

□ 1854

Mr. BEAN of Florida changed his vote from “yea” to “nay.”

Messrs. LOUDERMILK and PALMER changed their vote from “nay” to “yea.”

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

SAVE OUR SEAS 2.0 AMENDMENTS ACT

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the unfinished business is the vote on the motion to suspend the rules and pass the bill (H.R. 886) to amend the Save Our Seas 2.0 Act to improve the administration of the Marine Debris Foundation, to amend the Marine Debris Act to improve the administration of the Marine Debris Program of the National Oceanic and Atmospheric Administration, and for other purposes, as amended, on which the yeas and nays were ordered.

The Clerk read the title of the bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Missouri (Mr. GRAVES) that the House suspend the rules and pass the bill, as amended.

This is a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 326, nays 73, not voting 32, as follows:

[Roll No. 80]

□ 1901

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mr. HARDER of California. Madam Speaker, I was unable to vote today. Had I been present, I would have voted "yea" on rollcall No. 79 and "yea" on rollcall No. 80.

PERSONAL EXPLANATION

Ms. WEXTON. Madam Speaker, I regret that I was not able to be present to vote today. Had I been present, I would have voted "yea" on rollcall No. 79 and "yea" on rollcall No. 80.

PERSONAL EXPLANATION

Mr. GALLAGHER. Madam Speaker, I had to remain home in Green Bay, Wisconsin to attend to a family matter and was unable to vote. Had I been present, I would have voted "yea" on rollcall No. 79 and "yea" on rollcall No. 80.

PERSONAL EXPLANATION

Mrs. WAGNER. Madam Speaker, I regret that I was not present for rollcall votes today. Had I been present, I would have voted "yea" on rollcall No. 79 and "yea" on rollcall No. 80.

WASTED FEDERAL OFFICE SPACE

(Mr. JOYCE of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOYCE of Pennsylvania. Madam Speaker, as President Biden has allowed Federal workers to stay home, millions of tax dollars have been wasted on office space that is no longer in use.

While Pennsylvania families are struggling under the weight of inflation, President Biden is spending their hard-earned dollars on empty office space.

Included in one GAO report was an example of an agency using just 9 percent of their office space. This waste is unacceptable, and it is time for the American taxpayers to stop footing the bill for D.C. offices that aren't being used.

As our deficit continues to skyrocket past \$34.5 trillion, it is time to rein in runaway spending. It is time to pass the USE IT Act and help put a stop to President Biden's wasteful and reckless use of American taxpayer dollars.

HONORING PASTOR ALI

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Madam Speaker, I rise today to honor a man of faith from my district, Pastor Bryan Ali.

Pastor Ali has been my friend for more than 50 years. He was the "pastor in the hood," as we called him, at New Psalmist Worship Center in Newark, New Jersey. His story is one that should inspire us all.

Pastor Ali received his spiritual calling during a time when he fought homelessness and chemical addiction. He improved his life through the power of the Lord. His own personal reformation led to a doctoral degree in holistic theology. He served as president of the Baptist Ministers Conference of Newark and Vicinity.

In addition, he was the spiritual counselor for the Newark Anti-Violence Coalition and served on the board of the Newark Community Health Centers.

I was honored when he accepted the invitation to be the guest chaplain here in Congress.

Pastor Ali was an outstanding clergyman, an incredible leader, and an inspirational figure in our community. He will be missed.

CONGRATULATING STATE REPRESENTATIVE SAM MCKENZIE ON RECEIVING THE 2023 CRYSTAL GAVEL AWARD

(Mr. BURCHETT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURCHETT. Madam Speaker, I rise to honor State Representative Sam McKenzie who represents House District 15 in Tennessee and Knoxville.

Representative McKenzie has been serving the people of east Tennessee for a long time. He was on the Knoxville Utility board of directors from 2003 to 2008, and he spent time working at Oak Ridge National Laboratory and sat on the Oak Ridge Federal Credit Union board of directors.

He then served on the Knox County Commission while I was the mayor of Knox County, so we worked side by side on a lot of important issues.

We met at FCA camp in high school. We played high school football for different schools. He played for Austin East, and I played for Bearden. We also share a love for the Pizza Palace on Magnolia Avenue.

I know from time to time working alongside him that he is a straight shooter who asks solid, direct questions about what is happening in our government. It is clear he cares about our community and the work he is doing for east Tennessee.

Representative McKenzie was recently awarded the 2023 Crystal Gavel Award of the National Black Caucus of State Legislators at its 47th convention in Nashville. He was given this award because of his leadership of the Tennessee Black Caucus, which has over 700 members.

Sam and I are on opposite sides of the political aisle, and we might have different visions of how things should get done, but we both want what is best

for our constituents and the areas we represent.

Congratulations to Representative McKenzie on receiving the 2023 Crystal Gavel Award.

CELEBRATING THE SPRINGBORO PANTHERS WOMEN'S BASKETBALL TEAM

(Mr. LANDSMAN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANDSMAN. Madam Speaker, I rise today to celebrate the Springboro Panthers women's basketball team on making it to the Ohio High School Athletic Association State Tournament.

I congratulate the girls and Coach Mike, who is in his first season with the Panthers. Coach Mike celebrated their grit and effort after the girls clenched the win in the second overtime after overcoming a 35-30 deficit in the fourth quarter.

This season, the Panthers went 23-5. This impressive record is taking them to the University of Dayton for the first State tournament match-up on Friday.

This is the second time in school history that the girl's team has made it to the State tournament, the last time being 1978.

We are wishing them luck on their journey in the State tournament, and hope that their hard work continues to pay off.

POSSIBLE LINK OF MYOCARDITIS TO COVID VACCINES

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, the CDC, which stands for the Centers for Disease Control, based in Atlanta, Georgia, recently released a 148-page study on myocarditis being possibly linked to the COVID vaccines—whether it is by Pfizer or Moderna or what have you.

In order to have good science, you would want these studies to get information out there so people can understand what the link may or may not be with myocarditis.

What is CDC's approach to that? Of that 148-page report, they edited out, they redacted not just some of the names, but every one of the 148 pages.

What is that as far as having openness, having clarity? That sounds pretty corrupt to me. Certainly, this body is going to be taking a better look at that. The CDC needs to be held accountable to all of us—directly to us in Congress and the American people, because the truth still needs to get out there on how the injections work and what effects they cause to the public.
