SECTION 1. SHORT TITLE.

This Act may be cited as the "Adjunct Faculty Loan Fairness Act of 2023".

SEC. 2. LOAN FORGIVENESS FOR ADJUNCT FACULTY.

Section 455(m)(3)(B)(ii) of the Higher Education Act of 1965 (20 U.S.C. 1087e(m)(3)(B)(ii)) is amended—

(1) by striking "teaching as" and inserting the following: "teaching—

"(I) as":

(2) by striking ", foreign language faculty, and part-time faculty at community colleges), as determined by the Secretary." and inserting "and foreign language faculty), as determined by the Secretary: or"; and

(3) by adding at the end the following:

"(II) at an institution of higher education (as defined in section 101(a)), a postsecondary vocational institution (as defined in section 102(c)), or a Tribal College or University (as defined in section 316(b)), in non-tenured track employment as an adjunct or contingent faculty, teacher, or lecturer who—

"(aa) teaches-

"(AA) not less than 9 credit hours per semester, 6 credit hours per trimester, or 18 credit hours per calendar year; or

"(BB) not less than a total of 30 hours per week, as determined by multiplying each credit or contact hour taught per week by 3.35 (or a larger number, if determined appropriate by the Secretary); and

"(bb) is not employed on a full-time basis by any other employer.".

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 179—CONDEMNING THE WRONGFUL DETAINMENT OF UNITED STATES CITIZENS AND RESIDENTS BY THE RUSSIAN FEDERATION, AND FOR OTHER PURPOSES

Mr. GRAHAM (for himself, Mr. WICKER, Mr. BLUMENTHAL, Mr. WHITE-HOUSE, Mr. COONS, Mrs. CAPITO, and Ms. MURKOWSKI) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 179

Whereas the Constitution of the Russian Federation guarantees the right to assemble, freedom from censorship, and the freedom of speech and thought to its citizens;

Whereas, under the leadership of President Vladimir Putin, the Government of the Russian Federation has failed to protect these ideals and has used the power of the state to diminish the rights of Russians and others within its borders and across the territories Russia unlawfully occupies:

Whereas President Putin's regime has used the power of the state to unlawfully detain individuals committed to fighting corruption within the Russian Federation;

Whereas President Putin's regime has unjustly targeted and detained individuals such as Sergei Magnitsky, who provided evidence that \$230,000,000 had been stolen from the Russian treasury by senior Russian officials;

Whereas Sergei Magnitsky died at the age of 37 after being denied critical medical care while being unjustly detained in inhuman conditions:

Whereas President Putin's regime also utilizes the power of the state to target political opponents and repress freedom of speech, thought, and expression;

Whereas Alexey Navalny, a Russian opposition leader and vocal critic of President Putin, has been unjustly detained and subject to poisoning by the Kremlin;

Whereas the Putin regime has also used its power to unjustly detain citizens of the United States;

Whereas United States citizen Paul Whelan is currently serving a 16-year prison sentence after being wrongfully detained by the Russian Federation for espionage;

Whereas, following Paul Whelan's conviction on June 15, 2020, the Department of State released a statement demanding his immediate release, and this statement continues to be ignored by the Government of the Russian Federation:

Whereas, on April 12, 2022, United States resident Vladimir Kara-Murza was arrested for condemning Russia's war in Ukraine and was charged with "spreading deliberately false information" about the armed forces of Russia, which was criminalized under a Russian law passed after the full-scale invasion of Ukraine;

Whereas, on April 17, 2023, Vladimir Kara-Murza was convicted of treason and sentenced to 25 years in prison;

Whereas additional United States citizens continue to be detained in Russia for unjust cause, including American journalist Evan Gershkovich:

Whereas wrongful detention, as defined in section 302 of the Robert Levinson Hostage Recovery and Hostage-Taking Accountability Act (22 U.S.C. 1741) and Department of State guidance, covers the detention of United States nationals, including lawful permanent residents (LPRs):

Whereas, under section 302 of the Robert Levinson Hostage Recovery and Hostage-Taking Accountability Act (22 U.S.C. 1741), the Secretary of State is required to review the cases of United States nationals detained abroad to determine if there is credible information that they are being detained unlawfully or wrongfully and if this determination is made, the Secretary is required to transfer responsibility for such case from the Bureau of Consular Affairs of the Department of State to the Office of the Special Presidential Envoy for Hostage Affairs (SPEHA);

Whereas a referral to SPEHA, pursuant to Executive Order No. 14078 (relating to Bolstering Efforts To Bring Hostages and Wrongfully Detained United States Nationals Home), allows SPEHA to utilize additional tools not regularly available in order to deter and disrupt hostage-taking and wrongful detentions by imposing costs on terrorist organizations, criminal groups, and other malicious actors who take hostages for financial, political, or other gains and thus threaten the integrity of the international political system and the safety of United States nationals and other persons abroad:

Whereas, on April 17, 2023, United States Ambassador to the Russian Federation Lynne Tracy stated, "The right to have political opinions, or to disagree with the decisions of one's own government, are fundamental freedoms enshrined in both the Russian constitution and international treaties to which Russia is a party.";

Whereas the Government of the Russian Federation, under the leadership of President Putin, has clearly failed to uphold the values guaranteed in the Russian constitution and the international treaties the Russian Federation is party to;

Whereas the actions of President Putin's regime, including illegal detainments, military operations against sovereign nation states, and attacks on political opponents, constitute acts of international terrorism;

Whereas, under chapter 113B of title 18, United States Code, the term "international terrorism" means activities that involve violent acts or acts dangerous to human life that are a violation of the criminal laws of the United States or of any State, or that

would be a criminal violation if committed within the jurisdiction of the United States or of any State, and appear to be intended—

- (1) to intimidate or coerce a civilian population;
- (2) to influence the policy of a government by intimidation or coercion; or
- (3) to affect the conduct of a government by mass destruction, assassination, or kidnapping:

Whereas, at a minimum, the Government of the Russian Federation's treatment of detained Americans, Russian citizens, and others through inhuman prison conditions, including the lack of medical care, and the lack of due process constitutes a danger to human life which would be a criminal violation in the United States and is clearly intended to intimidate or coerce the free exercise of rights available to individuals in the Russian Federation; and

Whereas United States law authorizes the designation of countries that have repeatedly provided support for acts of international terrorism as state sponsors of terrorism: Now, therefore, be it

Resolved. That the Senate—

(1) calls on the United States Government to designate Vladimir Kara-Murza as wrongfully detained under United States law:

(2) condemns the wrongful detainment of all United States citizens and residents by the Government of the Russian Federation and demands their immediate release from such detention:

(3) stands with the people of Russia in their desire to exercise freedom of speech and expression, without retaliation by an oppressive regime:

(4) demands that the Russian leadership be held accountable for their inhumane and unjust actions against their own citizens who want nothing less than to be represented by a fair and just government; and

(5) calls on the United States Government to immediately designate the Russian Federation as a state sponsor of terrorism under United States law.

SENATE RESOLUTION 180—EX-PRESSING SUPPORT FOR THE DESIGNATION OF APRIL 30, 2023, AS "NATIONAL ADULT HEPA-TITIS B VACCINATION AWARE-NESS DAY"

Ms. HIRONO submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 180

Whereas up to 2,400,000 individuals in the United States are chronically infected with hepatitis B, and up to % of individuals with chronic hepatitis B are unaware of their infection:

Whereas hepatitis B is a viral infection of the liver transmitted via infected blood and other bodily fluids, including through mother-to-child transmission and injection drug use:

Whereas hepatitis B is associated with significant disparities among communities of color (including Asian Americans, Pacific Islanders, and African immigrants), sexual and gender minority communities, and those affected by the opioid crisis;

Whereas individuals with chronic diseases, such as diabetes, HIV, hepatitis C, and chronic liver disease, and individuals on hemodialysis are at an increased risk for hepatitis B co-infection;

Whereas there is no cure for hepatitis B, and individuals with chronic hepatitis B require lifelong medical care;

Whereas chronic hepatitis B represents 1 of the most common causes of liver cancer;

Whereas 1 in every 4 individuals with unmanaged chronic hepatitis B will develop liver cancer, cirrhosis, or liver failure, with liver cancer having a 5-year survival rate of only 18 percent in the United States;

Whereas safe and highly effective vaccines to protect against hepatitis B are available;

Whereas, in accordance with universal childhood hepatitis B vaccination recommendations in the United States, infants and children have been routinely vaccinated against hepatitis B since the 1990s;

Whereas all adults between 19 and 59 years of age, and adults 60 and older who have hepatitis B risk factors, are recommended to be vaccinated against hepatitis B;

Whereas the hepatitis B vaccine, which is 95 percent effective and was the first anticancer vaccine to be developed, is projected to have prevented 310,000,000 cases of hepatitis B worldwide from 1990 to 2020:

Whereas only 30 percent of adults in the United States are vaccinated against hepatitis B:

Whereas the number of reported acute hepatitis B cases increased by 11 percent nationwide from 2014 to 2018:

Whereas, as a result of the drug use epidemic, there have been significant regional increases in acute hepatitis B cases in the United States, including—

- (1) a reported 489 percent increase from 2015 to 2016 in Maine;
- (2) a reported 114 percent increase from 2009 to 2013 in Kentucky, West Virginia, and Tennessee:
- (3) a reported 78 percent increase in 2017 in southeastern Massachusetts; and
- (4) a reported 56 percent increase from 2014 to 2016 in North Carolina;

Whereas 36 percent of new hepatitis B cases are among individuals who inject drugs:

Whereas, according to the Centers for Disease Control and Prevention, hepatitis B is 50 to 100 times more infectious than HIV and 5 to 10 times more infectious than hepatitis C: and

Whereas there are significant opportunities, particularly with respect to the drug use epidemic, to prevent new hepatitis B infections and thereby reduce the incidence of liver cancer and cirrhosis through efforts to—

- (1) increase adult hepatitis B vaccination;
- (2) maintain childhood hepatitis B vaccination: Now, therefore, be it

Resolved, That the Senate—

- (1) supports the designation of April 30, 2023, as "National Adult Hepatitis B Vaccination Awareness Day";
- (2) recognizes the importance of providing support and encouragement—
- (A) for all adults to be tested for hepatitis B at least once in their lifetime in accordance with recommendations;
- (B) for individuals susceptible to infection to be vaccinated against hepatitis B; and
- (C) for individuals diagnosed with hepatitis B to be linked to appropriate care; and
- (3) in order to reduce the number of new hepatitis B infections and hepatitis B-related deaths, encourages a commitment to—
- (A) increasing adult hepatitis B vaccination rates;
- (B) maintaining childhood hepatitis B vaccination rates; and
- (C) promoting provider and community awareness of adult hepatitis B vaccination.

SENATE RESOLUTION 181—SUP-PORTING THE DESIGNATION OF THE WEEK OF APRIL 24 THROUGH APRIL 28, 2023, AS "NA-TIONAL SPECIALIZED INSTRUC-TIONAL SUPPORT PERSONNEL APPRECIATION WEEK"

Ms. HASSAN (for herself, Mr. CORNYN, Mr. KAINE, and Ms. COLLINS) submitted the following resolution; which was referred to the Committee on Health, Education, Labor, and Pensions:

S. RES. 181

Whereas there are more than 1,000,000 specialized instructional support personnel serving the schools and students of the United States, including—

- (1) school counselors;
- (2) school social workers;
- (3) school psychologists; and
- (4) other qualified professional personnel, such as—
 - (A) school nurses;
 - (B) psychologists;
 - (C) social workers;
 - (D) occupational therapists;
 - (E) physical therapists;
 - (F) art therapists;
 - (G) dance and movement therapists;
 - (H) music therapists;
 - (I) speech-language pathologists; and
 - (J) audiologists;

Whereas specialized instructional support personnel provide school-based prevention and early intervention services to reduce barriers to learning;

Whereas specialized instructional support personnel work with teachers, school leaders, and parents to ensure that all students are successful in school;

Whereas specialized instructional support personnel encourage multidisciplinary collaboration to promote student and school success:

Whereas specialized instructional support personnel provide educational, social, emotional, and behavioral interventions and activities that support—

- (1) student learning; and
- (2) teaching;

Whereas specialized instructional support personnel help to create environments that are safe, supportive, and conducive to learning;

Whereas safe and supportive school environments are associated with improved academic performance;

Whereas specialized instructional support personnel support—

- (1) student communication;
 (2) the development of social si
- (2) the development of social skills by students:
- (3) the physical wellness of students;
- (4) the physical development of students; and
- (5) the behavioral, emotional, and mental health of students; and

Whereas specialized instructional support personnel serve all students who struggle with barriers to learning: Now, therefore, be it

Resolved, That the Senate—

- (1) supports the designation of April 24 through April 28, 2023, as "National Specialized Instructional Support Personnel Appreciation Week";
- (2) recognizes that specialized instructional support personnel implement evidence-based practices to improve student outcomes;
- (3) commends-
- (A) those individuals who work as specialized instructional support personnel; and
- (B) the individuals and organizations that support the efforts made by specialized in-

structional support personnel to promote and improve the availability of specialized instructional support services;

- (4) encourages Federal, State, and local policymakers to work together to raise awareness of the importance of specialized instructional support personnel in school climate and education efforts;
- (5) recognizes the important role of specialized instructional support personnel in efforts to improve mental health, reduce drug use, and improve overall community safety for students; and
- (6) encourages experts to share best practices so that others can replicate the success of those experts.

SENATE RESOLUTION 182—SUP-PORTING THE GOALS AND IDEALS OF NATIONAL SAFE DIGGING MONTH

Mr. PETERS (for himself, Ms. CANT-WELL, Mr. CRUZ, and Mr. YOUNG) submitted the following resolution; which was considered and agreed to:

S. RES. 182

Whereas, each year, the underground utility infrastructure of the United States, including pipelines, electric, gas, telecommunications, fiber, water, sewer, and cable television lines, is jeopardized by unintentional damage caused by those who fail to have underground utility lines located prior to digging:

Whereas some utility lines are buried only a few inches underground, making the lines easy to strike, even during shallow digging projects;

Whereas digging prior to having underground utility lines located often results in unintended consequences, such as service interruption, environmental damage, personal injury, and even death;

Whereas the month of April marks the beginning of the peak period during which excavation projects are carried out around the United States;

Whereas, in 2002, Congress required the Department of Transportation and the Federal Communications Commission to establish a 3-digit, nationwide, toll-free number to be used by State "One Call" systems to provide information on underground utility lines;

Whereas, in 2005, the Federal Communications Commission designated "811" as the nationwide "One Call" number for homeowners and excavators to use to obtain information on underground utility lines before conducting excavation activities (hereinafter referred to as the "One Call'/811 program");

Whereas the nearly 2,000 members of the Common Ground Alliance, States, "One Call'/811 program, and other stakeholders who are dedicated to ensuring public safety, environmental protection, and the integrity of services, promote the national "Contact 811 Before You Dig" campaign to increase public awareness about the importance of homeowners and excavators contacting 811 to find out the location of underground utility lines before digging;

Whereas the Pipeline Safety, Regulatory Certainty, and Job Creation Act of 2011 (Public Law 112-90; 125 Stat. 1904) affirmed and expanded the "One Call"/811 program by eliminating exemptions given to local and State government agencies and their contractors regarding notifying "One Call"/811 centers before digging;

Whereas, according to the 2021 Damage Information Reporting Tool (DIRT) Report published by the Common Ground Alliance in October 2022—
