IN REMEMBRANCE OF DALE C. CRITZ, SR.

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today in remembrance of Dale C. Critz, Sr., who passed away at the age of 91.

Dale graduated from Duke University in 1955 with a BA in political science. After graduating, he was commissioned as an ensign in the United States Navy.

While attending Duke University, Mr. Critz met his wife, Lila. The two were married in Tallahassee in 1957, and shortly after they moved to Savannah. He had a successful 45-year business career with car dealerships spread across Georgia, South Carolina, Louisiana, and Florida.

Mr. Critz served on endowment committees at the Georgia Historical Society, the Savannah Community Foundation, and the George Washington Foundation. His efforts were noticed and greatly appreciated by the community. Dale once said in an interview that one of his main goals in life was to make Savannah a better place to live.

Dale Critz was a devoted father, a grandfather, and a philanthropist. He will be dearly missed by all.

HATE HAS NO PLACE IN OUR COMMUNITIES

(Mrs. WATSON COLEMAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. WATSON COLEMAN. Madam Speaker, I rise today denouncing hate. Whether hate manifests as Islamophobia, anti-Semitism, transphobia, or any other form, hate has no place in our communities.

Madam Speaker, that is why I am supporting Mr. NADLER's plan to combat anti-Semitism by implementing the U.S. National Strategy to Counter Anti-Semitism and increasing funding for the Nonprofit Security Grant Program.

It is why I am supporting Mr. GREEN's two-state solution resolution.

It is why I signed on to Ms. WASSERMAN SCHULTZ's letter regarding the safety and security of our college campuses.

Condemning hate is not just about words, it requires action.

The resolution I am introducing will not merely condemn hate, it will support the implementation of comprehensive policies to prevent and respond to hate crimes, including education and training on prevention and response and acknowledgment of the challenges facing vulnerable groups.

Madam Speaker, together, we can build a future where compassion prevails.

TRANSPARENCY IN HEALTHCARE

(Mr. ALLEN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ALLEN. Madam Speaker, I rise today to celebrate House passage of H.R. 5378, the Lower Costs, More Transparency Act.

During my time in Congress, I have advocated for restoring patient-centered, cost-effective, and market-driven solutions to our Nation's healthcare system to drive down costs. For too long, families have faced the financial burden of unexpected medical bills, overly expensive prescription drugs, limited healthcare choices, and hidden fees.

In nearly every industry, consumers know the price of a product before purchasing it. Healthcare should be no different. That is why I am so proud of the work done on the Lower Costs, More Transparency Act.

This monumental bill delivers much-needed transparency and ensures Americans have access to timely, quality, and affordable healthcare that suits them best.

Specifically, this bill requires hospitals to disclose their actual prices and forces insurance companies to show patients what they will pay before receiving care.

Madam Speaker, I am proud to serve on both committees that helped craft this historic overhaul of our healthcare system.

CONGRATULATING GALENA PARK'S NORTH SHORE HIGH SCHOOL FOOTBALL TEAM

(Ms. GARCIA of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. GARCIA of Texas. Madam Speaker, I rise today to congratulate Galena Park Independent School District's very own North Shore High School football team for their fifth time in a row going to the Texas State Championship.

Located in my district, North Shore Senior High School is home to a group of outstanding athletes and students both academically and athletically. Through their hard work and perseverance, our local stars will now play against Duncanville High School.

I am truly proud of all their accomplishments both on and off the field. They embody the Texas spirit of excellence and courage.

I urge the Mustangs to stay focused and stay strong, because all of Texas 29 is rooting for them this Saturday.

Go Mustangs.

CORRUPT REDISTRICTING PROCESS

(Mr. LAWLER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAWLER. Madam Speaker, last year, New York Democrats tried to corrupt our redistricting process by gerrymandering New York's maps to favor 22 Democrats and 4 Republicans.

They were summarily thrown out in court, with the court ruling that they not only violated the State constitution, they violated the process, and they gerrymandered the maps.

A special master appointed by the court drew a fair set of maps that resulted in 15 Democrats and 11 Republicans being elected. However, that didn't serve the purpose of New York Democrats, so they filed another lawsuit.

Today, the court of appeals, in a shameful episode, was stacked and made a decision to redraw New York's congressional maps for the sole purpose of trying to favor New York Democrats.

It is pathetic, it is shameful, and it serves only one person, the leader of the Democratic Conference. He should be embarrassed.

DENYING WOMEN LIFESAVING CARE

(Ms. BALINT asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. BALINT. Madam Speaker, no one should need permission from a judge or a Governor to make a personal choice for their family and for their health.

This week, the Texas Supreme Court ruled that 31-year-old mother of two, Kate Cox, was not entitled to a medically necessary abortion despite her doctor's concerns for her health. She had to make the decision to leave her State to access the care she needed and deserved, a choice that is not available to everyone.

Ms. Cox is not the first woman to be denied lifesaving care, and she will certainly not be the last.

Women across this country in States like Texas, Kentucky, Mississippi, Idaho, and others have been stripped of their most basic rights.

It is disturbing. It is dangerous.

We know that these extreme laws are going to cost lives, and they disproportionately impact women of color and low-income women. Republicans are literally denying women the lifesaving care they need.

The Dobbs decision did exactly what it was intended to do: to strip women of their bodily autonomy. It is inhumane, it is cruel, and it is clearly against the will of the American people.

We cannot let them win.

FUTURE FUNDING OF UKRAINE

(Mr. GROTHMAN asked and was given permission to address the House for 1 minute.)

Mr. GROTHMAN. Madam Speaker, there is going to be a lot of talk around this building as far as what goes on

with the future funding of Ukraine. I have voted for funding for Ukraine in the past. I think it is important that the United States appear united as we work towards peace in Ukraine.

The thing that concerns me, and I wish more people would mention it, is the degree to which I believe we are not working towards a settlement there.

Every war must end sooner or later. The other day I spoke a little bit about the Korean war in which tens of thousands of people died. Ultimately, the United States negotiated with two of the most horrific governments in existence in the last century: the Communist Chinese Government and the Government of North Korea.

Nevertheless, a resolution was reached. Tens of thousands of lives were saved, and we still have the same border that the negotiation reached in 1953.

I would remind the belligerents that ultimately the war will end. If we do not want to drive Russia closer and closer with China and Iran, it would probably be better if the war ends sooner rather than later.

Sadly, I haven't seen a lot of commentary showing that at this point anybody is working towards peace, at least not the Biden administration.

REINSTATE REPRODUCTIVE FREEDOM

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, the people of Texas have been on an emotional roller coaster, and they have been on an emotional roller coaster with our fellow Texan Kate Cox, her husband, and her family.

This young woman wanted nothing more than to have a healthy baby and to expand their family. It was that love and deep desire that caused her to go public on an absolutely abusive law that tells her what kind of medical care she can get.

In addition, it should be made clear that a judge did give her permission to make the decision with her doctor, her faith, and her family. However, political intervention to the State supreme court caused them to stop her in her tracks. This young woman had to leave Texas.

Madam Speaker, that is why I am back here, to reintroduce, if you will, my legislation, that creates a criminal offense for anyone to stalk someone who is attempting to get good healthcare in the State of Texas.

That is all Kate Cox wanted.

I will be standing by her and her family, as many Texans will. We must stop this now, and we must reinstate reproductive freedom in this Nation.

ENDANGERING OUR NATION'S SECURITY

(Mr. HARRIS asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. HARRIS. Madam Speaker, one of the greatest threats to our national security is a woke military.

Nothing exemplifies a woke military as much as the National Defense Authorization Act that is going to come before this body out of a Conference Report that allows transgender surgery to continue to be funded in the U.S. military.

I can guarantee you that Russia and China aren't using their military dollars to pay for transgender surgery.

Here in the United States, we are, and we will. If this House and the Senate passes the Conference Report, that will be the official U.S. policy.

Madam Speaker, that is not defense of the Nation. That is a woke military that endangers our Nation's security.

UKRAINE IS THE SCRIMMAGE LINE FOR LIBERTY

The SPEAKER pro tempore (Ms. LEE of Florida). Under the Speaker's announced policy of January 9, 2023, the gentlewoman from Ohio (Ms. KAPTUR) is recognized for 60 minutes as the designee of the minority leader.

GENERAL LEAVE

Ms. KAPTUR. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material in the RECORD.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Ohio?

There was no objection.

Ms. KAPTUR. Madam Speaker, I rise tonight as co-chair and a founding member of the bipartisan, 94-member Congressional Ukraine Caucus. Our caucus supports the immediate consideration of legislation that will provide further supplemental funding for Ukraine to support our partner in liberty against the aggression of Putin's tyranny.

This is a moral struggle for liberty in our era. Liberty faces a new era of conflict being forced upon the free world by a burgeoning axis of tyranny and terrorism, including the likes of Russia, China, Iran, Hamas, Hezbollah, and the Houthis. Ukraine is the scrimmage line of that conflict for liberty. Their fight is our fight. The America I know does not cower in the face of tyranny.

Many Americans believe that the history of the struggle against global tyranny ended with the defeat of Nazi Germany and the fall of the Soviet Union. I am here today to tell them that liberty's history is still being written. We face not a new enemy but an old one. This is not a new struggle but one which America and our alliances of free nations have fought for nearly a century. Ukraine has fought for its liberty for centuries.
