and testing equipment upgrades; increased capacity for testing and storing illegal and regulated substances; interoperability improvements with Food and Drug Administration detection equipment; and innovative technologies that apply advanced analytics and machine learning capabilities.

LPOE Hours of Operation.—CBP is directed to consult with elected officials at all levels, community members, and industry stakeholders prior to making changes to LPOE hours of operations. Prior to any actual reduction in operating hours, CBP shall demonstrate that the change will not impede local or regional commerce or unduly impede local resident traffic.

Not later than 90 days after the date of enactment of this Act, CBP shall provide a report to the Committees detailing operating hours at all northern border POEs and describing how CBP plans to improve the recruitment and retention of CBP personnel at remote northern border ports of entry to sustain those operating hours. Additionally, the agreement directs CBP to establish a pilot program for the co-location of CBP and Canada Border Services Agency border agents at remote LPOEs to maintain border security and reduce costs.

Locality Pay Scale Flexibility.—Within 120 days of the date of enactment of this Act, CBP is directed to provide a report, in coordination with the Office of Personnel Management, on:

- (1) an analysis of local pay scales and how those pay brackets impact recruitment and retention;
- (2) an overview of agency authorities for adjusting pay; and
- (3) recommendations to better align local pay with costs of living to improve recruitment and retention.

Northern Border LPOEs and CBPOs.—CBP shall prioritize staffing shortages at northern border LPOEs to help expedite cross-border tourist and commercial traffic while providing significant consideration to the health, safety, and welfare needs of CBP officers; explore options for 24-hour use of NEXUS at LPOEs; and expand public awareness about and enrollment in the NEXUS program, including through the deployment of signage in collaboration with state transportation agencies.

Additionally, CBP is directed to notify the Committees within 15 days of redeploying more than 10 percent of staff in any sector along the northern border to the southwest border or other ports of entry, including the number and location of the personnel diverted, the duration of the temporary deployment, and when the personnel will return to their posts.

Prevent Abduction Program.—Within 180 days of the date of enactment of this Act, CBP is directed to report to the Committees on the status of the Prevent Abduction Program, including:

(1) the total hours of training CBP officers receive on the issue of international parental child abduction;

(2) the total number of children enrolled in the program and the number enrolled in the preceding fiscal year;

(3) the number of children enrolled in the program who were taken out of the United States through an air POE by an abductor, if any; and

(4) the identification of resources CBP might need to ensure children are not removed from the United States in violation of a valid state court order.

Reimbursable Services Program.—CBP is directed to provide each air, land, and sea port operator, including cruise terminals, with information on baseline service levels and report to the Committees quarterly on its adherence to these baseline levels. The report shall also address staffing shortages, requirements for facility and security upgrades, and plans for technology recapitalization; the process used to decide how initiatives are funded; a justification for the scope of the requests; and how CBP will negotiate with port operators and incorporate their feedback into the development of plans to address future facility and security needs.

CBP is encouraged to defer all current and future seaport facility agreements until it has provided details on baseline service levels to each port operator and provided the Committees with estimates for future facility and security requirement improvements and associated federally mandated technology. CBP is expected to work in partnership with seaports and refrain from imposing requirements on seaports in a unilateral fashion.

Workforce Staffing Model.—Not later than 90 days after the date of enactment of this Act, CBP shall provide a report to the Committees on the results of the most current Trade and Travel Workload Staffing Model, to include results; descriptions of any other models related to workload at ports of entry; and a comparison of model results. The agreement withholds funds from the Executive Leadership and Oversight PPA pending delivery of the report.

TRADE AND TRAVEL OPERATIONS—OFFICE OF TRADE

Combatting Transshipment.—CBP is directed to modify targeting criteria and make additional changes necessary to provide CBP with the administrative flexibility required to identify transshipped products.

Trade Enforcement.—Within 90 days of the date of enactment of this Act, CBP shall provide a report to the Committees detailing its implementation of trade priorities.

Uyghur Forced Labor Prevention Act (UFLPA).—The agreement fully funds implementation of the UFLPA, adjusted for funding provided above the request in fiscal year 2022. Within 60 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on implementation of the law.

INTEGRATED OPERATIONS

Honey Import Testing.—CBP is directed to provide a report to the Committees, within 180 days of the date of enactment of this Act and in consultation with the FDA, on:

(1) the number of imported honey shipments tested for country of origin (COO) fraud and adulteration;

(2) the number of shipments that testing suggested involved COO fraud or adulteration;

(3) the technologies employed in carrying out those tests; and

(4) an ongoing strategy for CBP to detect and combat COO fraud.

Office of International Affairs.—CBP is directed to provide a briefing, within 60 days of the date of enactment of this Act and in coordination with the Department of State, on opportunities to expand information campaigns in targeted Central and South American countries through social and behavior change communication advertising the dangers of irregular migration to the United States and educating residents of those countries about legal immigration pathways.

Persistent Maritime Domain Awareness (MDA) Demonstration.—The agreement directs AMO to work with CBP's innovation technology program to examine opportunities to work with industry partners to conduct a persistent, long duration MDA demonstration in an area where illicit maritime activity is known to be concentrated. Additionally, AMO is encouraged to place staff within the innovation technology program to assist in the development of AMO-specific capabilities.

MISSION SUPPORT

Medical Care.—Within 60 days of the date of enactment of this Act, CBP shall provide to the Committees a briefing on the medical care capacity supported by the enacted funding level, along with a detailed breakout of the types of care it supports.

ENTERPRISE SERVICES

CBP One™ Mobile Application.—Within 90 days of the date of enactment of this Act, CBP shall provide to the Committees a report on CBP One™, including a description of current uses; the frequency of use for each service available on the mobile application; a description of additional services and features that will be implemented by the end of fiscal year 2023; and data specific to the use of the mobile application by International Organizations and/or asylum seekers for the purpose of coordinating entry into the United States through a POE, along with any expansion plans for this service.

Office of Professional Responsibility (OPR).—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on efforts to hire additional OPR agents and a description of targeted areas of investigative enhancements or expansions, and its efforts to ensure CBP meets hiring targets for agents and officers.

Remote Applications for Protection.—Within 120 days of the date of enactment of this Act, CBP is directed to provide a briefing to the Committees on any ongoing efforts to work with USCIS and the State Department that allow noncitizens from certain countries to apply to seek protection in the United States, prior to their arrival, using CBP One™.

Personnel Pay Resources Reporting.—The CBP CFO is directed to provide a full-year pay execution plan to the Committees within 30 days of the date of enactment of this Act, along with monthly updates thereafter, for the Border Security Operations PPA and the Trade & Travel sub-PPAs for Domestic Operations, Targeting, and International Operations. The report shall compare planned execution to actual obligations for FTE and overtime. In addition, it shall differentiate needs that are tied to inspection and non-inspection operations.

Survivor Advocacy Program.—The agreement provides an additional \$2,500,000 to increase the number of full-time personnel working as survivor advocates to help CBP personnel and their families after the death of a CBP employee.

Video Monitoring.—Any non-working closed caption television and associated recording or storage equipment in a facility that detains migrants must be repaired or replaced

within 24 hours. Instances of equipment that remain non-working after 120 hours must be reported to the Office of Professional Responsibility. Outage and repair status reporting shall be updated weekly.

Workforce Wellness and Suicide Prevention.—The agreement provides not less than \$24,600,000 for workforce wellness and suicide prevention. In addition to direction in the House Report, the agreement includes not less than \$1,600,000 to work with non-profits to provide workforce wellness and suicide prevention services at CBP locations on the southern border. Further, CBP shall explore opportunities to establish partnerships with other federal agencies and SLTT entities, especially within the law enforcement and first responder communities, to improve and expand service offerings, with a focus on underserved areas.

Withholds.—Of the \$249,915,000 made available through the bill for the Executive Leadership and Oversight PPA, the agreement withholds \$5,000,000 until reports concerning human capital strategic plans and the Office of Field Operations workload staffing model are submitted to the Committees.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The bill includes the following increases above the request: \$150,000,000 for border security technology, to include funding for a common operating picture; \$69,947,000 for non-intrusive inspection (NII) systems; \$3,000,000 for a distributed ledger; \$7,500,000 for an electronic export manifest capability associated with outbound enforcement; and \$26,650,000 for the Advanced Training Center (ATC).

The bill reduces the request by the following amounts: \$5,000,000 from ACE enhancements; \$31,245,000 from Multi Role Enforcement Aircraft; \$10,000,000 from the light enforcement platform; and \$45,459,000 from CBP facilities. The agreement also includes realignments based on technical assistance provided by the Department.

Border Patrol Technology.—In addition to direction in the House Report, this funding is available for autonomous surveillance, search and rescue capabilities, mobile surveillance capabilities, cross-border tunnel detection capabilities, geospatial capabilities, small unmanned aeri systems, counter small unmanned aerial system capabilities, and common operating picture capabilities. The Commissioner is directed to prioritize procurement of the most cost-effective technologies based on lifecycle costs, system availability, reduced requirements for personnel, and input from sector leadership.

Construction and Facility Improvements.—The agreement provides \$99,900,000 for CBP facilities, a reduction of \$45,459,000 from the request. In technical assistance provided to the Committees, CBP proposed a restructuring of the budget request to offset unforeseen costs of previously funded facilities projects. Additionally, the agreement rescinds \$43,500,000 from prior years.

Within the funds provided, \$26,650,000 is for additional expansion and renovation activities at the ATC. These funds shall be used to complete construction of the Institute Building and an Instructional Design/Distance Learning Center.

Additionally, not later than 90 days after the date of enactment of this Act, CBP shall submit a report to the Committees that includes:

(1) the details of the design and construction process for new or renovated Border Patrol facilities, including stations, processing centers, and checkpoints;

(2) detailed requirements for each facility currently funded or proposed for funding, including buildings, parking facilities, sally

ports, vehicle maintenance facilities, fueling stations, temporary detainee holding facilities, and kennels;

(3) for each currently funded facility:

(a) the total amount funded, obligated, and expended, by fiscal year; and

(b) if funds were obligated to an outside agency (e.g., General Services Administration and U.S. Army Corps of Engineers), the obligation and expenditure status of those funds;

(4) for each currently funded facility and for proposed facilities, a construction schedule and associated expenditure plan broken out by quarter (to include funds appropriated through other agencies);

(5) For each requirement described in (2):

(a) the severability of each requirement that is specific to the location;

(b) confirmation that each requirement is an independently awardable option for all contracts currently funded;

(c) the requirements for facilities that are unfunded; and

(d) the requirements for facilities described in (2) that are unfunded; and

(6) the number of personnel to be assigned at each location, with confirmation the design is scoped to address current and anticipated future staffing needs.

The report shall also include a detailed plan to improve CBP's cost estimating capability for these facilities.

Deterring Illicit Substances.—CBP shall ensure the necessary resources for procuring NII, passive radiation, and X-ray/Gamma-ray imaging of cargo and conveyances to detect, interdict, and deter the flow of illicit drugs, including fentanyl, carfentanil, and heroin.

Distributed Ledger Technology.—The agreement provides \$2,500,000 above the request for CBP to test implementation of blockchain and distributed ledger technologies to improve trade operations, including enhancement of supply chain security, single window, and sharing of Customs Trade Partnership Against Terrorism data, in cooperation with foreign Customs Agencies and leveraging existing platforms as appropriate. Furthermore, the agreement provides \$500,000 to explore opportunities for additional investment in distributed ledger platforms for coordination of customs data between the United States and international partners, including potential opportunities for partnership with non-profit and private entities. CBP shall provide a report to the Committees within 180 days of the date of enactment of this Act with such recommendations.

Innovative Technology.—The bill provides \$20,000,000 for innovative technology, of which not more than \$5,000,000 shall be available for each specific technology project. CBP is encouraged to review the following technologies: geospatial search and rescue; unmanned maritime vessels; remote sensing; mesh networking; satellite communications; vehicle communications in LTE denied areas; DNA traceability tools to assist in identifying goods made with forced labor and aerostats. CBP shall provide a briefing to the Committees within 90 days of the date of enactment of this Act and quarterly thereafter on pilot or demonstration projects that have transitioned to normal operations over the last three fiscal years; the impact of such transitions on performance; an assessment of common indicators for successful and unsuccessful pilots; and recommendations to incentivize CBP programs to participate in testing and adopting promising new capabilities.

LPOE.—CBP shall provide a detailed report and timeline within 90 days of the date of enactment of this Act outlining completion of the Blue Water Bridge Plaza expansion project. The report shall align with the an-

nual LPOE priority list; outline projected CBP costs; explain how CBP will engage with state and local entities; and detail specific milestones and a timeline for the project's completion.

CBP is directed to provide an update on the agency's implementation of recommendations from GAO's July 2019 report, "Border Infrastructure: Actions Needed to Improve Information on Facilities and Capital Planning at Land Border Crossings," along with a description of any changes CBP is making to the existing planning process. Additionally, CBP shall, in consultation with GSA, consider growth in trade value, the expansion of in-bound commercial traffic, and CBP operational needs when developing the capital investment plan. CBP is directed to provide an update within 60 days of the completion of the ongoing assessment of capacity requirements at the Santa Teresa POE.

Within 120 days of the date of enactment of this Act, CBP, in consultation with GSA, shall provide the Committees a briefing on plans to execute the funds provided in the Infrastructure Investment and Jobs Act of 2021. As part of this briefing, CBP shall provide the Committees an update on steps to "re-build" the annual 5-year LPOE plan.

Multi-Role Enforcement Aircraft (MEA).—The agreement provides \$29,000,000 to fund the second land variant MEA to expand CBP's ability to conduct maritime, air, and land surveillance at our Nation's borders. Additionally, the agreement rescinds \$23,182,000 from prior year funding for this program due to contract cost savings.

NII.—The agreement provides \$69,947,000 for the NII program. CBP shall execute these funds only as follows: \$15,250,000 for outbound inspection equipment; \$10,000,000 for artificial intelligence and machine learning capabilities, to include independent verification and validation during the initial stages of development; \$44,947,000 for the deployment of previously funded equipment, civil works infrastructure, site prep, and installation of equipment associated with achieving 100 percent scanning of vehicles crossing the U.S. border. The agreement rescinds all remaining unobligated fiscal year 2022 funding provided for NII, totaling \$73,246,000, due to continued concerns with the management of the NII program, as discussed in House Report 117-396.

To date, CBP has failed to request any funding to address unfunded requirements for civil works, installation, and site prep for previously funded NII equipment to be deployed in pre-primary lanes at LPOEs, which could require more than an additional \$200,000,000. While the agreement provides additional funding for the NII program, CBP and DHS are encouraged to request funds in future budgets to address this shortfall.

To ensure proper oversight of NII funds, CBP shall also continue to provide monthly updates to the Committees on the obligation of funds for NII equipment, along with actual and projected performance gains as a result of NII deployments funded in this or prior appropriations. Within 30 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the status of NII coverage in pre-primary lanes along the southwest border. The briefing should address how an increase in pre-primary screening will impact current secondary inspection capacity and the workflow of other federal agencies that may not have sufficient time to plan for additional resource needs.

Not later than 180 days after the date of enactment of this Act, CBP shall provide a report on the current status of mobile NII technology and proposals for enhancing it.

CBP is reminded of the reporting requirement on 100 percent scanning in the joint ex-

planatory statement accompanying the fiscal year 2022 funding Act, which was due to Congress on September 12, 2022.

Period of Availability.—The PPA funding table in the explanatory statement accompanying division F of the Consolidated Appropriations Act, 2022 (Public Law 117-103) included an inadvertent transposition of the funding amounts available for three years and five years in CBP's Procurement, Construction, and Improvements (PC&I) account. Notwithstanding that transposition, the three- and five-year funds are not purpose restricted and may be obligated for any project funded under the fiscal year 2022 PC&I appropriation. CBP shall allocate these funds as necessary to execute fully all of the funded projects within the periods of availability set forth in that Act. CBP is directed to provide revised spending allocations for the three- and five-year funds when it submits the expenditure plan required under Section 208 of this Act.

Revenue Modernization.—Within 120 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees describing the percent transition from manual field collections to automated electronic systems, along with the cost, by POE.

U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT

OPERATIONS AND SUPPORT

The agreement provides \$394,177,000 above the request, including increases of \$5,960,000 for Homeland Security Investigations (HSI); \$379,560,000 for Enforcement and Removal Operations (ERO); and \$8,657,000 for Mission Support and Office of the Principal Legal Advisor (OPLA) activities. The agreement also provides net-zero technical adjustments requested by ICE after submission of the budget request.

Within the total amount provided, the agreement makes \$46,696,000 available until September 30, 2024, including \$32,996,000 for authorized Title III activities and \$13,700,000 for the Visa Security Program. The agreement also continues a provision that withholds \$5,000,000 from obligation until the reports directed in the explanatory statements accompanying Public Laws 116-6, 116-93, and 117-103 have been submitted to the Committees.

Annual ERO and HSI Reports.—ICE is directed to continue issuing annual Fiscal Year ERO and HSI reports by not later than 90 days after end of each fiscal year. The reports should compare data for the reporting fiscal year to the prior five fiscal years in a sortable, downloadable, and printable format, with a description of any significant deviations in data representation when compared to prior years.

Continuation of Prior-Year Requirements.—ICE shall continue to follow the directives under the following headings in the explanatory statements accompanying the fiscal year 2022 funding Act (Public Law 117-103), according to the previously directed timeframes, reporting requirements, required sustainment, and guidance:

- (1) Detention Standards;
- (2) Reporting Requirements;
- (3) Healthcare Costs for Immigrants in Detention;
- (4) Law Enforcement Support Center (LESC);
- (5) Sex Offender Release Notifications;
- (6) Kiosks for Non-Detained Appearances;
- (7) Detention Facility Inspections;
- (8) HERO Child-Rescue Corp Program;
- (9) Child Exploitation Investigations Unit;
- (10) Counter-Proliferation Investigations Center;
- (11) International Megan's Law;
- (12) Opioid Investigations;
- (13) Access to Due Process;

(14) Immigration Enforcement at Sensitive Locations;

(15) Forced Child Labor;

(16) Intellectual Property Rights Enforcement;

(17) Electronic Nationality Verification Program;

(18) ICE Removal and Detention of U.S. Citizens;

(19) Immigration Data; and

(20) Wrongful Removals.

Danger Pay.—Within 60 days of the date of enactment of this Act, ICE shall provide a report to the Committees that details the location of all ICE federal employees serving abroad who currently do not receive danger pay in locations where other federal employees receive such pay. The report shall also include a projected estimate of the cost to provide danger pay to such employees.

Facilities Backlog and Use.—Within 60 days of the date of enactment of this Act, and quarterly thereafter, ICE is directed to brief the Committees on any changes to facility condition assessments. ICE is also directed to incorporate those assessments into its outyear budget requests—including its annual budget justifications—for facility maintenance funding, as well as in its monthly execution briefings.

Financial and Reporting System.—ICE shall develop a plan to configure its financial and reporting systems by June 2023 to better budget for and monitor the costs of programs and initiatives and to track obligations and expenditures by program and initiative. Not later than 60 days after the date of enactment of this Act, ICE shall brief the Committees on the status of this effort, including a description of anticipated risks and a mitigation plan to address such risks.

Forward Funding of Contracts.—ICE is directed to identify in its monthly budget briefings any funding used for contracts for which the period of performance extends beyond the fiscal year, or begins after the end of the fiscal year, and to include an exhibit in future budget requests showing any such forward funded contracts.

Monthly Budget and Staffing Briefings.—In addition to the requirement set forth in section 102 of this Act, ICE shall provide the Committees monthly budget and staffing briefings beginning not later than 30 days after the date of enactment of this Act. The briefings shall include any source of funding available to ICE for obligation; align projected and executed budgetary obligations and on-board staffing data to program areas within each PPA; and delineate pay and non-pay obligations. Prior to the first briefing, ICE shall provide the Committees a proposed list of program areas to be tracked within each PPA, which shall at a minimum include all congressional priorities referenced in this Act, along with those of the last three fiscal years, including the accompanying explanatory statements for each Act. The first briefing shall include:

(1) planned monthly obligations and on-board staffing projections for the fiscal year against which execution data will be compared in subsequent briefings, along with any changes to the plan;

(2) a consultation with the Committees on a plan and format for future monthly briefings;

(3) a description of any limitations presented by ICE's existing financial and staffing systems of record in complying with requirements under this heading, such as the monitoring of obligations and onboard staff at the program level; and

(4) ICE's plan to address the limitations described in (3), including resource requirements.

Title V Requirements.—The agreement provides \$339,658,000 in Title V for ICE's non-de-

tention border management requirements, including \$74,980,000 in third party medical costs related to noncitizens in CBP custody.

HOMELAND SECURITY INVESTIGATIONS

Enhancing and Modernizing HSI's Capabilities.—The agreement provides a total increase of \$5,960,000 above the request, including:

(1) \$31,808,000 to restore proposed reductions for the Domestic Investigations PPA based on efficiencies that were not clearly defined;

(2) \$10,017,000 to increase investigative capacity to respond to projected increases in workload associated with the planned expansion of CBP's NII technology along the southwest border;

(3) \$2,200,000 to expand and enhance undercover activities;

(4) \$8,600,000 to accelerate development of capabilities for the Repository for Analytics in a Virtualized Environment (RAVEN);

(5) \$6,860,000 to fund the training, equipment, travel, software, and analysts necessary to address the increase in child exploitation leads and investigations and increased victim assistance requirements;

(6) \$4,500,000 for the training, equipping, and hiring of Human Exploitation Rescue Operative (HERO) Child-Rescue Corps program graduates;

(7) \$220,000 for the Victim Assistance Program;

(8) \$14,500,000 for the National Intellectual Property Rights (IPR) Center, of which, not less than \$7,500,000 shall be for the creation of the Wildlife Trafficking Unit;

(9) \$1,607,000 to restore proposed reductions to the International Investigations PPA; and

(10) \$1,820,000 to restore proposed reductions to the Intelligence PPA.

ICE is directed to update the Committees with details about the use of these additional funds as part of its monthly operational and expenditure plans. Further, ICE shall provide detailed staffing and budget assumptions about these efforts in future budget requests. The agreement also includes a reduction of \$73,672,000 from the request based on updated information from ICE about personnel cost requirements. The agreement also rejects the proposed realignment of \$2,500,000 from OSEM for the Blue Campaign.

International Operations Strategic Plan.—Within 90 days of the date of enactment of this Act, HSI is directed to brief the Committees on its strategic plan for international operations. At a minimum, the plan should include a justification for an expanded international presence; the proposed locations for expansion; the operational and administrative resources required to implement the plan; a description of any plan implementation challenges or impediments, including any related to the State Department; and a description of any planned expansion of the Visa Security Program.

Wildlife Trafficking Unit.—\$7,500,000 is provided above the request for the establishment of a new unit dedicated to the prevention of Wildlife Trafficking within HSI's IPR Center, Global Trade Division. HSI shall continue to work in partnership with the U.S. Fish and Wildlife Service and CBP to improve efforts to address wildlife trafficking. Within 90 days of enactment of this Act, HSI shall brief the Committees on the execution of these funds and the status of the new Wildlife Trafficking Unit, including efforts to hire and train future staff. HSI is also directed to continue to produce the report identified in Public Law 116–125.

ENFORCEMENT AND REMOVAL OPERATIONS

The agreement sustains the fiscal year 2022 detention capacity levels. Reductions below the request include \$46,150,000 based on updated information from ICE and technical

assistance from the Department; \$15,000,000 from amounts proposed for an information technology initiative; \$21,000,000 related to facility standards; \$3,313,000 associated with Fugitive Operations technical assistance and efficiencies; \$6,258,000 for Criminal Apprehension Program technical assistance and efficiencies; \$820,000 for Transportation and Removal Program (TRP) efficiencies; and \$84,871,000 for the ATD program. The agreement does not include the requested realignment of \$8,000,000 in third party medical costs to CBP.

287(g) Program.—ICE is directed to publish applications for new or renewed 287(g) agreements on its website at least eight weeks prior to entering into any such agreement. In addition, ICE shall ensure thorough vetting of 287(g) applicants to minimize detention conditions that do not fully comply with Performance-Based National Detention Standards and PREA standards.

ICE, OIG, and CRCL are directed to provide rigorous oversight of the 287(g) program, and ICE is directed to notify the Committees 15 days prior to implementing any changes to the program, including any changes to training requirements, data collection, selection criteria, or the jurisdictions with which ICE has agreements, including both entering into new contracts or the termination of existing contracts. ICE is also directed to report to the Committees on the effectiveness and accuracy of prior efforts to publicly disclose personally identifiable information about noncitizens encountered through the 287(g) program within 60 days of the date of enactment of this Act.

If CRCL or ICE's Office of Professional Responsibility (OPR) determines that a participating 287(g) jurisdiction has a pattern or practice of civil rights or liberties violations of individuals who were subsequently the subject of immigration enforcement activity delegated under the 287(g) authority, the Secretary shall require CRCL to conduct a review of the use of this program in that jurisdiction which shall include recommendations regarding ICE's furtherance of any such agreement with that jurisdiction. Not later than 120 days after the date of enactment of this Act, and quarterly thereafter, CRCL and OPR shall brief the Committees on any such determinations, reviews, and recommendations, as well as the status of any previous activity.

ATD.—The funding level for ATD is based on fiscal year 2022 data on the actual program costs and provides sufficient funding for the proposed enrollment levels. ICE shall continue to brief the Committees on any ATD contracts it awards under this program. Within 60 days of the date of enactment of this Act, ICE shall begin providing a monthly briefing on the number of noncitizens participating in the ATD program by technology type, cost by technology type, and the number of participants who attend a portion of or all of their immigration court hearings. ICE shall also continue to publish annually the following policies and data relating to ATD:

(1) guidance for referral, placement, escalation, and de-escalation decisions;

(2) enrollment and disenrollment by Field Office;

(3) information on the length of enrollment broken down by type of ATD;

(4) a breakdown of enrollment by type and point of apprehension; and

(5) a breakdown of disenrollment by type and reason.

ATD Program Violations.—ICE shall submit data to the Committees within 30 days of the date of the enactment of this Act and monthly thereafter, on the number of ATD program violations in the prior month, broken out by area of responsibility, type of violation, repeat violations, and any enforcement consequences for violations.

ATD Referrals.—ICE shall consider enrollment referrals from NGOs and community partners that are actively implementing ICE's ATD programs that utilize case management. ICE shall establish, with the consultation of relevant NGO and local community partners, at ICE's discretion, criteria for such referrals, guidelines for submission, and criteria for how ICE will consider any such referrals for enrollment in ATD programs. ICE shall submit a report to the Committees on progress regarding these guidelines within 60 days of the date of enactment of this Act and quarterly thereafter until the guidelines are finalized. ICE shall submit an annual report on the number of NGO referrals that are submitted and the number of such referrals accepted into ATD programs that utilize case management programs.

Custody Operations.—The agreement sustains the fiscal year 2022 detention capacity levels. Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on a projected cost to secure an Independent Verification and Validation (IV&V) of a detention capacity funding requirements model to be used for resource planning for the current year, budget year, and out-years. The review should address the accuracy of projections of average daily population levels and utilization rates for funded detention capacity; whether the model clearly accounts for policy and external factors; and whether the model is informed by projected border encounters. ICE shall brief the Committees within 30 days of the date of enactment of this Act and monthly thereafter on the detention capacity, cost, and actual use associated with detention contracts that do not have guaranteed minimum costs.

Detention and Solitary Confinement of Vulnerable/Special Populations.—Within 15 days of the date of enactment of this Act and quarterly thereafter, ICE shall report on a publicly available website the number of individuals in vulnerable or special populations in its physical custody for the preceding quarter. At a minimum, the report shall include:

- (1) a definition for vulnerable and special populations;
- (2) the number of consecutive and cumulative days such individuals were in detention or involuntary segregation through isolation, solitary confinement, or protective custody;
- (3) the basis for any use of involuntary segregation; and
- (4) the process for and frequency of re-evaluating custody decisions.

Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on the state of compliance with the principles and standards of all ICE guidance related to vulnerable populations, along with any necessary actions needed to remediate deficiencies. The briefing should address the number of facilities that are in compliance with such guidance; their location; the number of available beds for vulnerable or special populations; whether those beds are in a form of involuntary segregation; and whether such facilities need additional resources to ensure the health and safety of such persons in their care and custody.

Juvenile Coordinators.—Within 60 days of the date of enactment of this Act, and quarterly thereafter, ICE shall brief the Committees on the status of regional juvenile coordinators and young adults in the ICE system, and provide updates on the IV&V, as previously directed.

Personal devices.—ICE shall brief the Committees, within 180 days of the date of enactment of this Act, on the potential implications, pros/cons, and costs/savings associated with allowing noncitizens in custody to retain or have access to their personal cell phones while in custody.

Pregnant, Postpartum, and Lactating Women.—ICE is directed to provide semi-annual reports on the total number of pregnant, postpartum, and lactating women in ICE custody, including detailed justification of the circumstances warranting each such detainee's continued detention and the length of detention. These anonymized reports shall be made publicly available on the ICE website.

Transportation and Removal Program (TRP).—TRP provides the safe and secure transportation of noncitizens who are subject to final orders of removal or require transfer within the United States, which may ultimately include transportation to the noncitizen's final destination if ICE determines in its discretion that such transportation is necessary.

Within 60 days of the date of enactment of this Act, and quarterly thereafter, ICE shall brief the Committees on its existing contracts for all air, ground, and sea transportation of noncitizens, including children and families. The briefing shall include a description of the current total contracted capacity, delineated by transportation type; average cost per person for each type; contract options, where applicable; contract costs, including actual daily, weekly, and monthly costs; and comparisons of actual costs to initial projections for the preceding quarter.

Unaccompanied Children (UC) Transferred from ORR.—Not later than 30 days after the date of enactment of this Act and quarterly thereafter, ICE shall brief the Committees on its compliance with *Garcia Ramirez, Et Al. v. ICE, Et Al.* (No. CV 18-508 (RC)).

Mission Support

The agreement provides \$8,657,000 above the request for Mission Support and includes realignments among the three Mission Support sub-PPAs based on technical assistance from the Department. The total includes increases above the request of \$4,000,000 for a workforce staffing model IV&V; \$2,500,000 for the Office of Detention Oversight; \$12,000,000 for body worn cameras; \$10,000,000 for increased legal access for non-citizens in detention; and \$583,000 for restoring a 2022 enhancement for the Office of Professional Responsibility. It includes decreases from the request of: \$7,917,000 for OPLA augmentation efforts; \$1,999,000 for event security logging; \$1,486,000 for ATD IT services; and \$9,024,000 for mission and administration support infrastructure.

Body Worn Cameras.—ICE shall use the results from its Body Worn Camera pilot to develop guidance and policies for full implementation across the agency. Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on the draft guidance and policies for the pilot.

Fleet.—The agreement provides the requested amount for vehicles, of which \$1,000,000 is for the replacement and maintenance of vehicles deployed overseas.

Improved Legal Resources.—The agreement provides \$10,000,000 above the request to the Civil Liberties Division of the Office of Diversity and Civil Rights to improve law libraries, update legal materials, provide online legal access, expand video attorney visitation, and facilitate the secure exchange of legal documents between noncitizens and their counsel. ICE is directed to brief the Committees on an expenditure plan for increased legal access within 60 days of the date of enactment of this Act.

Office of Detention Oversight (ODO).—The agreement provides \$2,500,000 above the request to support additional, unannounced inspections; to review compliance with each detention standard not less than once every three years at each facility; to expand ODO's oversight to facilities that detain individuals

for 72-hours or less; and to conduct reviews and inspections of any special or short-term or emergency facilities and programs.

Workload Staffing Model (WSM).—The agreement includes \$4,000,000 above the request to conduct an IV&V of the WSM, which shall be performed by an organization that is technically, managerially, and financially independent from ICE and DHS. Not later than 90 days after the date of enactment of this Act, ICE shall brief the Committees on the status of the IV&V and the WSM, including how the WSM supports the formulation of budget requests and is used in the development and implementation of ICE's operational plan.

Office of the Principal Legal Advisor

The agreement provides the requested level of \$402,314,000 for OPLA.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$22,997,000, \$74,765,000 below the request. ICE shall provide a detailed expenditure plan to the Committees for each project, including the planned use of any carryover balances of prior-year funding, within 30 days of the date of enactment of this Act and provide plan updates as part of its monthly operational and expenditure briefings. These plans shall also include information on the operational efficiencies and expanded capabilities that will result from these investments.

TRANSPORTATION SECURITY ADMINISTRATION OPERATIONS AND SUPPORT

The agreement reduces the request by a total of \$744,362,000. Increases above the request include \$94,147,000 for exit lane staffing; \$13,382,000 for the Personnel Futures Program; \$5,000,000 for acquisition support staffing; and \$4,000,000 for pipeline cybersecurity. Decreases below the request are attributed to the implementation of personnel system changes later in the fiscal year than proposed and staffing increases that better reflect fiscal year 2023 requirements, as described below. The agreement includes \$22,300,000 for Credential Authentication Technology in the PC&I account instead of in the O&S account, where the funding had been proposed. The agreement also provides net zero budgetary adjustments requested by TSA in technical assistance.

Exit Lane Staffing.—The agreement rejects the \$94,147,000 decrease proposed in the President's fiscal year 2023 budget to eliminate statutorily-required exit lane staffing. Within 120 days of the date of enactment of this Act, TSA shall provide a report to the Committees on technological solutions to secure exit lanes and the feasibility of implementing such solutions.

Federal Air Marshal Service (FAMS).—TSA shall continue to submit semiannual reports at the appropriate level of classification on FAMS mission coverage, staffing levels, and hiring rates.

Hiring in Rural Communities.—Not later than 90 days after the date of enactment of this Act, TSA shall provide a briefing to the Committees on the challenges of recruiting and retaining federal employees in non-contiguous and rural states, including how TSA is addressing these challenges and the resources identified for this purpose.

International Parental Child Abduction.—Within 120 days of the date of enactment of this Act, TSA shall provide a report to the Committees summarizing current frontline workforce training requirements on recognizing and preventing international parental child abduction.

On-Person Screening Algorithm Development.—The agreement provides \$18,700,000, as requested in the President's fiscal year 2023 budget, to continue the development of an

upgraded algorithm to achieve lower alarm rates for the current Advanced Imaging Technology fleet.

Passenger Screening Canine Teams.—Within 120 days of the date of enactment of this Act, TSA shall brief the Committees on its ongoing efforts to improve the effectiveness of passenger screening canine teams.

Personnel System Changes.—The agreement provides \$397,619,000 to implement TSA personnel system initiatives in fiscal year 2023, compared to \$992,020,000 in the President's budget request. Not later than 180 days after the date of enactment of this Act, TSA shall provide a briefing to the Committees on a detailed plan to effectively measure the impact of these personnel system changes on TSO recruitment, hiring, and retention.

Pipeline Cybersecurity.—The agreement provides \$4,000,000 above the President's budget request for pipeline cybersecurity, sufficient to meet the estimated fiscal year 2023 requirements for this activity when combined with carryover funding from prior years. Not later than 90 days after the date of enactment of this Act, TSA shall provide a briefing to the Committees on an obligation plan for fiscal year 2023 and actions taken to better plan for required funding in future years.

Remote Screening Infrastructure (RSI).—Within 90 days of the date of enactment of this Act, TSA shall provide a briefing to the Committees detailing its partnership with the Science and Technology Directorate on the RSI initiative. The briefing shall include information on all remote screening evaluation efforts, the feasibility of incorporating remote screening infrastructure into screening environments, and an analysis of any potential impacts on TSA staffing, security operations, and the passenger experience.

Transportation Security Officer (TSO) Staffing.—The agreement provides \$60,638,000 for new TSO hiring. Within 90 days of the date of enactment of this Act, and monthly thereafter, TSA shall provide a briefing on TSO staffing levels using the most current payroll data available, combined with commensurate passenger volume and wait-time data. TSA shall ensure that future budget requests and briefings include a detailed forecast of passenger volume in relation to requested TSO staffing levels and specify projected operational efficiencies and passenger experience improvements resulting from the continued investment and deployment of new screening technologies.

Visible Intermodal Prevention and Response (VIPR) Teams.—The agreement partially rejects the \$6,854,000 decrease for VIPR as proposed in the President's fiscal year 2023 budget. Within the funds provided for Surface Programs, the agreement includes \$800,000 for body worn cameras to ensure compliance with Executive Order 14074, and \$151,000 for increased VIPR law enforcement training.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$22,300,000 above the request, which reflects the realignment of Credential Authentication Technology funding from the O&S account.

Computed Tomography (CT).—The agreement includes \$105,405,000, as proposed in the President's fiscal year 2023 budget, for the purchase and installation of approximately 108 CT machines for passenger checkpoints at the highest-risk airports in the United States. TSA is directed to continue to leverage innovative capabilities to improve threat detection.

Credential Authentication Technology (CAT).—Within 90 days of the date of enactment of this Act, TSA shall provide a report to the Committees detailing airports at which CAT is currently deployed, airports at

which CAT is not currently deployed, and a plan for the full procurement and deployment of CAT systems at all domestic airports.

Explosive Detection Systems (EDS).—TSA is directed to provide quarterly briefings on its investment plans for checkpoint security and EDS refurbishment, procurement, and installation by airport location. These briefings shall include information on specific technologies for purchase; program schedules; major milestones; obligation schedules; recapitalization priorities; status of operational testing for each passenger screening technology under development; and a table detailing actual unobligated balances versus those anticipated at the close of the fiscal year.

These briefings shall also include details on checkpoint screening pilot programs and public-private partnerships that are in progress or being considered for implementation. For each pilot program or public-private partnership, these briefings shall also include a summary; a description of its goals; potential capabilities and benefits of the program; the airports where the pilots or partnerships will take place; funding commitments; and plans for future expansion.

In addition, the briefing shall include detailed program schedules for passenger screening technologies, including all milestones from the issuance of a request for proposal to deployment.

RESEARCH AND DEVELOPMENT

The agreement provides \$33,532,000 as requested.

Innovation Task Force (ITF).—Within 120 days of the date of enactment of this Act, TSA shall provide a briefing to the Committees on how the funds provided for ITF will inform future TSA budget requests.

Open Architecture.—Within 120 days of the date of enactment of this Act, TSA shall provide a briefing to the Committees on current developments of an established open architecture framework for transportation security equipment. The briefing shall include well-defined requirements and standards, and detail existing workflows and interfaces across the aviation security domain.

COAST GUARD

OPERATIONS AND SUPPORT

The agreement provides an increase of \$80,449,000 above the request, including increases of \$110,939,000 to maintain 2022 enhancements; \$82,598,000 for increased fuel and energy costs; \$20,000,000 for the National Coast Guard Museum exhibits; \$5,000,000 to meet increased demand for the child care subsidy; \$5,000,000 for housing program investments; \$2,500,000 for military recruiting; \$4,004,000 for other recruiting and retention efforts; \$3,600,000 to accelerate efforts to modify the nine 140-foot Bay Class Icebreaking Tug berthings to accommodate mixed gender crews; \$1,900,000 for the operation, maintenance, and transport of new hyperbaric chambers funded in PC&I; and \$275,000 for station redundancy adjustments.

The agreement includes reductions from the request, including: \$39,509,000 for the Atlantic Partnership; \$25,000,000 for the crewing of a commercially available icebreaker; \$21,611,000 to reflect updated pay assumptions; \$20,429,000 in NSC follow-on costs to reflect changes in the NSC schedule; \$6,756,000 for software follow-on costs; \$5,781,000 in Offshore Patrol Cutter (OPC) follow-on costs to reflect changes in the OPC schedule; \$3,807,000 for the Operations and Strategy Development—Oceania program; and \$2,474,000 for innovation and commercial technology initiatives.

In lieu of the requested contingency funding, the agreement provides increased fund-

ing in the two Field Operations PPAs. For the fiscal year 2024 budget justification, the Department is expected to propose funding in the same sub-PPA structure.

Department of Defense (DOD) Cybersecurity Requirements.—The Coast Guard shall brief the Committees within 120 days of the date of enactment of this Act, on its compliance with DOD information network requirements.

Interoperable Gateway System (IGS) Modernization.—The Coast Guard is directed to explore the feasibility and value of incorporating IGS technology into its operations and to brief the Committees on the results of its assessment within 120 days of the date of enactment of this Act.

Migrant Interdiction Effectiveness.—Within 90 days of the date of enactment of this Act, the Coast Guard is directed to brief the Committees on the key drivers of the drop in the migrant interdiction effectiveness rate in the maritime environment and any actions the Coast Guard is taking to improve its effectiveness rate.

NSC Follow-On.—The agreement reduces the budget request for NSC follow-on costs by \$20,429,000 but fully funds the requested military personnel follow-on costs.

OPC Follow-On.—The agreement reduces the budget request for operations and maintenance costs of the second OPC by \$5,781,000 but fully funds the requested military personnel follow-on costs.

Offshore Wind.—The Coast Guard and Department are encouraged to collaborate with other public and private stakeholders, including industry and labor groups, to support offshore wind and supporting maritime infrastructure and to work together to support the domestic workforce and vessel inventory required to advance offshore wind technology.

Regional Programs.—The Coast Guard shall provide quarterly briefings on the execution of funding provided for its operations in various regions (including the Arctic Strategy and Operations and the Oceania Operations and Strategy Development initiatives funded in the agreement) beginning within 180 days of the date of enactment of this Act.

Towing Vessel Inspection Fee.—The Coast Guard is directed to brief the Committees on the status of the rulemaking and implementation of new user fees within 60 days of the date of enactment of this Act.

Unfunded Priorities List (UPL).—The Coast Guard is directed to provide a list of approved but unfunded Coast Guard priorities and the associated funding needs for each priority to the Committees at the time of the fiscal year 2024 budget request submission.

Unmanned Surface Vehicles (USV).—The agreement directs the Coast Guard to provide a report on its research and development activities related to USVs, including an evaluation of wind and solar powered vessels with surface and subsurface capabilities, within 90 days of the date of enactment of this Act. The Coast Guard shall update the Committees on the findings of its research as they become available.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides an increase of \$14,800,000 above the request, including \$46,000,000 for the economic price adjustment costs of Fast Response Cutters (FRCs) funded in prior years; \$56,000,000 for eight new MH-60T helicopter hulls; \$12,000,000 for heavy weather boats; \$10,000,000 for the Vessel Traffic System modernization and Command and Control Modernization efforts; \$7,800,000 for hyperbaric recompression chambers; \$75,000,000 for the Polar Security Cutter

(PSC) homeport in Seattle; \$10,000,000 for phase 3 of the family housing project at Fort

Wadsworth-Sector New York; \$10,000,000 for Air Station Barbers Point hangar project; \$105,000,000 for the Kodiak pier project for OPCs and FRCs; and \$35,000,000 for construction and expansion of Coast Guard child development centers. Reductions from the request include: \$125,000,000 for a commercially available ice breaker; \$120,000,000 from the PSC program and \$107,000,000 from the OPC program.

Coast Guard Yard Resilient Infrastructure and Construction Improvement.—The Coast Guard should dedicate funding to facility upgrades needed to improve the resilience of the Coast Guard Yard and associated infrastructure, as well as any other shore infrastructure maintenance and capital improvement projects.

Commercially Available Icebreaker.—The agreement does not include the requested funding for the acquisition of a commercially available polar icebreaker.

Domestic Content.—To the maximum extent practicable, the Coast Guard is directed to utilize components that are manufactured in the United States when contracting for new vessels, including auxiliary equipment, such as pumps for shipboard services; propulsion equipment, including engines, reduction gears, and propellers; shipboard cranes; and spreaders for shipboard cranes.

Fleet Mix Analysis.—The Coast Guard is directed to provide an update to the Committees on the analysis required in division F of the Joint Explanatory Statement accompanying Public Law 117–103 within 60 days of the date of enactment of this Act. The analysis should include all classes of vessels, including those with missions that might not have a direct bearing on the workload of other vessel classes.

Full-Funding Policy.—Consistent with congressional direction in prior years, the Coast Guard shall be exempt from any acquisition policy that requires an appropriation for the total acquisition cost for a vessel, including long lead time materials (LLTM), production costs, and postproduction costs, before a production contract can be awarded.

Funded Projects.—The Coast Guard is directed to expeditiously notify the Committees regarding cost increases, executability concerns, and any other issues that may increase the risk profile of planned and funded acquisitions.

Heavy Weather Boats.—The agreement includes \$12,000,000 above the request to replace heavy weather boats that have been taken out of service.

NSC Program.—The agreement provides the requested \$60,000,000 for the NSC program to support post-delivery activities to missionize and operationalize NSCs 10 and 11.

OPC.—The agreement includes \$543,000,000, which is \$107,000,000 below the request, for the construction of the fifth OPC and LLTM for the sixth OPC. No funding is provided for hull form licenses or training aids.

PSC.—The agreement includes \$42,000,000 for the program management costs of a third PSC.

Quarterly Acquisition Briefing.—The Coast Guard shall continue to brief the Committees quarterly on all major acquisitions, with a particular focus on the costs and schedules of the NSC, OPC, and PSC programs. In addition, the Coast Guard shall brief the Committees at least one week prior to taking procurement actions that will significantly impact the costs of these acquisition programs.

Waterways Commerce Cutter (WCC).—The agreement includes \$77,000,000, as requested, for the recapitalization of the nation's inland tenders and barges. The Coast Guard shall maintain consistent oversight of the procurement process including adherence to the small business set aside arrangement throughout the duration of the program.

Aircraft

MH–60T Fleet.—The agreement includes \$56,000,000 above the request for eight new MH–60T helicopter hulls to accelerate the rotary wing fleet transition.

Other Acquisition Programs

The agreement includes \$17,800,000 above the request, including \$7,800,000 for hyperbaric recompression chambers and \$10,000,000 for the Vessel Traffic System modernization and Command and Control Modernization efforts.

Shore Facilities and Aids to Navigation

The agreement includes \$235,000,000 above the request for several projects from the Coast Guard's UPL including \$75,000,000 for the PSC homeport in Seattle; \$10,000,000 for phase 3 of the family housing project at Fort Wadsworth-Sector New York; \$10,000,000 for Air Station Barbers Point hangar project; \$105,000,000 for the Kodiak pier project for OPCs and FRCs; and \$35,000,000 for construction and expansion of Coast Guard Child Development Centers.

UNITED STATES SECRET SERVICE OPERATIONS AND SUPPORT

The agreement provides \$100,671,000 above the request, including \$11,000,000 for increased travel expenses; \$32,800,000 for protection of protectees; \$11,700,000 for increased National Special Security Event (NSSE) support; \$2,500,000 for the National Threat Assessment Center (NTAC); \$2,600,000 for increased campaign support; \$38,270,000 to continue and expand training in computer forensics by the National Computer Forensics Institute (NCFI); \$5,000,000 for Cyber Fraud Task Force (CFTF); and \$8,801,000 for permanent change of station requirements. Additionally, the agreement includes a net realignment of \$18,000,000 from O&S to PC&I compared to the request, based on technical assistance from the Secret Service.

Within the total amount provided, the bill makes \$52,296,000 available until September 30, 2024, including \$1,675,000 for international operations; \$12,880,000 for the James J. Rowley Training Center; \$15,241,000 for Operational Mission Support; \$18,000,000 for protective travel; and \$4,500,000 for NSSEs.

CFTF.—The agreement includes \$5,000,000 above the request to help provide the modern investigative capabilities necessary for combating the rise in transnational crimes under the jurisdiction of USSS. The USSS shall ensure funds are evenly distributed among the Secret Service's Field Divisions for necessary mobile forensic technology upgrades. Not later than 120 days after the date of enactment of this Act, USSS is directed to provide a briefing on the efforts of the CFTF, including the current state of the program and any future needs to ensure the task forces remain prepared for evolving cyber threats.

Presidential Limousine.—USSS is directed to provide annual updates on acquisition contract progress, including contract performance in meeting delivery deadlines.

Secret Service Overtime.—Not later than 30 days after the date of enactment of this Act, USSS is directed to provide data to the Committees for the previous calendar year on personnel who received supermax pay, disaggregated by position, title and pay grade, years of federal service at USSS, total years of service with the Federal Government, and total salary, delineated by base, overtime, and supermax pay. USSS shall ensure that all privacy-related laws are followed as a part of this data reporting requirement. Beginning with the fiscal year 2025 budget request, this information should be included in the justification materials that accompany budget submissions.

Support for NCFI.—The agreement includes \$45,526,000 to continue training in computer

forensics and academic certification at NCFI and \$23,000,000 to repurpose and renovate existing NCFI facilities to accommodate the ongoing growth of the program. These resources are critical to bolstering state and local cyber capabilities and supporting USSS CFTF. NCFI shall continue to prioritize the training needs of SLTT law enforcement personnel and legal and judicial professionals in computer forensics and cyber investigations.

Strategic Human Capital Plan.—The agreement directs the USSS, in coordination with the Department's Chief Human Capital Officer (CHCO), to annually evaluate the 5-year strategic human capital plan to assess progress in meeting identified benchmarks and goals. The USSS and the CHCO shall also brief the Committees not less than biannually on progress in achieving plan benchmarks and goals.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$18,000,000 above the request for a net realignment from O&S based on technical assistance provided by the Secret Service.

TITLE II—ADMINISTRATIVE PROVISIONS

Section 201. The agreement continues a provision regarding overtime compensation.

Section 202. The agreement continues a provision allowing CBP to sustain or increase operations in Puerto Rico and the U.S. Virgin Islands with appropriated funds.

Section 203. The agreement continues a provision regarding the availability of passenger fees collected from certain countries.

Section 204. The agreement continues a provision allowing CBP access to certain reimbursements for preclearance activities.

Section 205. The agreement continues a provision regarding the importation of prescription drugs from Canada.

Section 206. The agreement continues a provision regarding the waiver of certain navigation and vessel-inspection laws.

Section 207. The agreement continues a provision preventing the establishment of new border crossing fees at LPOEs.

Section 208. The agreement continues and modifies a provision requiring the Commissioner of CBP to submit an expenditure plan for funds made available under the heading, "U.S. Customs and Border Protection—Procurement, Construction, and Improvements".

Section 209. The agreement continues a provision prohibiting the construction of border security barriers in specified areas.

Section 210. The agreement continues a provision on vetting operations at existing locations.

Section 211. The agreement includes a new provision that provides for a grant for the purposes of providing shelter and other services.

Section 212. The agreement continues a provision that describes the use of funds provided under the heading, "U.S. Customs and Border Protection—Procurement, Construction, and Improvements".

Section 213. The agreement continues a provision prohibiting the use of funds provided under the heading, "U.S. Immigration and Customs Enforcement—Operations and Support" to continue a delegation of authority under the 287(g) program if the terms of an agreement governing such delegation have been materially violated.

Section 214. The agreement continues a provision prohibiting the use of funds provided under the heading "U.S. Immigration and Customs Enforcement—Operations and Support" to contract with a facility for detention services if the facility receives less than "adequate" ratings in two consecutive performance evaluations and requires that such evaluations be conducted by the ICE OPR.

Section 215. The agreement continues a provision allowing the Secretary to reprogram funds within and transfer funds to “U.S. Immigration and Customs Enforcement—Operations and Support” to ensure the detention of noncitizens prioritized for removal.

Section 216. The agreement continues a provision that requires ICE to provide statistics about its detention population.

Section 217. By reference, the agreement continues provisions related to information sharing and on reporting under the 287(g) program.

Section 218. The agreement continues a provision clarifying that certain elected and appointed officials are not exempt from federal passenger and baggage screening.

Section 219. The agreement continues a provision directing TSA to deploy explosives detection systems based on risk and other factors.

Section 220. The agreement continues a provision authorizing TSA to use funds from the Aviation Security Capital Fund for the procurement and installation of explosives detection systems or for other purposes authorized by law.

Section 221. The agreement continues and modifies a provision requiring TSA to provide a report that includes the Capital Investment Plan, the five-year technology investment plan, and information on Advanced Integrated Passenger Screening Technologies.

Section 222. The agreement continues and modifies a provision relating to a pilot program for screening outside an existing primary passenger terminal screening area.

Section 223. The agreement continues a provision prohibiting funds made available by this Act under the heading, “Coast Guard—Operations and Support” for recreational vessel expenses, except to the extent fees are collected from owners of yachts and credited to this appropriation.

Section 224. The agreement continues a provision under the heading, “Coast Guard—Operations and Support” allowing up to \$10,000,000 to be reprogrammed to or from Military Personnel and between the Field Operations funding subcategories.

Section 225. The agreement continues a provision requiring the Commandant of the Coast Guard to submit a future-years capital investment plan.

Section 226. The agreement continues a provision related to the reallocation of funds for certain overseas activities.

Section 227. The agreement continues a provision prohibiting funds to reduce the staff or mission at the Coast Guard’s legacy Operations Systems Center.

Section 228. The agreement continues a provision prohibiting the use of funds to conduct a competition for activities related to the Coast Guard National Vessel Documentation Center.

Section 229. The agreement continues a provision allowing the use of funds to alter, but not reduce, operations within the Civil Engineering program of the Coast Guard.

Section 230. The agreement continues a provision allowing for use of the Coast Guard Housing Fund.

Section 231. The agreement continues a provision related to towing vessel fees.

Section 232. The agreement continues a provision allowing the Secret Service to obligate funds in anticipation of reimbursement for personnel receiving training.

Section 233. The agreement continues a provision prohibiting the use of funds by the Secret Service to protect the head of a federal agency other than the Secretary of Homeland Security, except when the Director has entered into a reimbursable agreement for such protection services.

Section 234. The agreement continues a provision allowing the reprogramming of funds provided under the heading, “United States Secret Service—Operations and Support”.

Section 235. The agreement continues a provision allowing funds provided under the heading, “United States Secret Service—Operations and Support” to be available for travel of employees on protective missions without regard to the limitations on such expenditures.

Section 236. The agreement includes a new provision providing for a grant or cooperative agreement for certain existing facilities used by the USSS.

TITLE III—PROTECTION, PREPAREDNESS, RESPONSE, AND RECOVERY CYBERSECURITY AND INFRASTRUCTURE SECURITY AGENCY OPERATIONS AND SUPPORT

The agreement includes a net increase of \$388,946,000 above the budget request, as described in further detail below. The agreement also includes one-time reductions to account for projected under-execution of payroll-related funding; such reductions are not intended to impact CISA’s table of organization but rather, to reflect that hiring all congressionally funded positions will require additional time.

Of the total amount provided for this account, \$36,293,000 is available until September 30, 2024, for the National Infrastructure Simulation Analysis Center (NISAC).

Industry Outreach.—To allow CISA and industry to have meaningful discussions about cybersecurity capabilities, challenges, and technologies, as well as future business opportunities, CISA is directed to hold quarterly outreach sessions with a broad array of small, mid-size, and large cyber security businesses. In addition, CISA shall regularly provide additional engagement opportunities for both small group and one-on-one industry sessions. CISA shall provide a briefing to the Committees within 90 days of the date of enactment of this Act that details the level of participation, materials shared with industry, and a timeline for future engagements.

Quarterly Budget and Staffing Briefings.—The agreement includes a provision to require that the Director of CISA (or the Director’s designee) provide the Committees quarterly expenditure plan, budget execution, and staffing briefings, consistent with the requirement in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117–103). The provision reduces the amounts for CISA Operations and Support by \$50,000 for each day after the respective due dates that the briefings for the first three quarters have not been provided to the Committees; and directs that any such reductions come from the Management and Business Activities PPA.

Cybersecurity

The agreement includes a net increase of \$210,241,000 above the budget request, including \$164,819,000 to sustain fiscal year 2022 enhancements; \$23,476,000 to implement requirements of the Cyber Incident Reporting for Critical Infrastructure Act of 2022 (CIRCIA) (Public Law 117–103); and \$51,400,000 in enhancements that are described in more detail below. The agreement realigns \$650,000 and 3 FTE from CISA’s Joint Cyber Defense Collaborative (JCDC) to CISA’s Office of Strategy, Policy, and Plans (SPP) to host the Program Management Office (PMO) for Sensitive Source Reporting Programs. The agreement includes a one-time reduction of \$21,877,000 below the request for projected under-execution of funding for staffing and \$6,927,000 below the request for requested enhancements already funded in the

sustainment of fiscal year 2022 enhancements.

Accreditation of Third-Party Cybersecurity Service Providers.—CISA shall examine the feasibility of developing standardized requirements for and accreditation of third-party cybersecurity service providers for federal agencies, SLTT governments, and critical infrastructure organizations, including vulnerability assessment and incident response providers. Not later than 120 days after the date of enactment of this Act, CISA shall brief the Committees on the results of this analysis, which shall include any necessary additional legal authorities required to execute such functions.

Critical Infrastructure Cybersecurity Shared Services Pilot Program.—The agreement provides \$15,000,000 above the request for the development of a pilot program to make available scalable, commercial cybersecurity shared services that critical infrastructure entities can utilize to detect and prevent cybersecurity threats and more effectively mitigate vulnerabilities, as described in House Report 117–396.

Cyber Defense Education and Training (CDET).—The agreement provides \$17,300,000 above the request to support CDET, including \$5,000,000 for continuing the Federal Cyber Reskilling Academy; \$2,500,000 for continuing the National Initiative for Cybersecurity Education (NICE); \$3,000,000 for the development of non-traditional training providers (NTTP) in cyber workforce development; and \$6,800,000 for continuing investments in cybersecurity education programs targeting kindergarten through the 12th grade (K–12), including the Cybersecurity Education and Training Assistance Program (CETAP). CETAP and NTTP funding may be executed as grants or cooperative agreements, as needed.

CISA shall provide a briefing to the Committees not later than 90 days after the date of enactment of this Act regarding efforts to implement the interagency cybersecurity training and education strategy developed in fiscal year 2022, to include an update on CISA’s cybersecurity education and training programs. CISA is also directed to continue its commitment to the NICE Challenge Project and shall brief the Committees not later than 90 days after the date of enactment of this Act on its planned activities regarding this project.

Cyber Threat Indicators.—The agreement provides \$7,100,000 above the budget request level for a collaborative analysis of cyber threat indicators, including \$6,740,000 within the Threat Hunting PPA and \$360,000 within the Operations, Planning, and Coordination PPA, to expand CISA’s capacity and capabilities related to data collection and statistical analyses.

Cyber Threat Intelligence Shared Service Offering.—The agreement provides \$2,500,000 above the request to enable CISA to continue efforts funded in fiscal year 2022 to enhance its cyber threat intelligence “as-a service” capabilities through CISA’s Cybersecurity Shared Services Office (CSSO).

Data Security Vulnerability Improvements.—Not later than 180 days after the date of enactment of this Act, the Secretary shall submit a report that examines existing security vulnerabilities of Federal Civilian Executive Branch (FCEB) government IT systems. The report shall include an examination of emerging technologies that could improve the government’s data security and protection, such as data shielding and immutable logging of suspect activity; instant threat and anomaly detection mechanisms; and user behavior analytics. This report may be submitted in a classified format, if necessary, along with an unclassified summary of findings.

Evaluating Expansion of CSSO Support.—The recommendation required under this heading in House Report 117–396 shall be due to the Committees not later than 240 days after the date of enactment of this Act.

Evaluating Federal Cybersecurity Planning and Strategy.—CISA is reminded of the requirement under this heading in the explanatory statement accompanying the fiscal year 2022 funding Act that is due annually within 60 days of the submission of the President's annual budget request.

Federal Network Resilience, Hardening Critical Infrastructure and SLTT Attack Surfaces.—CISA is directed to expand its attack surface visibility and national vulnerability incident response to improve situational awareness of internet-accessible attack surfaces related to non-federal, critical infrastructure, and SLTT networks. Accordingly, the agreement provides \$67,714,000 above the request to restore proposed cuts to and sustain efforts funded in fiscal year 2022 for attack surface management and federal vulnerability response, and provides an additional \$6,000,000 to add non-federal, critical infrastructure, and SLTT networks to the portfolio.

Joint Cyber Defense Collaborative (JCDC).—In addition to providing \$16,995,000 above the request in the Operational Planning and Coordination PPA to sustain fiscal year 2022 enhancements for the JCDC, the agreement provides \$14,728,000, as requested, to further expand the JCDC's capabilities, of which \$2,604,000 is to support the Joint Cyber Coordination Group.

Further, the agreement provides \$300,000 above the budget request to mature and expand CISA's existing relationship with the Health Information Sharing and Analysis Center and related entities that help mitigate risk to our healthcare infrastructure, along with all other sectors and ISACs.

Multi-State Information Sharing and Analysis Center (MS-ISAC).—The agreement provides not less than \$43,000,000 to be awarded to the MS-ISAC to sustain and continue to expand and invest in the program's capabilities and expertise, to include:

- (1) SLTT election security support via the Election Infrastructure Information Sharing and Analysis Center;
- (2) mis- and disinformation mitigation capabilities;
- (3) enhanced support and additional licenses for Endpoint Detection and Response;
- (4) expanded malicious domain activity blocking and reporting services;
- (5) expansion of the MS-ISAC cyber incident response team and its capabilities;
- (6) additional Albert sensors;
- (7) additional services, including Managed Email Security, Security Orchestration Automation and Response, Web Application Firewall, and the SLTT Critical Infrastructure Baseline Security program;
- (8) continuing a National Prevention Pilot to provide an unclassified Unified Threat Management service for election and SLTT partners;
- (9) improving threat intelligence and data retention and storage capabilities; and
- (10) allowing additional SLTT members to receive MS-ISAC services.

Private Sector Engagement on Cyber Training.—The briefing required under this heading in House Report 117–396 shall be due to the Committees not later than 60 days after the completion of the National Cyber Workforce Strategy report.

Protective Domain Name Service (DNS).—The agreement provides \$15,000,000 above the request to continue support for the operation of a centralized federal DNS egress service.

Ransomware.—Within 180 days of the date of enactment of this Act, CISA shall provide a briefing to the Committees on the factors that left the United States vulnerable to any

ransomware attack on critical infrastructure over the last year and CISA's efforts to raise awareness of the threat of ransomware and activities to reduce the impact of ransomware attacks.

State Courts Electronic Data.—CISA is directed to continue its ongoing partnership with MS-ISAC to expand outreach to the state courts through national level associations to drive participation and understanding of services available to prevent, protect against, and respond to cyber-attacks on state court electronic data systems.

Threat Hunting.—Not later than 60 days after the date of enactment of this Act, CISA shall provide a report to the Committees on the total capacity of threat hunting and incident response capability it has developed, using a metric by which its ability to respond to the severity and quantity of incidents can be measured.

Infrastructure Security

The agreement includes a net increase of \$26,890,000 above the budget request, including \$28,219,000 to sustain fiscal year 2022 enhancements; \$2,520,000 to restore the proposed cut to the Infrastructure Assessments and Analysis Program; and \$12,064,000 in enhancements that are described in more detail below. The agreement includes a one-time reduction of \$12,000,000 below the request for projected under-execution of funding for staffing and \$3,913,000 below the request for a requested increase to implement exercise-related provisions of the Fiscal Year 2021 National Defense Authorization Act that are already funded in the sustainment of fiscal year 2022 enhancements.

Bomb Disposal Technician Training and Technology Training Events (TTEs).—The agreement provides \$2,000,000 above the request for the Office for Bombing Prevention, as described in House Report 117–396. Not later than 120 days after the date of enactment of this Act, CISA and the Federal Bureau of Investigation (FBI) Hazardous Devices School (HDS) shall provide a briefing to the Committees that outlines a strategy for ensuring that guidance, intelligence products, training curricula, and capability assessments provided to the Public Safety Bomb Technician community follow standardized terminology, as well as tactics, techniques, and procedures. The briefing shall include a description of authorities, roles, and responsibilities of all relevant federal government stakeholders, including any impacts of resources at CISA and the FBI.

National Cyber Exercise Program (NCEP).—In furtherance of section 1547 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81), the agreement provides \$6,500,000 above the request for CISA to execute its role as the NCEP administrator.

School Safety.—The agreement provides \$3,564,000 above the request to allow CISA to expand its school safety services and product offerings. Not later than 180 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees on its strategy and plans to address the wide range of complex and evolving threats to the nation's schools, both cyber and physical. The briefing shall reflect the consultation requirements set forth in 2220D of the Homeland Security Act of 2002 (6 U.S.C. 665K), including the Departments of Education, Justice, and Health and Human Services, and education, disability, and civil rights stakeholders. Further, the briefing shall include a breakout of the funding and staffing resources dedicated to these efforts and information on how CISA plans to prioritize evidence-based resources and strategies that help foster safe, inclusive, and positive school climates that support the social, emotional, and mental well-being of students alongside their physical safety.

Emergency Communications

The agreement includes an increase of \$28,336,000 above the budget request, including \$22,482,000 to sustain fiscal year 2022 enhancements; \$3,854,000 to restore the proposed cut to the Interoperable Communications Technical Assistance Program; and \$2,000,000 in enhancements that are described in more detail below.

Cyber Resilient 911 (CR911) Ecosystem.—In lieu of the requirement under the heading, “Resilient Next Generation 911 (NG911) Ecosystem” in House Report 117–396, CISA shall include the CR911 program in its quarterly expenditure plan and budget briefings described above.

First Responder Emergency Medical Communications.—The agreement provides \$6,000,000 above the request—\$2,000,000 above the fiscal year 2022 level—for CISA to administer and expand competitive grants for SLTT merit-based demonstration projects and technical assistance offerings that aid in the implementation of the National Emergency Communications Plan through innovative approaches to interoperable emergency medical communications in rural areas to enhance public safety communications.

Integrated Operations

The agreement includes a net increase of \$38,517,000 above the budget request, including \$34,032,000 to sustain fiscal year 2022 enhancements; \$5,869,000 to implement requirements of CIRCIA; and \$7,216,000 to restore the proposed cut to chemical security inspections based on unexplained efficiencies that would result in fewer inspections of regulated chemical facilities throughout the fiscal year. The agreement includes a one-time reduction of \$8,600,000 below the request for projected under-execution of funding for staffing.

State Cybersecurity Coordinators.—Not later than 60 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees detailing its plan and schedule to hire all vacant state cybersecurity coordinator positions. CISA shall also include recommendations to the Committees on additional resources state cybersecurity coordinators need to assist state, local, and tribal governments enhance their cyber defenses.

Risk Management Operations

The agreement includes a net increase of \$44,107,000 above the budget request, including \$43,338,000 to sustain fiscal year 2022 enhancements; \$700,000 to implement requirements of CIRCIA; and \$6,869,000 to restore the proposed cut to the NISAC. The agreement includes a one-time reduction of \$6,800,000 below the request for projected under-execution of funding for staffing.

Continuity of the Economy Plan.—The agreement provides \$349,000 above the request for the continued development of a Continuity of the Economy Plan, as required by section 9603 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283).

National Risk Management Center (NRMCC).—Not later than 60 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees on the strategic direction of the NRMCC. The briefing shall also include an update on CISA's national critical functions analytic capabilities, along with any applications of these capabilities in fiscal year 2022 and the status and prioritization of ongoing analyses and modeling.

Stakeholder Engagement and Requirements

The agreement includes a net increase of \$14,388,000 above the budget request, including \$16,198,000 to sustain fiscal year 2022 enhancements; \$700,000 to implement requirements of CIRCIA; and \$1,890,000 in enhancements that are described in more detail

below. The agreement includes a one-time reduction of \$4,400,000 below the request for projected under-execution of funding for staffing.

Systemically Important Entities (SIE) Outreach and Engagement Support.—The agreement provides \$1,890,000 above the request to support agency-wide efforts to engage with and support SIEs, as described in House Report 117-396.

Mission Support

The agreement includes a net increase of \$26,467,000 above the budget request, including \$16,618,000 to sustain fiscal year 2022 enhancements; \$3,755,000 to implement requirements of CIRCIA; and \$11,620,000 in enhancements that are described in more detail below. The agreement realigns \$650,000 and 3 FTE from the JCDC to SPP, as described above. The agreement includes \$6,176,000 below the request for requested enhancements for procurement operations already funded in the sustainment of fiscal year 2022 enhancements.

Cybersecurity Insurance and Data Analysis Working Group.—In lieu of direction provided under these headings in House Report 117-396, CISA shall provide a briefing to the Committees, not later than 90 days after the date of enactment of this Act, on the status of establishing a public-private cybersecurity insurance and data analysis working group, as described in House Report 117-87.

Mission Support Requirements.—The agreement provides \$10,500,000 above the request, of which \$8,000,000 is for Management and Business Activities for resource planning and to improve internal controls, with a focus on hiring and budget planning, execution, and reporting; and of which \$2,500,000 is for Strategy, Policy, and Plans to increase its capacity to address CISA's expanding and evolving mission.

Talent Management Mission Support.—The agreement provides \$1,120,000 above the request for additional personnel to support hiring and talent management programs, including through the accelerated implementation of the Cyber Talent Management System.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS Cybersecurity

Continuous Diagnostics and Mitigation (CDM).—The agreement provides \$331,896,000 for CDM, as requested. CISA is directed to continue evaluating the use of automation to replace manual software patch remediation methods, as described in House Report 117-396. CISA shall provide a briefing to the Committees on the findings of the evaluation within 30 days of the completion of the evaluation.

National Cybersecurity Protection System (NCPS).—The agreement provides \$91,193,000 for NCPS, including \$1,000,000 above the request to enhance the protection of federal networks and expand CISA's ability to coordinate and execute defenses against nation-state threats and mitigate critical vulnerabilities.

Threat Hunting.—The agreement provides \$31,000,000 for threat hunting, of which \$28,000,000 is for CyberSentry, \$3,000,000 above the request. Not later than 30 days after the date of enactment of this Act, CISA shall provide a briefing to the Committees on the additional capacity it will achieve in fiscal year 2023.

RESEARCH AND DEVELOPMENT Risk Management

Technology Development and Deployment Program (TDDP).—The agreement provides \$3,500,000 above the request for the TDDP.

FEDERAL EMERGENCY MANAGEMENT AGENCY OPERATIONS AND SUPPORT

The agreement provides \$1,448,000 above the request, including \$1,000,000 for administration of the Next Generation Warning System; \$9,193,000 for Integrated Public Alert and Warning System; \$2,000,000 for National Continuity Readiness Implementation; \$2,426,000 for the FEMA Strategic Program; \$305,000 for the Emergency Management Accreditation Program; \$370,000 for the Certified Emergency Manager Program; \$3,000,000 for the FEMA Operations Center; \$3,200,000 for the Administration of Community Project Funding/Congressionally Directed Spending grants; \$350,000 to reject the proposed cut to administration of Alternatives to Detention Case Management; \$3,010,000 for the transfer of Volunteer Force into FEMA; \$632,000 to reject the proposed transfer of the Office of Faith and Neighborhood Partnerships; \$6,697,000 to reject the proposed realignment of Defense Production Act activities; \$1,600,000 for Continuity Communications Equipment; \$1,000,000 for the Deployable Cellular Communications System; \$7,500,000 for post disaster technical assistance to insular areas; and \$32,000 above the request to sustain fiscal year 2022 enhancements.

Funding below the request includes reductions of \$400,000 for Human Capital Systems; \$4,500,000 for Regional Response Coordination Center Modernization; \$1,622,000 for Mobile Emergency Office Vehicles (MEOVs); and \$900,000 for the privacy organization program. The agreement also includes a reduction of \$32,464,000 for one-time reductions to account for projected under-execution of payroll-related funding and net zero technical adjustments among PPAs requested by FEMA, including the realignment of the Enterprise Cybersecurity activity and an associated \$982,000 out of O&S to the Disaster Relief Fund base.

Advanced Modeling and 3D Technology.—Within 180 days of the date of enactment of this Act, the Office of Response and Recovery (OR&R) is directed to brief the Committees on the benefits and feasibility of integrating hi-resolution imagery and three-dimensional simulation capabilities into its emergency response tools, the steps OR&R is taking to execute such integration (including partnerships with industry), and how these steps could expedite Federal disaster declarations by the President.

Building Resilient Infrastructure and Communities (BRIC).—Within 60 days of the date of enactment of this Act and quarterly thereafter, FEMA shall brief the Committees on the status of BRIC implementation, including projected funding levels; a description of how stakeholder views, including those of local governments, are incorporated into program operation; and details about how FEMA is addressing stakeholder concerns regarding limited feedback from FEMA to unsuccessful applicants and regarding the geographic distribution of grants.

Within 180 days of the date of enactment of this Act, FEMA is directed to brief the Committees on plans for addressing how the BRIC technical scoring process takes into consideration the unique circumstances of many local municipalities, such as the level of government with responsibility for building code adoption and enforcement.

Dam Removal Coordination.—Within 60 days of the date of enactment of this Act, FEMA, in consultation with the U.S. Fish and Wildlife Service, shall submit a plan to increase inter-agency coordination on dam removal and related flood map updates, including a timeline for plans to update flood maps of states where dam removals have taken place within the past 10 years.

Emergency Management Assistance Compact.—The agreement provides \$2,000,000 in the Response and Recovery PPA for the Emergency Management Assistance Compact.

Interagency Coordination.—Within 90 days of the date of enactment of this Act, FEMA and the U.S. Department of Housing and Urban Development (HUD) are directed to brief the Committees on:

- (1) efforts to improve data sharing and integration;
- (2) how such efforts are staffed, coordinated, and monitored to ensure continual progress;
- (3) how such efforts can reduce redundant and burdensome data collection from survivors;
- (4) known challenges and barriers to advancing FEMA-HUD data sharing;
- (5) safeguards in place to protect survivor privacy; and
- (6) key lessons learned from prior efforts.

National Dam Safety Program.—The agreement provides not less than \$9,657,000 in the Mitigation PPA for the National Dam Safety Program.

National Earthquake Hazards Reduction Program.—The agreement provides not less than \$8,517,000 in the Mitigation PPA for the National Earthquake Hazards Reduction Program.

National Inventory of Dams.—FEMA is directed to ensure the maintenance and reliable operation of national decision support tools that generate flood inundation maps and other products to support the goals of dam safety.

New Programs and Initiatives.—FEMA is directed to brief the Committees prior to implementing significant new programs or initiatives, with sufficient time allowed for appropriate feedback and oversight.

Small and Rural Water and Waste Water Systems.—FEMA is directed to provide a briefing, within 60 days of the date of enactment of this Act, outlining a plan and the resources necessary (by state) to assist water and wastewater utilities that lack financial resources and capacity to address emergency preparedness and response activities in the Gulf of Mexico coastal states.

Technical Assistance for Insular Areas.—The agreement provides \$7,500,000 for post-disaster technical assistance for insular areas, as authorized by 42 U.S.C. 5204b. FEMA is directed to brief the Committees prior to implementing this program.

Technical Hazards Preparedness and Training.—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on a plan to implement technical hazards preparedness and training, to include an estimate of the resources required to offer this nationwide.

Underserved Communities.—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on its efforts to implement the requirements of Executive Order 13985 and the measurable outcomes related to such implementation.

Urban Search and Rescue (US&R).—Within 60 days of the date of enactment of this Act, FEMA shall brief the Committees on the US&R program to understand how previously provided funds have been utilized.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement includes an increase of \$17,411,000 above the request, including \$3,000,000 for the National Warning System; \$8,400,000 for the Integrated Public Alert and Warning System; and \$10,411,000 for construction, facilities, and asset improvement projects at the Mount Weather Emergency Operations Center. No funding is provided for Mobile Emergency Office Vehicles.

FEDERAL ASSISTANCE

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes an increase of \$351,525,000 above the budget request, not in-

cluding funding transferred from the Office of the Secretary and Executive Management for targeted violence and terrorism prevention grants and an Alternatives to Detention case management pilot program, or funds

transferred from U.S. Customs and Border Protection for a Shelter and Services Program. The amount provided for this appropriation by PPA is as follows:

Combating Domestic Violent Extremism.—The agreement directs FEMA to post a public report detailing the use of fiscal year 2021 and 2022 State Homeland Security Grant Program and Urban Area Security Initiative grants related to combating domestic violent extremism within 90 days of the date of enactment of this Act.

Community Project Funding and Congressionally Directed Spending.—The agreement provides \$335,145,000 for Community Project Funding (CPF) and Congressionally Directed Spending (CDS) Grants. Although CPF/CDS project award amounts are not available for the management and administration (M&A) costs of states, the total includes \$15,960,933 for the reimbursement of state M&A costs, which may not exceed an amount equal to 5 percent of the total award amount for each project. However, state recipients may use other eligible funds, including their own funds, in addition to the amount provided in this bill for CPF and CDS M&A. In addition to their own funds, subrecipients may use CPF/CDS project award funds for M&A to the extent it is permitted by the relevant FEMA guidance.

Continuing Training Grants.—The agreement includes \$16,000,000 for Continuing Training Grants, including not less than \$3,000,000 to be competitively awarded for FEMA-certified rural and tribal training; \$2,000,000 for FEMA to partner with the Federal Aviation Administration (FAA) Unmanned Aircraft Center of Excellence to conduct a regional training program for SLTT responders in using UAS for disaster preparedness and response; and \$8,000,000 for activities of the National Cybersecurity Preparedness Consortium (NCPC).

NCPC is directed to provide to the Committees, by not later than the end of fiscal year 2023, a comprehensive report detailing recommendations for establishing multi-year curricula to improve cybersecurity preparedness among SLTT governments that utilize the Consortium's services.

Flood Mapping.—FEMA is directed to brief the Committees within 60 days of the date of enactment of this Act on its flood mapping plan for fiscal year 2023.

Grant Considerations.—When awarding grants, the Administrator shall consider the needs of cybersecurity preparedness and planning, state court cybersecurity, 911 call capability, alert and warning capabilities, implementation of the REAL ID Act (Public Law 109-13), and countering targeted violence and terrorism prevention programs.

Light Detection and Ranging.—FEMA is directed to obligate not less than the fiscal year 2022 funding level for Light Detection and Ranging surveys based on flood risk.

Local Control Pilot Study and Assessment.—Within 180 days of the date of enactment of this Act, FEMA shall brief the Committees on its plan to conduct a pilot study and assessment on a local control option for offsetting the impacts of a physical revision of flood insurance rate maps for eligible communities. Prior to the briefing, FEMA shall confer with the Committees to ensure its technical aspects will align with the Committees' intent.

Regional Catastrophic Preparedness Grant Program.—FEMA is directed to prioritize the use of funding to formalize new or sustain existing working groups for continued effective coordination; ensure synchronization of plans and shared best practices; implement citizen and community preparedness campaigns; and pre-position needed commodities and equipment. FEMA is further directed to consider the needs of both areas at risk of natural and man-made catastrophes, and other directly or indirectly affected communities.

RiskMAP Urban Flood Mapping Program.—FEMA is reminded of the requirement to brief the Committees within 30 days of the completion of Fiscal Year 2020 Urban Area Flooding Pilot activities and to make related recommendations, including whether a permanent program should be established.

Staffing for Adequate Fire and Emergency Response (SAFER).—FEMA is directed to provide a briefing to the Committees, within 90 days of the date of enactment of this Act, detailing SAFER grant awards by state for fiscal years 2019 through 2022, delineated by funding provided to career and volunteer fire departments.

United States Fire Administration (USFA).—FEMA is directed to continue to provide funding for the congressionally-mandated National Fallen Firefighters Memorial. Within 180 days of the date of enactment of this Act, USFA is directed to provide a briefing to the Committees on any plans to revise Emergency Support Function (ESF)-4, Firefighting, to clarify or change USFA's role in responding to structural fires and wildland fires that expand into the Wildland Urban Interface. The briefing shall also address plans for improving data collection efforts, including efforts to upgrade or replace the National Fire Incident Reporting System.

CBP Shelter and Services Program (SSP).—The bill transfers \$800,000,000 for CBP's Shelter and Services Program from CBP's Operations and Support account to FEMA for administration.

FEMA and CBP shall brief the Committees within 180 days of the date of enactment of this Act on the process and timeline for establishing the program, including any potential change—statutory or otherwise—that would help maximize the program's efficiency and effectiveness. In order to avoid any interruption in support for CBP short-term holding facility decompression, up to \$785,000,000 of the amount provided for SSP in fiscal year 2023 is available for allocation through the Emergency Food and Shelter Program-Humanitarian (EFSP-H), including up to \$50,000,000 that may be used for the construction and expansion of shelter facilities (see further description, below). FEMA and CBP should continue to work cooperatively with non-governmental organizations (NGO) and state and local governments to fund eligible costs of providing temporary

shelter and related services to individuals released from DHS custody.

Within 90 days of the date of enactment of this Act and quarterly thereafter, FEMA shall brief the Committees on funding awarded since fiscal year 2019 through EFSP-H, to include details on the amounts awarded to each recipient and the lowest level of data available from recipients (to include invoices, as necessary), along with administrative costs incurred by FEMA or the Emergency Food and Shelter National Board.

In addition, within 180 days of the date of enactment of this Act, CBP and FEMA shall provide a report to the Committees on the planned or actual date(s) of the notice(s) of funding opportunity (NOFO) for the SSP; planned and actual obligations and outlays; funding awarded to each governmental and

non-governmental recipient; reimbursements to-date for fiscal year 2023 for both governmental and non-governmental organizations; a description of SSP program goals, policies, and program structure; an SSP award allocation methodology that depends to the greatest extent possible on available border data; and outcome performance measures and results related to achieving program goals. The initial briefing shall include an analysis of challenges and impediments CBP and FEMA may have in providing data to the Committees related to sheltering requirements and a description of the strategies in place to overcome these issues.

Under the new SSP, the permissible use of funding includes the construction and expansion of shelter facilities to help address shel-

ter capacity constraints, particularly in border areas with consistently high numbers of individuals crossing the border between the ports of entry. During the fiscal year 2023 transition to SSP, a limited amount of EFSP-H funding is made available, at the discretion of the Board and in consultation with CBP and FEMA, for the construction and expansion of state, local, or NGO shelter facilities. This authority provides flexibility in meeting shelter capacity requirements as part of an overall strategy to maximize the use of shelter capacity in support of decompressing CBP short-term holding facilities. FEMA and the Board shall notify the Committees at least 15 days in advance of awarding any EFSP-H funds for shelter construction or expansion.

DISASTER RELIEF FUND

The agreement provides \$19,945,000,000, an increase of \$205,000,000 above the request. The total amount is appropriated under the budget cap adjustment for major disaster response and recovery activities. No funds are provided for base DRF activities due to a significant carryover balance in the base account.

Building Resilient Infrastructure and Communities (BRIC).—The Capability and Capacity Building activity shall be funded at no less than \$1,500,000 per state as defined by section 102(4) of the Stafford Act in fiscal year 2023.

Disaster Declaration Process.—FEMA is directed to consult with states, including those with large populations, on the policy of considering population size when determining the assistance criteria for Public Assistance. Within 270 days of the date of enactment of this Act, FEMA shall provide a briefing to the Committees on the results of the consultation.

GAO Review of FEMA COVID-19 Funding.—GAO is directed to conduct a comprehensive audit and review of FEMA's role in the response to the COVID-19 pandemic, including types of projects submitted, approved, and not approved for award; FEMA use of financial controls to ensure project award eligibility and the prevention of awards that duplicate other federal funding awards; FEMA's forecasting methodologies for future COVID-19-related obligations and FEMA's incorporation of lessons learned into such methodologies; and recipients' processes to ensure FEMA funding is used for only eligible costs.

The Agreement directs the Comptroller General to brief the Committees on its preliminary findings not later than one year after the date of enactment of this Act, and to provide a full report on the findings of the review to the same Committees at a date agreed upon at a preliminary briefing.

Improving access to BRIC.—Within 90 days of the date of enactment of this Act, FEMA shall brief the Committees on challenges states face in accessing BRIC grants.

Natural Infrastructure Activities.—Within 180 days of the date of enactment of this Act, FEMA shall provide the Committees a report on the number, total requested funding, and percentage of fiscal year 2021 BRIC applications for natural infrastructure projects, and a comparison of these numbers to the fiscal year 2020 grant cycle. The report shall be disaggregated by successful and unsuccessful applications and describe the types of natural infrastructure activities funded.

FEMA may utilize public/private partnerships, pursuant to 16 U.S.C. 3701 and 16 U.S.C. 3709, to enhance and leverage nature-based infrastructure within the BRIC and pre-disaster mitigation programs through one or more pilot projects. Such projects should provide additional expedited and streamlined opportunities for communities, including disadvantaged communities, to utilize funding for enhancing nature-based strategies that provide resilience and protection against natural threats, including but not limited to coastal and inland flooding, wildland fires, and drought.

Public Assistance Briefings.—FEMA is reminded of the overdue Public Assistance briefings described in House Report 117-396 and is directed to provide these briefings as soon as possible.

NATIONAL FLOOD INSURANCE FUND

The agreement includes \$225,000,000 for the National Flood Insurance Fund, consistent with the budget request.

TITLE III—ADMINISTRATIVE PROVISIONS

Section 301. The agreement includes a provision making “Cybersecurity and Infra-

structure Security Agency—Operations and Support” funding available for procuring and providing cybersecurity threat feeds to CISA stakeholders and partners.

Section 302. The agreement includes a provision regarding quarterly budget and staffing briefings for CISA.

Section 303. The agreement modifies a provision limiting expenses for administration of grants.

Section 304. The agreement includes a provision clarifying the allocation of funds for the State Homeland Security Grant Program.

Section 305. The agreement continues a provision specifying timeframes for information on certain grant awards.

Section 306. The agreement continues and modifies a provision requiring a five-day advance notification for certain grant awards under “Federal Emergency Management Agency—Federal Assistance.”

Section 307. The agreement continues a provision that addresses the availability of certain grant funds for the installation of communications towers.

Section 308. The agreement continues a provision requiring a report on the expenditures of the DRF.

Section 309. The agreement continues a provision permitting waivers to certain SAFER grant program requirements.

Section 310. The agreement continues a provision providing for the receipt and expenditure of fees collected for the Radiological Emergency Preparedness Program, as authorized by Public Law 105-276.

Section 311. The agreement continues a provision permitting waivers to certain Assistance to Firefighter Grants program requirements.

TITLE IV—RESEARCH, DEVELOPMENT, TRAINING, AND SERVICES
UNITED STATES CITIZENSHIP AND IMMIGRATION SERVICES
OPERATIONS AND SUPPORT

The agreement provides \$242,981,000 for operations and support, of which \$109,611,000 is for the E-Verify program and \$133,370,000 is for refugee processing, as requested. Given projected carryover balances for fiscal year 2024, the agreement does not provide funding for backlog reduction for fiscal year 2023.

Asylum Processing.—Not later than 90 days after the date of enactment of this Act, USCIS shall provide a report to the Committees that details its efforts to reduce the backlog of asylum applications, while ensuring that asylum applicants are properly reviewed for security purposes. USCIS shall coordinate with relevant federal agencies that provide services to individuals who have been granted asylum to ensure that such persons are appropriately referred and informed of available services. Not later than 90 days after the date of enactment of this Act, USCIS shall provide a briefing to the Committees on efforts to refer asylees for services.

Backlog Reporting.—USCIS shall provide the Committees a plan, within 60 days of the date of enactment of this Act, to establish a quarterly, public report on all backlogs, frontlogs, and pending forms for all form types. The report shall include the number of applicants or petitioners in each USCIS backlog, frontlog, or pending status, including beneficiaries where applicable, by form type; and shall include the length of the status associated with the relevant form type. Additionally, within 180 days of the date of enactment of this Act, USCIS shall provide a briefing to the Committees on a plan for addressing ongoing backlogs and frontlogs.

Budget and Productivity Reporting.—USCIS shall provide semi-annual briefings to the Committees on budget operations, including

revenue projections, actual spending, and other financial forecasts. At a minimum, the briefing shall detail spending by directorate and office, with comparisons to initial projections; revenue and expenses delineated by form type; other agency expenses, including payments or transfers to other federal agencies; and carryover or reserve fund projections and spending. USCIS shall ensure the agency maintains a sufficient carryover balance to provide stability amid fluctuating receipts. Additionally, USCIS shall establish a baseline for current application and petition processing capacity, along with metrics for measuring the impact of investments in personnel, technology, and changes to processes and policies on productivity. Updates on USCIS performance against these metrics shall be included with the briefings.

Budget Justification Materials.—USCIS shall provide additional detailed information and accounting level data in its future budget justification materials to ensure transparency and executability. Such details shall include additional information regarding each adjustment to base and program change from the prior year for each PPA, including the PPAs within the Immigration Examinations Fee Account (IEFA) and at the office-level for the Administration PPA. Within 30 days of the date of enactment of this Act, USCIS shall confer with the Committees on the PPA structure to be used for future budget requests.

Data on Asylum Operations.—USCIS is directed to continue to make available, on a publicly accessible website in a downloadable, searchable, and sortable format, a report containing not less than the previous 12 months of semimonthly data on:

- (1) the number of noncitizens determined to have a credible or reasonable fear of—
 - (a) persecution, as defined in section 235(b)(1)(B)(v) of the Immigration and Nationality Act; or
 - (b) torture, as defined in section 208.30 of title 8, Code of Federal Regulations (as in effect on January 1, 2018);
- (2) the total number of cases received by U.S. Citizenship and Immigration Services to adjudicate credible or reasonable fear claims, as described in paragraph (1), and the total number of cases closed; and
- (3) the total pending asylum operations workload.

Such report shall also disaggregate the data described above with respect to the following subsets:

- (1) claims submitted by aliens detained at a U.S. Immigration and Customs Enforcement family residential center or an emergency family shelter;
- (2) claims submitted by aliens, organized by each subdivision of legal or administrative authority under which claims are reviewed; and
- (3) the job series of the personnel reviewing the claims.

Not later than 60 days after the date of enactment of this Act, and quarterly thereafter, USCIS shall provide a briefing to the Committees on the implementation of the Credible Fear and Asylum Processing Interim Final Rule. The briefing shall include data on the number of credible fear interviews and Asylum Merits Interviews conducted; outcomes of such interviews, including, but not limited to, the number approved, denied, administratively closed, and pending cases; the Field Office location of such interviews; and whether the individual was represented. USCIS shall report publicly the number of individuals referred to immigration or criminal proceedings, or otherwise referred for an enforcement action.

Electronic Processing.—USCIS shall provide a semi-annual briefing to the Committees on its electronic processing efforts, as described

in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117-103), including its efforts to establish a centralized mechanism for asylum seekers to apply for employment authorization online. Further, USCIS shall explore options, including through technology, to increase access to interviews and other processes for individuals who may not be geographically located near a USCIS Field Office.

E-Verify.—Within 90 days of the date of enactment of this Act, USCIS shall provide a briefing on the status of its plans to modernize and improve the quality and accuracy of information submitted into the E-Verify system, including the status of its efforts to implement an appeal process for a non-confirmation within the E-Verify system.

Employment Authorizations.—USCIS shall ensure all regulatory, statutory, and court-ordered or stipulated agreement timelines are met for all applications for employment authorization. Not later than 90 days after the date of enactment of this Act, and quarterly thereafter, USCIS is directed to make available on a publicly accessible website:

- (1) the total number of pending employment authorization applications filed; and
- (2) the total number of such applications that have been pending for 60 or fewer days, 61-90 days, 91-120 days, 121-179 days, and 180 or more days.

The website shall also summarize, on an annual basis, all existing processing time goals, the source of the time goal, and whether the agency met the time goal for the prior fiscal year.

Fee Waivers and Exemptions.—Within 60 days of the date of enactment of this Act and quarterly thereafter, the Department shall provide the Committees with updated reports on all applications and petitions for which fees are waived and any budgetary impacts resulting from the issuances of such waivers.

H-2A and H-2B Visas.—USCIS shall, in coordination with the Department of Labor's Office of Foreign Labor Certification, timely post public information provided by employers on Form I-129 and associated filings regarding recruiters, recruiting agents, or agencies they plan to use. USCIS shall also establish a process whereby workers may confirm that they are the beneficiaries of H-2A or H-2B petitions and can receive information about their own immigration status, including their authorized period of stay and the status of any requested visa extensions.

Military Naturalization Applications.—The briefing required under this heading in House Report 117-396 shall be due not later than 90 days after the date of enactment of this Act.

Refugee Admissions.—The agreement provides sufficient resources for USCIS to meet the Presidential Determination on refugee admissions for the fiscal year. Within 90 days of the date of enactment of this Act, USCIS shall provide a briefing to the Committees on its detailed plan to achieve the Presidential Determination on refugee admissions for Fiscal Year 2023. The briefing shall include, for fiscal year 2022, the information identified under this heading in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117-103) related to staffing, interviews, approvals, and denials. USCIS shall examine whether any burdensome administrative or inefficiencies currently exist in the refugee admissions process including whether any duplicative fingerprint requirements exist that slow refugee admissions and shall include such information in the briefing to the Committees.

Special Immigrant Juvenile (SIJ) Applications.—Not later than 90 days after the date of enactment of this Act and quarterly thereafter, USCIS shall make the following information available on a publicly accessible website:

(1) the total number of SIJ petitions pending before USCIS and the length of time each case has been pending;

(2) the total number of SIJ adjudications, broken down by grant or denial and the average length of time SIJ petitions were pending prior to adjudication, decision, or issuance of a Request for Evidence (RFE) or Notice of Intent to Deny (NOID);

(3) the total number of RFEs and NOIDs issued; and

(4) the total numbers of SIJ petitions that have been pending for 60 or fewer days, 61-90 days, 91-120 days, 121-179 days, and 180 or more days.

Voter Registration for New Citizens.—Not later than 120 days after the date of enactment of this Act, USCIS shall provide a briefing to the Committees regarding the status of its efforts in each field office to facilitate the registration of U.S. Citizens upon completion of their oath ceremonies. At a minimum, the briefing shall include details on agreements and partnerships with the appropriate state or local officials or agencies, or non-profits, as appropriate, and how USCIS works with the appropriate entities to electronically transfer voter information, or to pursue other avenues to reduce paperwork and facilitate voter registration for these individuals upon successfully obtaining U.S. Citizenship.

Workload Staffing Modeling.—Not later than 120 days after the date of enactment of this Act, USCIS shall provide a briefing to the Committees that updates the information required under this heading in the explanatory statement accompanying the fiscal year 2022 funding Act (Public Law 117-103). The briefing shall include data outputs from the Staffing Allocation Model and the Model of Operational Planning in order to provide the Committees a better understanding of what the budget request and anticipated fee funded resources will support and the associated projections for improvements in performance.

FEDERAL ASSISTANCE

The agreement provides \$25,000,000 to support the Citizenship and Integration Grant Program. Additionally, USCIS continues to have the authority to accept private donations to support this program.

FEDERAL LAW ENFORCEMENT TRAINING CENTERS

OPERATIONS AND SUPPORT

The agreement provides \$695,000 below the request for a transfer to PC&I for the purchase of Vogel Road.

Interagency Training Centers.—The Department shall continue working with the Department of the Army and with the National Guard, as well as state and local leaders, to identify opportunities to expand domestic training locations on federal or state property, particularly in regions like the Northeast that lack facilities for training related to active shooters, dense urban terrain, and cyber and electromagnetic response.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$10,695,000 above the request, including \$10,000,000 for the Charleston Construction Project and a transfer of \$695,000 from O&S for the purchase of Vogel Road.

SCIENCE AND TECHNOLOGY DIRECTORATE

OPERATIONS AND SUPPORT

The agreement provides \$31,000,000 above the budget request for operations and support, which is described in further detail below. Of the total amount provided for this account, \$219,897,000 is available until September 30, 2024, for Laboratory Facilities and Acquisition and Operations Analysis.

Laboratory Facilities

Work for Others (WFO).—S&T shall provide a briefing to the Committees not later than 120 days after the date of enactment of this Act on the implementation and execution of the WFO program, including actions it is taking to ensure the program is supported, without disruption, into the future. The briefing shall include a review of the current execution of the program and identify whether there is full cost recovery for WFO projects and activities.

Acquisition and Operations Analysis

Border Security Capabilities and Performance Measurement.—S&T shall provide to the Committees, within 90 days of the date of enactment of this Act, an initial report that includes a preliminary assessment of the efficacy and impact of technological solutions acquired and deployed within the past 5 years, personnel levels, and other related investments to address current border security needs. Within one year of enactment of this Act, S&T shall provide a final report to the Committees that includes:

- (1) a final assessment of the efficacy and impact of border investments deployed within the past 5 years to address border protection needs;
- (2) recommendations for a decision support tool architecture that supports deployment of future technology solutions; and
- (3) an action plan based on the analyses and assessments.

Measuring Impact of Efforts to Combat Forced Labor.—To accelerate capabilities to prevent the entry of goods subject to Section 307 of the Tariff Act of 1930 (19 U.S.C. 1307), the agreement provides \$2,500,000 above the request to develop, in partnership with CBP's Office of Trade, analytic capabilities to assess the impact of Department and CBP actions and investments on world-wide forced labor levels and how those investments impact U.S. businesses.

Projecting and Planning for Future Flow to U.S. Southwest Border.—The agreement provides \$8,000,000 above the request to expand and evolve the interagency models used to project impacts to federal agencies from the changing flow of migrants crossing the border, as well as the effect of changes in policies and agency resources. A primary objective is to model the different processing pathways for noncitizens encountered at the border based on their demographics (e.g., single adults, family units, and unaccompanied children) and then apply predictive tools to help establish a shared baseline across all agencies and community partners that play a role in managing that processing.

Working with the Department's Office of the Chief Financial Officer (OCFO), Office of Policy (including the Office of Immigration Statistics (OIS)), and operational components, S&T shall collaborate with the Departments of Justice and Health and Human Services to share model outputs that can inform the development of agency budget requests. Not later than 60 days after the date of enactment of this Act, S&T, the Office of Policy, OCFO, and the relevant DHS operational partners shall provide a briefing to the Committees on the planned execution of these funds and a timeframe for delivery of model outputs to all impacted agencies.

Support Anti-Terrorism by Fostering Effective Technologies (SAFETY) Act.—The agreement provides \$4,000,000 above the request for the Office of SAFETY Act Implementation (OSAI). Not later than nine months after the date of enactment of this Act, OSAI shall deploy a public-facing dashboard to document the progress in achieving the objectives established under the SAFETY Act implementation regulations, including monthly performance metric updates. Such metrics shall include, but not be limited to:

(1) applications submitted for developmental test and evaluation designation, full designation, and certification, including renewals, modifications, transfers, and pre-applications;

(2) the number of applications in evaluation beyond both 120 and 165 days, by application type; and

(3) processing timelines associated with issuing completeness determinations and rendering final decisions, by application type.

System of Systems Operational Analytics (SoSOA).—To expand upon the services the SoSOA team can provide, the agreement provides \$5,500,000 above the request, of which \$4,000,000 is in the Acquisition and Operations Analysis PPA and \$1,500,000 is in the Mission Support PPA for additional staffing. Not later than 90 days after the date of enactment of this Act and quarterly thereafter, S&T shall brief the Committees on the execution of these funds and the projects the SoSOA team is supporting.

Mission Support

The agreement provides \$12,500,000 above the request for the Mission Support PPA, including \$5,500,000 for the Chief Information Office to sustain core operational requirements and for a systems refresh; \$4,500,000 for contract acquisition program support; \$500,000 for counsel detailees supporting OSAI; \$1,500,000 for SoSOA, as described above; and \$500,000 for the Artificial Intelligence (AI) Technology Center, as described in House Report 117—396.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$35,750,000, as requested, for critical improvements to S&T's laboratory facilities; \$13,466,000, as requested, for the Plum Island Closure and Support (PICS) Program; and \$6,000,000 for the design and environmental planning of the Detection Sciences Testing and Applied Research (DSTAR) Center, a reduction of \$34,250,000 below the request.

National Biodefense Analysis and Countermeasures Center (NBACC).—S&T shall ensure that the NBACC facility expansion scoping study described in the request is completed and is directed to provide a briefing to the Committees on the results not later than 150 days after the date of enactment of this Act.

Plum Island Closure and Support (PICS) Program.—The agreement provides \$13,466,000 to continue the transition, closure, and conveyance of all Plum Island real property and all related personal property prior to the transfer of the Plum Island Animal Disease Center's (PIADC) operational and programmatic missions to the National Bio and Agro-Defense Facility (NBAF). S&T is encouraged to establish a cooperative agreement to administer funding for a facilitated process that can enable stakeholders to conduct an ecosystem study of Plum Island's native wildlife and natural habitat in the conservation area.

With the transition of the PIADC science mission activities to the NBAF, currently scheduled for completion in fiscal year 2024, S&T shall continue to provide semi-annual briefings on the progress of these activities, as specified in the explanatory report accompanying Public Law 116-260. S&T shall also notify the Committees in these briefings of any foreseeable issues with the continuation at NBAF of any DHS essential mission activities that were performed by the Department at PIADC, along with steps that the Department is considering to avoid interruption. Further, not later than 120 days after the date of enactment of this Act, S&T, in consultation with the Department of Agriculture, shall provide a briefing to the Committees on the full transition schedule and projected milestones, including any risk fac-

tors that may impact timelines and corresponding budget estimates. The briefing shall also include details regarding:

(1) the activities each department intends to conduct and the anticipated personnel and resources to be assigned to NBAF, particularly those outlined in Section 5(J) of the National Security Memorandum on "Strengthening the Security and Resilience of United States Food and Agriculture" (NSM-16) (November 10, 2022); and

(2) the continuity plans for legacy Agricultural Research Service, Animal and Plant Health Inspection Service, and DHS collaborative efforts that were conducted at PIADC that should be transitioned to NBAF, including but not limited to:

(a) the Targeted Advanced Development (TAD) Group;

(b) PANTHR/TIGER studies for threat and risk assessments;

(c) agent characterization of cross-over threats for the Intelligence Community; and

(d) initiatives that fall under Other Trans-

action Authority (OTA).

Transportation Security Laboratory (TSL) DSTAR Center.—The agreement provides partial funding of \$6,000,000 for planning and design activities for DSTAR, pending receipt of an up-to-date detailed project cost estimate and schedule. Concurrent with the President's fiscal year 2024 budget request, S&T shall provide a detailed project schedule and milestones assessment for construction of the DSTAR Center, including a revised cost estimate that reflects the TSL's up-to-date requirements for the center and current market conditions.

RESEARCH AND DEVELOPMENT

The agreement provides \$2,500,000 above the request for University Programs.

Despite the direction below to consider funding above the request within S&T's various thrust areas, overall funding for Research, Development, and Innovation is provided at the request level. Accordingly, S&T shall notify the Committees not fewer than 30 days in advance of any reduction, discontinuation, or transfer of custody from the Undersecretary for Science and Technology of any R&D activity described in the request, including reductions taken to redirect funding for any effort described below.

Research, Development, and Innovation

Increased Early Collaboration with Stakeholders.—Within 90 days of the date of enactment of this Act, S&T shall provide a briefing to the Committees on its early-outreach efforts, including the pros and cons of a creating a formal forum or portal for interested stakeholders and partners to share perspectives on future research.

Transitioning New Capabilities to Operational Components.—To better account for both the impact of R&D funding and how those resources improve the Department's operational capabilities, S&T shall provide a briefing to the Committees within 45 days of the date of enactment of this Act on a plan to partner with DHS components to develop key measures to capture that impact and quantify a return on investment. Within 60 days of the date of enactment of this Act, S&T shall provide the Committees examples of the impact of not fewer than three R&D projects.

Border Security

Within the Border Security thrust area, S&T shall consider funding for the following: up to \$4,000,000 above the request for work related to enabling unmanned aerial systems (UAS) to support DHS operational entities and for work related to addressing threats posed by UAS, including small UAS, in the border, maritime, and urban environments; up to \$2,000,000 above the request for expan-

sion of Low-Cost Team Awareness Kits (TAK); up to \$4,736,000 above the request for port of entry (POE) data analytic capabilities for the detection and disruption of illegal activity while expediting processing; up to \$5,000,000 above the request for development and deployment of active neutron interrogation for cargo screening; and up to \$3,000,000 above the request to address threats facing port and maritime critical infrastructure.

Chemical, Biological, and Explosive (CBE) Defense

Within the CBE Defense thrust area, S&T shall consider funding for the following: up to \$6,000,000 above the request for next generation biosurveillance systems; and up to \$8,300,000 for the detection canine program.

Opioid and Fentanyl Detection.—S&T shall provide a report to the Committees within 180 days of the date of enactment of this Act on any research or development activity that incorporates rapid scanning into screening methods for drug interdiction.

Cybersecurity/Information Analysis

Within the Cybersecurity/Information Analysis thrust area, S&T shall consider funding for the following: up to \$5,000,000 above the request for voting technologies and election data security procedures; up to \$4,000,000 above the request for cyber defense/incident response capabilities for chemical sector critical infrastructure; and up to \$6,000,000 for the U.S.-Israel Cybersecurity Cooperation grant program, as authorized by section 1551 of the National Defense Authorization Act for Fiscal Year 2022; and up to \$2,000,000 above the request to continue efforts to ensure the effectiveness of cyber training for law enforcement and vulnerable populations.

First Responder/Disaster Resilience

Within the First Responder/Disaster Resilience thrust area, S&T shall consider funding for the following: up to \$4,000,000 above the request to develop and deploy software quality assurance tools for monitoring and timely cyber-attack mitigation for critical infrastructure and to complete the requirements for federal contracts specified in Executive Order 13905—Strengthening National Resilience Through Responsible Use of Positioning, Navigation, and Timing Services (February 18, 2020); up to \$9,000,000 above the request for exploitation of mesonets for emergency preparedness and response to provide advance warning of severe weather conditions, for developing capabilities for maintaining and improving the integrity of the nation's levee and dams systems, and for research into viable alternatives of concrete dam design and performance; up to \$1,500,000 above the request for research on advanced modeling and three-dimensional (3D) simulation technologies that support FEMA disaster resilience, mitigation, and recovery operations; \$5,000,000 above the request for the Research and Prototyping for Improvised Explosive Device Defeat (RAPID) program; and up to \$9,000,000 to further expand the Distributed Environment for Critical Infrastructure Decision-making Exercises program, focusing on industrial control systems for multi-sector cyber event exercises.

Advanced Modeling and 3D Simulation Technologies.—In lieu of the direction provided in House Report 117-396, S&T shall assist, as needed, FEMA OR&R in the analysis described under the FEMA O&S heading, "Advanced Modeling and 3D Technology" above.

RAPID.—Not later than 120 days after the date of enactment of this Act, S&T shall provide a briefing to the Committees on the planned obligation of funds for RAPID; developing technologies; and transition/training efforts to support public safety across the nation.

Innovative Research and Foundational Tools

Within the Innovative Research and Foundational Tools thrust area, S&T shall consider funding for the following: up to \$2,000,000 above the request for the Bina-tional Industrial Research and Development Homeland Security (BIRD HLS) program; up to \$10,000,000 above the request to support any required additional funding for con-tainer demonstrations to expedite transition to more secure composite shipping con-tainers; up to \$2,000,000 above the request for any necessary efforts to continue to develop thermoplastic composite materials that re-duce costs and improve intrusion sensor in-tegration; up to \$5,000,000 above the request for work to be performed at the Artificial In-telligence (AI) Technology Center; and up to \$5,000,000 above the request for enhancing the resiliency and reliability of domestically manufactured, multi-modal wildfire fire de-tection systems.

BIRD HLS.—Not later than 180 days after the date of enactment of this Act, S&T shall provide a briefing to the Committees on the outcome of each grant awarded through the program and on any commercialization or transition to practice that has resulted from the program's initiatives. Further, S&T, in collaboration with the BIRD Foundation, shall provide a report to the Committees on the status of funds for the BIRD HLS and Cy-bersecurity programs, to include a history of contributions, interest, and repayments to the program, along with grant payments and any other costs charged to these programs.

Physical Security and Critical Infrastructure Resilience

Within the Physical Security and Critical Infrastructure Resilience thrust area, S&T shall consider targeting up to \$2,500,000 to detect hazardous materials more effectively in cargo loads at POEs and improve the effi-ciency of screening operations.

University Programs

The agreement provides \$2,500,000 above the request for the Minority-Serving Institu-tions Program (MSIP).

Centers of Excellence.—In lieu of the re-quirement under this heading in House Re-port 117-396, S&T shall provide a briefing to the Committees not later than 60 days after the date of enactment of this Act on how DHS is leveraging Emeritus COEs to address homeland security challenges.

MSIP.—The Department shall ensure that the MSIP is open to the minority-serving in-stitutions defined in section 371(a) of the Higher Education Act of 1965 (20 U.S.C. 1067q(a)).

COUNTERING WEAPONS OF MASS DESTRUCTION OFFICE

OPERATIONS AND SUPPORT

The Agreement includes the proposed fund-ing level.

Radiation Portal Technology Enhancement and Replacement.—CWMD, in collaboration with CBP, is directed to provide a briefing to the Committees within 90 days of the date of enactment of this Act and quarterly there-after regarding the requirements for the RAPTER program and any related progress updates. CWMD shall also promptly com-municate with industry stakeholders a revised development strategy and timelines, and when completed, the updated requirements for RAPTER or any follow-on program.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement includes a realignment of \$19,900,000 from the proposed amount for Re-search and Development for the Radiation Portal Monitor (RPM) Replacement Pro-gram.

Strategic Commercial Seaports (SCS).—CWMD is directed to provide the Committees a

briefing, within 90 days of the date of enact-ment of this Act, on plans to procure and in-stall RPMs at SCS locations designated by the U.S. Department of Transportation Mari-time Administration and the U.S. Depart-ment of Defense Military Surface Deploy-ment and Distribution Command. The brief-ing shall include the Department's rec-ommendation on the appropriate number of functioning and staffed RPMs for each dedi-cated ingress/egress gate at each SCS, along with the estimated costs, including total ac-quisition, operations, and maintenance costs and associated costs for any necessary infra-structure enhancements or configuration changes at each POE; and a proposed timeline for procurement, deployment, and installation of the RPM technology.

RESEARCH AND DEVELOPMENT

The Agreement includes an increase of \$2,000,000 for Technical Forensics and re-aligns \$19,900,000 to the Procurement Con-struction and Improvements account for the RPM Replacement Program, consistent with technical assistance received from the Agen-cy.

National Technical Nuclear Forensics Center (NTNFC).—The Agreement includes \$2,000,000 above the request for the NTNFC. CWMD is directed to provide the Committees a brief-ing on NTNFC activities and capabilities within 120 days of the date of enactment of this Act.

FEDERAL ASSISTANCE

Biosurveillance Capabilities.—CWMD is di-rected to provide an update on the status of the Biological Detection for the Twenty-First Century (BD21) program and plans to replace BioWatch capabilities within 120 days of the date of enactment of this Act. The update shall address the status of CWMD implementation of recommendations in GAO-21-292, "DHS Exploring New Methods to Replace BioWatch and Could Benefit from Additional Guidance."

Securing the Cities Implementation Plan.—The Countering Weapons of Mass Destruc-tion Act of 2018 requires CWMD to develop an implementation plan for the Securing the Cities program that, among other things, identifies program goals and a strategy for achieving them. CWMD is directed to provide the Committees, within 120 days of the date of enactment of this Act, an updated im-plementation plan for the Securing the Cities program, including a detailed assessment of program expenditures and their impact on achieving key program milestones.

TITLE IV—ADMINISTRATIVE PROVISIONS

Section 401. The agreement continues a provision allowing USCIS to acquire, oper-ate, equip, and dispose of up to five vehicles under certain scenarios.

Section 402. The agreement continues a provision limiting the use of A-76 competi-tions by USCIS.

Section 403. The agreement continues a provision related to the collection and use of biometrics.

Section 404. The agreement continues a provision authorizing the Director of FLETC to distribute funds for expenses incurred in training accreditation.

Section 405. The agreement continues a provision directing the FLETC Accreditation Board to lead the federal law enforcement training accreditation process to measure and assess federal law enforcement training programs, facilities, and instructors.

Section 406. The agreement continues a provision allowing the acceptance of trans-fers from government agencies into "Federal Law Enforcement Training Centers—Pro-curement, Construction, and Improve-ments".

Section 407. The agreement continues a provision classifying FLETC instructor staff as inherently governmental for certain con-siderations.

TITLE V—GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

Section 501. The agreement continues a provision directing that no part of any ap-proprietion shall remain available for obliga-tion beyond the current year unless ex-pressly provided.

Section 502. The agreement continues a provision providing authority to merge unex-pended balances of prior appropriations with new appropriation accounts, to be used for the same purpose, subject to reprogramming guidelines.

Section 503. The agreement continues a provision related to reprogramming limita-tions and transfer authority.

The Department must notify the Commit-tees on Appropriations at least 15 days in ad-vance of each reprogramming of funds that would: (1) reduce programs, projects, and ac-tivities, or personnel, by ten percent or more; or (2) increase a program, project, or activity by more than \$5,000,000 or ten per-cent, whichever is less.

The term "program, project, and activity" (PPA) is defined as each functional category listed under an account heading in the fund-ing table at the back of this explanatory statement, along with each funding amount designated for a particular purpose within the statement narrative, exclusive of simple references to increases or reductions below the budget request. Funding for each PPA should not be used for the purposes of any other PPA. Within 30 days of the date of en-actment of this Act, the Department shall submit to the Committees a table delin-eating PPAs subject to section 503 notifica-tion requirements.

For purposes of reprogramming notifica-tions, the creation of a new program, project, or activity is defined as any signifi-cant new activity that has not been explic-itly justified to the Congress in budget jus-tification material and for which funds have not been appropriated by the Congress.

Limited transfer authority is provided to give the Department flexibility in respond-ing to emerging requirements and signifi-cant changes in circumstances, but is not in-tended to facilitate the implementation of new programs, projects, or activities that were not proposed in a formal budget sub-mission. Transfers may not reduce accounts by more than five percent or augment ap-propriations by more than ten percent. The De-partment must notify the Committees on Appropriations not fewer than 30 days in ad-vance of any transfer.

To avoid violations of the Anti-Deficiency Act, the Secretary shall ensure that any transfer of funds is carried out in compliance with the limitations and requirements of section 503(c). In particular, the Secretary should ensure that any such transfers adhere to the opinion of the Comptroller General's decision in the *Matter of: John D. Webster, Di-rector, Financial Services, Library of Congress, dated November 7, 1997*, with regard to the def-inition of an appropriation subject to trans-fer limitations.

Notifications should provide complete ex-planations of proposed funding reallocations, including detailed justifications for in-creases and offsets; any specific impact the proposed changes are expected to have on fu-ture-year appropriations requirements; a table showing the proposed revisions to fund-ing and full-time equivalents (FTE)—at the account and PPA levels—for the current fis-cal year; and any expected funding and FTE impacts during the budget year.

The Department shall manage its PPAs within the levels appropriated and should only submit reprogramming or transfer notifications in cases of unforeseeable and compelling circumstances that could not have been predicted when formulating the budget request for the current fiscal year. When the Department becomes aware of an emerging requirement after the President's budget has been submitted to Congress but prior to the enactment of a full-year funding Act for the budget year, it is incumbent on the Office of the Chief Financial Officer to timely notify the Committees. When the Department submits a reprogramming or transfer notification and does not receive identical responses from the House and Senate Committees, it is expected to work with the Committees to reconcile the differences before proceeding.

Section 504. The agreement continues a provision, by reference, prohibiting funds appropriated or otherwise made available to the Department to make payment to the Working Capital Fund (WCF), except for activities and amounts allowed in the President's fiscal year 2023 budget request.

Section 505. The agreement continues a provision providing that not to exceed 50 percent of unobligated balances from prior-year appropriations for each Operations and Support appropriation shall remain available through fiscal year 2024, subject to section 503 reprogramming requirements.

Section 506. The agreement continues a provision that deems intelligence activities to be specifically authorized during fiscal year 2023 until the enactment of an Act authorizing intelligence activities for fiscal year 2023. When such an authorization is enacted after the enactment of this Act, amounts appropriated for "Intelligence, Analysis, and Situational Awareness—Operations and Support" in excess of the authorized amounts shall be transferred to "Management Directorate—Operations and Support".

Section 507. The agreement continues a provision requiring notification to the Committees at least three days before DHS executes or announces grant allocations or grant awards totaling \$1,000,000 or more; an award or contract, other transaction agreement, or task order on a multiple award agreement, or to issue a letter of intent of greater than \$4,000,000; task or delivery orders greater than \$10,000,000 from multi-year funds; or sole-source grant awards. Notifications shall include a description of the projects or activities to be funded and the location, including city, county, and state.

Section 508. The agreement continues a provision prohibiting all agencies from purchasing, constructing, or leasing additional facilities for federal law enforcement training without advance notification to the Committees.

Section 509. The agreement continues a provision prohibiting the use of funds for any construction, repair, alteration, or acquisition project for which a prospectus, if required under chapter 33 of title 40, United States Code, has not been approved.

Section 510. The agreement continues and modifies a provision that includes and consolidates by reference prior-year statutory provisions related to sensitive security information and the use of funds in conformance with section 303 of the Energy Policy Act of 1992.

Section 511. The agreement continues a provision related to contracting officer representatives.

Section 512. The agreement continues a provision prohibiting the use of funds in contravention of the Buy American Act.

Section 513. The agreement continues a provision regarding the oath of allegiance required by section 337 of the Immigration and Nationality Act.

Section 514. The agreement continues and modifies a provision that precludes DHS from using funds in this Act to use reorganization authority. This prohibition is not intended to prevent the Department from carrying out routine or small reallocations of personnel or functions within components, subject to section 503 of this Act. This section prevents large-scale reorganization of the Department, which should be acted on legislatively by the relevant congressional committees of jurisdiction. Any DHS proposal to reorganize components that is included as part of a budget request will be considered by the Committees.

Section 515. The agreement continues a provision prohibiting funds for planning, testing, piloting, or developing a national identification card.

Section 516. The agreement continues a provision directing that any official required by this Act to report or certify to the Committees on Appropriations may not delegate such authority unless expressly authorized to do so in this Act.

Section 517. The agreement continues a provision prohibiting funds in this Act to be used for first-class travel.

Section 518. The agreement continues a provision prohibiting the use of funds to employ illegal workers as described in Section 274A(h)(3) of the Immigration and Nationality Act.

Section 519. The agreement continues a provision prohibiting funds appropriated or otherwise made available by this Act to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract.

Section 520. The agreement continues a provision requiring DHS computer systems to block electronic access to pornography, except for law enforcement purposes.

Section 521. The agreement continues a provision prohibiting the use of funds to enter into a federal contract unless the contract meets requirements of the Federal Property and Administrative Services Act of 1949 or chapter 137 of title 10, United States Code, and the Federal Acquisition Regulation, unless the contract is otherwise authorized by statute.

Section 522. The agreement continues a provision regarding the transfer of firearms by federal law enforcement personnel.

Section 523. The agreement continues a provision regarding funding restrictions and reporting requirements related to conferences occurring outside of the United States.

Section 524. The agreement continues a provision prohibiting the use of funds to reimburse any federal department or agency for its participation in a National Special Security Event.

Section 525. The agreement continues a provision requiring a notification, including justification materials, prior to implementing any structural pay reform that affects more than 100 full time positions or costs more than \$5,000,000, including the introduction of new position classifications.

Section 526. The agreement continues a provision directing the Department to post on a public website reports required by the Committees on Appropriations unless public posting compromises homeland or national security or contains proprietary information.

Section 527. The agreement continues a provision authorizing minor procurement, construction, and improvements activities using Operations and Support funding.

Section 528. The agreement continues a provision to authorize discretionary funding for the cost of primary and secondary schooling of dependents in territories that meet certain criteria.

Section 529. The agreement continues a provision regarding congressional visits to detention facilities.

Section 530. The agreement continues a provision providing funding for "Federal Emergency Management Agency—Federal Assistance" to reimburse extraordinary law enforcement personnel overtime costs for protection activities directly and demonstrably associated with a residence of the President that is designated for protection.

Section 531. The agreement continues a provision prohibiting the use of funds to use restraints on pregnant detainees in DHS custody except in certain circumstances.

Section 532. The agreement continues a provision prohibiting the use of funds for the destruction of records related to the death, sexual abuse, or assault of detainees in custody.

Section 533. The agreement continues a provision prohibiting the use of federal funds for a Principal Federal Official during a Stafford Act declared disaster or emergency, with certain exceptions.

Section 534. The agreement continues a provision requiring the submission of a report on unfunded priorities for which appropriations would be classified as the 050 Budget function category.

Section 535. The agreement continues a provision requiring notifications and reporting related to the protection of certain individuals.

Section 536. The agreement continues a provision requiring notifications and the submission of information to the Committees related to DHS requests for resources from the Technology Modernization Fund.

Section 537. The agreement continues a provision requiring the identification of discretionary offsets when fee increase proposals to support current activities assume the enactment of such proposals prior to the beginning of the budget year.

Section 538. The agreement continues a provision related to the Arms Trade Treaty.

Section 539. The agreement includes a provision prohibiting the use of funds related to certain entities identified under section 1260H of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021.

Section 540. The agreement includes a provision making technical corrections to section 205 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

Section 541. The agreement includes a provision making a technical correction to a Community Funding Project funded in the fiscal year 2022 DHS funding Act.

Section 542. The agreement includes a provision making a technical correction to a Congressionally Directed Spending grant funded in the fiscal year 2022 DHS funding Act.

Section 543. The agreement continues a provision extending an authority provided in title VI of division B of Public Law 116-136.

Section 544. The agreement continues a provision prohibiting the use of funds for the transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba into or within the United States.

Section 545. The agreement includes a provision directing the Secretary of Homeland Security to develop, use, and share estimates of arrivals of noncitizens at the southwest border.

Section 546. The agreement continues and modifies a provision appropriating additional amounts for CBP and ICE to address Border Management requirements.

Section 547. The agreement includes an extension of an authorization related to the protection of certain facilities and assets from unmanned aircraft.

Section 548. The agreement includes a provision rescinding unobligated balances from specified sources.

Section 549. The agreement includes a provision rescinding lapsed balances pursuant to Section 505 of division F of Public Law 117–103.

DISCLOSURE OF EARMARKS
AND CONGRESSIONALLY DIRECTED SPENDING
ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives

and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to pro-

vide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION G—DEPARTMENT OF THE INTERIOR, ENVIRONMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2023

The following statement is an explanation of the effects of Division G, which provides appropriations for the Department of the Interior, the Environmental Protection Agency (EPA), the Forest Service, the Indian Health Service, and related agencies for fiscal year 2023.

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117-400 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases where the House report or this joint explanatory statement direct the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations. Where this joint explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House Subcommittee on Interior, Environment, and Related Agencies and the Senate Subcommittee on Interior, Environment, and Related Agencies.

Each department and agency funded in this Act is directed to follow the directions set forth in this Act and the accompanying statement and to not reallocate resources or reorganize activities except as provided herein or otherwise approved by the House and Senate Appropriations Committees through the reprogramming process as referenced in this Act. This joint explanatory statement addresses only those agencies and accounts for which there is a need for greater explanation than provided in the Act itself. Funding levels for appropriations by account, program, and activity, with comparisons to the fiscal year 2022 enacted level and the fiscal year 2023 budget request, can be found in the table at the end of this division.

Unless expressly stated otherwise, any reference to “this Act” or “at the end of this statement” shall be treated as referring only to the provisions of this division.

Continued Directives.—The Committees continue the directives in the explanatory statement accompanying Public Law 117-103 regarding Deferred Maintenance; Training, Hiring, and Public Lands Education in Alaska; and the Federal Lands Recreation Enhancement Act. The Committees also continue the directives in the explanatory statement accompanying Public Law 116-94 regarding Everglades Restoration as well as the directives in the explanatory statement accompanying Public Law 116-260 regarding Transparency of Information Regarding Grants, Agreements, Research, and Conferences Attendance.

Disaster Recovery Needs.—The Committees direct the Department of the Interior and the other agencies funded in this bill to establish quarterly reporting requirements for their component bureaus, regions, offices, and programs, as appropriate, to maintain up-to-date comprehensive information for supplemental funding needs related to disaster recovery, which shall be delivered to the Committees within 30 days of a quarter closing.

Land Grants, Acequias and Community Ditches.—The Secretaries of the Department of the Interior and the Department of Agriculture are urged to recognize the traditional use of State-recognized community land grants, acequias, and community

ditches in the American Southwest during the land use planning process. The Department of the Interior and the Forest Service shall, in accordance with applicable law, consider and, as appropriate, provide for traditional-historic uses by these entities within land management plans.

Secretarial Order 3407.—Within 90 days of enactment of this Act, the Committees direct the Department of the Interior to provide a written plan regarding implementation of Secretarial Order 3407, including specific steps planned and a timeline.

Tribal Lease Payments.—The Committees are aware of recent litigation in Federal courts regarding what constitutes reasonable lease costs under the 105(l) program. As part of the consultation required by language in Title IV of this Act, the Indian Health Service and the Department of the Interior are expected to consult with Tribes and Tribal organizations regarding agency regulations and policies that determine the amount of space and other standards necessary to carry out Federal programs under a section 105(l) lease, and to ensure that such regulations and policies are consistent, transparent, and clearly communicated to affected Tribes. The Service and the Department are expected to periodically update the Committees on the status of the consultation.

LAND AND WATER CONSERVATION FUND

With enactment of the Great American Outdoors Act (GAOA) (Public Law 116-152), Congress provided a permanent appropriation of \$900,000,000 per year from the Land and Water Conservation Fund (LWCF). Along with other mandatory appropriations, LWCF programs are subject to a 5.7% sequestration, with those sequestered amounts becoming available in the subsequent fiscal year. GAOA also mandated that account allocations and detailed project information be proposed by the administration each year through the President's annual budget submission, and that such allocations, following review by the Committees on Appropriations, may be modified through an alternate allocation.

A detailed table accompanying this explanatory statement shows the LWCF allocation for fiscal year 2023 by agency, account, activity, and project, including lists of specific Federal land acquisition projects and Forest Legacy Program projects, including congressionally directed spending. Additional tables provide the sequestration adjustments and details for the reallocation of unobligated balances appropriated in previous years to projects that have been completed, deferred, or terminated and are being transferred to currently viable projects. The agencies are expected to continue to follow the directions included in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116-260) under General Implementation. Specific additional directions follow.

Department of the Interior.—The recently-established Department-wide working group on appraisal and land acquisition is working to identify root causes for delays and challenges in the current Appraisals and Valuation Services Office (AVSO) and bureau realty processes. The working group shall evaluate processes to improve uniform Departmental appraisal policies, options for returning some appraisal or valuation functions to the bureaus, if any, utilizing third party contracting, and clarifying the roles and responsibilities of federal and non-federal parties. AVSO should incentivize recruitment, invest in retention and apprenticeship, improve process efficiency, and improve collaboration with its client bureaus. Requesting bureaus may release unredacted appraisal reports to intended users after a

report has been reviewed and approved for agency use after consultation with AVSO. In addition to the reporting requirement in House Report 117-400, the Department is directed to report to the Committees on process improvements within 90 days of enactment of this Act.

Bureau of Land Management.—The Bureau should prioritize recreational access funds to acquire conservation easements or right of way acquisitions for high priority access parcels identified as part of the Department's conformance with Section 4105 of the John D. Dingell, Jr. Conservation, Management, and Recreation Act (Public Law 116-9) in order to reduce areas of public lands that have significantly restricted public access.

Fish and Wildlife Service.—The Service is expected to provide outreach to all units of the National Wildlife Refuge System, including Clarks, Edwards, Green River, Loxahatchee, McKinney, and Ottawa, to ensure these refuges are accessing all available funding tools, including recreational access and inholdings. The Service is strongly encouraged to begin due diligence work on the accumulating backlog of parcels available at Clarks River National Wildlife Refuge. The Committees encourage the Service to consider habitat conservation plan land acquisition applications that enhance efforts to establish state research forests through the Cooperative Endangered Species Conservation program.

National Park Service.—The bill provides \$336,028,000 for the state assistance program. In addition, the Service has \$59,900,000 in unobligated funds from Fiscal Year 2019 and prior years not associated with any State's allocation. The bill also provides authority for the Service to use up to seven percent of the funds provided for State Conservation Grants to support States in covering their administrative costs, which will allow the program to improve its ability to obligate funds in a timely manner.

Forest Service.—The Forest Service is strongly encouraged to explore funding opportunities for tracts available for acquisition in the Talladega and Conecuh National Forests. The Service should examine ways to improve the appraisal process, including uniform Service-wide appraisal and real estate policies that provide consistency across regions and ensure delivery of timely appraisals, as well as effective, collaborative use of partners to improve efficiency and project success, allowing for third party contracting and other engagement where appropriate. The Service is directed to report to the Committees on appraisal program improvements within 90 days of enactment of this Act.

Within 45 days of enactment of this Act, the Service shall submit a reprogramming request in accordance with the Committees' established reprogramming guidelines for additional unobligated balances to be used for Forest Legacy Program projects included in the supplemental list submitted to the Committees pursuant to Public Law 116-220.

REPROGRAMMING GUIDELINES

The following are the procedures governing reprogramming actions for programs and activities funded in the Department of the Interior, Environment, and Related Agencies Appropriations Act. The agencies funded in this Act are reminded that these reprogramming guidelines are in effect, and must be complied with, until such time as the Committees modify them through bill or report language.

Definitions.—“Reprogramming,” as defined in these procedures, includes the reallocation of funds from one budget activity, budget line-item, or program area to another within any appropriation funded in this Act. In cases where either the House or Senate

Committee on Appropriations report displays an allocation of an appropriation below that level, the more detailed level shall be the basis for reprogramming.

For construction, land acquisition, and forest legacy accounts, a reprogramming constitutes the reallocation of funds, including unobligated balances, from one construction, land acquisition, or forest legacy project to another such project.

A reprogramming shall also consist of any significant departure from the program described in the agency's budget justifications. This includes all proposed reorganizations or other workforce actions detailed below which affect a total of 10 staff members or 10 percent of the staffing of an affected program or office, whichever is less, even without a change in funding. Any change to the organization table presented in the budget justification shall also be subject to this requirement.

Agencies are reminded that this agreement continues longstanding General Guidelines for Reprogramming that require agencies funded by this Act to submit reorganization proposals for the Committees' review prior to their implementation. It is noted that such reprogramming guidelines apply to proposed reorganizations, workforce restructuring, reshaping, transfer of functions, or bureau-wide downsizing and include closures, consolidations, and relocations of offices, facilities, and laboratories. In addition, no agency shall implement any part of a reorganization that modifies regional or State boundaries for agencies or bureaus that were in effect as of the date of enactment of this Act unless approved consistent with the General Guidelines for Reprogramming procedures specified herein. Any such reprogramming request submitted to the Committees on Appropriations shall include a description of anticipated benefits, including anticipated efficiencies and cost-savings, as well as a description of anticipated personnel impacts and funding changes anticipated to implement the proposal.

General Guidelines for Reprogramming.—

(a) A reprogramming should be made only when an unforeseen situation arises, and then only if postponement of the project or the activity until the next appropriation year would result in actual loss or damage.

(b) Any project or activity, which may be deferred through reprogramming, shall not later be accomplished by means of further reprogramming, but instead, funds should again be sought for the deferred project or activity through the regular appropriations process.

(c) Except under the most urgent situations, reprogramming should not be employed to initiate new programs or increase allocations specifically denied or limited by Congress, or to decrease allocations specifically increased by the Congress.

(d) Reprogramming proposals submitted to the House and Senate Committees on Appropriations for approval will be considered as expeditiously as possible, and the Committees remind the agencies that in order to process reprogramming requests, adequate and timely information must be provided.

Criteria and Exceptions.—A reprogramming must be submitted to the Committees in writing prior to implementation if it exceeds \$1,000,000 annually or results in an increase or decrease of more than 10 percent annually in affected programs or projects, whichever amount is less, with the following exceptions:

(a) With regard to the Tribal priority allocations of the Bureau of Indian Affairs (BIA) and Bureau of Indian Education (BIE), there is no restriction on reprogrammings among these programs. However, the Bureaus shall report on all reprogrammings made during a

given fiscal year no later than 60 days after the end of the fiscal year.

(b) With regard to the EPA, the Committees do not require reprogramming requests associated with the States and Tribes Partnership Grants or up to a cumulative total of \$5,000,000 from carryover balances among the individual program areas delineated in the Environmental Programs and Management account, with no more than \$1,000,000 coming from any individual program area. No funds, however, shall be reallocated from individual Geographic Programs.

(c) With regard to the National Park Service, the Committees do not require reprogramming requests associated with the park base within the Park Management activity in the Operation of the National Park System Account. The Service is required to brief the House and Senate Committees on Appropriations on spending trends for the park base within 60 days of enactment of this Act.

Assessments.—"Assessment" as defined in these procedures shall refer to any charges, reserves, or holdbacks applied to a budget activity or budget line item for costs associated with general agency administrative costs, overhead costs, working capital expenses, or contingencies.

(a) No assessment shall be levied against any program, budget activity, subactivity, budget line item, or project funded by the Interior, Environment, and Related Agencies Appropriations Act unless such assessment and the basis therefor are presented to the Committees in the budget justifications and are subsequently approved by the Committees. The explanation for any assessment in the budget justification shall show the amount of the assessment, the activities assessed, and the purpose of the funds.

(b) Proposed changes to estimated assessments, as such estimates were presented in annual budget justifications, shall be submitted through the reprogramming process and shall be subject to the same dollar and reporting criteria as any other reprogramming.

(c) Each agency or bureau which utilizes assessments shall submit an annual report to the Committees, which provides details on the use of all funds assessed from any other budget activity, line item, subactivity, or project.

(d) In no case shall contingency funds or assessments be used to finance projects and activities disapproved or limited by Congress or to finance programs or activities that could be foreseen and included in the normal budget review process.

(e) New programs requested in the budget should not be initiated before enactment of the bill without notification to, and the approval of, the Committees. This restriction applies to all such actions regardless of whether a formal reprogramming of funds is required to begin the program.

Quarterly Reports.—All reprogrammings between budget activities, budget line-items, program areas, or the more detailed activity levels shown in this agreement, including those below the monetary thresholds established above, shall be reported to the Committees within 60 days of the end of each quarter and shall include cumulative totals for each budget activity or budget line item, or construction, land acquisition, or forest legacy project.

Land Acquisitions, Easements, and Forest Legacy.—Lands shall not be acquired for more than the approved appraised value, as addressed in section 301(3) of Public Law 91-646, unless such acquisitions are submitted to the Committees on Appropriations for approval in compliance with these procedures.

Land Exchanges.—Land exchanges, wherein the estimated value of the Federal lands to

be exchanged is greater than \$1,000,000, shall not be consummated until the Committees have had 30 days in which to examine the proposed exchange. In addition, the Committees shall be provided advance notification of exchanges valued between \$500,000 and \$1,000,000.

Budget Structure.—The budget activity or line item structure for any agency appropriation account shall not be altered without advance approval of the Committees.

TITLE I—DEPARTMENT OF THE
INTERIOR

BUREAU OF LAND MANAGEMENT

MANAGEMENT OF LANDS AND RESOURCES

Management of Lands and Resources (MLR).—The bill provides \$1,368,969,000 for the Management of Lands and Resources appropriation. All programs and activities are funded at the amounts enacted in fiscal year 2022 unless otherwise specified below or in the table at the end of this division. Fixed costs are provided. The Bureau is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400 unless otherwise specified below. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. The Bureau will also continue to follow the directives included in the explanatory statement accompanying Public Law 117-103 related to the Wild Horse and Burro Program, National Trails, Circumpolar Wildland Fire, Vacant Grazing Allotments, Sheep Disease Transmission, Coos Bay Wagon Road Act Lands, Sudden Oak Death, and Tribal Coordination on Energy. Funding for the National Scenic Historic Trails has been consolidated in a new line in National Conservation Lands.

Rangeland Management.—The agreement provides \$112,340,000. House report 117-400 direction for grazing permit renewals is maintained.

Forestry Management.—The agreement provides \$10,814,000 which includes a program increase of \$200,000 for general programs.

Land Management Priorities.—The bill provides \$3,500,000 for congressionally directed spending in this program. A detailed list of projects is included in the "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" table accompanying this statement.

Wildlife Habitat Management.—The agreement provides \$148,938,000 which includes \$20,600,000 for Plant Conservation and Restoration, \$71,000,000 for sage-grouse habitat, and \$34,000,000 for Threatened and Endangered Species. The Bureau is directed to provide a report within 180 days of enactment of this Act on a needs assessment and cost analysis of conservation actions to ensure the future sustainability of habitat identified in recent departmental work on ungulate migrations in the Western United States and improving habitat quality in western big game winter range and migration corridors. The Committees continue to focus on improving and restoring sage-grouse habitat and expect the Bureau to use the resources provided to increase capacity, implement the National Seed Strategy, and detect and remove invasive plants.

Legacy Wells.—The bill provides no less than \$28,900,000 for legacy well remediation to maintain program capacity and continue progress toward cleanup of the next cluster of legacy wells in need of remediation.

Resource Management Planning.—The bill provides \$69,029,000 which maintains \$10,000,000 for sage grouse. The Committees understand the Bureau is expected to finalize the resource management plan amendments currently underway for Greater sage-grouse

conservation and is encouraged to consider Area of Critical Environmental Concern designations where appropriate.

Abandoned Mine Lands and Hazardous Materials Management.—The agreement provides \$57,166,000 which includes program increases and \$16,503,000 for remediation of abandoned mine land sites.

Administrative Support.—The agreement provides \$56,305,000 which includes the budget request for diversity, inclusion and compliance, Justice 40, HR support, and the Foundation for America's Public Lands. Bill language and direction as outlined in House Report 117-400 is maintained.

National Conservation Lands.—The agreement provides \$61,599,000 which includes \$11,000,000 in a new line for the National Scenic and Historic Trails.

The Committees expect the increase provided will create capacity to initiate or revise management plans for recently designated or expanded monuments, including Cascade-Siskiyou National Monument and Rio Grande del Norte National Monument, and address other high priority areas.

Off-Highway Vehicle Pilot Program.—In addition to the direction in House Report 117-400, the Committees strongly encourage the Bureau to dedicate two additional employees to support high-volume special recreation permit (SRP) offices and examine moving the threshold for recovering SRP processing costs from 50 to 100 hours.

OREGON AND CALIFORNIA GRANT LANDS

The bill provides \$120,334,000 for the Oregon and California Grant Lands appropriation. Specific allocations at the activity and sub-activity level are contained in the table at the back of this explanatory statement. The Bureau will continue to follow and implement the directives included in the explanatory statement accompanying Public Law 117-103 under this heading.

RANGE IMPROVEMENTS

The bill provides \$10,000,000 to be derived from public lands receipts and Bankhead-Jones Farm Tenant Act lands grazing receipts.

SERVICE CHARGES, DEPOSITS, AND FORFEITURES

The bill provides an indefinite appropriation estimated to be \$30,000,000 for Service Charges, Deposits, and Forfeitures.

MISCELLANEOUS TRUST FUNDS

The bill provides an indefinite appropriation estimated to be \$26,000,000 for Miscellaneous Trust Funds.

UNITED STATES FISH AND WILDLIFE SERVICE RESOURCE MANAGEMENT (INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,555,684,000 for Resource Management. All programs and activities are funded at the amounts enacted in fiscal year 2022 unless otherwise specified below or in the table at the end of this division. Fixed costs are provided. The Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400 unless otherwise specified below. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

The Service is expected to comply with language contained in the explanatory statement accompanying Public Law 117-103, the Consolidated Appropriations Act, 2022 regarding Traditional Knowledge, Subsistence Activities, Continued Funding Prohibitions, Sea Otters, Polar Bear Tourism, Conservation Banking Report, and Ozark Hellbender. The agreement reiterates the direction in House Report 117-83 and the explanatory statement accompanying Public Law 116-260 regarding American red wolves. In addition,

language contained in Senate Report 116-123 subtitled Native Handicrafts, Central Everglades Planning Project, Loxahatchee National Wildlife Refuge, is restated. The agreement reiterates that the Service's 2016 regulation does not apply to Alaska Native handicrafts made from walrus ivory and mammoth ivory.

Ecological Services.—The agreement provides \$296,033,000 for programs and activities within Ecological Services, including \$23,398,000 for listing.

Planning and Consultation.—The agreement provides \$120,858,000 which maintains \$4,000,000 for Gulf Coast restoration activities and provides \$96,373,000 for general program activities for building staff capacity. The Committees understand concerns exist regarding the timing of processing of Endangered Species Act Section 7 consultation requests, such as in West Virginia. While the Committees recognize the Service is working to clear the backlog, the Service is directed to report to the Committees within 90 days of enactment of this Act on a review of the process and provide recommendations on ways to improve and expedite the process.

Conservation and Restoration.—The agreement provides \$37,653,000 for conservation and restoration activities which includes \$7,220,000 for marine mammals with the increase directed toward manatees; \$500,000 for the Alaska Nannut Co-Management Council (ANCC); \$250,000 for the Eskimo Walrus Commission (EWC); and \$15,037,000 for candidate conservation. The Service is expected to complete the survey and stock assessment of northern sea otters in Southeast Alaska and assess this population relative to the optimum sustainable level, improve management strategies, and document ecological impacts of sea otters. Upon finalization of this report, the Service shall transmit the report to the Committees.

Collaboration between Federal Agencies and Private Forest Owners.—The Committees recognize that many at-risk species inhabit private lands, and that the Service must consider non-regulatory and voluntary collaborative conservation efforts with private landowners to accomplish its mission. The Service is directed to continue to utilize its grant and other programs to pursue collaborative species conservation to the maximum extent practicable, specifically for the Northern Long-Eared Bat and the Wood Turtle. Overall, these ongoing collaborative efforts with private landowners through programs such as the Wildlife Conservation Initiative will play a vital role in conserving at-risk and listed species, allow for cooperation, and ultimately help achieve important wildlife conservation outcomes.

Recovery.—The agreement provides \$114,124,000 for activities in support of the recovery and delisting of threatened and endangered species which includes \$4,750,000 for the State of the Birds to respond to the urgent needs of critically endangered birds that, due to climate change, now face imminent extinction from non-native mosquitoes that carry avian malaria and other pathogens lethal to these birds; \$2,300,000 for the Prescott Grant program; \$1,000,000 for the wolf-livestock demonstration program; and \$87,192,000 for general program activities with a particular focus on building staff capacity.

The agreement provides \$10,500,000 for Recovery Challenge matching grants. Recovery Challenge grants are to be used to implement high priority recovery actions as prescribed in recovery plans to recover federally listed species. Actions should include, but are not limited to, genetically-sound breeding, rearing, and reintroduction programs. Project partners must provide contributions at least 50% of the project cost, with the re-

maining funding coming from Recovery Challenge funds. Partner contribution calculations may include in-kind services. Unless an affected State is a partner on the project, no funds may be awarded to a project until the project partners have consulted with such State.

State Research Forests.—The Service is encouraged to support cooperative research, monitoring, and recovery efforts for the protection and recovery of spotted owl and marbled murrelet species on state research forests.

Florida Grasshopper Sparrow.—The Service is directed to continue to support the Florida grasshopper sparrow recovery efforts and the captive breeding program as managed by its conservation partners as referenced in Senate Report 116-123 and the agreement provides \$350,000.

Western Monarchs and Other Pollinators.—The Service is directed to utilize Service-managed lands to the maximum extent practicable to serve as habitat corridors for migrating monarchs, in particular the western monarch. The Committees recognize the Service provides resources for monarchs and other pollinators across multiple accounts, and this agreement provides no less than \$7,000,000 for the western monarch butterfly and other pollinators which includes \$4,000,000 within National Wildlife Refuge System, Inventory and Monitoring and \$3,000,000 in Science Support. The Service is encouraged to work alongside Federal agencies, State, Tribal, and non-governmental organizations on a comprehensive strategy to increase habitat and monitoring of critical pollinator species. The Service is expected to continue to work with the National Fish and Wildlife Foundation to expand and leverage monarch recovery efforts.

Western Yellow Rail.—The Service is encouraged to contribute to regional cooperative efforts in the study, conservation, and management of the western Yellow Rail in the Pacific Northwest.

Habitat Conservation.—The agreement provides \$74,224,000 for habitat conservation programs, of which \$60,267,000 is for the Partners for Fish and Wildlife program and \$13,957,000 is for the Coastal Program. The agreement provides \$3,200,000 for nutria eradication project and notes additional funding is provided in the National Wildlife Refuge System.

Klamath Restoration.—The Service is directed to consider additional activities that could be undertaken to recover endangered and threatened species, restore habitat, and improve the health of the Klamath Basin National Wildlife Refuges with the funds provided in fiscal year 2023 and during the fiscal year 2024 budget formulation. The Service is also encouraged to continue to coordinate with the Bureau of Reclamation where appropriate and consult with Tribes.

National Wildlife Refuge System.—The agreement provides \$541,555,000 for the National Wildlife Refuge System.

Wildlife and Habitat Management.—The agreement provides \$16,925,000 for invasive species to focus on high priority invasive species including nutria, buffelgrass, and cheatgrass; \$3,000,000 for nutria eradication; \$500,000 to help refuges improve water efficiency in order to maintain, improve, replace and upgrade refuge infrastructure on areas such as the Quivira National Wildlife Refuge; \$2,500,000 for Marine National Monuments and maintains the direction in House Report 117-400 on the Northeast Canyons and Seamounts Marine National Monument; \$25,924,000 for inventory and monitoring including no less than \$4,000,000 for western monarchs and pollinators and \$1,000,000 for chronic wasting disease.

Staffing of the National Wildlife Refuge System.—Over the past 10 years, the Refuge System's full-time equivalent (FTE) staffing has

decreased while the Refuge System has continued to grow. Funding increases have been provided so the Service can prioritize hiring FTEs to the maximum extent practicable, particularly to fill longstanding vacancies in the refuge system such as at the Northern Maine Wildlife Refuge Complex and Chesapeake Marshlands National Wildlife Refuge Complex.

Visitor Services.—The agreement includes \$80,859,000 which includes \$7,000,000 for the Urban Wildlife Refuge Partnership program and \$500,000 for Arctic Youth.

Refuge Management Plans.—The agreement includes \$3,684,000 for Conservation Planning and notes the increase over the fiscal year 2022 enacted level is for the Service to prioritize updating refuge management plans that predate the National Wildlife Refuge Improvement Act of 1997, to improve the management of refuges in a manner consistent with the strategic vision of the National Wildlife Refuge System.

Alaska Maritime National Wildlife Refuge.—The Service is directed to continue to follow the directive from previous fiscal years that prohibits a caribou hunt on Kagalaska Island and efforts to remove cattle on Chirikof and Wosnenski Islands in the State of Alaska.

John H. Chafee National Wildlife Refuge.—The Committees support the salt marsh restoration work in the John H. Chafee National Wildlife Refuge to enhance salt marsh resiliency with native plantings, tidal flushing, and other drainage work. The Service is encouraged to prioritize these ongoing efforts.

Kenai National Wildlife Refuge.—The Committees are aware the Kenai National Wildlife Refuge has identified 2,500 acres of forested habitat impacted by spruce bark beetles that is currently ready for treatment, several acres of which are adjacent to existing roads, facilities, campgrounds, trails, and other high use recreation sites. To protect the Refuge and surrounding communities, the Committees encourage the Service to treat the 2,500 high priority acres ready for treatment within the funds provided. These treatments would meet multiple objectives by removing beetle-killed trees and reducing risk to the public, employees, and infrastructure, while reducing accumulations of hazardous fuels.

Good Neighbor Agreements.—The Committees note that forest ecosystems in the National Wildlife Refuge System are susceptible to elevated wildfire risk, drought, and insect and disease infestation. The Committees recognize that the environmental stewardship of national wildlife refuges and adjacent non-Federal lands would benefit if the Service offered cross-boundary fuels reduction projects to neighboring State, local, and Tribal governments similar to those issued by other land management agencies under Good Neighbor Agreements [GNA]. Therefore, the Department of the Interior is encouraged to develop a legislative proposal that would provide GNA authority to the Service.

Refuge Maintenance.—The agreement includes \$25,850,000 for annual maintenance; \$46,579,000 for deferred maintenance; \$12,201,000 for equipment and vehicles; and \$65,581,000 for maintenance support.

Conservation and Enforcement.—The agreement provides \$175,038,000 for other conservation and enforcement programs as described below.

Migratory Bird Management.—The agreement provides \$53,860,000 which includes \$30,935,000 for Conservation and Monitoring of which \$600,000 is to manage bird-livestock conflicts, \$333,000 is for urban bird treaties, and \$800,000 is for clean energy; \$5,513,000 is for Permits; \$591,000 is for the Federal Duck Stamp program; and \$16,821,000 is for the

North American Waterfowl Management Plan/Joint Ventures program.

Law Enforcement.—The agreement provides \$92,099,000 for law enforcement activities, including the requested internal transfer of \$144,000 to General Operations, and \$3,500,000 to continue the Service's work with the Indian Arts and Crafts Board to combat international trafficking of counterfeit arts and crafts and to conduct criminal investigations of alleged violations of the Indian Arts and Crafts Act (Public Law 101-644).

Within 120 days of enactment of this Act, the Committees direct the Service to develop a report outlining the challenges associated with combatting wildlife trafficking, including those challenges associated with hiring and retraining law enforcement personnel and payments made to informants to gather intelligence.

International Affairs.—The agreement provides \$29,079,000 including \$10,098,000 for International Conservation and \$18,981,000 for International Wildlife Trade. Funds requested to continue progress on the electronic permit application and processing system are provided. The Theodore Roosevelt Genius Prizes for technological innovation to help conserve and manage wildlife is maintained at the fiscal year 2022 enacted level.

The Committees are aware of proposed import revisions and direct the Service to continue to apprise the Committees of any additional actions regarding protecting lions and other iconic species that are hunted for trophies to ensure the conservation and survival of those species.

Fish and Aquatic Conservation.—The agreement provides \$241,571,000 for fish and aquatic conservation programs.

National Fish Hatchery System Operations.—The agreement provides \$76,356,000 which includes: \$3,750,000 for Klamath Basin restoration activities and directs the Service to work with the affected Tribes on fish restoration activities; \$4,700,000 for mitigation of the Pacific Salmon Treaty and directs the Service to work in cooperation with State fish and game agencies and which includes \$1,556,000 for implementation of the Yukon River Salmon Agreement and funding for anadromous salmonids. The Service is directed to continue to work in cooperation with State fish and game agencies on marking of anadromous fish and the agreement maintains funding for mass marking at the fiscal year 2022 enacted level. None of the funds provided under this subactivity may be used to terminate operations or to close any facility of the National Fish Hatchery System. None of the production programs listed in the March 2013 National Fish Hatchery System Strategic Hatchery and Workforce Planning Report may be reduced or terminated without advance, informal consultation with affected States and Tribes. The Service is encouraged to include adequate support for mitigation activities at National Fish Hatcheries in future budget submissions.

The bill provides \$8,000,000 for the Warm Springs Fish Health Center (FHC) which provides disease diagnosis, biosecurity and disease management, disease treatment and prevention, fish health inspection services for Federal, State, and Tribal hatcheries responsible for production of salmonids and warm water species for recovery, restoration, and recreational fisheries, and inspection and certificates for the National Triploid Grass Carp Protection. Additional funding is provided to develop environmental DNA tools to forecast and detect aquatic invasive species, aquatic nuisance species, aquatic pathogens, and rare species for Federal, State, and Tribal hatcheries.

Habitat Assessment and Restoration.—The agreement provides \$51,826,000, which in-

cludes \$11,500,000 to implement the Delaware River Basin Conservation Act; \$200,000 for the Truckee River Operating Agreement; \$268,000 for the Chehalis Fisheries Restoration Program; \$18,598,000 for the National Fish Passage Program which includes \$5,000,000 to implement the Fisheries Restoration and Irrigation Mitigation Act (Public Law 106-502) for fish passage devices, fish screens and other related features to mitigate the impacts on fisheries in the Pacific Ocean drainage of Oregon, Washington, Montana, Idaho, and California; and \$9,750,000 to implement Klamath Basin restoration activities.

Population Assessment and Cooperative Management.—The agreement provides \$36,932,000 which includes \$3,000,000 for Great Lakes Fish and Wildlife Restoration Act grants; \$1,000,000 for Great Lakes Consent Decree; \$818,000 for the Lake Champlain Sea lamprey program; and \$1,000,000 in General Program Activities for snakehead eradication. The agreement also provides \$500,000 in General Program Activities for American Shad and in addition to direction in House Report 117-400, the Service is encouraged to collaborate with academic research institutions, and State, Tribal, and local governments.

Within one year of enactment of this Act, the Committees direct the Service to work with the State of Alaska to develop a joint strategy with management recommendations on subsistence hunting and fishing that will help increase food security in rural areas in the State. This joint strategy should include public input from Alaska's rural residents, document and apply local and traditional knowledge, and identify any needed regulatory flexibilities to respond to the timing and changing distributions of fish and wildlife populations.

Connecticut River Atlantic Salmon Commission.—The agreement provides \$700,000 for the Connecticut River Atlantic Salmon Compact, as authorized in Public Law 98-138, for research, monitoring, conservation, and habitat restoration work related to this high-priority watershed. The Committees direct that the Secretary undertake a special resource study of the national significance of, and the suitability and feasibility of carrying out a basin-scale, nonregulatory program of conservation, stewardship, and enhancement of habitat for fish and wildlife in the Connecticut River basin.

Aquatic Invasive Species.—The agreement includes \$50,143,000 for aquatic invasive species programs, of which \$2,749,000 is for Prevention; \$5,038,000 is to implement subsection 5(d)(2) of the Lake Tahoe Restoration Act which is supplemented by funding provided in Public Law 117-58 for fiscal year 2023; \$31,000,000 is for invasive carp as outlined in House Report 117-400 and Senate Report 116-123 including not less than \$4,000,000 for contract fishing; \$2,834,000 for NISA State Plans and \$1,566,000 for NISA implementation which help control the spread of invasive carp; \$3,500,000 is to prevent the spread of quagga and zebra mussels; \$1,500,000 is for research on hydrilla, eel, and milfoil invasive grasses; and \$1,011,000 is for Great Lakes Sea Lamprey administration costs. Direction to the Office of the Secretary contained in House Report 117-400 is maintained. The Committees urge the Secretary to provide the necessary resources for National Early Detection and Rapid Response Framework and Rapid Response Fund.

Invasive Carp.—The Committees recognize the importance of the work conducted by the Service to combat the serious threat of invasive carp and the bill provides \$27,000,000 for invasive carp activities, as directed in House Report 117-400 including the direction

for contract fishing. The Service should consider the utility of creating a dedicated funding source to increase the intensity and geographic scope of efforts to prevent entry into the Great Lakes and control in areas where invasive carp are currently located. The Committees encourage the Service to work with those States with existing cooperative agreements, including nonprofits, to develop and implement innovative solutions to reduce invasive carp populations in the Ohio River basin, with emphasis on Kentucky Lake and Lake Barkley. Additionally, while the Committees recognize the importance of studying and understanding invasive carp patterns, the Service is encouraged to take action on a strategy that increases the focus on biomass removal and restricts carp progression by coordinating with other Federal partners on constructing invasive carp barriers. The Committees direct the Service to report back within 60 days of enactment of this Act detailing how fiscal year 2021 and fiscal year 2022 funds have been expended, along with a strategy for targeting and removing increased tonnage of invasive carp in the Ohio, Tennessee, and Cumberland River basins.

European Green Crab.—Over the last three years, the population of invasive European Green Crab in the Salish Sea has grown exponentially. This invasive species is resilient to rising water temperatures caused by climate change. This crab species preys on native vegetation which is important habitat for endangered salmon and other species that are critical to uphold Tribal treaty rights, and Puget Sound recovery. The Committees are aware the Service is working with the National Oceanic and Atmospheric Administration on eradication efforts and direct the Service to report back within 90 days of enactment of this Act outlining these collaborative efforts.

The Service is expected to continue to pursue methods for invasive species control that do not result in the addition of chemical agents to the ecosystem and harmful secondary by-products such as algal blooms, as directed in House Report 117-400.

Cooperative Landscape Conservation.—The agreement maintains the merging of this activity into Science Support and creates a new subactivity Science Partnerships as outlined in House Report 117-400.

Science Support.—The agreement provides \$35,372,000 for Science Support which includes \$26,400,000 for Science Partnerships and \$8,972,000 for Service Science. The bill provides \$3,500,000 for white nose syndrome; the fiscal year 2022 enacted level for Gulf Coast ecosystem restoration; \$8,000,000 for Chesapeake WILD; and \$3,000,000 for research on western monarch butterflies and other pollinators. Best practices developed in response to white nose syndrome are directed to be applied in response to other new and emerging high-risk wildlife diseases. The Service should also continue, along with the U.S. Geological Survey, to lead and implement the North American Bat Monitoring Program in association with other Federal natural resource management agencies and offices, States, Tribes, and non-governmental partners.

General Operations.—The agreement provides \$166,250,000 for general operations which includes the internal transfer of \$144,000 from Law Enforcement.

Stewardship Priorities.—The agreement provides \$25,641,000 in congressionally directed spending for stewardship projects to further conservation goals. Further detail on these projects is provided in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" accompanying this explanatory statement.

The agreement continues support for the Everglades at not less than the fiscal year 2022 enacted level.

CONSTRUCTION

The bill provides \$29,904,000 for Construction and includes fixed costs. No additional funding is provided for fleet related infrastructure, and field communication modernization. The agreement continues to support the Service's objective priority-setting process and expects the Service to follow its recast project priority list submitted on July 11, 2022, with the funds provided. When a construction project is completed or terminated and appropriated funds remain, the Service may use those balances to respond to unforeseen reconstruction, replacement, or repair of facilities or equipment damaged or destroyed by storms, floods, fires, and similar unanticipated natural events. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

COOPERATIVE ENDANGERED SPECIES CONSERVATION FUND

The bill provides \$24,564,000 in discretionary funding from the Cooperative Endangered Species Conservation Fund for conservation grants, habitat conservation planning grants, and program administration. In addition, the bill allocates \$32,800,000 in mandatory funding from the Land and Water Conservation Fund for species recovery and habitat conservation plan land acquisitions. Detailed tables of funding allocations below the account level are provided at the end of this explanatory statement.

NATIONAL WILDLIFE REFUGE FUND

The bill provides \$13,228,000 for payments to counties from the National Wildlife Refuge Fund.

NORTH AMERICAN WETLANDS CONSERVATION FUND

The bill provides \$50,000,000 for the North American Wetlands Conservation Fund.

NEOTROPICAL MIGRATORY BIRD CONSERVATION FUND

The bill provides \$5,100,000 for the Neotropical Migratory Bird Conservation Fund.

MULTINATIONAL SPECIES CONSERVATION FUND

The bill provides \$21,000,000 for the Multinational Species Conservation Fund. The detailed allocation of funding by activity is included in the table at the end of this explanatory statement.

STATE AND TRIBAL WILDLIFE GRANTS

The bill provides \$73,812,000 for State and Tribal Wildlife Grants which includes \$60,000,000 for State Wildlife Formula grants, \$7,612,000 for State Wildlife Competitive grants, and \$6,200,000 for Tribal Wildlife grants.

NATIONAL PARK SERVICE

OPERATION OF THE NATIONAL PARK SYSTEM

The bill provides \$2,923,424,000 for Operation of the National Park System (ONPS). For this and all other Service accounts funded in this bill, the Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

The Service is expected to execute its spending at the levels provided. The Service may not redistribute the allocations in a fiscal year 2023 operating plan. The Service is directed to continue to refine the Operation of the National Park Service Realignment and collaborate with the Committees with the goal to develop an updated methodology to improve the budgeting process.

The agreement provides fixed costs and funding for New Responsibilities at New and Existing Park Areas and for Additional Responsibilities, as requested. This funding provided will address a number of new requirements at national park units across the country, including at Ste. Genevieve National Historical Park [MO], Katmai National Park and Preserve [AK], Catoclin Mountain Park [MD], and the National Mall and Memorial Parks [DC]. The agreement also provides an increase of \$31,500,000 to the enacted level to restore staffing capacity across the system. Additional funding guidance is provided below.

Resource Stewardship.—The bill includes: \$5,300,000 for the Partnership Wild & Scenic Rivers program and other similarly managed rivers; \$2,000,000 for Active Forest Management; \$6,500,000 for Quagga and Zebra Mussel programs; \$800,000 for Cave and Karst Ecosystem Research; \$400,000 for Recreational Access—Support Alaska Subsistence; \$18,856,000 for the National Trails System; and \$2,500,000 for socioeconomic monitoring. The agreement provides \$9,143,000 for the National Networks. Within this amount, the African American Civil Rights Network is funded at the requested level of \$5,384,000 and the National Underground Railroad Network to Freedom is funded at \$2,505,000.

Visitor Services.—Funding is provided at the enacted level to expand recreational fishing, camping, and instruction focusing on introductory recreation experiences in parks throughout the year in a variety of recreational activities. Funding is also provided at the enacted level for the National Capital Area Performing Arts Program and at not less than the enacted level for the Indian Youth Service Corps. The agreement includes an increase of \$776,000 for the Volunteers in Parks program.

Park Protection.—The bill provides \$950,000 for veterans' fire corps.

Park Support.—The proposed transfers have been accepted and \$400,000 is provided for the Diversity, Inclusion, and Compliance initiative. The requested level of \$4,635,000 is provided for servicewide bandwidth.

Global Positioning System Modernization.—The agreement provides \$1,500,000 for the sustainment of recently acquired Global Positioning System (GPS) data collection devices used by the Service for facilities planning, lands administration, visitor safety, and infrastructure protection.

National Park Foundation.—The agreement provides \$10,000,000 for the National Park Foundation.

Additional Guidance.—The following additional guidance is included:

Appalachian National Scenic Trail.—The Committees are aware that the Trail is experiencing increased visitation and encourage the Service to include sufficient resources in future budget requests to meet its expanded visitor services, law enforcement, compliance, and land acquisition requirements.

Biscayne National Park.—The Committees are pleased with the recent Memorandum of Understanding [MOU] between Biscayne National Park [BNP] and the State of Florida's Fish and Wildlife Conservation Commission [FWC], which affirms fishing rights within the boundaries of BNP and affirms the regulatory responsibilities of the Service and the FWC to manage wildlife and regulate commercial and recreational fishing within Biscayne National Park, in conformance with Federal and State law. The Committees commend the parties for their commitment to engage in good faith with regard to any disputes that may arise in the future related to the MOU.

Blackstone Valley National Heritage Corridor.—The Committees continue the fiscal year 2022 enacted directive regarding cooperative agreements with the local coordinating

entity for the Blackstone Valley National Heritage Corridor. The Committees believe the acquisition of Slater Mill's historic dam will contribute positively to the cultural, natural, and recreational resource base of the Park. The Service shall brief the Committees on its plan to fulfill this directive within 60 days of enactment of this Act.

Chesapeake Bay Office.—The Service is a lead implementing partner for four goals (land conservation, public access, citizen stewardship, and education) of the 2014 Chesapeake Bay Watershed Agreement. The National Park Service Chesapeake Bay office has continued, despite funding challenges, to expand its activities and responsibilities related to expanding public access to the Bay and serves as the lead agency on several multi-State and Federal conservation goals as a part of the 2014 Chesapeake Bay Watershed Agreement. The Committees support operational funding for the Chesapeake Bay Office in order to meet the conservation and public access goals established by the Bay Watershed Agreement.

Cumberland Island National Seashore.—The Committees are concerned about erosion impacting the Cumberland Island National Seashore. The Committees direct the Service to consult with the U.S. Army Corps of Engineers to exchange information regarding currently available science related to climate vulnerability of Cumberland Island in order to gain common understanding of available tools for assessing and addressing erosion. The Committees direct the Service to keep the Committees apprised of developments related to climate assessments of Cumberland Island National Seashore.

Continued Directives.—The Committees continue the directives regarding Director's Order 21, Roosevelt-Campobello International Park, and Katahdin Wood and Waters National Monument contained in Senate Report 116-123.

Glen Echo Park.—The Committees encourage the Service to provide a report on the facility condition assessment and cost estimate on necessary deferred maintenance to the Crystal Pool and Spanish Ballroom within Glen Echo Park. The Service is also encouraged to collaborate with Montgomery County on the Glen Echo Park Master Plan to ensure that park operations are beneficial to those who enjoy and use the park while reducing the financial burden on the Service.

Honouliuli National Historic Site and Pearl Harbor National Memorial.—The Committees direct the Service to maintain the line item and program summary in the budget for Honouliuli. Further, the Service shall not construe Section 2206 of the John D. Dingell, Jr. Conservation, Management, and Recreation Act to result in any reduction in funding for Pearl Harbor National Memorial or Honouliuli National Historic Site.

National Trails System.—The Committees understand the importance of providing adequate funding to develop and maintain the National Trails System for future generations to enjoy. The Committees urge the Service to continue its efforts to support construction and maintenance projects and volunteer coordination efforts, including activities in support of non-unit National Scenic Trails.

Public-Private Partnership [P3] Authorities.—The Committees direct the Service to provide a report on its plan to use its existing P3 authorities to work with public- and private-sector entities that have experience designing, developing, and constructing facilities, including in the Arctic, to develop proposals for affordable and sustainable employee housing options. The report should identify where, if any, existing authorities limit the viability of potential P3s.

South Florida Ecosystem Restoration Task Force.—Consistent with the budget request,

the bill provides \$11,661,000 to support the South Florida Ecosystem Restoration Task Force to develop and implement responses to invasive species threatening the integrity of the Everglades ecosystem, pursuant to Section 528(f)(2) of the Water Resources Development Act of 1996 (110 Stat. 3771) as amended by Public Law 116-260.

Tok/Ahtna Visitor Center.—The Committees appreciate the efforts by the Service to collaborate in the development of plans for interpretive facilities, information about recreational opportunities, and support with volunteer staffing at the Tok Visitor Center, which serves as a gateway for visitors to nearby Denali National Park and Preserve, Wrangell-St. Elias National Park and Preserve, and the Yukon-Charley Rivers National Preserve.

Additionally, the Committees appreciate Wrangell-St. Elias National Park and Preserve's commitment to the Ahtna Cultural Center. The Park's current visitor center co-management strategy with Ahtna Incorporated honors the original Congressional intent to collaborate with the Ahtna people, and the Committees expect the Service to continue this partnership and to provide the Committees with information regarding any facilities maintenance issues that need to be addressed to further facilitate this partnership.

NATIONAL RECREATION AND PRESERVATION

The bill provides \$92,512,000 for national recreation and preservation. The amounts recommended by the Committees compared with the budget estimates by activity are shown in the table at the end of this explanatory statement.

The bill provides \$13,000,000 for the Rivers, Trails, and Conservation Assistance Program; \$3,027,000 for Chesapeake Bay Gateways and Trails; \$3,407,000 for Native American Graves Protection and Repatriation Grants; \$4,655,000 for Japanese Confinement Site Grants; \$2,750,000 for American Indian and Native Hawaiian Art and Culture Grants; and, \$4,000,000 for the competitive grant program, as authorized by the 9/11 Memorial Act (Public Law 115-413).

Cultural Programs.—The Committees recognize the importance of supporting Native culture and arts development, which contributes to maintaining the cultural diversity of the Nation and the cultural survival of the regional indigenous populations. Funding is provided for grants to nonprofit organizations or institutions for the purpose of supporting programs for Native Hawaiian or Alaska Native culture and arts development at a total program level of \$2,750,000, an increase of \$1,250,000 to the enacted level, which is provided to support both continued participation and encourage new entities to apply.

Heritage Partnership Programs.—The bill provides \$29,232,000 for Heritage Partnership Programs. The directive contained in the explanatory statement that accompanied Public Law 116-6 with regards to funding distribution is continued. The Committees note that areas that have not completed their management plan continue to be eligible for funding regardless of the status of their management plan.

HISTORIC PRESERVATION FUND

The bill provides \$204,515,000 for historic preservation.

Competitive Grants.—The bill provides \$24,000,000 for the African American Civil Rights Grants, as requested. Additionally, \$5,000,000 is provided for the History of Equal Rights grants and \$1,250,000 for grants to underserved communities.

Paul Bruhn Historic Revitalization Grants.—The bill provides \$12,500,000 for historic revitalization grants and retains the directives

regarding the distribution of funding included in Senate Report 116-123.

Save America's Treasures.—The Save America's Treasures program is provided \$26,500,000. The Committees support this program because of its important role in providing preservation and conservation assistance to nationally significant historical properties and collections, including historic courthouses.

Semiquincentennial Preservation Grants.—The bill provides \$10,000,000 for the Service to assist states in preparing for the upcoming Semiquincentennial celebration and to celebrate the Nation's history. Funds from this allocation should be used for a competitive grant program to support the restoration of sites that honor the 250th anniversary of the country's founding, including Revolutionary War monuments. Eligible sites shall include those that commemorate the anniversary of the country's founding even if they were constructed later than the end of the Revolutionary War. Priority should be given to state-owned sites. A site must be listed in, or be eligible to be listed in, the National Register of Historic Places in order to be eligible.

State Historic Preservation Offices [SHPOs].—The bill provides \$62,150,000 for grants to State Historic Preservation Offices, an increase of \$4,475,000 to the enacted level which shall be allocated consistent with the newly updated apportionment formula. The Committees note that this funding level will ensure that each SHPO will receive no less than the fiscal year 2022 amount.

CONSTRUCTION

The bill provides \$239,803,000 for construction.

Line-Item Construction.—Funding for line-item construction projects is provided as outlined in the table contained in House Report 117-400.

Denali National Park Road.—The Committees recognize the importance of the Denali Park Road as the sole method of motor vehicle access to Denali National Park and Preserve and will continue to support the Service as it works to complete the bridge construction and reopen the road as quickly as possible.

Fort Vancouver National Historic Site.—The Committees support the ongoing efforts to develop a plan for long-term usage of the Fort Vancouver National Historic Site. It is critical that that an actionable plan for rehabilitation of the facility be produced as soon as is practicable. Within 90 days after the enactment of this Act, the Service shall provide to the Committees a completed action plan to facilitate this work.

Ocmulgee River Corridor.—The Committees support the Service's initiation of the Ocmulgee River Corridor Special Resource Study to evaluate its potential for designation as a national park unit and directs the Service to complete the report in a timely manner.

Valles Caldera National Preserve.—The Committees are concerned about the presence of illegal trespass cattle on the Valles Caldera National Preserve in violation of the Preserve's authorizing statute and Service policy. The Service, in cooperation with the U.S. Forest Service, is urged to make progress on infrastructure improvements that will effectively exclude unauthorized cattle from the Preserve.

CENTENNIAL CHALLENGE

The bill provides \$15,000,000 for the Centennial Challenge matching grant program.

UNITED STATES GEOLOGICAL SURVEY SURVEYS, INVESTIGATIONS, AND RESEARCH (INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,497,178,000 for Surveys, Investigations, and Research of the U.S. Geological Survey (USGS, or the Survey). All

programs and activities are funded at the amounts enacted in fiscal year 2022 unless otherwise specified below or in the table at the end of this division. Fixed costs are provided. The Survey is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400 unless otherwise specified below. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

Ecosystems.—The agreement provides \$307,176,000 as outlined below.

Environmental Health Program.—The agreement provides \$30,457,000 for Environmental Health, which includes \$12,528,000 for Contaminant Biology and \$17,929,000 for Toxic Substances Hydrology. The agreement includes no less than a \$2,000,000 increase above the enacted level for research on harmful algal blooms; \$2,700,000 for research on the transmission of per- and polyfluoroalkyl substances (PFOA/PFAS) in watersheds and aquifers; and the \$1,000,000 requested for mitigation of contaminant exposures and recycling of mine waste. The Survey is to continue its research as directed in House Report 117-400.

Plastics.—The Survey is urged to emphasize plastics research, including microplastics and nanoplastics research, in the environmental health strategic vision the Survey is developing and to brief the Committees on its findings after release of the review.

Species Management Research Program.—The agreement provides \$63,904,000 which includes an increase of \$500,000 for Hawaiian forest birds to respond to the urgent needs of critically endangered Hawaiian forest birds that, due to climate change, now face imminent extinction from non-native mosquitoes that carry avian malaria and other pathogens lethal to these birds; \$500,000 to support and collaborate with the USA National Phenology Network; \$2,000,000 for deepwater fisheries research at the Great Lakes Science Center; and the requested funding rebase of \$5,087,000. The Survey is directed to follow the guidance on saline lakes contained in the joint explanatory statement accompanying Public Law 117-103.

Land Management Research Program.—The agreement provides \$54,806,000 including \$8,000,000 for Chesapeake Bay activities; an increase of \$1,000,000 to expand research on vegetation treatments to restore the integrity of native Sagebrush Sea ecosystems; and a reduction of \$7,707,000 as requested to rebase funding.

Biological Threats and Invasive Species Research Program.—The agreement provides \$46,622,000 including \$4,970,000 for chronic wasting disease (CWD) and maintaining the direction for CWD contained in the joint explanatory statement accompanying Public Law 117-103. The agreement provides \$700,000 for coral disease and \$2,000,000 for research to develop integrated approaches to tick management including using biodiversity and ecosystem services to lower population counts. This research should be conducted with coordination from several States in a region that is most heavily impacted by the prevalence of ticks and tick-borne disease. The agreement also provides \$11,000,000 for invasive carp research, of which \$3,000,000 is for research on grass carp. The direction found in Senate Report 116-123 is continued for invasive carp, coral disease, and invasive species research, detection, and response efforts. Additional resources for invasives species were provided in Public Law 117-58 to the Office of the Secretary. The requested funding rebase of \$2,620,000 is provided and funding is continued at the enacted level for white-nose syndrome (WNS) research and the direction found in Senate Report 116-123 is continued for WNS research.

Climate Adaptation Science Center and Land Change Science Program.—The agreement provides \$83,181,000 of which \$63,115,000 is for the National and Regional Climate Adaptation Science Centers. The agreement also provides \$20,066,000 for Land Change Science.

Cooperative Research Units Program.—Cooperative Research Units (CRUs) are funded at \$28,206,000 in accordance with the specifications outlined in House Report 117-400. Of the funds provided, the Survey is directed to use at least \$800,000 from within available funds to establish a CRU at a land-grant institution within a State that does not have a CRU. Priority should be given to funding a CRU that can serve the diverse aquatic and ecological landscapes, including urban and rural components, that encompass the Lake Michigan and Ohio River ecosystems. The agreement also provides \$250,000 from within available funds for research into the causes of malignant melanomas affecting 25 percent or more of brown bullhead (*Ameiurus nebulosus*) in some northern New England waters and related fishery research at the host institution.

Great Lakes Science.—The Survey is directed to follow the guidance contained in House Report 117-400.

Energy and Mineral Resources.—The agreement provides \$104,220,000 for Energy and Mineral Resources. Mineral Resources is funded at \$70,855,000 which provides \$10,848,000 for the critical minerals Earth Mapping Resources Initiative (Earth MRI) and provides an increase of \$5,000,000 for mine waste research and to characterize mine waste as a potential source for critical minerals. Energy Resources is funded at \$33,365,000 including \$2,977,000 for geologic carbon sequestration, a portion of which is to advance the understanding of alkalinity sources of carbon mineralization as outlined in House Report 117-83.

The Committees urge the Survey, when developing critical mineral maps, to consider other sensitive resources such as sacred Tribal sites, sensitive watersheds, critical habitat, and other areas with special designations, and prioritize mapping in those areas that do not conflict with other previously identified sensitive resources. The Committees encourage the Survey to work with partner agencies responsible for permitting critical mineral projects and to increase the provision and public release of science to inform decision-making for permitting processes, including data and analysis from the Earth MRI program and mineral resource assessments as called for under the Energy Act of 2020.

The Survey is expected to continue critical mineral mapping efforts in Alaska, pursuant to the budget request, at no less than the fiscal year 2022 enacted level and to brief the Committees on such efforts within 90 days of enactment of this Act.

Natural Hazards.—The agreement provides \$200,256,000 for the Natural Hazards Program, including \$92,651,000 for earthquake hazards. Within this funding, \$28,600,000 is included for continued development and expansion of the ShakeAlert West Coast earthquake early warning (EEW) system to enable its completion by 2025, as well as the timely processing of station permits and License to Operate applications. The establishment of a memorandum of understanding between the Survey and its ShakeAlert state government partners to enable closer collaboration and coordination on future system improvements is supported. Continued efforts to complete and operate the EEW system on the West Coast are supported.

Concerns remain regarding the lack of knowledge and offshore real time instrumentation available for the Cascadia subduction zone and the direction in House Report 117-400 is maintained.

The agreement continues no less than the enacted level for the national seismic hazard map, including for expansion to Puerto Rico and the Virgin Islands, for regional networks to operate and maintain recently acquired USArray stations, for the Advanced National Seismic System (ANSS) and for regional seismic networks including the Central and Eastern U.S. Network.

The agreement provides \$37,500,000 for volcano hazards.

In 2019 the National Volcano Early Warning and Monitoring System (NVEWS) was initiated. The Survey is completing the two prerequisite steps to NVEWS expansion and upgrades and is encouraged to accelerate the pace of these activities where possible. The agreement provides \$18,349,000 for NVEWS an increase of \$2,591,000 over the enacted level. Within 60 days of enactment of this Act, the Survey is directed to brief the Committees on the NVEWS program and how this increase is allocated within the program. The agreement further provides an increase of \$750,000 for Volcanic Hazards Assessments. The Survey is directed to follow the guidance regarding early warning systems contained in the joint explanatory statement accompanying Public Law 117-103.

The agreement includes \$14,432,000 for landslide hazards which includes an increase of \$4,774,000 for science as outlined in House Report 117-400.

The agreement also includes an increase of \$500,000 above the fiscal year 2022 enacted level towards collaborating with State, local, and regional entities in Alaska, particularly areas with heightened risk like those communities in Prince William Sound and Southeast Alaska to develop, support, and maintain landslide monitoring systems. The Survey is directed to collaborate with local and Indigenous people and entities to support and maintain landslide monitoring systems. The Survey is directed to continue to collaborate with the National Oceanic and Atmospheric Administration and State and local governments to assess landslide potential and hazards and implement tsunami warning capabilities in Southeast Alaska and Prince William Sound, expanding its work to locations that have recently experienced landslides and will continue to face the threat of devastating landslides, including through the use of physical instrumentation or remote sensing technologies, particularly where the threat of a landslide and tsunami presents the most serious risks to residents, visitors, and property. Further, the Survey is directed to brief the Committees within 60 days of enactment of this Act on what resources are needed to aid the development and deployment of early warning technologies to affected communities.

The agreement provides \$5,251,000 for Geomagnetism including no less than the fiscal year 2022 enacted level for the magnetotelluric survey to advance the collection of magnetotelluric observations of the Earth's naturally occurring electric and magnetic fields in the U.S. regions.

Water Resources.—The agreement provides \$304,434,000 for Water Resources, with \$66,529,000 for activities associated with the Cooperative Matching Funds. Water Availability and Use Science is funded at \$74,296,000, which includes \$1,000,000 for the U.S.-Mexico transboundary aquifer assessment; \$13,500,000 for integrated water prediction to continue to utilize the best available technology to develop advanced modeling tools, state-of-the-art forecasts, and decision support systems and to incorporate these capabilities into daily water operations; \$1,750,000 for a regional Integrated Water Availability Assessment (IWAA) study program for saline lakes to expand the assessment and monitoring of the hydrology of

saline lakes in the Great Basin and the migratory birds and other wildlife dependent on those habitats; \$3,500,000 for the Survey's work with the Open ET consortium and the Open ET software system; and \$2,000,000 for the Mississippi Alluvial Plain (MAP) IWAA to focus on delivery of a groundwater model-based decision support system to support water sustainability decision-making and a basin-wide model and monitoring program for irrigation water-use.

The agreement provides \$5,000,000 to establish a center to study complete water cycles and watersheds from mountaintops to shorelines. The center should focus on freshwater ecosystems with diverse industries, water use, and geological surroundings that impact the local watershed. All aspects of the water cycle should be considered including negative outcomes such as drought, flooding, and harmful algal blooms. This center should be located near and work in collaboration with at least one Water Resources Research Institute and collaborate with other relevant water institutes such as Sea Grant and the Northeastern States Research Cooperative.

The agreement provides \$1,000,000 to the Survey, in cooperation with the Bureau of Land Management, to increase its investment in streamflow permanence modeling in the Pacific Northwest.

Groundwater and Streamflow Information is funded at \$114,558,000 which includes \$500,000 to maintain operational capacity within the existing super-gage network along the Ohio River in basins containing unique geology, distinct soils, and a significant agricultural presence. The agreement also includes \$25,715,000 for Federal priority streamgages and \$29,500,000 for the Next Generation Water Observing System (NGWOS). The Survey is encouraged to partner, where appropriate, with State and local government officials and with the academic research community. Funding for NGWOS includes the enacted level of \$4,500,000 to continue work with universities and other partners to develop innovative water resource sensor technologies that are scalable to regional and national monitoring networks. The Survey is directed to deliver a report to the Committees within 180 days of the enactment of this Act on a plan for full national implementation of the NGWOS. The agreement provides \$3,870,000 to support and maintain operational capacity of existing streamgages on certain transboundary rivers, including those at risk from mining pollution originating in Canada, including in the Kootenai watershed. This includes at least \$1,500,000 for implementation of the baseline strategy for transboundary rivers, as outlined by the Survey's Water Quality Baseline Assessment for Transboundary Rivers; \$120,000 for the streamgage on the Unuk River; and an additional \$750,000 above enacted levels for expanded water quality monitoring and analysis efforts in the Kootenai watershed to support interagency efforts to evaluate and reduce transboundary pollution through the installation of new streamgages, expanded analyses, and related activities. The Survey is directed to continue to expand its streamgage monitoring of transboundary watersheds and to work with the Environmental Protection Agency to ensure the relevant equipment is deployed to the Kootenai watershed to support the agency's work to evaluate and reduce transboundary pollution. The direction is continued that the Survey enter into a formal partnership with local Tribes and other Federal agencies as necessary in the area to develop a water quality strategy for the transboundary rivers.

On-going monitoring of critical water budget components in the Klamath Basin is critical to provide the information needed to

assess controls of inflow to Upper Klamath Lake from surface water and groundwater, improve snowmelt prediction, and forecast impacts of drought and other drivers on water availability for both human and ecological uses and the agreement provides at least the fiscal year 2022 enacted level to continue to expand this work.

Hydrological Science Talent Pipeline.—Robust participation with universities in the hydrologic sciences is essential to building a talent pipeline as well as building capacity to support future hydrological research and operational efforts. To support this, the agreement continues funding of \$2,000,000 within the Water Availability and Use Science Program and \$2,000,000 within the National Groundwater and Streamflow Information Program to pursue such cooperative research agreements with an emphasis on locations where the Survey has pending hydrological facilities as well as where there are other Federal operational hydrologic resources.

The agreement includes \$100,080,000 for the National Water Quality program which includes \$7,490,000 for harmful algal bloom research. The agreement provides an increase of \$500,000 to support PFAS substances research. The Survey is directed to consult with States and Tribes to determine priority mapping areas for PFAS contamination and to follow the direction in House Report 117-400.

Water Resources Research Institutes.—The agreement provides \$15,500,000 including \$1,500,000 for research on the control and management of aquatic invasive species in the Upper Mississippi River region and an increase of \$500,000 over the fiscal year 2022 enacted level for PFAS research as directed in House Report 117-400. The remaining fiscal year 2023 increase over the fiscal year 2022 enacted level is to be directed toward annual base grants (104b).

Special Initiatives.—The agreement provides an additional amount of \$2,130,000 in congressionally directed spending for Special Initiatives projects. Further detail on these projects is located in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" accompanying this explanatory statement.

Core Science Systems.—The agreement provides \$284,607,000, which includes \$30,480,000 for science, synthesis, analysis, and research including an increase of \$3,650,000 for supercomputing associated with high-risk accelerated climate research and maintains the fiscal year 2022 enacted level of funding for National Geologic and Geophysical Data Preservation which is supplemented by funding provided in Public Law 117-58. The agreement provides \$44,556,000 for the National Cooperative Geologic Mapping of which the increase above fixed costs is outlined in House Report 117-400.

The National Geospatial program is funded at \$93,650,000 including \$500,000 for the 3D National Topography Model; \$42,905,000 for 3D Elevation Program (3DEP) providing an increase of \$3,000,000 for Federal lands in western states; \$330,000 for geospatial work focused on Tribal lands; \$1,900,000 for the United States Board of Geographic Names; \$1,350,000 for the National Digital Trails project; and an increase of \$250,000 for topoBuilder.

No less than \$10,000,000 is provided for the Alaska mapping and map modernization initiative, which includes modernizing Alaskan hydrography datasets. The direction contained in the joint explanatory statement accompanying Public Law 117-103 regarding Alaska mapping is continued.

The National Land Imaging program is funded at \$115,921,000 which includes

\$92,184,000 for Satellite Operations and maintains the enacted level for the National Civil Applications Center. The agreement recognizes the value of the Remote Sensing State Grants program and provides \$1,465,000 to ensure the on-going viability of the program nationwide. The agreement also includes an increase of \$500,000 for biologic carbon sequestration.

Science Support.—The agreement includes \$106,304,000 which includes \$82,179,000 for administration and management including increases of \$724,000 for scientific integrity; \$100,000 for fleet enhancement; and increases outlined in House Report 117-400; and \$24,125,000 for Information Services which provides an increase of \$1,500,000 for cloud and high-performance computing.

Facilities.—The agreement provides funding for deferred maintenance and capital improvement projects as requested including \$176,000 for Field Communications Modernization as requested.

BUREAU OF OCEAN ENERGY MANAGEMENT

OCEAN ENERGY MANAGEMENT

The bill provides \$219,960,000 for the Ocean Energy Management appropriation, which is partially offset through the collection of rental receipts and cost recovery fees totaling \$37,000,000, resulting in a net appropriation of \$182,960,000. Specific allocations at the activity level are contained in the table accompanying this explanatory statement.

The Bureau will follow the directives contained in the explanatory statement accompanying Public Law 117-103 related to Offshore Wind Site Identification, Regional Citizen Advisory Councils, and Marine Minerals.

Renewable Energy.—The bill provides \$42,818,000 for renewable energy. The Bureau is expected to collaborate with existing Regional Ocean Partnerships to inform the siting and development of wind energy areas. Further, project boundaries will be drawn in partnership with a diversity of maritime users and stakeholder groups, particularly on the West Coast. The Bureau is directed to consider working groups or other mechanisms to ensure appropriate engagement occurs with local communities and stakeholders in the Pacific Northwest.

Conventional Energy.—The bill provides \$61,487,000 for conventional energy.

Geologic Carbon Sequestration.—The agreement includes not less than \$2,000,000 for geologic carbon sequestration on the Outer Continental Shelf as authorized by the Infrastructure Investment and Jobs Act (Public Law 117-58; 43 U.S.C. 1337(p)(1)(E)). The Committees expect the Bureau to build and support necessary expertise using funds within Environmental Programs and Conventional Energy. The Committees direct the Bureau to complete the necessary technical, safety, and environmental work expeditiously to begin implementation and ensure long-term secure storage while reducing the risk of environmental impacts. The Bureau is further directed to brief the Committees on this effort within 60 days of enactment of this Act.

Environmental Assessment.—The bill provides \$82,373,000 for environmental assessment. Up to \$5,000,000 is available for the Bureau to partner with academia and state agencies to establish a Center for Paleoenvironmental Records of Extreme Events. The Bureau will provide the Committees with a spend plan detailing the establishment of the center, its location, and associated costs within 90 days of enactment of this Act.

Bureau of Safety and Environmental Enforcement

OFFSHORE SAFETY AND ENVIRONMENTAL ENFORCEMENT

The bill provides \$213,886,000 for the Offshore Safety and Environmental Enforcement appropriation. This amount is partially

offset through the collection of rental receipts, cost recovery fees and inspection fees totaling \$57,000,000, resulting in a net appropriation of \$156,886,000. Specific allocations at the activity level are contained in the table accompanying this explanatory statement.

OIL SPILL RESEARCH

The bill provides \$15,099,000 for Oil Spill Research.

Arctic Oil Spill Research.—The Bureau will continue to follow the directive regarding Arctic Oil Spill Research contained in the explanatory statement accompanying Public Law 117-103.

Office of Surface Mining Reclamation and Enforcement

REGULATION AND TECHNOLOGY

The bill provides \$121,026,000 for the Regulation and Technology appropriation.

ABANDONED MINE RECLAMATION FUND

The bill provides \$168,904,000 for the Abandoned Mine Reclamation Fund appropriation. Of the funds provided, \$33,904,000 shall be derived from the Abandoned Mine Reclamation Fund and \$135,000,000 shall be derived from the General Fund. The Office is directed to work with States to determine how reclamation grants may be used to address the long term abatement and treatment of acid mine drainage.

Abandoned Mine Land Economic Revitalization (AMLER).—The bill provides a total of \$135,000,000 for grants to States and federally recognized Indian Tribes for the reclamation of abandoned mine lands in conjunction with economic and community development and reuse goals. For fiscal year 2023, \$88,042,000 shall be divided equally between the three Appalachian States with the largest unfunded needs for the reclamation of Priority 1 and Priority 2 sites as delineated in the AML Inventory System; \$35,218,000 shall be divided equally between the next three Appalachian States with the largest unfunded needs for the reclamation of Priority 1 and Priority 2 sites as delineated in the AML Inventory System; and \$11,740,000 shall be for grants to federally recognized Indian Tribes. The Office is expected to continue to follow the additional program direction provided in Senate Report 116-123. The Committees expect the Office to increase its capacity and expertise to improve collaboration with States and Tribes and to process proposed projects in a timely and transparent manner. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

INDIAN AFFAIRS

BUREAU OF INDIAN AFFAIRS

OPERATION OF INDIAN PROGRAMS

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,906,998,000 for Operation of Indian Programs. All programs, projects, and activities are maintained at fiscal year 2022 enacted levels, except fixed costs and internal transfers as recast, or unless otherwise specified below. Additional increases are general program increases unless otherwise specified. For this and all other Bureau accounts funded in this bill, Indian Affairs is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400, unless otherwise specified below. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2022 (Public Law 117-103) regarding Missing and Murdered Indigenous Women (MMIW), advanced training for public safety and justice training needs, Indian Police Academy, the Tiwahe expansion plan, pre-fire detection technology, Osage Nation records, law enforcement training needs,

Alaska Native housing mortgage assistance, tribal land trash assessment, and MMIW Initiative comprehensive review is restated. Additional details, instructions, and requirements are included below and in the table at the end of this division. Indian Affairs is reminded of the importance of meeting reporting requirement deadlines so that the Committees can properly evaluate programs. Failure to do so could negatively impact future budgets.

Tiwahe.—The bill includes additional funds, as noted below, under Human Services to expand the Tiwahe Initiative to more Tribes for human services-related Tiwahe activities. As part of the expansion, the Bureau may consider including Tribal consortiums as eligible entities. Further, the Committees expect funding to existing Tiwahe pilot programs to continue in the same amounts to the same recipients, including funding to support women and children's shelters.

Tribal Government.—The agreement provides \$368,988,000 for Tribal Government programs. The Committees encourage the Bureau to provide technical assistance to the maximum extent practicable to recently federally recognized Tribes on how best to leverage funding through existing programs. Indian Affairs is directed to brief the Committees on the status of pending requests by Alaska Natives seeking organization under the Alaska amendment to the Indian Reorganization Act and how Indian Affairs plans to bring these pending cases to a resolution.

The Committees have consistently included funding and directives regarding the Small and Needy Tribes supplement and continue to be concerned about the overall administration of this important program. Within 60 days of enactment of this Act, the Committees direct the Bureau to prepare a report for the current and prior two fiscal years identifying which Tribes qualify for the small and needy supplement, explaining in detail the methodology used to calculate each Tribe's revenue to determine eligibility for the small and needy supplement (listing the programs that are counted against the cap), and provide a chart showing how those calculations were made for each eligible Tribe each year. Upon completion of the report, the Committees expect the Bureau to post this data online for at least 60 days to enable Tribes time to review it and confirm the correct data is used before funds are distributed. Further, the Committees understand the Bureau is undergoing

Tribal consultation to determine if changes should be made to the program and directs the agency to notify the Committees within 30 days before adopting or finalizing any changes to the current formula.

The agreement also includes \$39,190,000 for the Road Maintenance program, which continues funding at fiscal year 2022 levels for school bus roads and the NATIVE Act (Public Law 114-22). The Committees direct the Bureau to report back within 60 days of enactment of this Act on funds provided to implement the NATIVE Act that have not been utilized for roads along with a strategy outlining how to meet the increased demand to address tourism needs across Indian Country. The BIA Road Maintenance and Repair program faces significant backlogs with some roads in need of repair for decades, including BIA Routes 3, 7, 8, and 12, which require re-graveling and improvements to address safety concerns. The Committees encourage BIA to fund these repair projects and make the necessary safety improvements to the roads, within funding limitations. Further, the Committees direct the Bureau to report on implementation of the GAO-17-423 recommendations and provide an allocation and obligation plan for fiscal year 2023 funding within 60 days of enactment of this Act.

Human Services.—The bill provides \$166,985,000 for Human Services programs. The Committees provide \$54,934,000 for Social Services (TPA), which includes an additional \$1,000,000 to expand the Tiwahe Initiative to new sites, as noted above, and an additional \$1,000,000 to implement the Indian Child Protection and Family Violence Prevention Act (Public Law 101-630). For the Indian Child Welfare Act program, \$17,848,000 is provided, which includes an additional \$1,000,000 to expand the Tiwahe Initiative to new sites, as noted above, and an additional \$500,000 is included to implement section 202 of the Indian Child Welfare Act (25 U.S.C. §1932). The agreement includes \$12,219,000 for the Housing Improvement Act. The Bureau is further directed to provide to the Committees within 120 days of enactment of this Act an analysis of Alaska Natives' eligibility for both Housing Improvement Program mortgage assistance grants and mortgages, as well as any barriers to affording new, energy-efficient homes in western Alaskan villages off-road system.

Trust—Natural Resources Management.—The bill provides \$333,119,000 for Natural Resources Management programs, which continues funding at the fiscal year 2022 enacted level for the Everglades. For Natural Resources (TPA), the agreement provides \$16,903,000, which includes an additional \$1,000,000 for the Indian Youth Service Corps and maintains funding for land acquisitions for newly recognized or landless Tribes at the authorized level. The Bureau is encouraged to work with the committees of jurisdiction to evaluate whether a change in authorization for land acquisition is warranted. The agreement includes an additional \$1,000,000 to replace the National Indian Irrigation Management System in Irrigation Operations and Maintenance programs for a total funding level of \$15,269,000. The agreement provides \$49,200,000 for Rights Protection Implementation (RPI), which maintains funding for law enforcement needs, operations and maintenance needs, and includes \$1,300,000 for construction, all as required to implement the Columbia River In-Lieu and Treaty Fishing Access Sites Improvement Act (Public Law 116-99). Within the general program increase for RPI, the Committees expect funding to be distributed to all those who receive distributions, including funding for tribes who must implement terms of the Pacific Salmon Treaty.

The bill provides \$18,544,000 for Tribal Management/Development programs (TMDP), which includes a general program increase of \$3,000,000 to be distributed to all the lines within the funding allocation table and an additional \$1,000,000 to implement Public Law 116-260 with respect to the return of the National Bison Range to the Confederated Salish and Kootenai Tribe as outlined in the budget request. The Committees are aware the Bureau entered into cooperative agreements with Ahtna Inter-Tribal Resource Commission and the Kuskokwim River Inter-Tribal Fisheries Commission and has initiated similar agreements with other organizations. Therefore, the Committees expect these pilot projects and programs to continue, and the Bureau is expected to report to the Committees within 60 days of enactment of this Act on a distribution plan for these funds. An additional \$1,000,000 is included for Endangered Species programs for uses as proposed in the request for a total of \$6,243,000.

For Tribal Climate Resilience, the agreement provides \$34,991,000, which includes an additional \$750,000 for Tribal climate adaptation grants to be used by the Bureau to report to the Committees within one year of enactment of this Act information on the estimated unmet need of coastal Tribes in the

lower 48 states that are facing relocation due to climate impacts. An additional \$1,500,000 is provided for Tribal relocation grants, for which all Tribes shall be eligible, and \$750,000 is to implement the Pathways Internship Program. The Committees remind the Bureau that the Denali Commission was designated as the lead coordinating agency for Alaska Native village relocation in 2015, and the Commission has been leading the efforts since then. The Committees recommend the Bureau work closely with the Commission to avoid duplication of work and to take advantage of the Commission's expertise in the area when considering relocation grants.

The bill provides \$39,438,000 for Agriculture and Range programs, which includes an additional \$500,000 for the invasive species program. For Forestry Programs, the agreement provides \$66,017,000, which provides a \$2,500,000 general program increase for Forestry Program (TPA) and an additional \$1,000,000 in Forestry Projects for uses as requested.

For Water Resources programs, the agreement provides \$18,426,000, which includes \$500,000 to install water filtration systems, an additional \$1,500,000 general program increase for Water Resources (TPA), and an additional \$500,000 for the Water Resources Technician training program in Water Management, Planning and Pre-development. For Fish, Wildlife and Parks programs, the agreement provides \$23,699,000, which includes a \$2,000,000 general program increase for Wildlife and Parks (TPA) and an additional \$1,000,000 in Fish, Wildlife, and Parks Projects for operation of fish hatcheries. As requested, the Committees rename the Mineral and Mining program to Energy and Minerals to encompass the full array of existing activities and provide an additional \$1,000,000 for uses as outlined in the budget request.

The Committees understand the investigation in the Chaco Canyon region of the Southwest is complete. Funding provided in previous years for this purpose are repurposed as a general program increase in Resource Management Program Oversight.

Trust—Real Estate Services.—The bill provides \$159,003,000 for Trust—Real Estate Services, of which \$500,000 within Trust Services (TPA) is to implement the Gila River Indian Community Federal Rights-of-Way, Easements and Boundary Clarification Act (Public Law 115-350), an additional \$2,000,000 is to continue remediating open dumps and prepare for other environmental quality challenges, and an additional \$1,000,000 is to complete demolition and abatement of the vacant BIA buildings at Shiprock as detailed in the budget request, both within Environmental Quality Projects. Funding is continued at fiscal year 2022 enacted levels with fixed costs for the Alaska Native Claims Settlement Act historical places. An additional \$1,374,000 is included for additional realty staff as requested in Trust—Real Estate Services Oversight.

Public Safety and Justice.—The bill provides \$579,725,000 for Public Safety and Justice programs. For Criminal Investigations and Police Services, the agreement includes \$7,000,000 for Tribes not receiving law enforcement services or funding, as detailed below. The agreement maintains \$62,000,000 to implement public safety changes resulting from the *McGirt v. Oklahoma* Supreme Court decision, however funding is redistributed based on a reprogramming request by the Bureau after consultation with impacted Tribes. As a result, the amount for Criminal Investigations and Police Services reflects a \$15,546,000 transfer to Detentions/Corrections, and a \$23,341,000 transfer to Tribal Courts (TPA). Further, funds provided in fiscal year 2022 for bodyworn cameras is repurposed as a general program increase, as

requested. Funding for MMIW cold cases, background checks to hire more law enforcement officers, and law enforcement to implement the Native American Graves Protection and Repatriation Act (NAGPRA) is continued at fiscal year 2022 enacted levels. The Committees remain concerned about theft, looting, and trafficking of sacred objects and items of cultural patrimony, and note the importance of enforcing NAGPRA and related laws. The bill continues funding for opioids grants and maintains flexibility for use of the funds against other illicit drugs.

The Committees understand there are over 30 Tribes, including some in Oregon, Wisconsin, and elsewhere, for which BIA is responsible for providing law enforcement services, but which are not receiving either direct services or funding from BIA to provide the services on their own. The agreement includes \$7,000,000 for law enforcement services for these Tribes. Within 30 days of enactment of this Act, the Committees direct the Bureau to provide a report of all Tribes that meet this requirement and the amount of additional funding required to provide them parity in funding with other Tribes. In addition, the Committees expect the Bureau to consult with the Tribes regarding the allocation of funds and to submit a subsequent reprogramming request to allocate portions of the funding to other public safety and justice functions as necessary.

Within 90 days of enactment of this Act, the Bureau shall brief the Committees on the status of law enforcement vacancies in each Bureau region, as well as the number of law enforcement background checks pending as of the date of enactment.

The agreement includes \$136,324,000 for Detention/Corrections, which maintains previously provided increases for Indian Country detention facilities and background checks, and includes the previously mentioned transfer because of the *McGirt* reprogramming. Due to reports of high numbers of deaths in BIA-funded detention facilities, the Committees direct the Office of the Inspector General (OIG) to follow-up on closed OIG recommendations to determine whether changes made by BIA in response to prior recommendations are being implemented correctly. As part of the review, the Committees expect the OIG to examine appropriations provided for Detention/Corrections in prior years to determine how the funds were spent and whether they were spent correctly. This review should begin no later than 60 days after enactment of this Act.

The agreement includes \$25,094,000 for Law Enforcement Special Initiatives, which continues funding at enacted levels for the MMIW Tribal Public Safety initiative, Tiwahe recidivism initiative, equipment to collect and preserve evidence at crime scenes, and victim witness specialists.

For Tribal Justice Support, \$34,836,000 is provided, which maintains \$3,000,000 to implement and ensure compliance with the Violence Against Women Act and provides an additional \$2,000,000 to address the needs of Tribes affected by Public Law 93-280 as outlined in the Senate Report 116-123. The agreement includes \$71,770,000 for Tribal Courts (TPA), of which an additional \$1,000,000 is for operation and maintenance of courts, as requested.

Community and Economic Development.—The bill provides \$31,172,000 for Community and Economic Development programs, which includes \$13,759,000 for Job Placement and Training (TPA), \$5,855,000 for Economic development (TPA), of which an additional \$500,000 is for business incubators; and \$11,558,000 is for Community Development Central Oversight, of which an additional \$2,000,000 is for grants to federally recognized

Indian Tribes and Tribal organizations to provide native language instruction and immersion programs to Native students not enrolled at BIE schools, including those Tribes and organizations in states without Bureau-funded schools. Funding for Public Law 114-22 is maintained at the fiscal year 2022 enacted level, less a transfer of \$1,176,000 to the Office of the Secretary to carry out the program for Native Hawaiian Organizations.

Executive Direction and Administrative Services.—The bill includes \$263,766,000 for Executive Direction and Administrative Services, of which: \$19,409,000 is for Assistant Secretary support, which maintains funding to implement the PROGRESS Act, the Diversity and Inclusion program for BIA and OST, and the Native boarding school initiative. Within Administrative Services (Central), \$74,000 is provided for fixed costs while no fixed costs are included for Administrative Services (Regional). Within Human Capital Management, an additional \$160,000 is provided for uses as requested. The bill includes \$4,240,000 for Special Initiatives identified in the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" included at the end of this division.

INDIAN LAND CONSOLIDATION

The bill provides \$8,000,000 for Indian Land Consolidation. Within 30 days of enactment of this Act, the Bureau is directed to submit administrative expense estimates and performance metrics, including the proposed number of fractionated interests to be purchased and acreage consolidated. Going forward, the Bureau is expected to include this data in the annual budget justification.

CONTRACT SUPPORT COSTS

The bill provides an indefinite appropriation for contract support costs, consistent with fiscal year 2022 and estimated to be \$328,000,000 in fiscal year 2023.

PAYMENTS FOR TRIBAL LEASES

The bill provides an indefinite appropriation for payments under section 105(l) of the Indian Self-Determination and Education Assistance Act, consistent with fiscal year 2022 and estimated to be \$30,000,000 in fiscal year 2023.

CONSTRUCTION

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$153,309,000 for Construction. All programs, projects, and activities are maintained at fiscal year 2022 levels, except for fixed cost and transfers as recast, or unless otherwise specified below. Increases are general program increases unless otherwise noted. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2022 (Public Law 117-103) regarding the San Carlos Apache Tribe's public safety facilities is restated.

Public Safety and Justice Construction.—The bill provides \$51,561,000 for Public Safety and Justice Construction programs and includes the following: \$33,500,000 for facilities replacement and new construction; \$4,744,000 for employee housing; \$9,872,000 for facilities improvement and repair; \$171,000 for fire safety coordination; and \$3,274,000 for fire protection.

The Bureau is expected to distribute funds provided in this Act to expeditiously complete construction of adult detention center projects that were previously awarded. Remaining amounts should be considered available for all public safety and justice facilities, consistent with previous direction. Direction is provided for the Bureau to: (1) produce a plan on how to spend unobligated public safety and justice balances on facilities in poor condition; and (2) provide the

plan to the Committees within 120 days of enactment of this Act.

Resources Management Construction.—The bill provides \$75,213,000 for Resources Management Construction programs. Within this amount, \$28,716,000 is for irrigation project construction, of which \$10,000,000 is continued for projects authorized by the WIIN Act (Public Law 114–322). The Committees expect the funds designated for WIIN Act activities will be deposited into the Indian Irrigation Fund to fund those projects authorized by Public Law 114–322. Further, the agreement includes \$2,758,000 for engineering and supervision; \$1,016,000 for survey and design; \$671,000 for Federal power compliance; and \$42,052,000 for dam safety and maintenance, which includes an additional \$1,000,000 for dam maintenance. The Committees direct the Bureau to begin dam safety work expeditiously and to provide a report to the Committees on the number of reservation dams in need of a safety review and hazard classification.

Other Program Construction.—The bill provides \$26,535,000 for Other Program Construction. This amount provides \$2,419,000 for telecommunications, which includes \$1,000,000 for the Interior-wide field communication modernization project; \$4,619,000 for facilities and quarters, which includes an additional \$550,000 for fleet management infrastructure; and \$19,497,000 for program management, and an additional \$74,000 to continue the project at Fort Peck.

INDIAN LAND AND WATER CLAIM SETTLEMENTS AND MISCELLANEOUS PAYMENTS TO INDIANS

The bill provides \$825,000 for Indian Land and Water Claim Settlements and Miscellaneous Payments to Indians. Additional details are included in the bill language and in the table at the end of this division.

INDIAN GUARANTEED LOAN PROGRAM ACCOUNT

The bill provides \$13,884,000 for the Indian Guaranteed Loan Program Account to facilitate business investments in Indian Country. This includes a general program increase and funding to expand technical assistance, both as requested.

BUREAU OF INDIAN EDUCATION

OPERATION OF INDIAN EDUCATION PROGRAMS

Bureau of Indian Education.—The bill includes \$1,133,552,000 for Bureau of Indian Education (BIE) Operation of Indian Education Programs. All programs, projects, and activities are maintained at fiscal year 2022 enacted levels, except for fixed costs and internal transfers as recast, or unless otherwise specified below. Increases are general program increases unless otherwise specified. For this and all other Bureau accounts funded in this bill, the Bureau is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117–400, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116–260) regarding displaying amounts required to comply with Department of Defense Education Activity, collecting fixed cost information from Tribal colleges and universities, and Tribal colleges and universities operations, maintenance, and infrastructure needs is restated.

Elementary/Secondary Programs (forward funded).—The bill includes \$706,185,000 for Elementary/Secondary Programs. Tribal grant support costs are fully funded. Within Education Program Enhancements, \$2,153,000 is included for teacher recruitment and retention, as requested, and an additional \$2,000,000 is included for Native language im-

mersion grants at BIE-funded schools. An additional \$3,000,000 is provided in Early Child and Family Development to increase support for existing early child and family development programs and to expand to new programs.

Post-Secondary Programs (forward funded).—Post-secondary programs (forward-funded) are provided with \$127,407,000, which includes \$2,000,000 for endowments at Tribal colleges and universities.

Johnson O'Malley.—The agreement provides \$21,570,000 for Johnson O'Malley programs. In prior years, the Committees included funding for capacity building but for fiscal year 2023, this funding is repurposed as a general program increase. Indian Affairs is expected to comply with the reporting requirements in House Report 117–400 as well as develop recommended processes and timelines to ensure the JOM program operates effectively and efficiently and to submit a report to the Committees within 120 days from enactment of this Act on the progress being made towards meeting GAO recommendations. Further Indian Affairs is expected to include estimates of necessary appropriations levels to provide per pupil funding levels equal to the fiscal year 2018 level per pupil levels for all newly reported eligible students.

Education Management.—The agreement includes \$39,291,000 for Education Management, which includes increases as requested for Education Program Management and an additional \$4,000,000 for requested Education IT uses. Within 90 days of enactment of this Act, the Bureau is directed to provide a detailed spend plan with timelines for the Education IT funds.

EDUCATION CONSTRUCTION

Education Construction.—The bill provides \$267,887,000 for schools and related facilities within the BIE system. All programs, projects, and activities are maintained at fiscal year 2022 levels, except for requested fixed costs and internal transfers, or unless otherwise specified below. All increases are general program increases unless otherwise noted below. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2021 (Public Law 116–260) regarding Tribal college and university operations, maintenance and infrastructure needs is restated. The agreement includes the following: \$116,504,000 for replacement school campus construction; \$23,935,000 for replacement facility construction; \$1,500,000 for replacement/new employee housing; \$13,595,000 for employee housing repair; \$96,353,000 for facilities improvement and repair; and \$16,000,000 for Tribal colleges and universities' facilities requirements.

OFFICE OF THE SPECIAL TRUSTEE FOR AMERICAN INDIANS

FEDERAL TRUST PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$111,272,000 for the Office of the Special Trustee for American Indians (OST) and rejects the proposed budget structure for a new Bureau of Trust Funds Administration (BTFA) within the Office of the Assistant Secretary-Indian Affairs. This should not be construed as interfering with the statutorily required sunset of OST. This amount includes fixed costs as recast and internal transfers to effectuate historical trust accounting. It does not include requested internal transfers for new employees, nor are any funds included for these positions. The Committees await a requested Government Accountability Office report expected to be completed in 2023.

DEPARTMENTAL OFFICES OFFICE OF THE SECRETARY DEPARTMENTAL OPERATIONS (INCLUDING TRANSFER OF FUNDS)

The bill provides \$135,884,000 for the Office of the Secretary, Departmental Operations appropriation. Specific allocations at the activity level are contained in the table at the back of this explanatory statement. Fixed costs are provided as requested. The bill provides \$1,176,000 for implementation of the NATIVE Act, equal to the enacted level, and previously provided through the Bureau of Indian Affairs. The Committees recommend not less than \$500,000 to carry out land assessments, appraisals, surveys and other activities in support of the Secretary's responsibilities under the Hawaiian Home Lands Recovery Act, including up to \$200,000 to add capacity related to infrastructure programs.

Indian and Arts and Crafts Board [IACB].—The bill includes not less than \$1,806,000 for the IACB, an increase of \$125,000 to the request to enhance support activities related to enforcement of the Indian Arts and Crafts Act.

Plum Island.—The Committees express support for the permanent conservation of Plum Island for the protection in perpetuity of its natural and cultural resources. The Committees request that the Department of the Interior, in conjunction with the Department of Homeland Security (DHS) and the General Services Administration, provide a briefing to the Committees regarding the closure and disposal process for the island's permanent conservation, the possibility of interim ecological management, and options for permanent ownership of Plum Island, including management of and partnerships with State, Federal, and Tribal entities, potential costs for managing the island, the status and schedule of cleanup and monitoring, and the procedures for a subsequent owner to invoke DHS's responsibility to ensure that DHS's certification that its remedial actions on Plum Island protect human health and the environment remains valid.

Zero Emission Vehicles [ZEV].—The bill includes funding within the Department's bureaus for the Department-wide initiative to begin installing, or securing access to, electric charging and hydrogen fueling stations to support the ZEV transition and to replace vehicles at the end of their life cycle with ZEVs. The Committees appreciate the Department's efforts to ensure that all new charging infrastructure provides universal access to all types of electric vehicles by utilizing the U.S. standard level 2.

INSULAR AFFAIRS

ASSISTANCE TO TERRITORIES

The bill provides \$120,357,000 for Assistance to Territories. The detailed allocation of funding is included in the table at the end of this explanatory statement.

Kwajalein Masterplan Implementation.—The Office is directed to report to the Committees within 180 days of enactment of this Act on implementation of activities the Department is undertaking pursuant to the Kwajalein Atoll Masterplan to address the special needs of communities within Kwajalein Atoll.

COMPACT OF FREE ASSOCIATION

The bill provides \$8,463,000 for Compact of Free Association, equal to the fiscal year 2022 enacted level. A detailed table of funding allocations below the account level is provided at the end of this explanatory statement.

Compact of Free Association—Federal Services.—The Committees recommend \$7,813,000 for Federal Services, equal to the enacted level and the budget request. The Committees recognize the importance of the relationship between the United States and the

Republic of the Marshall Islands and provides \$5,000,000 as the fourth and final payment towards the \$20,000,000 requested by the Republic of the Marshall Islands in September 2009 for Compensatory Adjustments, as authorized in section 111(d) of the Compact of Free Association Act of 1986 (Public Law 99-239; 99 Stat. 1799; 48 U.S.C. 1911) and section 108(b) of the Compact of Free Association Amendments Act of 2003 (Public Law 108-188; 117 Stat. 2755; 48 U.S.C. 1921g). The Compacts and related laws provided for an additional \$40,000,000 available to the Freely Associated States for compensatory adjustments which, if not substantiated by a party to the Compact to the fully authorized level within 15 years, could be applied to another nation. The Committees direct the Office to submit to Congress within 180 days of enactment of this Act a plan to apply unsubstantiated funds to eligible nations. The Committees are encouraged by reports regarding progress towards renegotiation of expiring Compacts of Free Association and directs the Office to brief the Committees quarterly on the status of these negotiations.

OFFICE OF THE SOLICITOR
SALARIES AND EXPENSES

The bill provides \$101,050,000 for the Salaries and Expenses appropriation within the Office of the Solicitor. Specific allocations at the activity level are contained in the table at the back of this explanatory statement. The Committees provide fixed costs and internal transfers, as requested. Remaining funds may be used to fund necessary costs required for office moves. To the extent funding is available, the Committees urge the office to consider further increases to staffing to address the department-wide backlog of pending Freedom of Information Act (FOIA) requests. FOIA Office staff are directed to brief the Committees semiannually on their efforts related to the backlog.

OFFICE OF INSPECTOR GENERAL
SALARIES AND EXPENSES

The bill provides \$67,000,000 for the Office of Inspector General.

DEPARTMENT-WIDE PROGRAMS

WILDLAND FIRE MANAGEMENT
(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$663,786,000 for Department of the Interior Wildland Fire Management. In total, the annual funding for fire suppression operations at the Department is \$798,657,000, including \$458,657,000 in emergency funding and \$340,000,000 in the Wildfire Suppression Operations Reserve Fund. The bill also provides an additional \$45,343,000 for preparedness in emergency supplemental funding. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Other Operations.—The bill provides \$281,970,000 for other wildland fire management operations. The Department will continue to follow the directives included in the explanatory statement accompanying Public Law 117-103 under the “Other Operations” heading. The Department must continue to develop technologies to allow aerial suppression assets to safely operate in degraded visual environments, specifically wildfire smoke, and should solicit external information to better understand industry capabilities in this arena. The Department is directed to provide \$4,500,000 to the Joint Fire Science program for fiscal year 2023, which combined with funding in the Forest Service provides \$9,000,000 in total.

WILDFIRE SUPPRESSION OPERATIONS RESERVE
FUND

(INCLUDING TRANSFERS OF FUNDS)

The bill includes \$340,000,000 for the Wildfire Suppression Operations Reserve Fund,

which is \$10,000,000 above the enacted level. S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022 and section 1(g) of H. Res. 1151 (117th Congress), as engrossed in the House of Representatives on June 8, 2022, included a budget cap adjustment for wildfire suppression costs and this additional funding is included for fiscal year 2023.

CENTRAL HAZARDOUS MATERIALS FUND

The bill provides \$10,064,000 for the Central Hazardous Materials Fund appropriation.

ENERGY COMMUNITY REVITALIZATION PROGRAM
(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$5,000,000 for the Energy Community Revitalization Program. The Department is expected to comply with the instructions in House Report 117-400. The detailed allocation of funding is included in the table at the end of this explanatory statement.

NATURAL RESOURCE DAMAGE ASSESSMENT AND
RESTORATION

NATURAL RESOURCE DAMAGE ASSESSMENT FUND

The bill provides \$8,037,000 for the Natural Resource Damage Assessment Fund appropriation. Specific allocations at the activity level are contained in the table at the end of this explanatory statement.

WORKING CAPITAL FUND

The bill provides \$112,198,000 for the Working Capital Fund appropriation.

OFFICE OF NATURAL RESOURCES REVENUE

The bill provides \$174,934,000 for the Natural Resources Revenue appropriation.

Distribution of GOMESA Revenues.—The Office is directed to distribute revenues from Gulf of Mexico operations in a manner consistent with current law, including the Gulf of Mexico Energy Security Act (GOMESA) of 2006 (Public Law 109-432), as amended.

GENERAL PROVISIONS, DEPARTMENT OF THE
INTERIOR

(INCLUDING TRANSFERS OF FUNDS)

The bill includes various legislative provisions affecting the Department in Title I of the bill, “General Provisions, Department of the Interior.” The provisions are:

Section 101 provides Secretarial authority for the intra-bureau transfer of program funds for expenditures in cases of emergencies when all other emergency funds are exhausted.

Section 102 provides for the Department-wide expenditure or transfer of funds by the Secretary in the event of actual or potential emergencies including forest fires, range fires, earthquakes, floods, volcanic eruptions, storms, oil spills, grasshopper and Mormon cricket outbreaks, and surface mine reclamation emergencies.

Section 103 provides for the use of appropriated funds by the Secretary for contracts, rental cars and aircraft, telephone expenses, and other certain services.

Section 104 provides for the expenditure or transfer of funds from the Bureau of Indian Affairs and Bureau of Indian Education, and the Office of the Special Trustee for American Indians, for Indian trust management and reform activities.

Section 105 permits the redistribution of Tribal priority allocation and Tribal base funds to alleviate funding inequities.

Section 106 authorizes the acquisition of lands for the purpose of operating and maintaining facilities that support visitors to Ellis, Governors, and Liberty Islands.

Section 107 continues Outer Continental Shelf inspection fees to be collected by the Secretary of the Interior.

Section 108 provides the Secretary of the Interior with authority to enter into multi-year cooperative agreements with non-profit

organizations for long-term care of wild horses and burros.

Section 109 addresses the U.S. Fish and Wildlife Service’s responsibilities for mass marking of salmonid stocks.

Section 110 allows the Bureau of Indian Affairs and Bureau of Indian Education to more efficiently and effectively perform reimbursable work.

Section 111 provides for the establishment of a Department of the Interior Experienced Services Program.

Section 112 requires funds to be available for obligation and expenditure not later than 60 days after the date of enactment.

Section 113 provides the Secretary of the Interior the ability to transfer funds among and between the Bureau of Indian Affairs and the Bureau of Indian Education.

Section 114 provides funding for the Payments in Lieu of Taxes (PILT) program.

Section 115 directs notification of any deviation in procedure or equipment.

Section 116 allows the National Park Service to convey lands for purposes of transportation and recreation for a specific project.

Section 117 authorizes Tribally controlled schools access to interagency motor vehicles in the same manner as if performing activities under the Indian Self Determination and Education Assistance Act.

Section 118 addresses National Heritage Areas.

Section 119 provides the Secretary of the Interior with certain pay authority for the Appraisal and Valuation Services Office.

Section 120 addresses the issuance of rules for sage-grouse.

Section 121 authorizes the National Park Service to retain up to 7 percent of State Conservation Grants to provide matching grants to support state program administrative costs.

Section 122 allows additional funding to be provided for Lowell National Historical Park.

Section 123 extends Visitor Experience Improvement authority by two years.

Section 124 extends the authorization for the Delaware Water Gap National Recreation Area.

TITLE II—ENVIRONMENTAL
PROTECTION AGENCY

The agreement provides \$10,135,433,000 for the Environmental Protection Agency (EPA). The Agency is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400, unless otherwise specified below. Additional details, instructions, and requirements follow below and in the table at the end of this division.

Congressional Budget Justification.—The Committees direct the Agency to include in future justifications the provisions included in the joint explanatory statement accompanying Public Law 116-260.

Operating Plan.—Within 30 days of enactment of this Act, the Agency is directed to submit to the House and Senate Committees on Appropriations its annual operating plan for fiscal year 2023. The operating plan shall adhere to the program area levels, and where applicable, the program project levels, specified within this explanatory statement. For program project levels not otherwise specified herein, the operating plan should detail how the Agency plans to allocate funds at the program project level. Further, the budgets of each major office should be itemized to indicate the source of funds for each major office by program project level. Further, the Agency is directed to continue the longstanding practice of submitting quarterly statement of balances reports, and the Agency is directed to display data separately for both the current fiscal year and the prior fiscal year.

Workforce and Staffing Plans.—The Committees direct the Agency to adhere to the provisions included in the joint explanatory statement accompanying Public Law 116-260.

PFAS and Contaminants of Emerging Concern.—The Committees encourage the Agency to continue to take action on PFAS, including addressing contamination, advancing clean up and treatment solutions, conducting research, and undertaking needed rulemaking actions. Within 60 days of enactment of this Act, the Agency is directed to brief the Committees on planned fiscal year 2023 PFAS-related actions and provide the Committees with a spend plan that details funding at the program project level.

Combination of Separate Fiscal Year Grant Funding.—The Committees continue the directive contained in the joint explanatory statement accompanying Public Law 116-260.

Changes to Grant Formulas or Allocations.—The Committees are concerned that the Agency has proposed changes to a categorical grant funding allocation without providing the Committees any notification. The Agency is directed to brief the Committees before making any allocation or formula change to a grant.

SCIENCE AND TECHNOLOGY

For Science and Technology programs, the agreement provides \$802,276,000. The bill transfers \$31,607,000 from the Hazardous Substance Superfund account to this account. The agreement provides the following specific funding levels and direction:

Clean Air.—The Committees direct the Agency to provide a briefing within 60 days of enactment of this Act on current and future plans for the Clean Air Status and Trends Network, National Trends Network, and Ammonia Monitoring Network as well as funding requirements to keep the networks active at their fiscal year 2021 levels, including anticipated fixed cost increases.

The Committees appreciate the work of the Agency to advance the rule permitting the production, transfer, and use of Renewable Fuels Standard credits from renewable electricity, also referred to as eRINS. The Committees urge the Agency to continue this rulemaking in a timely manner, including processing all pending pathway petitions.

Research: Air and Energy.—Within available funds, the Committees continue funding for the study under the heading “Partnership Research” contained in the explanatory statement of Public Law 115-141.

Research: Chemical Safety for Sustainability.—Of the funds provided, \$1,500,000 shall be used to develop and demonstrate nano-sensor technology with functionalized catalysts that have potential to degrade selected contaminants in addition to detecting and monitoring pollutants.

Research: National Priorities.—The agreement provides \$30,751,000 for Research: National Priorities, including \$9,500,000 for extramural research grants, independent of the Science to Achieve Results (STAR) grant program, as specified under this heading in Public Law 116-260.

The Committees support the Agency's effort to prioritize new federal research that will help farmers, ranchers, and rural communities manage PFAS impacts in agricultural settings and communities and provide \$8,000,000 to continue that work. The Agency is directed to work with the U.S. Department of Agriculture to invest in agronomic research to better understand PFAS uptake into plants and animals to help reduce PFAS exposure in our food supply and promote farm viability.

The agreement provides \$13,251,000 for Congressionally Directed Spending grants. Further detail on the projects is located in the table titled “Interior and Environment In-

corporation of Community Project Funding Items/Congressionally Directed Spending Items” accompanying this explanatory statement.

Research: Safe and Sustainable Water Resources.—Of the funds provided, up to \$5,000,000 shall be used for grants under section 2007 of America's Water Infrastructure Act (P.L. 115-270).

Additional Guidance.—The following additional guidance is included:

Harmful Algal Blooms.—The agreement provides \$6,000,000 and the Agency is directed to follow the guidance in House Report 117-83 and Senate Report 116-123.

Integrated Risk Information System (IRIS) program.—In lieu of the directive in House Report 117-400 under the heading, “Maintaining IRIS Program Integrity,” the Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

Landfill Emissions Research.—The Committees encourage the Agency to prioritize efforts to refine greenhouse gas and air pollutant measurement. In particular, municipal solid waste landfills continue to be a significant source of greenhouse gas and hazardous air pollutant emissions. The Committees direct that at least \$2,000,000 be used by the Office of Research and Development to support research to quantify emissions of methane and hazardous air pollutants from landfills using the most effective technologies, including near-infrared imaging from satellites as appropriate, and, during the times the emissions are measured, measurement of any quantity of methane captured by the landfill gas collection system.

New Approach Methods.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

Plastics.—The Committees support the Agency's research on plastics in water supplies, including microplastics, nanoplastics, and plastic pellets, and encourage the Agency to characterize the risks to human and ecosystem health.

Science to Achieve Results (STAR) Grants.—The agreement provides funds to continue the STAR program and directs the Agency to distribute grants consistent with fiscal year 2022. The Committees also direct that funding for Children's Environmental Health and Disease Prevention be continued. The Committees support the efforts of the Agency to focus this funding on research related to early life stage, including prenatal, vulnerabilities to environmental stressors. The Agency is directed to brief the Committees on the program within 60 days of enactment of this Act.

Water Security Test Bed.—Consistent with House Report 117-400 direction, the agreement provides up to \$1,500,000 for advancing full scale applied research and testing capabilities to address threats to drinking water and associated infrastructure at Water Security Test Bed facilities.

Wildfire Smoke Research.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

ENVIRONMENTAL PROGRAMS AND MANAGEMENT

For Environmental Programs and Management, the bill provides \$3,286,330,000. The agreement provides the following specific funding levels and direction:

Clean Air.—The Committees recognize the value of and continue to support the EnergySTAR program and other programs where EPA works collaboratively with non-governmental entities to identify beneficial methods to reduce emissions, reduce pollution, or increase efficiency.

The agreement provides up to \$3,000,000 for the Agency to study and prototype capabili-

ties for a greenhouse gas monitoring and information system that will integrate data from a variety of sources. The goal of such a system should be to make data more accessible and usable to Federal, State, Tribal, and local governments, researchers, the public, and other users. The Committees encourage the Agency to work with current and new partners to utilize commercial assets to monitor emissions.

The Committees commend the Agency for its efforts through the AirNow Fire and Smoke Map to better forecast and communicate the impact of wildfire smoke on communities. The Committees are concerned that air quality monitors are not currently distributed equitably across impacted communities. The Committees encourage the Agency to expand its support for wildfire smoke monitoring, including improving instrumentation, technical assistance, and outreach, using the resources provided in this bill with a focus on traditionally underserved or under-monitored communities. The bill includes an increase of \$3,000,000 in accordance with the request for wildfire smoke-related activities.

The agreement provides a \$1,000,000 increase to the fiscal year enacted level for the Agency's wood stove certification and testing standards work. The Agency is directed to use the additional \$1,000,000 to increase its staffing and other required efforts to support the wood stove certification and testing program. The Agency is further directed to brief the Committees within 60 days of enactment of this Act on improvements the Agency plans to make to the program and how it will better communicate with State and local stakeholders.

Environmental Protection: National Priorities.—The agreement provides \$30,700,000, an increase of \$5,000,000 above the enacted level, for a competitive grant program for qualified non-profit organizations to provide technical assistance for improved water quality or safe drinking water, adequate waste-water to small systems, or individual private well owners. The Agency shall provide \$26,000,000 for Grassroots Rural and Small Community Water Systems Assistance Act (Public Law 114-98), for activities specified under section 1442(e) of the Safe Drinking Water Act (42 U.S.C. 300j-1(e)(8)). The Agency is also directed to provide \$3,450,000 for grants to qualified not-for-profit organizations for technical assistance for individual private well owners, with priority given to organizations that currently provide technical and educational assistance to individual private well owners. The Agency is directed to provide on a national and multi-State regional basis, \$1,250,000 for grants to qualified organizations for the sole purpose of providing on-site training and technical assistance for wastewater systems. The Agency shall require each grantee to provide a minimum 10 percent match, including in-kind contributions. The Agency is directed to allocate funds to grantees within 180 days of enactment of this Act.

Geographic Programs.—The agreement provides \$681,726,000 as described in the table at the end of this division, and includes the following direction:

Great Lakes Restoration Initiative.—The Agency shall continue to follow the direction as provided in House Report 117-83 and Senate Report 115-276 related to the Great Lakes Restoration Initiative.

Chesapeake Bay.—From the total amount provided, at least \$10,000,000 is for nutrient and sediment removal grants, at least \$10,000,000 is for small watershed grants to control polluted runoff from urban, suburban and agricultural lands, and at least \$8,000,000 is for state-based implementation in the most effective basins.

San Francisco Bay.—The Committees direct the Agency to undertake priority activities within the San Francisco Bay estuary Comprehensive Conservation and Management Plan approved under section 320 of the Clean Water Act.

Puget Sound.—The Agency is directed to follow the guidance in House Report 117-83.

Long Island Sound.—The Agency is directed to follow the guidance in House Report 117-83.

South Florida.—Within the funds provided, the Committees recommend at least \$2,000,000 to monitor coral health in South Florida; \$1,150,000 to enhance water quality and seagrass monitoring in the Caloosahatchee Estuary and Indian River Lagoon, especially with respect to assessing the impact of Lake Okeechobee discharges and harmful algal blooms; \$1,150,000 to enhance water quality and seagrass monitoring in Florida Bay and Biscayne Bay, especially with respect to assessing the impact of Everglades Restoration projects and harmful algal blooms; and \$1,000,000 for the expansion of the water quality and ecosystem health monitoring and prediction network which will use vetted, modern procedures for long-term monitoring of Florida waters, including Molecular, Algal, Ocean Floor, and Seagrasses.

Gulf of Mexico.—The Committees note that hypoxia continues to be a growing cause for concern. The Committees direct the Agency to coordinate with the Department of Agriculture, the Gulf States, and other State, local, and private partners to leverage greater resources toward conservation projects on working-lands within the Gulf Region and Mississippi River Basin. The Agency is directed to distribute funds in the same manner as fiscal year 2022.

Lake Champlain.—These funds shall be allocated through the Lake Champlain Basin Program, other than \$8,000,000 which shall be directed to support significant, impactful projects identified in the State implementation plan that will make measurable progress towards meeting the phosphorus reduction targets of the EPA's 2016 Phosphorus Total Maximum Daily Load Plan for Lake Champlain.

Southern New England Estuaries.—The Agency is directed to follow the guidance in House Report 117-83.

Lake Pontchartrain.—The Lake Pontchartrain Restoration Program has been administered through the active participation of stakeholders within the sixteen-parish basin since the program's inception and the Committees expects local stakeholder consensus to continue to play an integral role in the approval of recommended projects. The Committees are concerned regarding changes the Agency is proposing to the program in light of Public Law 117-58. The Agency is directed to brief the Committees within 60 days of enactment of this Act on these potential changes.

Great Lakes and Lake Champlain Invasive Species Program.—The Committees appreciate the ongoing research to combat aquatic nuisance species transported by commercial shipping and ballast water operations in order to implement the Great Lakes and Lake Champlain Invasive Species Program as authorized by the Vessel Incident Discharge Act (Public Law 115-282). The Committees direct the Agency to use funds from the appropriate Geographic Program to build on these implementation efforts to reduce the risk of introduction of invasive species into the Great Lakes and Lake Champlain. The Agency is directed to include details of these amounts as part of the Agency's operating plan.

Indoor Air and Radiation.—The Agency is directed to continue to operate the Radon

program as in fiscal year 2022. Additionally, the Committees note the need to ensure access to the U.S. primary radon reference and calibration program by states and industry as the national benchmark for radon measurement devices and encourages the Agency to support efforts by states and the Centers for Disease Control to collect and disseminate available radon test data.

Information Exchange/Outreach.—Environmental Education is funded at not less than \$9,500,000. The Committees are concerned that the smart skin cancer education program has recently received insufficient attention from the Agency; therefore, the Agency is directed to use Environmental Education funds for the smart skin cancer education program, similar to prior years.

Resource Conservation and Recovery Act (RCRA).—Of the funds provided under this program area, \$9,000,000 is for implementation of a Federal permit program for coal combustion residuals in non-participating states, as authorized under section 4005(d)(2)(B) of the Solid Waste Disposal Act (42 U.S.C. 6945(d)(2)(B)), or to provide technical assistance to states establishing their own permitting program under section 4005(d) of the Solid Waste Disposal Act (42 U.S.C. 6945(d)).

The Committees appreciate the Agency's work to develop a national strategy to reduce plastic and other waste in waterways and oceans. The Committees direct the Agency to provide an update within 90 days of enactment of this Act on the National Academy of Sciences study, funded in Public Law 117-103, of the costs of recycling programs to State, Tribal, local and municipal governments (including recycling fees paid directly by residents) and related policy recommendations. The Agency is directed to follow the guidance regarding improving markets for recycled materials included in the joint explanatory statement accompanying Public Law 117-103.

Alaska Contaminated Sites.—The Committees recognize the injustice done to Alaska Natives when in return for settling their aboriginal rights to land under the Alaska Native Claims Settlement Act, the Federal Government conveyed to them thousands of contaminated sites which to-date largely remain contaminated because of Federal inaction. This enduring environmental injustice poses a significant threat to human health and the environment, including to drinking water sources, homes, schools, and more. The agreement provides \$20,000,000 for the inventory, verification, assessment, and remediation of these contaminated sites, as well as related community outreach and involvement. The Committees recognize that neither the State of Alaska nor the Agency are responsible for the contamination. The Committees thank Agency leadership for its recent attention and work on this issue and look forward to continuing their close working relationship with the Agency in finding solutions to this longstanding environmental injustice.

Toxics Risk Review and Prevention.—The Agency is directed to follow the guidance regarding the Service Fees Rule included in the joint explanatory statement accompanying Public Law 117-103.

The Committees support the Safer Choice program and direct that the program be funded at no lower than the enacted level and operated consistent with prior years.

Ensure Clean Water: National Estuary Program/Coastal Waterways.—The agreement provides \$40,000,000 for National Estuary Program (NEP) grants as authorized by section 320 of the Clean Water Act, and other activities. This amount is sufficient to provide each of the 28 national estuaries in the program with a grant of at least \$850,000. Fur-

ther, in the Administrative Provisions section, the bill directs that \$2,500,000 in competitive grants be made available for additional projects.

Ensure Safe Water.—The agreement provides funding to support monitoring for unregulated contaminants under Section 1445(a)(2)(C) of the Safe Drinking Water Act and the Committees direct the Agency to brief the Committees on the Agency's implementation plan within 180 days of the enactment of this Act.

The Committees encourage the swift completion of the 2022 Drinking Water Infrastructure Needs Survey Assessment, in particular the assessment of the costs of replacing all lead service lines.

The agreement provides an additional \$3,000,000 for the Agency to implement the needs assessment for nationwide rural and urban low-income community water assistance authorized in section 50108 of the Infrastructure Investment and Jobs Act (Public Law 117-58).

To the extent there are eligible permit and primacy applications for review, the agreement provides \$5,000,000 for the Agency's continued work within the Underground Injection Control program related to Class VI wells for geologic sequestration to help develop expertise and capacity at the Agency. In addition, the agreement provides \$1,200,000 to support Class VI regulator education and training programs in conjunction with States, or other eligible entities such as an association of States. The Committees direct the Agency to brief the Committees within 120 days of enactment of this Act on efforts to enhance permitting tools, public engagement, and outreach and on current and anticipated Full-Time Employee levels within the UIC program working on Class VI permitting.

The agreement provides an increase of \$5,300,000 to support administration, management, and oversight of water infrastructure grants.

Ensure Clean Water.—The Agency is directed to follow the guidance regarding infrastructure solutions in the joint explanatory statement accompanying Public Law 117-103.

The Committees support the Agency's ongoing activities related to integrated planning, which will be increasingly necessary as States and communities work to meet their myriad clean water obligations while keeping rates affordable for water ratepayers. The agreement provides up to \$2,000,000 for integrated planning activities consistent with Section 402(s) of the Federal Water Pollution Control Act (33 U.S.C. 1342(s)).

The Committees support the WaterSense program and appreciate the Agency's work to advance water recycling through the National Water Reuse Action Plan (WRAP). The Committees note the establishment of the Water Reuse Interagency Working Group in May of this year and encourage the working group to analyze the public benefit of a Federal investment tax incentive that will encourage and leverage private investment in water reuse and recycling infrastructure.

The agreement provides an increase of \$8,000,000 to support administration, management, and oversight of water infrastructure grants.

Additional Guidance.—The following additional guidance is included:

Administrator Priorities.—The Agency is directed to submit a report within 90 days of enactment of this Act that identifies how any fiscal year 2020, 2021, and 2022 funding was used, by account, program area, and program project. Each activity funded should include a justification for the effort and any anticipated results.

Biointermediates.—The Committees appreciate the work of the Agency to finalize the

rule permitting the production, transfer, and use of biointermediates. The Agency is directed to brief the Committees within 90 days of enactment of this Act on its implementation efforts.

Chemical Reviews.—To help ensure that unreasonable risks from chemicals are addressed in a timely manner, the Committees encourage the Office of Chemical Safety and Pollution Prevention to develop improved outreach and guidance so that submitters understand information needs, processes, and requirements prior to and during submission of pre-manufacturing notices. In addition, the Committees urge the Agency, as resources allow, to enhance existing submitter engagement procedures to facilitate timely communication and resolution of any issues that may arise during the review period while continuing to protect public health.

Community Air Quality Monitoring.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

Environmentally Preferable Purchasing Program.—The Committees support the work that the Agency has done to improve the sustainable marketplace through the Environmentally Preferable Purchasing Program, which uses purchasing power to help catalyze sustainable products innovation. The Committees recommend that as the Agency continues to expand the Recommendations of Specifications, Standards and Ecolabels for Federal Purchasing, the Agency should examine ways to reduce plastic and other waste.

Output-Based Regulations.—The Agency is directed to follow the guidance included in the joint explanatory statement accompanying Public Law 117-103.

Outreach to Farm Workers.—The Committees direct the Agency to extend its Spanish-language outreach program educating farmworkers and pesticide handlers about improving workers safety when applying pesticides in agriculture operations through radio and other media. The Committees note support from outside parties of the radio outreach effort as having materially improved farm workers' knowledge and ability to reduce exposure risks for themselves and their families, and that research indicates the importance of message repetition over an extended period. The Committees encourage the Agency to continue its Spanish-language outreach program educating farm workers and pesticide handlers about improving workers safety when applying pesticides in agriculture operations through media such as radio.

Pre-Commercial Thinning.—The Agency is directed to follow the guidance included in the joint explanatory statement accompanying Public Law 117-103.

Small Refinery Relief.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

Transboundary Watersheds.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

OFFICE OF INSPECTOR GENERAL

The bill provides \$44,030,000 for the Office of Inspector General. The bill transfers \$11,800,000 from the Hazardous Substance Superfund account to this account.

The Committees remind the Office of Inspector General of its stated core values of customer service, integrity, and accountability, including a commitment to transparent processes and compliance with laws, regulations, policies, and sound business practices. The Committees remain concerned that the Office undertook a significant reorganization without prior notification to Con-

gress as consistent with past practice and required by Public Law 117-103. The Office is reminded of the Committees' reprogramming rules and guidelines outlined in the front matter of this report.

The Office of Inspector General is directed to provide a quarterly report that includes all activities and expenditures related to its work on the Infrastructure Investment and Jobs Act, including any travel or conference expenditures. The report shall include a description of the activity, budget authority allocated for that activity, obligations, and outlays. It shall also include the number of full-time equivalents assigned to each activity. The Office is reminded of its duty to properly account for these funds, to make sure that they are not comingled with its annual appropriated dollars, and to ensure that its work returns value to stakeholders, taxpayers, and others. The first report is due within 90 days of enactment of this Act.

BUILDINGS AND FACILITIES

The bill provides \$48,752,000 for Buildings and Facilities.

HAZARDOUS SUBSTANCE SUPERFUND (INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,282,700,000 for the Hazardous Substance Superfund account and includes bill language to transfer \$11,800,000 to the Office of Inspector General account and \$31,607,000 to the Science and Technology account. The agreement provides the following additional direction:

Research: Chemical Safety and Sustainability.—The agreement provides \$12,961,000 for Research: Chemical Safety and Sustainability. The Agency is directed to include these funds as part of the transfer to the Science and Technology account.

Research: Sustainable and Healthy Communities.—The agreement provides \$16,937,000 for Research: Sustainable and Healthy Communities. The Agency is directed to include these funds as part of the transfer to the Science and Technology account.

Superfund Cleanup.—Within available funds for Superfund Remedial, the agreement includes \$3,856,000 as requested to replace and upgrade aging analytical equipment and modernize associated IT infrastructure across regional offices and in regional EPA laboratories that provide sound, legally defensible scientific data to support decisions by EPA's Superfund Remedial Program.

Additional Guidance.—The following additional guidance is included:

Adaptive Management.—The Agency is directed to follow the guidance regarding Adaptive Management Guidance in the joint explanatory statement accompanying Public Law 117-103. The Committees also encourage the Agency to create an implementation plan, which aims to educate the Regions as well as stakeholders regarding the proper use and consistent application of the Guidance.

Bubbly Creek, Illinois.—The Committees direct the Agency to brief the Committees on what current EPA authorities and programs exist to advance the restoration of urban rivers and environmental justice areas that have historic contamination but that do not meet the levels needed to be considered Superfund sites. The Committees remain concerned about the lack of progress on the restoration of the South Fork of the South Branch of the Chicago River known as "Bubbly Creek" and encourage the Agency to use its existing authorities and programs to advance the project.

Contaminants of Emerging Concern.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

Manganese.—The Agency is directed to follow the guidance in the joint explanatory

statement accompanying Public Law 117-103. The Committees encourage further community engagement as EPA monitors and tests manganese contaminated sites in Chicago as well as continued EPA assistance to assess and safely clean up affected areas.

Oak Ridge Reservation Cleanup.—The Committees note the Agency's work and agreement with the Department of Energy and State of Tennessee to remediate the legacy waste at the Oak Ridge Reservation. The Committees further note the time-sensitive need for approval of a final Record of Decision on a future CERCLA disposal facility. The Agency is encouraged to execute all actions under its regulatory responsibility required for a final Record of Decision approval in a timely fashion.

Polychlorinated Biphenyls (PCB) Contamination.—The Agency is directed to follow the guidance in Senate Report 116-123. The Committees also direct the Agency to move expeditiously through the final portions of the Shaffer Equipment/Arbuckle Creek site risk assessment and remedial action plans and begin helping residents address this contamination as quickly as possible.

Tribal Guidance.—The Agency is directed to follow the guidance in Senate Report 116-123.

LEAKING UNDERGROUND STORAGE TANK TRUST FUND PROGRAM

The bill provides \$93,205,000 for the Leaking Underground Storage Tank Trust Fund Program.

Additional Guidance.—The following additional guidance is included:

Tribal Consultation.—The Agency is directed to follow the guidance in Senate Report 116-123.

INLAND OIL SPILL PROGRAMS

The bill provides \$22,072,000 for Inland Oil Spill Programs.

STATE AND TRIBAL ASSISTANCE GRANTS (INCLUDING RESCISSION OF FUNDS)

The bill provides \$4,480,428,000 for the State and Tribal Assistance Grants program and includes the following specific funding levels and direction:

Community Project Funding Items/Congressionally Directed Spending Items.—From within funds provided for capitalization grants for the Clean Water State Revolving Fund and the Drinking Water State Revolving Fund, the Committees recommend \$863,108,642 from the Clean Water SRF and \$609,255,899 from the Drinking Water SRF be for Community Project Funding/Congressionally Directed Spending grants for the construction of drinking water, waste-water, and storm-water infrastructure and for water quality protection. The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117-103.

Of the unobligated balances available prior to fiscal year 2012 for "special project grants" or "special needs infrastructure grants," or for the administration, management, and oversight of such grants, \$13,300,000 are permanently rescinded.

The Committees remind the Agency of the importance of Community Project Funding/Congressionally Directed Spending projects to hundreds of communities across the country. The Agency should prioritize the proper oversight and execution of these dollars.

Infrastructure Assistance.—The Agency is directed to follow the guidance regarding certified operators in the joint explanatory statement accompanying Public Law 117-103.

Brownfields Program.—The agreement directs the Agency to follow the guidance in House Report 117-400.

Diesel Emission Reductions Grants (DERA).—The Committees support the use of DERA funding in transportation electrification projects.

Targeted Airshed Grants.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117–103.

Wildfire Smoke Preparedness.—The Agency is directed to follow the guidance in the joint explanatory statement accompanying Public Law 117–103.

New Grant Programs.—The agreement provides \$16,000,000 for new infrastructure assistance grant programs including the Midsize and Large Drinking Water System Infrastructure Resilience and Sustainability program, the Indian Reservation Drinking Water Program, Stormwater Infrastructure Technology, and Enhanced Aquifer Use and Recharge. Funding is listed by account in the table accompanying this explanatory statement.

Categorical Grants.—The agreement provides \$1,160,625,000 for Categorical Grants. Funding levels are specified in the table at the end of this division.

Categorical Grant: Resource Recovery and Hazardous Waste Grants.—The bill includes a provision to spend categorical grant funds for the purpose of providing grants to assist States in the development and implementation of state programs for the control of coal combustion residuals under section 2301 of the Water and Waste Act of 2016 (Public Law 114–322), and the Agency is directed to allocate \$4,000,000 from the Hazardous Waste Financial Assistance categorical grants program project for this purpose. The Committees note that funds awarded under the authority provided by this Act are not subject to section 3011 of the Solid Waste Disposal Act (Public Law 89–272).

Categorical Grant: Public Water System Supervision.—Of the funds provided, \$12,000,000 is to further support States, Territories, and Tribes in addressing PFAS and other contaminants of emerging concern as they carry out their Public Water System Supervision programs.

Categorical Grant: State and Local Air Quality Management.—The Agency is directed to allocate funds for this program using the same formula as fiscal year 2015. Should the Agency seek to change the formula, it should submit a proposal in its fiscal year 2024 budget justification for consideration by the Committees.

Categorical Grant: Tribal General Assistance Program.—For fiscal year 2023, the Agency is directed to allocate funds for this program using the same formula as fiscal year 2022.

Additional Guidance.—The following additional guidance is included:

Innovative Technologies for Water Infrastructure.—The Committees are aware that capital investment in innovative technologies, including but not limited to, distribution network leak detection, pressure monitoring, water chemistry, sanitary and combined sewer monitoring, enhanced nutrient removal, and membrane treatment during upgrades to water and wastewater systems, is essential to optimize water delivery performance, reduce energy usage, limit water waste in distribution systems, protect public health, and enhance the modeling and operation of sewer collection networks and wastewater treatment facilities. Such technologies will help to improve operations, maintenance, and capital expenditures in planning and budgeting and increase spatial and temporal monitoring data available on U.S. water quality and quantity. The Committees also are aware that these technologies may be funded by both the Drinking Water and Clean Water State Revolving Funds, as well as various other water infrastructure grant programs, and may be funded separately or as part of an overall project to upgrade water infrastructure. As such, the Committees direct the Agency to make it

clear through guidance or other means that, where eligible, funding may be used for such innovative technologies and that the Agency encourages applicants to State Revolving Fund programs to utilize technology to optimize water delivery performance, reduce energy consumption, and limit water waste in distribution systems.

Use of Iron and Steel.—The bill includes language in title IV general provisions that stipulates requirements for the use of iron and steel in State Revolving Fund projects, and the agreement includes only the following guidance: the Committees acknowledge that the Agency may issue a waiver of said requirements for de minimis amounts of iron and steel building materials. The Committees emphasize that any coating processes that are applied to the external surface of iron and steel components that otherwise qualify under the procurement preference shall not render such products ineligible for the procurement preference regardless of where the coating processes occur, provided that final assembly of the products occurs in the United States.

WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM ACCOUNT

The agreement provides a total of \$75,640,000 for the Water Infrastructure Finance and Innovation Act (WIFIA) program.

ADMINISTRATIVE PROVISIONS—ENVIRONMENTAL PROTECTION AGENCY

(INCLUDING TRANSFERS OF FUNDS)

The bill continues several administrative provisions from previous years.

The bill increases the cost ceiling per project to \$300,000 for the construction, alteration, repair, rehabilitation, and renovation of facilities.

The bill directs the availability of not less than \$2,500,000 of funds for the National Estuary Program for competitive grants.

The bill provides for the Office of Chemical Safety and Pollution Prevention and the Office of Water in fiscal year 2023 to use up to \$2,000,000 to hire students and recent graduates as contractors on a temporary or intermittent basis.

TITLE III—RELATED AGENCIES

DEPARTMENT OF AGRICULTURE

OFFICE OF THE UNDER SECRETARY FOR NATURAL RESOURCES AND ENVIRONMENT

The bill provides \$1,000,000 for the Office of the Under Secretary for Natural Resources and Environment.

FOREST SERVICE

The agreement maintains funding for the activities delineated in House Report 117–83, unless otherwise specified herein, which the Service will fund with the appropriate combination of salaries and expenses and programmatic funds within each appropriations account.

Sudden Oak Death.—Within funds provided, the bill provides \$2,000,000 for Sudden Oak Death treatments and partnerships with States and private landowners.

Transfers within Appropriations.—The Service is directed to include a list of approved administrative transfers for the previous fiscal year, including those made between accounts affected by budget restructuring and for hazardous fuels mitigation, in the annual budget submission.

21st Century Conservation Service Corps and Job Corps.—The Service is directed to continue to expand advance wildfire training offerings at Job Corps Civilian Conservation Centers and to brief the Committees within 90 days of enactment of this Act on barriers to expanding these offerings.

Local Hiring and Workforce.—The Service must work with state workforce development offices to ensure that local residents

are aware of available jobs and should use contracting mechanisms that focus on local hiring, such as stewardship contracts, preferential treatment for businesses that hire locally as authorized in this bill, and utilization of graduates of Forest Service Job Corps Civilian Conservation Centers. The Service must also work with the Department of Labor to ensure that contractors are in compliance with the law and regulations for temporary non-agricultural visas.

Forest and Grassland Collaboratives.—In lieu of the House direction on Forest Collaboratives, the Committees have included bill language that gives the Service authority to better support local organizations' capacity to collaborate on projects that benefit the National Forest System and provide up to \$2,000,000 for these activities.

The Service should partner with Tribes to prioritize recovery on lands impacted by wildfire.

FOREST SERVICE OPERATIONS

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$1,152,744,000 for Forest Service Operations. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

FOREST AND RANGELAND RESEARCH

The bill provides \$307,273,000 for Forest and Rangeland Research. The Committees support the current structure consisting of the five regional research stations, the International Institute of Tropical Forestry, and the Forest Products Laboratory, and direct that each of the existing facilities and programs be funded at least at the enacted level. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Funding Directives.—The agreement provides for the following research priorities, for which funding of geographically-based items is in addition to funds otherwise provided to individual research units and therefore is not to be factored into base allocations:

—\$4,500,000 to the Joint Fire Science program, which combined with funding in the Department of Interior provides \$9,000,000 in total.

—\$2,000,000 for collaborative research to determine the quantity and spatial distribution of forest biomass and carbon at multiple spatial scales and analyze the financial impact of this determination to provide forest carbon program participants with greater opportunities for income generation.

—\$3,000,000 to conduct collaborative research to determine the distribution and movement of needle pathogens, understand the disease cycle and the environmental factors that drive the emergence and distribution of the needle pathogens, and determine if the appearance is due to more aggressive strains of the pathogens and the origins of the pathogens.

—\$5,000,000 to support the Northeastern States Research Cooperative, a collaboration among universities in Maine, New Hampshire, New York, and Vermont, sponsoring research to sustain the health of northern forest ecosystems and communities, develop new forest products and improve forest biodiversity management. Of this amount, \$4,000,000 shall be provided directly to the Cooperative within 90 days of enactment of this Act, and \$1,000,000 shall be directed to Service research projects identified as priority needs by an advisory committee of community, business, and industry leaders in the region. None of these funds shall be factored into the base allocation of the Northern Research Station.

—\$2,000,000 for research on forest-based cellulose nanomaterials, including material

forms, manufacturing processes, and technology transfer.

—\$2,000,000 to support new and existing academic partnerships to further explore the use of available technologies like remote sensing and methodologies such as small area estimation to further refine county and State biomass estimates as outlined in Sec. 8632 of the Agriculture Improvement Act of 2018 (Public Law 115-334).

—\$4,000,000 for cooperative research to develop new understandings and innovative solutions to address wildfire impacts on forested source water, downstream clean water, and water treatability.

—\$3,000,000 for university-led research and partnerships to better understand fires in the wildland-urban interface, improve workforce development for wildfire management professionals, and improve the safety and efficiency of wildland firefighting techniques.

—\$1,500,000 to conduct collaborative research to develop remote sensing capabilities that deploy acoustic technologies for wildfire monitoring.

—\$200,000 to study the impact of reduced snowpack on the Northern Waterthrush.

—\$500,000 to increase modeling work to better understand the upper limit of fish distribution in the Pacific Northwest.

—\$1,500,000 to continue Forest Products Laboratory university partnerships to optimize biomass commercialization, including lumber standards, mass timber construction, and durability.

STATE AND PRIVATE FORESTRY

The bill provides \$337,758,000 for State and Private Forestry. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement. All funding for specific programs, directives, or congressionally directed spending identified herein is in addition to funds otherwise provided to States and regions through the formula and competitive grant process and therefore is not to be factored into those allocations.

Cooperative Forestry.—The Committees remain concerned about the high rate of tree mortality on National Forests due to bark beetle infestations, which can increase the risk and severity of wildfires for communities and adjacent lands. The Service is directed to work with States and Tribes to prioritize insect prevention, suppression, and mitigation projects on non-Federal land that support community wildfire protection and State forest action plans.

Forest Ecosystem Monitoring Cooperative.—Within the funds provided, \$1,000,000 is for the Forest Ecosystem Monitoring Cooperative to support existing academic partnerships in the Northern Forest Region. A reduced non-Federal cost share shall be negotiated with the host agencies to enable full implementation of the program. The Committees direct the Service to continue to utilize existing partnerships with research institutions and States to fund research to establish methods, tools, and standard protocols that help quantify forest ecosystem services, particularly carbon, in natural forested regions as a resource that can be managed by forest landowners for ecological and economic benefit.

Forest Resource Information and Analysis.—The bill provides \$30,167,000 for congressionally directed spending in this program. A detailed list of projects is included in the “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” table accompanying this statement. In order to align with new guidance related to matching requirements announced by the Service on July 22, 2022, the Committees direct that no match shall be required for these projects.

The Committees intend that this clarification, in addition to the projects’ funding coming from a separate line within State and Private Forestry, should simplify the process for recipients and the Service.

NATIONAL FOREST SYSTEM

The bill provides \$1,974,388,000 for the National Forest System. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

The Service will continue to follow the directive on Tariffs on Timber Exports contained in Senate Report 116-123.

Recreation, Heritage, and Wilderness.—Within the funds provided, \$1,000,000 is included to continue implementation of the Native American Tourism and Improving Visitor Experience [NATIVE] Act (Public Law 114-221) and \$3,000,000 is included to support infrastructure and trails development and to build the capacity of local user groups and partnership organizations, to be divided equally between National Recreation Areas administered by the Forest Service and established after 1997.

Grazing Management.—The bill provides \$6,300,000 for Grazing Management. The Service is encouraged to prioritize management of active allotments that are not meeting or are inconsistent with current forest plan standards or do not have current assessments, and reducing the backlog of active allotments requiring analysis and new management decisions under the National Environmental Policy Act, according to the priorities established in the Forest Service Handbook. The Service is directed to brief the Committees within 90 days of enactment of this Act on its progress to relieve the backlog of fully processed permits. Further, the Service shall evaluate the condition of permitted lands with Greater sage-grouse habitat and is expected to consider modifying usage to assure achievement of sage-grouse habitat requirements, taking into account drought, climate change, and its multiple use mandate.

Fuels Management.—The bill provides \$207,000,000 for fuels management activities and does not transfer the program to Wildland Fire Management, as proposed in the budget. This program was transferred to National Forest System in fiscal year 2018 to align hazardous fuels work with other forest management activities. The Committees will consider moving this budget line item once the Service has provided an analysis of how relocation of the program aligns with the long-term workforce planning effort currently underway. Of the funds made available for fuels management, \$15,000,000 is for the Community Wood Energy Program; \$30,000,000 is for Wood Innovation Grants; \$6,600,000 is provided for the Southwest Ecological Restoration Institutes; and no less than the enacted level is to implement section 5 of the Lake Tahoe Restoration Act (Public Law 106-506).

Wildlife and Fish Habitat Management.—The bill provides \$24,000,000 for Wildlife and Fish Habitat Management. The Service should create a system for integrating both comprehensive and discrete projects to meet fish and wildlife habitat conservation goals into its spending plans. Consequently, the bill provides no less than an increase of \$2,000,000 above the enacted level of funding for threatened and endangered species activities to contribute to significant recovery actions. The Service is directed to brief the Committees within 90 days of enactment of this Act on performance indicators and other accountability measures for these activities in order to track its expenditures to comply with reporting requirements.

CAPITAL IMPROVEMENT AND MAINTENANCE (INCLUDING TRANSFER OF FUNDS)

The bill provides \$158,048,000 for Capital Improvement and Maintenance programs.

The Service is directed to brief the Committees within 90 days of enactment of this Act on a plan to delineate between new construction and the maintenance and repair of existing infrastructure in future budget submissions.

Facilities.—The bill provides \$54,000,000 for Facilities. The Service is directed to use an appropriate level of funding for shared repository care of the National historical collection.

The Service should work with the Federal Aviation Administration to update charting of airstrips located on National Forest System lands for administrative, recreational, and emergency purposes.

The Service is directed to brief the Committees within 120 days of enactment of this Act on its plan to rebuild the Ocoee White-water Center, including the anticipated cost and timeframe.

The Service is directed to prioritize funding available for public-use cabins on maintenance, ensuring structural integrity, and the general hygiene of existing cabins prior to the construction of new cabins.

Trails.—The bill includes \$20,000,000 for Trails. Of the funds provided, no less than an increase above enacted of \$500,000 for trail operation, maintenance and construction on National Scenic and Historic Trails. The Service is directed to develop a plan to address gaps in the Alaska Long Trail between Moose Path and Portage within the Chugach National Forest.

Legacy Roads and Trails.—The bill provides \$6,000,000 for Legacy Roads and Trails.

Construction Projects.—The bill provides \$5,048,000 for congressionally directed spending in this program. A detailed list of projects is included in the “Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items” table accompanying this explanatory statement.

ACQUISITION OF LANDS FOR NATIONAL FORESTS SPECIAL ACTS

The bill provides \$664,000 for the Acquisition of Lands for National Forests Special Acts.

ACQUISITION OF LANDS TO COMPLETE LAND EXCHANGES

The bill provides \$150,000 for the Acquisition of Lands to Complete Land Exchanges.

RANGE BETTERMENT FUND

The bill provides \$1,719,000 for the Range Betterment Fund.

GIFTS, DONATIONS AND REQUESTS FOR FOREST AND RANGELAND RESEARCH

The bill provides \$45,000 for Gifts, Donations and Requests for Forest and Rangeland Research.

MANAGEMENT OF NATIONAL FOREST LANDS FOR SUBSISTENCE USES

The bill provides \$1,099,000 for the Management of National Forest Lands for Subsistence Uses.

WILDLAND FIRE MANAGEMENT (INCLUDING TRANSFERS OF FUNDS)

The bill provides \$945,956,000 for Forest Service Wildland Fire Management. In total, the annual funding for fire suppression operations at the Forest Service is \$3,596,000,000, including \$1,386,000,000 in emergency funding and \$2,210,000,000 in the Wildfire Suppression Operations Reserve Fund. The bill also provides an additional \$160,000,000 for preparedness in emergency supplemental funding. The detailed allocation of funding by activity is included in the table accompanying this explanatory statement.

Firefighter Housing.—The Service shall brief the Committees within 90 days of enactment of this Act on the housing needs necessary to support a permanent wildfire workforce, detailing the deferred maintenance for existing housing and required new housing, and highlighting any current barriers such as market rate requirements and Federal housing price determinations.

Aviation Resources.—The Service is directed to develop policies to implement the findings in its Aerial Firefighting Use and Effectiveness study, and brief the Committees within 90 days of enactment of this Act on how it will spend funding appropriated for Preparedness and Suppression in a manner consistent with those findings.

WILDFIRE SUPPRESSION OPERATIONS RESERVE FUND

(INCLUDING TRANSFERS OF FUNDS)

The bill includes \$2,210,000,000 for the Wildfire Suppression Operations Reserve Fund, which is \$90,000,000 above the enacted level. S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022 and section 1(g) of H. Res. 1151 (117th Congress), as engrossed in the House of Representatives on June 8, 2022, included a budget cap adjustment for wildfire suppression costs and this additional funding is included for fiscal year 2023.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

INDIAN HEALTH SERVICE

INDIAN HEALTH SERVICES

(INCLUDING RESCISSION OF FUNDS)

The bill provides a total of \$6,958,223,000 for the Indian Health Service (IHS), of which \$4,890,282,000 is for the Services account, and a rescission of \$29,388,000 of unobligated balances as detailed below. All programs, projects, and activities are maintained at fiscal year 2022 enacted levels unless otherwise specified below. All increases are general program increases unless otherwise stated. The Service is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400, unless otherwise specified below. Language contained in the explanatory statement accompanying the Consolidated Appropriations Act, 2022 (Public Law 117-103) regarding market-specific pay scales, limitations on incentives, tracking improvements to patient health, use of accreditation emergency funds, joint venture solicitations, and interoperability and compatibility of the new electronic health record system with the Department of Veterans Affairs system, is restated, and first aid kit enhancements is restated as well as language contained in the Public Law 116-260, Consolidated Appropriations Act 2021, regarding the dental health therapist training program is also restated. Additional details, instructions, and requirements follow below and in the table at the end of this division.

Advance Appropriations.—The agreement provides advance appropriations for the Indian Services and Indian Health Facilities accounts totaling \$5,129,458,000 for fiscal year 2024. Additional details, instructions, and requirements follow in the table at the end of this division.

Addressing Sexual Abuse.—The Committees remain deeply concerned about reports of sexual abuse at IHS operated facilities. IHS is to take prompt action on any new allegations, and keep the Committees apprised on implementation of recommendations to prevent sexual abuse. Further the Committees remind IHS of the direction contained in the House bill and incorporate language included in the fiscal year 2022 explanatory statement related to addressing sexual abuse.

Current Services.—The agreement includes \$109,082,000 for pay costs and inflation, which

is based upon updated recent estimates provided to the Committees. The Committees expect IHS to disburse all funding provided for current services upon receipt, and to consult with the Committees before withholding any appropriated funds.

Staffing for New Facilities.—The agreement includes \$60,384,000 for staffing newly opened health facilities, which is the full amount required in fiscal year 2023 based upon updated estimates provided to the Committees. Funds for staffing of new facilities are limited to facilities funded through the Health Care Facilities Construction Priority System or the Joint Venture Construction Program that have opened in fiscal year 2022 or will open in fiscal year 2023. None of these funds may be allocated to a facility until such facility has achieved beneficial occupancy status. As initial estimates included as part of the annual budget request are refined, IHS is expected to communicate updated cost estimates to the Committees.

In fiscal year 2022 the Committees provided funds for the staffing of facilities scheduled to obtain beneficial occupancy status. Due to unforeseen delays these facilities were not able to achieve beneficial occupancy nor are they expected to do so in fiscal year 2023. Consequently, these previously provided funds will expire at the end of fiscal year 2023. Rather than let these funds expire and go unused, the Committees are required to rescind these funds and provide appropriations when the facilities are scheduled to achieve beneficial occupancy. The Committees expect the Service to provide periodic status updates on these facilities and to request the necessary staffing funds at the appropriate time.

Hospitals and Health Clinics.—The agreement provides \$2,503,025,000 for Hospitals and Health Clinics, which includes an additional \$10,000,000 for Tribal epidemiology centers, \$2,000,000 for village built clinics, and an additional \$1,000,000 to improve maternal health. This amount also includes requested reallocation of prior year staffing funds for the Phoenix Indian Medical Center, Cherokee Nation, and United Keetoowah Band. The agreement maintains funding at fiscal year 2022 enacted levels for the Alzheimer's program and Produce Prescription Pilot program. The agreement also continues funding at the fiscal year 2022 enacted levels for the domestic violence prevention program, accreditation emergencies as discussed in the House report, health information technology, healthy lifestyles in youth project, and the National Indian Health Board cooperative agreement.

Village Built Clinics (VBC).—The Committees remind the Service of fiscal year 2022 direction to work collaboratively with impacted Tribes and Tribal organizations to produce the data needed to accurately calculate the funding for VBC lease funding, including the number of active VBC facilities, their current funding levels, and if necessary, any additional amounts needed to fully fund the eligible operating and ownership costs for all VBC facilities. The Service is directed to brief the Committees on the status of this directive within 60 days of enactment of this Act, which shall include providing a copy of the data collected to date.

Electronic Health Records.—The agreement provides \$217,564,000 for Electronic Health Records (EHR), which includes an increase for uses as requested. The Committees expect the Service to provide detailed quarterly progress updates on the obligation and expenditure of these funds as well as status updates on progress of the Service's modernization efforts.

Mental Health.—The bill provides \$127,171,000 for Mental Health, which continues funding at fiscal year 2022 enacted lev-

els for the behavioral health integration initiative, for suicide prevention, and for the Telebehavioral Health Center of Excellence and includes the requested reallocation of staffing funds. The Director of IHS, in coordination with the Assistant Secretary for Mental Health and Substance Abuse, shall award grants for providing services, provide technical assistance to grantees under this section, and evaluate performance of the program.

Alcohol and Substance Abuse.—The bill provides \$266,440,000 for the Alcohol and Substance Abuse Programs, which includes a general program increase to support existing programs, including, among others, the Special Behavioral Health Pilot Program that addresses behavioral health challenges in Indian Country. In addition, the agreement continues the Generation Indigenous, Youth Pilot project, and essential detoxification services, which shall be distributed as directed in Senate Report 116-123. This amount also includes the requested reallocation of former National Institute on Alcohol Abuse and Alcoholism (NIAAA) funds to the Urban Indian Health line.

Purchased/Referred Care.—The agreement includes \$996,755,000 for the Purchased/Referred Care program, which includes an additional \$1,000,000 funding for the Indian Catastrophic Health Fund.

Urban Indian Health.—The agreement includes \$90,419,000 for the Urban Indian health program, which includes the reallocation of former NIAAA funds.

Indian Health Professions.—The agreement provides \$80,568,000 for Indian health professions, which includes an additional \$5,000,000 for the loan repayment program and a general program funding increase to be allocated for all programs, including among others, the InMed program, the fourth site expansion, Quentin N. Burdick Indians into Nursing, and the American Indians into Psychology Programs.

Direct Operations.—The bill provides \$103,805,000 for direct operations, which includes an increase of \$5,000,000 for quality and oversight, for uses as requested, and an increase of \$1,000,000 for management and operations.

CONTRACT SUPPORT COSTS

The bill continues language from fiscal year 2022 providing an indefinite appropriation to fully fund contract support costs, which are estimated to be \$969,000,000 in fiscal year 2023.

PAYMENTS FOR TRIBAL LEASES

The bill continues language from fiscal year 2022 providing an indefinite appropriation to fully fund payments for Tribal leases, which are estimated to be \$111,000,000 in fiscal year 2023.

INDIAN HEALTH FACILITIES

The bill provides \$958,553,000 for Indian Health Facilities. All programs, projects, and activities are maintained at fiscal year 2022 enacted levels unless otherwise specified below. IHS is expected to comply with the instructions and requirements at the beginning of this division and in House Report 117-400, unless otherwise specified below. Language contained in explanatory statement accompanying Public Law 116-6 regarding health impacts of inadequate sanitation, Mt. Edgecombe, and Alaska facility assessments is restated.

Current Services.—The agreement includes \$11,324,000 for pay costs and inflation, which is based upon updated estimates provided to the Committees. The stipulation included in "Indian Health Services" regarding prompt distribution of funds pertains to this account as well.

Staffing for New Facilities.—The bill includes \$5,398,000 for staffing newly opened

health facilities, which is the full amount based upon updated estimates provided to the Committees. Funds for staffing of new facilities are limited to facilities funded through the Health Care Facilities Construction Priority System or Joint Venture Construction Program that have opened in FY 2022 or will open in FY 2023. Further, the stipulations included in the "Indian Health Services" account regarding the allocation of funds pertain to this account as well.

Sanitation Facilities Construction.—The agreement provides \$196,167,000 for sanitation facilities construction, which accounts for a transfer of \$3,000,000 for certification training to the Facilities and Environmental Health funding line as requested in a reprogramming request by the Service. The bill also includes \$15,192,000 for congressionally directed spending (CDS) projects as shown on the table titled "Interior and Environment Incorporation of Community Project Funding Items/Congressionally Directed Spending Items" accompanying this explanatory statement. Further, the Committees expect IHS to include an updated five-year spend plan in fiscal year 2023 for any funds requested.

Health Care Facilities Construction.—The agreement provides \$260,896,000 for health care facilities construction, which includes an additional \$1,000,000 for quarters. The agreement continues funding at fiscal year 2022 enacted levels for green infrastructure as directed in the explanatory statement accompanying Public Law 116-94, and small ambulatory clinics, including the funds for replacement and expansion projects. The agreement directs the Service to report to the Committees within 90 days of enactment of this Act on how these funds will be distributed as well as the estimated number of quarters and associated costs for new staff quarters at existing health facilities.

Facilities and Environmental Health.—The agreement provides \$298,297,000 for this program, which maintains \$3,000,000 for preliminary engineering reports and repurposes prior year staffing funds as requested. This also includes a transfer from the Sanitation Facilities Construction funding in order to provide technical assistance, training, and guidance to sanitation operators, families, and communities regarding the operation and maintenance of water supply and sewage disposal facilities as outlined in a reprogramming request by the Service.

Equipment.—The bill provides \$32,598,000 for equipment, which continues \$500,000 for TRANSAM and includes an additional \$1,000,000 for emergency generators, as directed in House Report 117-400.

NATIONAL INSTITUTES OF HEALTH
NATIONAL INSTITUTE OF ENVIRONMENTAL
HEALTH SCIENCES

The agreement provides \$83,035,000 for the National Institute of Environmental Health Sciences. The Committees continue the \$2,000,000 provided in fiscal year 2022 to further the Institute's work on PFAS and other contaminants of emerging concern. The Institute both leads and supports significant research on PFAS that will result in better remediation outcomes. Further, of the funds provided, not less than \$1,750,000 shall be to support risk reduction for Native Americans to hazardous metals mixtures from abandoned uranium mine waste.

AGENCY FOR TOXIC SUBSTANCES AND DISEASE
REGISTRY
TOXIC SUBSTANCES AND ENVIRONMENTAL
PUBLIC HEALTH

The agreement provides \$85,020,000. The Committees continue the \$2,000,000 provided in fiscal year 2022 to further the Agency's work on PFAS and other contaminants of emerging concern.

Birth Cohort Study.—The bill provides funding for continuation of the birth cohort study on the Navajo Nation. The Committees support the study to better understand the relationship between uranium exposures, birth outcomes, and early developmental delays on the Navajo Nation.

Pediatric Environmental Health Specialty Units.—The Committees encourage the Agency to continue support for Pediatric Environmental Health Specialty Units.

OTHER RELATED AGENCIES
EXECUTIVE OFFICE OF THE PRESIDENT
COUNCIL ON ENVIRONMENTAL QUALITY AND
OFFICE OF ENVIRONMENTAL QUALITY

DIVISION H—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2023

The explanatory statement accompanying this division is approved and indicates Congressional intent. Unless otherwise noted, the language set forth in House Report 117-403 carries the same weight as language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In providing the operating plan required by section 516 of this Act, the departments and agencies funded in this Act are directed to include all programs, projects, and activities, including those in House Report 117-403 and this explanatory statement accompanying this Act. All such programs, projects, and activities are subject to the provisions of this Act.

In cases where House Report 117-403 or this explanatory statement directs the submission of a report, that report is to be submitted to the Committees on Appropriations of the House of Representatives and the Senate. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House of Representatives Subcommittee on Labor, Health and Human Services, Education, and Related Agencies and the Senate Subcommittee on Labor, Health and Human Services, Education, and Related Agencies.

Each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Funds for individual programs and activities are displayed in the detailed table at the end of the explanatory statement accompanying this Act. Funding levels that are not displayed in the detailed table are identified within this explanatory statement. Any action to eliminate or consolidate programs, projects, and activities should be pursued through a proposal in the President's Budget so it can be considered by the Committees on Appropriations.

Congressional Reports.—Each department and agency is directed to provide the Committees on Appropriations, within 30 days from the date of enactment of this Act and quarterly thereafter, a summary describing each requested report to the Committees on Appropriations along with its status.

TITLE I

DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

TRAINING AND EMPLOYMENT SERVICES

Advanced Robotics Manufacturing.—The agreement recognizes the need for workforce training and certificate programs targeting collaborative robotics and additive manufacturing, with an emphasis on programs that re-skill incumbent manufacturing workers.

Occupational Licensing.—The agreement is encouraged by progress made through the Department's efforts to incentivize States to reduce barriers to entry into licensed occupations and increase license portability to facilitate mobility of workers in such occupations, with an emphasis on transitioning service members, veterans, and military spouses. The agreement directs the Department to submit a report within 180 days of the date of enactment of this Act detailing the resources needed to continue providing technical assistance to States and relevant organizations.

Skilled Care Workforce.—The agreement urges the Employment and Training Administration (ETA), in collaboration with the Department of Health and Human Services, to support the expansion of the skilled care workforce to care for a rapidly aging U.S. population and provide home and community-based services to older adults and people with disabilities, including through education and training grant programs, as well as traditional and nontraditional apprenticeship programs.

Water and Wastewater Operators.—The agreement is concerned by the nationwide shortage of water and wastewater operators, particularly in rural areas, and urges the Secretary to make funding available through workforce development and apprenticeship activities consistent with National Guideline Standards of Apprenticeship for Water and Wastewater System Operations Specialists and the Workforce Innovation and Opportunity Act system.

Wireless Infrastructure.—The agreement encourages the Department to continue investments in the development of the wireless infrastructure workforce, including apprenticeships in the wireless sector.

Dislocated Worker National Reserve

Career Pathways for Youth Grants.—The agreement includes \$20,000,000 for grants to support national out-of-school time organizations that serve youth and teens and place an emphasis on age-appropriate workforce readiness programming to expand job training and workforce pathways for youth and disconnected youth.

Strengthening Community College Training Grants (SCCTG).—The agreement provides \$65,000,000 for the SCCTG program.

Workforce Opportunity for Rural Communities.—The agreement provides \$50,000,000 for the Workforce Opportunity for Rural Communities program, to provide enhanced worker training in the Appalachian, Delta, and Northern Border regions. The Department is strongly encouraged to develop funding opportunity announcements and make grant awards in coordination with the Appalachian Regional Commission (ARC), Delta Regional Authority (DRA), and Northern Border Regional Commission (NBRC), and each award shall not exceed \$1,500,000. Within the total, the agreement includes \$21,750,000 for grants in areas served by the ARC; \$21,750,000 for areas served by the DRA, and \$6,500,000 for areas served by the NBRC.

YouthBuild

The Department is encouraged to ensure YouthBuild grants serve geographically diverse areas, including rural areas.

Reintegration of Ex-Offenders

The agreement includes a set-aside of \$30,000,000 for competitive grants to national and regional intermediaries and encourages the Department to prioritize grants to national intermediaries and community-based organizations with recognized expertise and nationwide employer partners that will serve populations with multiple barriers to employment and provide wrap-around services to the individuals served.

Apprenticeship Grant Program

The agreement provides \$285,000,000 to support registered apprenticeships.

The agreement directs the Department to provide semiannual briefings to the Committees on all spending activities.

Community Project Funding/Congressionally Directed Spending

The agreement includes \$217,324,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

JOB CORPS

Atlanta Job Corps Center.—The agreement directs the Department to provide a briefing within 90 days of enactment of this Act on plans to reopen the Atlanta Job Corps Center.

Civilian Conservation Centers.—The agreement directs the Department to prioritize the development of new natural resource and conservation trade offerings, particularly focused on wildland firefighting and emergency response, and to include information in its fiscal year 2024 Congressional Justification on such efforts including any potential barriers to introducing such new trades.

Gulfport Job Corps Center.—The agreement requests quarterly updates regarding progress on the Gulfport Job Corps Center project.

Job Corps Rural Training Sites.—The agreement encourages the Department to enhance opportunities for students in underserved or remote communities through partnerships between high quality center operators and existing rural training sites.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

Unemployment Insurance Compensation

The agreement includes \$3,134,635,000 for Unemployment Insurance Compensation activities, an increase of \$283,819,000, for additional resources for States to increase staffing capacity and to accommodate sustained increases in workload.

Employment Service

National Activities.—The agreement includes \$2,500,000 to continue efforts to reduce the processing backlog for the work opportunity tax credit program and for assisting States to modernize information technology for processing certification requests, which may include training and technical assistance. Consistent with the effort to modernize information technology for processing, the agreement supports compatible rules across States. Further, the agreement recognizes that processing requests for remote workers may best be accomplished in the State where the workers reside and not where the employer is located.

Foreign Labor Certification

The agreement recognizes the importance of the H-2B program and urges the Department to take all necessary and appropriate steps to ensure prompt processing of H-2B visa applications. The agreement also directs the Department to provide a report within 180 days of enactment of this Act detailing the percentage of applications requesting temporary labor certifications under the H-2B visa classification that are not issued a final decision by the Department by the employer's original anticipated start date of work.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION

The agreement requests a briefing within 180 days of enactment of this Act on safety and health efforts of individuals working in agriculture.

BUREAU OF LABOR STATISTICS

The agreement includes \$10,000,000 in additional funds for the Bureau of Labor Statistics (BLS), which will allow BLS to implement the National Longitudinal Survey of Youth (NLSY) without reducing or eliminating existing statistical work or reducing the number of full-time equivalent positions below the fiscal year 2022 ceiling.

The agreement includes sufficient resources to maintain and expand the NLSY, including with continued work to develop the new NLSY cohort. Specifically, the agreement provides \$14,500,000 to continue

planning and developing the new NLSY cohort established by the Further Consolidated Appropriations Act, 2020 and maintained in the last two fiscal years. The agreement notes that fiscal year 2023 amounts for the new cohort align with budgeted levels provided by BLS in a five-year plan transmitted to the Committees in fiscal year 2021. BLS shall complete all necessary work in fiscal year 2023 for the new cohort that was outlined in its five-year plan and shall not use any allocated resources for NLSY in this agreement for any other purpose. Further, BLS is directed to support the continued fielding of the NLSY79 and NLSY97 cohorts and shall refrain from implementing any reductions to either survey.

Within 90 days of enactment of this Act, BLS shall brief the Committees on its plans for executing these directives and carrying out its implementation of the new NLSY cohort five-year plan without delay.

Within 30 days of enactment of this Act, BLS is directed to brief the Committees on its use of resources provided for a relocation to the Suitland Federal Center.

DEPARTMENTAL MANAGEMENT

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

GENERAL PROVISIONS

The agreement modifies a provision related to the Treasure Island Job Corps Center.

The agreement modifies a provision related to H-1B fees.

TITLE II

DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES

ADMINISTRATION (HRSA)

PRIMARY HEALTH CARE

Health Centers

Alcee L. Hastings Program for Advanced Cancer Screening in Underserved Communities.—The agreement includes no less than \$10,000,000 for this activity and encourages HRSA to use the additional funding to award grants to approved but unfunded applicants from the fiscal year 2022 notice of funding opportunity.

Children's Mental Health Services.—The agreement continues to urge HRSA to provide funding to Health Centers to support vital mental health services for children.

Early Childhood Development.—The agreement includes no less than \$30,000,000 to expand and further integrate early childhood development services and expertise, including by hiring or contracting for early childhood development specialists, as described in House Report 117-403 and the fiscal year 2023 budget request.

Ending the HIV Epidemic.—The agreement includes \$157,250,000 within the Health Centers program for the Ending the HIV Epidemic Initiative.

HRSA Strategy to Address Intimate Partner Violence and Project Catalyst.—The agreement includes no less than \$2,000,000 for this activity.

Native Hawaiian Health Care.—The agreement includes no less than \$27,000,000 for the Native Hawaiian Health Care Program, of which not less than \$10,000,000 shall be provided to Papa Ola Lokahi for administrative purposes authorized under 42 U.S.C. 11706, including to expand research and surveillance related to the health status of Native Hawaiians and strengthen the capacity of the Native Hawaiian Health Care Systems.

School-Based Health Centers.—The agreement includes \$55,000,000 for school-based health centers authorized under section 330 of the Public Health Service (PHS) Act, as directed in P.L. 116-260.

Technical Assistance.—The agreement provides no less than \$2,500,000 to enhance technical assistance and training activities, further quality improvement initiatives, and continue the development of and support for Health Center-controlled networks so that new and existing centers can improve patient access to quality health services.

The agreement does not include dedicated funding for the Integrating High-Quality Contraceptive Care activity described in House Report 117-403.

HEALTH WORKFORCE

Addressing Workforce Shortages.—The agreement supports HRSA's efforts to develop the workforce needed to care for a rapidly aging U.S. population. The agreement encourages HRSA to address the skilled care workforce needs of seniors through existing workforce education and training programs.

Language Access in Behavioral Health Services.—The agreement notes that racial and ethnic minority communities continue to face acute challenges accessing behavioral health services, including within health centers, due to the lack of providers who speak their language or understand their culture. Specifically, the agreement recognizes that these health centers serve a higher percentage of persons with limited English proficiency (LEP) as a direct result of their mission. The agreement encourages HRSA to assess the need for and provision of language services and culturally and linguistically competent health care in these health centers, in an effort to further improve practitioner recruitment and retention and increase language access to behavioral health services.

National Health Service Corps (Corps)

Maternity Care Target Areas (MCTAs).—The agreement includes \$5,000,000, an increase of \$4,000,000 above the fiscal year 2022 enacted level, within the Corps to implement requirements contained in the Improving Access to Maternity Care Act, including establishing criteria for and identifying MCTAs and collecting and publishing data on the availability and need for maternity care health services in Health Professional Shortage Areas.

NHSC Loan Repayment Application Process.—The agreement requests the report that was requested in House Report 117-403 within 180 days of enactment of this Act.

The agreement does not include dedicated funding for the Behavioral Health Dem-

onstration Program and the Rural Demonstration Program described in House Report 117-403.

Scholarships for Disadvantaged Students

Midwife Training.—The agreement includes \$5,000,000 to support grants to educate midwives to address the national shortage of maternity care providers.

Primary Care Training and Enhancement

Eating Disorders Screening and Referrals.—The agreement includes up to \$1,000,000, in coordination with SAMHSA's Center of Excellence for Eating Disorders, to provide trainings for primary care health professionals to screen, briefly intervene, and refer patients to treatment for the severe mental illness of eating disorders, as authorized under section 13006 of the 21st Century Cures Act (P.L. 114-255).

Training in Oral Health Care

The agreement provides \$42,673,000 for Training in Oral Health Care programs, which includes not less than \$13,000,000 each for general and pediatric dentistry.

Area Health Education Centers (AHECs)

The agreement provides \$47,000,000 for this activity, an increase of \$2,000,000 above the fiscal year 2022 enacted level. Within the total, the agreement includes no less than \$3,000,000 to continue competitive grants for AHEC recipients to expand experiential learning opportunities through simulation labs designed to educate and train health care professionals serving rural, medically underserved communities. HRSA shall include as an allowable use the purchase of simulation training equipment.

Mental and Behavioral Health

Graduate Psychology Education.—The agreement includes \$25,000,000 for this activity.

Behavioral Health Workforce Education and Training

Mental and Substance Use Disorder Workforce Training Demonstration.—The agreement includes \$34,700,000 for this activity. Within the total, the agreement includes \$25,000,000 for the Addiction Medicine Fellowship Program to foster robust community-based clinical training of addiction medicine or addiction psychiatry physicians in underserved, community-based settings who see patients at various access points of care and provide addiction prevention, treatment, and recovery services across health care sectors.

Peer Support.—The agreement includes no less than \$14,000,000 for community-based experiential training for students preparing to become peer support specialists and other types of behavioral health-related paraprofessionals, as described in House Report 117-403.

Substance Use Disorder Treatment and Recovery (STAR) Loan Repayment Program.—The agreement includes \$40,000,000 for this program.

The agreement does not include dedicated funding for Behavioral Health Integration into Community Based Settings, the Community Improvement Program, and Crisis Workforce Development activities described in House Report 117-403.

Public Health and Preventive Medicine

The agreement includes an increase of \$500,000 for the Preventive Medicine Residency Training Program and an increase of \$500,000 for Public Health Training Centers.

Advanced Nursing Education

Certified Nurse Midwives (CNMs).—The agreement includes \$8,000,000 to grow and diversify the maternal and perinatal health nursing workforce by increasing and diversifying the number of CNMs, with a focus on practitioners working in rural and underserved communities. The program will award

scholarships to students and registered nurses to cover the total cost of tuition for the duration of the nurse midwifery program.

Sexual Assault Nurse Examiners Program.—The agreement includes \$15,000,000, an increase of \$2,000,000 above the fiscal year 2022 enacted level, to expand training and certification of registered nurses, advanced practice registered nurses, and forensic nurses to practice as sexual assault nurse examiners.

Nurse Education, Practice, Quality and Retention (NEPQR)

The agreement includes \$59,413,000 for competitive grants within the NEPQR program. Within this total, the agreement provides \$10,750,000, an increase of \$5,000,000 above the fiscal year 2022 enacted level, to expand competitive grants to enhance nurse education through the expansion of experiential learning opportunities. The grants shall include as an allowable use the purchase of simulation training equipment. HRSA shall prioritize grantees with a demonstrated commitment to training rural health professionals in States with high rates of chronic age-related illness, including stroke, heart disease, and chronic obstructive pulmonary disease.

MATERNAL AND CHILD HEALTH

Maternal and Child Health Block Grant Special Projects of Regional and National Significance (SPRANS)

Early Childhood Development Expert Grants.—The agreement includes \$10,000,000 to place early childhood development experts in pediatric settings, as described in House Report 117-403.

Hereditary Hemorrhagic Telangiectasia Centers of Excellence.—The agreement continues to include \$2,000,000 for this activity.

Infant-Toddler Court Teams.—The agreement includes \$18,000,000 for Infant-Toddler Court Teams, as described in House Report 117-403.

Maternal Mental Health Hotline.—The agreement includes \$7,000,000 to provide grants, contracts, or cooperative agreements to expand support for a maternal mental health hotline.

National Fetal Infant and Child Death Review (FICDR).—The agreement includes \$5,000,000 for the national FICDR program to expand support and technical assistance to States and tribal communities and improve the availability of data on sudden unexpected infant deaths and child mortality.

Minority-Serving Institutions.—The agreement includes \$10,000,000 to establish a research network that is comprised of and supports minority-serving institutions to study health disparities in maternal health outcomes, as described in the fiscal year 2023 budget request.

Regional Pediatric Pandemic Network.—The agreement provides \$25,000,000 for the Regional Pediatric Pandemic Network to coordinate among the Nation's pediatric hospitals and their communities to prepare for and coordinate research-informed responses to future pandemics. With the increase provided, HRSA is directed to achieve parity in the two awardees' funding levels.

State Maternal Health Innovation Grants.—The agreement includes \$55,000,000 for this activity.

The agreement does not include dedicated funding for the following activities described in House Report 117-403: Addressing Emerging Issues and Social Determinants of Maternal Health, Behavioral Health Integration into Community Based Settings, Bias Recognition in Clinical Skills Testing, Bias Training for Health Care Professionals, Group Prenatal and Postpartum Care Programs, and Growing and Diversifying the Doula Workforce.

Set-asides within SPRANS.—The agreement includes the following set-asides within SPRANS. Within the total for Oral Health, the agreement includes \$250,000 for demonstration projects.

Budget Activity	FY 2023 Agreement
Set-aside for Oral Health	\$5,250,000
Set-aside for Epilepsy	3,642,000
Set-aside for Sickle Cell Disease	7,000,000
Set-aside for Fetal Alcohol Syndrome	1,000,000

Maternal and Child Health Programs Autism and Other Developmental Disorders

Leadership Education in Neurodevelopmental and Related Disabilities Program (LEND).—The agreement includes not less than \$38,245,000 for this activity.

Heritable Disorders

Severe Combined Immune Deficiency (SCID).—The agreement includes \$4,000,000 to support newborn screening and follow-up for SCID and other newborn screening disorders.

Healthy Start

The agreement includes \$145,000,000 to support this program, including funds to support a new targeted expansion of an enhanced Healthy Start program model to approximately 10 new communities, as described in the fiscal year 2023 budget request.

Maternal Mortality.—The agreement continues to provide no less than \$15,000,000 for Healthy Start grantees to support nurse practitioners, certified nurse midwives, physician assistants, and other maternal-child advanced practice health professionals within all program sites nationwide.

Early Hearing Detection and Intervention (EHDI)

The agreement recognizes the requirement under the PHS Act for EHDI funds to support prompt evaluation and diagnosis of children referred from screening programs and appropriate educational, audiological, medical, and communication (or language acquisition) interventions (including family support), for children identified as deaf or hard-of-hearing. The agreement encourages HRSA to provide the most accurate, comprehensive, up-to-date, and evidence-based information to children identified as deaf or hard-of-hearing and their families. The agreement also encourages HRSA to work with partners to advance awareness about the wide range of modalities available for children who are deaf and hard of hearing, including but not limited to auditory-oral therapy, auditory-verbal therapy, Signed Exact English (SEE), American Sign Language (ASL), Total Communication (TC), and Cued Speech; as well as a full range of assistive hearing technologies, such as hearing aids and cochlear implants.

Poison Control Centers (PCCs)

The agreement provides \$26,846,000, an increase of \$1,000,000 above the fiscal year 2022 enacted level, for PCCs. The agreement directs HRSA to provide increased funds directly to the PCCs and requests a spend plan for the funds within 30 days of enactment of this Act. The agreement also requests an update within 30 days of enactment of this Act on the status of efforts to work with the Federal Communications Commission to address the geolocation needs for incoming calls.

Alliance for Innovation in Maternal Health Safety Bundles

The agreement includes \$15,300,000 for this activity, authorized in section 3300 of the PHS Act.

Pregnancy Medical Home Demonstration

The agreement includes \$10,000,000 to support a demonstration to incentivize maternal health care providers to provide integral

health care services to pregnant women and new mothers, as authorized in section 330P of the PHS Act.

RYAN WHITE HIV/AIDS PROGRAM

Ending the HIV Epidemic.—The agreement includes \$165,000,000 within the Ryan White program for the Ending the HIV Epidemic initiative.

HEALTH SYSTEMS

Organ Transplantation

Living Organ Donation Reimbursement Program.—The agreement supports significant expansion of income eligibility for the program to allow as many donors as possible to qualify for reimbursement.

The agreement supports HHS' efforts to increase transparency and promote competition regarding Organ Procurement Organizations (OPOs) and the Organ Procurement Transplantation Network (OPTN), as described in House Report 117-403.

C.W. Bill Young Cell Transplantation Program

The agreement provides \$33,009,000 for the C.W. Bill Young Cell Transplantation Program and requests a detailed spend plan within 30 days of enactment of this Act.

National Cord Blood Inventory (NCBI)

To further strengthen communication and collaboration between HRSA and its contracted cord blood banks, the agreement directs HRSA to host quarterly stakeholder calls open to all cord blood banks contracting with HRSA to build the NCBI, as described in House Report 117-403.

RURAL HEALTH

Rural Health Outreach

Delta States Rural Development Network Grant Program.—The agreement includes not less than \$27,000,000 for the Delta States Rural Development Network Grant Program and the Delta Region Community Health Systems Development Program. In addition, of the funds provided, the agreement provides not less than \$15,000,000 to support HRSA's collaboration with the Delta Regional Authority (DRA) to continue the Delta Region Community Health Systems Development Program to help underserved rural communities better address their health care needs. Within 90 days of enactment of this Act, the agreement directs HRSA and DRA to jointly brief the Committees on this program's progress.

Northern Border Regional Grant Program.—The agreement provides no less than \$3,000,000 for HRSA's collaboration with the Northern Border Regional Commission (NBRC) to provide direct support to member States to help underserved rural communities with planning and implementing service coordination improvements that better population health.

Rural Maternity and Obstetrics Management Strategies (RMOMS).—The agreement includes \$8,000,000 for RMOMS.

Rural Hospital Flexibility Grants

Rural Emergency Hospital Technical Assistance Program.—The agreement includes no less than \$5,000,000 for this activity.

Rural Residency Planning and Development

The agreement provides \$12,500,000 for the Rural Residency Planning and Development program. This includes \$2,000,000 to increase family medicine/obstetrics training programs in States with high infant morbidity and mortality rates. HRSA is directed to brief the Committees on their plans no less than 15 days prior to releasing a funding opportunity announcement.

Rural Communities Opioids Response Program (RCORP)

The agreement includes \$145,000,000, an increase of \$10,000,000, to expand RCORP. Within the funding provided, the agreement includes \$10,000,000 to continue the three Rural

Centers of Excellence (Centers), as established by P.L. 115–245 and continued through P.L. 116–260 and 117–103. Funding provided to the Centers may also be used for research and dissemination activities to address rural tobacco and alcohol addiction. Within the total for RCORP, the agreement also includes \$4,000,000 to support career and workforce training services for the NBRC region to assist individuals affected by an opioid use disorder.

FAMILY PLANNING

The Family Planning program administers Title X of the PHS Act. This program supports preventive and primary health care services at clinics nationwide. The agreement does not include language proposed by the House.

HRSA-WIDE ACTIVITIES AND PROGRAM SUPPORT

Oral Health Literacy.—The agreement includes \$300,000 for the activity described under this heading in House Report 117–403.

Community Projects/Congressionally Directed Spending.—Within the funds included in this account, \$1,521,681,000 shall be for the Community Project Funding/Congressionally Directed Spending projects, and in the amounts, as specified in the table included in this explanatory statement accompanying this division.

Office of Pharmacy Affairs

In lieu of the report requested in House Report 117–403, the agreement directs HRSA to provide a briefing within 120 days of enactment of this Act on actions taken to safeguard covered entities’ lawful access to discounted drugs.

Telehealth

Telehealth Centers of Excellence (COE).—The agreement includes \$8,500,000 for the Telehealth COE awarded sites.

Provider Bridge.—The agreement includes \$500,000 to continue the development of the Provider Bridge as part of the Licensure Portability Grant Program.

CENTERS FOR DISEASE CONTROL AND PREVENTION

The agreement provides \$9,217,590,000 in total program level funding for the Centers for Disease Control and Prevention (CDC), which includes \$8,258,932,000 in budget authority and \$903,300,000 in transfers from the Prevention and Public Health (PPH) Fund.

IMMUNIZATION AND RESPIRATORY DISEASES

The agreement provides a total of \$919,291,000 for Immunization and Respiratory Diseases, which includes \$499,941,000 in discretionary appropriations and \$419,350,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Section 317 Immunization Program	\$681,933,000
Acute Flaccid Myelitis	6,000,000
Influenza Planning and Response	231,358,000

317 Immunization Program.—The agreement includes an increase to enhance immunization efforts, including increasing awardee base awards with a focus on expanding and sustaining critical immunization program infrastructure and promoting routine vaccination. CDC is expected to use this funding to promote health equity related to protection from vaccine preventable diseases, as well as address vaccine hesitancy. In expanding existing immunization infrastructure, CDC is directed to implement new strategies for hard-to-reach populations, such as those who may be vaccine-hesitant, those who are members of racial or ethnic minority groups, and those who are underserved due to socio-

economic or other reasons. The agreement urges CDC to prioritize and to allocate resources to engage providers, healthcare stakeholders, educators, community organizations, and families on the importance of ensuring that all individuals receive their recommended routine vaccinations. The agreement also requests CDC provide the Committees an update on the achievements of the ongoing “Vaccinate with Confidence” campaign and the rate of routine vaccination across all ages, as well as a forward-looking plan to administer missed doses. CDC should include in the plan recommendations about what other tools it could employ to promote health equity.

Influenza Planning and Response.—The agreement includes an increase to enhance CDC’s influenza activities.

HIV/AIDS, VIRAL HEPATITIS, SEXUALLY TRANSMITTED DISEASES AND TUBERCULOSIS PREVENTION

The agreement provides \$1,391,056,000 for HIV/AIDS, Viral Hepatitis, Sexually Transmitted Diseases, and Tuberculosis Prevention. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Domestic HIV/AIDS Prevention and Research	\$1,013,712,000
HIV Initiative	220,000,000
School Health-HIV	38,081,000
Viral Hepatitis	43,000,000
Sexually Transmitted Infections	174,310,000
Tuberculosis	137,034,000
Infectious Diseases and the Opioid Epidemic	23,000,000

Ending the HIV Epidemic (EHE) Initiative.—The agreement includes an increase to advance the activities of EHE, including increasing equitable access to pre-exposure prophylaxis (PrEP).

Infectious Diseases and the Opioid Epidemic.—The agreement includes an increase for activities as outlined in House Report 117–403. In addition, the agreement strongly encourages CDC to prioritize jurisdictions with the highest age-adjusted mortality rate related to substance use disorders and acute hepatitis C infection. CDC is also strongly encouraged to prioritize jurisdictions that are experiencing high rates of new HIV infections or outbreaks or emerging clusters of infectious diseases associated with drug use, including those not eligible for EHE funding.

School Health.—The agreement includes an increase for the expansion of school health activities.

Sexually Transmitted Infections (STIs).—The agreement includes an increase for STI prevention and control activities in public health programs, and CDC is directed to move the grant year forward by at least one month.

Tuberculosis (TB).—The agreement includes an increase to advance TB elimination efforts.

Viral Hepatitis.—The agreement includes an increase to advance efforts to eliminate viral hepatitis.

EMERGING AND ZOONOTIC INFECTIOUS DISEASES

The agreement provides \$750,772,000 for Emerging and Zoonotic Infectious Diseases, which includes \$698,772,000 in discretionary appropriations and \$52,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Antibiotic Resistance Initiative	197,000,000
Vector-Borne Diseases	62,603,000
Lyme Disease	26,000,000
Prion Disease	7,500,000
Chronic Fatigue Syndrome	5,400,000
Emerging Infectious Diseases	202,997,000
Harmful Algal Blooms	3,500,000
Food Safety	71,000,000
National Healthcare Safety Network	24,000,000

Budget Activity	FY 2023 Agreement
Quarantine	58,772,000
Advanced Molecular Detection	40,000,000
Epidemiology and Lab Capacity	40,000,000
Healthcare-Associated Infections	12,000,000

Advanced Molecular Detection (AMD).—The agreement includes an increase to bolster genomic epidemiology expertise and capacity. The agreement requests a status update on how funding provided in the American Rescue Plan Act (P.L. 117–2) and in fiscal year 2022 appropriations have increased capabilities at public health departments in the fiscal year 2024 Congressional Justification.

Antimicrobial and Antibiotic Resistance (AR).—The agreement includes an increase for activities and directives outlined in House Report 117–403. In addition, CDC is directed to improve data collection and increase support for U.S. health departments to detect, contain, and prevent AR infections and increase collaborative efforts at the international, national, regional, State, tribal, and local levels. Finally, the agreement directs CDC to work with other HHS agencies to provide an annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act and every succeeding annual appropriations Act.

Centers of Excellence in Newcomer Health.—The agreement notes with concern the underlying physical and mental health needs of refugees, including those from Afghanistan, which are often not detected or addressed at basic screenings at the time of resettlement. The agreement urges CDC to expand the number of Centers of Excellence in Newcomer Health, giving preference to applicants from communities with a large number of Afghan and other refugees. Finally, the agreement encourages CDC to make geographic diversity a priority when making awards.

Emerging Infectious Diseases.—The agreement includes an increase for emerging infectious disease work. In addition, recognizing the important role wastewater testing plays for our Nation’s biosecurity, the agreement encourages CDC to continue working with States and localities to broaden the scope of wastewater surveillance capabilities to track COVID–19 and additional pathogens and to assist with public health data analysis. The agreement requests information in the fiscal year 2024 Congressional Justification on best practices in developing wastewater surveillance programs in rural settings and institutions of higher education, and strategies to increase participation among State and local governments and correctional facilities.

Food Safety.—The agreement includes an increase to help address critical unmet needs.

Harmful Algal Blooms.—The agreement includes an increase for the activities outlined in House Report 117–403.

Lyme Disease and Related Tick-Borne Illnesses.—The agreement provides an increase in recognition of the importance of the prevention and control of Lyme disease and related tick-borne diseases, and encourages CDC to support surveillance and prevention of Lyme disease and other high consequence tick-borne diseases in endemic areas as well as areas not yet considered endemic. The agreement includes funding for CDC’s vector-borne diseases program to expand the programs authorized under the Kay Hagan Tick Act (P.L. 116–94) to promote a public health approach to combat rising cases of tick-borne diseases, including activities directed in House Report 117–403. CDC is directed to develop and implement methods to

improve surveillance to more accurately report the disease burden, including through the development of real time data for reporting Lyme disease and other tick-borne diseases, as well as a process for estimating the prevalence of Post-Treatment Lyme Disease Syndrome. CDC is directed to use funding to improve early diagnosis of Lyme and related tick-borne diseases to prevent the development of late stage disease and more serious and long-term disability. CDC is encouraged to coordinate with the National Institutes of Health (NIH), the National Institute of Mental Health, and the National Institute of Neurological Disorders and Stroke on publishing reports that assess diagnostic advancements, methods for prevention, the state of treatment, and links between tick-borne disease and psychiatric illnesses. The agreement urges CDC, in coordination with NIH, to include in their surveillance the long-term effects on patients suffering from post-treatment Lyme disease syndrome, or “chronic Lyme disease.” Additionally, given the impact of Lyme disease and the status of ongoing clinical trials, the agreement requests a report within 180 days of enactment of this Act on CDC’s research to-date and recommendations on actions needed to facilitate a successful Lyme disease vaccine rollout that will build confidence and encourage uptake should a vaccine be approved by the FDA.

Myalgic Encephalomyelitis/Chronic Fatigue Syndrome (ME/CFS).—The agreement commends CDC for its recent progress in ME/CFS medical education and its participation in the Interagency Working Group for ME/CFS. The agreement encourages CDC to develop a national epidemiological and disease tracking study of post-infectious syndromes prevalence, specifically the rates of post-acute COVID-19 syndrome and ME/CFS in adults and children. The agreement urges CDC to strengthen collaboration with 1) interagency partners, 2) disease experts and stakeholders, and 3) the NIH’s Collaborative Research Centers on study design protocol. Additionally, the agreement urges CDC to conduct a series of epidemiological studies into the causes, diagnosis, and risk factors of ME/CFS. Finally, the agreement urges CDC to engage physicians and patients in an effort to increase awareness of ME/CFS and disseminate updated clinical guidance.

Mycotic Diseases.—The agreement provides an increase of \$2,000,000 in Emerging Infectious Diseases for mycotic diseases and directs CDC to fully utilize its clinical trial partners and the Mycoses Study Group to address the growing threat from mycological infection in the United States and around the world.

National Healthcare Safety Network (NHSN).—The agreement includes an increase for NHSN and supports the modernization of the system’s infrastructure.

Prion Disease.—The agreement includes an increase to advance efforts on human prion diseases, including Creutzfeldt-Jakob Disease, which are rapidly progressive and fatal neurodegenerative diseases that occur in both humans and animals, and recognizes the critical work of the National Prion Disease Pathology Surveillance Center.

Quarantine.—The agreement includes an increase to enhance programs to protect the U.S. from infectious diseases.

Vector-Borne Diseases.—The agreement includes an increase for enhanced vector-borne disease activities, including those outlined in House Report 117–403.

CHRONIC DISEASE PREVENTION AND HEALTH PROMOTION

The agreement provides \$1,430,414,000 for Chronic Disease Prevention and Health Promotion, which includes \$1,175,464,000 in dis-

cretionary appropriations and \$254,950,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Tobacco	\$246,500,000
Nutrition, Physical Activity, and Obesity	58,420,000
High Obesity Rate Counties	16,500,000
School Health	19,400,000
Glaucoma	4,000,000
Vision and Eye Health	2,500,000
Alzheimer’s Disease	38,500,000
Inflammatory Bowel Disease	1,500,000
Interstitial Cystitis	1,100,000
Excessive Alcohol Use	6,000,000
Chronic Kidney Disease	4,500,000
Chronic Disease Education and Awareness	4,500,000
Prevention Research Centers	28,961,000
Heart Disease and Stroke	155,105,000
Diabetes	155,129,000
National Diabetes Prevention Program	37,300,000

Alzheimer’s Disease.—The agreement provides an increase to support provisions authorized by the BOLD Infrastructure for Alzheimer’s Act (P.L. 115–406).

Cancer.—The agreement supports the Cancer Moonshot by providing an increase for every CDC Cancer Program. In addition to skin cancer discussed separately under this account, the agreement includes an increase for Breast and Cervical Cancer for the activities included in House Report 117–403, as well as increases for Breast Cancer Awareness for Young Women, the National Program of Cancer Registries, colorectal cancer, the National Comprehensive Cancer Control Program, Johanna’s Law, ovarian cancer, prostate cancer, and the Cancer Survivorship Resource Center.

Chronic Disease Education and Awareness.—The agreement includes an increase to expand this competitive grant program to a variety of chronic diseases not addressed by a specific National Center for Chronic Disease and Prevention and Health Promotion program.

Chronic Kidney Disease.—The agreement includes an increase to advance the activities included in House Report 117–403.

Diabetes.—The agreement includes an increase to enhance efforts to prevent diabetes and reduce its complications, and to expand the Diabetes Prevention Program.

Early Child Care Collaboratives.—The agreement provides an increase for these activities.

Epilepsy.—The agreement provides an increase for epilepsy activities.

Excessive Alcohol Use.—The agreement includes an increase for the activities included in House Report 117–403.

Farm-to-School.—The agreement continues \$2,000,000 within Nutrition, Physical Activity, and Obesity for research and education activities promoting healthy eating habits for students. The agreement intends that these grants support multi-agency and multi-organizational State farm to early childhood programs with priority given to entities with experience running farm to early childhood programs. The agreement di-

rects CDC to coordinate farm to early childhood program efforts with the Office of Community Food Systems at the Department of Agriculture.

Food Allergies.—The agreement includes \$2,000,000 for a school-based effort to address food allergies and reduce potentially fatal anaphylactic reactions.

Heart Disease and Stroke.—The agreement provides an increase for heart disease and stroke activities, including \$8,000,000 for implementation of the Cardiovascular Advances in Research and Opportunities Legacy Act, of which \$5,000,000 is to expand an existing, national sudden cardiac arrest registry to capture data from all States and \$3,000,000 is for heart valve disease education and awareness. The agreement includes an increase to strengthen and expand evidence-based heart disease and stroke prevention activities focused on high risk populations. The agreement also includes increases for the WISEWOMAN program to be expanded to additional States and for the Million Hearts initiative to increase education and outreach.

High Obesity Rate Counties.—In addition to the directives outlined in House Report 117–403, the agreement continues to support land grant universities in partnership with their cooperative extensions for counties with an obesity prevalence over 40 percent. CDC grantees are directed to work with State and local public health departments and other partners to support measurable outcomes through community and population-level evidenced-based obesity intervention and prevention programs. Funded projects should integrate evidence-based policy, systems, and environmental approaches to better understand and address the environmental and societal implications of obesity.

Inflammatory Bowel Disease (IBD).—The agreement includes an increase to advance IBD efforts.

Lupus.—The agreement provides an increase for activities to advance public health knowledge about lupus.

Mississippi Delta Health Collaborative (MDHC).—The agreement encourages CDC to build on its longstanding investment in MDHC by working to replicate the work in additional sites while maintaining the current strategy. The agreement directs CDC to provide an update on these activities in the fiscal year 2024 Congressional Justification.

Oral Health.—The agreement includes an increase for efforts to reduce oral disease and provide effective interventions.

Prevention Research Centers.—The agreement provides an increase to continue the national network conducting prevention research and translating research results into policy and public health practice that address local health needs.

Racial and Ethnic Approaches to Community Health (REACH).—The agreement provides an increase to address racial and ethnic health disparities, including the Good Health and Wellness in Indian Country program.

Reducing E-cigarette Use During Pregnancy.—The agreement supports CDC’s efforts to address tobacco use during pregnancy and encourages CDC to include initiatives specifically targeted at e-cigarette use during pregnancy, including initiatives to raise awareness among patients and clinicians about the risks of e-cigarette use during pregnancy. CDC is encouraged to partner with other HHS agencies to ensure pregnant women can access safe and effective tobacco cessation services and medications. The agreement requests an update on these activities in the fiscal year 2024 Congressional Justification.

Safe Motherhood and Infant Health.—The agreement builds on the commitment made in the fiscal year 2022 bill by providing an increase for this portfolio of programs to improve the health of pregnant and postpartum

women and their babies, including reducing disparities in maternal and infant health outcomes. The agreement directs CDC to use the funding increase to expand and increase support for Maternal Mortality Review Committees (MMRCs), Perinatal Quality Collaboratives (PQCs), and other programs including Sudden Unexplained Infant Death (SUID) and the Sudden Death in the Young (SDY) Case Registry. In addition to the activities outlined in House Report 117-403, CDC is directed to expand support for MMRCs and improve data collection at the State level to create consistency in data collection, analysis and reporting across State MMRCs. This investment is necessary to provide accurate national statistics on U.S. maternal mortality rates and inform data-driven actions to prevent these deaths. The agreement requests CDC provide a report to the Committees within 90 days of enactment of this Act on barriers to effective and consistent data collection and opportunities to improve coordination among State MMRCs. CDC is also encouraged to work with a national organization on educational materials and peer support programs for patients on the impact of blood disorders on maternal health. Additionally, the agreement encourages CDC to prioritize funding to expand PQCs to additional States and territories and provide increased support to existing PQCs. The agreement requests an update on the expansion of PQCs beyond the States currently funded, as well as any barriers to expansion, including those created by the COVID-19 pandemic. The agreement encourages CDC to increase awareness through the PQCs of newer options and technologies for postpartum hemorrhage management that have the potential to reduce the need for transfusions, extended hospital stays, and maternal harm. Finally, the agreement directs CDC to expand the number of States and jurisdictions participating in the monitoring and surveillance of SUID and the SDY Case Registry to improve data collection. This data works to identify, develop, and implement best practices to prevent infant death, including practices to improve safe sleep, in coordination with appropriate non-profits.

Skin Cancer Education and Prevention.—The agreement notes concern with the growing number of people diagnosed with preventable forms of skin cancer, which is now the most commonly diagnosed cancer in the U.S. The agreement provides an increase of \$1,000,000 for skin cancer education and prevention and encourages CDC to increase its collaboration and partnership with local governments, business, health, education, community, non-profit, and faith-based sectors.

School Health.—The agreement provides an increase to expand the number of States in the Healthy Schools program.

Tobacco.—The agreement provides an increase to reduce deaths and prevent chronic diseases, including addressing the youth use of e-cigarettes.

Vision and Eye Health.—The agreement includes an increase and directs CDC to initiate efforts to update national prevalence estimates on vision impairment and eye disease through the use of the National Health and Nutrition Examination Survey.

BIRTH DEFECTS AND DEVELOPMENTAL DISABILITIES

The agreement provides \$205,560,000 for Birth Defects and Developmental Disabilities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Birth Defects	\$19,000,000
Fetal Death	900,000

Budget Activity	FY 2023 Agreement
Fetal Alcohol Syndrome	11,500,000
Folic Acid	3,150,000
Infant Health	8,650,000
Autism	28,100,000
Disability & Health	45,500,000
Tourette Syndrome	2,500,000
Early Hearing Detection and Intervention	10,760,000
Muscular Dystrophy	7,500,000
Attention Deficit Hyperactivity Disorder	1,900,000
Fragile X	2,000,000
Spina Bifida	7,500,000
Congenital Heart	8,250,000
Public Health Approach to Blood Disorders	10,400,000
Hemophilia Activities	3,500,000
Hemophilia Treatment Centers	5,100,000
Thalassemia	2,100,000
Neonatal Abstinence Syndrome	4,250,000
Surveillance for Emerging Threats to Mothers and Babies ..	23,000,000

Autism.—The agreement includes an increase to expand the Autism Developmental Disabilities Monitoring (ADDM) Network and to re-establish surveillance of cerebral palsy in at least two ADDM sites.

Congenital Heart Disease.—The agreement includes an increase to further implement the screening, surveillance, research, and awareness activities authorized by the Congenital Heart Futures Reauthorization Act (P.L. 115-342).

Disability and Health.—The agreement includes an increase of \$3,000,000 to continue to strengthen existing programs that address healthy athletes and an increase of \$1,000,000 to continue existing activities that improve physical activity and fund health promotion for people with mobility disabilities. In addition, the agreement includes an increase of \$2,500,000 and recommends CDC use the funds to encourage partnership between national disability organizations and institutions of higher education to conduct implementation science research on health promotion, disease prevention, and intervention strategies for people with disabilities.

Fetal Alcohol Spectrum Disorders.—The agreement provides an increase to expand efforts related to fetal alcohol spectrum disorders.

Muscular Dystrophy.—The agreement provides an increase to enhance Muscular Dystrophy research and disease surveillance initiatives.

Neonatal Abstinence Syndrome (NAS).—The agreement includes an increase to support efforts to address the rise in NAS resulting from the overuse of opioids and other related substances during pregnancy, including research on opioid use during pregnancy and related adverse outcomes from infancy through childhood, and to identify best practices for care, evaluation, and management to help children.

Public Health Approach to Blood Disorders.—The agreement includes an increase to expand sickle cell data collection and analysis.

Surveillance for Emerging Threats to Mothers and Babies Network (SET-NET).—The agreement includes an increase to expand the efforts and reach of SET-NET to detect and respond to emerging threats to mothers and babies. The agreement directs CDC to provide a briefing to the Committees on its spend plan for this funding within 90 days of enactment of this Act and an update on these activities in the fiscal year 2024 Congressional Justification. Finally, CDC was provided additional funding in fiscal year 2019 to expand its Zika surveillance to determine the long-term health impacts of infants born to mothers infected with the Zika virus. The agreement requests an update in the fiscal year 2024 Congressional Justification from this ongoing surveillance.

Tourette Syndrome.—The agreement provides an increase and directs CDC to continue to educate physicians, educators, clinicians, allied professionals, and the general public about the disorder and to improve scientific knowledge on prevalence, risk fac-

tors, and co-occurring conditions of Tourette Syndrome.

PUBLIC HEALTH SCIENTIFIC SERVICES

The agreement provides a total of \$754,497,000 for Public Health Scientific Services. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Health Statistics	\$187,397,000
Surveillance, Epidemiology, and Informatics	298,100,000
Advancing Laboratory Science	23,000,000
Public Health Data Modernization	175,000,000
Public Health Workforce	71,000,000

Advancing Laboratory Science.—The agreement provides an increase to strengthen CDC's laboratory science and safety.

National Center for Health Statistics.—The agreement includes an increase to monitor the health of our Nation and to make much-needed investments in the next generation of surveys and products.

National Neurological Conditions Surveillance System.—The agreement provides a total of \$5,000,000 within Surveillance, Epidemiology, and Informatics to continue efforts on the two initial conditions.

Primary Immunodeficiencies.—The agreement provides \$3,500,000 for education, awareness, and genetic sequencing surveillance related to primary immunodeficiencies.

Public Health Data Modernization.—The agreement provides an increase to advance the progress of this effort with State, tribal, local, and territorial (STLT) partners. The agreement urges CDC to work with representatives from STLT health departments through a regular convening mechanism to establish a public health data sharing process to ensure that notifiable case data are reported to CDC during an emergency response event in a timely and efficient manner that is the least burdensome for STLT public health departments. This process should include the use of an established minimal data set and transmission via existing and automated reporting mechanisms to the extent possible.

Public Health Workforce.—The agreement provides an increase to aid in the rebuilding and sustainment of the public health workforce.

ENVIRONMENTAL HEALTH

The agreement provides \$246,850,000 for Environmental Health programs, which includes \$229,850,000 in discretionary appropriations and \$17,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Environmental Health Laboratory	\$70,750,000
Newborn Screening Quality Assurance Program	21,000,000
Newborn Screening/Severe Combined Immunodeficiency Diseases	1,250,000
Safe Water	8,600,000
Amniontrophic Lateral Sclerosis Registry	10,000,000
Trevor's Law	3,000,000
Climate and Health	10,000,000
Environmental Health Activities	21,000,000
Environmental and Health Outcome Tracking Network	34,000,000
Asthma	33,500,000
Childhood Lead Poisoning	51,000,000
Lead Exposure Registry	5,000,000

Asthma.—The agreement includes an increase for the activities included in House Report 117-403.

Childhood Lead Poisoning.—The agreement includes an increase to support the expansion of direct CDC assistance and funding to additional State and local public health departments and to expand programmatic data capabilities.

Newborn Screening.—The agreement includes an increase to expand newborn screening efforts.

Trevor's Law.—The agreement provides an increase to better understand the relationship between environmental exposures and pediatric cancer, and to build capacity to conduct cancer investigations in accordance with Trevor's Law (Public Law 114-182).

Vessel Sanitation.—The agreement includes \$4,000,000 to support the critical public health functions of the vessel sanitation program, and reiterates the requested information in House Report 117-403. The agreement expects CDC to resume user fee collections in fiscal year 2023 and to provide an update on what is needed to sustain future operations to the Committees within 120 days of enactment of this Act.

INJURY PREVENTION AND CONTROL

The agreement provides \$761,379,000 for Injury Prevention and Control activities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Domestic Violence and Sexual Violence.....	38,200,000
Child Maltreatment	7,250,000
Child Sexual Abuse Prevention	3,000,000
Youth Violence Prevention.....	18,100,000
Domestic Violence Community Projects.....	7,500,000
Rape Prevention	61,750,000
Suicide Prevention	30,000,000
Adverse Childhood Experiences	9,000,000
National Violent Death Reporting System	24,500,000
Traumatic Brain Injury	8,250,000
Elderly Falls	3,050,000
Drowning	2,000,000
Injury Prevention Activities	29,950,000
Opioid Overdose Prevention and Surveillance	505,579,000
Injury Control Research Centers	11,000,000
Firearm Injury and Mortality Prevention Research	12,500,000

Adolescent Mental Health.—The agreement urges CDC to establish a program that leverages existing CDC activities dedicated to adolescent mental health to improve adolescent mental wellbeing and advance equity, with a focus on culturally responsive prevention and early intervention. In collaboration with centers across CDC, HHS, the Department of Education, youth, experts, and advocates, CDC is encouraged to coordinate the development and implementation of national goals and a national strategy to improve adolescent mental wellbeing that align with the objectives outlined in Healthy People 2030. Special consideration should be made for underserved communities to ensure their voices are represented in decision-making and idea generating. In addition, the agreement urges CDC to conduct applied research and evaluation studies to improve the implementation of evidence-based policies and community-based practices that advance the national strategy and promote adolescent mental health.

Adverse Childhood Experiences.—The agreement includes an increase to expand efforts, including technical assistance to States.

Domestic Violence and Sexual Violence.—The agreement provides \$1,000,000 to collect data on the connection between brain injuries and domestic and sexual violence, and to implement a data collection project that follows up on and operates under CDC's National Intimate Partner and Sexual Violence Survey or other appropriate survey mechanism and asks questions about the prevalence and circumstances surrounding brain injuries.

Core State Injury Prevention Program (Core SIPP).—The agreement includes an increase of \$1,000,000 to enhance efforts to identify and respond to injury threats with data-driven public health actions.

Firearm Injury and Mortality Prevention Research.—The agreement includes funding to conduct research on firearm injury and mortality prevention. Given violence and suicide have a number of causes, the agreement recommends the CDC take a comprehensive approach to studying these underlying causes and evidence-based methods of prevention of

injury, including crime prevention. All grantees under this section will be required to fulfill requirements around open data, open code, pre-registration of research projects, and open access to research articles consistent with the National Science Foundation's open science principles. The Director of CDC is to report to the Committees within 30 days of enactment of this Act on implementation schedules and procedures for grant awards, which strive to ensure that such awards support ideologically and politically unbiased research projects.

Injury Control Research Centers.—The agreement includes an increase to increase the number of awards for multi-disciplinary research on the causes, outcomes, and prevention of injuries and violence.

Opioid or Other Drug Use and Overdose Prevention.—The agreement includes an increase to enhance activities and encourages CDC to ensure that funding for opioid and stimulant abuse and overdose prevention reaches local communities to advance local understanding of the opioid overdose epidemic and to scale-up prevention and response activities. In addition to the activities included in House Report 117-403, the agreement encourages CDC to include community member naloxone education as a strategy for local community overdose prevention funds. The agreement continues to support rigorous monitoring, evaluation and improvements in data quality and monitoring at a national level, including data collection and analysis on overdose deaths. CDC is directed to continue expansion of case-level syndromic surveillance data, improvements of interventions that monitor prescribing and dispensing practices, better timeliness and quality of morbidity and mortality data, as well as the enhancement of efforts with medical examiners and coroner offices. The agreement urges CDC to continue to maximize the use of State-based Prescription Drug Monitoring Programs (PDMPs) as a public health tool to assist in clinical decision-making and surveillance. CDC is further directed to continue to expand an innovative model to coordinate care for high-risk patients receiving opioid treatment and encouraged to work with the Office of the National Coordinator for Health Information Technology to enhance integration of PDMPs and electronic health records.

Opioid Prescribing Guidelines.—The agreement applauds CDC's efforts to update the Clinical Practice Guideline for Prescribing Opioids for Chronic Pain, for use by primary care clinicians for chronic pain in outpatient settings outside of active cancer treatment, palliative care, and end-of-life care. The agreement directs CDC to continue its work educating patients and providers, and to encourage uptake and use of the Guidelines. The agreement urges CDC to continue coordination with other Federal agencies in implementation and related updates in safe prescribing practices to ensure consistent, high-quality care standards across the Federal government.

Public Safety Officer Suicide Reporting System.—The agreement continues funding for the activities described in the Helping Emergency Responders Overcome Act of 2020, as directed in Public Law 116-260.

Suicide Prevention.—The agreement includes an increase and in addition to the direction included in House Report 117-403, the agreement directs CDC to expand its comprehensive suicide prevention program to additional States and develop a plan for integrating its Emergency Department Surveillance of Nonfatal Suicide Related Outcomes pilot to collect real-time data on non-fatal suicide related outcomes and self-harm behavior into the program. Effective and faster data collection is imperative to suicide pre-

vention efforts so that risk factors can be evaluated, high-risk populations can be identified and prioritized, and new and more efficient prevention strategies can be implemented.

Traumatic Brain Injury.—The agreement provides an increase to initiate concussion surveillance, particularly among children and youth.

Youth Violence Prevention.—The agreement provides an increase to support violence interventions and encourages CDC to fund a range of interventions, including programs that provide de-escalation and conflict mitigation skills. CDC is urged to scale up existing partnerships with organizations that have demonstrated success in reducing violence and its risk factors, including those involving healthcare and community outreach organizations, as well as supporting academic-community collaborations and research to advance the science and practice of violence prevention, while reducing inequities from which such violence stems.

NATIONAL INSTITUTE FOR OCCUPATIONAL SAFETY AND HEALTH (NIOSH)

The agreement provides a total of \$362,800,000 for NIOSH in discretionary appropriations. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
National Occupational Research Agenda	\$119,500,000
Agriculture, Forestry, and Fishing	29,000,000
Education and Research Centers	32,000,000
Personal Protective Technology	23,000,000
Mining Research	66,500,000
National Mesothelioma Registry and Tissue Bank	1,200,000
Firefighter Cancer Registry	5,500,000
Other Occupational Safety and Health Research	115,100,000

Agriculture, Forestry, and Fishing.—The agreement includes an increase to expand efforts to protect workers in this sector.

Coal Workers' Health Surveillance Program Mobile Medical Unit.—The agreement directs CDC to prioritize the maintenance of mobile medical units and urges CDC to consider the purchase of an additional mobile medical unit to improve access to screening for miners, as early screening and detection of black lung can improve health outcomes and reduce mortality.

Education and Research Centers (ERCs).—The agreement includes an increase to support efforts to reduce work-related injuries and illness. In addition, the agreement directs NIOSH to increase support for new and existing ERCs to support education and training programs for undergraduate and graduate students, particularly in Environmental and Industrial Hygiene, Occupational Health Nursing, Occupational Medicine Residency, and Occupational Safety and Health Engineering.

Firefighter Cancer Registry.—The agreement includes an increase for this voluntary, anonymous registry system.

Mining Research.—The agreement provides an increase and directs \$2,000,000 of this increase to support research and outreach activities to prevent work-related illness, injury and death in the western U.S., with an increased focus on potentially underrepresented and disproportionately impacted workers. CDC is also urged to increase support for research on exposure assessment, behavioral science, and mental health in the mining industry. Additionally, the agreement directs \$2,000,000 of this increase to expand grant opportunities to universities with graduate programs in mining and explosives engineering to fund additional research initiatives in automation, robotics, and intelligent mining systems to improve workplace safety and health in U.S. mining operations.

Occupational Injury and Illness.—The agreement does not include the directive for the report as described in House Report 117-403.

Radiation Exposure in Medical Procedures.—The agreement requests the report directed in House Report 117–403 to reflect consultation with EPA and FDA.

Total Worker Health.—The agreement provides an increase of \$1,000,000 to expand the program.

GLOBAL HEALTH

The agreement provides \$692,843,000 for Global Health activities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Global AIDS Program	\$128,921,000
Global Tuberculosis	11,722,000
Polio Eradication	180,000,000
Measles and Other Vaccine Preventable Diseases	50,000,000
Parasitic Diseases and Malaria	29,000,000
Global Public Health Protection	293,200,000

Global Public Health Protection.—The agreement includes an increase and recognizes CDC’s unique role in supporting public health capacity development.

Parasitic Diseases and Malaria.—The agreement includes an increase to enhance parasitic diseases and malaria activities.

Polio Eradication.—The agreement includes an increase to support CDC activities related to wild poliovirus and vaccine-derived polio surveillance, vaccine procurement, and outbreak response. CDC is urged to continue to provide technical assistance to countries for polio immunization campaigns, conduct environmental surveillance of polio viruses to ensure prompt detection and to prevent potential outbreaks of paralytic polio disease.

Population-based Surveillance Platforms.—The agreement includes \$7,000,000, an increase of \$3,000,000 from within the increase for Global Public Health Protection, to support existing longitudinal population-based infectious disease surveillance platforms that enable comparative analysis between urban and rural populations in the developing world.

Soil Transmitted Helminth (STH) and Related Diseases of Poverty.—The agreement includes \$1,500,000 to extend the currently funded CDC projects aimed at surveillance, source remediation and clinical care to assess and reduce STH or other parasitic infections related to health disparities.

Tuberculosis.—The agreement includes an increase to advance tuberculosis prevention, diagnosis, and treatment efforts.

PUBLIC HEALTH PREPAREDNESS AND RESPONSE

The agreement provides \$883,200,000 for public health preparedness and response activities. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Public Health Emergency Preparedness Cooperative Agreement	\$735,000,000
Academic Centers for Public Health Preparedness... ..	9,200,000
CDC Preparedness and Response	139,000,000

CDC Preparedness and Response.—The agreement provides \$21,900,000 in the Public Health and Social Services Emergency Fund for HHS Protect for the activities directed in House Report 117–403.

Public Health Emergency Preparedness Cooperative Agreement.—The agreement includes an increase for cooperative agreement awards.

BUILDINGS AND FACILITIES

The agreement provides \$40,000,000 in discretionary budget authority.

Buildings and Facilities.—The agreement includes funding to make progress on CDC’s backlog of maintenance and repairs, including at its Atlanta campuses. The agreement supports the completion of the Atlanta Masterplan Build Out.

Mine Safety Research Facility.—The agreement notes bill language and funding to support the design and construction of a mine safety research facility to replace the Lake Lynn Experimental Mine and Laboratory were provided in fiscal years 2021 and 2022. The agreement requests the continuation of quarterly updates on progress in the construction of the facility, costs incurred, and unanticipated challenges which may affect timeline for total costs until completion of the facility. Further, upon CDC’s completion of the purchase of property for the new mine safety research facility, the agreement directs HHS to fund the design and construction of the facility from the Nonrecurring Expenses Fund.

CDC-WIDE ACTIVITIES

The agreement provides \$723,570,000 for CDC-wide activities, which includes \$563,570,000 in discretionary appropriations and \$160,000,000 in transfers from the PPH Fund. Within this total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Preventive Health and Health Services Block Grant	\$160,000,000
Public Health Leadership and Support	128,570,000
Infectious Disease Rapid Response Reserve Fund	35,000,000
Public Health Infrastructure and Capacity	350,000,000
Center for Forecasting and Outbreak Analytics	50,000,000

Infectious Disease Rapid Response Reserve Fund (Reserve Fund).—The agreement includes an increase toward the replenishment of this fund to ensure that CDC is positioned to respond quickly to an imminent public health emergency. CDC is directed to provide a spend plan in conjunction with the Congressional notification required 15 days in advance of any transfer or obligation. The spend plan shall include estimates of anticipated uses of funds, including estimated personnel and administrative costs, disaggregated by program, project, or activity. CDC is required to provide quarterly reports, pursuant to P.L. 115–245, and the agreement directs CDC to make every effort to provide such reports on-time. Additionally, CDC is directed to provide information in each quarterly report on all amounts available in the Reserve Fund for the current fiscal year and the preceding two fiscal years, including (1) obligations by object class categories; (2) with respect to such obligations, the notification to which it relates; and (3) the total amount unobligated in the Reserve Fund.

Local Health Departments.—The agreement notes that Federal funding intended for both State and local health departments does not consistently reach local health departments beyond those directly funded. The agreement encourages CDC to require States to fund local health departments when programatically appropriate.

Public Health Infrastructure and Capacity.—The agreement provides an increase of \$150,000,000 for this disease-agnostic resource. The agreement directs that no less than 70 percent of this funding be awarded to health departments.

Public Health Leadership and Support.—The agreement includes an increase to support CDC’s foundational public health activities and to facilitate partnerships. The agreement commends CDC for its commitment to the development of a diverse healthcare and public health workforce. The agreement provides an increase of \$3,500,000 to expand the John R. Lewis CDC Undergraduate Public Health Scholars Program, including the opportunity for more HBCUs to participate, as well as tribal colleges and universities. In addition, the agreement provides \$5,000,000 to establish an Office of Rural Health (ORH). The ORH will enhance the implementation of

CDC’s rural health portfolio, coordinate efforts across CDC programs, and develop a strategic plan for rural health at CDC that maps the way forward both administratively and programmatically. The agreement encourages ORH to accelerate innovation, make scientific and communication resources tailored to current rural public health needs, build and improve public health functions and service delivery and provide leadership in matters of public health infrastructure.

NATIONAL INSTITUTES OF HEALTH (NIH)

The agreement provides \$47,459,000,000 for NIH, including \$1,085,000,000 from the 21st Century Cures Act (P.L.114–255, Cures Act), an increase of \$2,500,000,000, or 5.6 percent, above the fiscal year 2022 enacted level. The agreement provides a funding increase of no less than 3.8 percent above the fiscal year 2022 enacted level to every Institute and Center (IC). Per the Cures Act, \$216,000,000 is transferred to the National Cancer Institute (NCI) for cancer research; \$225,000,000 to the National Institute of Neurological Disorders and Stroke (NINDS) and \$225,000,000 to the National Institute on Mental Health (NIMH) for the BRAIN Initiative; and \$419,000,000 to the Office of the Director (OD) for the *All of Us* precision medicine initiative.

The agreement directs NIH to include updates on the following research, projects, and programs in the fiscal year 2024 Congressional Justification: metastatic breast cancer; NCI’s plans to update the Surveillance, Epidemiology, and End Results Registry; pulmonary fibrosis; cellular immunity; and opportunities to enhance childhood cancer research efforts, including coordinating efforts already underway through the Trans-NIH Pediatric Research Consortium.

NATIONAL CANCER INSTITUTE (NCI)

Cancer Moonshot.—The agreement directs NCI to provide a report to the Committees within 180 days of enactment of this Act describing the steps it will take to advance efforts to develop a robust pipeline of new treatments for recalcitrant cancers, defined in the Recalcitrant Cancer Research Act of 2012 (P.L. 112–239) as those with a five-year survival rate below 50 percent.

Childhood Cancer Data Initiative (CCDI).—The agreement includes no less than \$50,000,000 for the CCDI, including no less than \$750,000 to continue to support enhancement of the CCDI Molecular Characterization Initiative.

Childhood Cancer STAR Act.—The agreement includes no less than \$30,000,000 for continued implementation of sections of the Childhood Cancer Survivorship, Treatment, Access, and Research (STAR) Act (P.L. 115–180). The agreement directs NIH to provide an update in the fiscal year 2024 Congressional Justification on opportunities to enhance childhood cancer research efforts and the actions NCI has taken to ensure pediatric cancer expertise is included on all panels, as appropriate.

Colorectal Cancer.—The agreement directs NCI to include an update in the fiscal year 2024 Congressional Justification on opportunities to advance progress against colorectal cancer with an emphasis on: (1) opportunities to develop more effective therapeutics; (2) rising rates in people under the age of 50, including rapidly increasing rates in the 20 to 39 year old age range; and (3) the persistent health disparities in prevalence, screening, and outcomes. The update should describe how NCI plans to play a role in addressing these challenges and what existing and future innovative research opportunities can be leveraged to advance progress.

Deadliest Cancers.—The agreement directs NIH to identify the greatest obstacles and most promising research opportunities to advance progress against each of the deadliest

cancers in the fiscal year 2024 Congressional Justification.

Native American Cancer Outcomes.—The agreement continues to be concerned that Native Americans experience overall cancer incidence and mortality rates that are strikingly higher than non-Native populations, and encourages NCI to expand research efforts to reduce American Indian cancer disparities and improve outcomes, specifically by supporting efforts to develop durable capacity for tribally engaged cancer disparities research through an integrated program of research, education, outreach, and clinical access.

NCI Paylines.—The agreement provides an increase of \$150,000,000 for NCI to prioritize competing grants and to sustain commitments to continuing grants.

Pancreatic Cancer.—The agreement encourages NCI to leverage the investment in NCI's National Clinical Trials Network to accelerate the survival rate for pancreatic cancer patients by maximizing the knowledge gained from every trial and suggests that trials for pancreatic cancer include parallel and concurrent correlative studies, as appropriate, to better understand what treatments work best for which patients. The agreement directs NCI to consider ways to maximize learning from pancreatic cancer trials and provide an update in the fiscal year 2024 Congressional Justification on next steps towards this goal.

Radiopharmaceutical Development.—The agreement directs NIH, in conjunction with the Department of Energy, to provide an update in the fiscal year 2024 Congressional Justification on the impact shortages of medical isotopes and radiopharmaceuticals have on the ability to conduct cancer research, including an analysis of infrastructure necessary to do so.

NATIONAL HEART, LUNG, AND BLOOD INSTITUTE (NHLBI)

Cardiovascular Disease (CVD).—Recognizing that CVD remains the leading cause of death and most expensive condition in the United States, the agreement supports cutting-edge cardiovascular research and drug discovery across the disciplines of medicine, immunology, imaging, chemistry, biomedical engineering, physics, statistics, mathematics, and entrepreneurship to design new therapies and strategies that are more effective. The agreement directs NHLBI to highlight the areas with the greatest potential for transformative progress in CVD research in the fiscal year 2024 Congressional Justification and to prioritize funding that reduces cardiovascular disease among the hardest-hit—African Americans living in the rural South.

Community Engagement Alliance Against COVID-19 Disparities (CEAL) Initiative.—The agreement includes \$30,000,000 for the CEAL initiative, \$10,000,000 above the fiscal year 2022 enacted level.

Congenital Heart Disease (CHD).—The agreement encourages NHLBI to prioritize CHD activities outlined in its strategic plan and directs NIH to provide an update in the fiscal year 2024 Congressional Justification on steps being taken to close research gaps.

Health Disparities Research for Methamphetamine-related Cardiovascular Diseases.—The agreement encourages NHLBI to work with NIDA to examine the cardiovascular effects of methamphetamine misuse and implications for treatment in vulnerable and minority populations.

Lung Injury.—The agreement urges NHLBI to strengthen the nation's ability to respond to respiratory health threats with increased support for research into basic science and the mechanisms of lung injury and repair, as well as clinical intervention trials addressing both acute and chronic lung diseases.

Valvular Heart Disease Research.—The agreement provides \$20,000,000 for research into the causation of and risk factors for valvular heart disease. Such research should focus on the use of advanced technological imaging and other relevant methods to generate data related to valvular heart disease, and assessing potential risk factors for sudden cardiac arrest or sudden cardiac death from valvular heart disease. Additionally, the agreement supports efforts by NIH to convene a workshop of subject matter experts and stakeholders to identify research needs and opportunities to develop recommendations for the identification and treatment of individuals with mitral valve prolapse, including individuals who may be at risk for sudden cardiac arrest or sudden cardiac death.

NATIONAL INSTITUTE OF DENTAL AND CRANIOFACIAL RESEARCH (NIDCR)

National Dental Practice-Based Research Network.—The agreement recommends that NIDCR continues funding support of National Dental Practice-Based Research Networks.

Temporomandibular Disorders (TMD).—The agreement encourages NIDCR to maintain a patient-centered approach in the implementation of the TMD—IMPACT Concept and to seek collaborators from other government agencies such as the Department of Veterans' Affairs (VA) and the Department of Defense (DOD), as well as from within NIH itself. The agreement directs NIH to provide an update in the fiscal year 2024 Congressional Justification on efforts to implement the next phase of the initiative, including the recruitment of other NIH ICs as partners, the role of the patient perspective, and NIDCR's use of the National Academies of Sciences, Engineering, and Medicine (NASEM) Report on TMDs and the TMJ Patient-led Roundtable.

NATIONAL INSTITUTE OF DIABETES AND DIGESTIVE AND KIDNEY DISEASES (NIDDK)

Diabetes.—Consistent with the fiscal year 2023 budget request, the agreement includes \$8,550,000 to restore cuts to the mandatory Special Diabetes Program that result from Budget Control Act sequestration. Further, given the growing prevalence of diabetes, the agreement is concerned that additional research is needed to determine how to improve the treatment of a common complication, diabetic foot ulcers to reduce amputations, and urges NIDDK to support such efforts. Further, given the aging population, the agreement urges NIDDK to work with NIA to explore the relationship between diabetes and neurocognitive conditions, such as dementia and Alzheimer's disease, in racially and ethnically diverse populations.

Dietary Supplements and Liver Injury.—The agreement strongly encourages NIDDK to provide safety and quality information on dietary supplements as it relates to drug-induced liver injury.

Hepatitis B.—The agreement applauds the NIH for its work to update the Strategic Plan for Trans-NIH Research to Cure Hepatitis B and urges that the update identify what has been learned since the plan was first released and what additional research is needed to find a cure. The agreement supports efforts to create common resource services and materials for the research community and further urges that targeted calls for research, based on the needs as identified in the updated Plan, be issued and funded in fiscal year 2023 and beyond.

Kidney Disease.—The agreement applauds recent changes to clinical practice in the diagnosis of kidney disease and concurs with recommendations that additional resources should be devoted to development of new markers for estimating kidney function.

Pain Management Research.—The agreement includes an increase of \$5,000,000 for NIDDK to support additional research in this area as described in the fiscal year 2023 budget request.

NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE (NINDS)

Alzheimer's Disease and Alzheimer's Disease-Related Dementias (AD/ADRD).—The agreement includes an increase of \$226,000,000 across NIH for AD/ADRD research, including an increase of \$75,000,000 in NINDS and an increase of \$151,000,000 in NIA.

Developmental Dyspraxia.—The agreement commends the work NINDS does to support research on developmental disorders, such as developmental dyspraxia, aimed at learning more about these disorders and finding ways to prevent and treat them.

Frontotemporal Degeneration (FTD) Research.—The agreement encourages NIH to continue to support research to identify and validate biomarkers for FTD and other neurodegenerative diseases among diverse cohorts. The agreement also urges NIH to support efforts to better understand the social determinants of health that lead to inequity in access to diagnosis and care for FTD and other dementias so that new treatments and best practices in care will be available to all, regardless of age, racial, ethnic, cultural, socioeconomic, and geographic background. Equally critical is the development of a data biosphere that enhances secure sharing of clinical and research data and biological samples for FTD. The agreement encourages NIH to find ways to support better communication across researchers, and between clinical science and broader society, to ensure that research advances have maximum effect on improving health. The agreement urges NIH to continue to advance regulatory science and develop innovative clinical trial designs that recruit diverse populations so that potential therapies can be effectively tested.

Opioids, Stimulants, and Pain Management.—The agreement includes no less than \$280,295,000 in NINDS for the HEAL Initiative, \$10,000,000 above the fiscal year 2022 enacted level. The agreement encourages NINDS to continue its efforts through the HEAL initiative in fiscal year 2023, with a focus on grant opportunities to support research and education to improve outcomes for people with both chronic pain and addiction in diverse settings across the United States, particularly those located in areas with high incidence of people living with chronic pain.

Undiagnosed Diseases Network (UDN).—The agreement includes \$18,000,000 to fund the UDN and directs the continuation of the coordinating center, all clinical sites, DNA sequencing core, central biorepository, model organisms screening center, and other necessary testing in the pursuit of diagnoses, including but not limited to: metabolomics, infectious and toxic exposures, and immune abnormalities.

NATIONAL INSTITUTE OF ALLERGY AND INFECTIOUS DISEASES (NIAID)

Centers for Research in Emerging Infectious Diseases (CREID).—NIAID works with partners in 30 countries to understand how and where viruses and other pathogens can emerge to develop diagnostic tests and treatments. The agreement urges NIAID to ensure the CREID Network is sufficiently supported to coordinate and conduct research on, and active surveillance for, emerging pathogens.

Consortium of Food Allergy Research (CoFAR).—The agreement includes \$12,100,000, an increase of \$3,000,000 above the fiscal year 2022 enacted level, for CoFAR to expand its clinical research network to add new centers of excellence in food allergy

clinical care and to select such centers from those with proven expertise in food allergy research.

Multidisciplinary Grants for Vector-borne Disease Research.—The agreement encourages NIAID to support multi-year awards for multidisciplinary research on vector-borne diseases. As appropriate, such awards may leverage research efforts by other government agencies, including, but not limited to, Department of Agriculture programs on vector-borne diseases, as well as surveillance efforts, such as those supported by CDC. Priority shall be given to grants focused on vector-borne diseases requiring pathogen biosafety levels 2 and 3.

Regional Biocontainment Laboratories (RBLs).—The agreement provides \$52,000,000 to ensure the 12 RBLs for biomedical research requiring biosafety level 3 (BSL-3) containment are prepared to assist national, State, and local public health efforts in the event of a bioterrorism or infectious disease emergency. Of this amount, the agreement directs that no less than \$1,000,000 shall be provided to each of the 12 RBLs to support the maintenance of a capable research workforce, facilities, and equipment. The agreement directs that the remaining funding shall go to the 12 RBLs to: (1) support research on biodefense, emerging infectious disease agents, and other infectious disease threats to global public health; (2) train new researchers; (3) maintain a workforce skilled in BSL-3 research; and (4) establish best practices for the safe, effective, and efficient conduct of research in BSL-3 facilities.

Responding to Infectious Diseases.—The agreement provides no less than \$565,000,000, an increase of \$25,000,000 above the fiscal year 2022 enacted level, to support NIAID research to combat antimicrobial resistance (AMR) and the training of new investigators to improve AMR research capacity as outlined in the 2020–2025 National Action Plan to Combat Antibiotic-Resistant Bacteria. The agreement directs NIAID to work with other HHS agencies to provide the annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act and every succeeding annual Appropriations Act.

Universal Flu Vaccine.—The agreement includes \$270,000,000, an increase of \$25,000,000 above the fiscal year 2022 enacted level. Rather than the narrative summary it provided in May 2022, going forward, the agreement directs NIAID to provide a dashboard cataloging and describing the key trials and programs it is supporting with these funds, including sample sizes, milestones, objectives, and outcomes, with the first such report due within 90 days of enactment of this Act.

NATIONAL INSTITUTE OF GENERAL MEDICAL SCIENCES (NIGMS)

Health Disparities Research.—The agreement includes an increase of \$5,000,000 for NIGMS to support research related to identifying and reducing health disparities.

Increasing Diversity in Biomedical Research.—The agreement provides a targeted increase of \$10,000,000 for programs like the Maximizing Opportunities for Scientific and Academic Independent Careers program and the Minority Access to Research Careers undergraduate programs.

Institutional Development Awards (IDeA).—The agreement provides \$425,956,000 for IDeA, \$15,503,000 above the fiscal year 2022 enacted level. The agreement opposes any efforts to change eligibility for the IDeA program to a system that would be based on States' populations.

EUNICE KENNEDY SHRIVER NATIONAL INSTITUTE OF CHILD HEALTH AND HUMAN DEVELOPMENT (NICHD)

Angelman Syndrome (AS).—AS is a rare neurogenetic disorder that affects approximately one in 15,000 people—approximately 500,000 individuals worldwide. Individuals with AS have an average life expectancy but require continuous care and are unable to live independently. The agreement urges NICHD to expand funding for basic, clinical, and translational research into the mechanics of Angelman Syndrome, identify early diagnostic markers, and develop new treatment methods.

ASXL Syndromes.—Bohring-Opitz Syndrome (ASXL1 gene), Shashi-Pena Syndrome (ASXL2 gene), and Bainbridge-Ropers Syndrome (ASXL3 gene) are three ultra-rare neurogenetic disorders, with a combined number of individuals diagnosed globally at 500. Those diagnosed, primarily children, experience global delays, gastrointestinal complications, delayed or absent speech, and autism-like symptoms. The agreement urges NICHD to expand funding for basic, clinical, and translational research into the mechanics of the ASXL Syndromes, identify early diagnostic methods, and develop new treatment methods.

Cerebral Palsy (CP).—The agreement encourages NIH to continue to prioritize and invest in research on CP and to focus on basic and translational discoveries, as well as implementation, observational, and clinical studies aimed at early detection and intervention, comparative effectiveness, and functional outcomes. The agreement encourages NIH to support greater investment in research focused on the areas in need of growth, as outlined in the Strategic Plan on Cerebral Palsy Research, including research on lifespan issues to address the needs of transition-age youth and adults with CP, and research to support the development and delivery of new and improved screening tools, treatments, and interventions. The agreement also encourages NIH to consider research opportunities focusing on the motor and health benefits of physical activity specifically for individuals with CP across all Gross Motor Functional Classification levels, which is vital to help prevent chronic disease and premature aging.

Endometriosis.—The agreement strongly urges NIH to increase funding to expand basic, clinical, and translational research into the mechanics of endometriosis, identify early diagnostic markers, and develop new treatment methods.

Health Impacts on Children of Technology and Social Media Use.—The agreement includes no less than \$15,000,000 for this activity, as described in House Report 117-403.

Impact of COVID-19 on Children.—The agreement includes an increase of \$2,500,000 for NICHD to support additional research into multisystem inflammatory syndrome in children (MIS-C) and other ways in which COVID-19 affects children.

Impact of COVID-19 on Pregnant and Lactating Women.—The agreement includes an increase of \$3,000,000, the same as the fiscal year 2023 budget request, to support research on the effects of COVID-19 on pregnancy, lactation, and postpartum health with a focus on individuals from racial and ethnic minority groups.

Implementing a Maternal Health and Pregnancy Outcomes Vision for Everyone (IMPROVE) Initiative.—The agreement includes no less than \$43,400,000 for this activity.

Uterine Fibroids.—The agreement encourages NICHD to expand research related to uterine fibroids etiology, prevention, diagnosis, disparities, and treatment.

NATIONAL INSTITUTE OF ENVIRONMENTAL HEALTH SCIENCES

Additional Research.—The agreement includes an increase of \$40,000,000 to support research on a wide range of health conditions, which may include infectious disease, and chronic conditions such as asthma, mental health, and health disparities.

Environmental Exposures and Cancer in Firefighters.—The agreement encourages NIH and CDC/NIOSH to continue their efforts to better understand the cancer risks firefighters may experience, including efforts to measure environmental exposures in firefighters and determine the mechanisms that lead to increased cancer incidence, morbidity, and mortality. The agreement also encourages NIH to continue to support research to improve health equity among firefighters to evaluate potential differences in exposures and risk.

NATIONAL INSTITUTE ON AGING (NIA)

Alzheimer's Disease and Alzheimer's Disease-Related Dementias (AD/ADRD).—The agreement includes an increase of \$226,000,000 across NIH for AD/ADRD research, including an increase \$151,000,000 in NIA and an increase of \$75,000,000 in NINDS, ensuring it remains the largest single effort of its kind within the agency. The agreement directs NIA, working with NINDS, to enter into an agreement with NASEM within 60 days of enactment of this Act to identify research priorities for preventing and treating AD/ADRD. An ad hoc committee of NASEM will conduct a study and recommend research priorities to advance the prevention and treatment of AD/ADRD. In conducting its study, the committee will: (1) examine and assess the current state of biomedical research aimed at preventing and effectively treating AD/ADRD, along the R&D pipeline from basic to translational to clinical research; (2) assess the evidence on non-pharmacological interventions aimed at preventing and treating AD/ADRD; (3) identify key barriers to advancing AD/ADRD prevention and treatment (e.g., infrastructure challenges that impede large scale precision medicine approaches, inadequate biomarkers for assessing response to treatment, lack of diversity in biobanks and clinical trials), and opportunities to address these key barriers and catalyze advances across the field; and (4) explore the most promising areas of research into preventing and treating AD/ADRD. The committee's study will include dementia caused by Alzheimer's disease as well as related conditions such as frontotemporal disorders, Lewy body dementia, vascular dementias, and multiple etiology dementias. Dementias with a clear etiology (e.g., incident stroke, AIDS, traumatic brain injury) will be excluded from the analysis. Based on its review of the literature, consultations, and other expert input, the committee will develop a report with its findings, conclusions, and specific recommendations on research priorities for preventing and treating AD/ADRD, including identifying specific near and medium-term scientific questions (i.e., in a 3 to 10 year period) that may be addressed through NIH funding. The report will also include strategies for addressing major barriers to progress on these scientific questions. The agreement includes \$1,500,000 within the total funding for NIA for AD/ADRD research to cover the costs of this study.

Alzheimer's Disease Research Center (ADRC).—The agreement directs NIA to provide a report to the Committees within 180 days of enactment of this Act detailing the number of individual Alzheimer's disease patients who have gained access to a clinical trial through the outreach of an ADRC, the number of Alzheimer's disease diagnoses

given to patients at an ADRC, and a detailed report on patients' and caregivers' needs that were met through the work of ADRCs that cannot be attained at a provider office.

Brain Health and Exposome Studies.—The agreement encourages NIA to address the research gaps and opportunities identified in the 2021 Alzheimer's Disease Research Summit as NIA works to establish Centers on Exposome Studies in ADRC as directed in the Consolidated Appropriations Act, 2022 (P.L. 117-103), especially those gaps and opportunities focused on understanding healthy brain aging and applying this understanding to disease prevention.

Clinical Trials.—Although Alzheimer's disease and other dementias disproportionately affect Black Americans, Hispanic Americans, Asian American and Pacific Islanders, and Native Americans, they continue to be underrepresented in AD/ADRC clinical trials. The agreement directs NIA to work with ADRCs and other organizations to promote participation in clinical trials within underrepresented populations and, to the maximum scientifically-feasible extent, reduce the burden of participating. These efforts should include expanding community engagement and outreach to these populations, incentivizing trial locations in areas of unmet need, encouraging the diversity of clinical trial staff, allowing appropriate flexibility in trial design and inclusion and exclusion criteria, and utilizing technology like remote patient monitoring, where appropriate, to facilitate clinical trial participation and retention. Further, the agreement urges NIA to provide an assessment of the data and metrics it collects related to the planning, recruitment, and retention of clinical trial participants from underrepresented communities and, when possible, how those data have been or plan to be used in grant-making decisions. The assessment should also address how NIA plans to provide more timely data to the Committees and greater transparency to the public about the planning, engagement, and recruitment efforts of its extramural grantees, including a focus on addressing barriers to inclusive and representative enrollment such as eligibility criteria, language accessibility, and adequate planning for diverse enrollment among grantees. The agreement requests that NIA provide this assessment within 180 days of enactment of this Act. In addition, with various treatments for Alzheimer's disease in the pipeline, the agreement encourages NIA to support a wide range of trials, including those with a patient-based national registry of regulatory grade, longitudinal evidence for patients receiving any FDA-approved disease modifying therapies for Alzheimer's disease in real-world clinical practice.

Health Disparities in Aging.—The agreement encourages NIH to support and develop long-term studies of healthy individuals that seek to identify structural drivers of health inequities. These may complement ongoing longitudinal studies of aging—such as the Health and Retirement Study, the National Health and Aging Trends Study, and others—to guide efforts to maximize health and enhance quality of life at older ages. These studies should integrate biological, behavioral, sociocultural, and environmental perspectives as outlined in the NIA Health Disparities Framework.

NATIONAL INSTITUTE OF ARTHRITIS AND MUSCULOSKELETAL AND SKIN DISEASES (NIAMS)

Opioids and Pain Management Research.—The agreement includes an increase of \$5,000,000 for NIAMS to support additional research in this area as described in the fiscal year 2023 budget request.

NATIONAL INSTITUTE OF NURSING RESEARCH (NINR)

Health Disparities Research.—The agreement includes an increase of \$10,000,000 for NINR to support research related to identifying and reducing health disparities.

NATIONAL INSTITUTE ON DRUG ABUSE (NIDA)

Opioids, Stimulants, and Pain Management.—The agreement includes no less than \$355,295,000 in NIDA for the HEAL Initiative. The agreement encourages NIDA to continue its efforts through the HEAL initiative in fiscal year 2023, with a focus on grant opportunities to support research and education to improve outcomes for people with both chronic pain and addiction in diverse settings across the United States, particularly those located in areas with high incidence of people living with chronic pain. The agreement also includes an additional \$10,000,000 to support related research on pain and pain management, as described in the fiscal year 2023 budget request.

Reducing Opioid Disparities.—The agreement supports efforts to address the disproportionate effects of the opioid overdose epidemic on Black/African Americans. NIDA, in coordination with NIMHD, is encouraged to support collaborations between qualified educational institutions and treatment partners with demonstrated excellence in addiction science and community-based research to lead several large multi-year research efforts. Funding calls should highlight the need for research to reduce barriers to care at the levels of State funding bodies, treatment agencies, individual clinicians, and among patients and community members. Specific areas of focus may include research that examines and mitigates stigma toward medications for opioid use disorder, evaluates reimbursement structures to incentivize improved patient outcomes, implements and evaluates effective environmental supports like crisis and respite housing and transportation assistance, and integrates treatment and recovery support services into non-medical, community-based settings (e.g., interventions delivered by peer and community health workers).

NATIONAL INSTITUTE OF MENTAL HEALTH (NIMH)

Cost of Serious Mental Illness (SMI).—Despite increased spending on mental health services, the prevalence of SMI has grown by more than fifty percent since 2008, from 3.7 percent to 5.6 percent of Americans in 2020. While some progress has been made at identifying effective treatments for early SMI, many patients and families struggle to access appropriate services. To better understand what is needed to advance more effective, accessible treatments, the agreement directs NIMH to deliver with the fiscal year 2024 Congressional Justification a "professional judgment" budget. This budget should estimate the additional funding needed to support opportunities to accelerate SMI research during fiscal year 2024, including efforts to expand existing scientific programs focused on improving early identification, accurate diagnosis, biomarker assessment, intervention development, and implementation of effective services, among individuals in the early stages of SMI. In this document, NIMH will include specific scientific questions and areas it would use the funding identified in the professional judgement budget to address. These should be time-limited, goal-driven investments that accelerate emerging science and support high-risk/high-reward research.

Impact of COVID-19 on Mental Health.—The agreement includes an increase of \$5,000,000 for NIMH to expand research on the impact of the COVID-19 pandemic on mental health.

Mental Health Treatment Research.—The agreement provides an increase of \$5,000,000

to support research to inform mental health treatment approaches, service delivery, and system transformation, consistent with the fiscal year 2023 budget request.

NATIONAL HUMAN GENOME RESEARCH INSTITUTE (NHGRI)

Community Engagement.—The agreement recognizes the critical role that community engagement plays in enabling researchers to build authentic partnerships that enhance diversity and inclusion in research cohorts. The CEAL program, created to help address the disparate impacts of the COVID-19 pandemic on communities historically underrepresented in biomedical research, has been successful in building such partnerships. Community engagement is also key when there is public hesitancy to participate in research, such as with human genetics and genomics research. The agreement is encouraged by the success of the CEAL program and urges NHGRI, in consultation with NHLBI and NIMHD, to establish and coordinate a community engagement program modeled after CEAL that will support efforts to increase the participation of individuals historically underrepresented and hesitant to participate in human genetics and genomics research.

Data Sharing.—The agreement urges NIH to convene a working group to develop and disseminate best practices on genomic data sharing for use by entities engaged in biomedical research and international collaboration. That working group should review potential risks involved in sharing genomic data between NIH-supported research studies with private, public, and academic institutions that partake in science and technology research and their research partners, with a focus on international partners. The review should also include recommendations regarding areas where Federal agencies can strengthen coordination to increase education to such private and academic research institutions to ensure the institutions can better protect themselves from national security threats with a strengthened understanding of intellectual property rights, research ethics, data misuse, as well as education on how to recognize and report such threats.

NATIONAL CENTER FOR COMPLEMENTARY AND INTEGRATIVE HEALTH (NCCIH)

Pain Management.—The agreement includes an additional \$5,000,000 to support research into non-pharmacological treatments for pain management and urges NCCIH, along with DOD and VA, to continue to support research, including comorbidities such as opioid misuse, abuse, and disorder among military personnel, veterans, and their families. The agreement urges NIH, VA, and DOD to expand research on non-pharmacological treatments for veterans and service members.

NATIONAL INSTITUTE ON MINORITY HEALTH AND HEALTH DISPARITIES (NIMHD)

Chronic Disease Centers.—In fiscal year 2021, NIMHD undertook an initiative to support regional comprehensive research and coordinating centers on the prevention, treatment, and management of multiple chronic diseases associated with health disparities. The agreement includes an additional \$11,000,000 for NIMHD to provide supplemental grants to the 11 Centers, with a focus on developing and delivering emerging therapeutic interventions addressing the disproportionate burden of disease.

Health Disparities Research.—The agreement includes an increase of \$25,000,000 for NIMHD to support research related to identifying and reducing health disparities.

Research Centers in Minority Institutions.—The agreement provides \$88,765,000 for this activity.

Research Endowment Program.—The agreement notes the recent passage of the John Lewis NIMHD Research Endowment Revitalization Act to reinvigorate the Research Endowment Program. The agreement has provided \$12,000,000 to implement the revitalized program and urges NIMHD to work swiftly on its implementation. The agreement further notes that the statutory goal of the program is to assist eligible institutions in achieving a research endowment that is comparable to the mean endowment of health professions schools in their health professions discipline. The agreement requests a report no later than 60 days after enactment of this Act on implementation plans and engagement with key stakeholders.

FOGARTY INTERNATIONAL CENTER (FIC)

Health Disparities Research.—The agreement includes an increase of \$5,000,000 for FIC to support research related to identifying and reducing health disparities.

NATIONAL CENTER FOR ADVANCING TRANSLATIONAL SCIENCES (NCATS)

Clinical and Translational Science Awards (CTSAAs).—The agreement provides \$629,560,000, an increase of \$22,914,000 above the fiscal year 2022 enacted level. The agreement maintains its strong support for the CTSA program and reaffirms previous language preserving the size, scope, and historic mission of the CTSA program, including the direction that no hub shall receive less than 95 percent of the resources that were provided prior to fiscal year 2022. Last year, the agreement expressed concerns with a new Funding Opportunity Announcement and its potential to divert appropriated resources away from CTSA hubs. The agreement is concerned that NCATS continues to push to disaggregate CTSA activities, which makes the application process burdensome on investigators and resulted in nearly all institutions submitting partial applications. No later than 30 days after enactment of this Act, NCATS is directed to brief the Committees on options to reverse disaggregation, preserve historic CTSA activities and institutional support, including training as many young investigators as possible, and ensure that any hub funded receive not less than 95 percent of the resources that were previously provided. Finally, the agreement reiterates previous direction that NCATS inform the Committees prior to any planned changes to the size of hub awards, scope of the program, or strategic changes to the program, specifically noting that the Committees shall be consulted prior to any new CTSA initiatives being implemented.

Collaboration with Business Incubators.—The agreement urges NCATS to redouble its efforts to leverage its mission by exploring opportunities or potential collaborations with business incubators that host small to midsize science, research and pharmaceutical companies that use service-based approaches to nurture and guide their member companies to success.

Cures Acceleration Network (CAN).—The agreement includes up to \$70,000,000 for the CAN to reduce barriers between research discovery and clinical trials. This increase will allow NCATS to address or expand existing CAN cure concepts focused on diagnostic technologies, gene therapy vectors, artificial intelligence/machine learning (AI/ML)-enabled chemistry for drug development, and the next phase of dissemination of tissue chip technology. Further, the agreement urges NCATS to consider supporting activities within CAN and other NCATS' offices or divisions that focus on precision medicine—from precision prevention, to precision diagnosis, to precision therapeutics. Activities should also include the ability to generate the data to demonstrate the efficacy and cost effectiveness of precision medicine.

Full Spectrum of Medical Research.—The agreement applauds NIH efforts to support and advance the full spectrum of medical research, which ensures breakthroughs in basic science are translated into therapies and diagnostic tools that benefit patient care while disseminating cutting-edge information to the professional community. The agreement notes the importance of flagship initiatives, including the CTSA program, to these important efforts.

OFFICE OF THE DIRECTOR (OD)

Administrative Offices.—For fiscal year 2023, the agreement provides the Budget Office \$4,550,000 and directs it to recruit and hire a new GS15 staff member or higher to serve as the Committees' primary liaison with NIH. The Budget Office is urged to recruit internally from within NIH to fill this position within 120 days of enactment of this Act.

Adoption of Dogs, Cats, and Rabbits Used in Research.—The agreement requests NIH to provide a report to the Committees no later than 180 days after enactment of this Act on the feasibility and/or challenges of post-research adoption.

ALS Research, Treatments, and Expanded Access.—The agreement recognizes it is critically important that NIH continue to grow its investment in ALS research to capitalize on the momentum to find new treatments for ALS and a cure for the disease. The agreement recognizes that each year, only a small portion of research funds are spent on new research projects. The agreement strongly urges NIH to maintain the ALS drug ecosystem with additional grant funding for extramural research through NINDS. In addition, the agreement urges NIH to continue to increase support and momentum for ALS research that can lead to new treatments and better care as quickly as possible, as well as support expanded access research for ALS investigational drugs.

In addition, the agreement directs NIH to handle funding of expanded access grants as authorized in the ACT for ALS (P.L. 117-79) as separate, not competitive with, funding for other research on ALS and includes \$75,000,000 for this purpose, an increase of \$50,000,000 above the fiscal year 2022 enacted level.

The agreement urges NINDS and OD to strengthen the expanded access grant application process. This should include allowing applicants 60 days from the official publication date of the Funding Opportunity Announcement (FOA) to solicit applications to conduct scientific research utilizing data from expanded access to investigational drugs or biological products to allow potential applicants sufficient time to develop meaningful collaborations and responsive projects. NINDS and OD are also directed to offer technical assistance to interested applicants during the grant process and prior to the submission due date of the FOA. Further, the agreement directs NINDS and OD to host webinars for potential applicants to prepare grant applications and also to offer forums for stakeholder engagement throughout the grant process.

The agreement directs NINDS and OD to brief the Committees prior to any execution of expanded access grants or programmatic funding. Further, once awards are announced, the agreement directs NINDS and OD to provide the Committees with an explanation of the funded grants, including a clear breakdown of what the funding is to be used for. The agreement directs NINDS and OD to fund as many applications as possible and to fund them for one year increments as is common with other NINDS grants.

Furthermore, if after NINDS completes its review of expanded access research grant applications and awards grants to eligible ap-

plications for expanded access programs under Section 2 and there are additional funds, those funds shall be used to fund Section 3 public-private research partnerships under the Act for ALS.

Finally, if sufficient eligible applications are not received, or NINDS and OD have any reason to believe any funding should lapse for any reason, the ICs are directed to notify the Committees prior to the notifications of awards. This notification shall include: (1) a detailed explanation as to why applications cannot be funded; (2) the technical assistance provided to applicants to assist them in submitting eligible grant applications; and (3) a proposed plan to award funding for other ALS research prior to the end of the fiscal year.

Analyzing Differences in COVID-19 Study Outcomes.—The agreement recognizes that the COVID-19 pandemic has exposed an array of related health disparities, including a difference in acute disease severity and outcomes between female and male patients. To better understand how sex, race, and other variables impact study outcomes, the agreement directs the ICs, in coordination with OD and the Office of Research on Women's Health, to support research to assess whether sex, race, and other differences play a role in study outcomes.

Artificial Intelligence/Machine Learning (AI/ML).—The agreement provides \$135,000,000 to support NIH's efforts to build capacity to leverage machine learning to accelerate the pace of biomedical innovation. This includes \$50,000,000 for AI/ML-focused investments and other ML-focused initiatives and \$85,000,000, an increase of \$15,000,000, for the Office of Data Science Strategy (ODSS). ODSS is encouraged to launch a pilot with the Department of Energy to study the potential for quantum computing for biomedical sciences. The agreement directs ODSS and the Chief Information Officer to provide biannual updates to the Committees on their efforts. In addition, the agreement includes an increase of \$3,000,000 for the Office of Portfolio Analysis

(OPA) under the Division of Program Coordination, Planning, and Strategic Initiatives. The agreement strongly supports NIH's efforts to build AI-based analytical tools to help NIH optimize investments in biomedical research by identifying emerging topics and predicting which ones will produce transformative breakthroughs. These tools—which themselves could be transformative—will also help NIH assess the return on investment of past investments, providing insight that has largely been absent in biomedical research. The agreement expects OPA to use the additional funding to expedite the development and adoption of the tools by NIH. The agreement directs OPA to provide the Committees an update on its efforts within 60 days of enactment of this Act, including the percentage of NIH program staff in each IC that use OPA's tools.

Autoimmune Diseases.—Since many autoimmune diseases affect women predominantly, the agreement includes \$10,000,000 to implement the recommendations of a recent NASEM report to establish an Office of Autoimmune Disease Research (OADR) within the Office of Research on Women's Health (ORWH). The agreement directs OADR to: (1) coordinate the development of a multi-IC strategic research plan with concrete, meaningful milestones to set priorities; (2) as part of the internal and external outreach for the strategic plan, identify emerging areas of innovation and research opportunity; (3) coordinate and foster collaborative research across ICs; (4) annually evaluate the autoimmune research portfolio to determine progress made across NIH; (5) provide resources to support planning, collaboration,

and innovation; and (6) develop and oversee a publicly accessible central repository for autoimmune disease research. The agreement directs ORWH and OADR to brief the Committees within 150 days of enactment of this Act on NIH's efforts to stand up OADR and the status of the aforementioned directives.

Biomedical Research Facilities.—The agreement provides \$80,000,000 for grants to public and nonprofit entities to expand, remodel, renovate, or alter existing research facilities or construct new research facilities as authorized under 42 U.S.C. section 283k. Further, the agreement urges NIH to consider recommendations made by the NIH Working Group on Construction of Research Facilities, including making awards that support a significant number of newly constructed or renovated facilities. Finally, the agreement encourages NIH to prioritize projects focused on specialized imaging capacities.

Brain Research through Advancing Innovative Neurotechnologies (BRAIN) Initiative.—The agreement includes \$680,000,000 for the BRAIN Initiative, including \$450,000,000 authorized in the Cures Act. The overall funding level includes \$95,000,000 for the Human Brain Cell Atlas; \$10,000,000 for the Arma-mentarium for Brain Cell Access; and \$30,000,000 for the Brain Connectivity Map. The agreement directs NIH to brief the Committees on the progress and achievements of key projects, as well as mid-term objectives and anticipated/actual outcomes, within 90 days of enactment of this Act.

Childhood Post-infectious Neuroimmune Disorders/PANS/PANDAS.—The agreement encourages NIH to prioritize research in this area, and include an update in the fiscal year 2024 Congressional Justification on the progress being made on the understanding of the costs, causes, diagnostic criteria, and treatment of these conditions.

Chimera Research.—The agreement supports NIH's funding limitation regarding the introduction of human pluripotent cells into non-human vertebrate animal pre-gastrulation stage embryos. The agreement takes seriously the bio-ethical considerations regarding the creation of human-animal chimeras and the continuation of research using these cells.

Chimpanzee Maintenance, Care, and Transportation.—The agreement directs NIH to provide a report to the Committees quarterly, beginning no later than February 1, 2023, that shall include: (1) the number of chimpanzees transported to the national sanctuary over the last quarter; (2) a census of all government-owned and supported chimpanzees, remaining, if any, at the Alamogordo Primate Facility (APF), the Keeling Center for Comparative Medicine and Research (KCCMR), or the Southwest National Primate Research Center (SNPRC); and (3) a list of any chimpanzee deaths, including details on the cause of death and the specific rationale behind any euthanasia decisions, that have occurred at any time after January 1, 2020, at APF, KCCMR, SNPRC, and the national sanctuary system.

Collection and Reporting of Animal Research Numbers and Agency Funding.—The Joint Explanatory Statement accompanying the Consolidated Appropriations Act, 2022 requested a plan to improve the accuracy and transparency of collected data on the use of animals in NIH-funded research. The agreement further encourages NIH to develop and include a draft form for collecting this information annually and to include details on how the agency will address any incomplete reporting of NIH-funded research with animals and encourage prospective documentation of study design and analysis plans.

Common Data Elements (CDEs).—The agreement recognizes the increasing importance

of CDEs that enable standardized and consistent use of data in research, especially translational and clinical research, and that facilitate efforts to replicate and validate findings, for a disease area. The NIH encourages use of CDEs including use of the NIH's CDE repository. To encourage development and use of CDEs in disease areas where they currently do not exist, the agreement directs ODSS to work with ICs to support efforts to develop CDEs, including through collaborations with research stakeholders. The agreement also directs ODSS to provide a list of diseases and disease areas actively under development, such as autoimmune and immune-mediated conditions, to inform further NIH efforts to support development of such elements.

Common Fund.—The Common Fund supports cross-cutting, trans-NIH programs that require participation by multiple ICs, strategic planning, coordination, and have the potential for extraordinary impact. The agreement provides a \$65,000,000 increase to the Common Fund with the expectation that it will focus on time limited, goal-driven investments that accelerate emerging science and support high-risk/high-reward research. The agreement directs NIH to brief the Committees about its plans for these funds and other notable Common Fund initiatives within 120 days of enactment. Further, this briefing should include detailed plans on how to support any Common Fund programs within two years of graduation from the program.

Cybersecurity.—The agreement provides \$265,000,000, an increase of \$40,000,000 above the fiscal year 2022 enacted level, to strengthen cybersecurity at NIH.

Developmental Delays.—The agreement includes an increase of \$10,000,000 for research on developmental delays, including speech and language delays in infants and toddlers, characterizing speech and language development and outcomes in infants and toddlers through early adolescence. Such research shall include studies, including longitudinal studies.

Diversity in NIH Kidney Disease Research Populations.—The agreement directs NIH to include an update in the fiscal year 2024 Congressional Justification regarding the NIH kidney disease research program, including research on health disparities in the prevention, diagnosis, and treatment of kidney disease among racial and ethnic minority populations.

Dual Purpose/Dual Benefit Research.—The agreement encourages a partnership between NIH, the National Institute of Food and Agriculture, and the other relevant 115 Federal research and development agencies to develop a next generation interagency program using agriculturally important large animal species. The agreement expects NIH to continue this important cooperative partnership program to further strengthen ties between human medicine, veterinary medicine, and animal sciences, with the goal to improve animal and human health and provide enhanced applicability and return on investment in research.

Early-career Pediatric Researchers.—The agreement encourages NIH, through the Trans-NIH Pediatric Research Consortium, to explore an NIH-wide early career development award that is focused on early-career researchers in the field of pediatrics that includes efforts to recruit researchers from diverse backgrounds, including those that are from groups underrepresented in the biomedical workforce. The agreement requests an update on progress in the fiscal year 2024 Congressional Justification.

Environmental Influences on Child Health Outcomes (ECHO).—The agreement includes \$180,000,000, the same level as fiscal year 2022,

for the ECHO program. ECHO currently funds the Navajo Birth Cohort Study. The agreement encourages OD to consider expanding the study to include a larger representation of indigenous children in the national cohort to allow for a better understanding of the impacts of environmental exposure in these unique populations.

Firearm Injury and Mortality Prevention Research.—The agreement includes \$12,500,000, the same level as fiscal year 2022, to conduct research on firearm injury and mortality prevention. Given violence and suicide have a number of causes, the agreement recommends NIH take a comprehensive approach to studying these underlying causes and evidence-based methods of prevention of injury, including crime prevention. All grantees under this section will be required to fulfill requirements around open data, open code, pre-registration of research projects, and open access to research articles consistent with the National Science Foundation's open science principles. The Director is to report to the Committees within 30 days of enactment of this Act on implementation schedules and procedures for grant awards, which strive to ensure that such awards support ideologically and politically unbiased research projects.

Foreign Influence.—To support NIH's efforts to expeditiously complete grant compliance reviews, the agreement continues to include \$2,500,000 for this activity within the Office of Extramural Research.

Harassment Policies.—The agreement directs NIH to establish a strategic plan and timeline to implement the recommendations of the 2020 NIH Workplace Climate and Harassment Survey, and to continue to regularly conduct similar surveys and make the findings public to facilitate progress tracking and accountability.

Heritable Genetic Information Study.—The agreement directs NIH to enter into an agreement with NASEM within 60 days of enactment of this Act to identify the biological basis of health risks relevant to the regulation of heritable genetic information in food animals. NASEM will conduct a study to identify genetic and other molecular mechanisms that could present risks to human health based on heritable genetic information (natural, induced, intended, or designed) in food animal species. In conducting this study, NASEM will: (1) identify biological mechanisms that may present novel hazards associated with animal food species that harbor intended, induced, or designed heritable genetic information that would not be presented by standard breeding or reproductive technologies practiced in animal agriculture; (2) assess the absolute and relative likelihood of animal agricultural presenting such hazards; and (3) identify experimental strategies and methodologies to evaluate the human safety of animals (or the derived agricultural products) that harbor intended, induced, or designed heritable genetic information for agricultural applications. Based on its review of the literature, consultations with the Departments of Health and Human Services and Agriculture, and other expert input, NASEM will report its findings, conclusions, and recommendations, including identification of specific near- and medium-term scientific questions (i.e., in a 3 to 10 year period) that may be addressed through NIH or HHS funding. The report will also include strategies for addressing major scientific or technical barriers to progress on these scientific questions. The agreement provides \$1,300,000 to cover the costs of this study.

Humane Research Alternatives.—The agreement recognizes that non-human primate research models make significant contributions to advancing science's understanding

of diseases and disorders afflicting humans and animals, including in the discovery and evaluation of new therapeutics before they go to clinical trials in human and animal patients. However, recognizing that humane, cost-effective, and scientifically suitable non-animal methods are available for certain research models, but underutilized, the agreement directs NIH to report to the Committees no later than 180 days after enactment of this Act on the feasibility of establishing incentives to encourage investigators to utilize non-animal methods whenever appropriate for the research question and how to establish standardized guidelines for peer review evaluation of the justification for research with animals.

HIV/AIDS Research.—The agreement includes an increase of \$100,000,000 above the fiscal year 2022 level for research related to HIV/AIDS across NIH.

Corps.—The agreement encourages NIH to expand access to healthcare commercialization programs such as I-Corps@NIH and the Concept to Clinic: Commercializing Innovation (C3i) programs for their Small Business Innovation Research and Small Business Technology Transfer Programs recipients.

INCLUDE Initiative.—The agreement includes no less than \$90,000,000 for this activity and requests an updated plan as described in House Report 117-403.

Lyme Disease and Related Tick-Borne Illnesses.—The agreement urges NIH to develop new tools that can more effectively prevent, diagnose, and treat Lyme disease, including its long-term effects, and other tick-borne diseases. The agreement encourages NIH to evaluate the effectiveness of laboratory tests associated with the detection of *Borrelia burgdorferi* to diagnose the disease early, as well as the promotion and development of potential vaccine candidates for Lyme disease and other tick-borne diseases. The agreement urges NIH to conduct research to better understand modes of transmission for Lyme and other tick-borne diseases, including vertical transmission. The agreement encourages NIH to incentivize new investigators to enter the field of tick-borne disease research. The agreement directs NIH to coordinate with CDC on publishing reports that assess diagnostic advancements, methods for prevention, the state of treatment, and links between tick-borne disease and psychiatric illnesses.

National Security.—The agreement believes that NIH should consider relevant national security issues when developing and executing the NIH-wide Strategic Plan.

Native Hawaiians (NH).—The agreement directs NIH to provide the Committees a report within 90 days after enactment of this Act describing how it currently coordinates NH health research-related activities across the agency and with the NH community. The agreement encourages NIMHD to partner with entities with a proven track record of working closely with NH communities and NH-serving organizations to support the development of NH investigators.

Office of Nutrition Research.—The agreement continues to fund the Office of Nutrition at the fiscal year 2022 level.

Office of Research on Women's Health (ORWH).—The agreement includes \$76,480,000 for ORWH. Within the total for ORWH, the agreement provides \$5,000,000, an increase of \$1,000,000 above the fiscal year 2022 enacted level, for the Building Interdisciplinary Research Careers in Women's Health (BIRCWH) program to fund additional BIRCWH fellows at existing sites. To address the persistent gaps that remain in the knowledge of women's health, the agreement includes \$2,000,000 within ORWH to contract with NASEM to conduct a study on the gaps present in women's health research across all NIH ICs. Specifically, the study should be designed to explore the proportion of research on conditions that are more common or unique to women, establish how these conditions are defined and ensure that it captures conditions across the lifespan, evaluates sex differences and racial health disparities, and determine the appropriate level of funding that is needed to address gaps in women's health research at NIH. The agreement requests NASEM, not later than 18 months after the date on which the agreement is entered, to submit to Congress a report containing the findings of the study and the recommendations to address research gaps in women's health research, including measurable metrics to ensure that this research is accurately tracked to meet the continuing health needs of women. As mentioned above, the agreement also includes \$10,000,000 within ORWH to establish the Office of Auto-immune Disease Research.

Office of the Chief Officer for Scientific Workforce Diversity.—The agreement includes no less than \$22,415,000 for this office.

Palliative Care.—The agreement reiterates the need for NIH to develop and implement a trans-Institute strategy to expand and intensify national research programs in palliative care. The agreement urges NIH to ensure that palliative care is integrated into all areas of research across NIH and requests an update on plans to realize this coordination in the fiscal year 2024 Congressional Justification.

Postural Orthostatic Tachycardia Syndrome (POTS).—POTS is one of the most common forms of dysautonomia, estimated to impact up to 3,000,000 Americans prior to the COVID-19 pandemic. Recent research suggests that 67 percent of individuals experiencing post-acute sequelae of SARS-COV-2 (PASC), also known as Long COVID, are developing moderate to severe dysautonomia, most commonly presenting as POTS. Due to the sudden increase in the patient population affected by this debilitating disorder, the agreement strongly encourages NIH to support new research on POTS, to address the gaps in current knowledge identified during the NIH's July 2019 workshop, Postural Orthostatic Tachycardia Syndrome (POTS): State of the Science, Clinical Care, and Research. The agreement strongly encourages NIH to establish a multi-Institute Notice of Special Interest to spur additional needed research addressing the identified gaps in knowledge.

Prenatal Opioid Use Disorders and Neonatal Abstinence Syndrome (NAS).—The agreement encourages NIH to coordinate with other agencies at HHS to support additional research on prevention, identification, and treatment of prenatal opioid exposure and NAS, including the best methods for screening and treating pregnant women for opioid use disorder and the best methods for screening for NAS. Additionally, the agreement encourages NIH to support research through the ACT NOW and HBDC studies to enhance understanding of the impact of pharmacological and non-pharmacological treatments for NAS on costs and outcomes in the short-term and longitudinally. The agreement further encourages NIH to coordinate with other agencies at HHS to support research on innovative care models to optimize care and long-term outcomes for families.

Sexual Orientation and Gender Identity Research Center.—The agreement does not provide funding to establish the Center.

BUILDINGS AND FACILITIES

The agreement includes \$350,000,000 for Buildings and Facilities. For the third time in as many years, the agreement does not include authority for NIH to transfer up to 1 percent of its research funding to Buildings

and Facilities. This is highly unusual authority for a Federal agency and NIH has once again provided no explanation for why this mechanism would be appropriate for NIH, but not other Federal agencies. Should NIH request this authority in its fiscal year 2024 budget request, it is directed to provide to the Committees an RCDC report at the same time the Congressional Justification is delivered detailing estimated expenditures by disease category before and after the 1 percent authority is used in fiscal year 2024. At the same time, NIH is directed to provide a list of the projects it would fund using this transfer authority.

The agreement directs NIH to continue to provide quarterly updates of its efforts to develop best practices and its maintenance and construction plans for projects whose cost exceeds \$3,500,000, including any changes to those plans and the original baseline estimates for individual projects. It also directs NIH to describe in its fiscal year 2024 and future Congressional Justifications how the projects requested in its budgets tie to its capital planning process, including the RFAC's role in determining which projects are selected for inclusion in the budget.

SUBSTANCE ABUSE AND MENTAL HEALTH SERVICES ADMINISTRATION (SAMHSA) MENTAL HEALTH

Certified Community Behavioral Health Clinics (CCBHC).—The agreement continues to encourage SAMHSA to work with CMS to review and update the Department's approach to CCBHC certification activities. SAMHSA and CMS are directed to provide an update on the review and implementation of the CCBHC expansion included in the Bipartisan Safer Communities Act within 90 days of enactment of this Act. Within the increase, the agreement includes \$3,000,000 for the expansion and operation of the CCBHC-Expansion National Training and Technical Assistance Center to assist stakeholders on the application of certification criteria, data reporting requirements, financing questions, and best practices related to the expansion of the demonstration program included in the Bipartisan Safer Communities Act (P.L. 117-159).

Children's Mental Health Services.—The agreement includes an increase to expand efforts, including reaching more children and training more people in mental health activities and practices.

Mental Health Block Grant.—The agreement continues to include a five percent set-aside of the total for evidence-based crisis care programs that address the needs of individuals with serious mental illnesses, children with serious emotional disturbances, or individuals experiencing a mental health crisis.

National Child Traumatic Stress Initiative.—The agreement includes an increase and directs SAMHSA to ensure the network maintains its focus on collaboration, data collection, and the provision of direct services, and that new grant opportunities should not be limited to training only.

Within the total provided for Mental Health Programs of Regional and National Significance (PRNS), the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Capacity:	
Seclusion and Restraint	\$1,147,000
Project AWARE	140,001,000

Behavioral Health Crisis Services and 988 Program (988).—The agreement reflects a one-time appropriation provided in section 145 of P.L. 117–180 and provides an increase in funding to support local crisis center capacity and centralized network functions in order to respond to the increase in contacts as the National Suicide Prevention Lifeline (Lifeline) continues its transition to 988. The agreement encourages SAMHSA to expand existing intervention and suicide prevention hotline and web services and focus outreach on youth. The agreement also encourages SAMHSA to partner with academic institutions and organizations in areas with high concentrations of veterans and active duty military personnel to ensure access to 988 and crisis lifeline resources. The agreement requests a briefing within 90 days of enactment of this Act on the implementation of the 988 program, which shall include a spend plan for the resources allocated through 988. Within the increase for 988, the agreement provides \$7,000,000 for the Behavioral Health Crisis and 988 Coordinating Office. In addition, within the increase for 988, the agreement provides \$10,000,000 to provide services for Spanish speakers seeking access to the Lifeline through texts or chats. SAMHSA shall make this funding available to one or more organizations with the capacity and experience to offer culturally competent, Spanish language text and chat services for mental health support and crisis intervention. Furthermore, within the increase for 988, the agreement provides \$29,700,000 and directs the activities included in House Report 117–403, including making funding competitively available to provide the capacity and infrastructure to handle vulnerable youth callers, chats, and texts through interactive voice response technology and other technology solutions where appropriate.

COVID–19 Impact.—The agreement does not include directives for the reports described in House Report 117–403.

Depression.—The agreement encourages a national Depression Center of Excellence to help translate academic treatment advances into clinical care. This Center would help address the need for earlier clinical detection of depression and new strategies to prevent recurrences of depressive illnesses, as well as ways of reducing their length and severity.

Mental Health Awareness Training.—The agreement includes an increase for Mental Health Awareness Training and directs SAMHSA to continue to include as eligible grantees local law enforcement agencies, fire departments, and emergency medical units with a special emphasis on training for crisis de-escalation techniques. SAMHSA is also encouraged to allow training for college students, veterans and armed services personnel and their family members and to broaden ap-

plicable settings to include non-educational and non-healthcare settings where appropriate.

Mental Health Centers of Excellence.—The agreement urges SAMHSA to continue supporting centers of excellence focused on the development, evaluation, and distribution of evidence-based resources regarding comprehensive treatment recommendations for mental health patients. These recommendations may include supportive services, wrap-around services, and social determinants of care where applicable. The centers will also work to disseminate treatment recommendations to the broader network of mental health clinicians.

Mental Health Crisis Response Grants.—The agreement includes an increase for the activities directed in House Report 117–403.

Project AWARE.—The agreement includes an increase for school- and campus-based mental health services and support. Of the amount provided, the agreement directs \$17,500,000 for grants to support efforts in high-crime, high-poverty areas and, in particular, communities that are seeking to address relevant impacts and root causes of civil unrest, community violence, and collective trauma. Additionally, within this increase, the agreement provides \$12,000,000 to increase student access to evidence-based, culturally relevant, trauma support services and mental health care through established partnerships with community organizations as authorized by section 7134 of the SUP-PORT Act (P.L. 115–271).

SUBSTANCE ABUSE TREATMENT

State Opioid Response (SOR) Grants.—The agreement provides an increase and notes that large swings in funding between grant cycles can pose a significant challenge for States seeking to maintain programs that were instrumental in reducing drug overdose fatalities. The agreement directs SAMHSA to avoid significant cliffs between States with similar opioid mortality data, and to prevent unusually large changes in a State's SOR allocation when compared to the prior year's allocation. In ensuring the formula avoids such cliffs, the Assistant Secretary may consider options including, but not limited to, expanding the number of States that are eligible for the 15 percent set aside. The agreement continues to direct SAMHSA to conduct a yearly evaluation of the program to be transmitted to the Committees no later than 180 days after enactment of this Act and make such an evaluation publicly available on SAMHSA's website.

SOR Overdose Data Report.—The agreement recognizes that drug overdose mortality data collection and reporting is complex, often with multi-substance use contributing to mortality. The agreement encourages SAMHSA to evaluate the data used to calculate SOR allocations, including whether accurate, State-level data exists for mortality rates for opioid use disorders and whether such data should be used to calculate the 15 percent set-aside within SOR.

Substance Abuse Prevention and Treatment Block Grant (SABG).—The agreement does not include a new set-aside within the SABG for recovery services, but urges SAMHSA to strongly encourage States to use a portion of their SABG funding for recovery support services.

Within the total provided for Substance Abuse Treatment Programs of Regional and National Significance, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Capacity:	
Opioid Treatment Programs and Regulatory Activities	\$10,724,000
Screening, Brief Intervention, and Referral to Treatment	33,840,000
PHS Evaluation Funds	2,000,000

Budget Activity	FY 2023 Agreement
Targeted Capacity Expansion—General	122,416,000
Medication-Assisted Treatment for Prescription Drug and Opioid Addiction	111,000,000
Grants to Prevent Prescription Drug/Opioid Overdose.	16,000,000
First Responder Training	56,000,000
Rural Focus	31,000,000
Pregnant and Postpartum Women	38,931,000

Treatment, Recovery, and Workforce Support	12,000,000
Youth Prevention and Recovery Initiative	2,000,000
Science and Service:	
Addiction Technology Transfer Centers	9,046,000
Minority Fellowship Program	7,136,000

Building Communities of Recovery.—The agreement provides an increase for enhanced long-term recovery support principally governed by people in recovery from substance use disorders. The agreement encourages SAMHSA to continue supporting recovery support programs principally governed by people in recovery from substance use disorders, including peer support networks.

First Responder Training.—The agreement urges SAMHSA to take steps to encourage and support the use of First Responder Training funds for opioid safety education and training, including initiatives that improve access for licensed health care professionals, including paramedics, to emergency devices used to rapidly reverse the effects of opioid overdoses. Within the increase, the agreement provides \$10,500,000 to make awards to rural public and non-profit fire and EMS agencies as authorized in the Supporting and Improving Rural Emergency Medical Service's Needs (SIREN) Act (P.L. 115–334). The agreement again encourages SAMHSA to allow the purchase of equipment, including naloxone and to continue to fund grants with award amounts lower than the maximum amount allowable.

Medication-Assisted Treatment for Prescription Drug and Opioid Addiction.—The agreement directs SAMHSA to ensure that these grants include as an allowable use the support of medication-assisted treatment and other clinically appropriate services to achieve and maintain abstinence from all opioids, including programs that offer low-barrier or same day treatment options. Within the amount provided, the agreement includes \$14,500,000 for grants to Indian Tribes and Tribal Organizations.

Opioid Use in Rural Communities.—The agreement encourages SAMHSA to support initiatives to advance opioid use prevention, treatment, and recovery objectives, including by improving access through telehealth. SAMHSA is encouraged to focus on addressing the needs of individuals with substance use disorders in rural and medically underserved areas. In addition, the agreement encourages SAMHSA to consider early interventions, such as co-prescription of overdose medications with opioids, as a way to reduce overdose deaths in rural areas.

Opioid Use Disorder Relapse.—The agreement recognizes SAMHSA's efforts to address opioid use disorder relapse within Federal grant programs by emphasizing that opioid detoxification should be followed by medication to prevent relapse to opioid dependence. The agreement encourages SAMHSA to continue these efforts.

Pregnant and Postpartum Women.—The agreement provides an increase and again encourages SAMHSA to fund an additional cohort of States under the pilot program authorized by the Comprehensive Addiction and Recovery Act (P.L. 114–198).

Recovery Housing.—In order to increase the availability of high-quality recovery housing, the agreement encourages SAMHSA to examine opportunities to provide direct technical assistance to communities in multiple states and promote the development of recovery ecosystems that incorporate evidence-based recovery housing for substance use disorder intervention. SAMHSA is encouraged to explore the establishment of a Center of Excellence with a non-profit, in collaboration with a college of public health, which has expertise and experience in providing technical assistance and research in recovery housing and focuses on homeless and justice-involved individuals utilizing blended funding and an intervention model with demonstrated outcomes.

Treatment Assistance for Localities.—The agreement again recognizes the use of peer recovery specialists and mutual aid recovery programs that support Medication-Assisted Treatment. The agreement directs SAMHSA to support evidence-based, self-empowering, mutual aid recovery support programs that expressly support Medication-Assisted Treatment in its grant programs.

Youth Prevention and Recovery Initiative.—The agreement includes funding for activities outlined in House Report 117-403.

SUBSTANCE ABUSE PREVENTION

Within the total provided for Substance Abuse Prevention Programs of Regional and National Significance, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Capacity:	
Strategic Prevention Framework	\$135,484,000
Strategic Prevention Framework Rx	10,000,000
Federal Drug-Free Workplace	5,139,000
Minority AIDS	43,205,000
Sober Truth on Preventing Underage Drinking	14,500,000
National Adult-Oriented Media Public Service Campaign	2,500,000
Community-based Coalition Enhancement Grants	11,000,000
Intergovernmental Coordinating Committee on the Prevention of Underage Drinking	1,000,000
Tribal Behavioral Health Grants	23,665,000
Science and Service:	
Center for the Application of Prevention Technologies	9,493,000
Science and Service Program Coordination	4,072,000
Minority Fellowship Program	1,321,000

At-Home Prescription Drug Disposal.—The agreement supports efforts to encourage at-home prescription drug deactivation and disposal, and urges SAMHSA to support these types of programs.

Office of Prevention Innovation (OPI).—The agreement notes concern with the manner in which SAMHSA established OPI, without providing notice to the public for comment and failure to include the office in the fiscal year 2023 budget request. Further, the agreement is concerned that the work conducted by the OPI may be outside of the authorized scope for the Center for Substance Abuse Prevention. The agreement requests an update from SAMHSA on OPI and its activities within 120 days of enactment of this Act.

Strategic Prevention Framework-Partnerships for Success Program.—The agreement encourages the program to support comprehensive, multi-sector substance use prevention strategies to stop or delay the age of initiation of each State's top three substance use issues for 12 to 18 year old youth as determined by the State's epidemiological data. The agreement directs SAMHSA to ensure that State alcohol and drug agencies remain eligible to apply along with community-based organizations and coalitions.

Substance Misuse Prevention.—The agreement remains supportive of efforts to reduce the risks associated with drug use, including efforts to avoid drug overdose deaths and the spread of diseases such as HIV and hepatitis. However, these programs primarily serve individuals already struggling with substance misuse and should not be considered primary

prevention programs. As such, the agreement strongly encourages SAMHSA to ensure this funding is administered through the Center for Substance Abuse Treatment and not through the Center for Substance Abuse Prevention.

HEALTH SURVEILLANCE AND PROGRAM SUPPORT

Within the total provided for health surveillance and program support, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Health Surveillance	\$50,623,000
PHS Evaluation Funds	30,428,000
Program Support	84,500,000
Public Awareness and Support	13,260,000
Performance and Quality Information Systems	10,200,000
Drug Abuse Warning Network	13,000,000
Behavioral Health Workforce Data	1,000,000
PHS Evaluation Funds	1,000,000

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$160,777,000 for the projects, and in the amounts, specified in the table titled "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

Data on Substance Use Disorder Treatment.—The agreement recognizes the challenges associated with treatment and recovery data collection and again encourages SAMHSA to request that States submit data on quality metrics for the evidenced-based treatment and recovery programs that enable individuals to achieve long-term recovery funded through the SABG, SOR, and State Targeted Response to the Opioid Crisis grant programs.

AGENCY FOR HEALTHCARE RESEARCH AND QUALITY (AHRQ)

The agreement includes \$373,500,000 for AHRQ. Within the total, the agreement includes the following amounts:

Budget Activity	FY 2023 Agreement
Health Costs, Quality, and Outcomes:	
Prevention/Care Management	\$11,542,000
Health Information Technology (IT)	16,349,000
Patient Safety Research	89,615,000
Health Services Research, Data, and Dissemination	101,103,000
Long COVID	10,000,000
Medical Expenditure Panel Survey	71,791,000
Program Management	73,100,000

Antimicrobial Resistance (AMR).—The agreement directs AHRQ to work with other HHS agencies to provide the annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act and every succeeding annual appropriations act.

Center for Primary Care Research.—The agreement continues \$2,000,000 for this activity.

Diagnostic Errors.—The agreement includes \$20,000,000 to fund research, testing, and solutions to avoid diagnostic error and to support Diagnostic Safety Centers of Excellence to disseminate related findings. Funding provided will support eight centers, with each center focusing on specific conditions, populations, or settings of diagnostic safety as noted in the fiscal year 2023 budget request.

Grief and Bereavement Care.—The agreement notes that more Americans are experiencing grief and loss as a result of the COVID-19 pandemic. The agreement includes \$1,000,000 to fund an evidence review and technical expert panel to assess the feasibility of developing consensus-based quality standards for high quality bereavement and grief care. AHRQ is directed, in consultation with stakeholders including the National Quality Forum (NQF), the Patient-Centered Outcomes Research Institute (PCORI), and community-based providers including hos-

pice programs, to establish an evidence-base on what constitutes high-quality grief and bereavement care.

Heart Disease Research.—Heart disease is the leading cause of death for Americans. Understanding how to reduce the rate of cardiac events and to control the metabolic processes that lead to such events is needed. The agreement supports AHRQ studying and assessing the current evidence for lipid control and cardiovascular event reduction. In addition, the agreement directs AHRQ to assess the current evidence on the costs and benefits—including the costs to the Federal Treasury—of angioplasties conducted in non-emergency situations and make recommendations based on its findings within 180 days of enactment of this Act.

Improving Maternal Health.—The agreement urges AHRQ to fund research to understand the complex challenges of ensuring safe and healthy pregnancies and childbirth, particularly for underserved women who are at substantially higher risk of complication and death.

Long COVID Research.—The agreement includes \$10,000,000 for health-systems research on how best to deliver patient-centered, coordinated care to those living with Long COVID, including the development and implementation of new models of care to help treat the complexity of symptoms those with Long COVID experience.

Organ Availability.—The agreement urges AHRQ to evaluate innovative approaches to enhance the availability of organs, otherwise encourage donation, and further improve the organ transplantation process, including through consultation with other Federal agencies.

People with Disabilities.—The agreement includes \$750,000 for AHRQ to work with stakeholders to develop a research agenda and report for dissemination on health promotion, disease prevention, and intervention strategies for people with disabilities.

Sepsis.—To better understand the disease burden of sepsis, the agreement includes \$750,000 and directs AHRQ to conduct a comprehensive set of studies that calculate the morbidity, readmissions, and mortality related to sepsis with respect to pediatrics, maternal sepsis, nursing home care, and rehabilitation, and the association of pandemic-related changes in the healthcare system on the burden of sepsis. The study should also examine the annual financial costs of sepsis in the United States.

CENTERS FOR MEDICARE & MEDICAID SERVICES (CMS)

PROGRAM MANAGEMENT

Alzheimer's Disease (AD) Diagnostics.—CMS' bundled payment policy for advance radiopharmaceuticals in the hospital outpatient setting can make these diagnostic imaging services cost prohibitive for many hospitals and doctors, especially those providing care to racial and ethnic minorities, and patients in rural areas. The agreement directs CMS to review the utilization of AD diagnostics and consider potential modifications that could make access to advanced imaging for AD more equitable.

Cardiac Computed Tomography (CT).—The agreement notes that unstable and low Medicare payments for cardiac CT services is contributing to significant disparity in access to services among minority populations and encourages CMS to address this inequity.

Certified Community Behavioral Health Clinics (CCBHC).—The agreement continues to encourage CMS to work with SAMHSA to review and update the Department's approach to CCBHC certification activities. The agreement directs CMS and SAMHSA to provide an update on the review and implementation of the CCBHC expansion included in the Bipartisan Safer Communities Act within 90 days of the date of enactment of this Act.

Computed Tomography (CT) Colonography.—The agreement encourages CMS to consider existing evidence to determine whether CMS should cover CT Colonography as a Medicare-covered colorectal cancer screening test under section 1861(pp)(1) of the Social Security Act.

Diabetes Technology.—The agreement is concerned about access to new technologies to treat diabetes and notes that CMS and FDA have not coordinated their efforts regarding these technologies, leading to a lack of certainty and predictability regarding coverage and payment policies. The agreement expects the report on this issue as requested in Public Law 117–103.

Evaluation and Management Services (E/M).—The agreement requests an update in the fiscal year 2024 Congressional Justification on a process to evaluate E/M services more regularly and comprehensively.

Rural Hospital Closures.—The agreement notes that 135 rural hospitals have closed in the past decade and many others are vulnerable to closure. The agreement directs CMS to provide feedback to the Committees on Appropriations, the Senate Committee on Finance, and the House Committee on Energy and Commerce on providing appropriate relief for struggling hospitals in rural and under-served communities.

Sepsis.—The agreement directs CMS, in collaboration with CDC, to use the measure development process to develop new or identify existing hospital quality measures for adult and pediatric sepsis that could be implemented through notice and comment rulemaking. This process should take into account the adult and pediatric measures that were successfully adopted and implemented in New York State. CMS should consult with the CDC to determine if CDC's National Healthcare Safety Network (NHSN) could include Adult Sepsis Event surveillance and early identification of sepsis, perhaps leveraging new data interoperability standards. CMS, in coordination with the CDC, shall also develop new or identify existing processes to publicly report quantitative and qualitative information regarding sepsis care that may be reported through the NHSN and may track hospital implementation of quality improvement measures for adult and pediatric sepsis care.

Transitional Coverage for Emerging Technologies.—The agreement requests an update in the fiscal year 2024 Congressional Justification on this program and related CMS resources.

Whole Genome Sequencing.—The agreement notes a growing body of evidence that whole genome sequencing (WGS), whole exome sequencing, and gene panel testing can save lives and money when used to diagnose infants and children suspected of having a rare genetic disease. The agreement urges CMS to develop guidance for state health officials on best practices for incorporating these technologies into their Medicaid and CHIP programs as a first-line diagnostic for children who are suspected of having rare genetic diseases in the inpatient setting. This guidance should also include advice for States on how to encourage and incentivize managed care organizations to cover these diagnostic tools for this population. The agreement requests a report within 180 days of enactment on steps taken to develop such guidance. Additionally, the agreement understands that there are undiagnosed diseases that do not require hospital inpatient care and urges CMS to issue guidance on the Early and Periodic Screening, Diagnostic and Treatment Benefit on the usage of WGS, whole exome sequencing, and gene panel testing.

The agreement does not include directives for Contraceptive Access under the Affordable Care Act, as described in House Report 117–403.

The agreement does not include funding increases for new initiatives for the development of a patient advocate program or State All Payer Claims Databases, as described in House Report 117–403.

HEALTH CARE FRAUD AND ABUSE CONTROL

Senior Medicare Patrol.—Within the amount provided for CMS, the agreement includes \$35,000,000 for this program.

ADMINISTRATION FOR CHILDREN AND FAMILIES (ACF)

LOW INCOME HOME ENERGY ASSISTANCE (LIHEAP)

The agreement includes \$1,500,000,000 in this division, and \$2,500,000,000 under this heading in the Disaster Relief Supplemental Appropriations Act, 2023, to provide \$4,000,000,000 for the Low-Income Home Energy Assistance program, an increase of \$199,696,000 over the fiscal year 2022 enacted level. In addition to this funding, \$1,000,000,000 in supplemental funding is also provided in the Disaster Relief Supplemental Appropriations Act, 2023, to help lower-income families cover the costs of home heating and cooling.

The agreement includes \$1,700,000 in additional technical assistance funding for HHS to continue to develop a formula system to simplify the formulation process to enable ACF staff to provide estimates more readily when requested by the Committees. Once such a system is in place, the agreement instructs HHS to work collaboratively with the Committees to promptly respond to requests for estimates and to ensure no request shall be outstanding for longer than 10 calendar days.

The agreement continues bill language to reduce volatility in State allocations of LIHEAP funding in order to prevent States from experiencing significant reductions in funding between fiscal years.

REFUGEE AND ENTRANT ASSISTANCE

The agreement recognizes that funding for this account is highly dependent on estimates and that funding needs can fluctuate significantly based on factors largely outside of HHS' control. The agreement notes that there has been a significant increase in the number of Cuban entrants in fiscal year 2022 and through the first quarter of fiscal year 2023 who are categorically eligible for ORR-funded services. The agreement expects the Administration to provide timely estimates of funding needs along with the required monthly updates of such eligible populations.

Victims of Trafficking

Within the total for this program, the agreement includes no less than \$5,000,000 for the National Human Trafficking Hotline.

Unaccompanied Children

Confidentiality of Records.—The agreement recognizes that unaccompanied children often share extensive personal information to case managers, clinicians, or other adults while in Office of Refugee Resettlement (ORR) care, and expects ORR and its grantees and contractors to protect sensitive personal information, behavioral health records, and mental health records consistent with all applicable child welfare laws, regulations, and licensing requirements. The agreement expects ORR to ensure it is complying with its obligation to protect children's private and confidential information, including information in significant incident reports, from unauthorized disclosure.

Services for Children.—The agreement includes no less than \$750,000,000 for post-release services, legal services, and child advocates, pending the availability of funds due to recent uncertainties in referrals and funding needs. The agreement understands the

supply of service providers may be constrained in some areas, and encourages ORR to allow grantees to use flexibilities in contracting expenses, to the extent practicable, to build the capacity to ensure the necessary legal requirements are met to provide expanded services to children.

Sibling Placement.—The agreement continues to direct ORR to place siblings in the same facility, or with the same sponsor, to the extent practicable, and so long as it is appropriate and in the best interest of the child.

Spend Plan.—The agreement directs ORR to submit a comprehensive spend plan to the Committees every 60 days, incorporating all funding provided in this Act, and previous Acts. The agreement expects the plan to contain a report on facilities per House Report 117–403.

State-Licensed Shelters.—The agreement continues to direct HHS to prioritize licensed, community-based shelters and programs (including foster care and small group homes) over large-scale shelters, and to notify the Committees prior to all new funding opportunity announcements, grants or contract awards, or plans to lease, rent, or acquire real property. Further, the agreement strongly encourages ORR to more consistently and predictably post funding opportunity announcements, and to provide training and technical assistance to potential new providers with the goal of increasing the percentage of HHS' capacity in such small, community-based programs.

Unlicensed Facilities.—The agreement notes significant concern with the continued reliance on influx care facilities. The agreement expects that such facilities will only be used as a matter of last resort and at times when there is not sufficient capacity in State-licensed shelters and programs. The placement of children in such facilities when not absolutely necessary is counter to established child welfare best-practices. Further, it drains resources that could otherwise be spent on other activities, including expanding services available to children. Finally, it reduces funding available to help ensure that HHS can expand capacity when it is necessary.

The agreement expects any unlicensed facilities, when absolutely necessary to operate, to meet the statutory requirements included in this Act. In addition, the agreement includes the directives and reports required under this heading in House Report 117–403.

PAYMENTS TO STATES FOR THE CHILD CARE AND DEVELOPMENT BLOCK GRANT

The agreement directs ACF to include in future annual budget justifications amounts spent on Federal administrative expenses, including total FTE and non-personnel allocations, funded through this account.

CHILDREN AND FAMILIES SERVICES PROGRAMS

Head Start.—The agreement encourages ACF to consider the unique challenges faced by Head Start grantees in remote and frontier areas when reviewing such grantees' compliance with health and dental screening requirements as part of the Designation Renewal System.

The agreement also encourages ACF to ensure that all Head Start grantees are aware of any funding opportunities, or funding otherwise available, for making capital improvements to their facilities. Further, ACF is encouraged to standardize this process so all grantees have equal opportunity to apply and are aware of priorities and eligible uses of such funds.

Preschool Development Grants.—The agreement encourages ACF to support States that choose to develop high-quality and culturally competent dual immersion preschool

programs and recommends a focus on training, professional development, and postsecondary education for all caregivers, teachers, and directors to meet the needs of Dual Language Learners through dual language acquisition, engaging culturally and linguistically diverse families, home language support, and culturally and linguistically appropriate assessment.

Child Abuse Prevention and Treatment Act Infant Plans of Safe Care.—The agreement continues \$60,000,000 to help States continue to develop and implement infant plans of safe care as required by section 106 of the Child Abuse Prevention and Treatment Act. The agreement also encourages HHS to provide technical assistance to States on best practices for developing notification systems that are distinct and separate from the system used in the State to report child abuse and neglect in order to promote a public health response to infants affected by substance use disorders.

Child Abuse Discretionary Activities.—The agreement includes \$2,000,000 for ongoing support for a national child abuse hotline to provide resources and intervention in all modalities, including chat, text, and call, to provide comprehensive capabilities to serve both youth and concerned adults facing child abuse and neglect.

The agreement includes \$2,000,000 for demonstration projects for serving children in foster care who have experienced severe trauma through trauma-informed interventions as directed in House Report 117-403.

Adoption Opportunities.—The agreement includes \$2,000,000 for the National Adoption Competency Mental Health Training Initiative.

Social Services Research and Demonstration.—The agreement continues funding for the Diaper Distribution Demonstration and Research Pilot and expects that \$10,000,000 of the funds made available for awards for direct services be made to approved but unfunded applicants of funding opportunity HHS-2022-ACF-OCS-EDA-0161, as well as technical assistance and evaluation activities for such grants. In addition, the agreement includes \$10,000,000 for a new competition, and directs ACF to prioritize awards to applicants with established partnerships with diaper distributing entities. The agreement further directs ACF to ensure that the grant application period is open for no less than 60 days.

The agreement includes \$2,000,000 for a Medical-Legal Partnership grant program as directed in House Report 117-403.

The agreement includes \$2,500,000 for a demonstration program to provide funding to owners of affordable housing properties to offer supportive services for their residents as directed in House Report 117-403.

The agreement includes \$3,000,000 to fund demonstrations of whole-family approaches to service delivery across benefit programs as described in the fiscal year 2023 budget request. ACF is encouraged to prioritize demonstration projects in States with large rural populations and with high rates of poverty.

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$107,848,000 for the projects, and in the amounts, specified in the table titled “Community Project Funding/Congressionally Directed Spending” included in this explanatory statement accompanying this division.

Native American Programs.—The agreement includes \$15,000,000 for Native American language preservation activities, and not less than \$6,000,000 for language immersion programs authorized by section 803C(b)(7)(A)-(C) of the Native American Programs Act, as amended by the Esther Martinez Native American Language Preservation Act of 2006.

National Domestic Violence Hotline.—The agreement encourages the Hotline to explore evidence-based best practices for anti-violence intervention and prevention programs.

Family Violence Prevention and Services.—The agreement recognizes that women and girls of color are often disproportionately impacted by domestic violence and includes up to \$7,500,000 for development or enhancement of culturally specific services for survivors of domestic violence and sexual assault.

The agreement includes \$2,000,000 for the Native Hawaiian Resource Center on Domestic Violence.

The agreement includes up to \$5,000,000 for ACF to partner with technical assistance providers for a sexual assault technical assistance initiative as directed in House Report 117-403.

PROMOTING SAFE AND STABLE FAMILIES

Family First Clearinghouse.—The agreement provides an increase of \$4,000,000 to support evaluation and technical assistance for the evaluation of child and family services programs and encourages ACF, through the Office of Planning, Research, and Evaluation (OPRE), to improve transparency and establish technical assistance procedures to advise programs on effective application metrics and best practices, informed by research standards and accepted programs for the clearinghouse.

ADMINISTRATION FOR COMMUNITY LIVING (ACL)

AGING AND DISABILITY SERVICES PROGRAMS

Protection of Vulnerable Older Americans.—Within the total, the agreement includes an increase of \$2,000,000 for the long-term care ombudsman program.

National Family Caregiver Strategy.—The agreement continues to provide \$400,000 for the Family Caregiving Advisory Council.

Aging Network Support Activities.—Within the total, the agreement provides \$8,500,000 to the Holocaust Survivor’s Assistance program.

The agreement includes \$5,500,000 for the Care Corps grant program, with an increase of \$1,500,000 for subgrants to programs that are capable of building a network of screened and trained volunteer chaperones to accompany older adults and adults with disabilities in need to and from non-emergency medical appointments and outpatient procedures.

The agreement includes \$2,000,000 for a direct care workforce demonstration project to identify and reduce barriers to entry for a diverse and high-quality direct care workforce, and to explore new strategies for the recruitment, retention, and advancement opportunities needed to attract or retain direct care workers.

The agreement includes \$1,000,000 for an Interagency Coordinating Committee on Healthy Aging and Age-Friendly Communities as directed in House Report 117-403.

The agreement includes \$5,000,000 for a Research, Demonstration, and Evaluation Center for the Aging Network as directed in House Report 117-403.

Alzheimer’s Disease Program.—Within the total, the agreement includes no less than \$2,000,000 for the National Alzheimer’s Call Center.

Elder Rights Support.—The agreement includes \$15,000,000 for the nationwide Adult Protective Services formula grant program.

Paralysis Resource Center (PRC).—Within the total, the agreement directs not less than \$10,000,000 to the National PRC.

Developmental Disabilities Programs.—Within the total, the agreement includes not less than \$800,000 for technical assistance and training for the State Councils on Developmental Disabilities.

Community Project Funding/Congressionally Directed Spending.—The agreement includes

\$41,644,000 for the projects, and in the amounts, specified in the table titled “Community Project Funding/Congressionally Directed Spending” included in this explanatory statement accompanying this division.

OFFICE OF THE SECRETARY

GENERAL DEPARTMENTAL MANAGEMENT

Alzheimer’s Disease National Plan.—The agreement notes the update of the National Plan to include promotion of healthy aging and directs the Secretary to include specific strategies to achieve this goal and to align specific, measurable, time-bound milestones with budget requests. Milestones should be developed in collaboration with a broad group of non-governmental stakeholders focused on each of the risk factors for Alzheimer’s disease and related dementias.

Antimicrobial Resistance (AMR).—The agreement supports the Administration’s proposal to combat antibiotic-resistant infections by encouraging the development of innovative antimicrobial drugs. The success of similar creative funding initiatives, such as Project BioShield, show the need for pursuing unique approaches to preparing for and countering serious threats to human health. The agreement directs the Department to brief the Committees within 60 days of enactment of this Act on the requirements for implementation of the proposal. The agreement also directs OASH, NIH, ASPR/BARDA, CDC, and AHRQ to jointly brief the Committees no later than 30 days after the enactment of this Act and each annual Appropriations Act thereafter detailing how HHS and its agencies are coordinating their AMR-related efforts, as well as domestic and international AMR trends. The briefing should include a comparison of actual performance for the most recent years available against the National targets established in the current National Action Plan for Combatting Antibiotic-Resistant Bacteria and whether those goals were achieved in the last fiscal year. Building on these results, agencies are directed to outline in briefings the focus of their plans for the next two fiscal years and how these are connected to longer-term objectives included in the current National Action Plan.

Bereavement and Grief Services.—The agreement directs the Office of the Assistant Secretary for Planning and Evaluation (ASPE), in collaboration with the Director of the CDC, the Director of the NIH, and the Assistant Secretary for Mental Health and Substance Use, to develop a report on the scope of need for high quality bereavement and grief services no later than 180 days after the date of enactment of this Act. The dual crises of COVID-19 and addiction have increased the need for bereavement care, and the agreement urges ASPE to evaluate the growing need for these services. The report shall provide a holistic evaluation of populations impacted and the scope of necessary interventions, including: (1) the prevalence of certain disorders (e.g. post-traumatic stress disorder, complicated grief) that are resulting from both emergencies; (2) the need for support for health care workers and other highly impacted populations; and (3) the prevalence and outcomes of bereavement and grief services. Part of this work should focus on the role of hospice programs in supporting community bereavement and grief services.

Brain Aneurysm.—The agreement directs the Secretary to develop best practices on brain aneurysm detection and rupture for first responders, emergency room physicians, primary care physicians, nurses, and advanced practice providers.

Broadband Deployment Locations Map.—The agreement directs the Department to submit a report to the Committees not less than 120 days after the date of enactment of this Act

detailing the steps it has taken to coordinate with the Federal Communications Commission and carry out its responsibilities to implement the Deployment Locations Map pursuant to Section 60105 of the Infrastructure Investment and Jobs Act (P.L. 117-58).

Children's Interagency Coordinating Council.—The agreement includes \$3,000,000 for the Children's Interagency Coordinating Council to foster greater coordination and transparency on child policy across agencies. The Council shall enter into agreement with NASEM to prepare a report to Congress analyzing federal policies that have affected child poverty. The study should rely on the U.S. Census Bureau Supplemental Poverty Measure, among other sources of information. The Council will also examine and periodically report on a broad array of cross-cutting issues affecting child well-being.

Ending the HIV Epidemic.—The agreement continues support for this initiative but is concerned by a lack of quantifiable data showing outcomes of a program started in 2019. Therefore, the agreement directs HHS to: (1) provide a spend plan to the Committees no later than 60 days after enactment of this Act, to include resource allocation by State; (2) brief the Committees on the fiscal year 2023 plans no later than 90 days after enactment of this Act; (3) provide the Committees an update on the program's performance data since the beginning of the Initiative through the latest available data, making sure to address each of the Initiative's goals and performance metrics, no later than 180 days after enactment of this Act and updated annually throughout the life of the Initiative.

Herpes Simplex Virus (HSV).—The agreement expects OASH to develop a national strategic plan for the treatment and prevention of HSV types 1 and 2 as directed by P.L. 117-103. The agreement directs the department to update the Committees on this work within 30 days of enactment of this Act.

Federal Funds.—The agreement includes an increase of \$8,000,000 for administrative resources necessary for the operation of the Department.

Food as Medicine.—The agreement directs the Secretary, in consultation with other Federal agencies, to develop and implement a Federal strategy to reduce nutrition-related chronic diseases and food insecurity and improve health and racial equity in the U.S., including diet-related research and programmatic efforts that increase Americans' access to food as medicine, and healthy, nutritious, organic, and affordable foods, especially in at-risk communities. The agreement includes \$2,000,000 in the Office of the Secretary to establish a Food as Medicine pilot program, an integrative model for healthcare, that addresses food insecurity, social isolation, and chronic disease to advance health and racial equity. The model shall include the following as defined by the Secretary: a prescription of healthy produce; clinical nutrition training for healthcare providers; and nutritional and behavioral support for patients to integrate food interventions into daily habits. The Secretary may enter into competitively awarded contracts or cooperative agreements with, or provide grants to, public or private organizations or agencies within varying States. Additionally, the agreement requests a report within one year of the date of enactment of this Act on the implementation of the Federal strategy and an examination of the status of each pilot project; a chart delineating funding provided to each pilot and how much of each pilot's funds remain unobligated; the results of the evaluation completed during the fiscal year; and to the maximum extent practicable the impact of the pilot project on appropriate health, nutrition, and associated

behavioral outcomes among patients participating in the pilot project baseline information relevant to the stated goals and desired outcomes of the pilot project; and equivalent information about similar or identical measures among control or comparison groups that did not participate in the pilot project. Reports should continue annually until all funding is expended.

KidneyX.—The agreement includes \$5,000,000 to continue KidneyX.

Newborn Screening.—The agreement includes \$1,000,000 for the Department to commission a study with the National Academy of Medicine to examine the current status of Newborn Screening systems, processes, and research and make recommendations for future improvements, as described under this heading in House Report 117-403.

Nonrecurring Expenses Fund.—The agreement directs HHS to prioritize current construction projects for completion, specifically the CDC NIOSH facility in Cincinnati, Ohio, and those facilities for the Indian Health Service and FDA. The agreement further directs HHS to provide quarterly reports for all ongoing projects. The report shall include the following for each project: agency project is funded under; a description for each project; the date the project was notified to the Committees; total obligations to date; obligations for the prior fiscal year; anticipated obligations for current fiscal year; and any expected future obligations. For any project ongoing more than 3 years, the report should include a narrative describing the cause for delay and steps being taken by the agency to ensure prompt completion.

Further, upon CDC's completion of the purchase of property for the new mine safety research facility, the agreement directs HHS to fund the design and construction of the facility from the Nonrecurring Expenses Fund.

Obligation Reports.—The agreement directs the Secretary to submit electronically to the Committees an excel table detailing the obligations made in the most recent quarter for each office and activity funded under this appropriation not later than 30 days after the end of each quarter.

Office of the Assistant Secretary for Financial Resources (ASFR).—The agreement includes an additional \$300,000 to hire an appropriations attorney and directs ASFR to work with OGC to expeditiously fill this position upon enactment of this Act.

Office of the General Counsel (OGC).—The agreement repeats strong concerns made in the fiscal year 2022 explanatory statement that OGC must do a better job of supporting Congressional requests for technical assistance on matters that affect the Department. The agreement directs the General Counsel to prioritize the Committees' requests for legal and administrative information.

Pain Management.—The agreement remains deeply concerned about the epidemic of acute and chronic pain and its interrelationship with the opioid crisis. Within 180 days of the date of enactment of this Act, the Department is directed to provide the Committees a report on its progress to disseminate the HHS Pain Management Best Practices Inter-Agency Task Force report recommendations and an estimate of the resources required to generate a public awareness campaign on the differences between acute and chronic pain and the full range of treatment options.

Preventing Harmful Exposure to Phthalates.—The agreement directs the Secretary to submit to the Committees within 180 days of the date of enactment of this Act a public report outlining next steps for protecting the public from exposure to phthalates in food, including details on how and where these chemicals are getting into the food supply.

Questions for the Record.—The agreement notes the inclusion of section 527 of this Act, which requires the Department to provide answers to questions submitted for the record within 45 business days after receipt. The agreement expects the Secretary to notify the Committee at least 7 days in advance if the Department does not anticipate meeting this statutory requirement.

Staffing Reports.—The agreement includes a general provision requiring the Department to submit a biannual staffing report to the Committees. The Excel table shall include: the names, titles, grades, agencies, and divisions of all of the political appointees, special government employees, and detailees that were employed by or assigned to the Department during the previous 180 days.

Stillbirth Task Force.—The agreement includes an increase of \$1,000,000 for this activity as described under this heading in House Report 117-403.

Teen Pregnancy Prevention Program Evidence Review.—The agreement includes \$900,000 for the Assistant Secretary for Planning and Evaluation to conduct an independent, systematic, rigorous review of evaluation studies on such programs.

Tribal Set-aside.—The agreement includes an increase of \$2,000,000 for a Tribal set-aside within the Minority HIV/AIDS Prevention and Treatment program.

U.S.-Mexico Border Health Commission.—The agreement includes an increase of \$500,000.

Office of Minority Health (OMH)

Achieving Equitable Maternal Health Outcomes.—The agreement includes \$7,000,000 for awards to community based and other eligible organizations located in geographic areas with high rates of adverse maternal health outcomes, particularly among racial/ethnic minority families, as proposed in the fiscal year 2023 Congressional Justification.

Center for Indigenous Innovation and Health Equity.—The agreement continues to recognize the importance of advancing Indigenous solutions to achieve health equity and includes an increase of \$1,000,000 to support the work of the Center for Indigenous Innovation and Health Equity.

Language Access Services.—The agreement includes an increase of \$1,000,000 to research, develop, and test methods of informing limited English proficient individuals about their right to and the availability of language access services, in accordance with directives in House Report 117-403.

Lupus Initiative.—The agreement includes \$2,000,000 for the National Lupus Outreach and Clinical Trial Education Program and the goal of increasing minority participation in lupus clinical trials. OMH should continue to develop public-private partnerships, validate existing action plans, and engage the lupus community in order to facilitate the use and development of action plans to increase participation in clinical trials for all minority populations at highest risk of lupus including, Native Americans, Asians, Hispanics, and African Americans.

Minority Leaders Development Program.—The agreement includes an increase of \$1,000,000 for the Minority Leaders Development Program, as described under this heading in House Report 117-403.

Office on Women's Health (OWH)

Breastfeeding Analysis.—The agreement includes \$1,250,000 for OWH to enter into an agreement with NASEM to provide an evidence-based, non-partisan analysis of the macroeconomic, health, and social costs of U.S. breastfeeding rates and national breastfeeding goals, as described under this heading in House Report 117-403.

Combating Violence Against Women.—The agreement includes \$10,100,000 for the State partnership initiative to combat violence against women.

Interagency Coordinating Committee on the Promotion of Optimal Birth Outcomes.—The agreement includes an increase of \$1,000,000 for the Interagency Coordinating Committee on the Promotion of Optimal Birth Outcomes to oversee and coordinate the HHS Plan to Improve Maternal Health in America, as described in, and consistent with, Healthy Women, Healthy Pregnancies, Healthy Futures: Action Plan to Improve Maternal Health in America and as described under this heading in House Report 117-403.

Pregnant Women and Lactating Women Advisory Committee.—The agreement includes \$200,000 for the creation of an Advisory Committee to monitor and report on the implementation of the recommendations from the Task Force on Research Specific to Pregnant Women and Lactating Women, as described under this heading in House Report 117-403.

Women's Health Research Study.—The agreement directs the Secretary to coordinate with NIH and NASEM in support of research that explores persistent gaps of knowledge of women's health.

OFFICE OF THE NATIONAL COORDINATOR FOR HEALTH INFORMATION TECHNOLOGY (ONC)

The agreement includes not less than \$5,000,000 to support interoperability and information sharing efforts related to the implementation of Fast Healthcare Interoperability Resources standards or associated implementation standards.

The agreement notes the general provision limiting funds for actions related to promulgation or adoption of a standard providing for the assignment of a unique health identifier does not prohibit the Department from examining the issues around patient matching, and urges ONC to work with industry to develop matching standards that prioritize interoperability, patient safety, and patient privacy. The agreement directs ONC to promptly notify the Committees of any limitations with any directives included in House Report 117-403 or this explanatory statement.

PUBLIC HEALTH AND SOCIAL SERVICES EMERGENCY FUND

Office of the Assistant Secretary for Preparedness and Response (ASPR)

AI-enabled Pandemic Preparedness and Response.—The agreement recognizes that advancements in artificial intelligence (AI) show promise for the biosecurity of the U.S. The agreement directs ASPR to provide a report to the Committees no later than 120 days after enactment of this Act on the feasibility of creating an AI-enabled Pandemic Preparedness and Response Program, to be led by ASPR, supported by the Departments of Energy and Defense as necessary. The program would adopt and field AI programs to shield the nation against current and future bio-threats of any origin. It would use AI to develop and deliver capabilities of high value in the areas of accelerated vaccines, rapid therapeutics, global bio-threat surveillance, and rapid fielding. ASPR is directed to collaborate with the OCIO Chief AI Office on feasibility plans to setup this program, to include a professional judgement budget for the first three years.

CBRN Threats.—The agreement urges ASPR to prioritize the development and stockpiling of critical CBRN vaccines, treatments, diagnostics, and personal protective equipment (PPE) to ensure there is no disruption in the availability of these life-saving medical countermeasures (MCMs) in the Strategic National Stockpile. The agreement encourages ASPR to engage more frequently with private sector partners in the Broad Agency Announcement process to speed the development of new MCMs and stockpiling of existing MCMs against CBRN threats.

Commercialization of COVID-19 Vaccines and Therapeutics.—The agreement directs ASPR to provide a briefing to the Committees on the Department's plan to transition COVID-19 vaccines and therapeutics with FDA approval to the commercial market. Such briefing shall include a timeline for each product, for products that have FDA approval and those that have emergency use authorization; possible costs associated with a transition from Federal purchasing to the private market; and details about how non-Federal purchasers will compete in the market. Such briefing shall be provided within 30 days of enactment of this Act and every 6 months thereafter until transition to the commercial market is complete.

Ensuring the Availability of Next Generation Masks and Respirators.—The agreement urges ASPR to assess its stockpile of reusable respirators and to conduct scenario-based modeling studies to determine the appropriate amount needed for the stockpile. ASPR is urged to consider creating Target Product Profiles (TPP) for respirators and masks and a process of recurring competitive bids for products meeting the increasingly stringent TPPs. ASPR is directed to submit a report to the Committees on these activities within 120 days of enactment of this Act.

Far-forward Patient Care.—The agreement notes that advancing and expanding far-forward patient care can significantly improve the delivery, cost, and outcomes for patients injured by natural or human-caused disasters. Conducting traditional medical care closer to the point of injury can also have positive downstream effects on routine medical operations. ASPR is encouraged to consider establishing a Federally Funded Research and Development Center (FFRDC) in partnership with an academic medical center to improve far-forward care, transportation and coordination, and advanced technology that can provide additional solutions to future patient care. Furthermore, ASPR is also encouraged to consider leveraging this FFRDC to support the National Disaster Medical System by utilizing the experience and innovations produced by the Center.

Insulin Domestic Supply Chain.—The agreement encourages ASPR to review the potential for establishing an Insulin Center of Excellence, in recognition of the importance of developing a domestic supply chain for insulin. Such a Center would promote lower prices in the U.S. by addressing the entire life cycle of insulin product and development, including research and development, clinical trials, production, and post-market studies.

Medical Distribution Supply Chain Task Force.—The agreement recognizes the importance of public-private partnerships in COVID-19 response efforts and recommends establishing a task force where government agencies and distribution experts can proactively prepare for the next public health emergency. The task force would allow pharmaceutical and medical distributors to participate in ongoing emergency preparedness planning and maintain relationships with government agencies, conduct tabletop exercises and emergency response planning, and report their work and findings to Congress.

Reporting.—In addition to the directives included in House Report 117-403, the agreement directs ASPR to include a summary of the details of its monthly obligations to the Committees in its monthly obligation report.

Operations

The agreement includes \$34,376,000 for activities within the Assistant Secretary's Immediate Office; the Office of the Chief Operating Officer; the Office of Acquisitions Man-

agement, Contracts, and Grants; and the Office of the Financial Planning and Analysis.

HHS Coordination Operations and Response Element (H-CORE)

The agreement includes \$75,000,000 to establish annual funding for operational coordination of readiness and response efforts. Within 30 days of enactment of this Act, the agreement directs the Secretary to provide the Committees with a detailed spend plan for fiscal year 2023 activities and to brief the Committees at least quarterly thereafter.

Preparedness and Emergency Operations

The agreement includes \$31,154,000 for Preparedness and Emergency Operations.

National Emergency Tele-critical Care Network (NETCCN).—The agreement includes \$6,500,000 to continue clinical deployments for the NETCCN, which has helped health systems respond to the COVID-19 public health emergency by accessing skilled telehealth providers, and directs ASPR to make NETCCN partners available to respond to other public health emergencies and disaster response efforts on an as-needed basis. The agreement directs ASPR to submit a spend plan and report to the Committees within 60 days of enactment of this Act on its plans for fully assuming and maintaining operations of the NETCCN from the U.S. Medical Research and Development Command Telemedicine and Advance Technology Research Center.

National Disaster Medical System

Mission Zero.—The agreement includes \$4,000,000 for civilian trauma centers to train and incorporate military trauma care providers and teams into care centers.

Pediatric Disaster Care.—The agreement includes \$7,000,000 for the Pediatric Disaster Care Centers of Excellence.

Public Health Preparedness Equipment.—The agreement includes \$20,000,000 for ASPR to invest in next generation air mobility solutions that will ensure more cost-effective health delivery systems.

Hospital Preparedness Program

The agreement includes \$305,055,000 for the Hospital Preparedness Program (HPP).

EMS Preparedness and Response Workforce Shortage.—The agreement urges ASPR to address the crippling EMS workforce shortage, including in underserved, rural, and tribal areas and/or address health disparities related to accessing prehospital ground ambulance healthcare services, including critical care transport.

Hospital Preparedness Program Cooperative Agreements.—The agreement includes \$240,000,000 for critical support to State, local, and regional partners to advance health care system preparedness and response.

National Special Pathogen System (NSPS).—The agreement includes \$7,500,000 for the National Emerging Special Pathogens Training and Education Center (NETEC) and \$21,000,000 to increase support for the Regional Emerging Special Pathogen Treatment Centers (RESPTCs) Program and Special Pathogen Treatment Centers (SPTCs) to prepare for future pandemic threats. The agreement requests both a written report and a briefing, within 90 days of enactment of this Act, and annual reports and briefings thereafter, on progress in establishing a robust NSPS and integrating NSPS with other health care delivery systems of care for emergencies, such as the trauma system.

Real-time Hospital Capacity Data.—The agreement continues to support ASPR's preparedness efforts and encourages increased support of real-time data tracking to improve overarching capacity issues experienced by hospitals and providers in all 50

States and the territories during community, State, regional, and national emergencies. The agreement urges ASPR to identify lessons learned and tools that have been developed for hospital data collection during the COVID-19 response for all-hazards hospital data collection and public health situational awareness.

Regional Disaster Health Response System.—The agreement includes \$7,000,000 for these cooperative agreements.

Biomedical Advanced Research and Development Authority (BARDA)

Antimicrobial and Antifungal Resistance.—The agreement continues to support advanced research and development of broad-spectrum antimicrobials and novel antifungal therapies, particularly for multidrug resistant pathogens, and next-generation therapeutics that address the increasing incidence of antimicrobial resistance. The agreement requests the Department provide a briefing to the Committees within 60 days of enactment of this Act that details the budgetary requirements for implementation of the Administration's proposal to combat antibiotic-resistant infections. The agreement directs ASPR to work with other HHS agencies to provide the annual briefing described under the section of the explanatory statement dealing with the Office of the Secretary within 30 days of enactment of this Act.

Blood Supply.—The agreement encourages further development of freeze-dried hemostatic products, especially platelet-derived products, suitable for treatment of hemorrhagic disease, and use in general surgery, obstetrics, and trauma. The agreement further urges that, as a stopgap measure and pilot project, the Assistant Secretary, as soon as feasibly possible, support a pilot project to expand the manufacturing base for these products to develop adequate infrastructure to support a national inventory to accommodate predicted needs so that in the event of an overwhelming number of casualties, these research products could be used to fill the capability gap under the auspices of the Emergency Use Authorization Act.

Infectious Disease Outbreaks with Pandemic Potential.—The agreement encourages BARDA to engage in public-private partnerships to support advanced research and development of innovative platform technologies and MCM programs focused on, but not limited to, vaccines, therapeutics, and other MCMs for emerging infectious diseases, including novel pathogens and viral families with pandemic potential. The agreement encourages ASPR to collaborate with other appropriate Federal departments, agencies, and offices, the private sector, and other stakeholders to identify promising MCMs and platform technologies that can be leveraged to address a range of potential pathogens, including virus families with significant pandemic potential. The agreement directs BARDA to prioritize expeditious development of such MCMs, innovative platform technologies, and novel multi-modal methods, and requests a briefing within 90 days of enactment of this Act to provide an update on the status of MCMs and platforms to address these threats.

Infectious Diseases.—The agreement supports robust funding for increased work to prepare for emerging infectious disease outbreaks and other naturally occurring threats to global health security. The agreement encourages BARDA to account for the constraints of different settings in its funding decisions to foster first-line tools that have wide applicability for many geographies, including low-resource settings in the U.S. and globally which may lack advanced health infrastructure. ASPR is encouraged to con-

tinue reporting and delineating its spending on emerging infectious diseases, pandemic influenza, and AR in its annual 5-year budget plan for MCM development. The agreement urges BARDA to publicly and regularly provide updated pathogen, product, and project-level data for all its funding, which it has done on its website for COVID-19 MCM investments, and to provide underlying data in tabular form. Such reporting helps clarify how ASPR is considering naturally occurring threats, including AR, in relation to other priority areas of MCM development, particularly given the inclusion of naturally occurring threats in the Strategic Initiatives section of the Pandemic and All-Hazards Preparedness and Advancing Innovation Act (P.L. 116-22).

Nasal COVID-19 Vaccines.—The agreement notes with concern that the nation is falling behind other countries in the development and approval of COVID-19 nasal vaccines. The agreement urges BARDA to accelerate clinical trial opportunities to achieve FDA approval for a nasal COVID-19 vaccine for which there is already existing clinical efficacy and safety data.

Trusted Domestic Vaccine Supplier Capability.—The agreement continues to recognize the need for domestic manufacturing of key biological starting materials (KSM), including plasmid DNA and mRNA, antibodies, and other medical countermeasures, to ensure timely response to unanticipated health emergencies. Therefore, the agreement encourages the Department to expand domestic manufacturing of KSMs and collaborate with U.S. companies that have pharmaceutical capabilities to ensure the development and stockpiling of synthesized medicines for future pandemics and biotreatments.

Policy and Planning

The agreement includes \$14,877,000 for Policy and Planning.

Project BioShield Special Reserve Fund

The agreement includes \$820,000,000 for Project BioShield.

Strategic National Stockpile (SNS)

The agreement includes \$965,000,000 for the SNS.

Acute Radiation Syndrome (ARS).—The agreement notes with concern that the SNS has not prioritized fully achieving the stockpiling requirement for FDA-approved MCMs for ARS. The agreement requests a report be provided to the Committees within 30 days of enactment of this Act that includes an update on: (i) existing procurements and stockpiled MCMs for ARS; (ii) ASPR's plans to ensure existing ARS products are maintained; and (iii) how ASPR intends to meet the Administration's goal of investing in U.S. jobs and infrastructure to ensure the continued availability of a diverse set of ARS countermeasures.

Distributor Interoperability for the SNS.—The agreement urges the SNS to work with all U.S.-based medical and pharmaceutical distributors on developing and maintaining IT connectivity. The agreement recognizes that distributors need to have and implement technology for IT interoperability so that their systems can connect with the SNS/HHS systems to participate in distribution efforts with the government.

Made in America Strategic National Stockpile.—The agreement notes concern about the nation's limited infrastructure to produce essential products such as medical devices, medical equipment, pharmaceuticals, and PPE, such as syringes. The agreement strongly urges the Secretary to develop a long-term sustainable procurement plan that gives preference to and results in purchases directly from domestic manufacturers of PPE or PPE raw materials to the maximum extent practicable.

Replenishing Influenza Antivirals.—The agreement strongly supports the Department's multi-year strategic initiative to supplement shelf-life extended flu antivirals in the stockpile with therapeutics that have not undergone extensions, in order to meet full stockpiling requirements. ASPR is urged to prioritize acquiring influenza antivirals to the full stockpiling requirements that can be safely used in children under 12 and people that are pregnant.

Shelf-life Extension Program (SLEP) for Antivirals.—The agreement notes with concern that efforts to achieve cost savings through SLEP could negatively impact distribution of, patient adherence to, and ultimately consumer confidence in certain products in the SNS, particularly aged antivirals. Not later than 180 days after enactment of this Act, the Assistant Secretary is directed to conduct an audit of the SLEP for antivirals in the SNS and provide recommendations to safeguard SNS's ability to effectively respond to future severe influenza outbreaks in the U.S.

Supply Chain Risk Assessment.—The agreement urges ASPR to prioritize the identification of upstream pharmaceutical supply chain risks to reduce medicine supply disruptions while also providing evidence to inform public investment and policy reforms that build more resilience in the medical supply chain. This includes the ability to leverage integrated data analytics from a range of data sources to identify key risk indicators and improve both demand forecasting and capacity management. The agreement directs ASPR to identify opportunities to support the development of capabilities to continually assess the global supply chain for essential medicines that covers source location, volume, and the number of facilities involved in the product of APIs, finished dosage forms, and other required components.

Medical Reserve Corps (MRCs)

The agreement provides \$6,240,000 for the Medical Reserve Corps Program. Funding for MRCs has historically been provided to local units quickly and effectively, thereby allowing for grants to help build and sustain local communities' ability to prepare for and respond to emergencies. The agreement encourages ASPR to continue this locally driven approach and to allocate funding via established mechanisms that provide funds directly to local MRC unit, which are made up of representatives from their communities.

Preparedness and Response Innovation

The agreement provides \$3,080,000 for a bilateral cooperative program with the Government of Israel for the development of health technologies.

Cybersecurity

The agreement provides \$100,000,000 for information technology cybersecurity in the Office of the Chief Information Officer and HHS-wide to strengthen the Department's cybersecurity posture. These funds provide for continuous monitoring and security incident response coordination for the Department's computer systems and networks. The increase is expected to support the advancement of existing, and adoption of new, security technologies to protect the Department's information from the evolving number and complexity of cyber threats. The agreement directs the Department to identify ways to mitigate increasing cybersecurity threats that pose risks to HHS critical functions, services, and data, and provide a report with these recommendations to the Committees no later than 120 days after enactment of this Act.

In addition, the agreement provides \$21,900,000 for HHS Protect for the activities directed in House Report 117-403.

Office of National Security

The agreement provides \$8,983,000 for the Office of National Security.

Pandemic Influenza Preparedness

The agreement provides \$335,000,000 for the pandemic influenza preparedness program.

ADVANCED RESEARCH PROJECTS AGENCY FOR HEALTH

The agreement includes \$1,500,000,000 for ARPA-H. The agreement strongly encourages HHS to collaborate with the Defense Advanced Research Projects Agency (DARPA) to develop the foundational policies, procedures, and staff training for ARPA-H employees. The agreement believes ARPA-H will require a very different culture and mission than NIH's other 27 Institutes and Centers. To foster the development of an entrepreneurial culture, the agreement expects ARPA-H to be physically located away from the main NIH campus. The agreement directs NIH to brief the Committees no later than 30 days prior to conducting the location search on its criteria and the Committees should be notified of the decision no less than 5 days prior to a location being announced publicly. While the NIH workforce is composed of dedicated, talented, and frequently brilliant scientists, recruitment from the existing NIH workforce should be avoided. Instead, the agreement recommends that ARPA-H consider recruiting from industry, academia, and think tanks, as well as from proven advanced research project organizations. The agreement directs ARPA-H to provide quarterly briefings to the Committees on its establishment process, hiring, and scientific priorities and progress. These briefings should specifically address how its activities may advance biomedical research and development and the mission to create breakthrough health technologies, as well as how to balance long-term scientific challenges with short-term research goals.

GENERAL PROVISIONS

Prevention and Public Health Fund.—The agreement includes the following allocation of amounts from the Prevention and Public Health Fund.

PREVENTION AND PUBLIC HEALTH FUND

Agency	Budget Activity	FY 2023 Agreement
ACL	Alzheimer's Disease Program	\$14,700,000
ACL	Chronic Disease Self-Management	8,000,000
ACL	Falls Prevention	5,000,000
CDC	Hospitals Promoting Breastfeeding	9,750,000
CDC	Diabetes	52,275,000
CDC	Epidemiology and Laboratory Capacity Grants	40,000,000
CDC	Healthcare Associated Infections	12,000,000
CDC	Heart Disease & Stroke Prevention Program	57,075,000
CDC	Million Hearts Program	5,000,000
CDC	Office of Smoking and Health	125,850,000
CDC	Preventative Health and Health Services Block Grants	160,000,000
CDC	Section 317 Immunization Grants	419,350,000
CDC	Lead Poisoning Prevention	17,000,000
CDC	Early Care Collaboratives	5,000,000
SAMHSA	Garrett Lee Smith-Youth Suicide Prevention	12,000,000

The agreement modifies a provision to rescind unobligated balances.

TITLE III

DEPARTMENT OF EDUCATION

EDUCATION FOR THE DISADVANTAGED

School Improvement.—The Department shall brief the Committees not later than 60 days after enactment of this Act on the Department's actions and plans for addressing the challenges identified in GAO's report on school improvement (GAO-21-199) and assisting state educational agencies (SEAs) and local educational agencies (LEAs) with implementing all of the school improvement requirements of the Elementary and Sec-

ondary Education Act (ESEA), including meaningful resource allocation reviews. The Department shall also increase transparency on the amount reserved by each State for the school improvement set-aside, method of distribution to eligible LEAs, uses of such funds and the Department's actions and plans for supporting SEA and LEA implementation of ESEA school improvement requirements, including resource equity requirements, in the fiscal year 2024 and future Congressional Justifications.

Title I-A-Funded Services for Students Experiencing Homelessness.—The Department shall provide technical assistance to state and local Title I directors on the requirements and uses of funds under section 1113(c)(3)(A) to assist LEAs in effectively using such funds to support students experiencing homelessness. In addition, the Department shall describe actions taken and planned to address these issues in the fiscal year 2024 and future Congressional Justifications and work with SEAs to increase transparency on amounts reserved by LEAs under section 1113(c)(3)(A).

SCHOOL IMPROVEMENT PROGRAMS

Alaska Native Education Equity.—The Department is directed to make every effort to ensure that grants are awarded well in advance of the school year, to maximize grantees' ability to hire the necessary staff and have their programs in place by the start of Alaska's school year in mid-August. The Department is directed to ensure that Alaska Native Tribes, Alaska Native regional nonprofits, and Alaska Native corporations have the maximum opportunity to compete successfully for grants under this program by providing these entities multiple opportunities for technical assistance in developing successful applications for these funds, both in Alaska and through various forms of telecommunications. Finally, the Department is encouraged to include as many peer reviewers as possible who have experience with Alaska Native education and Alaska generally on each peer review panel.

Student Support and Academic Enrichment Grants Technical Assistance and Capacity Building.—The reservation for technical assistance (TA) and capacity building should be used to support SEAs and LEAs in carrying out authorized activities under this program identified by SEAs and LEAs, which may include support for fostering school diversity efforts across and within school districts. The agreement continues to direct the Department to prioritize its TA and capacity building support for SEAs and LEAs seeking to address such school diversity needs. In future Congressional Justifications, the Department shall continue to provide current and planned expenditures for this reservation and include a plan for how resources will be spent to provide TA and to build the capacity of SEAs and LEAs.

Education for Native Hawaiians.—The Department shall award not less than \$10,000,000 of the funds made available for the Education for Native Hawaiians program under authority continued from last year's bill for construction, renovation, and modernization of any public elementary school, secondary school, or structure related to a public elementary school or secondary school, that serves a predominantly Native Hawaiian student body. The Department shall make this funding competitively available to organizations in need of assistance with infrastructure improvement for increased capacity to serve a predominantly Native Hawaiian student body. The agreement also includes sufficient funding for the Native Hawaiian Education Council.

INDIAN EDUCATION

National Activities.—The increase for National Activities shall support new awards

under the Native American Language Immersion competition and the State-Tribal Education Partnership program for up to five years.

Funds for the Native American Language Immersion program should continue to be allocated to all types of eligible entities, including both new and existing language immersion programs and schools, to support the most extensive possible geographical distribution and language diversity. In addition, the Department should continue to give the same consideration to applicants that propose to provide partial immersion schools and programs as to full immersion, as the local Tribes, schools, and other applicants know best what type of program will most effectively assist their youth to succeed. Further, the Department is directed to provide adequate notice, consultation, and technical assistance to support applications from and grants to a diverse range of language immersion schools and programs, including those serving Native Hawaiian and Alaska Native students.

Native American Language Resource Centers.—Within National Activities, the agreement includes \$1,500,000 for this activity described under this heading in House Report 117-403. Further, the Office of Indian Education is directed to consult with the Office of English Language Acquisition on the development, implementation and support for this program.

Special Programs for Indian Students.—The Department is directed to use no less than \$2,750,000 of funds available for the Demonstration Grants for Indian Children and Youth program for a teacher retention initiative to help address the shortage of Native American educators and expand their impact on Native American students' education. The initiative should support teacher leadership models to increase the retention of effective, experienced Native American teachers.

INNOVATION AND IMPROVEMENT

Education Innovation and Research (EIR).—Within the total for EIR, and including continuation awards, the agreement includes \$87,000,000 to provide grants for social and emotional learning (SEL) and \$87,000,000 for Science, Technology, Education, and Math (STEM) and computer science education activities. Within the STEM and computer science set-aside, awards should expand opportunities for underrepresented students such as minorities, girls, and youth from families living at or below the poverty line to help reduce the enrollment and achievement gap. To fulfill both set-asides, the agreement supports the prioritization of high-quality SEL and STEM proposals for both the early- and mid-phase evidence tiers. The agreement encourages the Department to take steps necessary to ensure the statutory set-aside for rural areas is met and that EIR funds are awarded to diverse geographic areas. The agreement expects the remainder of EIR funds to continue to support diverse and field-initiated interventions, rather than a single nationwide program or award focused solely on one area of educational innovation.

No later than 30 days after enactment of this Act, the Department is directed to have an initial consultation briefing with the Committees on the fiscal year 2023 competitions for EIR. Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out an EIR competition. In addition, the Department shall provide a briefing and notice of grant awards to the Committees at least seven days before grantees are announced.

Supporting Effective Educator Development (SEED).—Within SEED, the Department is

directed to support professional development that helps educators incorporate SEL practices into teaching, and to support pathways into teaching that provide a strong foundation in child development and learning, including skills for implementing SEL strategies in the classroom through a competitive preference priority as included in the fiscal year 2020 and 2022 competitions.

In addition, the SEED program is an ideal vehicle for helping ensure that more highly trained school leaders are available to serve in traditionally underserved LEAs. Therefore, the Secretary shall continue to support an absolute priority to support the preparation of principals and other school leaders and disseminate best practices from such grants.

American History and Civics National Activities.—After providing continuation awards, the agreement directs the Department to allocate all remaining resources in this program to run a new grant competition supporting evidence-based practices as described under this heading in House Report 117-403; however, eligible entities shall be those defined in section 2233(e) of ESEA. The Department also is directed to include a priority for applicants that propose evidence-based approaches to improving teaching and learning about the history and principles of the Constitution of the United States in any new competition.

Charter School Program.—Not later than 90 days after enactment, the Department is directed to brief the Committees on its actions and plans to provide adequate staff for and oversight of the Charter School Program (CSP); offer flexibility by allowing State entities to reserve a greater share of anticipated funds available over the life of the grant for technical assistance (TA) in the early years of the grant when such assistance is particularly needed, and improve the use of and prepare additional reports on the use of such reserved funds, including disaggregated data as it relates to students with disabilities and English learners, that includes: a description of the State's objectives in providing TA to grantees and the activities identified to provide the required TA; and a description of the impact of State action(s), or if no known impact, an explanation as to why.

Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out a CSP competition.

Statewide Family Engagement Centers.—The agreement directs the Department to use the increase provided to award grants for high-quality applications that could not be funded during the prior year's grant competition.

Community Project Funding/Congressionally Directed Spending.—The agreement includes \$200,443,000 for the projects, and in the amounts, specified in the table "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

SAFE SCHOOLS AND CITIZENSHIP EDUCATION *School Safety National Activities*

The agreement includes \$216,000,000 for national activities, an increase of \$15,000,000, which shall be used by the Department for competitive grant competitions, technical assistance and capacity-building centers, or Project SERV.

Not less than two weeks before the publication of a notice of proposed priorities or a notice inviting applications, the Department is directed to brief the Committees on plans for carrying out any new competition funded within School Safety National Activities. In addition, the Department shall provide a briefing and notice of grant awards to the

Committees at least seven days before grant-ees are announced.

Promise Neighborhoods

The agreement provides a portion of funds for the second year of two-year extension grants to high quality Promise Neighborhood programs that have demonstrated positive and promising results through their initial implementation grant to strengthen grantee community's abilities to scale city and regional reinvestment strategies and allow for direct pipeline services. Further, the Department is directed to brief the Committees, prior to the publication of proposed priorities or a notice inviting applications, on potential changes to future grant competitions that would provide expiring and recently expired extension grant recipients operating in a particular neighborhood or community the opportunity to compete for a new grant to strengthen and further expand services in the same neighborhood or community, provided they can demonstrate successful outcomes and justify the need for new funding. Such briefing shall also cover how to maximize the planning time grantees have before implementation begins, and other actions to strengthen the long-term success of communities and neighborhoods assisted with grant funds. The Department shall provide a briefing on implementation plans for the Promise Neighborhoods program not later than 14 days prior to issuing a notice inviting applications for new awards or extension grants.

SPECIAL EDUCATION

Technical Assistance and Dissemination.—The agreement includes an increase of \$1,000,000 for OSEP's State Deaf-Blind Projects and the National Center on Deaf-Blindness to strengthen support of the abilities and needs of children with deaf-blindness, including through intervener services. The Department is directed to provide an update on actions and plans to ensure that intervener services are available when recommended by the Individualized Education Program team and parents and families are aware of such services as early as possible in the fiscal year 2024 Congressional Justification. The Department also is directed to provide technical assistance and support to any State considering how to remove barriers like family fees and associated administrative requirements that deter families from accessing needed Part C services.

Education Materials in Accessible Formats for Students with Visual Impairments.—The agreement includes additional funding to make a broader range of educational materials available to students and to meet the needs of all eligible students, including pre-K and post-secondary students.

REHABILITATION SERVICES

The agreement directs the Department to provide a briefing to the Committees no later than 90 days after enactment on the planned uses of funds that remain available for obligation subsequent to the reallocation of funds to States pursuant to section 110(b) of the Rehabilitation Act, and to provide semi-annual briefings thereafter.

Disability Innovation Fund (DIF).—The agreement directs the Department to use a portion of DIF funds for competitive grants, to be awarded in coordination with the Office of Disability Employment Policy, to non-governmental entities in partnership with State Vocational Rehabilitation (VR) agencies for innovative strategies that significantly increase employment of adults with disabilities. The agreement expects this will focus on adults with disabilities who are not currently in the workforce. Grants shall be awarded to partnerships that support disabled adults in obtaining competitive inte-

grated employment and advance their career trajectories. Strategies for improving employment outcomes for adults with disabilities must have as their goal a significant effect on disability employment in the State or region. Funds should be used to develop new and innovative strategies for the recruitment, hiring, retention, and career advancement of disabled adults, spurring change in the State VR agency's strategies and ability to improve State disability employment outcomes.

Institute of Education Sciences (IES) Evaluation.—The agreement directs the Department to notify the Committees at least 15 days prior to transferring any funds to IES under the authority provided under this heading.

Randolph-Sheppard Program.—The agreement directs the Department to provide participants in the Randolph-Sheppard Program with technical assistance and support in applying for funding opportunities for innovative activities aimed at increasing competitive integrated employment. In addition, the agreement encourages the Department to use amounts available for evaluation and technical assistance to study the Randolph-Sheppard Program and innovative activities aimed at increasing competitive integrated employment.

SPECIAL INSTITUTIONS FOR PERSONS WITH DISABILITIES

American Printing House for the Blind.—The agreement includes \$6,000,000 to continue the Center for Assistive Technology Training regional partnership established in fiscal year 2019.

National Technical Institute for the Deaf (NTID).—The agreement includes \$9,500,000 to continue NTID's current Regional STEM Center.

Gallaudet University.—The agreement includes \$8,500,000, an increase of \$2,000,000, to continue and expand the current regional partnership through the Early Learning Acquisition Project.

CAREER, TECHNICAL, AND ADULT EDUCATION

Innovation and Modernization Grants.—The agreement includes \$25,000,000 within CTE National Programs for Innovation and Modernization grants.

Adult Education National Leadership Activities.—The agreement encourages the Department to support technical assistance that will help build the evidence-base of adult education programs, including supporting States in prioritizing rigorously evaluated programs.

STUDENT FINANCIAL ASSISTANCE

Pell Grants.—The agreement increases the maximum Pell grant award by \$500, to a total, including discretionary and mandatory funding, of \$7,395 for the 2023-2024 award year.

Federal Work Study.—Within the total for Federal Work Study, the agreement includes \$11,053,000 for the Work Colleges program authorized under section 448 of the Higher Education Act (HEA).

Pell Grant Restoration and Prison Education Program.—The agreement expects that the Department will continue the Second Chance Pell Experiment as the Department implements Pell Grants for Prison Education Programs (PEP). Expertise and best practices from Second Chance Pell should be used to develop guidance and technical assistance for the new PEP. The agreement further directs the Department to work with Second Chance Pell sites as they transition to the requirements under the new PEP to ensure that incarcerated students do not experience a gap in their educational programming. The Department should also convey to institutions of higher education that they should work to ensure that every student who participates in the new PEP is able to reenter their communities successfully post-release.

STUDENT AID ADMINISTRATION

The agreement directs the Department to provide a detailed spend plan of the planned uses of funds under this heading by major activity, and quarterly updates on its implementation. This should include, but not be limited to, detailed breakdowns by baseline operations and development efforts; and servicing, student aid core systems, IT activities, and other Federal Student Aid activities. Further, this should include a crosswalk to activities funded under administrative costs and servicing activities, and any reallocation of funds between those two activities should be treated as a reprogramming of funds, and the Committees should be notified in advance of any such changes.

The agreement provides authority to extend current student loan servicing contracts in order to ensure an orderly transition to the Unified Servicing and Data Solution (USDS). The Department should notify the Committees at least 15 days prior to exercising that authority to extend current contracts. The agreement further directs the Department to provide quarterly briefings on progress related to implementation of USDS.

HIGHER EDUCATION

Aid for Institutional Development

Promoting Postbaccalaureate Opportunities for Hispanic Americans.—The Department is encouraged to prioritize awards for projects that support consortia of Hispanic-Serving Institutions that award PhDs to develop and test new models of cross-institutional intellectual, research, and resource-sharing communities, create mentorship programs for PhD students, support graduate research experiences, and other uses associated with the pursuit of PhDs by Hispanic students.

International Education and Foreign Language Studies

Domestic Programs.—The agreement directs the Department to allocate the increase of \$3,500,000 for Domestic Programs to the National Resource Centers program.

Minority Science and Engineering Improvement

Workforce Development.—The Department is encouraged to prioritize awards for projects that assist in workforce development programs in industrial engineering, emergency management, and emergency response. Further, programs that provide support for minority student internships with local industries, hospitals, and businesses should be encouraged to be prioritized.

Federal TRIO Programs

The agreement includes an increase of \$54,000,000 for TRIO which shall be used to provide increases to current TRIO grantees demonstrating substantial progress in meeting performance objectives and, to the extent practicable, to fund down the slates of unfunded, high-quality applications from prior-year competitions.

GEAR UP

The agreement includes an increase of \$10,000,000 for GEAR UP. The Department is directed to use the increase for a new fiscal year 2023 grant competition.

Child Care Access Means Parents in Schools (CCAMPIS)

The Department is directed to establish a flat maximum grant award reflective of the costs to provide high-quality child care to student parents, and to prioritize funding to IHEs based on the number of Pell grant recipients.

Fund for the Improvement of Postsecondary Education (FIPSE)

The agreement includes \$184,000,000 for FIPSE which shall be used by the Department as described in this statement.

Budget Activity	FY 2023 Agreement
Basic Needs Grants	10,000,000
Centers of Excellence for Veterans Student Success Program HBCU, TCU, and MSI Research and Development Infrastructure Grants	9,000,000
Modeling and Simulation Programs	50,000,000
Open Textbook Pilot	8,000,000
Postsecondary Student Success Grants	12,000,000
Rural Postsecondary and Economic Development Grant Program	45,000,000
Transitioning Gang-Involved Youth to Higher Education	45,000,000
	5,000,000

Basic Needs Grants.—The agreement includes \$10,000,000 for this activity described under this heading in House Report 117-403.

Centers of Excellence for Veterans Student Success Program.—The agreement includes \$9,000,000 for this activity described under this heading in House Report 117-403.

HBCU, TCU, and MSI Research and Development Infrastructure Grants.—The agreement includes \$50,000,000 for planning and implementation grants designed to promote transformational investments in research infrastructure at four-year HBCUs, TCUs, or other MSIs, either alone or as the lead entity in consortia.

Modeling and Simulation Programs.—The agreement includes \$8,000,000 for this activity described under this heading in House Report 117-403.

Open Textbook Pilot.—The agreement includes \$12,000,000 to continue the Open Textbook Pilot as described in House Report 117-403.

Postsecondary Student Success Grants.—The agreement includes \$45,000,000 for Postsecondary Student Success Grants (PSSG) as described in House Report 117-403, including requirements that the Department executes this program as a tiered-evidence competition in the same structure as EIR; that all grantees carry out rigorous independent evaluations of their projects; that the Office of Postsecondary Education consult the Office of Elementary and Secondary Education and the Institute of Education Sciences; and, to the extent practicable, that at least half of all fiscal year 2023 PSSG resources support grants at the mid-phase or expansion levels. The agreement directs the Department to use all fiscal year 2023 PSSG resources to run a new competition as described in House Report 117-403 rather than funding additional awards from the fiscal year 2022 competition.

The agreement directs the Department to brief the Committees no later than 90 days after enactment of this Act on plans to carry out the PSSG competition, as well as a plan for evaluation and accountability, and to notify and brief the Committees at least seven days before grantees are announced.

Rural Postsecondary and Economic Development Grant Program.—The agreement includes \$45,000,000 for the Rural Postsecondary Economic Development Grant program.

Transitioning Gang-Involved Youth to Higher Education.—The agreement includes \$5,000,000 for this activity described under this heading in House Report 117-403.

National Center for Artificial Intelligence Learning.—The agreement is supportive of programs that enhance course training opportunities in artificial intelligence by supporting institutions of higher education in developing and providing 21st century degree programs and opportunities that increase student's employability across all disciplines through knowledge and skill enhancements of artificial intelligence.

Community Project Funding/Congressionally Directed Spending

The agreement includes \$429,587,000 for the projects, and in the amounts, specified in the table "Community Project Funding/Congressionally Directed Spending" included in this explanatory statement accompanying this division.

HOWARD UNIVERSITY

The agreement includes \$354,018,000 for Howard University. Within the total, the agreement includes an additional \$100,000,000 to support construction of a new hospital.

INSTITUTE OF EDUCATION SCIENCES (IES)

Research, Development, and Dissemination.—To further support research needed to accelerate learning recovery from COVID-19 disruptions in instruction and eliminate longstanding achievement gaps, IES is directed to use a portion of its fiscal year 2023 appropriation to support a new funding opportunity for quick-turnaround, high-reward scalable solutions intended to significantly improve outcomes for students, which may include suggested research activities described in House Report 117-403. IES is further directed to describe actions and plans to support high-reward research on transformative solutions needed to significantly improve outcomes for all students in its current Operating Plan and in future Congressional Justifications, Operating Plans, and Biennial Reports.

The IES is directed to brief the Committees on plans for making new high-reward research awards not less than two weeks before the publication of a funding opportunity notice. In addition, the IES shall provide a briefing and notice of awards to the Committees at least seven days before grantees are announced.

The agreement also recognizes the ongoing collaborative efforts between the Department of Education and the National Science Foundation (NSF), including two NSF National Artificial Intelligence Research Institutes focused on education. The agreement encourages the Department and IES to pursue additional collaboration with the NSF, which may include support for Centers for Transformative Education Research and Translation.

Statistics.—The agreement includes \$121,500,000 in program funding for the National Center for Education Statistics (NCES). The agreement directs all planned uses of funds to be described in the required operating plan. Should NCES decide to use resources for the School Pulse Panel, the agreement directs NCES to describe in such plan the policies and procedures in place for the School Pulse Panel to ensure that such information is collected and reported in a manner that is objective, secular, neutral, and nonideological; free of partisan political influence and racial, cultural, gender, or regional bias; and relevant and useful to practitioners, researchers, policymakers, and the public. Further, such operating plan should describe all topics planned for monthly collections in 2023.

Assessment.—The agreement includes \$185,000,000, including \$10,000,000 for research and development, for the Assessment program. Amounts and activities related to research and development investments are directed to be described separately in the required operating plan and future Congressional Justifications.

The operating plan required by House Report 117-403 shall include a description of actions implemented and planned to address each of the recommendations of the September 2022 National Assessment of Educational Progress (NAEP) Internal Controls Assessment Report and National Academies of Sciences, Engineering, and Medicine consensus study report entitled "A Pragmatic Future for NAEP: Containing Costs and Updating Technologies."

Program Administration.—IES and NCES are directed to also describe in the operating plan directed in House Report 117-403 implementation plans and associated timelines for recommendations of the National Academies

of Sciences, Engineering, and Medicine in the “Future of Education Research at IES” and “A Vision and Roadmap for Education Statistics.”

DEPARTMENTAL MANAGEMENT

Game-based Learning (GBL).—The agreement recognizes GBL in augmented reality and virtual reality as an instrument to foster engaged and immersive learning in elementary education and encourages the Department to consider incorporating evidence-based GBL as a priority in planned competitions in fiscal year 2023, as applicable.

Menstrual Hygiene Products.—The agreement continues to encourage the Department of Education, in consultation with the Department of Health and Human Services, to provide technical assistance and share best practices with institutions of higher education seeking to expand access to menstrual products for postsecondary students.

Nonrecurring Expenses Fund.—As part of the annual Congressional Justification, the Department is directed to include the anticipated balances available in and uses of the Nonrecurring Expenses Fund for the current and budget fiscal years. Additionally, the Department is directed to provide the Committees quarterly reports for all ongoing projects. The report shall include the following for each project: a description and timeline for each project; the date the project was notified to the Committees; total obligations to date; obligations for the prior fiscal year; anticipated obligations for current fiscal year; and any expected future obligations; and the total unobligated balance in the Fund.

Program Administration.—The agreement notes disappointment that despite a significant increase in funding in fiscal year 2022 for Program Administration after more than five years of level-funding, the Department transferred \$7,000,000 from the Pell Grant program for additional administrative expenses without any consultation with the Committees. Accordingly, for fiscal year 2023, the agreement expects the Department to meet the administrative needs of the agency through the Program Administration appropriation provided in the Act, which includes an increase of \$32,000,000, and not by transferring funds from another account. Further, the agreement expects additional resources provided under this account to support expanded allotments for core agency career staff responsible for the execution of agency programs, including staffing within grants offices and within Budget Service. In addition, the agreement expects the agency to use such resources to effectively administer Community Project Funding/Congressionally Directed Spending grants in a timely manner.

In meeting the agreement's expectation that adequate career staff are allotted to effectively implement core agency programs, in fiscal year 2023, the Department should begin to rebalance the agency's ratio of career staff to non-career staff. The agreement notes that the Department used additional resources provided in fiscal year 2022 to, among other investments, increase its non-career staff on-board by 40 percent from September 2021 through December 2022. The agreement is concerned by the Department's prioritization of staffing resources in fiscal year 2022; therefore, in fiscal year 2023, the agreement expects the Department not to expand non-career staff on-board above December 2022 levels.

Further, the agreement directs the Department to brief the Committees on how its required staffing report operating plan will fill critical positions; invest in information technology necessary for providing effective

monitoring and oversight of grants and programs; invest in information technology security; and address other challenges identified by the Inspector General in the 2022 Management Challenges report. Further, the Department should be prepared to discuss its efforts to begin rebalancing the agency's ratio of career staff to non-career staff.

Spending Transparency.—The Department is directed to strengthen its support for the timely and effective expenditure of Elementary and Secondary School Emergency Relief (ESSER) funds, including amounts dedicated to addressing student learning through the implementation of evidence based interventions to meet students' academic and mental health needs. The Department must also enhance transparency on key categories of actual and planned expenditure of ESSER funds at the national, state and local levels.

Staffing Report.—Not later than 30 days after enactment, the Department shall provide the Committees an operating plan identifying the total FTE and non-personnel allocations supported by the program administration appropriation in total for the Department, and FTE and non-personnel allocations for each program office supported by the program administration appropriation provided in this Act. In addition, the Department shall provide on a monthly basis the number of on-board staff, attrition, approved hires not yet on-boarded and projected full-year FTE usage, including approved hires, and actual non-personnel expenses, for each program office supported by, and in total for, the program administration appropriation provided in this Act. In addition, the Department shall separately identify in such plans and reports total FTE allocations supported by other funding sources.

State and Local Report Cards.—The Department is directed to, not later than 6 months after enactment of this Act, submit to the Committees and to the Committees of Health, Education, Labor, and Pensions of the Senate and of Education and Labor of the House of Representatives a report outlining actions taken to bring States into compliance with all ESEA annual reporting requirements, particularly for those States that have yet to come into full compliance with such requirements; common implementation obstacles facing States in complying with such requirements; and efforts to improve the accessibility, quality, and utility of this information.

Supporting Principals and School Leaders.—Principals and school leaders are critical to both student outcomes and teacher retention. The Department is directed to issue guidance to SEAs and LEAs on the use of Federal funds across various programs, including Title I-A and Title II-A of the ESEA, for implementing evidence based-strategies to recruit, prepare, support, and retain strong principals and school leaders.

Teacher and School Leader Diversity Guidance.—Increasing educator diversity is critical to building a strong educator workforce that supports students and educators from all backgrounds. The Department is directed to release guidance on how formula funds across various programs, including Title I-A, Title II-A, Title III, Title V-B, and Title VI of the ESEA, Title III of the HEA, and Part B of the IDEA may be used by SEAs, LEAs and IHEs to increase teacher and school leader diversity, including through pre-service support, enhancing preparation, providing on-the-job support, and strengthening retention and promotion policies.

GENERAL PROVISIONS

The agreement continues authority for pooled evaluation authority.

The agreement continues a provision regarding endowment income.

The agreement continues authority for the National Advisory Committee on Institutional Quality and Integrity.

The agreement continues authority for account maintenance fees.

The agreement modifies a provision rescinding fiscal year 2023 mandatory funding to offset the mandatory costs of increasing the discretionary Pell award.

The agreement continues a provision regarding authority to evaluate HEA authorized programs.

The agreement continues a provision providing an additional amount for the projects, and in the amounts, as specified in the table titled Community Project Funding/Congressionally Directed Spending in the explanatory statement accompanying this division.

The agreement includes a new provision regarding centralized support costs for the Institute of Education Sciences.

The agreement includes a new provision repealing a prohibition against the use of federal education funds by SEAs and LEAs for certain transportation activities.

The agreement modifies a provision rescinding unobligated discretionary balances previously appropriated for the Pell grant program.

TITLE IV

RELATED AGENCIES

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Requested Reports.—The agreement continues to request the reports listed under this heading in the explanatory statement accompanying Public Law 117-103.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE (CNCS)

OPERATING EXPENSES

Innovation, Demonstration, and Assistance Activities.—The agreement includes \$14,706,000 for innovation, assistance, and other activities. The agreement includes \$8,558,000 for the Volunteer Generation Fund and \$6,148,000 for National Days of Service including the September 11th National Day of Service and Remembrance and the Martin Luther King, Jr. National Day of Service. CNCS should prioritize making grants, entering into cooperative agreements, or providing other forms of support to eligible organizations with expertise in: representing families of victims of the September 11, 2001, terrorist attacks and other impacted constituencies; promoting the establishment of September 11 as an annually recognized National Day of Service and Remembrance; and organizing volunteers to engage in service to meet community needs and advance the life and teachings of Dr. Martin Luther King, Jr.

National and Community Service.—The agreement urges CNCS to continue to be a convener of the important work surrounding service learning and to support civic bridgebuilding activities.

Commission Investment Fund (CIF).—The agreement includes no less than the fiscal year 2022 level for the CIF.

Evaluation of Effective Interventions.—The agreement encourages CNCS to continue its use of randomized control trials to build causal evidence for effective interventions.

SALARIES AND EXPENSES

Financial Management and Accounting.—The agreement is concerned about deficiencies in audits from fiscal years 2017 to 2022 and includes funding for AmeriCorps to support the contracting of a dedicated project team, comprised of personnel with expertise in financial management and accounting. The agreement directs AmeriCorps to submit a report no later than 90 days after the date of enactment of this Act, and quarterly thereafter, detailing the agency's

progress in addressing audit findings. The agreement further directs AmeriCorps to provide quarterly briefings in fiscal year 2023 to the Committees on Appropriations, the House Committee on Education and Labor, and the Senate Committee on Health, Education, Labor, and Pensions.

INSTITUTE OF MUSEUM AND LIBRARY SERVICES

The agreement includes funds for the following activities:

Budget Activity	FY 2023 Agreement
Library Services Technology Act:	
Grants to States	\$180,000,000
Native American Library Services	5,763,000
National Leadership: Libraries	15,287,000
Laura Bush 21st Century Librarian	10,000,000
Museum Services Act:	
Museums for America	30,330,000
Native American/Hawaiian Museum Services	3,772,000
National Leadership: Museums	9,348,000
African American History and Culture Act:	
Museum Grants for African American History & Culture	6,000,000
National Museum of the American Latino Act:	
Museum Grants for American Latino History & Culture ..	6,000,000
Research, Analysis, and Data Collection	5,650,000
Program Administration	22,650,000
TOTAL	\$294,800,000

Information Literacy Taskforce.—The agreement includes \$4,000,000 for the continuation and expansion of the Information Literacy Taskforce (Taskforce) in accordance with the priorities and guidelines described in the explanatory statement accompanying Public Law 117–103. Of these funds, \$2,000,000 shall be reserved for the development and implementation of two pilot grant programs. The first pilot program will have an associated evaluative component to test the implementation of the toolkits and community interventions disseminated by the Taskforce to aid in developing locally responsive tools and resources to bridge information gaps. The Taskforce will support research and regularly convene grantees to identify and apply promising strategies and practices. The second pilot program will encourage, support, and promote information literacy, including reliable methods and processes for informed civic engagement among seniors and other segments of the population. The agreement directs IMLS to submit a report or provide a briefing to the Committees on the Taskforce's findings within one year of the date of enactment of this Act.

America250.—The agreement recognizes IMLS's commitment to the 250th Anniversary of the founding of the United States in coordination with the Semiquincentennial Commission Act of 2016 and includes \$1,000,000 in preparation for the 250th Anniversary.

RAILROAD RETIREMENT BOARD
LIMITATION ON ADMINISTRATION

The agreement directs the Railroad Retirement Board (RRB) to provide annual updates on the project status of RRB's fully funded information technology modernization system, including timelines to completion, total anticipated cost of development, funding obligations, and contracts. Such annual update is requested no later than 180 days after enactment of this Act and should provide information for each fiscal quarter. Updates that include changes to project timelines to completion should explicitly state the nature of those changes.

SOCIAL SECURITY ADMINISTRATION (SSA)
LIMITATION ON ADMINISTRATIVE EXPENSES

The agreement includes an increase of \$785,033,000 for SSA's administrative expenses to support increases in fixed costs across SSA, including for State Disability Determination Services (DDSs), and to increase staffing and invest in targeted IT sys-

tems with the goal of improving and enhancing service delivery to the public.

Disability Backlogs.—The agreement recognizes the pandemic created significant challenges for SSA, which has contributed to a significant increase in processing times for initial disability claims. The agreement includes funding for SSA to increase staffing, including in State DDSs, to help begin to address the growing backlog of initial disability claims. In addition, the agreement directs the Commissioner to continue to prioritize efforts to reduce wait time disparities across the country by directing resources and workload assistance, as necessary, to areas with greatest need. Finally, the agreement directs SSA to continue to provide monthly reports to the Committees on key agency performance metrics, including but not limited to initial disability claims, reconsiderations, and hearings, and to provide quarterly briefings to the Committees on its progress towards reducing the initial disability claims and hearings backlogs, as well as addressing other service delivery challenges.

Expanding Outreach to People with Disabilities.—The agreement strongly encourages SSA to expand outreach to potential beneficiaries, prioritizing underserved communities and individuals most likely to need support, and directs SSA to include information in its fiscal year 2024 Congressional Justification on such efforts.

Continuing Disability Reviews (CDR).—The agreement directs SSA to include in its annual CDR Report to Congress an evaluation of its CDR prioritization models.

Field Office and Resident Station Closures.—The agreement recognizes the essential role that field offices and resident stations play in the public's ability to access SSA benefits and services and strongly encourages the Commissioner to take every action possible to maintain operations at existing field offices and resident stations. The agreement urges SSA to ensure its policies and procedures for closing field offices and resident stations include at least 120 days advance notice to the public, SSA employees, Congress, and other stakeholders. Such notice should include a rationale for the proposed closure and an evaluation of the effects on the public and SSA operations. In addition, the agreement is concerned that the recent closure of a resident station due to staffing difficulties has created an undue burden for those who need access to in-person social security services. The agreement directs SSA to continue to engage with community leaders about how to provide suitable alternatives for in-person services and to report to the Committees within 90 days of enactment of this Act on the alternatives established.

Improving Ticket to Work Administration and Reducing Overpayments.—The agreement supports agency efforts to improve administrative processes that reduce overpayments, including in the Ticket to Work program, which can create significant challenges as beneficiaries attempt to return to work. SSA is directed to include information in its fiscal year 2024 Congressional Justification on such efforts.

Occupational Information System (OIS) and Medical-Vocational Guidelines.—The agreement directs SSA to include information in its fiscal year 2024 Congressional Justification detailing efforts to fully implement OIS in coming years, including the status of implementation, the extent to which OIS is fully-operational, a timeline for moving from the Dictionary of Occupational Titles entirely to OIS, an action plan to accomplish said timeline, and other efforts to modernize medical-vocational guidelines.

Program Integrity.—The agreement includes a new proviso, which was requested in the fiscal year 2023 President's Budget proposal, to expressly prohibit funding made available under a cap adjustment to support program integrity activities from being reprogrammed or transferred for non-program integrity activities.

The agreement, however, clarifies that such proviso is not necessary because the Congress need not expressly prohibit actions that it has not authorized. Under the statutory terms of the appropriation, amounts provided for program integrity activities may not be reprogrammed to base activities (or to any other non-program integrity activity). That is because this appropriation account statutorily establishes a required appropriation amount for program integrity activities—in this bill, at \$1,784,000,000—which is provided by the sum of the amounts specified in the first proviso of the account's second paragraph.

Finally, the agreement notes the Congress has not been apprised of any applicable transfer authority available to SSA that the President's Budget proposal seeks to prevent.

Social Security Statements.—The agreement directs SSA to submit a report within 120 days of enactment of this Act with options for increasing the number of individuals receiving Social Security Statements annually by mail to ensure that individuals are informed of their Social Security contributions and benefits, and have an opportunity to review their earnings records and correct any errors in a timely manner.

Work Incentives Planning and Assistance (WIPA) and Protection and Advocacy for Beneficiaries of Social Security (PABSS).—The agreement includes \$23,000,000 for WIPA grants and \$10,000,000 for PABSS.

SOCIAL SECURITY ADMINISTRATION (SSA)
OFFICE OF INSPECTOR GENERAL (OIG)

Combating Social Security Impersonation Scams.—The agreement commends SSA OIG efforts to combat Social Security impersonation scams and urges SSA to continue prioritizing this effort and pursuing the criminals perpetuating the fraud.

TITLE V
GENERAL PROVISIONS

The agreement modifies a provision related to Performance Partnerships.

The agreement modifies a provision to rescind unobligated balances.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION I—LEGISLATIVE BRANCH APPROPRIATIONS ACT, 2023

The following is an explanation of the effects of Division I, which makes appropriations for the legislative branch for fiscal year 2023. The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117-389 carries the same weight as language included in this joint explanatory statement and shall be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, this explanatory statement does not intend to negate the language referred to above unless expressly provided herein.

All legislative branch agencies are directed to follow prior year directives adopted in Public Law 117-103, on “Reprogramming Guidelines”, “Full-Time Equivalents”, “Science and Technology Assistance for Congress”, and “Zero-Based Budgeting”.

Congressional Requirements for Legislative Branch Cyber and Physical Data Security.—In lieu of the House language on “Congressional Requirements for Legislative Branch Cyber and Physical Data Security”, the Committees reiterate that legislative branch agencies should consider proactive steps to protect critical Information Technology (IT) infrastructure, including the prevention of cyberattacks, secure data storage, and ensuring continuity of government operations. The Committees recommend that, as part of their production, redundant and backup network architecture solutions, legislative branch agencies should utilize computing and cloud facilities designed for concurrent maintainability (equivalent to ANSI/TIA-942-A or Uptime Institute Tier III standards and industry best practices) and consider geographic diversity.

Cybersecurity for the Legislative Branch.—The agreement includes funding requested by legislative branch agencies in fiscal year 2023 to strengthen cyber defenses.

Motorized Micromobility Devices on Capitol Grounds.—Dockless commercial scooters, or e-scooters, and other motorized devices for rent have grown as a commuting option for congressional staffers, tourists, and other visitors to the District of Columbia and Capitol Grounds. However, pursuant to the Traffic Regulations for the United States Capitol Grounds, commercial dockless scooters remain prohibited on Capitol Grounds. The agreement notes that the 2021 Terms and Conditions established by the District of Columbia Department of Transportation (DDOT) have been modified for commercial dockless scooter vendors and these Terms and Conditions now require commercial dockless scooter vendors to install geofencing on their vehicles to ensure that commercial dockless scooters do not enter onto Capitol Grounds consistent with Traffic Regulations for the United States Capitol Grounds prohibitions. The United States Capitol Police (USCP), Sergeants at Arms (SAA), and Architect of the Capitol (AOC) are expected to continue expanding outreach efforts to dockless scooter and bicycle companies and DDOT, and to work to better educate users, including congressional staff, District residents, and visitors on the appropriate operation of commercial dockless scooters and bicycles on Capitol Grounds. This may include exploring the feasibility of installing shared scooter docking points, including hubs for parking and charging, at designated locations adjacent to campus as determined by USCP, SAAs, and the AOC to ensure rider convenience while not creating a public safety risk on Capitol Grounds.

Offices of Inspectors General (OIG) Budgets.—Ensuring independence between legisla-

tive branch OIGs and their respective reporting agencies is important. Agencies are expected to include a separate section reflecting a detailed budget request for their OIGs within their fiscal year 2024 budget justifications. Each OIG is directed to keep the Committees fully apprised of its funding needs. In addition, each agency is directed to avoid interference with or require approval for such communications between the OIG and the Committees.

Good Accounting Obligation in Government Act.—The Good Accounting Obligation in Government Act, or GAO-IG Act (Public Law 115-414) requires that each Federal agency, including the agencies of the legislative branch, include an accounting of any public recommendations by the GAO or the agency’s OIG that have not yet been implemented, and the timeframe for implementation. It is expected that each agency in this bill include such a report in its fiscal year 2024 congressional budget justification.

Internal Controls to Prevent Fraud, Waste or Abuse within the Legislative Branch.—All legislative branch agencies are directed to develop internal controls procedures designed to identify potential risk areas within the agency and to communicate the expected internal controls procedures to be implemented throughout the agency to prevent instances of fraud, waste, or abuse. These policies must be implemented consistent with the authorities of the inspector generals and established Federal laws, rules, and regulations.

Implementation of Recommendations Issued by Oversight Entities.—Each legislative branch agency is directed to address recommendations from oversight entities, such as the GAO and OIGs, in a timely manner and to request resources, as appropriate, to fully implement these recommendations. In addition, each legislative branch agency is directed to provide a summary of all open oversight recommendations within the agency’s annual budget justifications, to include reasons for the recommendation remaining open and cost proposals for fully implementing each unresolved oversight recommendation.

Single-Use Plastics and Other Sustainability Efforts.—Reducing the use of single-use plastic products, as well as other recyclable waste, on the Capitol Grounds is critical. The AOC, SAAs, the Secretary of the Senate, Chief Administrative Officer of the House (CAO) and USCP are directed to identify the types of single-use plastic products currently used within their operations and for what purposes; develop recommendations on alternative products, including reuse and refill options; and report within 60 days of enactment of this Act to the Committees on Appropriations, the Senate Committee on Rules and Administration and the Committee on House Administration on these findings and the associated costs of implementing said recommendations.

Further, the AOC and USCP are taking commendable actions to implement outdoor recycling programs on Capitol Grounds while maintaining the security of the Capitol complex. The AOC is encouraged to work with the USCP to find additional locations where garbage and recycling cans can be co-located and clearly marked on the Capitol Grounds without impacting security operations. In addition, AOC is encouraged to continue to explore options from within existing resources for composting and food waste reduction with interested legislative branch entities.

Use of Government Vehicles.—Legislative branch agencies are reminded that Federal government vehicles are to be utilized for official government business only and are not to be used for general personal use. All legis-

lative branch agencies are directed to implement policies regarding the acquisition and use of Federal government vehicles, including price limitations, equipment installation, and lifecycle replacement procedures.

Further, all legislative branch agencies are required to implement internal controls over home-to-work vehicle programs where vehicles are issued to employees for the purposes of responding to their assignment to fulfil an official duty in a timely manner. These controls shall include an annual recertification of home-to-work justifications for any vehicle assigned to agency personnel for this purpose. This process should also include the justification for the issuance of the home-to-work vehicle, the estimated roundtrip mileage for the vehicle to and from the employee’s residence on a daily basis, and the estimated cost to the agency resulting from the assignment of the vehicle.

TITLE I Senate

The agreement includes \$1,150,349,000 for Senate operations. This relates solely to the Senate and is in accordance with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention. Any change from the allocation of funds in the subaccounts within this appropriation is subject to the approval of the Senate Committee.

OFFICES OF THE MAJORITY AND MINORITY LEADERS

The agreement provides \$6,196,000 for the offices of the majority and minority leaders to be equally divided.

OFFICES OF THE MAJORITY AND MINORITY WHIPS

The agreement provides \$3,876,000 for the offices of the majority and minority whips to be equally divided.

CONFERENCE COMMITTEES

The chairman of each conference committee may transfer to or from amounts provided for salaries of each conference to the account for conference committee expenses within the “Miscellaneous Items” appropriation.

OFFICES OF THE SECRETARIES OF THE CONFERENCE OF THE MAJORITY AND THE CONFERENCE OF THE MINORITY

The agreement provides \$940,000 for the majority and minority conference secretaries to be divided equally.

POLICY COMMITTEES

The chairman of each policy committee may transfer to or from amounts provided for salaries of each policy committee to the account for policy committee expenses within the “Miscellaneous Items” appropriation.

OFFICE OF THE CHAPLAIN

The Office of the Chaplain may transfer to or from amounts provided for salaries to the account for expenses within the “Miscellaneous Items” appropriation.

OFFICE OF THE SECRETARY

The agreement provides Salaries funds to the Secretary of the Senate without apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Senate Committee expects to be notified in writing in a timely manner of any changes to the staffing levels, distribution of staff, or related funding.

OFFICE OF THE SERGEANT AT ARMS AND DOORKEEPER

The agreement provides funding to enhance the IT help desk experience in the Senate; continue implementation of a Unified Communications system; and fully support the continued initiative to expand the

Senate's cybersecurity capabilities. The SAA is directed to update the Senate Committee regularly as the Cybersecurity Department develops its Senate cyber defense strategic plan.

The agreement provides these funds to the Sergeant at Arms without apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Senate Committee expects to be notified in writing in a timely manner of any changes to the staffing levels, distribution of staff, or related funding.

Security and Emergency Preparedness.—The SAA is expected to continue increasing its outreach efforts to offices to improve security coordination and emergency preparedness.

Employee Assistance Program.—The agreement fully funds the requested increase for SAA to expand resources, including adding counselors and developing website services, to meet increased demand and support the mental and emotional health needs and wellbeing of the Senate community.

Office Cybersecurity.—The SAA is expected to utilize funds provided for fiscal year 2023 to conduct third-party cybersecurity auditing services and resiliency assessments for all Senate offices and committees to protect the privacy and integrity of office networks; provide enhanced cybersecurity training for each Senate office; institute protections against insider threats; and institute and operationalize enhanced privacy protections within the Senate network.

OFFICES OF THE SECRETARIES FOR THE MAJORITY AND MINORITY

The agreement provides \$2,126,000 for the offices of the secretaries for the majority and minority to be equally divided.

OFFICE OF THE LEGISLATIVE COUNSEL OF THE SENATE

The agreement provides \$3,150,000 for the Office of Legislative Counsel of the Senate, which will allow the office to hire three attorneys in fiscal year 2023.

SECRETARY OF THE SENATE

The Secretary of the Senate shall provide semi-annual updates to the Senate Committee on FMIS progress, challenges and stakeholder feedback starting within 90 days of enactment of this Act.

The Senate Committee provides these funds to the Secretary of the Senate without

apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Senate Committee expects notification in writing in a timely manner of any cumulative changes in excess of 10 percent to the funding levels between programs, projects, or activities.

CONTINGENT EXPENSES OF THE SENATE SERGEANT AT ARMS AND DOORKEEPER OF THE SENATE

The Senate Committee provides these funds to the Sergeant at Arms without apportionment in the interest of facilitating financial management duties and restructuring that occurs from time to time. The Senate Committee expects to be notified in writing in a timely manner of any cumulative changes in excess of 10 percent to the funding levels between programs, projects, or activities.

Hearing Room Audiovisual Equipment.—The agreement provides \$5,000,000 in no-year funding to partially or fully renovate two to four hearing rooms per year, as per the request. The SAA is expected to continue working with the Architect of the Capitol and the Committees on Appropriations and Rules and Administration to develop a replacement plan to avoid equipment failure.

Unified Communications and Collaboration (UCC) System.—The SAA is directed to continue providing semi-annual updates to the Senate Committee on the development and implementation of the UCC system.

Training to "Stop the Bleed".—The Senate Committee commends the SAA Office of Security, Emergency Preparedness and Continuity's continued utilization of "Stop the Bleed" training on the Capitol campus and SAA is encouraged to continue to do so.

Congressional Staff Directory.—The SAA is directed, in consultation with relevant support offices and agencies, including the Office of the Clerk and Chief Administrative Officer of the House of Representatives, to explore the creation of a centrally-managed staff directory for Congress and congressional support agencies. Within 120 days of enactment of this Act, SAA shall brief the Senate Committee on the feasibility of creating a centralized congressional staff directory.

Cyber Tools.—The SAA is directed to evaluate and provide a briefing within 180 days of

enactment of this Act to the Senate Committee on the feasibility of Member office and committee use of cloud-based word processing and document real-time collaboration tools in a SAA-hosted and Chief Information Officer-operated data center.

Cyber Care Education for Senators and Staff.—The SAA shall, in coordination with this Committee, the Senate Committee on Rules and Administration, and Senate majority and minority leadership, continue to explore ways—including the options presented in the bipartisan Senators' Personal Cybersecurity Working Group's report—in which it may better provide voluntary cybersecurity support to any Senator seeking assistance with their personal devices or accounts under existing ethics, rules, appropriations, statutory, and civil law. The SAA is directed to provide increased training opportunities so that members and staff traveling abroad are aware of cyber threats and appropriate best practices to mitigate such threats to their devices, and to brief this Committee on whether members and staff are utilizing these awareness tools.

Sergeant at Arms Fellowships Fund.—The agreement provides \$6,277,000 to establish the McCain-Mansfield Fellowship Program, established under Senate Resolution 443 (117th Congress), and the SFC Sean Cooley and SPC Christopher Horton Congressional Gold Star Family Fellowship Program, established under Senate Resolution 442 (117th Congress). Rather than provide this funding as requested in the fiscal year budget request, as amended, as part of the expenses of the Office of the Sergeant at Arms and Doorkeeper, the Committee provides a separate funding account and parameters for expenditures under section 102 of this Act. The SAA shall submit a spending plan to the Committee within 60 days of enactment of this Act detailing how the agency intends to allocate fiscal year 2023 funds.

Miscellaneous Items.—The agreement provides \$27,814,000 for miscellaneous items to remain available until September 30, 2025. Any deviation of more than 10 percent cumulatively from the stated levels for each item will require the customary prior approval of the Senate Committee.

The following table sets forth the apportionment of funds under this appropriation:

FISCAL YEAR 2023 - MISCELLANEOUS APPORTIONMENT SCHEDULE

Senate Employees' Child Care Center.—The Committee acknowledges that Congress may only provide funding for employee benefits and travel expenses for employee training activities for the Senate Employees' Child Care Center (SECCC), and the reimbursement of salaries for the executive director and assistant director of the center, which are provided for and fully funded in this Act. The Committee further acknowledges that funds for all other employees' salaries and operational expenses are paid by the Center's operating budget and cannot be supplemented with appropriated funds. Furthermore, the Committee understands these payments will free up the Center's operating budget to provide salary increases for all day care faculty, allowing the Center to pay its staff competitive salaries comparable with the House of Representatives Child Care Center.

Consultants Including Agency Contributions.—The agreement provides authority for the appointment and payment of consultants not to exceed the daily rate for maximum standing committee rate. All of the consultants may be appointed at an annual rate of compensation not to exceed the maximum annual rate for a standing committee. The following summarizes the current authority and limitations:

- *Majority Leader.*—Twelve consultants.
- *Minority Leader.*—Twelve consultants.
- *Legislative Counsel (Subject to President Pro Tempore Approval).*—Two consultants.
- *President Pro Tempore.*—Three consultants.
- *President Pro Tempore Emeritus.*—One consultant.

Senate Employees' Child Care Center Agency Contributions.—The agreement provides for the payment of agency contribution costs as authorized by Public Law 102-90, approved August 14, 1991, and Public Law 103-50, approved July 2, 1993, for employees of the Senate Employees' Child Care Center.

Senate Employees' Child Care Center Reimbursement of Salaries.—The agreement provides for the reimbursement costs to the Senate Employees' Child Care Center for the basic pay paid to the Executive Director and for the basic pay paid to the Assistant Director of the Center, as authorized by Senate Resolution 329, approved July 29, 2021.

Senate Employees' Child Care Center Training Classes and Conference Costs.—The agreement provides for the reimbursement of any individual employed by the Senate Employees' Child Care Center for the cost of training classes and conferences in connection with the provision of child care services and for travel, transportation, and subsistence expenses incurred in connection with the training classes and conferences, as authorized by Public Law 104-197, approved September 16, 1996.

Student Loan Repayment Program.—The agreement provides \$9,800,000 for the repayment of student loans, for eligible employees at the discretion of the employing office, to enhance recruitment and retention of Senate staff.

Enhanced Member Protection.—The Senate Sergeant at Arms is directed to develop a residential security system program designed to allow Senators, at their discretion, to participate. The program is focused on assisting in mitigating increased risks to the

physical security of Senators' residences both in the District of Columbia and in their home states. The agreement provides a total of \$2,500,000 to be available until expended for the development and administration of a residential security system program.

The residential security system program, via threat assessments, shall identify threats and risks vulnerabilities on the residences of Senators. The program will be administered under memorandums of understanding with each Senate office that elects to participate. The MOU shall govern the security system options recommended to mitigate identified risks, the terms of the installation, funding, monitoring and maintenance of the system. The costs for the respective residential security systems shall be at the participating Senator's expense through the use of personal or campaign funds. If a Senator certifies that personal or campaign funding is unavailable to address the threat assessment recommendations, the Sergeant at Arms may, on a case-by-case basis, utilize available residential security system no year funds to address remaining requirements.

Within 60 days of enactment of this Act, the Senate Sergeant at Arms shall provide to the Committee, details regarding the administration of the program including the process by which the Sergeant at Arms will make determinations when to utilize no year funding.

ADMINISTRATIVE PROVISIONS

The agreement includes provisions that require that amounts remaining in the Senators' Official Personnel and Office Expense Account be used for deficit reduction or to reduce the Federal debt, establish appropriations for the Senate Sergeant at Arms Fellowships Fund, also known as the McCain-Mansfield and SFC Sean Cooley and SPC Christopher Horton Congressional Gold Star Family Fellowships Programs, and amend funding authorities in Division I of the Consolidated Appropriations Act, 2021 for Senate Democratic Leadership offices.

HOUSE OF REPRESENTATIVES

The agreement includes \$1,847,571,000 for House operations. This item relates solely to the House and is in accordance with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention. The language included in House Report 117-389 should be complied with and carry the same emphasis as the language included in the explanatory statement, unless specifically addressed to the contrary in this explanatory statement.

Housing of U.S. House of Representatives Interns.—The agreement modifies the reporting date included in House Report 117-389 by instead directing the House Intern Resource Office to provide the list of intern housing resources and findings by not later than 180 days after the establishment of the House Intern Resource Office.

Lobbyist Disclosure Unique Identifier.—The agreement modifies the direction included in House Report 117-389 within the Office of the Clerk for the Lobbyist Disclosure Unique Identifier. The agreement instead provides \$1,400,000 to the House of Representatives Modernization Initiatives Account for the Lobbyist Disclosure Unique Identifier.

House Center for Well-Being.—The agreement modifies the direction included in House Report 117-389 to notify the Committee within 30 days in advance of contract awards. The agreement instead directs the House Center for Well-Being and the Office of Employee Assistance to provide monthly updates on the Center's plans and program offerings to staff.

House Information Websites.—The agreement modifies the direction included in House Report 117-389 for the House Information Resource Office and instead, directs the Congressional Data Task Force, in coordination with relevant stakeholders, to submit a report, no later than 180 days after enactment of this Act, on the feasibility and cost of (1) centralizing congressional information websites on one platform; (2) improving user accessibility for persons with disabilities and non-English speakers; (3) developing educational resources for the public on how to find congressional information; and (4) improving the current user interface.

Supervisory Training Development.—The agreement modifies the direction included in House Report 117-389. The Office of Diversity and Inclusion (ODI) is directed to coordinate with the Congressional Staff Academy to develop an ongoing curriculum for diversity, equity, inclusion, and accessibility training for managers and supervisors, which can be held quarterly. ODI and the Congressional Staff Academy are directed to brief the House Committee on Appropriations on a bi-monthly basis on their efforts towards creating such a curriculum, until such curriculum is developed.

Extension of Staff Benefits.—The Committee commends the Chief Administrative Officer (CAO) Task Force on a Diverse and Talented House Workforce for providing the House Staff Benefits and Retention Study as well as further detailed research on implementing

various employee benefit programs. The agreement provides the House authority to use appropriated funds for a childcare subsidy program. The CAO Task Force on a Diverse and Talented House Workforce, in coordination with the Committee on House Administration, shall work to develop a House Child Care Subsidy Program that provides childcare subsidies for House staffers who do not use the House of Representatives Child Care Center. The Task Force shall provide details for the program along with an implementation plan to the House Committee on Appropriations within 60 days of enactment of this Act.

ADMINISTRATIVE PROVISIONS

The agreement provides for unspent amounts remaining in the Members' Representational Allowances (MRA) account to be used for deficit or debt reduction; places a limitation on the amount available to lease vehicles; limits the sharing of House information by Federal entities; establishes a House Intern Resource Office; expands the authorities of the House Student Loan Program; amends the House Services Revolving Fund; clarifies the use of the Child Care Center Revolving Fund; and provides authority for a child care subsidy program.

JOINT ITEMS

JOINT ECONOMIC COMMITTEE

The agreement includes \$4,283,000 for salaries and expenses.

JOINT COMMITTEE ON TAXATION

The agreement includes \$12,948,000 for salaries and expenses.

OFFICE OF THE ATTENDING PHYSICIAN

The agreement includes \$4,181,000.

OFFICE OF CONGRESSIONAL ACCESSIBILITY SERVICES

SALARIES AND EXPENSES

The agreement includes \$1,702,000 for salaries and expenses.

CAPITOL POLICE

SALARIES

The agreement includes \$541,730,000 for salaries of the United States Capitol Police (USCP), of which \$3,450,000 shall be for agreed upon protection activities for Members of Congress and shall be available until September 30, 2024, with notification to the Committees on Appropriations prior to the obligation of funds. No more than \$64,912,000 is provided for overtime in fiscal year 2023.

Enhanced Member Protection.—The Committees recognize the emerging mission requirements for the United States Capitol Police, especially in the area of Member protection resulting from increased threats and directions of interest toward Senators and House Members. In light of this, the Committees continue to find that ensuring the continuity of government must include protecting the physical security of Members of Congress both in the District of Columbia and in their home states, districts and territories. The agreement provides a total of \$9,478,000, which includes \$3,450,000 for Salaries and \$6,028,000 for General Expenses to support the Department's recommendations to enhance Member protection including providing a security program for Congressional Leadership, expanding Dignitary Protection Division services and expanding USCP field office presence.

In order to better define the impact of the emerging mission on the Department's operations, the Committees provide \$1,000,000 in General Expenses for the development of a comprehensive Concept of Operations Plan. This plan should include, but is not limited to: defined mission requirements, both current and projected; validated post requirements; the construct of necessary depart-

mental entities to support the mission, to include projected reorganizations; resulting sworn and civilian staffing requirements; sworn official and civilian leadership requirements; mandatory training requirements and professional skills development requirements; projected staffing levels and commensurate additional duty projections to meet the mission; areas for contracted support to the mission, to include the future use of contracted Capitol Security Officers or other like resources; the use of technology to meet mission requirements; and a comprehensive mitigation plan to address and mitigate threats and directions of interest against Members. The plan shall be completed not later than one year after the date of enactment of this Act. The Department shall provide updates on its progress to develop a Concept of Operations plan monthly to the Committees.

Risk-Based Protections for Members of Congress.—The agreement provides \$2,000,000 in Salaries for the Department to provide Member security outside of the Capitol campus in the National Capital Region (NCR), as warranted by risk-based analyses. The USCP is expected to continue working closely with the House and Senate SAAs and law enforcement partners in the NCR, as well as educating Member offices, on USCP's strategy for Members' protection within the NCR while off the Capitol Grounds, per the December 2018 report detailing the Department's plans to enhance off-campus Member security in the NCR.

Mutual Aid Reimbursement.—USCP is directed to continue to expand the use of other Federal, state and local law enforcement entities through reimbursable mutual aid agreements and to ensure collaborative two-way sharing of critical information to meet mission requirements. The Department is encouraged to further expand the use of regionally-based Department personnel to focus efforts of addressing threats against Members and their families.

State and Local Law Enforcement Reimbursement.—The Department is reminded to continue making earnest efforts to increase outreach on mutual aid agreements. The Department is directed to issue a report to the Committees within 180 days of enactment of this Act on the mutual aid reimbursement costs compared to providing personal security details for Members, options for enhancing security for Members and staff working in their districts through mutual aid, and the USCP outreach efforts to date on mutual aid.

Contract Security Officers.—The Department is directed to submit to the Committees within 90 days of enactment of this Act a report on the performance of contract Capitol Security Officers' (CSO) ability to assist the USCP with meeting mission requirements. The report should be placed in the respective House and Senate security offices for viewing by authorized representatives of the Committees and should include decisional metrics for CSO location utilization and the benefits of supporting sworn officers. The report must detail any additional security training that may be needed in future contracts and the background check process. Additionally, the report is required to detail the estimated cost savings for using CSOs.

Reopening the Capitol Campus.—Reopening the Capitol campus safely to the public is the Committees' priority. The Department is directed to provide the Committees, within 30 days after the enactment of this Act, a written reopening plan, to include a list of post/mission requirements with identified protection/security activity, sworn staffing requirements, Capitol Security Officer staffing requirements, additional duty requirements, and other resources needed to reopen

the Capitol campus to its pre-pandemic posture, factoring in any additional requirements resulting from January 6, 2021, and increasing threats against Members of Congress. Further, the Department shall provide an update to the Committees every 30 days on the resources available to staff those posts and challenges that impact the proposed reopening plan. Lastly, the plan should include a proposed timeline for reopening, understanding that fluctuations in hiring occur, as well as additional security requirements, and can alter the schedule. As the plan will include law enforcement sensitive information, it should be made available within the respective House and Senate security offices to be viewed by authorized representatives of the Committees.

Responses to USCP OIG Recommendations.—When responding to recommendations detailed in USCP OIG reports, the Department is expected to develop cost proposals for each recommendation to better inform the Committees on what resources would be required to implement the recommendations, such as organizational realignment, changes in position descriptions, increased personnel, reassignment of existing personnel, and additional training and equipment.

USCP Office of Inspector General.—The agreement includes funds to support not less than 12 full-time equivalent (FTE) within the USCP OIG.

GENERAL EXPENSES

The agreement includes \$192,846,000 for general expenses of the Capitol Police, of which \$6,028,000 shall be for agreed upon protection activities for Members of Congress and shall be available until September 30, 2025.

Arrest Summary Data.—The Committees commend the USCP for their progress toward compliance with a directive to post arrest summary information in a user-friendly format that is searchable, sortable, downloadable, and is available on a cumulative basis. The Committees thank the Department for their briefing on arrest summary data. Furthermore, the Department is directed to submit a report of arrests made both on the Capitol complex and the surrounding Capitol Hill community on a quarterly basis to the Committee.

USCP Information Sharing.—The Department is encouraged to continue increasing its efforts to communicate with Members of Congress, congressional employees, and the public about events occurring around the Capitol complex in a manner that is consistent with and does not interfere with its primary mission of protecting the Congress and the legislative process.

ADMINISTRATIVE PROVISIONS

The agreement includes provisions to establish authorities for volunteer chaplain services and additional protective details.

OFFICE OF CONGRESSIONAL
WORKPLACE RIGHTS

SALARIES AND EXPENSES

The agreement includes \$8,000,000 for salaries and expenses, of which \$2,500,000 shall remain available until September 30, 2024.

CONGRESSIONAL BUDGET OFFICE

SALARIES AND EXPENSES

The agreement includes \$63,237,000 for salaries and expenses. The Congressional Budget Office is directed to follow prior year directives adopted in Public Law 117-103, on “Promoting Transparency and Responsiveness”. As with prior year budget submissions, the Committees expect CBO to include in its fiscal year 2024 budget request details about the agency’s ongoing and future efforts to implement the multi-year plan to increase its capacity to make CBO’s work as transparent and responsive as possible.

ARCHITECT OF THE CAPITOL

The agreement includes \$1,315,002,000 for the activities of the Architect of the Capitol (AOC).

AOC Vehicle Usage.—The AOC is required to comply with 31 U.S.C. 1343 and, as such, limited by the statutory controls over motor vehicle acquisition and use, including price limitation, equipment, and replacement of motor vehicles, and per regulations set forth by the General Services Administration (GSA). The AOC is also expected to adhere to GSA regulations on official use of agency vehicles to perform AOC’s mission, including proper identification of the vehicle as Federal government-issued and -owned, as well as home-to-work policies. None of the fund’s appropriated under this Act or any other Act, including previous Acts, may be used for a home-to-work vehicle for the Architect of the Capitol or a duly authorized designee.

AOC Office of Inspector General.—Within the total, the agreement provides no less than \$6,110,000 for the AOC OIG. The agreement includes the request of \$495,000 for 3 additional FTE. The Committees also direct the AOC to ensure that sufficient funding is available for contracts and other expenses identified by the AOC OIG to fulfill its mission. Finally, the Committees reiterate that the independence of the AOC OIG is of the utmost importance.

CAPITAL CONSTRUCTION AND OPERATIONS

The agreement includes \$145,843,000 for Capital Construction and Operations.

Medical Surveillance.—The recommendation includes \$317,000 to continue the program, administered by the OAP, for medical exams and tests designed to detect and monitor employee health effects resulting from hazardous chemical or physical exposures in the workplace.

Studying Sustainability.—The AOC’s annual Performance and Accountability Report (PAR) provides the results of the AOC’s financial performance each fiscal year, as well as demonstrates the AOC’s commitment to the accomplishment of its mission and accountability for its financial resources. As part of the PAR completed for fiscal year 2023, the AOC is directed to report on greenhouse gas emissions analysis as data is available for the Capitol complex. The AOC is also directed to include information in each PAR that reflects all significant measures taken to address efficient use of steam and electricity. Lastly, the AOC is expected to include this information as part of this report on an annual basis to leverage energy conservation and maximize the use of energy efficient sources throughout the legislative branch facilities.

CAPITOL BUILDING

The agreement includes \$80,589,000, for maintenance, care, and operation of the Capitol Building, of which \$6,099,000 shall remain available until September 30, 2027, and of which \$42,785,000 shall remain available until expended.

Operating Budget:	\$31,705,000
Project Budget:	
House Kitchen and Exhaust Modernization	23,900,000
Senate Restaurant Renovation Program	18,885,000
Minor Construction	5,500,000
Conservation of Fine and Architectural Art	599,000
	48,884,000
Total, Capitol Building	\$80,589,000

Hygiene Products.—The Committees appreciate and note the AOC’s efforts to ensure menstrual hygiene products are available at no cost to all those who use restroom facilities throughout the Capitol Complex Buildings and Grounds. The AOC is expected to continue making bulk purchases of, storing, and distributing menstrual hygiene products

throughout the Capitol Complex Buildings and Grounds, in coordination with partnering agencies.

Miscellaneous Improvements Notifications.—The Committees appreciate the AOC’s efforts to document and notify the Committees of “Miscellaneous Improvements projects,” which are completed projects that cost less than \$5,000 for labor and materials. The Committees continue to direct the AOC to provide quarterly reports on Miscellaneous Improvements projects, including a description and cost of each project and the status of total funding set aside for this purpose.

CAPITOL GROUNDS

The agreement includes \$16,365,000 for the care and improvements of the grounds surrounding the Capitol, House and Senate Office Buildings, and the Capitol Power Plant, of which \$2,000,000 shall remain available until September 30, 2027.

Operating Budget:	\$14,365,000
Project Budget:	
Minor Construction	2,000,000
	2,000,000
Total, Capitol Grounds	\$16,365,000

SENATE OFFICE BUILDINGS

The agreement includes \$184,596,000 for the maintenance, care, and operation of the Senate Office Buildings, of which \$66,000,000 shall remain available until September 30, 2027, and \$36,100,000 shall remain available until expended for Committee Room Modernization.

Operating Budget:	\$82,496,000
Project Budget:	
Low-Slope Roofing System Replacement, Dirksen	16,600,000
Fire Alarm Control & Panel Replacement, Dirksen	4,300,000
Exterior Door Conservation, Phase II, Dirksen	3,200,000
Senate Restaurant Renovation Program	8,100,000
Air Handling Unit Refurbishments & Replacements, Phase I, Hart	25,000,000
Senate Sensitive Compartmented Information Facility (SCIF) Construction	3,500,000
Committee Room Modernization	5,000,000
Senate Sergeant at Arms Relocation	28,000,000
Minor Construction	8,400,000
	102,100,000
Total Senate Office Buildings	\$184,596,000

For fiscal year 2023, the AOC is directed to follow prior year directives adopted in Public Law 117-103, on “Calder Mountain and Clouds Sculpture”, “Composting Program”, and “Senate Employees’ Child Care Center (SECCC) Facility Assessment”.

Senate Sensitive Compartmented Information Facility (SCIF) Assessment.—The Committee notes the progress made to study and design SCIF space in the Senate. The recommendation provides \$3,500,000 in 5-year funds to be used for construction of new SCIF space and to continue implementing recommendations from the SCIF study including preliminary planning, study, design, preconstruction, and construction of additional sensitive compartmented information facility space for the Senate, in coordination with the Office of Senate Security and the Senate Committees on Appropriations and Rules and Administration.

HOUSE OFFICE BUILDINGS

The agreement includes \$126,279,000 for the care and maintenance of the House Office Buildings, of which \$14,500,000 shall remain available until September 30, 2026, and \$40,600,000 shall remain available until expended for the restoration and renovation of the Cannon House Office Building. Of the amount made available, \$4,000,000 shall be derived by transfer from the House Office Building Fund.

Operating Budget:	\$71,179,000
-------------------------	--------------

Operating Budget:	
CAO Project Support	7,000,000
Minor Construction	7,500,000
Cannon Building Restoration	40,600,000
	55,100,000
Total House Office Buildings	\$126,279,000

Cannon Building Costs.—The Committees recognize the urgent need to complete the Cannon Building renewal, which will replace outdated building systems, conserve historic aspects of the building, and optimize the functionality of Member suites, among other improvements. The Committees remain concerned that the cost of the Cannon renovation continues to increase from an initial project estimate of \$752,700,000 to the current project estimate of \$971,300,000.

CAPITOL POWER PLANT

The agreement includes \$166,951,000 for maintenance, care, and operation of the Capitol Power Plant (CPP), of which \$68,600,000 shall remain available until September 30, 2027.

Operating Budget:	\$98,351,000
Project Budget:	
Electrical Switchgear B and Pump Replacement, RPR, WRP	30,400,000
Utility Tunnel Concrete Repairs at Russell Carriage Entrance, R Tunnel	2,200,000
Utility Tunnel Concrete Repairs at 2nd and E Capitol, R Tunnel	1,800,000
Roofing System Replacement, Boiler and Generator Plant	16,500,000
Utility Tunnel Pipe Expansion Joint Replacement, Y Tunnel	12,700,000
Minor Construction	5,000,000
	68,600,000
Total, Capitol Power Plant	\$166,951,000
Offsetting Collections	(10,000,000)

Resiliency Efforts.—The AOC is encouraged to continue to find ways to increase the resilience and efficiency of the Capitol complex by exploring the feasibility of procuring increasingly efficient technologies that aim to make the Capitol complex more resilient and independent over time. To this end, the AOC shall brief the Committees within 60 days of enactment of the Act on the incremental cost differences between conventional and low-carbon or zero emissions alternatives for the Capitol campus. In addition, the AOC shall provide periodic updates on the status of the design, construction and installation of the electronic vehicle (EV) charging stations across the Capitol complex utilizing appropriated funds, as well as the estimated costs associated with operating and maintaining those EV charging stations, and any plans for expanding EV charging stations for the Senate and other areas within Capitol complex.

LIBRARY BUILDINGS AND GROUNDS

The agreement includes \$144,220,000 for Library of Congress Buildings and Grounds, of which \$108,000,000 shall remain available until September 30, 2027.

Operating Budget:	\$36,220,000
Project Budget:	
Collection Storage Module 7, Fort Meade	51,000,000
Sprinkler System Replacement for Collections, JAB	37,500,000
Fire Alarm and Audibility System Upgrade, Phase II, JMMB	15,500,000
Minor Construction	4,000,000
	108,000,000
Total, Library Buildings and Grounds	\$144,220,000

Library of Congress Visitor Experience.—The Committees are concerned with the accuracy of construction project cost estimates and schedules it has received from the AOC regarding the Library of Congress (LOC) Visitor Experience project. The AOC, in collaboration with the LOC, is directed until project completion to provide a bi-weekly project

status report to the Senate and House appropriations and authorization committees of jurisdiction. The report should include costs, schedules, and progress updates for specific construction activities aligned to the three Visitor Experience project initiatives: 1) the Orientation Gallery; 2) the Treasures Gallery; and 3) the Youth Center. Further, it is the expectation of the Committees that the construction for the three project initiatives will be completed by the AOC in a phased manner over the following three years, thereby ensuring minimal impact to public access at the Thomas Jefferson Building; and all project construction actions will be completed by no later than January 1, 2026, to coincide with the activities set forth in Public Law 114-196, United States Semiquincentennial Commission Act of 2016. Lastly, the AOC is reminded that it has a responsibility to balance the historic preservation needs of the Thomas Jefferson Building, with the necessary and evolving LOC mission and engagement activities as directed by the Congress.

CAPITOL POLICE BUILDINGS, GROUNDS AND SECURITY

The agreement includes \$402,907,000 for Capitol Police Buildings, Grounds and Security, of which \$346,255,000 shall remain available until September 30, 2027. \$238,455,000 shall be for the Capitol Complex Security Program and \$80,000,000 shall be for the design and construction of enhanced screening vestibules.

Operating Budget:	\$56,652,000
Project Budget:	
Barrier Lifecycle and Security Kiosk Repairs and Replacement, Phase VII, OSP	9,100,000
USCP K-9 Expansion Support	2,500,000
Capitol Complex Security Program	238,455,000
Enhanced Screening Vestibules Design & Construction Program	80,000,000
Computer Room Air Conditioning Unit Replacements, Phase I, OSF	6,200,000
Minor Construction	10,000,000
	346,255,000
Total, Capitol Police Buildings, Grounds and Security	\$402,907,000

Capitol Complex Security.—Ongoing threats against Members of Congress and staff translates into the need for adequate facilities and infrastructure support. The funds provided by the Committees to AOC for core security needs will support the USCP mission and its efforts to protect the Capitol Complex. The AOC, in coordination with the USCP, is directed to submit a detailed spend plan to the Committees on Appropriations within 30 days of enactment of this Act for both the Capitol Complex Security Program and the Enhanced Screening Vestibules Design and Construction Program. The spend plans, which may be held in a classified setting, should include details for the execution of the funds provided before any funds provided in this Act are obligated.

BOTANIC GARDEN

The agreement includes \$23,560,000 for the U.S. Botanic Garden, of which \$8,200,000 shall remain available until September 30, 2027.

Operating Budget:	\$15,360,000
Project Budget:	
Production Facility Renewal and Master Plan Design	3,200,000
Minor Construction	5,000,000
	8,200,000
Total, Botanic Garden	\$23,560,000

CAPITOL VISITOR CENTER

The agreement includes \$27,692,000 for the Capitol Visitor Center.

ADMINISTRATIVE PROVISIONS

The agreement includes provisions to prohibit payments of bonuses to contractors be-

hind schedule or over budget and authorization to extend the Fallen Heroes Flag Act of 2016.

LIBRARY OF CONGRESS

SALARIES AND EXPENSES

The agreement includes \$582,529,000 in direct appropriations for the Library of Congress (the Library or LOC) salaries and expenses. In addition, collections that may be credited to this appropriation shall remain available until expended. The recommendation includes the following to remain available until expended: \$12,245,000 for the Teaching with Primary Sources program, \$1,459,000 for the upgrade of the Legislative Branch Financial Management System, \$250,000 for the Surplus Books Program, \$1,500,000 for the COVID-19 American History Project, and \$3,976,000 for the Veterans History Project. In addition, the agreement includes the fiscal year 2023 request of \$1,084,000 for the Visitor Engagement Program, \$4,997,000 for the Library OCIO's role in the implementation and continuous development of the Integrated Research and Information System (IRIS), \$1,510,000 for the Legislative Branch Financial Management System (LBFMS), \$1,475,000 for the OCIO Cloud Program Office, \$4,082,000 to strengthen IT planning and project management, \$1,762,000 for the Financial Reports Division to address significant growth in accounting, workflow, and financial reporting requirements, \$3,109,000 to expand enterprise planning and management, and \$128,000 to refresh workstations.

The agreement does not include the requested \$2,394,000 to migrate the Library's personnel and payroll processing services.

Congress.gov Update Study.—The Committees recognize that Congress.gov is an important tool for members, staff, and the public to follow and understand the congressional process; however, the Committees believe that Congress.gov could provide a more complete picture of the full legislative process. Therefore, the Library, in collaboration with the Legislative Branch Data Interchange Working Group, is directed to conduct a study to determine what changes are necessary to allow Congress.gov to better track the legislative process. The study should identify technical and procedural changes required to track legislation that is introduced and later included in a separate measure, legislation introduced that is also filed as an amendment, and a better tracking of the congressional committee process, including the notation of recorded votes in committee. The Library is encouraged to consult with congressional and public stakeholders in the development of the study and to submit a report to the Committees within 180 days of enactment of this Act on the findings of the study.

Information Literacy.—In recognition of the critical need for Americans of all ages to develop information literacy skills, the Committees direct the Library of Congress to collaborate with and provide consultative support to the Institute of Museum and Library Services (IMLS) as IMLS carries out the activities of the Information Literacy Taskforce for the priorities and guidelines described in the explanatory statement to accompany the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2022 (Public Law 117-103).

America 250.—The Library is encouraged to collaborate with the IMLS on outreach and activities to engage the diverse community of museums and libraries across the Nation in celebrating and commemorating the semiquincentennial anniversary of the Nation's founding.

IT Modernization.—The Committees continue to invest in IT modernization at the

Library and the Library is directed to brief the Committees regularly on these efforts.

National Film and Sound Recording Preservation Programs.—The Committees recognize the important work of the National Film Preservation Program and the National Sound Recording Preservation Program, including the Federally chartered National Film and National Recording Preservation Foundations. Given that these programs were reauthorized under the Library of Congress Sound Recording and Film Preservation Programs Reauthorization Act of 2016 (Public Law 114-217), the Library is expected to continue to support them.

LOC Office of Inspector General.—The agreement includes not less than \$4,500,000 for the Library's OIG, to support no fewer than 14 FTE.

The Committees recognize that public access to the Main Reading Room at the Library of Congress is limited and acknowledges the challenge of maintaining a balance between creating a quiet environment for researchers while also allowing visitors to enjoy the beauty of the Main Reading Room. The Library is encouraged to continue exploring opportunities to enhance public access to the Reading Room while preserving the research environment and collections, and directs the Library to keep the Committees apprised of any new efforts to expand public access.

Teaching with Primary Sources.—The agreement includes \$12,245,000 for the Library's successful Teaching with Primary Sources program (TPS), a teacher training initiative that encourages educators to incorporate the Library's online primary sources into school curricula.

The Committees believes that efforts to develop learning initiatives on history, civics, and democracy have merit, and encourages the Library to further its efforts in these areas, including through the creation of a Lewis-Houghton Civics and Democracy Initiative.

Lewis-Houghton Civics and Democracy Initiative.—The Committees believe that efforts to develop digitally-enabled learning initiatives for secondary education based on creative arts driven instruction, especially focused on music, in history, civics, and democracy have merit. As such, the Committees support the establishment of the Lewis-Houghton Civics and Democracy Initiative pilot within the Library of Congress' Teaching with Primary Sources program to be initiated in FY 2023. The Committees recognize the established Library programmatic processes and resources for successfully administering such an initiative, to include the vast collections within the Library, such as the American Folklife Center, the Songs of America collection and other important Library archives and collections. The Committees also recognize that grant products from this Initiative may be used to enrich onsite Library of Congress activities, such as but not limited to those planned by the Center for Learning, Literacy and Engagement for the New Visitor Experience.

For the purposes of establishing a pilot for the Initiative, the agreement includes \$2,300,000, of which \$300,000 is available for the administration of the Initiative. These funds are intended to develop and administer a pilot educational program as a part of the Initiative, which funds eligible organizations within the United States and its territories to develop digitally-enabled comprehensive, assessable, teaching project-based creative arts driven curricula programs focused on using the digitized primary sources of the Library of Congress related to history, civics and democracy.

Applicants selected for participation in the educational program should reflect a broad

and diverse representation and be selected on competitive bases, similar to established criteria of programs administered by the Library. Applicants shall demonstrate the background, partnerships and experience to successfully implement the scope and intent of the pilot program. Applicants for participation within the Initiative do not need to have been a prior participant in a Library program in order to be eligible for participation, following existing Library announcement and selection processes.

To further the many educational programs within the Library, participants within the programs of the Initiative will be included within the Teaching with Primary Sources consortium partnership to leverage information, goals and experiences of similar or emerging programs.

Within 90 days of enactment of the Act, the Library shall provide a plan to the Committees detailing the pilot, to include eligibility for applying for funding from the Initiative, the criteria to be used to select eligible participants, the time-line for launching the pilot and an overview of program administration. In addition, the Library is directed to submit a report on the progress of the pilot at the end of fiscal year 2023, detailing the successes and challenges of administering the Initiative and providing recommendations for refining, enhancing and expanding it in future fiscal years.

Visitor Experience Initiative.—Along with budget submissions as part of the regular appropriations process, the Library, in coordination with the AOC, is directed to provide bi-weekly status reports to the Committees including designs, cost estimates, and anticipated timelines for construction and implementation of the Library's Visitor Experience Master Plan. These updates should also include progress on fundraising initiatives for private funding, including both donations in-hand and verbal commitments, to support the Visitor Experience.

COPYRIGHT OFFICE

SALARIES AND EXPENSES

The agreement includes \$53,762,000 in direct appropriations to the Copyright Office. An additional \$43,912,000 is made available from receipts for salaries and expenses and \$3,000,000 is available from prior year unobligated balances, for a total of \$100,674,000.

Information Technology Modernization.—The agreement continues funding for Copyright Office IT modernization. The Committees direct the Copyright Office and the Library's Office of Chief Information Officer (OCIO) to continue to work together to achieve efficiencies in shared services, while allowing for mission specific modernization to be the responsibility of the Copyright Office. The Committees direct the Copyright Office to provide a detailed spend plan for the IT modernization efforts intended to be addressed with the funds provided in fiscal year 2023.

CONGRESSIONAL RESEARCH SERVICE

SALARIES AND EXPENSES

The agreement includes \$133,600,000 for salaries and expenses for the Congressional Research Service (CRS). The agreement includes \$1,000,000 for the Congressional Legal Education Forum as indicated in House Report 117-389.

Expanding Existing Data Analysis Capacity.—CRS is encouraged to explore ways to expand its ability to perform quantitative analysis of research data. Within 180 days of enactment of this Act, CRS shall brief the Committees on proposed options for such capacity expansion, including costs and resource requirements. The briefing should provide detailed information about CRS' consideration of additional research personnel, such as new analysts, data scientists,

methodologists and research assistants to expand quantitative analysis on newer topics that assess the impact of legislative proposals more broadly. The briefing should include information regarding the evaluation of CRS' infrastructure investment in statistical data science visualization software to strengthen this research capacity. Included in the briefing should be specific information about the manner and means that CRS has determined will allow it to respond in a more timely manner to the Congress.

Congressional Research Service Modernization.—The Committees continue to support modernization of CRS mission-specific information systems to increase efficiency of the office while protecting confidentiality of congressional data. The Committees encourage CRS to explore its processes and utilization of resources to meet the needs of the Congress in a more timely manner based on the time-sensitive nature of the congressional schedule.

Exploratory Study on Big Data Analytics.—CRS is directed to engage with an external entity to produce a report detailing the feasibility of CRS engaging in the analysis and modeling of big data sets by highlighting the information technology infrastructure, staffing, and analytical support required to establish and maintain such a capability. The completed study would be made available to the Committees on Appropriations, the Senate Committee on Rules and Administration, the Committee on House Administration, and House and Senate leadership.

NATIONAL LIBRARY SERVICE FOR THE BLIND AND PRINT DISABLED SALARIES AND EXPENSES

The agreement includes \$58,657,000 for salaries and expenses for the National Library Service for the Blind and Print Disabled (NLS).

The Library of Congress, in consultation and coordination with the IMLS, is encouraged to provide increased assistance to the State Library Administrative Agencies to expand access to materials from the NLS, with additional support provided to IMLS for these activities.

Braille eReader and Talking Book Machine Initiative.—The agreement modifies House language regarding funding for the purchase of no less than 2,000 new e-Reader devices for distribution through the NLS Machine Lending.

ADMINISTRATIVE PROVISIONS

The agreement includes provisions related to reimbursable and revolving funds and using appropriated funds for certain positions within the Little Scholars Child Development Center.

GOVERNMENT PUBLISHING OFFICE CONGRESSIONAL PUBLISHING (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$82,992,000 for authorized publishing, printing and binding for the Congress.

PUBLIC INFORMATION PROGRAMS OF THE SUPERINTENDENT OF DOCUMENTS SALARIES AND EXPENSES (INCLUDING TRANSFER OF FUNDS)

The agreement includes \$35,257,000.

GOVERNMENT PUBLISHING OFFICE BUSINESS OPERATIONS REVOLVING FUND

The agreement includes \$11,605,000 to remain available until expended.

Office of Inspector General.—The agreement includes \$6,899,000 for GPO's OIG. The agreement does not include the requested increase of \$1,050,000 to migrate the OIG's human capital (HC) and information technology (IT) support services from GPO to a third-party Federal provider. The Committees note that

the OIG is not funded through a separate appropriation, but the Director submits the OIG's request without interference, as directed by these Committees. The Committees invest considerable resources through the Business Operations Revolving Fund annually in GPO's HC and IT services and therefore expects the OIG to utilize them.

GOVERNMENT ACCOUNTABILITY OFFICE

SALARIES AND EXPENSES

The agreement includes \$790,319,000 in direct appropriations for salaries and expenses of the Government Accountability Office, of which \$5,000,000 shall remain available until expended. In addition, \$55,865,000 is available from offsetting collections, for a total of \$846,184,000.

Within the total, no less than \$2,451,000 is provided for the GAO Office of Inspector General to support no less than 11 FTE.

Appropriations and Budget Law.—The Committees acknowledge that GAO legal decisions, including those related to the Congressional Review Act, are often fact specific and time consuming. The Committees commend the improvements made by the GAO Appropriations Law Group to increase resources dedicated to supporting Congress' oversight role. GAO is encouraged to continue to find ways to speed up its adjudication process and to prioritize responding to congressional inquiries and publishing formal legal decisions stemming from congressional requests.

Community Project Funding.—In accordance with the direction in House language, the Committees direct GAO to undertake an audit of Community Project Funding contained in fiscal year 2023 appropriations legislation.

Unimplemented Government Accountability Office Recommendations.—Within 180 days of enactment of this Act, GAO shall publish on its website and provide to the Committees on

Appropriations, the Senate Homeland Security and Governmental Affairs Committee, and the House Committee on Oversight and Reform a report estimating the cost savings that could be achieved if agencies acted on GAO's recommendations organized by agency.

GAO Methodology for Estimating Savings.—The Committee encourages GAO to explore a methodology for estimating potential cost savings through budget requests. Given the many assumptions and caveats required of such analysis, the Committees expect a briefing from GAO to discuss such methodology within 180 days of enactment of this Act.

Hiring Practices at CRS.—In lieu of House language regarding "Hiring Practices at CRS, LOC shall provide a report to the Committees on the Library's current barrier analysis to hiring and promotion within 60 days of enactment of this Act.

Infrastructure Investment and Jobs Act.—The agreement includes \$5,000,000, to remain available until expended, for oversight, including audits, and investigations, in support of the Infrastructure Investment and Jobs Act, Public Law 117-58. The Comptroller General shall submit to the Committees a spend plan for such oversight, not later than 90 days after the date of enactment of this Act.

CONGRESSIONAL OFFICE FOR INTERNATIONAL LEADERSHIP

The agreement includes \$6,000,000 for the Congressional Office for International Leadership (COIL).

Ukraine.—The Committees are deeply troubled by the Russian invasion of Ukraine and support COIL's efforts to reinstate programming in Ukraine as soon and safely as possible. The Committee further urges COIL's engagement with Ukrainians outside of

Ukraine to maintain democratic advancement throughout wartime.

Expansion of Program to Other Countries.—COIL is directed to keep the Committees apprised of any new developments on expanding programming to include other regions and countries that may be of strategic necessity to the United States.

JOHN C. STENNIS CENTER FOR PUBLIC SERVICE TRAINING AND DEVELOPMENT

The agreement includes \$430,000 for the Stennis Center for Public Service Training and Development.

TITLE II—GENERAL PROVISIONS

The agreement continues provisions related to maintenance and care of private vehicles; fiscal year limitations; rates of compensation and designation; consulting services; costs of the Legislative Branch Financial Managers Council; limitation on transfers; guided tours of the Capitol; limitation on telecommunications equipment procurement; prohibition on certain operational expenses; plastic waste reduction; and Capitol health and safety. The agreement does not include the Removal of Offensive United States Capitol Statuary language in House Report 117-389.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, neither the bill nor the explanatory statement contains any congressional earmarks or congressionally directed spending items, limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

DIVISION J—MILITARY CONSTRUCTION, VETERANS AFFAIRS, AND RELATED AGENCIES APPROPRIATIONS ACT, 2023

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117-391 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases where House Report 117-391 or this explanatory statement directs the submission of a report, that report is to be submitted to the Committees on Appropriations of the House of Representatives and the Senate. Where this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House of Representatives Subcommittee on Military Construction, Veterans Affairs, and Related Agencies and the Senate Subcommittee on Military Construction, Veterans Affairs, and Related Agencies.

TITLE I

DEPARTMENT OF DEFENSE

MILITARY CONSTRUCTION OVERVIEW

Reprogramming Guidelines.—The following reprogramming guidelines apply for all military construction and family housing projects. A project or account (including the sub-elements of an account) which has been specifically reduced by the Congress in acting on the budget request is considered to be a congressional interest item and as such, prior approval is required. Accordingly, no reprogrammings to an item specifically reduced below the threshold by the Congress are permitted.

Recognizing the increased cost and complexity of military construction projects since the threshold was previously adjusted, the Committees support incrementally increasing the reprogramming threshold to enable the Department to be more agile and reduce delays associated with cost overruns. The modified reprogramming criteria that apply to military construction projects, as well as new housing construction projects and improvements, is \$6,000,000 or 25 percent of the funded amount, whichever is less. To provide the Services the flexibility to proceed with construction contracts without disruption or delay, the costs associated with environmental hazard remediation such as asbestos removal, radon abatement, lead-based paint removal or abatement, and any other legislated environmental hazard remediation may be excluded, provided that such remediation requirements could not be reasonably anticipated at the time of the budget submission. This exclusion applies to projects authorized in this budget year, as well as projects authorized in prior years for which construction has not been completed.

Furthermore, in instances where prior approval of a reprogramming request for a project or account has been received from the Committees, the adjusted amount approved becomes the new base for any future increase or decrease via below-threshold reprogrammings (provided that the project or account is not a congressional interest item as defined above).

In addition to these guidelines, the Services are directed to adhere to the guidance for military construction reprogramming actions and notifications, including the pertinent statutory authorities contained in Department of Defense (DOD) Financial Management Regulation 7000.14-R and relevant updates and policy memoranda.

Military Construction Funding.—The agreement includes \$19,000,000,000, which is \$6,846,035,000 above the budget request, in a continued effort to support current and future force readiness through critical infrastructure investments. This level funds most authorized unfunded requirements and addresses other priorities that have been historically neglected in budget requests, such as resiliency and quality of life projects. While Congress continues to provide funding above the budget request for military construction, the Committees encourage the Department to adequately resource these accounts.

Facilities Sustainment, Restoration and Modernization (FSRM).—The Department of Defense is directed to continue describing on form 1390 the backlog of FSRM requirements at installations with future construction projects. For troop housing requests, form 1391 should describe any FSRM conducted in the past two years. Likewise, future requirements for unaccompanied housing at the corresponding installation should be included. Additionally, the forms should include English equivalent measurements for projects presented in metric measurement. Rules for funding repairs of facilities under the Operation and Maintenance accounts are described below:

(1) components of the facility may be repaired by replacement. Such replacement can be up to current standards or codes;

(2) interior arrangements and restorations may be included as repair;

(3) additions and new facilities may be done concurrently with repair projects, as long as the final conjunctively funded project is a complete and usable facility; and

(4) the appropriate Service Secretary shall notify the appropriate committees 21 days prior to carrying out any repair project with an estimated cost in excess of \$7,500,000.

Military Installation Resilience (MIR).—Since fiscal year 2020, the Committees have provided dedicated planning and design and unspecified minor construction funding to support installation resilience. The primary intent of this funding has been to develop projects that mitigate climate change risks to military installations. The Committees believe that such investments are critical to installation readiness and the agreement provides \$90,000,000 for planning and design and unspecified minor construction in Section 129 to continue to develop projects, conduct studies and analyses, and update Unified Facility Criteria that will directly enhance military installation resilience. While prior year funding has been allocated towards these efforts to an extent, the Committees are concerned that the services have not adequately prepared for or prioritized the development of MIR projects and their integration into installation master planning, even at installations where climate impacts are already observed. Therefore, the Committees direct the Secretary of Defense and the Secretary of each Military Department to provide a report to the Committees no later than 90 days after enactment of this Act on efforts to address military installation resilience requirements. The report shall include the following: (1) an explanation of what DOD and the Military Departments are doing to develop the capacity and expertise to scope and design climate resilience projects for installations; (2) what direction DOD and the Military Departments have given to installations to incorporate military installation resilience projects into relevant master planning processes; (3) details on how DOD and the Military Departments are prioritizing MIR projects, including how projects support other installation resilience efforts, such as the DOD Readiness and Environmental Protection Integration

program; (4) how DOD and the Military Departments are incorporating non-traditional engineering methods to mitigate climate risks to installations, such as engineering with natural or nature-based features; and (5) any other identified barriers to planning and designing MIR projects.

Child Development Centers (CDCs).—The agreement includes \$293,250,000 for construction of new child development center projects and planning and design for future projects. This investment of resources is necessary to address both insufficient access to childcare facilities, as well as the poor conditions of existing facilities. Such shortfalls in capacity are an unacceptable burden to military families. The Department is directed to assign greater priority to CDC construction projects in future budget requests.

United States Indo-Pacific Command (INDOPACOM).—The INDOPACOM area of responsibility is the largest combatant command and requires a modern, resilient military presence to ensure the continued strength of U.S. national security. However, the Committees are concerned that the Services have not properly prioritized projects within INDOPACOM in recent fiscal years, instead choosing to fund projects that are specifically beneficial to the Service and not necessarily the joint theater mission. The agreement provides an additional \$50,000,000 for INDOPACOM planning and design and unspecified minor construction to advance critical projects.

Unfunded Priority Lists (UPL) and Future Years Defense Program (FYDP).—The Committees direct the Department of Defense and all Services, active and reserve components, as well as combatant commanders, as required by law, to submit updated UPL and FYDP lists to the congressional defense committees for military construction projects no later than 10 days after the transmission of the annual President's Budget. Combatant commanders are expected to include all unfunded priorities in their respective UPL, to include planning and design, unspecified minor construction, and major construction projects—regardless of which Service is the project executive agent.

Project Cost Increases.—The agreement provides \$2,449,069,000 in fiscal year 2023 to supplement discrepancies between outdated cost estimates and current cost estimates. The Committees are concerned that the Department is not being proactive in determining future cost increases when developing and submitting project cost estimates to Congress in the yearly President's budget request, FYDP, and UPLs. Therefore, the agreement directs the Department to implement practices to better address future cost increases, and in lieu of the direction to provide monthly cost adjustments in House Report 117-391, the agreement directs the Secretary of Defense, in consultation with the Services, and the U.S. Army Corps of Engineers and Naval Facilities Engineering Command to provide a report within 90 days of enactment on specific and repeatable steps taken to improve cost-estimating.

Integration of Innovative Construction Materials.—The Committees are aware of new and innovative building materials that are becoming more prevalent within the construction industry. The Committees are concerned that DOD continues to rely on traditional building materials, using standardized designs across the Department based on those same traditional materials and that the Unified Facilities Criteria (UFC) and Unified Facilities Guide Specifications (UFGS) are not up to date with innovative and sustainable assets. Therefore, the agreement directs the Assistant Secretary of Defense for Energy, Installations, and Environment to provide a report to the Committees

within 180 days of enactment of this Act on its efforts to incorporate sustainable products into the UFC and UFGS, integrate sustainable building materials into its designs, and any resources needed to accomplish these efforts.

Laboratory Infrastructure.—The Committees continue to recognize the importance of DOD laboratory infrastructure and that investment is needed to modernize outdated science and technology laboratories and test and evaluation facilities, particularly where needed to address safety and environmental concerns on installations. Therefore, the

agreement provides \$120,000,000 for planning and design, unspecified minor construction and authorized major construction projects to address unfunded laboratory requirements, as appropriated in Section 128.

Open Air Burn Pans.—No later than 180 days after enactment of this Act, the Department is directed to submit a report to the Committees detailing a plan to eliminate burning of hazardous materials, including open air burn pans, at installations located in the United States. Such a plan should detail at what installations each Service is still utilizing open-air burning, including

burn pans, and how the Department will transition away from the use of open-air burn pans.

MILITARY CONSTRUCTION, ARMY

The agreement provides \$1,553,825,000 for “Military Construction, Army”, which is \$708,260,000 above the budget request. Within this amount, the agreement includes \$275,651,000 for study, planning, design, architecture, and engineering services, and host nation support. Within the total for Military Construction, Army, \$658,260,000 is for the following projects in the following amounts:

State	Location	Project	Amount
AK	Fort Wainwright	Physical Fitness Center Annex	\$99,000,000

TX	Fort Hood	Automated Machine Gun Range: Planning and Design	1,240,000
TX	Fort Hood	Barracks: Cost to Complete	19,000,000

Pacific Firefighting Support.—The Committees remain concerned about the conditions of firefighting facilities from which Federal firefighters, Army Forestry Technicians, Army Wildland Firefighters, and Emergency Service Technicians work to support military installations in the State of Hawaii, in-

cluding Pohakuloa Training Area, and encourage the Army to adequately resource necessary upgrades to these facilities.

MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The agreement provides \$4,345,320,000 for “Military Construction, Navy and Marine

Corps”, which is \$592,929,000 above the budget request. Within this amount, the agreement includes \$515,473,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Navy and Marine Corps, \$492,929,000 is for the following projects in the following amounts:

State	Location	Project	Amount
AZ	MCAS Yuma	Water Treatment Plant: Planning and Design	\$5,000,000
CA	Camp Pendleton	Child Development Center	32,100,000
CA	MCRD San Diego	Recruit Barracks	82,230,000
FL	MCSF Blount Island	Communications Infrastructure Modernization: Planning and Design	5,949,000
GA	Marine Corps Logistics Base Albany	Consolidated Communication Facility: Planning and Design	6,400,000
HI	JB Pearl Harbor-Hickam	Missile Magazines	103,350,000
HI	JB Pearl Harbor-Hickam	Waterfront Production Facility: Planning and Design	20,000,000
HI	MCB Hawaii	Bachelor Enlisted Quarters	87,900,000
ME	Portsmouth Naval Shipyard	Child Development Center: Planning and Design	2,500,000
SC	MCRD Parris Island	Recruit Barracks	37,600,000
SC	MCRD Parris Island	Recruit Barracks	38,300,000
VA	Naval Air Station Oceana	Child Development Center: Planning and Design	1,200,000
VA	Norfolk Naval Shipyard	Child Development Center: Planning and Design	2,300,000
WA	NAS Whidbey Island	Aircraft Airfield Pavement Improvements	68,100,000

Shipyard Infrastructure Optimization Plan (SIOP).—The Committees support SIOP and believe the restoration of deferred maintenance availabilities, along with the public shipyard dry dock investments, recommended by the plan are critical. The Committees urge the Secretary of the Navy to prioritize the timely funding of public shipyard infrastructure, and in particular, the dry dock and shore infrastructure necessary to support critical maintenance of surface and submarine fleets by public shipyards. Of note, after several years of delays and cancellations associated with the Waterfront Production Facility at Pearl Harbor Naval Shipyard, the Committees urge the Navy to synchronize the construction schedule for the new facility with that of the Dry Dock 3 replacement. Additionally, the Committees

expect clear communication from the Navy to the Committees regarding additional flexibilities or authorizations necessary to successfully coordinate with tribal governments for expeditious completion of SIOP. The Committees remain concerned that without additional authorities from Congress, the Navy risks delaying critical dry dock construction projects and harming its valuable relationships with tribal governments. Recognizing the importance of SIOP and the need to adequately resource the development of future projects, in addition to fully funding the budget request of \$1,260,185,000, the agreement further provides \$50,000,000 above the request for planning and design.

Navy Water Purification and Fuel Distribution Infrastructure.—The agreement includes

an additional \$25,000,000 for the Navy for planning and design in order to advance future water treatment and bulk fuel distribution infrastructure. The Department is directed to submit a spend plan for these additional funds to the Committees no later than 60 days after enactment of this Act.

MILITARY CONSTRUCTION, AIR FORCE

The agreement provides \$2,614,996,000 for “Military Construction, Air Force”, which is \$559,540,000 above the budget request. Within this amount, the agreement includes \$251,634,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Air Force, \$509,540,000 is for the following projects in the following amounts:

State	Location	Project	Amount
AK	JB Elmendorf-Richardson	Contaminated Soil Removal: Cost to Complete	\$5,200,000
AL	Maxwell AFB	Commercial Vehicle Inspection Gate	15,000,000
AZ	Luke AFB	Child Development Center: Planning and Design	2,700,000

WA	Fairchild AFB	ADAL KC–135 Flight Simulator	7,300,000
WA	Fairchild AFB	Consolidate TFI Base Operations: Cost to Complete	8,000,000

Joint Intelligence Analysis Complex.—Understanding the critical importance of the Joint Intelligence Analysis Complex (JIAC) to the regional intelligence architecture of the United States and its partners, the Committees provide \$421,000,000 above the budget request for the construction of the complex, despite the late-in-cycle identification of the significant funding requirement as part of the Air Force’s unfunded priorities list. The Committees are disappointed in the lack of prioritization the Air Force and Office of the Secretary of Defense have shown towards this project, despite its significant importance to national security and our allies in Europe and Africa. The Committees direct the Air Force, in coordination with the Office of the Secretary of Defense, to provide

quarterly updates on the status of the obligation of funds for the construction of the JIAC. Further, the Committees direct the Office of the Secretary of Defense to provide a report to the Committees within 90 days of enactment of this Act, and a briefing to the Committees, on why the Services consistently fail to prioritize joint combatant command projects, and how these problems can be remedied.

Global Strike Command Security Gates.—The Committees remain concerned about deficient security gates at Air Force Global Strike Command installations, particularly as the Air Force plans to make significant investments in strategic weapons systems and weapons generation facilities at these bases. The Committees urge the Air Force to

plan and program sufficient funding to address security gate deficiencies at these installations in its future years defense program.

MILITARY CONSTRUCTION, DEFENSE-WIDE

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$2,626,078,000 for “Military Construction, Defense-Wide”, which is \$209,680,000 above the budget request. Within this amount, the agreement includes \$506,927,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Defense-Wide, \$109,680,000 is for the following projects in the following amounts:

State	Location	Project	Amount
DE	Dover AFB	Armed Services Whole Blood Processing Laboratory-East Replacement: Planning and Design	\$350,000
FL	MacDill AFB	SOF Joint MISO Web-Operations Facility: Planning and Design	8,730,000
FL	MacDill AFB	SOF Operations Integration Facility	50,000,000
MO	Fort Leonard Wood	Hospital Replacement Inc. 5	31,300,000
NC	Fort Bragg	Albion Middle School Addition: Planning and Design	7,000,000
NC	Camp Lejeune	Lejeune Schools Modernization: Planning and Design	6,600,000
SC	MCRD Parris Island	Ambulatory Care Clinic Replacement (Dental): Planning and Design	4,800,000
SC	MCAS Beaufort	Fuel Pier Replacement: Planning and Design	900,000

Energy Resilience and Conservation Investment Program (ERCIP).—The agreement supports DOD’s investments in energy efficiency, resilience, renewable energy systems, and energy security, and as such provides a total of \$653,250,000 for ERCIP, an increase of \$100,000,000 above the request. The additional funds in section 131 will allow ERCIP to address cost increases from projects funded in the fiscal year 2022 enacted Act and fiscal year 2023 Act.

United States Southern Command (SOUTHCOM).—The Committees recognize that some facilities in SOUTHCOM, particularly at Naval Air Station Key West, which houses Joint Interagency Task Force-South (JIATF–S), are no longer in adequate condition due to aging, corrosive local climate, natural disasters, and lack of prioritization by the Services. The Committees also recognize that the installation is critical to SOUTHCOM’s mission but requires some improvements, including increasing resilience and ensuring modernization. Therefore, the

agreement directs the Department to submit a report no later than 120 days after enactment of this Act detailing the condition of all facilities at Naval Air Station Key West, the status of the new Command and Control Facility, as well as the Department’s plan to update or replace facilities in poor condition across SOUTHCOM.

Stormwater Management Projects.—The Committees recognize that resilient built and natural infrastructure on and around military bases are essential in maintaining military readiness. The Committees also recognize the increasing variability of the frequency and intensity of precipitation globally and the need to mitigate flooding and runoff. The agreement supports the implementation of stormwater best management practices, but recognizes there is currently no dedicated, authorized DOD entity that prioritizes stormwater management projects on and off military installations. Therefore, the agreement directs the Department to conduct a feasibility study and submit a re-

port no later than 180 days after enactment of this Act assessing the potential creation of a program that prioritizes stormwater management projects in order to enhance resilience and improve water quality in stormwater-stressed ecosystems, where the Department has restoration partnership obligations, and where land subsidence and the expansion of non-permeable surfaces exacerbate flooding on and around military bases.

MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The agreement provides \$459,018,000 for “Military Construction, Army National Guard”, which is \$161,740,000 above the budget request. Within this amount, the agreement includes \$83,435,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Army National Guard, \$151,540,000 is for the following projects in the following amounts:

State	Location	Project	Amount
AK	JB Elmendorf-Richardson	Aircraft Maintenance Hangar	\$63,000,000
AR	Camp Robinson	Automated Multipurpose Machine Gun Range	9,500,000
FL	Camp Blanding	Automated Multipurpose Machine Gun Range: Planning and Design	1,080,000
FL	Camp Blanding	Scout Recce Gunnery Complex: Planning and Design	2,300,000

WV	Wheeling	AASF#2 Hangar ADD/ALT: Unspecified Minor Construction	6,000,000
WV	Williamstown	AASF#1 Hangar ADD/ALT: Unspecified Minor Construction	5,000,000

National Guard Biathlon Programs.—The Committees continue to support the National Guard’s role in administering the U.S. military’s biathlon program and the agreement includes \$8,000,000 above the President’s budget request in unspecified minor construction for the update of biathlon facilities that enable engagement and training. The Director of the Army National Guard is directed to provide a spend plan for the use of these funds within 60 days of enactment of this Act.

Readiness Centers.—The Committees note that many Army National Guard units utilize outdated and substandard facilities which can negatively impact the unit’s abil-

ity to meet readiness, recruiting and retention, and training objectives. Facilities with physical shortfalls of greater than 50 percent of authorized space, such as those in Jamestown, North Dakota, are particularly concerning. The Committees encourage the Army National Guard to allocate sufficient funding to address such facilities in future budget requests.

Lodging Facilities.—The Committees are aware of lodging shortfalls near Army National Guard training centers and encourage the Army National Guard to allocate appropriate funding towards lodging requirements in future budget requests, particularly for

installations with new training and readiness requirements.

MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The agreement provides \$279,353,000 for “Military Construction, Air National Guard”, which is \$130,470,000 above the budget request. Within this amount, the agreement includes \$56,982,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Air National Guard, \$112,970,000 is for the following projects in the following amounts:

State	Location	Project	Amount
AL	Montgomery Regional Airport Base	F-35 Weapons Load Crew Training Facility	\$6,800,000
AZ	Morris Air National Guard Base	Base Entry Complex	12,000,000
FL	Jacksonville Air National Guard Base	F-35 Munitions Maintenance & Inspection Facility: Planning and Design	530,000

MILITARY CONSTRUCTION, ARMY RESERVE

The agreement provides \$193,878,000 for “Military Construction, Army Reserve”,

which is \$94,000,000 above the budget request. Within this amount, the agreement includes \$24,829,000 for study, planning, design, architecture, and engineering services. Within the

total for Military Construction, Army Reserve, \$74,000,000 is for the following projects in the following amounts:

State	Location	Project	Amount
GA	Dobbins ARB	Army Reserve Center: Planning and Design	\$5,000,000
WI	Fort McCoy	Transient Training Enlisted Barracks	38,000,000
WI	Fort McCoy	Transient Training Officer Barracks	31,000,000

MILITARY CONSTRUCTION, NAVY RESERVE

The agreement provides \$36,837,000 for “Military Construction, Navy Reserve”, which is \$6,500,000 above the budget request. Within this amount, the agreement includes

\$9,090,000 for study, planning, design, architecture, and engineering services.

MILITARY CONSTRUCTION, AIR FORCE RESERVE

The agreement provides \$85,423,000 for “Military Construction, Air Force Reserve”, which is \$28,800,000 above the budget request.

Within this amount, the agreement includes \$27,573,000 for study, planning, design, architecture, and engineering services. Within the total for Military Construction, Air Force Reserve, \$35,800,000 is for the following projects in the following amounts:

State	Location	Project	Amount

VA	Joint Base Langley-Eustis	Intelligence Group Facility	10,500,000

NORTH ATLANTIC TREATY ORGANIZATION
SECURITY INVESTMENT PROGRAM

The agreement provides \$220,139,000 for the “North Atlantic Treaty Organization Security Investment Program,” which is \$10,000,000 above the budget request, to support U.S. allies and partners, deter aggression by the Russian Federation, and promote democratic governance, peace, and stability in Europe.

DEPARTMENT OF DEFENSE BASE CLOSURE
ACCOUNT

The agreement provides \$574,687,000 for the “Department of Defense Base Closure Account”, which is \$290,000,000 above the budget request.

Navy Base Closure and Realignment (BRAC) Remediation.—The agreement includes an additional \$90,000,000 above the budget request for the Navy to accelerate environmental remediation at installations closed under previous BRAC rounds and for the demolition or removal of non-historically designated buildings and structures under Navy control where the sampling or remediation of radiologically contaminated materials have been the subject of substantiated allegations of fraud. Furthermore, the Navy is directed to provide a spend plan for these additional funds to the Committees no later than 60 days after enactment of this Act.

Perfluorooctane Sulfonate (PFOS) and Perfluorooctanoic Acid (PFOA).—The Committees continue to be concerned about the extent of PFOS/PFOA contamination at closed U.S. military installations and how that contamination is measured. Therefore, the agreement includes an additional \$200,000,000 above the budget request within the Base Closure Account to increase the pace of cleanup at the military installations affected by PFOS/PFOA. The Department is directed to submit a spend plan for these additional funds to the Committees no later than 60 days after enactment of this Act.

FAMILY HOUSING
ITEM OF INTEREST

Military Housing Privatization Initiative (MHPI).—The Committees believe that the MHPI management companies have woefully neglected responsibilities outlined in their partnership agreements with the Services. The Committees continue to receive evidence of poor housing conditions, inadequate maintenance response times, mishandling of claims, indifference towards the wellbeing of servicemembers and their families, and some incidences of illegal incentive fee fraud. Therefore, the agreement provides an additional \$30,000,000 for increased oversight of DOD’s housing portfolio, including government owned and controlled family housing, and privatized family housing. Additionally, the agreement directs each Service to submit a report no later than 120 days after enactment of this Act detailing: (1) the current condition of all MHPI housing, including the current backlog of maintenance requests; (2) a summary of all MHPI tenant complaints; (3) a performance review of each MHPI management company; and (4) an update on all known and alleged incidences of incentive fee fraud. Furthermore, the agreement directs the Services to brief the Committees and provide a spend plan on how it will use the additional funding no later than 45 days after enactment of this Act.

FAMILY HOUSING CONSTRUCTION, ARMY

The agreement provides \$169,339,000 for “Family Housing Construction, Army”, which is the same as the budget request.

FAMILY HOUSING OPERATION AND
MAINTENANCE, ARMY

The agreement provides \$446,411,000 for “Family Housing Operation and Maintenance,

Army”, which is \$10,000,000 above the budget request.

FAMILY HOUSING CONSTRUCTION, NAVY AND
MARINE CORPS

The agreement provides \$337,297,000 for “Family Housing Construction, Navy and Marine Corps”, which is the same as the budget request.

FAMILY HOUSING OPERATION AND
MAINTENANCE, NAVY AND MARINE CORPS

The agreement provides \$378,224,000 for “Family Housing Operation and Maintenance, Navy and Marine Corps”, which is \$10,000,000 above the budget request.

FAMILY HOUSING CONSTRUCTION, AIR FORCE

The agreement provides \$232,788,000 for “Family Housing Construction, Air Force”, which is the same as the budget request.

FAMILY HOUSING OPERATION AND
MAINTENANCE, AIR FORCE

The agreement provides \$365,222,000 for “Family Housing Operation and Maintenance, Air Force”, which is \$10,000,000 above the budget request.

FAMILY HOUSING OPERATION AND
MAINTENANCE, DEFENSE-WIDE

The agreement provides \$50,113,000 for “Family Housing Operation and Maintenance, Defense-Wide”, which is the same as the budget request.

DEPARTMENT OF DEFENSE FAMILY HOUSING
IMPROVEMENT FUND

The agreement provides \$6,442,000 for the “Department of Defense Family Housing Improvement Fund”, which is the same as the budget request.

DEPARTMENT OF DEFENSE MILITARY
UNACCOMPANIED HOUSING IMPROVEMENT FUND

The agreement provides \$494,000 for the “Department of Defense Military Unaccompanied Housing Improvement Fund”, which is the same as the budget request.

ADMINISTRATIVE PROVISIONS

The agreement includes section 133 providing the Navy with planning and design funds for water treatment and distribution infrastructure.

The agreement includes section 134 providing funds specified to address cost increases for authorized major construction projects funded by this Act.

The agreement includes section 135 providing funds for planning and design for construction at future foreign military training sites.

The agreement includes section 136 prohibiting the use of funds in this Act to close or realign Naval Station Guantanamo Bay, Cuba.

TITLE II

DEPARTMENT OF VETERANS AFFAIRS

ITEMS OF INTEREST

Unobligated Balances of Expired Discretionary Funds.—The Department is directed to submit to the Committees on Appropriations quarterly reports detailing all unobligated balances of expired discretionary funds by fiscal year.

Asset and Infrastructure Review.—The agreement provides no funding for the Asset and Infrastructure Review account given the Asset and Infrastructure Review Commission was not seated. As the Department moves forward with the quadrennial market assessments and Strategic Capital Investment Planning Process, when recommending future infrastructure changes the Department is urged to focus on maintaining or improving veterans' access to medical care nationwide, including in dense urban or rural areas. In addition, the Department should consider how any changes could create additional barriers to care (e.g., increased travel time).

Foreign Medical Program.—The agreement urges the Department of Veterans Affairs (VA) to take steps to ensure that the Foreign Medical Program better meets the needs of veterans living overseas, particularly in remote and underserved areas like the Freely Associated States. The agreement further notes that information technology improvements, such as facilitating electronic payment of reimbursements, have great potential to improve the program for veterans, and urges the Department to prioritize these projects.

Expenditure Plan for Leases and Enhanced-Use Leases.—The agreement directs the Department to provide no later than 60 days of enactment of this Act, a detailed expenditure plan for the funds appropriated in sections 705 and 707 of Public Law 117-168, to enter into enhanced-use leases and major medical facility leases. The plan should be to the project level, reflect obligations and expenditures to date, and be updated on at least an annual basis until the funds are fully expended.

TOXIC EXPOSURES

The Committees remain concerned by the long history of servicemembers being exposed to toxic substances, including Agent Orange, radiation, per- and polyfluoroalkyl substances (PFAS), and open burn pits, and continue to urge the Department to make progress in how it addresses toxic exposures, particularly with regards to research, improving clinical efforts, and ensuring veterans are receiving the disability and compensation benefits that they have earned. The Committees note the landmark step forward taken with the recently enacted Sergeant First Class Heath Robinson Honoring our Promise to Address Comprehensive Toxics (PACT) Act of 2022 (P.L. 117-168), and encourage VA to ensure it is considering and addressing all varieties of toxic exposures, including herbicides, that affect veterans of all eras of service, including Gulf War veterans.

Gender-Specific Impacts of Toxic Exposure.—The Committees recognize the gender-specific impacts of toxic exposure and direct the Department to ensure gender-specific research on women veterans is included in its research efforts and that sufficient numbers of women veterans are included in research studies, as well as considering options to incorporate gender-based differences into the Department's Center of Excellence work, as directed in House Report 117-391.

PFAS.—The agreement directs VA to continue collaborating with DOD's PFAS Task Force, academia, and other health institutions and agencies to monitor research activities, results, and publications on the health effects from PFAS, in addition to taking an active role of its own. Furthermore, the Department is directed to report to the Committees within 120 days after enactment of this Act on the PFAS testing that will be undertaken at VA, and whether evidence-based information included in recommendations by the National Academies of Sciences, Engineering and Medicine will impact VA decisions related to blood testing for this chemical and establishing a PFAS registry for certain veterans (e.g., military firefighters).

Airborne Hazards and Burn Pits Center of Excellence.—To assist in better understanding the effects of exposure to open burn pits and airborne hazards on the health of veterans, the agreement provides \$15,000,000 for the Airborne Hazards and Burn Pits Center of Excellence.

Cancer Detection and Recurrence Monitoring Related to Toxic Exposure.—The Committees recommend VA work with outside entities specializing in genetic sequencing technologies and diagnostic services to better address cancer diagnoses related to toxic exposures. The Committees also encourage VA to consider all options to better incorporate available early detection diagnostics into veterans' care.

Karshi Khanabad Air Base.—The Committees remain concerned about servicemembers who were exposed to various hazards at Karshi Khanabad Air Base, Uzbekistan, also known as "K2", and urge the Department to implement the PACT Act's provisions related to K2 as quickly as possible.

Medical Research on Burn Pit Exposure.—The Department is urged to partner with DOD to coordinate and share research on airborne hazards from open-air burn pits and its impact to servicemembers and veterans. The Departments are encouraged to enter into a memorandum of understanding for research on identifying and treating the health outcomes following exposure of servicemembers to airborne hazards from open-air burn pits, including utilizing information gathered through the VA's Airborne Hazards and Open Burn Pit Registry.

Adjusted Rulemaking Process.—The Department is directed to provide a report to the Committees on Appropriations no later than 1 year after enactment of this Act on the timeline under which the Department plans to use the new rulemaking process to undertake a review of evidence related to toxic exposures of veterans who served at Ft. McClellan, Alabama.

Million Veterans Program.—The agreement encourages the Million Veterans Program to support research utilizing emissions data that was collected and catalogued for the Department of Defense during Overseas Contingency Operations/Global War on Terror to help in identifying the potential long-term health consequences of exposure to burn pit emissions and environmental pollutants for servicemembers.

Burn Pits Data Tracking and Reporting.—To improve data on veteran exposure to burn pits and potential health effects, the Com-

mittees reiterate the direction provided in House Report 117-391 on burn pit data tracking and reporting.

VETERANS BENEFITS ADMINISTRATION COMPENSATION AND PENSIONS (INCLUDING TRANSFER OF FUNDS)

The agreement provides \$146,778,136,000 for Compensation and Pensions in advance for fiscal year 2024. Of the amount provided, not more than \$21,423,000 is to be transferred to General Operating Expenses, Veterans Benefits Administration (VBA) and Information Technology Systems for reimbursement of necessary expenses in implementing provisions of title 38.

Military Sexual Trauma (MST) Disability Claims Processing.—Within 180 days of enactment of this Act, the agreement directs the Department to submit a report to the Committees on corrective actions taken to improve the accuracy of processing MST-related disability claims, including those taken to address the VA Office of Inspector General's findings and recommendations from the VA Office of Inspector General's Report #20-00041-163. In addition, the report should provide an update on the implementation of sections 5501 and 5502 of Public Law 116-315, including what percentage of claims are being reviewed by specialized teams, any barriers VBA faces in allowing veteran MST survivors to choose the sex of their medical examiner, and any proposed changes for ensuring veterans' choices can be met.

READJUSTMENT BENEFITS

The agreement provides \$8,452,500,000 for Readjustment Benefits in advance for fiscal year 2024.

Veteran Employment Through Technology Education Courses.—The agreement expects the Department to fully fund the program consistent with current law, and encourages VA to take steps to expand the program to address increased demand, by including adding additional providers, particularly in areas of the country where the initiative is not currently available, as well as to help train and employ veterans with disabilities, including through programs that support blind veterans in high-technology career fields, such as cybersecurity.

Post-9/11 GI Bill.—The agreement directs the Department to submit a report to the Committees within 60 days of enactment of this Act on the potential costs associated with eliminating the 15-year delimitation date for using Post-9/11 GI Bill benefits. The report should also include the number of veterans that lost access to Post-9/11 GI Bill benefits in the past 3 years and projections on the number of veterans that will lose access in the next 3 years.

VETERANS INSURANCE AND INDEMNITIES

The agreement provides \$121,126,000 for Veterans Insurance and Indemnities in advance for fiscal year 2024.

VETERANS HOUSING BENEFIT PROGRAM FUND

The agreement provides such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund. The agreement limits obligations for direct loans to not more than \$500,000 and provides \$282,361,131 to be available for administrative expenses.

VA Home Loans.—The agreement directs VA to take steps to complete all outstanding VA home loans, including those outside the contiguous United States, within 90 days of enactment of this Act and to maintain policies, funding, and staffing levels that ensure appraisals are completed within VA's established timeliness standards.

Veterans Housing Rehabilitation and Modification Pilot Program.—The agreement encourages VA to coordinate with the Department of Housing and Urban Development to

develop an outreach plan to increase awareness about this program among veterans, Veterans Service Organizations, and other eligible entities.

VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

The agreement provides \$7,171 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account, plus \$445,698 to be paid to the appropriation for General Operating Expenses, Veterans Benefits Administration. The agreement provides for a direct loan limitation of \$942,330.

NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The agreement provides \$1,400,000 for administrative expenses of the Native American Veteran Housing Loan Program Account.

GENERAL OPERATING EXPENSES, VETERANS BENEFITS ADMINISTRATION

The agreement provides \$3,863,000,000 for General Operating Expenses, Veterans Benefits Administration and, of the amount provided, up to 10 percent is available for obligation until September 30, 2024.

Equitable Relief.—As described in House Report 117-391, the Secretary is directed to continue to grant or extend equitable relief to eligible veterans initially deemed eligible in instances of administrative error, and the agreement requires the report to be submitted to the Committees no later than April 1, 2023.

Transition Assistance Grant Program.—The agreement funds the program consistent with the request for the initial implementation of the transition assistance grant program established by Section 4304 of the Johnny Isakson and David P. Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020 (P.L. 116-315) and reiterates the direction provided in House Report 117-391.

Contract Providers for Exams.—The agreement urges VA to ensure that compensation and pension exams are available at VA facilities with the capability to conduct them in a safe and thorough manner.

National Training Curriculum.—The agreement encourages the Department to improve disability claims processing training related to post-traumatic stress disorder to help ensure benefits are being correctly determined.

GI Bill Apprenticeships and On-the-Job Training.—The agreement directs VA to take additional actions to promote awareness and increased utilization of apprenticeships and on-the-job training (OJT) programs, including continued coordination and support to State Approving Agencies (SAAs) and programs that may incentivize increased participation by employers. The agreement recommends additional support and resources be provided to SAAs for the purpose of increasing awareness and utilization of apprenticeships and OJT. The Department is encouraged to explore options to expand the program, while ensuring proper oversight of SAA contracts.

Support to County, Tribal and Equivalent Governmental Veterans Service Officers.—The agreement directs the Department, no later than 90 days after the date of enactment of this Act, to submit a report to the Committees on how to improve its support of county, Tribal and equivalent governmental Veterans Service Officers. The report shall assess the feasibility and current technical limitations of providing governmental Veterans Service Officers enhanced access to certain Department systems to better serve veterans and any other recommendations to improve how the Department monitors, coordinates with, or provides support to Veterans Service Officers to include but not limited to training or financial support for local governmental operations.

Evaluation of the Impact of the National Work Queue.—The agreement directs the Department to provide a report to the Committees within 90 days of enactment of this Act on the National Work Queue, to address specifically (1) how it plans to restore procedures to provide specialized assistance to and coordination with veterans' accredited representatives; and (2) how it plans to evaluate VA employees fairly for their own work product.

Evaluation of VBA Information Technology Systems.—The agreement directs the Department to provide a report to the Committees within 90 days of enactment of this Act on how it plans to receive feedback, including from veterans' accredited representatives, on potential front-end improvements to VBA Information Technology systems (e.g., Veterans Benefits Management System) that may enhance veteran awareness and coordination for the timeliness and accuracy of claims.

Modernize the Veterans Benefits Management System.—The agreement directs the Department to complete an assessment of the Veterans Benefits Management System, and develop a plan to modernize the system as appropriate. The Department is directed to submit a report to the Committees no later than 180 days after enactment of this Act detailing the findings of this assessment and the Department's plan to update the system.

Ready for Decision Status.—The agreement directs the Department, no later than 90 days after enactment of this Act, to provide a report to the Committees on: (1) the number of claims that reached Ready for Decision (RFD) status by month since January 2021; (2) the average time in RFD status, broken down by month and by the regional office responsible for the determination; (3) any impact that COVID-19 remote work status had on processing time; and (4) any impact from delays vendors contracted by the Government Publishing Office experienced in printing and mailing notification letters to veterans and claimants in calendar year 2021.

VETERANS HEALTH ADMINISTRATION

ITEMS OF INTEREST

Develop Accurate and More Robust Quality Comparisons between VA and the Community.—The Department is directed to report to the Committees no later than 90 days after enactment of this Act on steps it will take to provide more robust and accurate quality and timeliness comparisons between VA and Veterans Community Care providers so eligible veterans can make better informed decisions on where to receive care.

Improved Transparency of, Access to, and Usability of Data.—The agreement directs the Department, not later than 180 days after enactment of this Act, to complete a review of publicly available data on the Department's Access to Care website, and conduct an analysis of the access to and usability of the data, including: (1) any numeric indicators relating to timely care, effective care, safety, and veteran-centered care; (2) patient wait times information; and (3) patient safety, quality of care, and outcome measures. The Department should consult with veterans, Veterans Service Organizations, and caregivers of veterans from geographically diverse areas and representing different eras of service in the Armed Forces. The agreement directs the Department to submit to the Committees, no later than 30 days after completing the review, a report on the outcome of the review, including any recommendations to modify the presentation of data.

Cost of Care for National Guard and Reserve Components.—The agreement directs the Department to submit a report to the Committees within 180 days of enactment of this Act

on the total cost of extending VA medical care eligibility to all non-federally activated members of the National Guard and Reserve components of the Armed Services.

Securing Medical Devices.—The agreement encourages the Department to ensure the security of all networked medical devices and to implement security and remediation best practices to address potential medical device cyberattack risks.

MEDICAL SERVICES

The agreement provides \$74,004,000,000 in advance for fiscal year 2024 for Medical Services, with \$2,000,000,000 available through fiscal year 2025. The agreement provides an additional \$261,000,000 above the fiscal year 2023 advance appropriation for the Medical Services account. The agreement maintains bill language requiring the Secretary to ensure that sufficient amounts are available for the acquisition of prosthetics designed specifically for female veterans.

Mental Health and Suicide Prevention

The agreement provides \$13,920,415,000 in discretionary funds for mental health programs, of which \$498,098,000 is for suicide prevention outreach. In addition to the directives in House Report 117-391, the agreement urges the Department to focus on preventing suicides on VA properties.

Veterans Crisis Line and 988 Implementation.—The agreement provides funding at the level requested for the Veterans Crisis Line (VCL). In addition to the instruction included in House Report 117-391, the agreement directs the Department to ensure VCL has geolocation capabilities to ensure accurate emergency dispatch to persons at risk of imminent harm to self or others. In lieu of the direction in House Report 117-391, the agreement supports an increase in staffing levels of Suicide Prevention Coordinators, including to ensure sufficient response to calls to the crisis line. In addition, the agreement continues the quarterly reporting requirement in House Report 117-391 regarding the volume of calls received by the crisis line and other metrics to measure and ensure adequate staff response.

DOD to VA Mental Health Transition Improvements.—The agreement directs the Veterans Affairs Collaboration Office to provide a report to the Committees on progress in implementing the Joint Action Plan created in response to Executive Order 13822 no later than 30 days after enactment of this Act.

National Center for Post-Traumatic Stress Disorder.—The agreement provides \$42,000,000 for the National Center for PTSD and encourages the Center to explore collaborations and investigational trials to test and develop new methods to treat PTSD. The agreement directs the Department to provide the report requested in House Report 117-391 to the Committees no later than 90 days after enactment of this Act.

Virtual Cognitive Behavioral Therapy.—In response to the directive in House Report 117-391, the Department should explicitly address efforts to better deliver mental health services virtually in areas struggling with broadband operability, including efforts to partner with commercially available platforms with VA-accredited clinicians.

Suicide Prevention Technology.—The Committees strongly encourage VA to allocate resources to support integrated, real-time data, interactive push notifications, data visualization tools and VA Suicide Prevention performance measure analytics. The report requested in House Report 117-391 should be provided to the Committees within 90 days of the enactment of this Act.

Suicide Prevention.—The agreement encourages the Department to provide complete continuity of outpatient, residential, and inpatient mental health services to proactively screen for suicide risk.

Preventing Veteran Homelessness

The agreement supports \$2,695,392,000 for programs to prevent veteran homelessness, including up to \$750,167,000 for Supportive Services for Veterans Families (SSVF), \$557,921,000 for the Department of Housing and Urban Development-Veterans Affairs Supportive Housing (HUD-VASH), \$276,368,000 for Grant and Per Diem (GPD) programs, and \$81,394,000 for Veterans Justice Outreach program and Legal Services for Veterans grants.

SSVF.—The agreement directs the Department to fill open vacancies, using all available recruitment and retention resources, and to submit an annual report on the status on filling any and all vacancies. In addition, the agreement directs the Department to report to the Committees not later than 1 year after enactment of this Act on the effectiveness of using contracted caseworkers in comparison to Department caseworkers, and on how effectively veterans are being assisted through SSVF.

HUD-VASH.—The agreement supports the expansion of caseworkers hired in order to reach the Department's goal of 90 percent of caseworker positions filled, and encourages the Department to continue to expand the program to reach as many veterans as possible.

Moreover, the agreement directs VA to coordinate with HUD to establish pathways that would allow for temporary, transitional case management in areas that Public Housing Authorities have vouchers that are available, allocated and accompanied with VA case management resources, but underutilized due to a lack of VA referrals. The Department is expected to finalize its guidance regarding approval of a Public Housing Authority to be a designated service provider no later than March 31, 2023.

Homeless Providers GPD Program.—The agreement directs the Department to make funding available for GPD beds based on a collaborative process with local housing partners, the local VA Medical Centers and the Continuums of Care.

Healthcare for Homeless Veterans Program.—In addition to the direction in House Report 117-391, the agreement urges the Department to expand outreach regarding housing, healthcare, and mental healthcare resources.

Utilization of Long-Term Care Services by Organizations Serving Homeless and At-Risk Veterans through VA.—The agreement directs the Department to assess the utilization of long-term care services by veterans known to be experiencing homelessness, at-risk of homelessness within the next 90 days, and having experienced homelessness in the last 90 days. This assessment and should be broken down by each veteran's demographic data, geographical location of services rendered, and the program(s) the veteran utilized within the Office of Geriatric and Extended Care (GEC) and the Homeless Programs Office (HPO); and include a strategic plan to better coordinate access to GEC and HPO services. Within 1 year of enactment of this Act, the Department is directed to submit to the Committees a report on the findings and strategic plan.

Non-Traditional Housing.—The agreement strongly encourages the Department to continue its efforts to find suitable housing for veterans and their families, including non-traditional efforts, such as "Micro" or "Tiny Homes" or renovated shipping containers. In lieu of the direction in House Report 117-391, the agreement directs the Department to report to the Committees within 90 days of enactment of this Act on the feasibility, including cost estimates, of establishing a grant program to build villages of tiny homes for homeless veterans.

VHA Staffing and Clinical Workforce Issues

Annual Staffing Report.—The Committees appreciate the Department's efforts to provide useful information regarding its staffing challenges. The Committees remind the Veterans Health Administration of the directive included in the Joint Explanatory Statement accompanying Public Law 117-103 to provide no later than January 31 of each calendar year, beginning in January 2023, a comprehensive report on workforce and staffing issues.

VA Medical Center Staffing.—In addition to utilizing new authorities provided by Congress, the agreement encourages the Department to explore ways to introduce new technologies to reduce staff workloads and improve patients' access to timely care.

Rural Health

Office of Rural Health.—The agreement provides \$337,455,000 for the Office of Rural Health and the Rural Health Initiative, which is \$10,000,000 above the fiscal year 2022 enacted level.

Rural Transportation Challenges.—The agreement directs the Office of Rural Health to expand and improve transportation access for veterans to and from facilities, and to allocate sufficient funding to enhance rural access and transportation services, including up to \$10,000,000 for the Highly Rural Transportation Grants Program. The agreement directs the Department to report the findings and recommendations of its ongoing studies on the use of accessible, autonomous and electric vehicles, which could be particularly helpful in rural areas, and as directed in House Report 117-391, to submit a plan for future analysis of this technology. In addition, the agreement directs the Office of Rural Health to expeditiously conclude the rural transportation study by the Veterans Rural Health Resource Center and report the findings to the Committees to assess gaps in the Department's comprehensive rural transportation program.

Rural Health Eligibility.—The agreement directs the Department to submit a report to the Committees no later than 180 days after enactment of this Act that analyzes the impact on access to VA healthcare if the VA income eligibility threshold for Priority Group 7 is increased to the highest income eligibility threshold in each State. The report should analyze the impact on veteran health if eligibility for dental care is expanded to include all VHA eligible veterans.

Veterans Affairs Health Navigator Platform.—The agreement encourages the Department to investigate the benefits of utilizing Health Management Platforms and a health navigator system, focused on improving patient access and beneficiary experiences for veterans in rural and/or low population density areas, similar to an ongoing DOD pilot.

Telehealth and Connected Care

The agreement provides \$5,174,818,000 to sustain and increase telehealth capacity, including in rural, highly rural, and underserved communities.

VA-Academic Telehealth Partnerships.—The agreement encourages the Department to support telehealth partnerships with academic institutions, including in communities in non-contiguous areas without university teaching hospitals, and including Maternal Fetal Medicine services.

Gender-Specific Care for Women

The agreement includes \$840,446,000 to support gender-specific care for women, as well as funding for the program office and initiatives. The Department is directed to provide a spend plan detailing how this funding will be allocated and describing all planned activities related to care for women veterans to the Committees no later than 90 days

after enactment of this Act. In addition, the Department is directed to provide quarterly briefings to the Committees on the expenditure of the funds. The Department is further directed to continue upgrading medical facilities to meet the needs of women veterans and is reminded of the annual reporting requirement included in the Joint Explanatory Statement accompanying Public Law 116-94 related to women's healthcare facilities.

Caregivers Support

The agreement includes \$1,866,210,000 for VA's Caregivers Program, and continues the requirement for quarterly reporting on obligations.

Caregivers Support.—The agreement encourages the Secretary to permit recently disqualified and denied applicants with a history in the program to have their applications automatically reconsidered under the current requirements, rather than go through the appeals process, or consider creating an expedited review for Program of Comprehensive Assistance for Family Caregivers (PCAFC) appeals to ensure timely decisions. The agreement urges the Department to proceed expeditiously in revising and reissuing regulations to bring the program fully in line with statute and Congressional intent, and to work collaboratively with the Committees in this process.

PCAFC Legacy Caregivers Employment Assistance.—The agreement directs the Department to submit a report to the Committees no later than 60 days after enactment of this Act detailing what steps have been or could be taken to assist legacy PCAFC caregivers with job-hunting skills and employment placement.

Opioid Safety Initiatives and Substance Use Disorder Care

To continue to build upon opioid reduction efforts and safety initiatives, the agreement includes \$662,805,000 for opioid prevention and treatment programs at VA, including \$245,754,000 to continue implementation of the Jason Simcakoski Memorial and Promise Act as part of the Comprehensive Addiction and Recovery Act of 2016 (P.L. 114-198).

The agreement also includes \$183,287,000 for Substance Use Disorder (SUD) efforts to ensure a greater number of veterans can receive SUD specialty services. The Committees are concerned with challenges veterans face in accessing treatment, including wait times for inpatient admission, and direct the Department to continue to increase investment in this program to reduce delays and ensure adequate bed availability and staffing.

Whole Health

The agreement provides \$85,851,000 for Whole Health, which is \$10,000,000 above the request, to continue to implement and expand the Whole Health initiative to all VA facilities. Within the total, the agreement includes \$5,000,000 for creative arts therapies, as described in House Report 117-391 and consistent with the budget request.

Long-Term Care

The agreement provides \$12,085,353,000 as requested by the Department for long-term care, including \$4,052,596,000 for non-institutional care. VA is encouraged to continue cooperating with community, State, and Federal partners to expand these programs.

Rural Access to Home and Community-Based Services.—The agreement directs the Department, within 1 year of enactment of this Act, to report to the Committees on the availability of and access to home- and community-based services (HCBS) for rural veterans. The report should include an analysis of rural veterans' access to HCBS, including programs or care provided directly by VA, as well as HCBS paid for by VA; any disparities

in rural veterans' access to each type of HCBS, as compared to their urban veteran counterparts; and, if available, considerations in access to care for rural veterans who live on Tribal lands, are women veterans, or are disabled veterans.

Veteran-Directed Care.—The agreement encourages expansion of the Veteran-Directed Care Program.

Domiciliary Care Claims for Veterans with Early-Stage Dementia.—The agreement directs the Secretary to expeditiously implement section 3007 of Public Law 116-315, and delegate the waiver authority to Veterans Integrated Service Networks and local VA hospital systems so that newly eligible veterans may begin to receive this crucial support.

Other Health Issues

Neurology Centers of Excellence.—In lieu of the direction in House Report 117-391, the agreement directs the Department to provide a report to the Committees within 90 days of enactment of this Act on the feasibility, advisability, and costs of expanding the Neurology Centers of Excellence (including but not limited to epilepsy, headache, multiple sclerosis, and Parkinson's disease) to enhance their ability to serve veterans. The report should include funding provided for each category of Center of Excellence for the past five years (including the budget year) and proposed in fiscal year 2024; and estimated costs to support additional sites, increased staff at sites, or other activities associated with expansion. The agreement supports an additional \$5,000,000 to begin expansion of the Headache Centers of Excellence, as described in the report submitted by the Department in response to the Joint Explanatory Statement accompanying the Consolidated Appropriations Act, 2022 (P.L. 117-103); and up to \$4,000,000 to support an expansion of Parkinson's Disease Research, Education and Clinical Centers and associated Parkinson's Disease Consortia and multiple sclerosis centers, pending the Committees' review of the recommendations in the requested report.

Pressure Injuries.—A report on the timeline to update the directive required in House Report 117-391 on the Standardized Pressure Injury Prevention Protocol Checklist is requested within 90 days of enactment of this Act.

Molecular Diagnostics for All Cancers.—The Committees believe that every veteran with cancer deserves the highest quality and most medically advanced diagnosis and treatment available, and the Committees commend the Department's Precision Oncology Program. The agreement supports the budget request to expand precision oncology clinical services, including molecular diagnostics, and includes up to \$10,000,000 to accelerate the adoption of molecular diagnostics for numerous cancers. Additionally, the Committees remind the Department of the reporting requirement in House Report 117-391.

Adaptive Sports.—The agreement includes \$27,229,000 for National Veterans Sports Programs, including \$16,000,000 for adaptive sports programs, and no less than \$1,500,000 for equine therapy.

Medication Optimization for Veterans.—The agreement provides \$15,610,000, as requested, for the National Pharmacogenomics Program.

Intimate Partner Violence Program.—The Committees support the VA Intimate Partner Violence Program (IPV), which has made important progress in implementing programs to combat domestic violence, and direct the Department to fully resource the IPV Program and to continue to include it as a program of interest with budget detail in the justifications accompanying the fiscal year 2024 budget submissions.

Support for Vet Centers.—The agreement supports the request for Vet Centers and urges the Department to increase access to Vet Centers, including ensuring adequate staffing and evaluating whether additional centers may be needed. In addition to the direction in House Report 117-391, the agreement directs the Department to submit a report to the Committees no later than 90 days of enactment of this Act on its progress on implementing the recommendations in the report "VA Vet Centers: Evaluations Needed of Expectations for Counselor Productivity and Centers' Staffing" (GAO-20-652).

Pilot Programs for Agritherapy.—The agreement provides \$5,000,000 to continue a pilot program to train veterans in agricultural vocations, while also tending to behavioral and mental health needs with behavioral healthcare services and treatments by licensed providers.

Pain Management Treatments.—The Committees note alternative treatments for pain management have been shown to be effective in reducing pain and reliance on prescription opioids, and continue to encourage VA to expand the use of alternative treatments to pain management in its delivery of healthcare services, as well as integrate treatments such as acupuncture into VA medical centers and clinics through licensed professionals or on a contract basis. Additionally, given the potential of osteopathic manipulative treatment (OMT) to treat back and other pain, the Department is directed to track utilization of OMT among veterans seeking care and provide a report to the Committees within 120 days of enactment of this Act on the use of OMT. The Department is further urged to develop a mechanism to track outcomes of this treatment.

Bioelectronic Medicine for Veterans.—The Committees note the potential offered by Bioelectronic Medicine combined with machine learning and artificial intelligence and encourage the Department to ensure these technologies are available to veterans. In lieu of the funding in House Report 117-391, the agreement directs VA to report to the Committees within 60 days of enactment of this Act on how it plans to expand access to these technologies and support initiatives that encourage innovation.

Home Improvements and Structural Alterations.—The agreement directs the Department to provide a report to the Committees no later than 90 days of enactment of this Act on whether the Home Improvements and Structural Alterations benefit is sufficient to cover the costs of medically necessary improvements and structural alterations, taking into account housing costs in defined geographic regions, and recommendations to improve the program to meet the need.

Infrastructure Investment and Jobs Act Compliance.—The agreement directs the Department to promptly provide the required report under Section 70913 of the Infrastructure Investment and Jobs Act (P.L. 117-58) and apply the required preference to infrastructure projects funded by this Act.

Nonmelanoma Skin Cancer Treatment.—The agreement directs the Department to analyze what barriers exist for veterans seeking image-guided superficial radiotherapy across different types of practices, including but not limited to certified medical establishments and private dermatology practices, and what action can be taken to remove any identified obstacles. The Department is directed to submit a report on the analysis to the Committees no later than 90 days after the enactment of this Act.

Integration of Veteran and Tribal Partners in Applicable Areas.—The agreement directs the Secretary of Veterans Affairs to appoint a single point of contact to coordinate Federal Tribal and veteran healthcare in areas where

it may be difficult for a veteran to find proper representation of care due to limited presence of VA facilities.

Solid Tumor Diagnostic Assay.—The agreement directs the Department to provide an update on cancer diagnostics proteomics research no later than 180 days after enactment of this Act to the Committees.

Rehabilitation and Disability Prevention.—The agreement encourages the Department to develop, evaluate, implement, and disseminate new strategies for rehabilitation and for disability prevention, including strategies for emotional well-being.

Dental Services.—The agreement supports efforts to expand VA dental services to the broadest extent of current authority.

Hyperbaric Oxygen Therapy.—The agreement encourages the Department to continue to research the efficacy of hyperbaric oxygen therapy (HBOT) as a treatment for PTSD and traumatic brain injury, and permit case-by-case referrals for HBOT in the community.

Medical Cannabis.—The agreement acknowledges the Department is in the process of updating VHA Directive 1315, Access to VHA Clinical Programs for Veterans Participating in State-Approved Marijuana Programs, and encourages the Department to not interfere with a veteran's decision to participate in such programs and document it appropriately, to the extent allowable under Federal law.

Mobile Health Clinics.—The agreement supports robust funding and encourages VA to expand their mobile clinics in order to serve more veterans.

Medical Device Efficiencies.—The Committees note the importance of reducing emissions and waste at medical facilities, as well as improving supply chain resilience. The Department is encouraged to explore potential options and approaches to achieve these goals, including FDA-regulated, commercial reprocessing of single-use medical devices, as appropriate. Within 180 days of enactment of this Act, the Department is directed to submit a report to the Committees that provides an assessment of VA's medical device reprocessing efforts, including benefits, potential cost savings to VA medical facilities, estimates of reduced waste, and impacts on health outcomes.

Air Ambulance Services.—The Committees urge the Department to ensure that any changes to the reimbursement policy for air ambulances do not reduce the availability of emergency services to veterans or increase mortality and morbidity among veterans needing air ambulance care, which is particularly important in rural areas. The Committees further note that Public Law 116-260 required the Department of Health and Human Services (HHS) to review updated cost data on air ambulance services, and encourage VA to coordinate with HHS to ensure that its data is accurate and up to date before finalizing any payment policy changes.

Pharmaceutical On-dose Tracking and Tracking Technologies.—The agreement directs that the report directed in House Report 117-391 should also outline the Department's implementation and deployment strategies for on-dose tracking of pharmaceutical products within the VA.

Domestic Procurement of Medical Isotopes.—The agreement directs the Department to submit to the Committees a report within 90 days of enactment of this Act on the availability of domestic sources of sustainable medical radioisotopes available for procurement and the feasibility of increasing the portion of procured technetium-99m patient doses produced from domestically manufactured molybdenum-99.

Oral Contraceptives.—In lieu of the direction in House Report 117-391, the Committees

note the potential advantages for patients in receiving a full year's supply at once of oral contraceptive pills that are for regular use and urge the Department to improve awareness of the option to receive a full year's supply of such pills, when medically appropriate. The Committees request a report within 30 days of enactment of this Act on the findings of VA's evaluation of its demonstration project.

Assisted Reproductive Services.—The agreement does not include the proposal in the fiscal year 2023 budget request to revise the access policy for assisted reproductive services.

Fertility Treatment Data.—In lieu of the reporting requirements and directives under the heading "Fertility Treatment Data" in House Report 117-391, the Department is reminded of the annual reporting requirement included in the Joint Explanatory Statement that accompanied Public Law 117-103.

Adoption Reimbursement and Assisted Reproductive Services.—In lieu of the funding in House Report 117-391, the agreement urges the Department to increase its efforts to ensure veterans are informed about their benefits.

MEDICAL COMMUNITY CARE

The agreement provides \$33,000,000,000 in advance funding for fiscal year 2024 for Medical Community Care, with \$2,000,000,000 available until September 30, 2025. The agreement provides an additional \$4,300,000,000 above the fiscal year 2023 advance appropriation for the Medical Community Care account.

MISSION Act Reporting.—The agreement directs the Department to continue to provide to the Committees quarterly reports on the expenditures related to the MISSION Act for the prior fiscal year and the current fiscal year, and estimates for expenditures related to the MISSION Act for the next five fiscal years. These reports should include costs broken out by account, with categories for costs of MISSION Act-affected community care, caregiver expansion, urgent care, and other efforts. These reports should also include: (1) the number of veterans served by each authority for care outlined in section 1703(d) of title 38, United States Code (i.e., the Department does not offer the care, the Department does not operate a full-service medical facility in the State in which the covered veteran resides, etc.); (2) the cost of such care broken out by the authorities in section 1703(d); and (3) the timeliness of care, on average.

In addition, the agreement directs the Department to submit monthly reports to the Committees identifying available resources, obligations, authorizations, and anticipated funding needs for the remainder of the fiscal year. This should include detail on the timing of authorization of care and the obligation of funds. The report should also provide data broken out by VISN on the number of referrals and completed appointments in-house and in the community, including timeliness.

Rural Health Continuity of Care.—The agreement continues to encourage VA to sustain continuity of care for rural veterans in line with the direction included in Senate Report 117-35.

Dialysis Services.—The agreement expects that VA will ensure that care is not disrupted or diminished for the veterans who receive treatment under the Nationwide Dialysis Services contracts. The agreement directs the Department to include as part of the feasibility report requested in Senate Report 117-35 a pay-for-performance value-based dialysis payment model under which dialysis providers are accountable for outcomes and are paid based on improved care metrics. Metrics that are highly correlated

with improved veteran outcomes and lower total cost of care, as well as health equity should be considered.

Community Care Payment Rates.—In addition to the information requested in House Report 117-391, the report on community care providers in rural areas should also address the effect of Medicare Physician Fee Schedule payment rates for certain mental healthcare providers on participation in the Veterans Community Care Program (VCCP). Specifically, the report should examine any effect lower payment rates have on: (1) provider recruitment and retention in the VCCP network, and (2) veterans' ability to access mental healthcare in the community. The report should also include the Department's view on whether the payment structure established under Public Law 115-182, the VA MISSION Act of 2018, limits reimbursement rates for non-physician community mental health providers to the Medicare Physician Fee Schedule.

State Veterans Homes Per Diem.—The agreement directs the Department to examine the contracts entered into with each State home for nursing home care to determine if adequate compensation is provided for the cost of furnishing care in that location, including in States outside of the contiguous United States, and that no undue burden is placed on the States to provide care to veterans. A report of the findings should be provided to the Committees within 90 days of the enactment of this Act.

State Veterans Homes.—The agreement directs the Secretary to report to the Committees within 120 days of enactment of this Act on actions that the Department or Congress can take to expand support for State veterans homes, particularly those in rural areas at risk of closure due to financial challenges, such as increasing per diem reimbursement rates, expanding eligibility for care, altering the required veteran occupancy rate, or expanding hiring and retention authorities. The report should include a budgetary impact analysis of the options and an explanation of any additional authorities necessary.

Veterans Access to Long-Term Care.—In addition to the direction in House Report 117-391 regarding long-term care for veterans with severe traumatic brain injury, the agreement directs the Department to provide to the Committees within 60 days of enactment of this Act an update on its efforts to carry out the direction provided in Senate Report 117-35 regarding Veterans Care Agreements. In addition, this report should address if veteran access to long-term care services could be improved if TRICARE's Office of Federal Contract Compliance program exemptions included VA Health Benefits Providers, such as skilled nursing homes.

Contract Nursing Homes.—The agreement directs the Department to provide a report to the Committees within 120 days of enactment of this Act to determine if there has been a decrease in the availability of nursing home care and why. The report should include: (1) the number of contract nursing homes VA uses nationwide, by State, for each of the past 10 years; (2) an assessment about whether Medicare payment rates or VA Fee Schedule Rates affect whether non-VA nursing homes are willing to accept veteran patients; and (3) the number of veteran inpatients who remained at VA Medical Centers and VA Healthcare Systems for at least 30 days while awaiting an available treatment bed.

Caregiver and Nurse Registries.—The agreement directs the Department to provide a report to the Committees no later than 90 days after enactment of this Act on: (1) the rationale that led to the exclusion of licensed caregiver and nurse registries after 2 years of

allowing them to participate; (2) the explanation provided to veterans on why they could no longer use the services they had previously relied on; (3) the total number of veterans impacted by this change; and (4) information on efforts undertaken by VA to ensure veterans are not left without caregivers as a result of this change.

MEDICAL SUPPORT AND COMPLIANCE

The agreement provides \$12,300,000,000 in advance funding for fiscal year 2024 for Medical Support and Compliance, with \$350,000,000 available through fiscal year 2025. The agreement provides an additional \$1,400,000,000 above the fiscal year 2023 advance appropriation for the Medical Support and Compliance account.

Office of Health Informatics.—The agreement directs the Department to evaluate the processes currently in place for coordinating with the Social Security Administration to transmit relevant medical and disability information for veterans with 100 percent service connected, permanent and total disability ratings, for the purpose of expediting Social Security Disability Insurance benefits decisions.

MEDICAL FACILITIES

The agreement provides an additional \$1,500,000,000 above the fiscal year 2023 advance appropriation for this account. The agreement provides \$8,800,000,000 in advance for fiscal year 2024 for Medical Facilities, of which \$500,000,000 is made available through fiscal year 2025.

The Committees expect VA to provide, no later than 30 days after enactment of this Act, an expenditure plan detailing the planned use of the funds provided, and further, the Committees request a quarterly update of the plan if the funding for any single project changes by more than \$3,000,000 during that time period.

Community-Based Outpatient Clinic in Bakersfield, California.—The Committees remain concerned that a new Bakersfield CBOC remains unbuilt more than a decade after Congress authorized this facility in Public Law 111-82. Recognizing the constraints due to ongoing litigation, the Committees direct the Secretary to expeditiously execute Lease No. 36C10F20L0008 and commence construction of the CBOC as soon as possible. The Committees direct the Secretary to provide monthly reports on the CBOC's progress until completion and activation.

Prohibition on Smoking.—The agreement supports the Department's efforts to make VA facilities smoke-free and encourages full implementation and enforcement of VHA Directives 1085 and 1085.1.

Negative Air Pressure Containment Systems.—The agreement directs the Department to report to the Committees within 90 days of enactment of this Act on the Department's prior utilization or purchase of commercial-off-the-shelf negative air pressure containment systems in response to the COVID-19 pandemic and an analysis of potential requirements necessary to prepare for future pandemics.

VA Infrastructure Requirements.—The agreement encourages the Department to incorporate the requirement to address aging infrastructure in future budget requests, as appropriate.

Recurring Expenses Transformational Fund.—The agreement supports the Department's plan to allocate \$75,000,000 of the Recurring Expenses Transformational Fund balances to support the deployment, upgrade, or installation of infrastructure or equipment to support goals established in Executive Order 14057.

MEDICAL AND PROSTHETIC RESEARCH

The agreement provides \$916,000,000 for Medical and Prosthetic Research, available

until September 30, 2024. Bill language is included to ensure that the Secretary allocates adequate funding for prosthetic research specifically for female veterans and for toxic exposures.

Women Veterans Research.—The Committees direct the Department to ensure its research program adequately addresses the unique needs and concerns of women veterans, which can be substantially different than both civilian women and men veterans.

Animal Research.—The agreement continues bill language to limit research on dogs, cats, and non-human primates, and reiterates that this language requires the implementation of a plan under which the Secretary will eliminate or reduce the research conducted using these species by not later than 5 years after the date of enactment of Public Law 116-94. Additionally, the Department is directed to include in any report to Congress describing animal research approved under Sec. 247 of this Act detail on what specific alternatives to animals were considered, why those alternatives were not chosen, and therefore supporting why these animal subjects are the only viable option for this research.

Access to Clinical Oncology Trials.—The Committees continue to support the ongoing collaborative efforts between VA medical centers and National Cancer Institute (NCI)-designated comprehensive cancer centers, but note the lack of infrastructure for clinical trials in other areas of the country. The Committees note the budget request has highlighted expanding access to oncology clinical trials as a priority for fiscal year 2023 and direct that not less than \$10,000,000 be allocated to support partnerships between VA medical centers and NCI-designated comprehensive cancer centers, with an emphasis on expanding to new sites outside the current NAVIGATE structure.

VA Cancer Moonshot.—The agreement directs that skin cancer be included as a priority area, due to the prevalence of various skin cancers among servicemembers.

Spinal Cord Injuries and Disorders.—The agreement encourages the Department to increase the Clinical Science Research and Development program funding for initiatives conducted across the Spinal Cord Injuries and Disorders (SCI/D) System of Care, and prioritize activities to study and assess spinal cord neurostimulation therapies and devices to restore movement and autonomic functions in veterans living with SCI/D.

Opiate-Free Pain Therapy for Veterans.—The agreement encourages the Department to implement a research project in various VA facilities/VISNs evaluating the efficacy of thermal, shortwave diathermy on patients with chronic pain for non-opioid pain relief.

Improving the Quality of Life in Tinnitus Management by Veterans.—The agreement encourages the Department to work with academic partners, as appropriate, to address and improve the outcomes for veterans experiencing problematic tinnitus, including research to identify contributing factors associated with tinnitus onset and progression to chronic tinnitus and develop novel interventional therapies and self-management tools. VA is encouraged to consider academic institution factors such as proximity to operational military bases, the presence of Nurse Practitioner/Doctor of Nursing Practice/Doctorate programs, and the presence of Osteopathic Medicine and Engineering programs.

MEDICAL CARE COLLECTIONS FUND

The agreement includes the authority for the Medical Care Collections Fund to retain co-payments and third-party collections, estimated to total \$3,910,000,000 in fiscal year 2023.

MCCF Third-Party Billing.—The Committees note that procedures to provide for not only correct billing, but also prompt collection must continue to be improved at VA. Therefore, the agreement directs the Department to submit quarterly reports to the Committees on Appropriations identifying the amount of third-party health billings that were owed to VA in the previous quarter, and the amount collected, with an explanation of why amounts were not collected, as directed in House Report 117-391.

NATIONAL CEMETERY ADMINISTRATION

The agreement provides \$430,000,000 for the National Cemetery Administration (NCA). Of the amount provided, up to 10 percent is available until September 30, 2024.

Cemetery Access and Unmet Needs.—The Committees remain concerned that NCA is not adequately serving the nation's veterans in certain areas, particularly rural areas and geographically isolated areas. The agreement therefore directs VA to continue to pursue efforts to ensure that a burial option, including those utilizing public-private partnerships, within 75 miles of all veteran homes is available and accessible. Additionally, the Department is directed to report to the Committees within 180 days of enactment of this Act on its progress to review and amend the criteria for establishing new national cemeteries, including changes to allow for the establishment of new national veterans cemeteries in geographically isolated areas and states where state veterans cemeteries do not meet national shrine standards, and how revised criteria will help address the remaining need of unserved veteran populations.

Western New York Cemetery.—The agreement directs the Department to provide a detailed plan and timeline to the Committees no later than 60 days after the enactment of this Act to fully address and mitigate traffic safety concerns at the intersection of New York State Route 77 and Indian Falls Road (County Route 4) adjacent to the Western New York Cemetery.

Rural Initiative National Cemetery Grants Program.—The agreement directs the Department to submit a report to the Committees no later than 90 days after enactment of this Act on the feasibility and advisability of establishing a Rural Initiative National Cemetery Grants Program to support State and local entity projects that enhance the operation and maintenance of Rural Initiative National Cemeteries.

DEPARTMENTAL ADMINISTRATION

GENERAL ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$433,000,000 for General Administration. Of the amount provided, up to 10 percent is available for obligation until September 30, 2024. The agreement continues to include bill language permitting the transfer of funds from this account to General Operating Expenses, Veterans Benefits Administration.

Financial Management Business Transformation (FMBT).—The agreement provides \$20,300,000 for FMBT.

The agreement provides funding for General Administration in the amounts specified below:

(\$ in thousands)	
Office ¹	Amount
Office of the Secretary	\$17,324
Office of General Counsel	136,347
Office of Management	78,064
Office of Human Resources & Administration/Operations, Security & Preparedness	111,394
Office of Enterprise Integration	36,229
Office of Public and Intergovernmental Affairs	15,764
Office of Congressional & Legislative Affairs	9,545
Office of Accountability & Whistleblower Protection	28,333
Total	433,000

¹ The Office of Acquisition, Logistics & Construction and the Veterans Experience Office are funded solely with reimbursable authority.

The Secretary may alter these allocations if the Committees have been notified and written approval is provided.

Data Governance and Analytics.—The agreement directs the Office of Enterprise Integration to further coordinate enterprise-wide efforts of managing VA data as a strategic asset, enhance veterans' insights, and strengthen VA's delivery of services and benefits to veterans, their families, survivors, and caregivers.

Improving Personal Cybersecurity for Veterans.—The agreement encourages the Department to help improve personal cybersecurity among veterans by increasing digital and media literacy through education and resources, including protection against cyber threats and influence campaigns.

VA Accessibility Office and VA Accessibility Officer.—The agreement encourages the Department to explore options, such as a VA Accessibility Office led by a Chief Accessibility Officer, to ensure the accessibility needs of disabled veterans and employees are met.

508 Accessibility.—The agreement directs the Secretary to review VA's 508 accessibility compliance and Information and Communication Technology accessibility, report findings to the Committees within 90 days after enactment of this Act, and continue to report on the progress of 508 accessibility compliance annually for 3 years after enactment. The agreement urges the Department to maintain open lines of communication with VSOs, particularly the Blinded Veterans Association, during the ongoing effort to improve accessibility.

Pershing Hall in Paris, France.—The Department is directed to submit a report to the Committees within 180 days of enactment of this Act on the current status of and the envisioned future state of Pershing Hall in Paris, France with regard to operations, developments and improvements, as well as any options for disposition under consideration. In developing the report, the Department shall consult with the Secretary of the American Battle Monuments Commission and interested stakeholders, including the American Legion and its Paris Post 1.

BOARD OF VETERANS APPEALS

The agreement provides \$285,000,000 for the Board of Veterans Appeals, of which up to 10 percent shall remain available until September 30, 2024.

Scheduling Backlog.—The agreement directs the Department to submit a report to the Committees within 90 days of enactment of this Act on the length of time it takes to schedule appeals and the Board's planned steps to improve efficiency.

Appeals Backlog.—The agreement supports the Board's efforts to increase personnel and invest in technology to help keep up with the increase in demand.

Evaluating Execution of the Appeals Modernization Act.—The agreement directs the Department to provide a report to the Committees within 90 days of enactment of this Act on: (1) its analysis of why more veterans choose to skip a quicker review by VBA; (2) its plan to educate veterans on quicker options available to them under the Appeals Modernization Act; (3) a summary of recurring issues before the Board; and (4) its plan to improve training of VBA employees to reduce the frequency of recurring issues before the Board.

Recruitment and Retention.—The agreement supports using available tools to improve the recruitment and retention of attorneys, including the reimbursement of Bar Dues, and encourages the Board to use its discretion to lift the cap to reimburse attorneys for their Bar Dues.

INFORMATION TECHNOLOGY SYSTEMS
(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$5,782,000,000 for the Information Technology (IT) Systems account. The agreement includes \$1,494,230,000 for staff salaries and expenses, \$4,145,678,000 for operation and maintenance of existing programs, and \$142,092,000 for program development.

The agreement makes no more than 3 percent of pay and associated costs funding available until the end of fiscal year 2024, no more than 5 percent of operations and maintenance funding available until the end of fiscal year 2024, and all IT systems development funding available until the end of fiscal year 2024.

The agreement continues to include language permitting funding to be transferred among the three IT subaccounts, subject to approval from the Committees, and allowing funding to be transferred among development projects or to new projects subject to the Committees' approval. Further, the agreement prohibits increasing or decreasing a development project by more than \$3,000,000 prior to receiving approval of the Committees or after a period of 30 days has elapsed.

The agreement directs the Department to improve the type, quality, and organization of information in the IT budget submission starting in the fiscal year 2024 submission. This should include a section detailing every existing funded IT project.

This table is intended to serve as the approved list of development projects; as noted above, any requested changes exceeding \$3,000,000 to a project are subject to reprogramming requirements.

INFORMATION TECHNOLOGY DEVELOPMENT PROJECTS
(\$ in thousands)

Project	Agreement
Health Management Platform	70,736
Community Care	37,879
Telehealth Services	13,657

VETERANS ELECTRONIC HEALTH RECORD

The agreement provides \$1,759,000,000 for Veterans Electronic Health Record for activities related to the development and roll-out of VA's Electronic Health Record Modernization (EHRM) initiative, the associated contractual costs, and the salaries and ex-

penses of employees hired under titles 5 and 38, United States Code. The agreement makes 25 percent of funds contingent upon the Secretary, within specified deadlines: (1) providing a report detailing the status of outstanding issues impacting the stability and usability of the new electronic health record (EHR) system, including those that contributed to deployment delays, along with a timeline and measurable metrics; (2) certifying and detailing any changes to the full deployment schedule; and (3) certifying the status of outstanding issues impacting the stability and usability of the system, and whether the system is ready and optimized for further deployment at VA sites.

While the Committees remain supportive of the need to modernize VA's electronic health record system, there continue to be wide-ranging and alarming implementation issues with the new system, including serious usability problems that have led to or contributed to instances of patient harm and reduced employee productivity. The Committees support the Department's decision to pause further deployments to address problems with the new system and improve the operation at existing sites. The Committees are hopeful that the Department will resolve outstanding issues expeditiously and in a manner that will allow the Department to resume rollout of the new system safely and efficiently in Summer 2023, as planned.

The agreement continues quarterly reporting of obligations, expenditures, and deployment schedule by facility. The Committees expect the Department to continue monthly briefings on program implementation, including updates on progress resolving outstanding issues, and to provide quarterly updates to review timelines, performance milestones, implementation, and change management progress. The agreement continues to direct the Government Accountability Office to conduct quarterly performance reviews of EHRM deployment and to report to the Committees each quarter.

Cost and Budget Estimates.—The agreement directs the Department to clearly identify all costs related to EHRM implementation, including those that would be incurred in other budget accounts, in meeting the reporting requirements above and in the justifications accompanying the President's budget request. The Department is expected to provide to the Committees an updated Life Cycle Cost Estimate for the program, taking into account the recent estimate provided by the Institute for Defense Analyses. At least annually, the Department is directed to provide a report to the Committees comparing current estimated costs to the revised Life Cycle Cost Estimate.

Patient Harm and Transparency.—The agreement reiterates the direction provided in House Report 117–391, acknowledges the initial report provided by the Department, and expects to receive the other report di-

rected under this heading in House Report 117–391 within 90 days of enactment of this Act.

Additional EHRM Oversight.—In addition, the agreement directs the Department to provide a report to the Committees no later than June 1, 2023, detailing steps taken to: (1) revise and enhance the EHR training program; (2) independently validate the efficacy of the super user program and the training for such program; (3) ensure proper medication management and accurate patient data through such record; (4) demonstrate that patient record flags that identify veterans who are at high risk for suicide are properly displayed in such record; and (5) implement a policy for regular updates to affected employees about progress on and estimated completion dates for issues arising from trouble tickets.

For each site using the new EHR, the agreement directs the Department to periodically report to the Committees on changes to staffing levels, productivity compared to pre-implementation levels, and wait times for access to VA care and care in the community. The Department is strongly discouraged from retaliation against employees who raise patient safety concerns related to EHRM activities.

OFFICE OF INSPECTOR GENERAL

The agreement provides \$273,000,000 for the Office of Inspector General. Of the amount provided, up to 10 percent is available for obligation until September 30, 2024.

CONSTRUCTION, MAJOR PROJECTS

The agreement provides \$1,447,890,000 for Construction, Major Projects. The agreement makes this funding available for five years, except that \$716,168,000 is made available until expended, of which \$1,500,000 shall be available for seismic improvement projects. The agreement does not provide the requested new authority for VHA land acquisition.

Construction Program.—The agreement encourages the Department to take into account whether States have a full-service VA medical facility when determining which projects to fund.

Cost Increases.—Recognizing the challenges of inflation and supply chain shortages, the agreement encourages the Department to adequately resource the completion of existing construction projects, including CHIP-IN for Vets Act projects.

Recurring Expenses Transformational Fund.—The agreement supports the Department's plan to allocate \$804,510,000 of the Recurring Expenses Transformational Fund balances to support construction projects in Portland, OR; Canandaigua, NY; Fort Harrison, MT; and for other purposes.

The agreement funds the following items requested in the budget submission:

CONSTRUCTION, MINOR PROJECTS

The agreement provides \$626,110,000 for Construction, Minor Projects. The agreement makes this funding available for five years, except that \$62,611,000 is made available until expended. The agreement supports the allocation included in the budget request, providing \$344,245,000 for the Veterans Health Administration, \$157,265,000 for the National Cemetery Administration, \$30,000,000 for the Veterans Benefits Administration, and \$94,600,000 for staff offices (including the Office of Information Technology). The agreement directs the Department to provide an expenditure plan to the Committees no later than 30 days after enactment of this Act.

Support the Expedient Enactment of the Greater Los Angeles Healthcare System's Master Plan.—The agreement supports the Department's efforts to operationalize the Greater Los Angeles Healthcare System's Master Plan and encourages continued engagement with the Principal Developer Team and others on any potential funding opportunities, including Capital Contributions.

Recurring Expenses Transformational Fund.—The agreement supports the Department's plan to allocate \$88,490,000 of the Recurring Expenses Transformational Fund balances to support facilities improvements at existing medical facilities.

GRANTS FOR CONSTRUCTION OF STATE
EXTENDED CARE FACILITIES

The agreement provides \$150,000,000 for Grants for Construction of State Extended Care Facilities, to remain available until expended.

GRANTS FOR CONSTRUCTION OF VETERANS
CEMETERIES

The agreement provides \$50,000,000 for Grants for Construction of Veterans Cemeteries, to remain available until expended.

COST OF WAR TOXIC EXPOSURES FUND

The agreement provides \$5,000,000,000 in direct spending for the Cost of War Toxic Exposures Fund (the Fund) established to support new costs related to providing veterans and their families the benefits and care associated with the eligibility expansion included in the Honoring our PACT Act of 2022 (P.L. 117-168). The combination of these funds and those made available through discretionary appropriations in this Act and through other sources, fully support the administration's request to implement the PACT Act in fiscal year 2023, including to address increased demand for health care and benefits, and reflect the expedited implementation schedule announced by the President on August 10, 2022. The agreement does not shift discretionary resources to the Fund.

The intent of the Fund is to address the costs associated with implementing the PACT Act, including additional future eligibilities that result from the process changes enacted. This Fund is intended to be used to

cover the costs of care and delivery of benefits that are related to toxic exposure. The appropriations provided in this Fund supplement VA's ongoing efforts to provide toxic exposure-related healthcare or other benefits that VA had authority for prior to passage of the PACT Act.

The agreement requires an expenditure plan to be submitted to the Committees on Appropriations. This expenditure plan is critical to ensure proper usage of the Fund, and will inform future budget estimates, including those from the Congressional Budget Office, on exactly how the Fund will be applied.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF
FUNDS)

The agreement includes section 201 allowing for the transfer of funds among the three mandatory accounts.

The agreement includes section 202 allowing for the transfer of funds among the four medical accounts.

The agreement includes section 203 allowing salaries and expenses funds to be used for the hire of passenger vehicles, lease of facilities or land, and purchase of uniforms.

The agreement includes section 204 restricting the accounts that may be used for the acquisition of land or the construction of any new hospital or home.

The agreement includes section 205 limiting the use of funds in the Medical Services account only for entitled beneficiaries unless reimbursement is made to the Department.

The agreement includes section 206 allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The agreement includes section 207 allowing the use of appropriations available in this title to pay prior year obligations.

The agreement includes section 208 allowing the Department to use surplus earnings from the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund to administer these programs.

The agreement includes section 209 allowing the Department to cover the administrative expenses of enhanced-use leases and provides authority to obligate these reimbursements until expended.

The agreement includes section 210 limiting the amount of reimbursement the Office of Resolution Management, Diversity and Inclusion, the Office of Employment Discrimination Complaint Adjudication, and the Alternative Dispute Resolution function within the Office of Human Resources and Administration can charge other offices of the Department for services provided.

The agreement includes section 211 requiring the Department to collect third-party payer information for persons treated for a non-service-connected disability.

The agreement includes section 212 allowing for the use of enhanced-use leasing revenues for Construction, Major Projects and Construction, Minor Projects.

The agreement includes section 213 outlining authorized uses for Medical Services funds.

The agreement includes section 214 allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services and Medical Community Care accounts.

The agreement includes section 215 allowing Alaskan veterans to use medical facilities of the Indian Health Service or Tribal organizations.

The agreement includes section 216 permitting the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The agreement includes section 217 requiring the Secretary to submit financial status quarterly reports for the Department. The specific data requested is similar to that requested in the fiscal year 2017 conference report.

The agreement includes section 218 requiring the Department to notify and receive approval from the Committees of any proposed transfer of funding to or from the Information Technology Systems account and limits the aggregate annual increase in the account to no more than 10 percent of the funding appropriated to the account in this Act.

The agreement includes section 219 providing up to \$330,140,000 of specified fiscal year 2023 funds for transfer to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 220 which permits up to \$314,825,000 of specified fiscal year 2024 medical care funding provided in advance to be transferred to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 221 which authorizes transfers from the Medical Care Collections Fund to the Joint DOD-VA Medical Facility Demonstration Fund.

The agreement includes section 222 which transfers at least \$15,000,000 from VA medical accounts to the DOD-VA Health Care Sharing Incentive Fund.

The agreement includes section 223 prohibiting funds from being used to replace the current system by which VISNs select and contract for diabetes monitoring supplies and equipment.

The agreement includes section 224 requiring that the Department notify the Committees of bid savings in a major construction project of at least \$5,000,000, or 5 percent, whichever is less, 14 days prior to the obligation of the bid savings and describe their anticipated use.

The agreement includes section 225 which prohibits VA from increasing the scope of

work for a major construction project above the scope specified in the original budget request unless the Secretary receives approval from the Committees.

The agreement includes section 226 requiring a quarterly report from each VBA regional office on pending disability claims, both initial and supplemental; error rates; the number of claims processing personnel; corrective actions taken; training programs; and review team audit results. It also requires a quarterly report on the number of appeals pending at the Veterans Benefits Administration and the Board of Veterans Appeals.

The agreement includes section 227 requiring VA to notify the Committees 15 days prior to any staff office relocations within VA of 25 or more full-time-equivalent staff.

The agreement includes section 228 requiring the Secretary to report to the Committees each quarter about any single national outreach and awareness marketing campaign exceeding \$1,000,000.

The agreement includes section 229 permitting the transfer to the Medical Services account of fiscal year discretionary 2023 funds appropriated in this Act or available from advance fiscal year 2023 funds already appropriated, except for funds appropriated to General Operating Expenses, VBA, to address possible unmet, high priority needs in Medical Services, upon approval of the Committees.

The agreement includes section 230 permitting the transfer of funding between the General Operating Expenses, Veterans Benefits Administration account and the Board of Veterans Appeals account upon approval of the Committees.

The agreement includes section 231 prohibiting the Secretary from reprogramming funds in excess of \$7,000,000 among the major construction projects or programs unless the reprogramming is approved by the Committees.

The agreement includes section 232 maintaining certain professional standards for the veterans crisis hotline and requiring a study to assess its effectiveness.

The agreement includes section 233 prohibiting the use of funds, from the period October 1, 2018, through January 1, 2024, in contravention of VHA's guidelines on breast cancer screening published on May 10, 2017.

The agreement includes section 234 addressing the use of funding for assisted reproductive technology treatment and adoption reimbursement.

The agreement includes section 235 prohibiting any funds being used in a manner that is inconsistent with statutory limitations on outsourcing.

The agreement includes section 236 pertaining to exceptions for Indian- or Native Hawaiian-owned businesses contracting with VA.

The agreement includes section 237 directing the elimination over a series of years of the use of social security numbers in VA programs.

The agreement includes section 238 referencing the provision in the 2017 Appropriations Act pertaining to certification of marriage and family therapists.

The agreement includes section 239, which prohibits funds from being used to transfer funding from the Filipino Veterans Equity Compensation Fund to any other VA account.

The agreement includes section 240 permitting funding to be used in fiscal years 2023 and 2024 to carry out and expand the child care pilot program authorized by section 205 of Public Law 111-163.

The agreement includes section 241 prohibiting VA from using funds to enter into an agreement to resolve a dispute or claim with

an individual that would restrict the individual from speaking to members of Congress or their staff on any topic, except those required to be kept secret in the interest of national defense or the conduct of foreign affairs.

The agreement includes section 242 referencing language in the 2017 Appropriations Act requiring certain data to be included in budget justifications for major construction projects.

The agreement includes section 243 prohibiting the use of funds to deny the Inspector General timely access to information unless a provision of law expressly refers to the Inspector General and expressly limits such access.

The agreement includes section 244 prohibiting funding from being used in a manner that would increase wait times for veterans at medical facilities.

The agreement includes section 245 prohibiting the use of funds in fiscal year 2023 to convert any program which received specific purpose funds in fiscal year 2022 to a general purpose-funded program without the approval of the Committees on Appropriations at least 30 days prior to any such action.

The agreement includes section 246 referencing language in the 2017 Appropriations Act regarding the verification of service for coastwise merchant seamen.

The agreement includes section 247 addressing animal research at the Department of Veterans Affairs.

The agreement includes section 248 requiring the ratio of veterans to full-time employment equivalents in any rehabilitation program not to exceed 125 veterans to one full-time employment equivalent.

The agreement includes section 249 allowing fiscal year 2023 and 2024 "Medical Community Care" funds to be used to cover obligations that otherwise would be paid by the Veterans Choice Fund, if necessary.

The agreement includes section 250 allowing obligations and expenditures applicable to the "Medical Services" account in fiscal years 2017 through 2019 for aid to state homes to remain in the "Medical Community Care" account.

The agreement includes section 251 specifying an amount from the four medical care accounts for gender-specific care for women.

The agreement includes section 252 allocating funds from the "Recurring Expenses Transformational Fund" established in section 243 of division J of Public Law 114-113.

The agreement includes section 253 requiring quarterly reports on the status of the "Veterans Medical Care and Health Fund," established to execute section 8002 of the American Rescue Plan.

The agreement includes section 254 providing contributions from other Federal agencies to VA Non-Profit Corporations for research with an extended distribution authority on valid obligations.

The agreement includes section 255 rescinding unobligated balances.

The agreement includes section 256 to limit funds from being used to close medical facilities.

The agreement includes section 257 rescinding unobligated balances.

The agreement includes section 258 to allow use of unobligated balances to support construction projects in the CHIP-IN program.

TITLE III

RELATED AGENCIES

AMERICAN BATTLE MONUMENTS COMMISSION

SALARIES AND EXPENSES

The agreement provides \$87,500,000 for Salaries and Expenses of the American Battle Monuments Commission (ABMC), an in-

crease of \$700,000 above the budget request. The additional funds will allow ABMC to not only maintain the cemeteries and monuments honoring America's war dead, but also to preserve and communicate these veterans' stories of courage and sacrifice.

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

The agreement provides such sums as necessary for the Foreign Currency Fluctuations Account.

UNITED STATES COURT OF APPEALS FOR

VETERANS CLAIMS

SALARIES AND EXPENSES

The agreement provides \$46,900,000 for Salaries and Expenses for the United States Court of Appeals for Veterans Claims (CAVC). The funding supports a planned expansion of CAVC's authorization for additional judges, which will help address growing caseloads.

Evaluating Recurring Appeals Issues.—The Committees are concerned certain issues involving veterans' claims continue to surface on appeals to the CAVC. Veterans who disagree with a VA decision may seek another review by the Administration of jurisdiction, e.g., the Veterans Benefits Administration, or they may appeal to the Board of Veterans' Appeals (BVA). After a BVA decision, veterans may further appeal to the first tribunal beyond the confines of VA—the CAVC. Despite multiple layers of review at the Administration or BVA, and despite years of remands, the CAVC reportedly sees recurring issues with how VA processes a veteran's claim. Therefore, the agreement directs the CAVC to provide a report to the Committees within 90 days of enactment of this Act on the recurring issues the Court addresses in VA decisions, and the impact it has on the quality or timeliness of a veteran's claim.

DEPARTMENT OF DEFENSE—CIVIL

CEMETERIAL EXPENSES, ARMY

SALARIES AND EXPENSES

The agreement provides \$93,400,000 for Cemeterial Expenses, Army—Salaries and Expenses. Within that amount, up to \$15,000,000 in funding is available until September 30, 2025.

CONSTRUCTION

The agreement provides \$62,500,000 for Construction, including \$60,000,000 to support Arlington National Cemetery's Southern Expansion project that would provide approximately 80,000 burial opportunities and extend the life of the Cemetery. The agreement directs the Cemetery to include in its required quarterly reports status updates on funds obligated, including previously appropriated funds, and funds remaining for the Southern Expansion project, as well as any remaining unfunded needs to complete the project.

The agreement also provides \$2,500,000 to begin the process of a project to make improvements to Memorial Avenue, and directs the Cemetery to provide updates on the status of this study and project, including obligations of funds.

ARMED FORCES RETIREMENT HOME

TRUST FUND

The agreement provides a total of \$75,360,000 for the Armed Forces Retirement Home (AFRH). The funding supports high-priority capital projects, particularly those currently under design, as well as operations and maintenance requirements. The agreement requires AFRH to provide an expenditure plan detailing the planned use of the funds provided for capital projects, as directed in House Report 117-391. The agreement also includes two-year availability of funds for operations and maintenance.

MAJOR CONSTRUCTION

The agreement provides \$77,000,000 in major construction funding to support renovation of the Sheridan Building on the

Washington campus, which will improve resident safety and quality of life, address needed maintenance projects, and provide additional opportunities for AFRH to increase occupancy rates. The Committees request quarterly reports on the status of this construction project, including obligations of funds, anticipated timelines, and any changes to the overall cost of the project.

ADMINISTRATIVE PROVISION

The agreement includes section 301 permitting funds from concessions at Army National Military Cemeteries to be used to support activities at the Cemeteries.

TITLE IV

GENERAL PROVISIONS

The agreement includes section 401 prohibiting the obligation of funds in this Act beyond the current fiscal year unless expressly so provided.

The agreement includes section 402 prohibiting the use of the funds in this Act for programs, projects, or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The agreement includes section 403 encouraging all departments and agencies funded in this Act to expand the use of “E-Commerce” technologies and procedures.

The agreement includes section 404 specifying the congressional committees that are to receive all reports and notifications.

The agreement includes section 405 prohibiting the transfer of funds to any depart-

ment, agency, or instrumentality of the United States Government without authority from an appropriations Act.

The agreement includes section 406 prohibiting the use of funds for a project or program named for a serving Member, Delegate, or Resident Commissioner of the United States House of Representatives.

The agreement includes section 407 requiring all reports submitted to Congress to be posted on official web sites of the submitting agency.

The agreement includes section 408 prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

The agreement includes section 409 prohibiting the use of funds for the payment of first-class air travel by an employee of the executive branch.

The agreement includes section 410 prohibiting the use of funds in this Act for any contract where the contractor has not complied with E-Verify requirements.

The agreement includes section 411 prohibiting the use of funds in this Act to construct facilities on military installations that do not meet resiliency standards.

The agreement includes section 412 prohibiting the use of funds in this Act for the renovation, expansion, or construction of any facility in the continental United States for the purpose of housing any individual who

has been detained at the United States Naval Station, Guantanamo Bay, Cuba.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

**DIVISION K—DEPARTMENT OF STATE,
FOREIGN OPERATIONS, AND RELATED
PROGRAMS APPROPRIATIONS ACT,
2023**

The explanatory statement accompanying this division is approved and indicates congressional intent. In implementing this agreement, Federal departments, agencies, commissions, and other entities are directed to comply with the directives, reporting requirements, and instructions contained in the H. Rept. 117-401 (House report) accompanying H.R. 8282 (House bill) as though stated in this explanatory statement, unless specifically directed to the contrary.

This explanatory statement, while repeating some House report language for emphasis or clarification, does not negate language in such report unless expressly provided herein. Language expressing an opinion or making an observation in the House report represents the view of the House committee unless specifically endorsed in this explanatory statement.

Reports required to be submitted pursuant to the Act, including reports required by this explanatory statement and the House report, may not be consolidated to include responses to multiple requirements in a single report, except following consultation with the Committees on Appropriations.

For purposes of this explanatory statement, the term “the Act” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2023, and the term “prior Acts” means prior Acts making appropriations for the Department of State, foreign operations, and related programs. In addition, “division K of Public Law 117-103” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2022; “division K of Public Law 116-260” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2021; “division G of Public Law 116-94” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2020; “division F of Public Law 116-6” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2019; “division J of Public Law 115-31” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2017; and “division K of Public Law 114-113” means the Department of State, Foreign Operations, and Related Programs Appropriations Act, 2016.

For the purposes of the Act, the term “regular notification procedures of the Committees on Appropriations” shall mean such Committees must be notified not less than 15 days in advance of the initial obligation of funds, and the term “reporting procedures of the Committees on Appropriations” shall mean a report must be provided to such Committees not more than 90 days after the conclusion of fiscal year 2023.

Federal agencies funded by the Act shall notify the Committees on Appropriations of any reprogramming, as required by section 7015 of the Act, at the most detailed level of the Congressional Budget Justification (CBJ), the Act, or this explanatory statement.

Section 7015(c) of the Act requires that any notification submitted pursuant to subsection (f) of such section include information, if known on the date of transmittal of such notification, on the use of notwithstanding authority. The Secretary of State and Administrator of the United States Agency for International Development (USAID), as appropriate, shall include in such notifications detailed information on the provisions of law being notwithstanding and a justification for the use of such authority.

Congressional notifications submitted by the heads of the Federal agencies funded in the Act for funds that are being reallocated prior to initial obligation, reprogrammed, or reobligated after deobligation, shall, to the maximum extent practicable, contain detailed information about the sources of the funds and why such funds are no longer needed or intended to be used as previously justified.

The Secretary of State and USAID Administrator are directed to submit notifications for the obligation of funds made available by the Act and prior Acts not later than 60 days prior to the expiration of such funds.

Section 7019 of the Act requires that amounts designated in the respective tables included in this explanatory statement for funds appropriated in titles III through V, including tables in title VII, shall be made available in the amounts designated, unless otherwise provided for in the Act, and shall be the basis of the report required by section 653(a) of the Foreign Assistance Act of 1961 (FAA) (653(a) report), where applicable. In lieu of the funding tables and allocations of funding contained in the House report, the tables and allocations contained in this explanatory statement shall guide departments, agencies, commissions, and other entities when allocating funds. The Act provides that the amounts designated in the tables shall be made available notwithstanding the date of the transmission of the 653(a) report. The authority of section 7019(b) to deviate by more than 10 percent shall not be used to deviate to zero unless such funds cannot be legally obligated or conditions are such that such deviation is directly related to the national security interest of the United States.

Proposed deviations from tables in titles I and II in this explanatory statement are subject to the regular notification procedures of the Committees on Appropriations unless an exception or deviation authority is specifically provided in the Act or this explanatory statement.

The Secretary of State and the USAID Administrator shall continue to provide the Committees on Appropriations electronic copies of all reports, notifications, spend plans, and any other documents required by the Act, prior Acts, this and prior explanatory statements and statements of managers, the House report, and prior House and Senate reports.

For purposes of the Act and this explanatory statement, the term “prior consultation” means a pre-decisional engagement between a relevant Federal agency and the Committees on Appropriations during which such Committees are given a meaningful opportunity to provide facts and opinions, in advance of any public announcement, to inform: (1) the use of funds; (2) the development, content, or conduct of a program or activity; or (3) a decision to be taken. Additionally, section 7020 of the Act includes specific requirements regarding multi-year pledges.

Notwithstanding authority included in any provision of the Act shall not be construed to exclude the requirements of such provision.

Pursuant to section 7016(b), any Federal agency receiving funds made available by the Act shall post on its publicly available website any report required by the Act not later than 45 days following the receipt of such report by Congress. This requirement does not apply if: (1) the public posting of the report would compromise national security, including the conduct of diplomacy; (2) the report contains proprietary or other privileged information; or (3) the public posting of the report is specifically exempted in the House report or this explanatory statement.

For purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), with respect to appropriations contained in the Act, the term “program, project, and activity” (PPA) means any item for which a dollar amount is specified in the Act or this explanatory statement. In addition, the definition of PPA in section 7023 of the Act shall apply to the accounts listed in that section. In carrying out any Presidential sequestration, Federal agencies funded by the Act shall conform to the definition of PPA described in this paragraph.

In submitting annual CBJs, each Federal agency funded by the Act shall include detailed information on all available resources, including estimated prior fiscal year unobligated balances and recoveries, reimbursable agreements, funds transferred pursuant to section 632(a) and (b) of the FAA and significant uses of the Economy Act (31 U.S.C. 1535). Agencies that use a Working Capital Fund (WCF) shall include in CBJs the total budgetary resources for each office that receives funds from a WCF, and include a table on WCF resources that will serve as a baseline for reprogramming and transfer purposes. CBJs shall also include estimated savings from any proposed office or mission closure or reorganization, elimination of special envoys and other senior level special representatives, and actual prior fiscal year representation and entertainment expenses for each department and agency where such expenses are authorized. Spend plans submitted pursuant to section 7062(b) of the Act shall: (1) include all intended sources of funds made available by the Act and any other resources, as applicable, for such program; and (2) conform to the definition of such plan under section 7034(s)(4) of the Act.

Consistent with prior fiscal years, none of the funds made available by the Act may be used to send or otherwise pay for the attendance of more than 50 employees of Federal agencies who are stationed in the United States at any single international conference occurring outside the United States, unless the Secretary of State reports to the appropriate congressional committees at least 5 days in advance that such attendance is important to the national interest.

For purposes of this restriction, the term “international conference” means a conference attended by representatives of the United States Government and of foreign governments, international organizations, or nongovernmental organizations (NGOs).

Federal agencies funded by the Act shall not provide bonuses to government contractors who fail to complete their contract in a satisfactory manner, including as a result of avoidable scheduling delays or cost overruns.

The agreement does not endorse directives under certain House report headings: *Non-discrimination policies* (under Operating Expenses); and Assistance Priorities under section 7045 regarding funding for violence prevention programs at Mexico’s northern border.

In addition to amounts in this division, the agreement includes \$16,565,000,000 in division M to respond to the situation in Ukraine and in countries impacted by the situation in Ukraine and for additional support and assistance for other operations, vulnerable populations, and communities.

The agreement includes funding for additional Foreign Service Officers and Civil Service positions for the Department of State in fiscal year 2023. Prior to submitting the operating plan required by section 7062(a) of the Act, the Secretary of State shall consult with the Committees on Appropriations on major changes from the prior fiscal year, including funding for programs, offices, and staffing increases referenced in this explanatory statement.

Arctic.—The Secretary of State shall prioritize filling the position of Ambassador-at-Large for the Arctic Region and ensure that the United States enhances its engagement in such region. The agreement provides \$2,000,000 to support the Ambassador-at-Large, \$50,000 for the Indigenous Peoples Secretariat to support the work of U.S.-based Permanent Party Participants to the Arctic Council, and funding for the next Conference of Parliamentarians of the Arctic Region. The Secretary of State shall support the 2024

Arctic Winter Games and work with the Department of the Interior to ensure appropriate support for the Arctic Youth Ambassadors Program.

Not later than 90 days after the date of enactment of the Act, the Secretary of State shall update the report required under this heading in Senate Report 116–126 in the manner described, including progress made in fiscal year 2022 and efforts planned in fiscal year 2023 to better coordinate Arctic policy within the Department of State.

Bureau of Cyberspace and Digital Policy.—The agreement endorses the language under this heading in the House report.

Bureau of Intelligence and Research.—The agreement includes funding above the prior fiscal year for the Bureau of Intelligence and Research, including for information technology (IT) modernization, which shall be made available following consultation with the Committees on Appropriations.

Caribbean Countries.—The Secretary of State and USAID Administrator shall, not later than 90 days after the date of enactment of the Act, review the United States diplomatic and development presence in the Caribbean and develop and submit to the Committees on Appropriations a plan for expanding such presence, with a particular focus on the Eastern and Southern Caribbean. Such plan shall review and examine: (1) the personnel, facility, and transportation assets, particularly options for improved methods for transit between islands, needed to reengage in a region and in countries where there is no regular presence of United States diplomatic or development personnel; (2) provide an estimate of resources required; and (3) a timeline for the plan's implementation.

Case-Zablocki Act.—The agreement provides increased funding to enhance Executive Branch reporting to Congress on binding and non-binding instruments, including implementation of the Case-Zablocki Act (1 U.S.C. 112b).

Charleston Passport Center.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall consult with the Committees on Appropriations on the operations of the Charleston Passport Center, particularly the need for in-person constituent appointments.

Consular Operations.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations detailing steps taken to address visa and passport processing backlogs, including the expansion of interview waivers, implementation of new technology, and increases for staffing.

Conventional Arms Transfer Policy Oversight.—The agreement includes \$5,000,000 above the prior fiscal year to increase staffing and resources for the Bureaus of Political-Military Affairs and Democracy, Human Rights, and Labor (DRL) to enable efficient management and robust oversight of United States security assistance programs, related statutory requirements, and implementation of the Conventional Arms Transfer Policy.

Department of State Staffing Reports.—Not later than 60 days after the date of enactment of the Act and every quarter thereafter until September 30, 2024, the Secretary of State shall submit a report to the Committees on Appropriations detailing the on-board personnel levels, hiring, and attrition of the Civil Service, Foreign Service, eligible family members, and the Locally Employed Staff (LES) workforce of the Department of State.

Diversity and Inclusion.—The agreement includes funding for workforce diversity initiatives, including not less than \$6,000,000 each for the Pickering and Rangel Fellowships and additional funds for the International

Career Advancement Program. The Department of State should continue to evaluate diversity across Foreign Service Specialist tracks and Generalist cones and determine whether the Foreign Affairs IT Fellowship model or other such existing models could be expanded to increase diversity in other fields.

Not later than 90 days after the date of enactment of the Act, the Secretary of State and USAID Administrator shall submit a report to the appropriate congressional committees describing the demographic composition of their respective Federal advisory committees, boards, or commissions, including any selections for advisory committees, boards, or commissions in fiscal year 2023.

Not later than 90 days after the date of enactment of the Act, the Secretary of State shall update the report required under the heading *Department of State Diversity and Inclusion* in the explanatory statement accompanying division K of Public Law 117–103.

East Asia and the Pacific Region.—The Department of State shall ensure sufficient personnel are assigned to posts in the East Asia and Pacific regions, including management, security, political, consular, and economic officers in Laos, New Zealand, and Samoa.

Wheelchairs.—The agreement includes funds for USAID's Wheelchair Program to improve the availability of, and access to, appropriate wheelchairs in low- and middle-income countries, including to support international coordination and professionalization of the wheelchair sector to ensure services and product standards are developed and promoted globally. Broader efforts to increase global access to assistive technology contribute to improved access to wheelchairs, and these funds may be used to promote such efforts. The USAID Administrator shall consult with the Committees on Appropriations prior to the initial obligation of funds for such purposes.

Youth Report.—The agreement endorses the reporting requirement under the heading

Frontline Health Workers.—The agreement includes funds to increase USAID activities to: (1) support frontline health workers, including those in conflict settings; (2) expand and diversify the global health workforce; (3) increase leadership opportunities for women; and (4) increase investments in digital technologies for health, including using digital systems to improve access to primary healthcare services. Not later than 90 days after the date of enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on efforts to track funding for, and measure progress on, such activities in a consistent and standardized way.

Health Reserve Fund.—The agreement includes up to \$8,000,000 of the funds made available for "Other Public Health Threats" under this heading for the Health Reserve Fund to support cross-cutting health activities, including health service delivery, the health workforce, health information systems, access to essential medicines, health systems financing, and governance, in challenging environments and countries in crisis. The USAID Administrator shall consult with the Committees on Appropriations on the uses of such funds.

HIV-Positive Pregnant Women.—The U.S. Global AIDS Coordinator is encouraged to prioritize treatment for HIV-positive pregnant women to prevent mother-to-child transmission. Not later than 120 days after the date of enactment of the Act, the Coordinator shall submit a report to the Committees on Appropriations on services provided to HIV-positive women during pregnancy, labor and delivery, and the 12 months following delivery, including diagnosis and treatment services, to ensure mother and child have access to treatment.

HIV, TB, and Malaria Report.—Not later than 90 days after the date of enactment of the Act, the USAID Administrator and the U.S. Global AIDS Coordinator shall submit a report to the Committees on Appropriations detailing the approximate number of treatments provided for HIV/AIDS, tuberculosis, and malaria, disaggregated by disease, as a result of U.S. Government assistance in fiscal years 2020 and 2021. Such report shall include detail on funds expended to achieve such outcomes.

Leprosy.—The USAID Administrator is encouraged to support research and development of a vaccine to protect against nerve damage resulting from leprosy.

Maternal and Child Health Report.—Not later than 90 days after the date of enactment of the Act, the USAID Administrator shall submit a report to the Committees on Appropriations on the following outcomes achieved during the previous fiscal year, disaggregated by country: (1) the approximate number of treatments provided to children for pneumonia and diarrhea, reported separately, as a result of U.S. Government assistance; and (2) the approximate number of mothers and infants who received postnatal care within two days of childbirth as a result of such assistance. Such report shall include detail on funds expended to achieve such outcomes.

Multilateral Vaccine Development.—The agreement includes \$100,000,000 for a United States contribution to the Coalition for Epidemic Preparedness Innovations, pursuant to section 6501 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117-81). Not later than 90 days after the date of enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on such contribution.

Research and Development.—Not later than 60 days after the date of enactment of the Act, the USAID Administrator shall update the report required under this heading in

Senate Report 116-126. Such report shall also include detail on USAID's research and development of antibiotics.

Vaccines.—The agreement supports continued efforts at not less than the prior fiscal year to create effective vaccines for malaria and HIV/AIDS and to undertake vaccine development efforts to prevent and respond to infectious disease outbreaks.

Vulnerable Children.—The agreement supports funding to coordinate assistance for orphans and vulnerable children and to implement the United States Government Strategy on Advancing Protection and Care for Children in Adversity (APCCA). The annual report required by the Assistance for Orphans and Other Vulnerable Children in Developing Countries Act of 2005 (Public Law 109-95) shall include the amounts invested for each objective of the APCCA in the prior fiscal year.

Not later than 180 days after the date of enactment of the Act, the USAID Administrator and the Secretary of State shall jointly submit a report to the Committees on Appropriations on: (1) the amount of funding provided under development and humanitarian assistance accounts for mental health and psychosocial support programming in the prior fiscal year; and (2) how USAID and the Department of State are working to integrate mental health and psychosocial programming, including child-specific programming, into their development and humanitarian assistance programs.

The agreement includes \$87,000,000 for Trade and Development Agency, including not more than \$21,000,000 for administrative expenses.

TITLE VII
GENERAL PROVISIONS

The following general provisions are contained in the Act. Each is designated as unchanged, modified, or new as compared to division K of Public Law 117-103:

Section 7001. Allowances and Differentials (unchanged)

Section 7002. Unobligated Balances Report (unchanged)

Report on Unallocated Funds.—Not later than 45 days after the date of enactment of

the Act, the Secretary of State shall submit a report to the Committees on Appropriations detailing all funds appropriated in prior Acts under Foreign Military Financing Program, or a predecessor account, that have been obligated into the Foreign Military Sales Trust Fund and are unallocated to a case as of the date of enactment of the Act.

Section 7003. Consulting Services (unchanged)

Section 7004. Diplomatic Facilities (modified)

New Embassy and Consulate Compound Construction.—Not later than 60 days after the date of enactment of the Act, the Director of the Bureau of Overseas Buildings Operations shall brief the Committees on Appropriations on efforts to expand opportunities for additional, qualified U.S. companies to participate in Department of State construction projects abroad, including minority-owned companies, and the results of those efforts.

Section 7005. Personnel Actions (unchanged)

Section 7006. Prohibition on Publicity or Propaganda (unchanged)

Section 7007. Prohibition Against Direct Funding for Certain Countries (unchanged)

Section 7008. Coups d'État (modified)

Modifications.—The agreement provides a new program-by-program national security interest waiver of the prohibition on funds for the government of a country whose duly elected head of government is deposed by a coup d'état. Such waiver is intended to be used to improve consistency and transparency in the application of this section.

Section 7009. Transfer of Funds Authority (modified)

Section 7010. Prohibition and Limitation on Certain Expenses (unchanged)

Section 7011. Availability of Funds (unchanged)

Section 7012. Limitation on Assistance to Countries in Default (unchanged)

Section 7013. Prohibition on Taxation of United States Assistance (unchanged)

Section 7014. Reservations of Funds (unchanged)

Section 7015. Notification Requirements (modified)

Funds Received from Foreign Governments.—The Secretary of State and the USAID Administrator, as appropriate, shall report to the Committees on Appropriations within 15 days of the receipt of funds received from foreign governments pursuant to sections 607 and 635(d) of the FAA, other than from countries that are North Atlantic Treaty Organization (NATO) or major non-NATO allies designated pursuant to section 517(b) of such Act. The report shall include the source and the amount of funds received.

Partnership for Global Infrastructure and Investment.—Subsection (h)(2)(H) requires that funds specifically allocated for the Partnership for Global Infrastructure and Investment (PGII) are subject to the regular notification procedures of the Committees on Appropriations. Such requirement is not intended to apply to funds that are being attributed to PGII and have been justified or designated for other purposes, including to meet other directives in the Act or this explanatory statement.

Section 7016. Documents, Report Posting, Records Management, and Related Cybersecurity Protections (unchanged)

Section 7017. Use of Funds in Contravention of this Act (unchanged)

Section 7018. Prohibition on Funding for Abortions and Involuntary Sterilization (unchanged)

Section 7019. Allocations and Reports (unchanged)

Section 7020. Multi-Year Pledges (unchanged)

Section 7021. Prohibition on Assistance to Governments Supporting International Terrorism (unchanged)

Section 7022. Authorization Requirements (unchanged)

Section 7023. Definition of Program, Project, and Activity (unchanged)

Section 7024. Authorities for the Peace Corps, Inter-American Foundation, and United States African Development Foundation (unchanged)

Section 7025. Commerce, Trade and Surplus Commodities (unchanged)

Section 7026. Separate Accounts (unchanged)

Section 7027. Eligibility for Assistance (unchanged)

Section 7028. Disability Programs (modified)

Children.—The Secretary of State and USAID Administrator shall increase funding for programs implemented by the UN Children's Fund and its partners to protect the rights of, and increase access to services and opportunities for, children with severe cognitive and physical disabilities in developing countries.

Disability Programs.—Funds made available for “Disability Programs” under Development Assistance shall be made available for USAID disability programs, including to support disability rights advocacy organizations in developing countries, and shall be in addition to funds otherwise directed, including for assistive technology and the Leahy War Victims Fund.

Section 7029. International Financial Institutions (modified)

Accountability, Standards, and Best Practices.—The Secretary of the Treasury shall instruct the United States Executive Director of each international financial institution to use the voice and vote of the United States to promote the prioritization of the use of local labor and trade-off standards that determine best value bids, rather than lowest-price technically acceptable, including with State-owned companies and enterprises.

Human Rights.—The United States executive director of each international financial institution (IFI) shall consult with the Assistant Secretary for DRL prior to voting on a loan, grant, policy, or strategy if the executive director has reason to believe it could result in, or facilitate, forced displacement or other violations of human rights.

Implementation Report.—In lieu of the reports required under this section in prior Acts and in the House report, not later than 180 days after the date of enactment of the Act and every 180 days thereafter until September 30, 2024, the Secretary of the Treasury shall submit a consolidated report to the appropriate congressional committees detailing the actions taken by the United States executive directors of the international financial institutions to implement subsections (a), (b), (d), (e), (f), (g), and (h) of this section.

Such report shall include a description of the extent to which the United States executive directors consult with the Department of State on the implementation of such subsections, including instructions given to such executive directors, and how assessments of corruption are incorporated into United States voting practices at the international financial institutions.

Section 7030. Technology Security (modified)

Pursuant to subsection (b)(1), the agreement allocates \$100,000,000 made available by the CHIPS Act of 2022 (Public Law 117-167) for the Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America International Technology Security and Innovation Fund according to the following table for fiscal year 2023:

CHIPS FOR AMERICA INTERNATIONAL TECHNOLOGY SECURITY AND INNOVATION FUND
(Budget authority in thousands of dollars)

Account	Budget Authority
Diplomatic Programs	15,800
of which, salaries and expenses and administration	34,500
Office of Inspector General	500
Economic Support Fund	66,700
Nonproliferation, Anti-terrorism, Demining and Related Programs	17,000
Total	100,000

Digital Connectivity and Cybersecurity Partnership.—The agreement includes funding above the prior fiscal year for the Digital Connectivity and Cybersecurity Partnership and encourages relevant Federal agencies, including the United States Trade and Development Agency (USTDA), to further collaborate with other agencies on policy and technical training to promote open, interoperable, reliable, and secure networks, including through programs to strengthen civilian cybersecurity capabilities of United States allies and partners.

Strategy Requirement.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations describing the steps taken to implement the strategy required under this section in the explanatory statement accompanying division K of Public Law 116-260.

Section 7031. Financial Management, Budget Transparency, and Anti-Corruption (modified)

Anti-Kleptocracy and Human Rights.—For purposes of subsection (c)(1)(B), “as appropriate” means circumstances when the individual about whom there is credible information under subsection (c)(1)(A) may own property or have other pecuniary interests in the United States or may seek to engage in financial transactions in the United States.

Corruption.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall consult with the Committees on Appropriations on the standards established to implement the condition in subsection (a)(1)(B).

Specific Cases.—The Secretary of State shall apply subsection (c) to foreign government officials involved in threatening, unjustly or wrongfully imprisoning, or otherwise depriving of liberty independent journalists who speak out or publish about corruption or other abuses.

Waiver.—The Secretary of State shall submit a written notification to the appropriate congressional committees and the Committees on the Judiciary of the Senate and House of Representatives not less than 5 days prior to exercising the waiver authority in subsection (c)(3), including the justification for each waiver.

Section 7032. Democracy Programs (modified)

The agreement includes a total of \$2,900,000,000 for democracy programs under several accounts in a manner similar to the prior fiscal year to strengthen democracy abroad against rising authoritarianism and erosion of the rule of law. Subsection (a)(2) designates not less than \$117,040,000 for DRL for certain countries and regional programs. Such funds are allocated according to the following table:

BUREAU OF DEMOCRACY, HUMAN RIGHTS, AND LABOR,
DEPARTMENT OF STATE
(Budget authority in thousands of dollars)

HRDF	19,600
Countering Transnational Repression	2,640
Warsaw Declaration	2,500
Assistance for Europe, Eurasia and Central Asia	
Europe and Eurasia	22,000

Democracy Assessment.—Following consultation with the Committees on Appropriations, the Comptroller General of the United States shall conduct an assessment of USAID, DRL, and INL democracy programs funded by prior Acts from fiscal years 2018 through 2022, which shall include: (1) the amounts and a summary of the priority areas of such programs, disaggregated by entity and fiscal year; (2) an assessment of the respective and collective efforts of such entities to coordinate democracy assistance programs; (3) an assessment of the respective efforts by such entities to assess results and evaluate the impact of such assistance; and (4) an assessment of the funding obligated by such entities for democracy programs through contracts, grants, and cooperative agreements.

Democracy Assistance for Africa.—The agreement includes funding above the budget request for democracy assistance for countries in Africa, which are facing increasing threats to stability and development gains.

Digital Security and Countering Disinformation.—For the purposes of subsection (g), programs to advance digital security and counter disinformation should: (1) address digital security to enhance the safety of implementers and beneficiaries; (2) support civil society organizations working to counter government surveillance, censorship, and repression by digital means; (3) combat weaponized technology, including the misuse of social media; (4) prevent the digital manipulation of elections, electoral data, and critical infrastructure; and (5) counter disinformation propagated by malign actors, including the People's Republic of China (PRC) and the Russian Federation.

Labor Programs.—Not later than 90 days after the date of enactment of the Act, the USAID Administrator shall submit to the Committees on Appropriations an update to the report required under section 7032(k)(1) of division K of Public Law 117–103 on labor programs that support labor rights, independent worker organizing, and capacity in collective bargaining through partnership with relevant stakeholders.

Funds for labor programs administered by USAID are subject to prior consultation with the Committees on Appropriations.

Program Changes.—The Secretary of State or USAID Administrator, as appropriate, shall continue to report to the appropriate congressional committees within 30 days of a decision to significantly change the objectives or the content of a democracy program or to close such a program due to increasing repression by the host government. The report shall also include a strategy for continuing support for democracy promotion, if such programming is feasible.

Program Coordination.—Not later than 90 days after the date of enactment of the Act, the Secretary of State, in consultation with

the USAID Administrator, shall submit a report to the appropriate congressional committees describing the framework and mechanisms for the coordination of democracy programs supported by the Department of State and USAID, including at the headquarters and mission level, and at multilateral fora.

Protection of Civil Society Activists and Journalists, Independence of the Media, and Freedom of Expression.—The agreement provides funds for programs to protect civil society activists and journalists who are harassed, threatened, and attacked for their legitimate advocacy activities. The Assistant Secretary of State for DRL shall consult with the Committees on Appropriations and relevant stakeholders prior to the obligation of such funds. Funds should be made available for programs to protect and strengthen independent media in Afghanistan, including for educational programming.

Restrictions on Foreign Government Interference.—The Secretary of State, in coordination with the USAID Administrator, shall continue to submit a report to the appropriate congressional committees every 90 days until September 30, 2023, detailing steps taken by the Department of State and USAID to comply with the requirements of subsection (e).

Spend Plan.—The spend plan required under section 7062(b) of the Act for democracy programs should include accounts, regions, and global programs.

Transnational Repression.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall brief the appropriate congressional committees on steps taken to combat transnational repression through multilateral fora and in bilateral diplomacy.

Section 7033. International Religious Freedom (unchanged)

Assistance.—The agreement includes not less than \$10,000,000 under Economic Support Fund for programs to protect and investigate the persecution of religious minorities, and not less than \$10,000,000 for international religious freedom programs under Democracy Fund.

Countries of Particular Concern.—If the United States Commission on International Religious Freedom (USCIRF) recommends the designation of a country as a country of particular concern (CPC) in its annual report, and such country is not designated as a CPC by the Department of State, the Secretary of State shall provide the rationale for such decision to the appropriate congressional committees within 30 days of such decision.

Curriculum Report.—Not later than 45 days after the date of enactment of the Act, the Secretary of State shall brief the Committees on Appropriations on the status of implementation of training for all Foreign Service Officers in international humanitarian law and policy, and the development and implementation of training based on the curriculum required under section 103 of the Frank R. Wolf International Religious Freedom Act (Public Law 114–281).

Expansion of Activities Report.—Not later than 90 days after the date of enactment of the Act, and following consultation with the Committees on Appropriations, the Secretary of State shall brief such Committees on efforts and opportunities to expand international religious freedom programs, including through roundtables that bring together individuals from diverse religions and beliefs.

Section 7034. Special Provisions (modified)

Several provisions of law included in prior Acts that extended certain authorities are not included in the Act due to the extension

of such authorities in the Department of State Authorization Act of 2022 (division I of H.R. 7900).

Atrocities Prevention.—Funds made available by the Act under Economic Support Fund for programs to prevent atrocities shall be the responsibility of the Assistant Secretary of State for DRL. The Assistant Secretary of State for DRL and the Assistant Secretary of State for INL shall coordinate atrocities prevention programs funded under Economic Support Fund and International Narcotics Control and Law Enforcement, respectively. Such funds shall be subject to the regular notification procedures of the Committees on Appropriations.

Exchange Visitor Program Clarification.—For purposes of subsection (d)(7), the term “modify” means any executive action that changes the number, origin, or eligibility of program participants during any 60 day period, or that otherwise changes the manner in which the program is implemented, including the suspension of visas.

Ex-Post Evaluations.—The agreement endorses language in the House report under this section regarding ex-post evaluations of the sustainability of United States assistance programs. Not later than 120 days after the date of enactment of the Act, the Secretary of State and USAID Administrator shall submit a report to the Committees on Appropriations on the uses of funds made available for ex-post evaluations in fiscal year 2023.

Forensic Anthropology Assistance.—Funding for forensic anthropology assistance shall be used to support activities, including DNA analysis and the exhumation and identification of remains, in countries where large numbers of people were killed or forcibly disappeared and presumed dead as a result of armed conflict, crimes against humanity, or other gross violations of human rights, including to support activities in Central America to exhume remains of victims of atrocities. Not later than 120 days after the date of enactment of the Act, the Secretary of State shall consult with the Committees on Appropriations on the planned uses of funds.

Innovation Incentive Awards.—In lieu of the biannual directive included under this heading in the explanatory statement accompanying division K of Public Law 114–113, the USAID Administrator shall submit such report to the Committees on Appropriations every 12 months on the use of the authority provided under subsection (d)(5) of the Act.

Localization Report.—In addition to the requirements enumerated under the heading Locally-led development in the House report, such report shall also describe how USAID: (1) defines a “locally-established partner” and an “underutilized partner”, including any plans to modify such definitions, or the definition of a “local entity”; and (2) assesses the capacity of local entities to effectively implement and manage funds. Such report shall also include details on funding implemented by local entities in fiscal years 2021 and 2022, including development and humanitarian assistance programs.

Local Works.—Not later than 90 days after the date of enactment of the Act, the USAID Administrator shall submit to the Committees on Appropriations an updated report on the Local Works program including: (1) an assessment of progress in achieving the central goal of Local Works to move USAID toward a model of sustainability-based partnership with local governments, organizations, and communities; (2) a description of the factors that limit or prevent such partnerships from being achieved and steps being taken to address those factors and to expand Local Works; and (3) recommendations for administrative or legislative action that

would support further expansion of such partnerships.

New Partnerships Initiative.—The agreement includes funds at not less than the prior fiscal year to support the New Partnerships Initiative and directs the USAID Administrator to report to the Committees on Appropriations not later than 90 days after the date of enactment of the Act on funding provided to new, under-utilized, and local partners under such initiative in the prior fiscal year.

Protections and Remedies for Employees of Diplomatic Missions and International Organizations.—For purposes of implementing section 203(a)(2) of the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110-457), the Secretary of State shall consider the following as sufficient to determine that a diplomatic mission “tolerated such actions”: (1) the failure to provide a replacement passport within a reasonable period of time to a T-visa recipient; (2) the existence of multiple concurrent civil suits against members of the diplomatic mission; or (3) the failure to satisfy a civil judgment against an employee of the diplomatic mission.

Small Island Developing States.—The agreement authorizes loan guarantees for certain countries, including SIDS. This authority provides the Secretary of State and USAID Administrator additional means for supporting countries in the Caribbean and PICs, including to mitigate and address the impacts of climate change.

Section 7035. Law Enforcement and Security (modified)

Crowd Control.—Not later than 90 days after the date of enactment of the Act, and every 90 days thereafter until September 30, 2024, the Secretary of State shall submit a report to the Committees on Appropriations detailing any actions taken pursuant to subsection (c)(3).

Foreign Military Training Report.—Section 656 of the FAA requires the inclusion of units of operation of military personnel who receive training. The agreement directs that such units shall be specified at the battalion or equivalent level.

International Prison Conditions.—The agreement includes funding for programs to eliminate inhumane prison conditions and reduce pre-trial detention, including overcrowding and the use of solidarity confinement, that violate due process and harm human health. Such funds are in addition to other funds made available by the Act for such purposes.

Reports Continued.—The Secretary of State shall submit the report on security assistance required by section 7035(d)(1) of division G of Public Law 116-94 in the manner described, except such report shall include funds obligated and expended during fiscal year 2022.

The Secretary of State shall submit the report on vetting required by section 7049(d)(3) of division F of Public Law 116-6 in the manner described.

Section 620M of the Foreign Assistance Act.—For purposes of section 620M of the Foreign Assistance Act of 1961, the term “credible information” means information that, considering the source of such information and the surrounding circumstances, supports a reasonable belief that a violation has occurred, and shall not be determined solely on the basis of: (1) the number of sources; (2) whether the source has been critical of a policy or action of the U.S. Government or its security partners; (3) whether the source has a personal connection to the information being reported; or (4) whether the U.S. Government is able to independently verify the information.

Not later than 45 days after the date of enactment of the Act, the Secretary of State

shall submit a report to the Committees on Appropriation on progress in obtaining the written agreements with recipients of U.S. assistance required by section 620M(c) of the FAA, including a list of the countries to which the written agreements are applicable and the number of agreements signed. Such agreements shall utilize standardized language that is fully consistent with and specific to implementation of the letter and intent of such section.

Security Assistance Coordination.—The agreement supports increased measures to ensure that security cooperation programs funded by the Act are strategic, address clearly defined goals and objectives, and are integrated with other programs. Not later than 90 days after the date of enactment of the Act, the Secretary of State, in coordination with the Secretary of Defense, shall submit to the Committees on Appropriations an integrated security cooperation strategy for assistance for Georgia, Kenya, Peru, and Vietnam.

Security Force Professionalization.—Prior fiscal year funds appropriated for security force professionalization programs under Peacekeeping Operations and International Narcotics Control and Law Enforcement remain available to increase partner capacity to collect, track, and analyze data on arbitrary arrest, abuse of detainees, and harm to civilians from law enforcement operations of the respective government. Not later than 90 days after the date of enactment of the Act, the Secretary of State shall consult with the Committees on Appropriations on the planned uses and program management of such funds in fiscal years 2023 and 2024.

Training Related to International Humanitarian Law.—Not later than 90 days after the date of enactment of the Act, and following consultation with the Committees on Appropriations, the Secretary of State shall submit a report to such Committees on the implementation of section 7035(a)(4) of division G of Public Law 116-94. Such report shall include the amount of funds made available by country under Peacekeeping Operations and Foreign Military Financing Program.

Section 7036. Assistance for Innocent Victims of Conflict (modified)

Section 7037. Palestinian Statehood (unchanged)

Section 7038. Prohibition on Assistance to the Palestinian Broadcasting Corporation (unchanged)

Section 7039. Assistance for the West Bank and Gaza (unchanged)

Section 7040. Limitation on Assistance for the Palestinian Authority (unchanged)

Section 7041. Middle East and North Africa (modified)

Bahrain Report.—Not later than 60 days after the date of enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations detailing efforts made on behalf of political prisoners in Bahrain and the Government of Bahrain’s response.

Egypt.—The agreement includes assistance for Egypt at levels consistent with the prior fiscal year.

In accordance with paragraph (3)(A)(vi), the Secretary of State shall certify and report that the Government of Egypt is taking sustained and effective steps to provide American citizens with fair and commensurate compensation for injuries and losses caused by the Egyptian military, including in an attack on September 13, 2015 as described under this heading in the House report.

Not later than 90 days after the date of enactment of the Act, the Secretary of State, in consultation with the Secretary of Defense, shall update the report required under

this heading in Senate Report 116-126 on Egypt’s compliance with end-user monitoring agreements for the use of United States military equipment in the Sinai, in the manner described.

Not later than 90 days after the date of enactment of the Act, the Secretary of State shall submit a report to the appropriate congressional committees on incidents of harassment, threats, and arbitrary detention against American citizens, and their family members in Egypt and the United States.

Iraq.—In addition to the amounts designated in the Act for Iraq under Economic Support Fund and Foreign Military Financing Program, the agreement includes not less than the following amounts for assistance for Iraq: \$47,500,000 under Nonproliferation, Anti-terrorism, Demining and Related Programs; and \$1,000,000 under International Military Education and Training.

Funds made available under Economic Support Fund for democracy programs for Iraq should be the responsibility of the Assistant Secretary of State for DRL.

The agreement includes \$10,000,000 under Economic Support Fund to support American-style higher education institutions in Iraq, including in the Kurdistan region, on an open and competitive basis.

Not later than 90 days after the date of enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations on steps taken by the governments of the United States and Iraq to maintain the Memorandum of Understanding terms for United States specific rice tender.

Jordan.—The agreement supports the Government of Jordan in making sustainable economic reforms, including in the water and public sectors, consistent with the terms of the new Memorandum of Understanding between the United States and the Government of Jordan. Within the total amounts designated in the Act for assistance for Jordan, the agreement includes not less than the following: \$10,400,000 under Nonproliferation, Anti-terrorism, Demining and Related Programs; and \$3,800,000 under International Military Education and Training.

Lebanon.—The agreement includes assistance for Lebanon at levels not less than those requested for fiscal year 2023.

The agreement continues to support the efforts of the Lebanese Armed Forces to combat Hezbollah and other terrorist groups in Lebanon, and to continue to serve as a stabilizing force in that country and for the region. As a current recipient of United States foreign assistance, the Lebanese Armed Forces are not controlled by a Foreign Terrorist Organization, as designated pursuant to section 219 of the Immigration and Nationality Act (8 U.S.C. 1189).

Morocco.—The agreement includes not less than \$10,000,000 under Economic Support Fund, not less than \$10,000,000 under Development Assistance, and \$10,000,000 under Foreign Military Financing Program for assistance for Morocco.

Nita M. Lowey Middle East Partnership for Peace Act (MEPPA).—The MEPPA consultation required under this section in the House report shall include detail on funds made available specifically for women’s leadership programs that bring together Israeli and Palestinian women who are committed to working in pursuit of Middle East peace.

Syria.—Recognizing that the failure to address extremism at al-Hol Camp could further destabilize the region and strengthen the Islamic State, the agreement includes funds under Economic Support Fund for programs to address instability and insecurity in al-Hol Camp, including to mitigate extremism among Camp youth, following consultation with the Committees on Appropriations.

Not later than 45 days after the date of enactment of the Act, the Secretary of State, in consultation with the heads of other relevant Federal agencies, shall brief the Committees on Appropriations on plans to work with United States allies to address the growing security threat posed by conditions at the al-Hol displacement camp in Syria and associated ISIS-detention sites being guarded by the Syrian Democratic Forces, where over 70 percent of the population is reportedly under age 18.

UN Political Process on Western Sahara.—The Secretary of State shall continue to support a United Nations-led political process that achieves a just, lasting, and mutually acceptable political solution in accordance with relevant United Nations Security Council resolutions.

Yemen.—The agreement includes funds under title III of the Act and under Nonproliferation, Anti-terrorism, Demining and Related Programs for health, humanitarian, and stabilization assistance for Yemen, including demining operations.

Section 7042. Africa (modified)

Benin.—The agreement includes \$2,000,000 for democracy programs for Benin to support civil society and free and fair elections.

Democratic Republic of the Congo.—The agreement endorses the reporting directive under this section in the House report regarding the ongoing violence and instability in the eastern region of the Democratic Republic of the Congo (DRC) affecting minority communities, including the Banyamulenge. In addition, the report should include an assessment of the support provided by Rwanda to the M23 rebel group and the impact of such support on civilian populations and stability in the region.

The Secretary of State shall brief the Committees on Appropriations not later than 90 days after the date of enactment of the Act, on efforts to work with the Government of the DRC and the UN to thoroughly investigate and bring to justice those responsible for the deaths of Michael Sharp and Zaida Catalan.

Equatorial Guinea.—The agreement includes \$2,000,000 for democracy programs for Equatorial Guinea to support civil society and anti-corruption programs.

Mozambique.—The agreement includes assistance for Mozambique above the prior fiscal year, including for efforts to help counter and reverse ISIS—Mozambique gains by strengthening the legitimacy and capacity of the armed forces and addressing the lack of basic services and political and economic exclusion.

Prosper Africa.—Of the funds made available in the Act under Development Assistance, \$100,000,000 should be made available for the Prosper Africa initiative to increase two-way trade and investment between the United States and African countries.

Rwanda.—Not later than 45 days after the date of enactment of the Act, the Secretary of State shall brief the Committees on Appropriations on abuse of the judicial system by the Government of Rwanda to silence critics of the government, including arbitrary and incommunicado detention, mistreatment of prisoners, coerced confessions, lack of due process, and unfair trials.

Sahel.—Not later than 90 days after the date of enactment of the Act, the Secretary of State, in consultation with the heads of other relevant Federal agencies, shall update the report required under the heading *Report on Sub-Saharan Security Programs* in Senate Report 116–126.

The Secretary of State should work with the governments of Burkina Faso, Mali, and Niger to ensure the transparent investigation, and appropriate punishment, of secu-

rity force personnel and those associated with such personnel who are implicated in gross violations of human rights. Not later than 60 days after the date of enactment of the Act, the Secretary shall brief the Committees on Appropriations on the status of such investigations and the intended uses of funds made available under title IV of the Act and prior Acts for assistance for such governments.

South Sudan.—The agreement includes funds for democracy programs to support civil society organizations in South Sudan that document human rights violations and advocate for conditions conducive to free and fair elections, peace and stability, and for conflict mitigation and reconciliation programs, at levels above the prior fiscal year. Any funds made available for the central government of South Sudan may only be made available, following consultation with the Committees on Appropriations, for: (1) humanitarian assistance; (2) health programs, including to prevent, detect, and respond to infectious diseases; (3) assistance to support South Sudan peace negotiations or to advance or implement a peace agreement; and (4) assistance to support implementation of outstanding issues of the Comprehensive Peace Agreement, and subsequent and mutual arrangements related to such agreement, or any other internationally recognized viable peace agreement in South Sudan.

Not later than 45 days after the date of enactment of the Act, the Secretary of State shall submit an updated report to the appropriate congressional committees on steps taken, and planned to be taken, by the governments of the United States and South Sudan to obtain justice and fair compensation for the victims of the attack on the Terrain Hotel on July 11, 2016.

Sudan.—Funds made available for assistance for Sudan should be prioritized for civil society capacity building, political party and coalition building, women and youth empowerment, protection of human rights, and support for elections if the Secretary of State determines that conditions exist for free and fair elections.

Not later than 90 days after the date of enactment of the Act, the Secretary of State and USAID Administrator shall submit a report to the Committees on Appropriations detailing steps taken in the prior year to prevent the Sudan Humanitarian Aid Commission from disrupting or diverting humanitarian and development assistance provided for the people of Sudan.

Virunga National Park.—The agreement includes funding under International Narcotics Control and Law Enforcement for equipment and training to bolster security in Virunga National Park, including against illegal armed groups.

Section 7043. East Asia and the Pacific (modified)

Association of Southeast Asian Nations.—Funds provided under Economic Support Fund and International Narcotics Control and Law Enforcement to support the Association of Southeast Asian Nations (ASEAN) shall be coordinated with the Ambassador of the United States Mission to ASEAN.

Countering PRC Influence Fund.—The Secretary of State and USAID Administrator shall allocate funds from the Countering PRC Influence Fund (CPRCIF) to activities that provide the highest strategic impact to counter PRC influence globally. Not later than 90 days after the date of enactment of the Act, and prior to the initial obligation of funds, the Secretary of State and USAID Administrator shall consult with the Committees on Appropriations on the development of an impact measurement system that

scores the strategic impact of each proposed activity to assist in the prioritization and allocation of funds from the CPRCIF.

Funds are allocated according to the following table and subject to section 7019 of the Act:

COUNTERING PRC INFLUENCE FUND

(Budget authority in thousands of dollars)

Account	Budget Authority
Development Assistance	90,000
Economic Support Fund	80,000
International Narcotics Control and Law Enforcement	80,000
Nonproliferation, Anti-terrorism, Demining and Related Programs	25,000
Foreign Military Financing Program	50,000

Indonesia.—Not later than 45 days after the date of enactment of the Act, the Secretary of State shall consult with the Committees on Appropriations on the feasibility and cost of establishing American Presence Posts in Indonesia to increase official presence in geographic areas of strategic importance to the United States and Indonesia.

Laos.—The agreement includes \$1,000,000 for trilateral programs in Laos, to be coordinated and conducted by the Department of State and USAID, as appropriate, with the Government of Vietnam, and \$1,000,000 for short-term undergraduate and graduate scholarships, including for Government of Laos officials at universities in Thailand and Vietnam, as appropriate. An additional \$1,500,000 is provided for the Global Undergraduate Exchange Program (Global UGRAD) in Laos.

Funds made available by the Act under Department of the Treasury, International Affairs Technical Assistance shall be made available for assistance for Laos, including for the deployment of temporary duty personnel.

The agreement includes funding for programs to combat trafficking in persons in Laos, including \$2,000,000 to address trafficking along the northern border.

For purposes of subsection (d), dioxin assessments, conducted in coordination with the Government of Laos, should include environmental testing in areas with possible contamination to determine the actual need for remediation, if any. These areas include villages close to multiple spraying runs and former United States facilities where Agent Orange may have been stored, and where there is a disproportionate number of persons with disabilities consistent with exposure to dioxin.

Mongolia.—The agreement includes funding above the prior fiscal year for democracy programs for Mongolia, including political party strengthening activities.

Pacific Islands Countries.—For purposes of the Act, the term “Pacific Islands countries” includes the Cook Islands, the Republic of Fiji, the Republic of Kiribati, the Republic of the Marshall Islands, the Federated States of Micronesia, the Republic of Nauru, Niue, the Republic of Palau, the Independent State of Papua New Guinea, the Independent State of Samoa, the Solomon Islands, the Kingdom of Tonga, Tuvalu, and the Republic of Vanuatu.

Funds made available for assistance for PICs shall support: trade capacity building; climate change mitigation and adaptation programs; emergency preparedness and technical assistance for emergencies and post-disaster relief and recovery; economic programs to advance inclusive and sustainable long-term economic development, including \$60,000,000 for the South Pacific Tuna Treaty; democratic governance; and security programs, including \$5,000,000 for trilateral programs to be conducted with regional allies, including Taiwan. The Secretary of State and USAID Administrator shall consult with

the Committees on Appropriations on the mechanisms for a flexible response fund and new initiatives to strengthen governance and rule of law in the PICs.

In order to craft a coherent communications strategy targeting the region, funds made available in the Act for PICs shall be made available on a bilateral basis, and the Department of State and USAID shall attribute regional funding made available for such countries on a country-by-country basis, to the extent practicable.

The agreement includes funds above the prior fiscal year to address WWII-era UXO in PICs, including \$2,500,000 for the Solomon Islands.

Not later than 90 days after the date of enactment of the Act, the Secretary of the Treasury shall submit a report to the Committees on Appropriations detailing projects awarded by the Asian Development Bank and the World Bank from fiscal years 2016 through 2021 to companies owned by, or affiliated with, the PRC in PICs, on a country-by-country and project-by-project basis. Such report shall include a description of the project awarded, including dollar amount, and factors that determined awards, such as least cost assessment.

People's Republic of China.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall update the report required under this heading in Senate Report 115-282 in the manner described.

The Secretary of State shall brief the Committees on Appropriations, not later than 90 days after the date of enactment of the Act, on the United States government's plan to use sanctions, including those authorized by the Hong Kong Autonomy Act and the Uyghur Human Rights Policy Act, against PRC officials and other entities complicit in genocide, crimes against humanity, and other gross violations of human rights.

The agreement supports funding for NGOs within the Indo-Pacific region that are focused on the protection and advancement of freedom of expression, association, assembly, and religion for women, human rights activists, and ethnic and religious minorities in the PRC. The Assistant Secretary of State for DRL shall consult with the Committees on Appropriations and representatives of civil society regarding: (1) strengthening the capacity of such entities; (2) protecting members of organizations who have been targeted for arrest, harassment, forced sterilization, coercive abortion, forced labor, or intimidation, including members residing outside the PRC; and (3) messaging to reach the broadest possible audiences within the PRC about United States Government efforts to protect freedom of expression, association, assembly, and religion.

None of the funds made available by the Act shall be used to implement, administer, carry out, modify, revise, or enforce any action that directly supports or facilitates forced labor and other violations of human rights, crimes against humanity, and genocide in the PRC.

Philippines.—The Secretary of State shall update the report required under this heading in Senate Report 116-126 and include in such report how United States assistance for the armed forces of the Philippines is helping to achieve results in addressing the findings in such report. Such report shall also assess actions taken by the Government of the Philippines during the preceding 12 months to bring to justice those involved in the killings of nine social activists on March 7, 2021.

The Secretary of State shall consult with the Committees on Appropriations regarding the content of the report required in the House report under this heading regarding the rule of law.

Taiwan.—The agreement includes funds under International Military Education and Training for assistance to enhance Taiwan's defense capabilities and strengthen interoperability between the United States and Taiwan.

Thailand.—The agreement provides \$4,000,000 for democracy, conflict resolution, and reconciliation programs in Southern Thailand.

Tibet.—For purposes of the report required by section 653(a) of the FAA, spend plans, and notifications, the Department of State and USAID shall differentiate assistance made available by the Act for Tibet from any such assistance made available for India and in the PRC.

Funds made available by the Act shall not be used to produce or disseminate documents, reports, maps, or other materials that recognize, identify, or otherwise refer to Tibet, including the Tibet Autonomous Region and other Tibetan autonomous counties and prefectures, as part of the PRC, until the Secretary of State reports to the appropriate congressional committees that the Government of the PRC has reached a final negotiated agreement on Tibet with the Dalai Lama or his representatives or with democratically-elected leaders of the Tibetan people.

The Secretary of State shall continue to pursue the establishment of a consulate in Lhasa to provide services to American citizens traveling in Tibet and to monitor political, economic, and cultural developments in the Tibet Autonomous Region. Until such consulate is established, the Department of State should not permit the establishment of any additional PRC consulates in the United States.

USAID should consider supporting a project to provide housing for Tibetan refugee families in India.

Vietnam.—The agreement includes funds to strengthen Vietnam's capacity to conduct DNA analysis and to otherwise assist in locating and identifying the remains of Vietnamese soldiers and civilians missing from the war, which may include oral histories, and to support communications and outreach that furthers reconciliation including museum and other exhibits on war legacy cooperation. These funds are intended to complement funds made available by the Department of Defense for the Reconciliation/Vietnamese Wartime Accounting Initiative. The USAID Administrator shall consult with the Committees on Appropriations on the planned uses of such funds.

The agreement includes \$2,500,000 under Educational and Cultural Exchange Programs and \$7,500,000 under title III for the Vietnam Education Foundation Act of 2000.

Section 7044. South and Central Asia (modified)

Afghanistan.—The Secretary of State and USAID Administrator shall take all appropriate actions to support and protect women and girls and ensure such efforts are a top priority in the Department of State's diplomatic engagement on Afghanistan. Not later than 90 days after the date of enactment of the Act, the Secretary and Administrator shall jointly submit a report to the appropriate congressional committees detailing steps taken, and intended to be taken, to protect the rights of Afghan women and girls, including advocating for their freedom of movement, right to education and employment, political participation, and access to healthcare.

Bangladesh.—The Secretary of State and USAID Administrator, as applicable, shall consult with the Committees on Appropriations concerning any plans for assistance for Rohingya refugees in Bhasan Char, Bangladesh prior to the development of the pro-

gram plan for funds made available in the Act under Migration and Refugee Assistance and International Disaster Assistance.

Of the funds made available pursuant to subsection (b)(3), \$2,000,000 should be made available for programs for the Rohingya community in Bangladesh, consistent with prior years.

India.—The Secretary of State and USAID Administrator should work with the Government of India and Indian civil society organizations to increase economic opportunities, encourage tolerance, protect human rights, and strengthen the administration of justice in the remote States of North Eastern India. Not later than 180 days after the date of enactment of the Act, the Secretary and Administrator shall brief the appropriate congressional committees on the situation in North Eastern India.

Pakistan.—The agreement supports assistance for the basic needs of the people of Pakistan as they recover from devastating flooding. The Secretary of State and USAID Administrator shall consult with the Committees on Appropriations on: (1) the cost estimates for recovery from the floods; (2) United States assistance provided, and anticipated to be provided, in support of such recovery; and (3) how such support serves United States national interests.

The agreement includes funding for assistance for Pakistan for democracy and gender programs consistent with the prior fiscal year.

Funds made available in the Act under Economic Support Fund and Nonproliferation, Anti-Terrorism, Demining and Related Programs for Pakistan shall be made available to interdict precursor materials from Pakistan to Afghanistan that are used to manufacture improvised explosive devices (IEDs) and for agriculture extension programs that encourage alternative fertilizer use among Pakistani farmers to decrease the dual-use of fertilizer in the manufacturing of IEDs.

Section 7045. Latin America and the Caribbean (modified)

Central America.—Funds for certain assistance for Central America are allocated according to the following table and subject to section 7019 of the Act:

SELECTED ASSISTANCE FOR CENTRAL AMERICA
(Budget authority in thousands of dollars)

Within the funds provided pursuant to subsection (a)(1)(A)(ii), the agreement includes funding for support of bilateral compacts with the governments of Central America for the purpose of strengthening their capacity to protect women and children from domestic violence, sexual assault, trafficking, and child abuse or neglect, including by holding perpetrators accountable.

The Government of Guatemala should fulfill its commitment under the financing agreement for the Chixoy Reparations Plan in a timely manner, and the USAID Administrator shall submit a report to the Committees on Appropriations on progress not later

than 60 days after the date of enactment of the Act, including the reasons for any delay in implementing the agreement.

The agreement endorses language under this section in the House report concerning the purposes and allocation of funds made available pursuant to subsection (a)(1)(A)(i) to combat corruption and impunity.

Funds made available by the Act for assistance for El Salvador, Guatemala, and Honduras shall, as appropriate and in accordance with the conditions of subsection (a)(2), be made available for programs that: (1) increase productivity in targeted economic sectors in which each country could be regionally or globally competitive, consistent with United States and international law; (2) reduce trade barriers regionally and with the United States; (3) enhance infrastructure at key border crossings in order to facilitate trade regionally and with the United States; (4) provide technical assistance to promote economic growth that is equitable and reaches all, including the most marginalized, and attract foreign investment, including by implementing legal, regulatory, and economic reforms; and (5) provide technical assistance to increase the collection of taxes.

Not later than 60 days after the date of enactment of the Act, the USAID Administrator shall consult with the Committees on Appropriations on funds allocated for the National Commission for the Search of Persons Disappeared in the Context of the Armed Conflict in El Salvador for fiscal years 2022 and 2023.

Colombia.—Pursuant to subsection (b), funds for certain assistance for Colombia are allocated according to the following table and subject to section 7019 of the Act:

COLOMBIA	
(Budget authority in thousands of dollars)	
Account/Program	Budget Authority
Development Assistance	
Biodiversity	15,000

Section 7062(b) of the Act requires the submission of a spend plan prior to making funds appropriated by the Act available for assistance for Colombia. Concurrent with the submission of such plan, and with respect to funds appropriated under International Narcotics Control and Law Enforcement, the Secretary of State shall submit a report to the Committees on Appropriations detailing the counternarcotics strategy of the Government of Colombia and the planned United States assistance in support of such strategy. Such report shall include (1) a summary of the strategy, including for eradication, interdiction, and law enforcement objectives; (2) an explanation of how United States assistance will support implementation of such strategy; (3) a description of how such assistance aligns with United States national interests; (4) a description of any ways in which the Government of Colombia's counternarcotics strategy does not align with United States interests and priorities, and steps intended to be taken to ensure that such assistance is advancing United States national interests; and (5) an assessment of the likelihood that such strategy will sustainably reduce illicit drug cultivation, production, and trafficking.

The Secretary of State shall regularly review the progress of the Government of Co-

lombia in meeting the objectives of the counternarcotics strategy and inform the Committees on Appropriations of the outcome of such review.

The agreement provides funding to continue programs and activities to protect Colombia's biodiversity in national parks, protected areas, and Indigenous reserves.

The agreement supports programs, including demining and UXO clearance activities, to reintegrate demobilized combatants into civilian pursuits, consistent with United States and Colombian law. Funds for such programs may only be made available following consultation with the Committees on Appropriations and the Government of Colombia.

The agreement provides not less than \$2,000,000 for continued support for efforts to improve education, digital connectivity, tertiary roads, and other improvements in Indigenous coffee producing communities, to increase incomes and expand economic opportunities, which should be matched with donations from non-United States Government sources.

Cuba.—The Secretary of State shall update the Consular Services Report and U.S. Government Personnel Report contained under the Cuba heading in section 7035 of Senate Report 116–126 in the manner described.

Haiti.—The Secretary of State should use every appropriate diplomatic tool to press for meaningful dialogue between the current authorities, civil society, the political opposition, and other relevant stakeholders to restore democratic governance through free and fair elections, counter violent gangs, improve security, and deliver basic services to the Haitian people. Additionally, the Secretary is directed to continue to take strong legal action against individuals engaged in human rights abuses, corruption, and other illicit activities.

The agreement includes not less than \$5,000,000 to continue efforts to help meet the sanitary, medical, and nutritional needs of Haitian prisoners, the vast majority of whom are in pre-trial detention. The Secretary of State shall consult with the Committees on Appropriations on the planned uses of funds.

Mexico.—The agreement includes assistance for Mexico commensurate with prior fiscal years, which should be prioritized for programs and activities described in the first paragraph under the heading Assistance Priorities under this section in the House report.

The Secretary of State should press the Government of Mexico to provide answers to the families of an estimated 100,000 cases of disappeared persons and identify the thousands of human remains that have been recovered. The Department of State should provide forensic assistance to Mexico to help address the significant backlog of cases.

The agreement includes funds under International Narcotics Control and Law Enforcement for a Resident Legal Advisor at the United States Embassy in Mexico, including to address cases of migrant kidnappings and particularly cases in which extortion payments are being demanded from relatives in the United States.

Nicaragua.—The agreement provides not less than \$15,000,000 for democracy programs for Nicaragua, including to support civil society, journalists, and other activists promoting the transparency and accountability of government institutions.

The Caribbean.—Funds for certain assistance for the Caribbean are allocated according to the following table and subject to section 7019 of the Act:

Not later than 45 days after the date of enactment of the Act the USAID Administrator shall consult with the Committees on Appropriations on the design and allocation of funds made available for inclusive economic growth in the Caribbean for fiscal years 2022 and 2023.

Venezuela.—Pursuant to subsection (f), the agreement directs that \$50,000,000 under Economic Support Fund should be made available for democracy programs for Venezuela, and that funds under title III of the Act shall be made available to assist with the needs of Venezuelan migrants, subject to prior consultation with, and the regular notification procedures of, the Committees on Appropriations.

Western Hemisphere Report on United States Counternarcotics Strategy.—The Secretary of State, in consultation with the USAID Administrator, shall submit a report to the Committees on Appropriations not later than 120 days after the date of enactment of the Act on the United States counternarcotics strategy in Central and South America. Such report shall include: (1) a review disaggregated by country of prior counternarcotics initiatives in Peru, Bolivia, Colombia, Central America, and Mexico and whether past results achieved the goals and projected outcomes of such initiatives, including an explanation of lessons learned and reasons for not achieving projected outcomes; (2) a description of how the current strategy has incorporated such lessons and changed over time; and (3) the goals and projected outcomes of the current strategy.

Section 7046. Europe and Eurasia (modified)

Anti-Semitism, Racism, and Intolerance.—The agreement provides \$1,000,000 under Assistance for Europe, Eurasia and Central Asia for programs to address racism, Islamophobia, and xenophobia in Europe. The Secretary of State shall consult with the appropriate congressional committees on plans to counter anti-Semitism, racism, and intolerance in Europe, including through initiatives supported by the Organization for Security and Cooperation in Europe (OSCE), the OSCE Parliamentary Assembly, and the Commission on Security and Cooperation in Europe.

Armenia.—The agreement includes not less than \$60,000,000 for Armenia, including for programs to support economic development, private sector productivity, energy independence, democracy, and the rule of law.

Balkans.—Not later than 90 days after the date of enactment of the Act, the Secretary of State and USAID Administrator shall jointly brief the Committees on Appropriations on programs and initiatives being conducted or intended to be conducted, in addition to those briefed the prior fiscal year, to

increase bilateral trade between the United States and the Balkans, to reduce youth unemployment in the region, and to grow small and medium enterprises to spur economic growth.

Baltic States.—The agreement provides assistance for Latvia, Lithuania, and Estonia as a means to defend against the malign influence and aggression of the Russian Federation.

Belarus.—The agreement includes not less than \$30,000,000 for democracy programs and other purposes for Belarus, which shall be made available to promote human rights and support civil society activists, independent media, and political opposition forces.

Black Sea Countries.—Not later than 180 days after the date of enactment of the Act, the Secretary of State, in coordination with the heads of other relevant Federal agencies, shall submit to the appropriate congressional committees a strategy for working with NATO allies to deepen economic ties with, and strengthen economic and security assistance for, Black Sea countries, including to support efforts to bolster democratic resilience.

Civil Society and Independent Journalists.—The Department of State, USAID, and NED are encouraged to continue supporting civil society organizations and independent journalists in European and Eurasian countries where democratic progress and freedom of expression and association are threatened.

Conflict in the Caucasus.—The agreement endorses language under this heading in the House report and directs that, prior to the initial obligation of funds appropriated under title IV of the Act for assistance for Armenia and Azerbaijan, the Secretary of State shall consult with the Committees on Appropriations on the proposed uses of such funds.

Georgia.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall update and submit to the Committees on Appropriations the report described under this section in the explanatory statement accompanying division K of Public Law 116-260.

Hungary.—The agreement includes \$2,000,000 for democracy programs for Hungary, particularly to support independent media and civil society.

Ukraine.—Provisions related to the oversight of supplemental funds for Ukraine, including for budget support, humanitarian assistance, and security assistance, are included under division M of the Act.

Section 7047. Countering Russian Influence and Aggression (modified)

Countering Russian Influence Fund.—The agreement includes not less than \$300,000,000 for the Countering Russian Influence Fund (CRIF), which is in addition to amounts made available for bilateral assistance for countries in Europe, Eurasia, and Central Asia. Funds are allocated according to the following table and subject to section 7019 of the Act:

COUNTERING RUSSIAN INFLUENCE FUND
(Budget authority in thousands of dollars)

Account	Budget Authority
Assistance for Europe, Eurasia and Central Asia	95,000
International Narcotics Control and Law Enforcement	50,000

Foreign Military Financing Program	150,000

Obligation and Expenditure Report.—Not later than 90 days after the initial obligation of funds and every 90 days thereafter until September 30, 2024, the Secretary of State and USAID Administrator shall submit a consolidated report to the Committees on Appropriations containing updated informa-

tion on obligations and expenditures of the CRIF on a country and project basis.

Section 7048. United Nations (modified)

Annual Report on Arrears.—The Secretary of State shall continue to submit the reports on arrears required by section 7048(j) of division J of Public Law 115-31 during fiscal year 2023.

Section 7049. War Crimes Tribunal (modified)

Section 7050. Global Internet Freedom (modified)

The agreement includes not less than \$90,500,000 for programs to promote Internet freedom globally, of which \$40,000,000 is from funds appropriated under International Broadcasting Operations for the Open Technology Fund (OTF). Funds for such activities are allocated according to the following table and subject to section 7019 of the Act:

GLOBAL INTERNET FREEDOM
(Budget authority in thousands of dollars)

Account/Program	Budget Authority
Economic Support Fund	27,000
Near East Regional Democracy	16,750
Democracy Fund (Department of State)	14,000
Democracy Fund (USAID)	3,500
Assistance for Europe, Eurasia and Central Asia	6,000
International Broadcasting Operations, Open Technology Fund	40,000

Internet Freedom Cost Matching.—Funds in the agreement that are made available for Internet freedom programs should be matched, to the maximum extent practicable, by sources other than the United States Government, including from the private sector.

Section 7051. Torture and Other Cruel, Inhuman, or Degrading Treatment or Punishment (unchanged)

Section 7052. Aircraft Transfer, Coordination, and Use (unchanged)

Section 7053. Parking Fines and Real Property Taxes Owed by Foreign Governments (unchanged)

Section 7054. International Monetary Fund (unchanged)

Section 7055. Extradition (unchanged)

Section 7056. Enterprise Funds (unchanged)

Section 7057. United Nations Population Fund (unchanged)

Section 7058. Global Health Activities (modified)

Family Planning/Reproductive Health.—The agreement maintains prior year funding levels and policy related to family planning/reproductive health. The agreement does not endorse directives under certain House report headings: Research, regarding contraception; and Women's reproductive healthcare in El Salvador.

World Health Assembly Multilateral Instrument.—The Secretary of State is encouraged to prioritize spillover prevention within the new pandemic prevention multilateral instrument being negotiated among the World Health Assembly.

Section 7059. Gender Equality and Women's Empowerment (modified)

Section 7060. Sector Allocations (modified)

Basic Education.—The agreement includes \$130,000,000 for the Global Partnership for Education and \$30,000,000 for Education Cannot Wait. The USAID Administrator shall consult with the Committees on Appropriations on such contributions to ensure adequate monitoring, evaluation, effectiveness, and sustainability of programs.

Deviation Authority.—The agreement retains deviation authority for funds made available in the Act pursuant to this section and sections 7059 and 7061. Deviation authority provided in the Act should be exercised only to address unforeseen or exigent circumstances, including opportunities to advance United States foreign policy and de-

velopment interests. Consultations conducted and notifications submitted prior to the use of such authority shall include detailed information justifying the purpose for which funds will be used, the source of funding, and efforts taken by the Department of State and USAID to identify other available funding.

Economic Growth.—The agreement includes funds requested for macroeconomic growth and private sector engagement. Not later than 120 days after the date of enactment of the Act, the Secretary of State, USAID Administrator, and Secretary of the Treasury shall submit a report to the Committees on Appropriations detailing the strategies, resources, and mechanisms available to support sustainable economic growth in foreign countries, including: (1) how such support is targeted and measured for effectiveness; and (2) recommendations for improvements to such efforts.

Food Security.—Not later than 90 days after the date of enactment of the Act, the Secretary of State shall consult with the Committees on Appropriations on the directive contained in subsection (c)(2), including: (1) key parties to be engaged in, and potential timelines for, such negotiations; and (2) how such a fund would complement existing bilateral and multilateral mechanisms intended to transition global food security efforts from emergency response toward comprehensive, country-led strategies to sustainably address food insecurity.

Global Child Thrive Act.—The USAID Administrator should prioritize implementation of the Global Child Thrive Act (Subtitle I, Title XII, Public Law 116-283) and integrate early childhood development interventions across humanitarian and development programming, including within nutrition, maternal and child health, basic education, and vulnerable children programs.

Pursuant to the Reinforcing Education Accountability in Development Act (division A of Public Law 115-56), the annual report to Congress on the United States Government Strategy on International Basic Education should include funding data disaggregated by country, education level, and populations affected by crisis and conflict.

International Food Security Balances Report.—The USAID Administrator shall submit the international food security balances report required under this heading in the explanatory statement accompanying division K of Public Law 117-103 every 90 days until September 30, 2023, as required in such explanatory statement.

Land Grant Institutions.—USAID should continue supporting the work of land grant institutions of higher learning and continue partnering with such institutions with specialized capability in agriculture research to assist developing countries in improving food production.

Market-Based Social Enterprises.—Funds used to support market-based assistance for smallholder farmers through locally-based social enterprises should support organizations that are significantly funded through earned revenue and demonstrate social impact through rigorously measured impact data, including measuring attributable crop yield increases.

Not later than 180 days after the date of enactment of the Act, the USAID Administrator shall submit a report to the Committees on Appropriations detailing how USAID: (1) defines market-based social enterprises; and (2) intends to program and track funds for this purpose in fiscal year 2023.

Scholar Rescue Programs.—Funding for programs to rescue scholars shall be awarded on a competitive basis. The Secretary of State and USAID Administrator shall consult with the Committees on Appropriations prior to

the initial obligation of funds for such purpose, including to identify the operating unit or units responsible for administering such funds.

Section 7061. Environment Programs (modified)

Funds for certain bilateral environment programs are allocated according to the following table and subject to section 7019 of the Act:

ENVIRONMENT PROGRAMS

(Budget authority in thousands of dollars)

Account/Program	Budget Authority
Andean Amazon	25,000
Brazilian Amazon	25,000
Central Africa Regional Program for the Environment	45,000
Endangered Sea Turtles	150
Great Apes	45,000
Guatemala/Belize/Mexico	7,500
Lacey Act	4,000
Plastic Impacted Marine Species	1,000
Toxic Chemicals	9,000
Lead exposure	3,000
United States Fish and Wildlife Service	6,500
Migratory bird conservation	1,500
United States Forest Service	8,500

Climate Action and Support Transparency Training.—The agreement includes funds to support implementation of the United States component of the Climate Action and Support Transparency Training Adaptation Academy.

Environmental Defenders.—Subsection (1) provides \$20,000,000 to support Indigenous and other civil society organizations. These funds are intended for small grants to local environmental defenders who, often at great personal risk, work to protect landscapes, rivers, wildlife, and human health that are imperiled by mining, logging, and other extractive industries, petrochemical manufacturing, or other sources of pollution or environmental degradation.

Great Apes.—Of the funds provided to protect the habitat of great apes in Central Africa and Indonesia, \$8,500,000 shall be directly transferred to the United States Fish and Wildlife Service and the agreement includes \$5,500,000 for USAID's orangutan conservation program.

Illegal, Unreported, and Unregulated (IUU) Fishing.—USAID's Bureau for Development, Democracy, and Innovation and Bureau for Resilience and Food Security are directed to work together to address the fundamental system failures that allow for IUU fishing to persist, jeopardizing economic, environmental, and food security objectives, including through new or expanded initiatives undertaken by the Bureau for Resilience and Food Security.

Marine Partnerships.—The agreement supports efforts by United States research institutions to partner with marine science researchers in developing countries, to improve scientific knowledge and management practices that support sustainably managed marine fish and other resources.

Maya Biosphere Reserve.—The agreement includes funding for tropical forest conservation in the Maya Biosphere Reserve, of which not less than \$2,500,000 shall be provided by direct transfer to the Department of the Interior's International Technical Assistance Program to: (1) strengthen environmental governance; (2) expand community-based conservation initiatives; (3) protect archeological sites; and (4) encourage sustainable economic opportunities including in Belize and Mexico. The agreement does not provide funding for logging or the construction of roads, except for community forest concessions and temporary roads in support of such concessions.

Methane Emissions Detection Technologies.—Not later than 90 days after the date of enactment of the Act, the Secretary of State,

in coordination with the Special Presidential Envoy for Climate, shall consult with the Committees on Appropriations on efforts to engage with stakeholders, such as members of the Global Methane Initiative, on public-private partnerships to identify and mitigate methane emissions.

National Parks and Protected Areas.—Funds made available for law enforcement in national parks and protected areas shall only be made available pursuant to the directives listed under this heading in the House report, and the Secretary of State and USAID Administrator shall consult with the Committees on Appropriations not later than 45 days after the date of enactment of the Act on implementation of such requirements.

Ocean Plastic Pollution.—Pursuant to subsection (h), not less than \$50,000,000 shall be made available for programs to reduce ocean plastic pollution and other marine debris. If progress is made on a new global agreement for plastic pollution, including for a multilateral fund to support such agreement, or on a new international public-private partnership to address plastics pollution, additional funds are available in the Act to support such efforts.

Not later than 60 days after the date of enactment of the Act, the Secretary of State and USAID Administrator, in consultation with the heads of other relevant Federal agencies, shall report to the Committees on Appropriations on: (1) the status of negotiations for a global agreement on plastic pollution; (2) progress made toward establishing a new multilateral fund to reduce ocean plastic pollution and other marine debris, including engagement with the World Bank and other key bilateral and multilateral donors; (3) how such fund would be structured, administered, and financed; (4) the status of a new international public-private partnership to address ocean pollution; and (5) efforts to implement ocean plastic pollution programming to date, including support for bilateral and multilateral programs.

Plastic Impacted Marine Species.—The agreement includes funds to be administered pursuant to 16 U.S.C. 3701 for cost-matching projects that protect marine species severely impacted by marine plastic debris, and the USAID Administrator shall consult with the Committees on Appropriations prior to the obligation of such funds.

Small Modular Reactors.—Not later than 120 days after the date of enactment of the Act, the Secretary of State, in consultation with the USAID Administrator, the DFC CEO, the USTDA Director, and the heads of other relevant Federal agencies, shall brief the Committees on Appropriations on efforts to support deployment of advanced small modular reactor technology for the purpose of increasing energy independence and providing alternative access to clean energy.

United States Fish and Wildlife Service, United States Forest Service, National Oceanic and Atmospheric Administration, and the Department of the Interior.—Funds provided by direct transfer to United States Fish and Wildlife Service (USFWS), United States Forest Service (USFS), National Oceanic and Atmospheric Administration (NOAA), and the Department of the Interior (DOI) shall be transferred expeditiously and in a manner that is consistent with prior fiscal years. Prior to the obligation and expenditure of funds USFWS, USFS, NOAA, and DOI shall submit spend plans to the Committees on Appropriations and USAID detailing the intended uses of such funds. Prior to the submission of spend plans, such agencies shall consult on the intended uses of funds with USAID, as appropriate.

Wildlife Poaching and Trafficking.—The agreement continues to support the use of aircraft for antipoaching and protected area

management activities pursuant to the authority provided in section 484(a)(2) of the FAA for transfer of title of aircraft to support anti-poaching and protected area management activities.

Section 7062. Budget Documents (modified)

Spend Plans.—The following spend plans shall be submitted pursuant to section 7062(b) of the Act: (1) assistance for countries in Central America (including for the youth empowerment program on a country-by-country basis) and the Caribbean, Ethiopia, PICs, Sri Lanka, and Tunisia; (2) assistance for the Africa Regional Counterterrorism program, Caribbean Basin Security Initiative, Central America Regional Security Initiative, Counterterrorism Partnerships Fund, Global Peace Operations Initiative, Indo-Pacific Strategy and the CPRCIF, Partnership for Global Infrastructure and Investment, Partnership for Regional East Africa Counterterrorism, Power Africa and Prosper Africa initiatives, and Trans-Saharan Counterterrorism Partnership; (3) assistance made available pursuant to the following sections in the Act: section 7032; section 7035(a)(4); section 7047(d) (on a country-by-country basis); section 7059; and subsections (a), (c), (d), (e), (f) and (g) of section 7060; (4) funds provided under International Narcotics Control and Law Enforcement for International Organized Crime and for Cybercrime and Intellectual Property Rights, to include bilateral and global programs funded under such heading; and (5) implementation of the Global Fragility Act of 2019 (GFA) (title V of division J of Public Law 116-94).

Section 7063. Reorganization (unchanged)

Section 7064. Department of State Management (modified)

Report on Compliance.—The report accompanying the certification required in subsection (b)(1) shall include a description of the criteria used by the Secretary of State to certify that an office or bureau is capable of managing and overseeing foreign assistance.

Report on Sole Source Awards.—Not later than 45 days after the date of enactment of the Act, the Secretary of State shall submit a report to the Committees on Appropriations detailing all sole source awards made by the Department of State during the prior fiscal year in excess of \$2,000,000, which shall be posted on the Department website.

Section 7065. United States Agency for International Development Management (modified)

Crisis Operations Staffing.—The agreement includes a new, temporary authority for USAID to respond to foreign crises and contexts with growing instability. Not later than 180 days after the date of enactment of the Act, the USAID Administrator shall brief the appropriate congressional committees on the implementation and impact of this authority, and whether the benefits necessitate the establishment of a more permanent authority.

USAID Accountability Mechanism.—Not later than 60 days after the date of enactment of the Act, the USAID Administrator shall update the report required under this heading in the explanatory statement accompanying division K of Public Law 117-103.

Section 7066. Stabilization and Development in Regions Impacted by Extremism and Conflict (modified)

Consolidated Report.—Not later than 45 days after the date of enactment of the Act, and every 90 days thereafter until September 30, 2023, the Secretary of State and USAID Administrator shall submit a consolidated report to the Committees on Appropriations containing updated information on obligations and expenditures of the Prevention and Stabilization Fund (PSF) on a country and program basis.

Prevention and Stabilization Fund.—The agreement includes \$135,000,000 for the PSF as one source of funds for implementation of the Global Fragility Act. The Secretary of State and USAID Administrator shall prioritize the use of such funds in countries with national and local governments with the demonstrated political will and capacity to partner on strengthening government legitimacy, and where the objectives of the Global Fragility Act can also be measurably advanced through support for civil society and enhanced partner ownership. The Secretary of State and USAID Administrator shall consult with the Committees on Appropriations on the intended prioritization and allocation of such funds not later than 60 days prior to submitting the pre-obligation spend plans required by section 7062(b) of the Act, and such consultations and spend plans

shall include detailed information on how sources other than the PSF are being coordinated as part of implementation of the Global Fragility Act.

Section 7067. Debt-for-Development (unchanged)

Section 7068. Extension of Consular Fees and

Related Authorities (modified)

Section 7069. Management of International

Transboundary Water Pollution (new)

Section 7070. Waiver Authority (new)

Section 7071. Organization of American States (modified)

Section 7072. Multilateral Development Banks (new)

Section 7073. War Crimes Accountability (new)

Section 7074. Rescissions (modified)

The agreement rescinds \$242,000,000 in prior year unobligated balances. Of the total, \$100,000,000 is from unobligated Millennium Challenge Corporation balances, \$100,000,000

is from unobligated Contributions for International Peacekeeping Activities balances, and \$42,000,000 is from unobligated Embassy Security, Construction, and Maintenance balances.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Pursuant to clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, neither the bill nor the explanatory statement contains any congressional earmarks or congressionally directed spending items, limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.
