MOMENT OF SILENCE IN MEMORY OF THE HONORABLE ELMER G. "BUD" SHUSTER

(Mr. JOYCE of Pennsylvania asked and was given permission to address the House for 1 minute.)

Mr. JOYCE of Pennsylvania. Mr. Speaker, for nearly three decades, Chairman Bud Shuster was a tireless champion for the people of central Pennsylvania. He truly earned the nickname "Mr. Chairman" as he led the Transportation and Infrastructure Committee into the 21st century, spearheading infrastructure projects that have stood the test of time and remain standing today, not only in Pennsylvania, but throughout the United States.

Chairman Shuster's vision and his leadership built the roads, the bridges,

and the waterways that have allowed our communities and our Nation to thrive. On behalf of all the Pennsylvania delegation standing here with me this evening, I ask for a moment of silence to honor the late chairman, Bud Shuster.

GREATER LONGVIEW UNITED WAY

(Mr. MORAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MORAN. Mr. Speaker, every year the Greater Longview United Way hosts a fundraiser known as their annual campaign to raise money for non-profit organizations in the Gregg County area.

In recognition of the 75th year, the United Way's campaign theme was: "Past. Present. Future. We are UNITED."

This year, the organization surpassed their goal by over \$25,000, raising a grand total of \$1.1 million, which will be used to help fund nearly 40 programs across 20 nonprofits in the Gregg County area.

United Ways are a vital part of communities across the Nation, bringing people together to volunteer, advocate, and give back to their community.

Their core belief is that only when a community is united to benefit all people, regardless of race, creed, class, school district, or place of origin that true change can happen.

Mr. Speaker, I thank the executive director, Dr. Evan Dolive; campaign and community outreach manager, Heather Stevenson; and front office coordinator, Raven Atkinson for their dedication to the United Way and our Gregg County community.

CELEBRATING 40 YEARS OF THE ROSELLE ACTIVE SENIORS GROUP

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I rise today to celebrate the 40th anniversary of the Roselle Active Seniors group. It began in 1983 when a group of Roselle residents took trips to local places of interest. The connections and conversations between the residents soon sparked talk of a formal group.

Today, the Roselle Active Seniors group provides fun activities, trips, and outreach opportunities for local seniors, and it is an important part of our community. Group members provide Easter baskets for children with disabilities, baby supplies for single mothers, toy drives and winter clothes for children in need, and food baskets for families during Thanksgiving.

I attended a recent gathering of the group, and I was extremely impressed with the members and their organization. It is an incredible group that I am proud to have in my district.

CONGRATULATING STEVE WATERS OF GLYNN COUNTY

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today to congratulate Steve Waters, athletic director at Glynn County for being named State Athletic Director of the Year for Class 6-A.

Steve has a long history of success in high school sports. He won a State championship in basketball at Christian Renewal Academy and turned around a losing program at Monroe Academy where he took them to the Elite Eight.

Steve has been the athletic director in Glynn County for the last 11 years. During his tenure, he has been responsible for large expansion projects centered around the high school football field. He has also been able to add 14 new sports programs to the school system.

Outside of work, Steve has a passion for service. He created a foundation that raises money for Morquio research, a rare genetic condition that affects a child's bones, spine, organs, and physical abilities. He recently held a golf tournament and silent auction fundraiser and was able to raise \$330,000.

Mr. Speaker, I congratulate Steve on this great honor and all he has done for our community.

FINDING A SOLUTION FOR GUN VIOLENCE

(Ms. HOULAHAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. HOULAHAN. Mr. Speaker, over 13,000 people in the United States have died from gun violence this year alone. Let me repeat that: Over 13,000 people in the United States have died from gun violence this year alone, and it is only April. This means that over 100 people are dying by gunshot every single day.

We have to take action to stop this epidemic. We have to address the scourge of gun violence and the multiple reasons that we find ourselves here almost every single day having the same conversation.

People should be able to ring the wrong doorbell accidentally or drive into the wrong driveway without the fear of being shot. We cannot continue to glorify guns while vilifying and frightening our fellow Americans. More guns are not the answer. Improving public safety and supporting our law enforcement will make us safer and can help change public sentiment so that people will stop seeing guns as solutions and our neighbors and each other as threats.

Mr. Speaker, I urge my colleagues to please work together on finding our common ground with actual solutions

to gun violence. The American people are asking us to do this. We must work together. We must move forward rather than pushing each other apart.

CONGRATULATING THE CHILDREN'S TRUST ON THEIR 20TH ANNIVERSARY

(Mr. GIMENEZ asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GIMENEZ. Mr. Speaker, I rise today to congratulate The Children's Trust on their 20th anniversary.

My wife, Lourdes, and I have been longtime supporters of The Children's Trust and are so proud of their tireless work to protect our community's children and safeguard taxpayer dollars.

I would especially thank our friends, David Lawrence and James Haaj. Their visionary leadership has paved the way for the countless innovative programs offered by The Children's Trust aimed at improving the lives of our next generation of leaders: our children.

In Miami-Dade, we are blessed to have The Children's Trust prioritizing our kids' welfare and investing in family programs to nurture and advocate for all of our children regardless of socioeconomic background.

As a county commissioner, mayor, and now a Member of Congress, I have seen the impact of The Children's Trust firsthand, and I look forward to continuing to work closely together.

Congratulations on these 20 years and many, many more.

IN MEMORY OF MELINDA GRACZYK

(Ms. TLAIB asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. TLAIB. Mr. Speaker, I rise to honor the memory of Melinda Graczyk, a lifelong volunteer in service to the people of Redford Township in Michigan's 12th District Strong.

Melinda embraced her passion to serve the unrepresented, chairing Redford's newly formed commission for diversity, equity, and inclusion in order to create a more welcoming community for all.

Through her work with the Jaycees, Melinda volunteered to build local community gardens which provided thousands of pounds of fresh vegetables to families in need. They also founded the Redford farmer's market, providing a local source of fresh, locally grown food at an affordable price.

As a volunteer and eventually president of Redford's festival committee, they helped plan and execute all of Redford's local festivals throughout the year, creating opportunities for residents to gather and foster a sense of community.

Mr. Speaker, please join me in recognizing Melinda Graczyk's unwavering

service to our district and the Redford Township community as we honor her memory.

OUR NATION'S DEBT CEILING CRISIS

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, since January, Democrats and the President have tried to falsely claim that House Republicans have no plan regarding the Nation's debt ceiling crisis.

This week, we released our plan. As always, House Republicans have consistently argued for reasonable, responsible debt limit increases coupled with spending cuts.

Every debt limit debate in this body has been achieved via compromise. It is absurd to think that our Democrat colleagues now demand unilateral increases to our Nation's debt and balk at Republicans for asking for something in return.

Our plan, the Limit, Save, Grow Act of 2023, will save the American taxpayers \$4.5 trillion over the next decade. We will limit Federal spending to fiscal year 2022 levels, which our government operated on just 4 months ago.

In exchange, we will allow for a 1 percent annual growth in Federal spending over the next 10 years, which is a compromise.

Included in the bill are clawbacks for around \$60 billion in unspent COVID funds. The pandemic is over, and this money that has not been spent should be rescinded without delay.

Also included in the bill is our Lower Energy Costs Act, which has already passed this Chamber with bipartisan support, lowering energy costs for American families.

House Republicans' plan is economically sound, financially wise, and still allows for a debt limit increase of \$1.5 trillion. This is a reasonable and responsible plan that will benefit all Americans.

CELEBRATING THE LIFE OF GEORGE FENTON

(Mr. CORREA asked and was given permission to address the House for 1 minute.)

Mr. CORREA. Mr. Speaker, today I rise to celebrate the life of a very good friend, a dedicated father, a great neighbor, George Fenton.

He was born on Valentine's Day in 1935 and devoted his entire life to serving his country and his community. After graduating from high school in Detroit, Michigan, George joined the U.S. Marine Corps. Decades after his service in the Marine Corps, he often talked and relayed stories about his time at boot camp in Parris Island and Camp Lejeune, and he called it his hot weather training at Twentynine Palms.

Later, George moved his entire family to Garden Grove. He worked for the
