S. RES. 215

Whereas drug traffickers are mass-producing fake or counterfeit pills and falsely marketing them as legitimate prescription pills to deceive the people of the United States;

Whereas many fake or counterfeit pills are made to look like prescription name-brand opioids, stimulants, or anxiety medications;

Whereas drug traffickers are using fake or counterfeit pills to exploit the opioid crisis and prescription drug misuse;

Whereas the Drug Enforcement Administration (referred to in this preamble as the “DEA”) has observed a dramatic rise in the number of counterfeit pills containing not less than 2 milligrams of fentanyl, which is considered a deadly dose;

Whereas 6 out of every 10 pills with fentanyl tested by the DEA contain a potentially lethal dose;

Whereas counterfeit pills may also contain fentanyl-related substances and methamphetamine;

Whereas the number of counterfeit pills with fentanyl seized by law enforcement agencies has increased by nearly 502 percent since 2019;

Whereas more than 50,000,000 counterfeit pills were seized within the last year, which represents 379,000,000 doses of illicit fentanyl.

Whereas fake or counterfeit pills have been identified in all 50 States and the District of Columbia;

Whereas illicit fentanyl has also been detected in illicit drugs such as heroin, cocaine, and MDMA.

Whereas, for the 12-month period ending in September 2022, more than 106,000 individuals in the United States died of drug-induced deaths, and 72,000 of those deaths involved illicit fentanyl and other synthetic opioids;

Whereas, over the last 20 years, drug-induced deaths among individuals 15 to 35 years of age have increased 6-fold, largely driven by the increase in illicit fentanyl drugs;

Whereas, for the 12-month period ending in June 2022, illicit fentanyl was involved in more deaths of individuals under 50 years of age than any single other cause;

Whereas fake counterfeit pills are easily accessible and often sold on social media and e-commerce platforms, making them accessible to teens and youth;

Whereas illicit fentanyl is involved in more deaths of youths than all other drug types combined;

Whereas, between 2019 and 2021, drug overdose and poisoning deaths for individuals 14 to 18 years of age increased by 120 percent, a rate of increase which was 43 percent higher than the national rate and higher than the rate for any other 5-year age group;

Whereas, between 2019 and 2021, the involvement of illicit fentanyl in drug overdose and poisoning deaths for individuals 14 to 18 years of age increased by 232 percent, a rate of increase which was 94 percent higher than the national rate and higher than the rate for any other 5-year age group;

Whereas, in 2021, illicit fentanyl was involved in 80 percent of drug-induced deaths of individuals between 14 and 23 years of age, compared to 66 percent of drug-induced deaths of individuals of all ages;

Whereas only 48 percent of youth and 36 percent of teens in the United States are aware that fentanyl is being used to create counterfeit pills;

Whereas only 40 percent of youth and 31 percent of teens consider themselves knowledgeable about fentanyl; and

Whereas, in 2021, there were 71,238 reported overdose deaths due to illicit fentanyl and other synthetic opioids: Now, therefore, be it Resolved, That the Senate—

(1) supports the recognition and goals of National Fentanyl Awareness Day, which include increasing individual and public awareness of the impact of fake or counterfeit fentanyl pills on families and young people;

(2) applauds the work of Federal, State, and local law enforcement agencies that work to combat the proliferation of counterfeit pills;

(3) encourages the use of existing authorities to proactively stop and prevent the spread of illicit counterfeit pills; and

(4) designates May 9, 2023, as “National Fentanyl Awareness Day”.

#### SENATE RESOLUTION 216—DESIGNATING THE WEEK OF MAY 14 THROUGH MAY 20, 2023, AS “NATIONAL POLICE WEEK”

S. RES. 216

Whereas Federal, State, local, and Tribal police officers, sheriffs, and other law enforcement officers across the United States serve with valor, dignity, and integrity;

Whereas law enforcement officers are charged with—

(1) pursuing justice for all individuals; and

(2) performing the duties of a law enforcement officer with fidelity to the constitutional and civil rights of the public the officers serve;

Whereas law enforcement officers swear an oath to uphold the public trust even though, through the performance of the duties of a law enforcement officer, the officers may become targets for senseless acts of violence;

Whereas law enforcement officers have bravely continued to meet the call of duty to ensure the security of their neighborhoods and communities at the risk of their own personal safety in the time of a viral pandemic;

Whereas the resolve to service is clearly demonstrated by law enforcement officers across the country who have tragically fallen ill or passed away due to complications of COVID-19 contracted in the line of duty;

Whereas, in 1962, President John Fitzgerald Kennedy signed Public Law 87-726 (76 Stat. 676) (referred to in this preamble as the “Joint Resolution”), which authorizes the President to proclaim May 15 of every year as “Peace Officers Memorial Day” in honor of the Federal, State, and local officers who have been killed, disabled, or otherwise injured in the line of duty;

Whereas the Joint Resolution also authorizes the President to designate the week in which Peace Officers Memorial Day falls as “National Police Week”;

Whereas the National Law Enforcement Officers Memorial, dedicated on October 15, 1991, is the national monument to honor those law enforcement officers who have died in the line of duty;

Whereas Peace Officers Memorial Day, 2023, honors the 443 law enforcement officers killed in the line of duty during 2022, including—
