

energy independence for our Nation. He understood America's role in the world, as Congressman TURNER has referenced.

He rose to significant roles, including ranking member of the House Appropriations Subcommittee on Energy and Water Development and chair of the Subcommittee on Military Construction. He distinguished himself with unwavering dedication to the defense and sustenance of our country.

Dave Hobson never forgot his roots in Ohio. What markedly set David apart was his precious ability to work across the aisle. This is a legacy other Members must learn from. He not only valued bipartisanship, he actually thrived on it, and it made his life and our work much more interesting and actually effective. We should look for more ways to find the big middle.

David's achievements from the shores of Normandy to Springfield, Ohio's, betterment are a testament to his profound tenacity, legacy of service, and leadership.

I shall miss his visits, both during when he served and when he retired from here, his generous counsel, his humor, and his knack for identifying new paths forward. He always had a new invention to bring in.

David's wit and humor brought light to our discussions, and his insights were cutting edge. I, along with all our colleagues, will sorely miss his visits, his laughter, and his unceasing efforts to improve the living conditions for all Americans. He lived, I think, by the adage: You attract more butterflies with honey than with vinegar.

Today, we all extend our deepest sympathies to his beloved wife, Carolyn, his children, Susan, Lynn, and Doug, his family, constituents, and friends.

As we remember Congressman and Chairman David Hobson tonight, let us carry forward his exemplary spirit of service and dedication, and may his soul rest in eternal peace and may his legacy continue to inspire generations to come.

Mr. TURNER. Mr. Speaker, I yield to my colleague from Ohio, (Mr. LATTA), who is also my friend.

Mr. LATTA. Mr. Speaker, I rise today to honor the life of our former colleague, friend, and fellow Ohioan, Congressman Dave Hobson.

Before I talk about Dave's life of service, I think it is also important to reach out and talk about Dave himself. I don't think Dave had an enemy. I think Dave worked well with everyone, and I know that when people asked for assistance, he was always there.

I also know this, that when I needed help, Dave was there to help me, and I can't ever say thank you enough. I always told Dave how much I appreciated what he did to help me.

As has been mentioned, but I will mention again because I think it is important, Dave was born in Cincinnati, Ohio, received his bachelor of arts from Ohio Wesleyan University and law degree from the Ohio State University.

Dave went on to serve honorably in the Ohio Air National Guard from 1958 to 1963 and was also later inducted into the Ohio Veterans Hall of Fame.

As my colleague had mentioned before, Dave served our men and women in uniform, served our veterans, and was always there to make sure that they received the help that they needed and the benefits that they deserved.

Dave served as an Ohio State senator from 1982 to 1990, and then from there, began his service here in the United States House of Representatives from 1991 to 2009. He did dutifully serve the Ohio Seventh District.

I know I was proud to call Dave a friend and a colleague. As we honor his life and legacy today, I extend my heartfelt sympathies to the Hobson family.

Mr. TURNER. Mr. Speaker, I yield to the gentleman from Alabama, (Mr. ADERHOLT), who is also my friend.

Mr. ADERHOLT. Mr. Speaker, this certainly is a great tribute to a great man. Of course, it is with a heavy heart that we stand here this evening on the floor of the U.S. House of Representatives, which, as you know, we have all stood with Dave on this floor many, many times.

This evening, we come together to recognize his life, his legacy, and what Dave Hobson really meant to this institution. Serving alongside Dave Hobson on the Appropriations Committee, I saw firsthand that he was a hard worker. He was a problem solver, but more than that, we developed a friendship that we maintained even after he retired from Congress.

Dave showed everyone the best of Ohio, but his service was not only to his State but also to this Nation. That dedication will touch generations, in my opinion, for many years to come.

I have fond memories of serving with Dave on the Appropriations Committee. As a new member, I was on the subcommittee that he chaired. That was the Military Construction Subcommittee of Appropriations.

While Dave was the chairman and while he led the committee, as a new member I got to serve as his vice chair. Of course, that doesn't mean a whole lot because Dave called the shots, as you know Dave. He, of course, obviously, valued my input as he did everyone on the Committee.

During our time at MILCON there on the Appropriations Committee, I think we did a lot of good things for the soldiers around the world. I had a chance to meet with a lot of soldiers during that time.

As we work through this loss, I think about his wife, Carolyn, who my wife, Caroline, and I got to know well during the time that they were in Washington. Of course, our heart goes out to not only Carolyn, but also to the entire family, the children, and so many of his grandchildren and family that, unfortunately, I never had a chance to meet, but I know that he talked about them quite extensively when he was here in Washington.

As I say, as we work through this loss, we can take comfort in the words of Matthew 5:4, which says: Blessed are those who mourn, for they will be comforted.

Mr. TURNER. Mr. Speaker, I thank Representative ADERHOLT and all of our colleagues who joined together to remember our dear friend and former Member of this body, Congressman Dave Hobson.

Mr. Speaker, I yield back the balance of my time.
